The Charter is also posted on the Company's Corporate Website at www.autoliv.com - Governance. Each of the members of the Audit Committee is independent and is qualified to serve on the Committee pursuant to the requirements of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002 and the rules and regulations as promulgated by SEC. Each of the members possesses financial literacy and accounting or related financial management expertise, and Mr. Welin is determined by the Board to qualify as an audit committee financial expert. The Audit Committee appoints the Company's independent auditors.

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2004 Annual Report on Form 10-K with the Company's management and independent accountants. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent accountants are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended. In addition, the Company's independent accountants provided to the Audit Committee the written disclosures required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees" and the Audit Committee discussed with the independent accountants their independence. The Audit Committee also concluded that the independent auditors' provision of non-audit services to the Company is compatible with the independent auditors' independence. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the SEC.

Nominating and Corporate Governance Committee Report

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for identifying and recommending to the Board individuals qualified to serve as directors of the Company and on committees of the Board. The Committee further advises the Board on composition, and procedures of committees, and is responsible for the development of the Company's Corporate Governance Guidelines and the oversight of the evaluation of the Board and its committees as well as the Company's management.

The Nominating and Corporate Governance Committee acts under a written charter first adopted and approved by the Board of Directors in 2002 and subsequently amended in December 2003. A copy of the Charter is available on the Company's Corporate Website at www.autoliv.com - Governance. Each of the members of the Committee is independent and qualified to serve on the Committee pursuant to the requirements of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated by the SEC.

In 2004 one new director was appointed to fill a vacancy on the Board of Directors pursuant to the By-laws of the Company. Mr. Lars Nyberg was proposed to the Nominating and Corporate Governance Committee by the Chief Executive Officer of the Company.

The candidate met with the Chairman of the Board and management of the Company. The Committee evaluated the proposed candidate and determined that he had the necessary skills, experiences and qualifications to fulfil the duties on the Board. The Committee thereafter recommended to the Board to appoint the candidate to be a member of the Board of Directors.

The Board determined that the candidate qualified as independent under applicable rules of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002 and rules and regulations promulgated by SEC. The directors nominated for reelection, Messrs. Carlsson and Stewart, have been reviewed and recommended for re-election by the Committee.

The Nominating and Corporate Governance Committee will consider director candidates nominated by stockholders so long as such nominations are submitted to the Committee by stockholders in accordance with Article II, Section 6 of the By-laws of the Company. In considering candidates submitted by stockholders, the Committee will take into consideration the need of the Board and the qualifications of the candidate. Qualifications of director candidates that are considered by the Committee include an attained position of leadership in the candidates area of expertise, business and financial experience relevant to the Company, possession of demonstrated sound business judgment, expertise relevant to the Company's line of businesses, independence and ability to serve on standing Committees and the ability to serve the interests of all stockholders.

The Nominating and Corporate Governance Committee identifies potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons, meeting the criteria described above, who have had a change in circumstances that might make them available to serve on the Board - for example, retirement as a CEO or CFO of a public company or exiting government or military service. The Nominating and Corporate Governance Committee also, from time to time, engages firms that specialize in identifying director candidates. As described above, the Committee will also consider candidates recommended by stockholders. Once a person has been identified by the Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating and Corporate Governance Committee determines that the candidate warrants further consideration, the Chairman or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and serve on the Board, the Nominating and Corporate Governance Committee requests information from the candidate, reviews the persons' accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a stockholder.

Executive Compensation

Compensation Committee Report

The Compensation Committee of the Board advises the Board regarding senior officers' compensation and administers the Company's cash and stock incentive compensation strategy. The purpose of this plan and the objectives of the Committee are to:

- provide competitive compensation programs so as to be able to attract, retain and motivate top management talent,
- pay for performance, motivating both long- and short-term performance on behalf of Company stockholders,
- place greater emphasis on at-risk incentive compensation than on fixed salaries, particularly for senior executives,
- base the incentive compensation of business unit or subsidiary executives partly on the performance of their operations, while including a large component which recognizes overall Company performance, and
- join stockholder and management interests.

To further these objectives, the compensation of senior executive officers includes three components:

(1) base salaries, (2) annual bonus programs, and (3) a stock incentive program.

The Committee has consulted with an independent compensation consulting firm for advice in regard to the total compensation of the Company's senior executive officers.

Base Salaries

The Committee recommends salaries for senior executive officers based on data on competitive comparable salaries received from independent compensation consultants, position and individual performance.

Annual Bonus Programs

The Committee determined annual bonus payments for 2004 based on performance during 2004. Under the annual bonus program applicable to senior executive officers, award levels may range from zero to 100 % of their base salaries as of the beginning of the performance periods depending on salary grade and attainment of Company and applicable business unit and subsidiary profit targets as approved by the Committee. Based on these factors and the terms of such annual bonus programs, the Committee approved bonus payments to senior executive officers for 2004 varying from 47% to 94% of their base salaries with a median of 69%.

Stock Incentive Plan

For 2004, the Committee authorized stock option and restricted stock units ("RSU") grants to selected officers of the Company and its subsidiaries. All options granted for 2004 are for 10 year terms with an exercise price equal to the market price on the date of grant, and become exercisable after one year of continued employment following the grant date. All RSU's granted vest after three years and are conditional upon the optionee not having given notice of termination of employment prior to such date. The RSUs are otherwise subject to the terms and conditions under the Stock Incentive Plan. Executive

officers received option grants for 2004 ranging from 4,000 shares to 30,000 shares, and received RSU grants ranging from 1,333 shares to 10,000 shares, (see "Option Grants in Last Fiscal Year").

In December, 2000, the Committee concluded that the stock options under the Stock Incentive Plan had become unattractive, and therefore the programme did not accomplish its intended purpose of attracting and retaining executive personnel, motivating executive personnel and providing incentive compensation that was competitive with those of other major corporations. The Committee further concluded that it was of the utmost importance to expediently ensure that executive personnel was retained and motivated. The Committee received advice from an independent compensation consultant, and thereafter offered optionees the opportunity to cancel the options granted 1997, 1998 and 1999 against (i) a grant by the Company to the optionee of a number of RSUs representing 30 percent of the number of options cancelled, and (ii) a commitment by the Company to grant to the optionee, under the terms and conditions of the Stock Incentive Plan, a number of Stock options, corresponding to 20 percent of the number of options cancelled, which were granted on June 18, 2001, with an exercise date of June 18, 2002. The exercise price was equal to the market price on June 18, 2001.

Chief Executive Officer

The compensation paid to the Company's Chief Executive Officer, Mr. Lars Westerberg, for 2004 was determined based on information on competitive comparable compensation levels received from an independent compensation consultant.

For 2004, the Committee approved a stock option grant of 30,000 shares and a RSU grant of 10,000 shares of common stock of the Company to Mr. Westerberg, a cash compensation at an annual rate of SEK 6,800,000 (USD 924,528), and an annual performance bonus of SEK 3,400,000 (USD 462,264) with a maximum of SEK 6,800,000 (USD 924,528).

Limitation on Deductibility of Certain Compensation

Section 162(m) of the Internal Revenue Code of 1986 as amended (the "Code") generally disallows a tax deduction to public companies for annual compensation over \$1 million paid to their chief executive officers and the four other most highly compensated executive officers that is not "performance-based" (as defined in the Code).

It is the Committee's general policy to avoid the loss of tax deductibility whenever compliance with Section 162(m) would be consistent with the Company's incentive compensation objectives.

Consequently, the employee incentive compensation programs in which the Company's most highly compensated officers participate have been structured to comply with the Code's definition of performance-based compensation. To qualify as performance-based under the Code, compensation payments must be made pursuant to a plan that is administered by a committee of outside directors and must be based on achieving objective performance goals. In addition, the material terms of the plan must be disclosed to and approved by stockholders, and the Committee must certify that the performance goals were achieved before payments can be awarded.

Notwithstanding its general policy, however, the Committee retains the discretion to authorize incentive payments that may not be deductible if it believes that doing so would be in the best interest of the Company and its stockholders.

In the event that during the two-year period following a change of control, the executive terminates the executive's employment for Good Reason (as defined in the agreements) or, during the 30-day period commencing one year after the change of control, for any reason, or the Company terminates the executive's employment without cause (as defined in the agreements), the executive would be entitled to receive an immediate lump sum payment in an amount equal to three times for Mr. Westerberg, and two and a half times for other Senior Executive Officers, the sum of (i) such executive's then current annual salary, (ii) the average of the bonuses received for the two most recent fiscal years or the bonus for the most recent fiscal year, if higher, and (iii) the taxable value of the benefit of a company car, and (iv) the value of any pension benefits to which the executive would have been entitled to if he remained in service for one year following termination.

Pension Plans

The Company has paid pension benefit premiums for Messrs. Westerberg, Lindquist, Jonzon and Svensson in accordance with customary Swedish practice and for Mr. Marsaud in accordance with customary French practice. Normal retirement age is 65. Mr. Westerberg has an agreement allowing retirement at the age of 60 with pension benefits amounting to 70 percent of the base salary at retirement until the age of 65 and amounting to 50 percent of the base salary after the age of 65. Pursuant to such agreement, the Company pays insurance premiums to ensure the pension benefits of Mr. Westerberg for the period from the date of his retirement until the normal retirement age of 65 and thereafter.

Senior Executive Officers of the Company other than Mr. Westerberg have the right to retire at the age of 60 with pension benefits amounting to 70 percent of the base salary at retirement until the age of 65 and with complementary pension benefits after the age of 65. Pursuant to such agreements, the Company pays insurance premiums on a linear basis to ensure the pension benefits for the period from the date of retirement until normal retirement age of 65 and thereafter for complementary pension benefits.

- (a) The Company shall pay or commence payment to a Participant of the balance credited to the Participant's Register (i) within [30] days after the Participant's service on the Board ends or (ii) at such other time as the Participant shall have elected (such date, the "Distribution Event").  - (i) such subsequent election shall not take effect until at least 12 months after the date on which it is made;
 - (ii) in the case of a subsequent election with respect to any scheduled payment under an election pursuant to clause (ii) of Section 5(a), other than any such election providing for distribution upon the occurrence of the Participant's death or disability (within the meaning of Section 409A of the Code), the first payment pursuant to the subsequent election must occur no earlier than five years following the date of the payment would otherwise have been made pursuant to the prior election; and
 - (iii) in the case of a subsequent election with respect to any payment to be made at a specified time pursuant to an election pursuant to clause (ii) of Section 5(a), the subsequent election may not be made less than 12 months prior to the date of the first scheduled payment pursuant to the prior election.
- (c) Distributions of amounts credited to a Participant's Register shall be made, at the Participant's election (which election may be made on the Participant's initial election form, pursuant to a subsequent election, or at the time such distribution is to be made), in cash, shares of Stock or a combination thereof. Distributions may be made either in a lump sum or in equal annual installments over a period of years (no more than five), as elected in advance on the election form pursuant to which the Participant made his or her initial election (or, in the case of Participants not subject to Swedish law, in accordance with Section 5(b)). In the event that distributions are to be made in installments, such installment payments shall be made on, or as soon as practicable following, the last business day of the fiscal year of the Company (each such date, the "Payment Date") in which occurs the applicable Distribution Event. If no election as to time and manner of payment is designated, payment shall be made in a lump sum.
- (d) Calculations of Distributions.
 - (i) Unless otherwise determined by the Committee, (1) if the Participant elects to receive a lump sum cash payment, the amount of such payment shall be equal to (i) the number of Phantom Stock Units credited to the Participant's Register on the day immediately prior to the Payment Date multiplied by (ii) the Fair Market Value of a share of Stock on the day immediately prior to the Payment Date, and (2) if the Participant elects to receive cash distributions in installments, the amount of each installment shall be equal to (i) the number of Phantom Stock Units credited to the Participant's Register on the day immediately prior to the Payment Date multiplied by (ii) the Fair Market Value of a share of Stock on the day immediately prior to the Payment Date divided by (iii) the number of installments remaining to be paid to the Participant.
 - (ii) Unless otherwise determined by the Committee, (1) if the Participant elects to receive a lump sum payment in the form of shares of Stock, the number of such shares to be distributed to the Participant shall be equal to the number of Phantom Stock Units credited to the Participant's Register on the day immediately prior to the Payment Date and (2) if the Participant elects to receive distributions in installments in the form of shares of Stock, the number of shares of Stock to be distributed in each installment shall be equal to (i) the number of Phantom Stock Units credited to the Participant's Register on the day immediately prior to the Payment Date divided by (ii) the number of installments remaining to be paid to the Participant. Fractional shares resulting from this calculation shall be payable in cash.
- (e) In no event may any portion of the balance credited to a Participant's Register be distributed prior to the expiration of the relevant deferral period; provided, however, that a Participant who is not subject to Swedish law may petition the Committee for an early distribution based on the existence of an Unforeseeable Emergency. The existence of an Unforeseeable Emergency with respect to a Participant shall be determined by the Committee in its sole discretion and

in accordance with Section 409(A) of the Code and regulations promulgated thereunder. In the event that the Committee determines that an Unforeseeable Emergency exists with respect to a Participant, the Committee shall determine the amount to be paid from the balance credited to the Participant's Register; provided that such amount may not exceed the amount necessary to satisfy the Unforeseeable Emergency, plus amounts necessary for the Participant to satisfy any taxes reasonably anticipated as a result of such distribution, after taking into account the extent to which such hardship is or may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation of the Participant's assets (to the extent the liquidation of such assets would not itself cause severance financial hardship).

⁽¹⁾ Consider whether Registers should be paid out immediately upon a change in control of the Company.

6. ADMINISTRATION.

- (a) The Plan shall be administered by the Committee, which shall have all authority that may be deemed appropriate for administering the Plan, including the discretion and authority to interpret the Plan and to adopt rules and regulations for implementing, amending and carrying out the Plan. The Committee may delegate such duties as it determines to such individuals or entities as it may determine.
- (b) All determinations made by the Committee with respect to the Plan shall be conclusive and binding on the Company and its successors, the Participants and, if applicable, their Beneficiaries.

7. GENERAL PROVISIONS.

- (a) In the event of a reorganization, recapitalization, spinoff, stock dividend or stock split, or combination or other increase or reduction in the number of issued shares of Stock, the Committee shall, in order to prevent the dilution or enlargement of rights under the Plan, make such equitable changes or adjustments as it deems necessary or appropriate to any or all of the number and kind of shares of Stock or other property (including cash) upon which the value of Phantom Stock Units is determined.
- (b) The right of any Participant to receive future payments under the provisions of the Plan shall be an unsecured claim against the general assets of the Company.
- (c) A Participant who is not subject to Swedish law may designate one or more Beneficiaries to receive the Participant's benefits under the Plan in the case of the Participant's death. A Participant may change his or her Beneficiary(ies) at any time by notifying the Committee in such form as the Committee shall from time to time designate.
- (d) No Participant or Beneficiary shall have any power to commute, encumber, sell, or otherwise dispose of the rights provided herein, and such rights shall be non-assignable and non-transferable except by will or the laws of descent and distribution. This limitation shall also apply to a Participant's or Beneficiary's estate.
- (e) The crediting of Phantom Stock Units to a Participant's Register shall not create for such Participant (or, if applicable, such Participant's Beneficiary(ies)) any rights with respect to the underlying shares of Stock.

8. TERMINATION OF THE PLAN; AMENDMENT OF THE PLAN.

- (a) The Plan shall continue in effect until terminated by resolution of the Board; provided, however, that no such termination shall cause the accelerated payment of any portion of the balance credited to any Participant's Register and no such termination may adversely alter the rights of Participants to amounts credited to their Registers as of the date of the termination.
- (b) The Plan may be amended from time to time by resolution of the Committee; provided, however, that no amendment shall provide for accelerated payment of any portion of the balance credited to any Participant's Register and no amendment may adversely alter the rights of Participants to amounts credited to their Registers as of the date of the amendment.

9. EFFECTIVE DATE OF THE PLAN.

The Plan was adopted by the Board effective as of December 16, 2004 (the "Effective Date"). The Plan shall be effective with respect to any Compensation payable to a Non-Employee Director for services rendered after such effective date.
