You are receiving this e-mail because HP has determined that certain of your stock options were or may have been granted to you by Mercury at exercise prices less than fair market value on the date of grant. We are pleased to announce that HP plans to offer you an opportunity to participate in a special option amendment program with respect to those discounted stock options that may enable you to avoid unfavorable tax consequences you may otherwise incur with respect to those discounted options under Section 409A of the federal income tax laws. The program will be conducted by means of a tender offer for your discounted stock options.

HP, Mercury, and Deloitte Tax will be holding two identical special briefings on Mercury's campus on Friday, November 17 to:

Help explain the potential adverse tax impact of Section 409A

Explain how HP has addressed the situation and the choices you have

Answer any other questions you may have

Please plan to attend one of the briefings. A dial-in number will be available for those unable to attend the live presentation. Additional information and the materials describing the tender offer and how to participate will be provided to you on the day of the briefings.
