PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held on June 8, 2010

This proxy statement is furnished in connection with the solicitation of proxies on behalf of our board of directors to be voted at the annual meeting of our stockholders to be held on June 8, 2010, and any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Our annual meeting of stockholders will be held at our company headquarters at 8360 S. Durango Drive, Las Vegas, Nevada 89113, on Friday, June 8, 2010, at 10:00 a.m. local time. This proxy statement and accompanying form of proxy will be first sent or given to our stockholders on or about May 14, 2010. Our annual report for the year ended December 31, 2009, is being sent to each stockholder of record along with this proxy statement.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, our stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of directors and ratification of our independent registered public accountants. In addition, our management will report on our performance during the 2009 year and respond to questions from stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, April 15, 2010, are entitled to receive notice of the annual meeting and to vote the shares of our common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

Who can attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Seating, however, may be limited. Admission to the meeting will be on a first-come, first-served basis. Each stockholder may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Please note that if you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, we had 19,927,322 shares of common stock outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

Edgar Filing: Allegiant Travel CO - Form DEF 14A

How do I vote?

To vote you must complete and return a written proxy card.

You can also vote in person at the meeting, and submitting your voting instructions by proxy card will not affect your right to attend and vote. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have voted by written proxy card, you may change your vote at any time before the proxy is exercised by filing with our secretary either a written notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed as follows: Allegiant Travel Company, 8360 S. Durango Drive, Las Vegas, Nevada 89113, Attention Sean Hopkins, Secretary.

What are the recommendations of our board of directors?

Unless you give other instructions when voting, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our board of directors. Our board recommends a vote FOR election of the nominated slate of directors and FOR the ratification of Ernst & Young, LLP as our independent registered public accountants.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by our board of directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Abstentions are included in the shares present at the meeting for purposes of determining whether a quorum is present. Broker non-votes (when shares are represented at the meeting by a proxy specifically conferring only limited authority to vote on certain matters and no authority to vote on other matters) are also included in the determination of the number of shares represented at the meeting for purposes of determining whether a quorum is present. Because directors are elected by a plurality of the votes cast, votes to "WITHHOLD AUTHORITY" with respect to one or more nominees and any abstentions and broker non-votes will not be counted and will not have an effect on the outcome of the election.

Ratification of Independent Registered Public Accountants and Other Items. To approve the ratification of our independent registered public accountants and for each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. Our management knows of no matter to be brought before the meeting other than the election of directors and ratification of independent registered public accountants. If, however, any other matters properly come before the meeting, it is intended that the proxies will be voted in accordance with the judgment of the person or persons voting such proxies.

Edgar Filing: Allegiant Travel CO - Form DEF 14A

How will proxies be solicited?

Proxies will be solicited by mail. Proxies may also be solicited by our officers and regular employees personally or by telephone or facsimile, but such persons will not be specifically compensated for such services. Banks, brokers, nominees and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding soliciting material to their principals, the beneficial owners of our common stock. We will pay the expense of preparing, assembling, printing, mailing and soliciting proxies.

Is there electronic access to the proxy materials and annual report?

Yes. This proxy statement and our annual report are available on our web site, www.allegiant.com.

Such persons are required by the Exchange Act to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms received by us with respect to transactions during 2009, or written representations from certain reporting persons, we believe that all filing requirements applicable to our directors, executive officers and persons who own more than 10% of our equity securities have been complied with, except that stock options granted to our executive officers in January 2009 were reported three days late.

Our by-laws provide that there shall be six directors. Each year, all members of our board of directors are to be elected. All directors serve for a one-year term.

Nominees for Election as Directors

All of our directors are to be elected at this annual meeting. The nominating committee of our board of directors has recommended, and our board of directors has approved, the nomination of all existing board members for reelection for a one-year term expiring in 2011. Each elected director will hold office until his term expires and until his successor is duly elected and qualified.

It is the intention of the persons named in the accompanying proxy form to vote for the election of all nominees unless otherwise instructed. If for any reason any such nominee is not a candidate when the election occurs, which event is not anticipated, it is the intention of the persons named in the accompanying proxy form to vote for the remaining nominees named and to vote in accordance with their best judgment if any substitute nominees are named.

Below are the principal occupations and business experience, for at least the past five years, of each nominee. In addition, experience and qualifications is provided below which led the board of directors to conclude that each person should serve on the board:

Maurice J. Gallagher, Jr. has been actively involved in the management of our company since he became our majority owner and joined our board of directors in 2001. He has served as our chief executive officer since 2003 and was designated Chairman of the Board in September 2006. Prior to his involvement with Allegiant, Mr. Gallagher devoted his time to his investment activities, including companies which he founded. One of these companies was Mpower Communications Corp., a telecommunications company, for which he served as acting chief executive officer from 1997 to 1999 and as chairman of the board from its inception in 1996 until 2002. Mr. Gallagher was one of the founders of ValuJet Airlines, Inc. (the predecessor of AirTran Holdings, Inc.) and served as an officer and director of ValuJet from its inception in 1993 until 1997. From 1983 until 1992, Mr. Gallagher was a principal owner and executive of WestAir, a commuter airline.

Edgar Filing: Allegiant Travel CO - Form DEF 14A

Montie R. Brewer was elected to our board in October 2009. Mr. Brewer was elected to the board mid-term at the recommendation of our chief executive officer. Mr. Brewer served in senior management roles for Air Canada from April 2002 until April 2009, serving as its president and chief executive officer from December 2004 until April 2009. Mr. Brewer served on the board of directors of Air Canada from April 2002 until April 2010. Prior to Air Canada, Mr. Brewer served as senior vice president-planning for United Airlines and previously worked at Northwest Airlines, Republic Airlines, Braniff and TransWorld Airlines, beginning his employment in the airline industry in 1981. Mr. Brewer has also served as a director of Aer Lingus, an airline, since January 2010.

Mr. Brewer's prior experience as chief executive officer of Air Canada for more than four years and his more than 28 years in management positions at multiple airlines provide the background for a conclusion that he is a valuable addition to our board.

Gary Ellmer was elected to our board in May 2008. Mr. Ellmer served in senior management positions for ATA Airlines from September 2006 until February 2008, serving as chief operating officer from September 2007 until February 2008. From April 2006 until August 2006, Mr. Ellmer served as vice president, business development for American Eagle Airlines and served as president and chief operating officer of Executive Airlines/American Eagle Caribbean from 2002 until April 2006. From 1998 until 2002, he served in various officer positions for American Eagle Airlines, Business Express Airlines and WestAir Commuter Airlines.

Mr. Ellmer's service as chief operating officer of three airlines and more than 26 years of experience in the airline industry provide significant experience with regard to airline operations to support a conclusion that he should continue to serve on our board.

Timothy P. Flynn was elected to our board in July 2006. Since 1992, Mr. Flynn has devoted his time to his private investments. Mr. Flynn was one of the founders of ValuJet Airlines, Inc. and served as a director from its inception in 1992 until 1997. From 1982 until 1992, he served as an executive officer and director of WestAir, a commuter airline, which he founded with Mr. Gallagher in 1982. From 1979 to 1982, he served as an executive officer of Pacific Express Holding, Inc., the parent company of WestAir Commuter Airlines, Inc.

Mr. Flynn is well suited to serve as a director due to his prior experience as an executive officer of WestAir and his role as a founder of ValuJet. In addition, he has served as a director of ours for four years, providing valuable insight to us through our initial public offering and substantial growth since that time.

Charles W. Pollard was elected to our board in June 2009. Mr. Pollard served in various executive positions for Omni Air International from 1997 until July 2009, including as its president and chief executive officer from January 2007 until September 2008. Prior to his employment with Omni Air International, Mr. Pollard served in various executive positions for World Airways from 1987 until 1997, including as president and chief executive officer from 1993 to 1997. Mr. Pollard began his career as an attorney in the corporate practice group of Skadden, Arps, Slate, Meagher & Flom LLP from 1983 to 1987. Mr. Pollard has also served as a director of Air Partner, PLC since June 2009.

Mr. Pollard's experience as chief executive officer of both Omni Air International and World Airways and his corporate law background provide a skill set of particular value to our board.

John Redmond was elected to our board in October 2007. Mr. Redmond served as president and chief executive officer of MGM Grand Resorts, LLC from March 2001 until August 2007. Prior to that, he served as co-chief executive officer of MGM Mirage from December 1999 to March 2001. He was president and chief operating officer of Primm Valley Resorts from March 1999 to December 1999 and senior vice president of MGM Grand Development, Inc. from August 1996 to February 1999. He served as vice-chairman of MGM Grand Detroit, LLC from April 1998 to February 2000 and chairman from February 2000 until August 2007. Prior to 1996, Mr. Redmond was senior vice president and chief

financial officer of Caesars Palace and Sheraton Desert Inn, having served in various other senior operational and development positions with Caesars World, Inc. Mr. Redmond has served as a director of Vail Resorts, Inc. since March 2008 and of Tropicana Las Vegas Hotel and Casino, Inc. since July 2009.

Mr. Redmond's prior experience as chief executive officer of MGM entities and extensive prior experience with other resorts provide a travel industry perspective not shared by the other members of our board. With the importance of ancillary revenue to our profitability and with the sale of hotel rooms being the largest individual component of our third party ancillary revenue, Mr. Redmond's input is particularly valuable to our board.

Timothy Flynn is the uncle of Scott Sheldon, our chief financial officer. Other than that, none of our current directors is related to any other director or to any executive officer of ours.

Our board of directors recommends that stockholders vote FOR each of the nominees to our board of directors. Please note that proxies cannot be voted for more than six directors.

Committees of the Board of Directors

We have a standing audit committee, compensation committee and nominating committee. Each committee has the right to retain its own legal and other advisors.

Audit Committee

The audit committee is currently comprised of Messrs. Ellmer, Pollard and Redmond, each of whom is independent under the rules of the Securities and Exchange Commission and the Nasdaq Stock Market listing standards. John Redmond has been identified as the audit committee financial expert. Our audit committee met four times during the 2009 year.

Our board of directors has adopted a charter for the audit committee setting forth the structure, powers and responsibilities of the audit committee. A copy of the audit committee charter can be found on our website at www.allegiant.com by clicking on "About Allegiant", then "Investor Relations", then "Corporate Governance" and then "Committee Charters". Pursuant to the charter, the audit committee will be comprised of at least three members appointed by the board of directors, each of whom shall satisfy the membership requirements of independence, financial literacy or accounting or financial expertise as prescribed by applicable rules.

The audit committee provides assistance to the board of directors in fulfilling its legal and fiduciary obligations in matters involving our accounting, auditing, financial reporting, internal control and legal compliance functions. The audit committee also oversees the audit efforts of our independent registered public accounting firm and takes those actions as it deems necessary to satisfy itself that the auditors are independent of management.

Compensation Committee

The compensation committee is comprised of Messrs. Brewer, Redmond and Flynn, each of whom is a non-employee director and is independent under the Nasdaq Stock Market listing standards. Our compensation committee formally met four times during 2009.

Our board of directors has adopted a charter for the compensation committee setting forth the structure, powers and responsibilities of the compensation committee. A copy of the charter of the compensation committee can be found on our website at www.allegiant.com by clicking on "About Allegiant", then "Investor Relations", then "Corporate Governance" and then "Committee Charters".

The compensation committee determines our compensation policies and forms of compensation provided to our directors and officers. The compensation committee also reviews and determines

bonuses for our officers and certain other employees. In addition, the compensation committee reviews and determines stock-based compensation for our directors, officers, employees and consultants and administers our long-term incentive plan. Our chief executive officer and chairman of the board, Maurice J. Gallagher, Jr., provides input to the compensation committee in making compensation decisions for our other executive officers.

Compensation Committee Interlocks and Insider Participation

Our compensation committee consists of Messrs. Brewer, Redmond and Flynn. None of the members of the compensation committee ever served as officers or employees of our company. No interlocking relationship existed during the 2009 year between any executive officer of ours and the board of directors or compensation committee of another company.

Nominating Committee

The nominating committee is authorized and empowered to submit to the entire board of directors for its approval the committee's recommendations for nominees to the board of directors. The nominating committee consists of Messrs. Brewer, Ellmer and Flynn. All of the current members of our nominating committee are independent under the rules of the Nasdaq Stock Market. Our nominating committee met one time during the 2009 year.

The responsibilities of the nominating committee are to identify individuals qualified to become board members, recommend director nominees to the board of directors prior to each annual meeting of stockholders and recommend nominees for any committee of the board. A copy of the charter of the nominating committee can be found on our website at www.allegiant.com by clicking on "About Allegiant", then "Investor Relations", then "Corporate Governance" and then "Committee Charters".

To fulfill its responsibilities, the nominating committee will periodically consider and make recommendations to the board regarding what experience, talents, skills and other characteristics the board as a whole should possess in order to maintain its effectiveness. In determining whether to nominate an incumbent director for reelection, the nominating committee will evaluate each incumbent's continued service, in light of the board's collective requirements, at the time such director comes up for reelection. When the need for a new director arises (whether because of a newly created board seat or vacancy), the nominating committee will proceed by whatever means it deems appropriate to identify a qualified candidate or candidates. The nominating committee will review the qualifications of each candidate. Final candidates generally will be interviewed by our chairman of the board and one or more other board members. The nominating committee will then make a recommendation to the board based on its review, the results of interviews with the candidate and all other available information. Our board makes the final decision on whether to invite the candidate to join the board.

The nominating committee's charter provides general qualifications nominees should meet. These qualifications include the following:

Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of our stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. We endeavor to have a board representing experience in areas that are relevant to our business activities.

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities efficiently, and should be committed to serve on the board for an extended period of time. Directors should offer their resignation in the event of any significant change in their personal circumstances, including a change in their principal job responsibilities, which

would reasonably be expected to adversely affect his or her ability to perform the duties of a director.

A director should disclose the director's consideration of new directorships with other organizations so that the board can consider and express its views regarding the impact on the director's service to us. The nominating committee and the board will consider service on other boards in considering potential candidates for nomination to stand for election or re-election to our board. Current positions held by directors may be maintained unless the board determines that doing so would impair the director's service to our board.

Any stockholder may nominate a person for election as a director at a meeting of stockholders at which the nominating stockholder is entitled to vote by following certain procedures. These procedures generally require that certain written information about the nominee and nominating stockholder be delivered or mailed and received at our principal executive offices, to the attention of our corporate secretary, not less than 120 calendar days in advance of the date of the notice of annual meeting released to stockholders in connection with the previous year's annual meeting of stockholders.

In addition, the nominating committee will consider for inclusion in the board's annual slate of director nominees candidates recommended by significant, long-term stockholders. A significant long-term stockholder is a stockholder, or group of stockholders, that beneficially owned more than 5% of our voting stock for at least two years as of the date the recommendation was made and at the record date for the stockholder meeting. In order for such a nominee to be considered for inclusion with the board's slate, the nominating stockholder shall submit a timely nomination notice in accordance with the procedures above. The nominating stockholder should expressly indicate in the notice that such stockholder desires that the board and nominating committee consider the stockholder's nominee for inclusion with the board's slate of nominees for the meeting. The nominating stockholder and stockholder's nominee should undertake to provide, or consent to our obtaining, all other information the board and nominating committee request in connection with their evaluation of the nominee.

A stockholder nominee submitted for inclusion in the board's slate of nominees should meet the criteria for a director described above. In addition, in evaluating stockholder nominees for inclusion with the board's slate of nominees, the board and nominating committee may consider all information relevant in their business judgment to the decision of whether to nominate a particular candidate for a particular board seat, taking into account the then-current composition of our board. The nominating committee would expect to use the same procedures to evaluate nominees for director whether recommended by a stockholder or recommended by another source. To date, we have not received any board nominee recommendations from stockholders.

Our board has determined that we are benefited by having a small board with directors with substantial relevant industry experience. The board does not anticipate any imminent changes to the composition of the board, but expects the nominating committee to consider diversity as well as relevant industry experience in identifying nominees for director in the future.

The nominating committee continues to evaluate its policies and procedures regarding stockholder nominations in light of changing industry practices and regulation. The policies and procedures described above are subject to change.

Meetings of our Board of Directors

Our board of directors met nine times during the 2009 year. All of our incumbent directors attended at least 75% of the total of all board and committee meetings he was entitled to attend during the 2009 year. It is the policy of our board that at least three of its members attend each annual

meeting of stockholders so that the board is adequately represented. One of our directors attended our annual stockholders' meeting in 2009.

Independent members of our board may be contacted by letter directed to the named member in care of Allegiant Travel Company, Corporate Secretary, 8360 S. Durango Drive, Las Vegas, Nevada 89113. The sealed envelope will be sent on to the addressee by our corporate secretary.

Director Independence

Our board of directors has determined that all of our directors other than Maurice J. Gallagher, Jr., are independent under the rules of the Nasdaq Stock Market. As Mr. Gallagher does not serve on any of the board's committees, all committee members are independent under the rules of the Nasdaq Stock Market.

Board Leadership Structure

We believe our current chief executive officer, Maurice Gallagher, Jr., is best suited to serve as chairman of the board as he is our largest shareholder, and he has led the development and implementation of our business strategy since he acquired a majority interest in the Company in 2001. As chairman and chief executive officer, Mr. Gallagher provides clear direction for both the operations of our Company and board deliberations, and as a result of his stock ownership position and his service without any base compensation, his interests are fully aligned with those of our stockholders. Although we do not have a lead independent director, the independence and extensive relevant industry experience of all of our other directors provide balance and an appropriate check on the governance of our Company. The independent directors meet outside the presence of Mr. Gallagher on a quarterly basis with the chairmanship of the meeting rotating among the independent directors. Further, it is important to note that all of our directors are elected annually, the board receives updates on our operating strategies from the chief executive officer and other members of senior management at each quarterly board meeting and financial information is provided to directors on a monthly basis.

Risk Oversight

While risk management is the primary responsibility of our management team, our board of directors is regularly involved in the oversight of the most material risks faced by us. Of the six members on the board, five are independent directors, and each of these five has extensive experience in managing companies in the travel industry. In particular, four of the independent directors have each served more than ten years in executive positions with other airlines. The fifth independent director has served more than ten years in executive positions in the resort and casino industry. Bringing this exceptional depth of experience, the board is involved with all critical decisions regarding strategic direction, choice of aircraft, significant aircraft purchase transactions, fuel hedging opportunities, any merger and acquisition opportunities and any other material Company decisions outside of the ordinary course of our operations.

One area of risk oversight relates to the safety of our aircraft. In this regard, we have arranged for two of our independent directors to meet with the FAA and our maintenance personnel and to report back to the board. In addition, our vice president of maintenance makes a presentation to the board at each quarterly board meeting. The airline experience of our board allows it to meaningfully participate in the oversight of this risk area.

Our board committees, which are comprised solely of independent directors, also participate in risk oversight.

Edgar Filing: Allegiant Travel CO - Form DEF 14A

The audit committee oversees risks related to our financial reporting and internal controls with quarterly meetings, including private sessions with our outside auditing firm, our internal audit personnel and management responsible for financial accounting. Audit committee approval is also required for any related party transactions.

Our board, and the compensation committee in particular, manages the risk inherent in our compensation programs. Our board believes there is little risk associated with our compensation programs as management's interests are aligned with those of our stockholders since the bonus plan is based on Company profitability, the value of option and stock appreciation right grants is based on stock price appreciation and the vesting schedule associated with stock grants incentivize long-term growth and not short-term risk taking. Further, our stockholders have not suffered any dilution from equity grants during the last two years as the number of shares repurchased by us under stock repurchase plans has exceeded the number of shares subject to equity grants.

Even when the oversight of a specific area of risk has been delegated to a committee, the full board may maintain oversight over such risks through regular reports from the committee to the full board.

Code of Ethics

We have adopted a Corporate Code of Conduct and Ethics (the "Code of Ethics") that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, as well as to other directors, officers and employees of ours. The Code of Ethics is posted on our website (www.allegiant.com) and is available in print free of charge to any shareholder who requests a copy. Interested parties may address a written request for a printed copy of the Code of Ethics to our outside counsel: Robert B. Goldberg, Ellis Funk, P.C., 3490 Piedmont Road, Suite 400, Atlanta, Georgia 30305. We intend to satisfy the disclosure requirement regarding any amendment to, or a waiver of, a provision of the Code of Ethics for our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions by posting such information on our website.

BOARD AUDIT COMMITTEE REPORT

The audit committee reports to our board of directors and is responsible for, among other things, considering the appointment of our independent auditors, reviewing their independence, reviewing with the auditors the plan and scope of the audit, monitoring the adequacy of reporting and internal controls and discussing our financial statements and other financial information with management and the independent auditors. The audit committee acts under a written charter adopted and approved by our board of directors. Our board of directors has determined that none of the members of the audit committee has a relationship with our company that may interfere with the audit committee's independence from our company and management.

Management has primary responsibility for the financial statements and the overall reporting process, including the system of internal controls. The independent auditors audit our financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows prepared in accordance with accounting principles generally accepted in the United States of America and discuss with the audit committee any issues they believe should be raised. Our independent auditors also issue an opinion as to the effectiveness of our internal control over financial reporting.

In connection with the preparation and filing of our annual report on Form 10-K for the year ended December 31, 2009:

- (1) The audit committee reviewed and discussed our audited financial statements with management. Management has represented to the audit committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.
- (2) The audit committee discussed with Ernst & Young, LLP, our independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statements on Auditing Standards No. 89 and 90 (Codification of Statements on Auditing Standards) and Rule 2-07 of Regulation S-X.
- (3) The audit committee received the written disclosures and the letter from Ernst & Young, LLP required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with Ernst & Young, LLP the independence of that firm as our independent auditors. All audit and non-audit services provided by Ernst & Young, LLP were reviewed by the audit committee. The audit committee has considered whether the provision of non-audit services is compatible with maintaining the auditors' independence.
- (4) Based on the audit committee's review and discussions referred to above, the audit committee recommended to our board of directors that our audited financial statements be included in our annual report on Form 10-K for the fiscal year ended December 31, 2009 for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of the compensation committee of our board of directors with respect to executive compensation of current management are to retain the executive team that has been in place for several years, to provide annual cash incentives upon achievement of measurable corporate performance objectives, and to assure executives' incentives are aligned with stockholder value creation. To achieve these objectives, the compensation committee maintains compensation plans that tie a significant portion of executives' total compensation to our financial performance (including our operating margin). Overall, the total compensation opportunity is intended to create an executive compensation program: (i) providing for base compensation at reasonable levels, and (ii) rewarding our named executive officers for profitable performance and increased share value.

Our chief executive officer, Maurice J. Gallagher, Jr., has a substantial equity position. Historically, he has chosen to serve without any base salary whatsoever and expects to continue to serve without base salary into the future. Prior to 2007, Mr. Gallagher did not participate in our annual cash bonuses or stock-based awards, but the compensation committee decided to have him participate in the cash bonus pool for 2007 and each subsequent year and grant him stock-based awards to reward him for our company's industry leading profit margins in the face of extraordinarily volatile fuel costs and the recent economic downturn, factors which have resulted in substantial losses by other companies in the airline industry. Whether Mr. Gallagher will participate in future cash bonuses and equity grants will be determined in the discretion of the compensation committee and will depend, among other factors, on our profitability in relation to our expectations.

Mr. Gallagher makes recommendations to the compensation committee with respect to the portion of the cash bonus pool payable and granting of stock-based awards to the executive officers. The compensation committee typically asks Mr. Gallagher to participate in its deliberations concerning approval of cash bonuses payable to and stock awards granted to these executive officers.

Mr. Gallagher and Mr. Levy, our president and chief financial officer, participate in making recommendations to the compensation committee with respect to the total amount of cash bonuses to be paid, the allocation of the bonus pool among other officers and key employees of our company and the granting of stock-based awards to other officers and key employees.

The compensation committee members consider the recommendations from management and also draw on the committee members' and the chief executive officer's substantial experience in managing companies in approving bonus levels and stock-based awards.

Compensation Components

Compensation is broken out into the following components:

Base Salary. Mr. Gallagher does not receive a base salary. In connection with his promotion to president in October 2009, Mr. Levy entered into a new employment agreement which established his new base salary for the term of the agreement through December 2012. The base salary was negotiated between the Company and Mr. Levy. Mr. Sheldon's base salary was established upon the recommendation of executive management.

Annual Discretionary Incentive Cash Bonus Program. We structure our annual cash bonus compensation program to reward named executive officers, other management employees (our vice presidents, director level employees and managers) and other employees for our successful performance and each individual's contribution to that performance. For 2009, our pilots were also included in the annual cash bonuses per our agreement with them and we decided to pay bonuses to all employees employed prior to October 2009 in light of our industry leading profitability for the year. Depending on

our profitability, cash bonuses may constitute a significant portion of our employees' total compensation. No cash bonus is earned unless our operating income exceeds 5% of our revenue for the year and, in that event, the total bonus pool will not exceed 10% of operating income. The final annual bonus pool amount is determined by our compensation committee after consideration of management recommendations and after the completion of the audit of our financial statements. The allocation of the bonus pool among eligible employees is established by the compensation committee without regard to any objective, predetermined individual performance criteria. The compensation committee relies significantly on the recommendation of our chief executive officer with respect to the participation level of our president and on executive management recommendations with respect to the bonus allocations to other officers and managers.

For financial statement reporting purposes, the bonus is accrued throughout each year based on an estimated payment amount. Under our program, named executive officers are eligible to share in the bonus pool in amounts approved by the compensation committee after the end of each year. Payments under this cash bonus program are contingent upon continued employment through the actual date of payment.

Long-Term Incentive Program. We believe that long-term performance is achieved through an equity ownership culture that encourages long-term performance by our executive officers. Prior to 2007, we had not provided any long-term incentive compensation to our chief executive officer or our most senior executive officers in light of their outright ownership of significant stock positions in our company. However, we recognize that some of our executive officers have sold shares through 10b5-1 trading plans for asset diversification and estate planning purposes and the compensation committee determined that stock-based awards to these executive officers would help continue to motivate them to increase the share value of our company. Although our chief executive officer continues to maintain a substantial equity stake in our company, the compensation committee has decided to provide him with modest grants of stock-based awards to reward him for the successful operating results of our company and to further incentivize him to seek additional stock price growth. The compensation committee intends to consider stock-based awards to our executive officers each year.

The stock-based awards, which include stock options, restricted stock and stock appreciation rights (SARs), granted in 2009 and 2010 vest over a three year period to encourage continuing employment by the executive officers and have a five year term to further encourage the officers to seek stock value appreciation over a period of time.

The awards were set at amounts determined by the compensation committee to achieve a balance between meaningful incentives to our executive officers and reasonable compensation expense for our company. The compensation committee considers the current value of prior and newly granted awards, but does not target any particular weighting in comparison with the total compensation of each executive officer. Nor do we have a policy or target for the allocation between either cash and non-cash compensation or short-term and long-term incentive compensation.

The compensation committee also considers the impact each equity grant will have on the future earnings of our company and dilution of our stockholders. The stock grants during the past two years have not been dilutive to our stockholders as the number of shares of stock repurchased by us in the open market under our stock repurchase plans have exceeded the number of shares subject to equity grants under our long-term incentive plan.

Other Compensation. Our officers participate in employee benefits generally available to our full-time employees. We have no current plans to make changes to the levels of benefits and perquisites provided for our named executive officers.

401(k) Plan. In 2000, we established a 401(k) retirement plan that qualifies as a defined contribution plan under Internal Revenue Code section 401(a) and includes a cash or deferred

arrangement that qualifies under Code Section 401(k). The plan was established and is maintained for the exclusive benefit of our eligible employees and their beneficiaries. We make matching contributions for active participants equal to 100% of their permitted contributions, up to a maximum of 3% of the participant's annual salary plus 50% of their contributions between 3% and 5% of their annual salary. Eligible employees are immediately 100% vested in their individual contributions and "safe harbor" matching contributions after April 1, 2010.

Compensation Risk. The compensation committee has determined that our compensation programs do not pose significant risk to our Company as management's interests are aligned with those of our stockholders. All employees are eligible to participate in the cash bonus program such that employees in any group or function are not included to the exclusion of employees in any other group or function. Further, the bonus pool depends on Company-wide profitability such that rewards are based on the common goal of profitability. While the cash bonus program encourages short-term profitability, equity based grants to management employees under the long-term incentive plan encourage long-term success further reducing compensation risk.

Compensation of Executive Officers and Other Information

The following table shows the cash compensation paid or to be paid by us, as well as certain other compensation paid or accrued, during the fiscal years ended December 31, 2009, 2008 and 2007 to our chief executive officer, president and chief financial officer, principal accounting officer, and one individual who served as an executive officer during a portion of the 2009 year, in all capacities in which they served. We did not have any other executive officers in 2009.

Please refer to Note 11 to our consolidated financial statements for further discussion related to valuation. Although the table above indicates the full grant date value of the awards, the restricted stock granted vests over a three-year period.

discussion related to the assumptions used in our valuation. Although the table above indicates the full grant date value of the awards, the options and SARS granted vest over a three-year period or longer.

- (4) All Other Compensation consists of our matching contributions under the 401(k) plan for all officers.
- (5) Mr. Gallagher served as chief executive officer during all years presented and as president until October 2009.
- (6) Mr. Levy served as managing director through October 2009, was elected chief financial officer in October 2007 and was elected President in October 2009. Mr. Levy was granted restricted stock and SARS as part of the employment agreement entered in October 2009 in connection with his promotion to president. The grants of restricted stock and SARS are subject to a three-year vesting schedule. Under recently changed SEC reporting rules, the entire fair value of such grants (including amounts that as of the date of grant were unvested) are included as compensation in the year of grant. The compensation committee views the amounts shown for Mr. Levy in 2009 as properly allocable over the three year vesting period.
- (7) Mr. Sheldon has served as our principal accounting officer since October 2007. He served as our director of accounting prior to that. In May 2010, he was promoted to chief financial officer.

Mr. Gallagher serves without base compensation as a result of his substantial equity interest. Mr. Gallagher has received equity grants and an allocation under our annual bonus program as a reward for our profitability achievements. Mr. Levy entered into a new employment agreement in October 2009 which established his base salary at \$275,000 per year, provides for his participation in our annual bonus program, provided for grants of restricted stock and stock appreciation rights reflected in the table of plan-based awards below and provides for his eligibility to participate in future equity grants. The agreement has a three-year term ending on December 31, 2012 and provides for a 12-month noncompete upon termination of employment.

The base salaries for Mr. Levy prior to this new agreement, and for Mr. Harrison, were established under employment agreements entered into prior to our initial public offering in 2006. Mr. Sheldon's base salary was established upon the recommendation of executive management.

In August 2009, Mr. Harrison resigned from his position as an executive officer of the Company and remains an employee of the Company in a strategic advisory capacity. Mr. Harrison's base salary as an employee subsequent to his resignation as an executive officer was established upon the recommendation of executive management.

For 2009, each executive officer received bonuses under our annual discretionary incentive cash bonus program. No cash bonus is earned unless our operating income exceeds 5% of our revenue for the year and, in that event, the bonus pool will not exceed 10% of operating income. The final bonus pool amount is determined by our compensation committee after review of the year-end financial statements and after consideration of management recommendations. Each executive officer's allocation of the cash bonus pool is determined by the compensation committee without regard to any objective, predetermined individual performance criteria. The bonus allocation for any executive officer is not targeted at or limited to any particular percentage of base salary.

Other compensation generally consists only of matching contributions under our 401(k) plan. The amount paid for each executive officer depends on his salary reductions, and is subject to the plan's compliance with the annual testing rules for 401(k) plans.

No executive officer's salary and bonus is tied to any particular percentage of total compensation, but rather, bonus allocations are made based on our profitability and a subjective evaluation of each officer's performance.

Grants of Plan-Based Awards in 2009

The following table describes grants of plan-based awards to our named executive officers during 2009.

Name	Grant date	Stock awards: number of shares of stock (#)	Option/SAR awards: number of securities underlying options (#)	Exercise or base price of option/SAR awards (\$/Sh)	Grant date fair value(1) of stock and option/SAR awards
Maurice J. Gallagher, Jr.	1/23/2009		25,000(2)	\$ 38.32	\$ 300,168
Andrew C. Levy	10/16/2009		75,000	\$ 38.65	\$ 1,079,250
Andrew C. Levy	10/16/2009	27,926(3)			\$ 1,079,340
Andrew C. Levy	1/23/2009		50,000(2)	\$ 38.32	\$ 600,335

M. Ponder Harrison	1/23/09		50,000(2)	\$ 38.32	\$ 600,335

(1) As determined as set forth in Note 11 to our consolidated financial statements.

(2) Considered as part of 2008 compensation package.

(3) Restricted stock grant under employment agreement dated October 2009.

Our compensation committee considers grants of restricted stock, stock option and stock appreciation rights ("SAR") to our executive officers annually. The number of shares granted is not based on any particular percentage of the total compensation of the executive officer. Our compensation committee determines the amount of equity grants in an attempt to provide meaningful incentives for the officers, but with consideration to the financial impact on our operating results.

The restricted stock, options and SARs granted in 2009 have a three-year vesting schedule to encourage continued employment by the executive officers and the options and SARs have a five-year term to provide incentives to create stock price appreciation over that period.

Employee Benefit Plans

Long-Term Incentive Plan

Our Long-Term Incentive Plan (the "2006 Plan") was adopted by our board of directors and approved by the stockholders in April 2006. All outstanding options under the predecessor Allegiant Air 2004 Share Option Plan have been transferred to our 2006 Plan, and no further stock-based awards will be made under that predecessor plan. The transferred options continue to be governed by their existing terms, unless our compensation committee elects to extend one or more features of our 2006 Plan to those options. Except as otherwise noted below, the transferred options have substantially the same terms as will be in effect for grants made under our 2006 Plan.

We have reserved 3,000,000 shares of our common stock for issuance under our 2006 Plan. Such share reserve consists of 500,000 shares that will be carried over from our predecessor plan, including the shares subject to outstanding options thereunder. In addition, no participant in our 2006 Plan may be granted stock-based awards for more than 100,000 shares of our common stock per calendar year.

The individuals eligible to participate in our 2006 Plan include our officers and other employees, our non-employee board members and any consultants we engage.

Our 2006 Plan is administered by the compensation committee. This committee determines which eligible individuals are to receive stock-based awards, the time or times when such stock-based awards are to be made, the number of shares subject to each such grant, the status of any granted option as either an incentive stock option or a non-statutory stock option under the federal tax laws, and the terms and conditions of each award including, without limitation, the vesting schedule to be in effect for the option grant or stock issuance and the maximum term for which any granted option is to remain outstanding, provided that no option term may exceed ten years measured from the date of grant.

Vesting of any option grant is contingent on continued service with us. Upon the cessation of an optionee's service, any unvested options will terminate and will be forfeited. Any vested, but unexercised options (i) will terminate immediately if the optionee is terminated for misconduct, or (ii) if the cessation of service is other than for misconduct, will remain exercisable for such period of time as determined by the compensation committee at the time of grant and set forth in the documents evidencing the option. The compensation committee has the discretion, however, at any time while the option remains outstanding to (i) extend the period of time that the option may be exercisable following the cessation of an optionee's service (but not beyond the term of the option) and (ii) permit the optionee to exercise following a cessation of service options that were not vested at the time of the cessation of service.

The exercise price for the shares of the common stock subject to option grants made under our 2006 plan may be paid in cash or in shares of common stock valued at fair market value on the exercise date.

The compensation committee has the authority to cancel outstanding options under our option plan, in return for the grant of new options for the same or a different number of option shares with an exercise price per share based upon the fair market value of our common stock on the new grant date.

In the event we are acquired by a merger, a sale by our stockholders of more than 50% of our outstanding voting stock or a sale of all or substantially all of our assets, each outstanding option under our option plan which will not be assumed by the successor corporation or otherwise continued in effect may accelerate in full to the extent provided in the applicable stock option agreement. However, the compensation committee has complete discretion to structure any or all of the options under the option plan so those options will immediately vest in the event we are acquired, whether or not those

options are assumed by the successor corporation or otherwise continued in effect. Alternatively, the compensation committee may condition such accelerated vesting upon the subsequent termination of the optionee's service with us or the acquiring entity.

We intend that any compensation deemed paid by us in connection with the exercise of options granted under our option plan for the disposition of the shares purchased under those options will be regarded as "performance-based," within the meaning of Section 162(m) of the Internal Revenue Code and that such compensation will not be subject to the annual \$1 million limitation on the deductibility of compensation paid to covered executive officers which otherwise would be imposed pursuant to Section 162(m).

For accounting purposes, compensation expense related to equity based awards under the 2006 Plan are measured and recognized in accordance with stock-based compensation accounting standards.

Our board may amend or modify the 2006 Plan at any time, subject to any required stockholder approval, or participant consent. The 2006 Plan will terminate no later than March 31, 2016.

Director Compensation

The members of our board of directors receive compensation of \$5,000 per quarter for their service on our board of directors or any committee of our board, and will also be reimbursed for their out-of-pocket expenses. Any new director will receive an initial grant of 1,000 shares of restricted stock on the date such individual joins the board. The restricted stock will vest over a period of two years upon the director's completion of each year of board service over the two-year period measured from the grant date. In addition, on the date of each annual stockholders meeting, each board member (other than executive officers) who is to continue to serve as a board member will automatically be granted 1,000 shares of restricted stock, provided such individual has served on our board for at least six months. The restricted shares subject to each annual automatic grant will vest upon the director's completion of one year of board service measured from the grant date.

The following table illustrates the compensation earned or paid to our non-management directors during 2009:

Compensation Committee Interlocks and Insider Participation

No member of our compensation committee serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as members of our board of directors or compensation committee.

Potential Payments Upon Termination of Employment and Change in Control

We have entered into an employment agreement with Andrew C. Levy. Under the agreement, Mr. Levy would receive twelve months severance pay in the event of termination without cause, resignation for good reason or a change in control. In the event of a change in control, the severance would be paid in a lump sum. In the event of a termination without cause or resignation for good reason, the severance would be payable over the ensuing 12 months along with the fringe benefits to which he is entitled under the agreement. In addition, any unvested equity grants, including restricted stock, stock options and SARs, would vest immediately upon a termination without cause, resignation for good reason or change in control except that the vesting of only a proportionate part of the October 2009 grants would accelerate if a change of control transaction is entered into prior to October 16, 2010. If such a termination, resignation or change of control had occurred on December 31, 2009, Mr. Levy would have realized approximately \$1,102,000 from an acceleration of vesting of his theretofore unvested stock options (82,000 shares), restricted stock (27,926 shares) and SARs (75,000 shares) held as of December 31, 2009, based on the \$47.17 closing stock price on that date.

REPORT OF THE COMPENSATION COMMITTEE

The compensation committee is responsible for, among other things, reviewing and approving salary, bonus and other compensation for our executive officers, and setting the overall compensation principles that guide the committee's decision-making. The compensation committee has reviewed the Compensation Discussion and Analysis ("CD&A") included in this proxy statement and discussed it with management. Based on the review and discussions with management, the compensation committee recommended to our board of directors that the CD&A be included in this proxy statement.

The foregoing report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

RELATED PARTY TRANSACTIONS

Since January 1, 2009, we have been a party to the following transactions in which the amount involved exceeded \$120,000 and in which any of our directors or executive officers, any holder of more than 5% of our capital stock or any member of their immediate families had a direct or indirect material interest.

The building in which we maintain our headquarters is under a lease agreement with an entity owned by a limited partnership in which certain of our directors and one former officer (Maurice J. Gallagher, Jr., Timothy P. Flynn, John Redmond and M. Ponder Harrison) own a 57% interest as limited partners. In June 2008, we obtained additional office space in the leased building through an amendment to the existing lease agreement with the landlord. The amended lease agreement has a ten year term. In June 2008, we entered into a lease agreement for office space to be used as our training facility which is located in a building adjacent to the location of our headquarters. The second building is also owned by an entity owned by the same limited partnership. The lease agreement for the second building is for a ten year term. During 2009, we paid approximately \$1,940,000 to the landlords under those arrangements. The disinterested members of our board and audit committee have determined that the terms for the lease agreements are at least as favorable as we could receive in arms' length transactions.

All future transactions, including loans, if any, between us and our officers, directors and principal stockholders and their affiliates and any transactions between us and any entity with which our officers, directors or five percent stockholders are affiliated, will be approved by a majority of the board of directors, including a majority of the independent and disinterested outside directors, and will be on terms no less favorable to us than could be obtained from unaffiliated third parties.

**RATIFICATION OF THE SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

The audit committee of our board of directors has selected Ernst & Young, LLP, an independent registered public accounting firm, to audit our financial statements for the year ending December 31, 2010. Ernst & Young, LLP has audited our financial statements since 2003. At the meeting, our stockholders will be asked to ratify the selection of Ernst & Young, LLP as our independent registered public accountants for 2010.

Although there is no requirement we submit the appointment of independent registered public accountants to stockholders for ratification or that the appointed auditors be terminated if the ratification fails, our audit committee will consider the appointment of other independent registered public accountants if the stockholders choose not to ratify the appointment of Ernst & Young, LLP and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, however, the audit committee of our board of directors may, in its discretion, direct the appointment of different independent registered accountants during the year, if the audit committee determines such a change would be in our best interests.

Representatives of Ernst & Young LLP are expected to be available in person during the annual meeting and while they do not plan to make a statement (although they will have the opportunity to do so), they will be available to respond to appropriate questions from stockholders.

Our board of directors recommends you vote FOR ratification of the appointment of Ernst & Young, LLP as our independent registered public accountants.

The current policy of our audit committee requires pre-approval from our audit committee of the non-audit services in advance of the engagement and the audit committee's responsibilities in this regard may not be delegated to management.
