(Not Applicable)
(Former name or former address, if changed since last report)

ITEM 5. OTHER

On February 28, 2002, Blue Dolphin Energy Company ("Blue Dolphin") issued a press release announcing that it acquired an additional 1/3 interest in the Blue Dolphin Pipeline System (the "Additional Interest"), which it operates, from MCNIC Pipeline & Processing Company ("MCNIC"). As a result of this transaction Blue Dolphin owns an 83% interest in the Blue Dolphin Pipeline System. The Blue Dolphin Pipeline System is a natural gas and condensate gathering pipeline with related shore facilities servicing the Galveston Area, offshore Texas, with transportation capacity of 160 Mmcf/d and 7,000 Bpd of

Edgar Filing: BLUE DOLPHIN ENERGY CO - Form 8-K

condensate. Present throughput is approximately 20 Mmcfd and 100 Bpd of condensate. The line extends from Galveston Block 288 to its onshore facilities in Freeport, Texas.

Pursuant to the terms of the purchase and sales agreement, Blue Dolphin issued MCNIC a \$750,000 promissory note that matures on December 31, 2006. Blue Dolphin will make monthly payments equal to 90% of the net revenues attributable to the Additional Interest. The note bears interest at the rate of 6% per annum and is secured by the Additional Interest. Additionally, if the promissory note is retired before its maturity date, Blue Dolphin has agreed to make annual payments to MCNIC of up to \$750,000 plus the amount of interest which would have accrued on \$750,000 if interest had accrued thereon from January 1, 2002 at the rate of 6%, out of 50% of the net revenues attributable to the Additional Interest. These contingent payments would begin when the promissory note is retired and end on December 31, 2006.
