SPECIAL NOTE ABOUT FORWARD-LOOKING STATEMENTS

Certain statements in this Annual Report on Form 10-K, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives and expected operating results, and the assumptions upon which those statements are based, are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements generally are identified by the use of the words "believe," "project," "expect," "anticipate," "estimate," "plan," "may," "will," "will continue," "intend," "should," "may" or similar expressions. Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, beliefs and expectations, such forward-looking statements are not predictions of future events or guarantees of future performance and our actual results could differ materially from those set forth in the forward-looking statements. Some factors that might cause such a difference include the following: the current global economic uncertainty, increased direct competition, changes in government regulations or accounting rules, changes in local, national and global real estate conditions, declines in the lodging industry, seasonality of the lodging industry, risks related to natural disasters, such as earthquakes and hurricanes, hostilities, including future terrorist attacks or fear of hostilities that affect travel, our ability to obtain lines of credit or permanent financing on satisfactory terms, changes in interest rates, access to capital through offerings of our common and preferred shares of beneficial interest, or debt, our ability to identify suitable acquisitions, our ability to close on identified acquisitions and integrate those businesses and inaccuracies of our accounting estimates. A discussion of these and other risks and uncertainties that could cause actual results and events to differ materially from such forward-looking statements is included in "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" of this Annual Report on Form 10-K. Given these uncertainties, undue reliance should not be placed on such statements. Except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Except where the context suggests otherwise, we define certain terms in this Annual Report on Form 10-K as follows:

"our company," "we," "us" and "our" refer to RLJ Lodging Trust, a Maryland real estate investment trust, together with its consolidated subsidiaries, including RLJ Lodging Trust, L.P., a Delaware limited partnership, which we refer to as "our operating partnership";

"our predecessor" collectively refers to RLJ Development, LLC, or RLJ Development, and two lodging-focused private equity funds that were sponsored and managed by RLJ Development, RLJ Lodging Fund II, L.P. (and its parallel fund), or collectively, Fund II, and RLJ Real Estate Fund III, L.P. (and its parallel fund), or collectively, Fund III, all of which were entities under the common control of Robert L. Johnson, our Executive Chairman;

"our hotels" refers to the 145 hotels owned by us as of December 31, 2012;

"our formation transactions" refers to a series of transactions in which, among other things, (1) our company was formed, (2) our operating partnership was formed, (3) each of Fund II and Fund III were merged with and into our company, with investors in each of Fund II and Fund III receiving common shares as consideration, and (4) RLJ Development contributed substantially all of its assets and liabilities to our operating partnership in exchange for units of limited partnership interest in our operating partnership, or OP units;

a "compact full-service hotel" typically refers to any hotel with (1) less than 300 guestrooms and less than 12,000 square feet of meeting space or (2) more than 300 guestrooms where, unlike traditional full-service hotels, the operations focus primarily on the rental of guestrooms such that a significant majority of its total revenue is generated from room rentals rather than other sources, such as food and beverage;

Table of Contents

a "focused-service hotel" typically refers to any hotel where the operations focus primarily on the rental of guestrooms and that offers services and amenities to a lesser extent than a typical full-service or compact full-service hotel. For example, a focused-service hotel may have a restaurant, but, unlike a restaurant in a typical full-service or compact full-service hotel, it may not offer three meals per day and may not offer room service. In addition, a focused-service hotel differs from a compact full-service hotel in that it typically has less than 2,000 square feet of meeting space, if any at all; and

"TRSs" refers to our taxable REIT subsidiaries that are wholly-owned, directly or indirectly, by our operating partnership and any disregarded subsidiaries of our TRSs.

"RevPAR penetration index" of our hotels is the measure of each hotel's revenue per available room, or RevPAR, in relation to the average RevPAR of that hotel's competitive set. Each hotel's competitive set consists of a small group of hotels in the relevant market that we and the third-party hotel management company that manages the hotel believe are comparable for purposes of benchmarking the performance of such hotel.

Item 1. Business

Our Company

We are a self-advised and self-administered Maryland real estate investment trust, or REIT, that acquires primarily premium-branded, focused-service and compact full-service hotels. We are one of the largest U.S. publicly-traded lodging REITs in terms of both number of hotels and number of rooms. Our hotels are concentrated in urban and dense suburban markets that we believe exhibit multiple demand generators and high barriers to entry. We believe focused-service and compact full-service hotels with these characteristics generate high levels of RevPAR, strong operating margins and attractive returns.

As of December 31, 2012, we, through wholly-owned subsidiaries, owned 100% of the interests in 144 hotels and a 95% interest in one hotel. Our 145 hotels are made up of 21,617 suites/rooms and are located in 21 states and the District of Columbia.

We elected to be taxed as a REIT, for U.S. federal income tax purposes, when we filed our U.S. federal tax return for the taxable year ended December 31, 2011. Substantially all of our assets are held by, and all of our operations are conducted through, our operating partnership. We are the sole general partner of our operating partnership. As of December 31, 2012, we owned, through a combination of direct and indirect interests, 99.2% of the OP units in our operating partnership.

Our Investment and Growth Strategies

Our objective is to generate strong returns for our shareholders by continuing to acquire primarily premium-branded, focused-service hotels and compact full-service hotels at prices where we believe we can generate attractive returns on investment and long-term value appreciation through proactive asset management. We intend to pursue acquisitions of these hotels in urban and dense suburban markets, and we also intend to selectively dispose of properties when we believe returns have been maximized in order to redeploy capital into more accretive acquisitions and other opportunities. We intend to pursue this objective through the following investment and growth strategies:

Investment Strategies

Targeted ownership of premium-branded, focused-service and compact full-service hotels. We believe that premium-branded, focused-service hotels have the potential to generate attractive returns relative to other types of hotels due to their ability to achieve RevPAR levels at or close to those generated by traditional full-service hotels, while achieving higher profit margins due to their

Table of Contents

more efficient operating model and less volatile cash flows. We also may acquire compact full-service hotels which have operating characteristics that resemble those of focused-service hotels.

Use of premium hotel brands. We believe in affiliating our hotels with premium brands owned by leading international franchisors such as Marriott, Hilton and Hyatt. Within the focused-service category, we target hotels affiliated with premium brands such as Courtyard by Marriott, Residence Inn by Marriott, Hilton Garden Inn, Homewood Suites by Hilton and Hyatt Place. We believe that utilizing premium brands provides significant advantages because of their guest loyalty programs, worldwide reservation systems, effective product segmentation, global distribution and strong customer awareness.

Focus on urban and dense suburban markets. We focus on owning and acquiring hotels in both urban and dense suburban markets that we believe have multiple demand generators and high barriers to entry. As a result, we believe that these hotels generate higher returns on investment.

Growth Strategies

Maximize returns from our hotels. We believe that our hotels have the potential to generate significant improvements in RevPAR and earnings before interest, taxes, depreciation and amortization, or EBITDA, as a result of our proactive asset management and the ongoing economic recovery in the United States. We actively monitor and advise our third-party hotel management companies on most aspects of our hotels' operations, including property positioning, physical design, capital planning and investment, guest experience and overall strategic direction. We regularly review opportunities to invest in our hotels in an effort to enhance the quality and attractiveness of our hotels, increase their long-term value and generate attractive returns on investment.

Pursue a disciplined hotel acquisition strategy. We seek to acquire additional hotels at prices below replacement cost where we believe we can generate attractive returns on investment. We intend to target acquisition opportunities where we can enhance value by pursuing proactive investment strategies such as renovation, repositioning or rebranding.

Pursue a disciplined capital recycling program. We intend to continue to pursue a disciplined capital allocation strategy designed to maximize the value of our investments by selectively selling hotels that are no longer consistent with our investment strategy or whose returns appear to have been maximized. To the extent that we sell hotels, we intend to redeploy the capital into acquisition and investment opportunities that we believe will achieve higher returns.

Our Hotels

Overview

As of December 31, 2012, we owned a high-quality portfolio of 145 hotels located in 21 states and the District of Columbia comprised of over 21,600 rooms. Including certain pro forma operating information, for the year ended December 31, 2012, the average occupancy rate for our hotels was 72.9%, and the average daily rate, or ADR, and RevPAR of our hotels were \$134.05 and \$97.71, respectively. No single hotel accounted for more than 7.4% of our total revenue for the year ended December 31, 2012.

We believe that the quality of our portfolio is evidenced by the RevPAR penetration index of 111.2 for our hotels for the year ended December 31, 2012 and portfolio-wide guest satisfaction scores that are consistently higher than the average industry scores for their respective brands.

Asset Management

We have a dedicated team of asset management professionals that proactively work with our third-party hotel management companies to maximize profitability at each of our hotels. Our asset management team monitors the performance of our hotels on a daily basis and holds frequent ownership meetings with personnel at the hotels. Our asset management team works closely with our third-party hotel management companies on key aspects of each hotel's operation, including, among others, revenue management, market positioning, cost structure, capital and operational budgeting as well as the identification of return on investment initiatives and overall business strategy. In addition, we retain approval rights on key staffing positions at many of our hotels, such as the hotel's general manager and director of sales. We believe that our strong asset management process helps to ensure that each hotel is being operated to our and our franchisors' standards, that our hotels are being adequately maintained in order to preserve the value of the asset and the safety of the hotel to customers, and that our hotel management companies are maximizing revenue and enhancing operating margins.

Competition

The U.S. lodging industry is highly competitive. Our hotels compete with other hotels for guests in each of their markets on the basis of several factors, including, among others, location, quality of accommodations, convenience, brand affiliation, room rates, service levels and amenities, and level of customer service. Competition is often specific to the individual markets in which our hotels are located and includes competition from existing and new hotels operated under premium brands in the focused-service and full-service segments. We believe that hotels, such as our hotels, that are affiliated with leading national brands, such as the Marriott, Hilton or Hyatt brands, will enjoy the competitive advantages associated with operating under such brands. Increased competition could harm our occupancy and revenues and may require us to provide additional amenities or make capital improvements that we otherwise would not have to make, which may materially and adversely affect our operating results and liquidity.

We face competition for the acquisition of hotels from institutional pension funds, private equity funds, REITs, hotel companies and others who are engaged in the acquisition of hotels. Some of these competitors may have substantially greater financial and operational resources and access to capital than we have and may have greater knowledge of the markets in which we seek to invest. This competition may reduce the number of suitable investment opportunities offered to us and decrease the attractiveness of the terms on which we may acquire our targeted hotel investments, including the cost thereof.

Seasonality

The lodging industry is seasonal in nature, which can be expected to cause quarterly fluctuations in our revenues. Our quarterly earnings may be adversely affected by factors outside our control, including weather conditions and poor economic factors in certain markets in which we operate. For example, our hotels in the Chicago, Illinois metropolitan area experience lower revenues and profits during the winter months of December through March while our hotels in Florida generally have higher revenues in the months of January through April. This seasonality can be expected to cause periodic fluctuations in a hotel's room revenues, occupancy levels, room rates, operating expenses and cash flows.

Our Financing Strategy

We expect to continue to maintain a prudent capital structure by limiting our net debt-to-EBITDA to a ratio of 5.0x or below. We define net debt as total indebtedness minus cash and cash equivalents. Over time, we intend to finance our long-term growth with equity issuances and debt financing having

Table of Contents

staggered maturities. We will seek to primarily utilize unsecured debt (with the ultimate goal of achieving an investment grade credit rating) and a greater percentage of fixed rate and hedged floating rate debt relative to unhedged floating rate debt. Our debt currently is comprised of both unsecured debt and mortgage debt secured by our hotels. We have a mix of fixed and floating rate debt; however, the majority of our debt either bears interest at fixed rates or effectively bears interest at fixed rates due to interest rate hedges on the debt.

Our Indebtedness

As of December 31, 2012, we had approximately \$997.7 million of outstanding mortgage debt and \$400.0 million in outstanding unsecured term loans. In addition, on November 20, 2012, we, through our operating partnership, entered into a four-year, \$300.0 million unsecured revolving credit facility, or our unsecured revolving credit facility, to fund future acquisitions, as well as for hotel redevelopments, capital expenditures and general corporate purposes. As of December 31, 2012, \$16.0 million was drawn on our unsecured revolving credit facility. For more information regarding our indebtedness, see "Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources Our Outstanding Mortgage Indebtedness."

Organizational Structure

We were formed as a Maryland real estate investment trust in January 2011. We conduct our business through a traditional umbrella partnership real estate investment trust, or UPREIT, in which our hotels are indirectly owned by our operating partnership, RLJ Lodging Trust, L.P., through limited partnerships, limited liability companies or other subsidiaries. We are the sole general partner of our operating partnership and as of December 31, 2012, we owned 99.2% of the OP units in our operating partnership. In the future, we may issue OP units from time to time in connection with acquisitions of hotels or for financing, compensation or other reasons.

In order for the income from our hotel operations to constitute "rents from real property" for purposes of the gross income tests required for REIT qualification, we cannot directly or indirectly operate any of our hotels. Accordingly, we lease each of our hotels, and intend to lease any hotels we acquire in the future, to subsidiaries of our TRSs, or TRS lessees, which are wholly-owned by us, and our TRS lessees have engaged, or will engage, third-party hotel management companies to manage our hotels, and any hotels we acquire in the future, on market terms. Our TRS lessees pay rent to us that we intend to treat as "rents from real property," provided that the third-party hotel management companies engaged by our TRS lessees to manage our hotels are deemed to be "eligible independent contractors" and certain other requirements are met. Our TRSs are subject to U.S. federal, state and local income taxes applicable to corporations.

Table of Contents

The following chart generally depicts our corporate structure as of December 31, 2012:

-
- (1) Reflects OP units issued to RLJ Development, an entity in which each of Messrs. Johnson, Baltimore and Bierkan hold an equity interest, as consideration for substantially all of RLJ Development's assets and liabilities, which were contributed to us in connection with our formation transactions.

Regulation

General

Our hotels are subject to various U.S. federal, state and local laws, ordinances and regulations, including regulations relating to common areas and fire and safety requirements. We believe that each of our hotels has the necessary permits and approvals to operate its business.

Americans with Disabilities Act

Our hotels must comply with applicable provisions of the Americans with Disabilities Act of 1990, or ADA, to the extent that such hotels are "public accommodations" as defined by the ADA. The ADA may require removal of structural barriers to access by persons with disabilities in certain public areas of our hotels where such removal is readily achievable. We believe that our hotels are in substantial compliance with the

Edgar Filing: RLJ Lodging Trust - Form 10-K

ADA and that we will not be required to make substantial capital expenditures to address the requirements of the ADA. However, non-compliance with the ADA could

Table of Contents

result in imposition of fines or an award of damages to private litigants. The obligation to make readily achievable accommodations is an ongoing one, and we will continue to assess our hotels and to make alterations as appropriate in this respect.

Environmental Matters

Under various laws relating to the protection of the environment, a current or previous owner or operator (including tenants) of real estate may be subject to liability related to contamination resulting from the presence or discharge of hazardous or toxic substances at that property and may be required to investigate and clean up such contamination at that property or emanating from that property. These costs could be substantial and liability under these laws may attach without regard to whether the owner or operator knew of, or was responsible for, the presence of the contaminants, and the liability may be joint and several. The presence of contamination or the failure to remediate contamination at our hotels may expose us to third-party liability for cleanup costs, property damage or bodily injury, natural resource damages and costs or expenses related to liens or property use restrictions and materially and adversely affect our ability to sell, lease or develop the real estate or to incur debt using the real estate as collateral. Furthermore, persons who sent waste to a waste disposal facility, such as a landfill or an incinerator, may be liable for costs associated with cleanup of that facility.

Our hotels are subject to various federal, state, and local environmental, health and safety laws and regulations that address a wide variety of issues, including, but not limited to, storage tanks, air emissions from emergency generators, storm water and wastewater discharges, lead-based paint, mold and mildew and waste management. Our hotels incur costs to comply with these laws and regulations and could be subject to fines and penalties for non-compliance. The costs of complying with environmental, health and safety laws could increase as new laws are enacted and existing laws are modified.

Some of our hotels contain asbestos-containing building materials. We believe that the asbestos is appropriately contained, in accordance with current environmental regulations and that we have no need for any immediate remediation or current plans to remove the asbestos. Environmental laws require that owners or operators of buildings with asbestos-containing building materials properly manage and maintain these materials, adequately inform or train those who may come into contact with asbestos and undertake special precautions, including removal or other abatement, in the event that asbestos is disturbed during building renovation or demolition. These laws may impose fines and penalties on building owners or operators for failure to comply with these requirements. In addition, third parties may seek recovery from owners or operators for personal injury associated with exposure to asbestos-containing building materials.

Some of our hotels may contain or develop harmful mold or suffer from other adverse conditions, which could lead to liability for adverse health effects and costs of remediation. The presence of significant mold or other airborne contaminants at any of our hotels could require us to undertake a costly remediation program to contain or remove the mold or other airborne contaminants from the affected hotel or increase indoor ventilation. In addition, the presence of significant mold or other airborne contaminants could expose us to liability from guests or employees at our hotels and others if property damage or health concerns arise.

Insurance

We carry comprehensive general liability, fire, extended coverage, business interruption, rental loss coverage and umbrella liability coverage on all of our hotels and earthquake, wind, flood and hurricane coverage on hotels in areas where we believe such coverage is warranted, in each case with limits of liability that we deem adequate. Similarly, we are insured against the risk of direct physical damage in amounts we believe to be adequate to reimburse us, on a replacement basis, for costs incurred to repair

Edgar Filing: RLJ Lodging Trust - Form 10-K

Table of Contents

or rebuild each hotel, including loss of rental income during the reconstruction period. We have selected policy specifications and insured limits which we believe to be appropriate given the relative risk of loss, the cost of the coverage and industry practice. We do not carry insurance for generally uninsured losses, including, but not limited to losses caused by riots, war or acts of God. In the opinion of our management, our hotels are adequately insured.

Employees

As of December 31, 2012 we had 53 employees.

Item 1A. Risk Factors

Set forth below are the risks that we believe are material to our shareholders. You should carefully consider the following risks in evaluating our Company and our business. The occurrence of any of the following risks could materially adversely impact our financial condition, results of operations, cash flow, the market price of our common shares and our ability to, among other things, satisfy our debt service obligations and to make distributions to our shareholders, which in turn could cause our shareholders to lose all or a part of their investment. Some statements in this report including statements in the following risk factors constitute forward-looking statements. Please refer to the section entitled "Special Note About Forward-Looking Statements" at the beginning of our Annual Report on Form 10-K.

Risks Related to Our Business and Properties

We will continue to be significantly influenced by the economies and other conditions in the specific markets in which we operate, particularly in the metropolitan areas where we have high concentrations of hotels.

Our hotels located in the New York, New York, Chicago, Illinois, Austin, Texas, Denver-Boulder, Colorado, Louisville, Kentucky, and the Baltimore, Maryland-Washington, D.C. metropolitan areas accounted for approximately 15.8%, 12.1%, 10.5%, 8.8%, 6.5%, and 5.8%, respectively, of our total revenue for the fiscal year ended December 31, 2012. As a result, we are particularly susceptible to adverse market conditions in these areas, including industry downturns, relocation of businesses and

any oversupply of hotel rooms or a reduction in lodging demand. Adverse economic developments in the markets in which we have a concentration of hotels, or in any of the other markets in which we operate, or any increase in hotel supply or decrease in lodging demand resulting from the local, regional or national business climate, could materially and adversely affect us.

We are dependent on the performance of the third-party hotel management companies that manage the operations of each of our hotels and could be materially and adversely affected if such third-party managers do not manage our hotels in our best interests.

Because federal income tax laws restrict REITs and their subsidiaries from operating or managing hotels, we do not operate or manage our hotels. Instead, we lease all of our hotels to subsidiaries of our TRSs, and our TRS lessees retain third-party managers to operate our hotels pursuant to management agreements. We have entered into individual hotel management agreements for our hotels, 104 of which are with White Lodging Services, or WLS. We could be materially and adversely affected if any of our third-party managers fail to provide quality services and amenities, fail to maintain a quality brand name or otherwise fail to manage our hotels in our best interest. In addition, from time to time, disputes may arise between us and our third-party managers regarding their performance or compliance with the terms of the hotel management agreements, which in turn could adversely affect our results of operations. We generally will attempt to resolve any such disputes through discussions and negotiations; however, if we are unable to reach satisfactory results through discussions and negotiations, we may choose to terminate our management agreement, litigate the dispute or submit the matter to third-party dispute resolution, the outcome of which may be unfavorable to us.

Under the terms of the hotel management agreements, our ability to participate in operating decisions regarding our hotels is limited to certain matters, including approval of the annual operating budget, and we do not have the authority to require any hotel to be operated in a particular manner (for instance, setting room rates). While our TRS lessees closely monitor the performance of our third-party managers, our general recourse under the hotel management agreements is limited to termination upon sixty days' notice if we believe our third-party managers are not performing adequately. For example, we have a right to terminate a management agreement with WLS, our largest provider of management services, if WLS fails to achieve certain hotel performance criteria measured over any two consecutive fiscal years, as outlined in each WLS management agreement. However, even if WLS fails to perform under the terms of a management agreement, it has the option (exercisable a maximum of three times per hotel) to avoid a performance termination by paying a performance deficit fee as specified in the management agreement.

In the event that we terminate any of our management agreements, we can provide no assurances that we could find a replacement manager or that our franchisors will consent to a replacement manager in a timely manner, or at all, or that any replacement manager will be successful in operating our hotels. Furthermore, if WLS, as our largest provider of management services, is financially unable or unwilling to perform its obligations pursuant to our management agreements, our ability to find a replacement manager or managers for our WLS-managed hotels could be challenging and time consuming, depending on the number of WLS-managed hotels affected, and could cause us to incur significant costs to obtain new management agreements for the affected hotels. Accordingly, if we lose a significant number of our WLS management agreements, we could be materially and adversely affected. In addition, many of our existing franchise agreements provide the franchisor with a right of first offer in the event of certain sales or transfers of a hotel and provide that the franchisor has the right to approve any change in the hotel management company engaged to manage the hotel. If any of the foregoing were to occur, it could have a material adverse effect on us.

Restrictive covenants in certain of our hotel management and franchise agreements contain provisions limiting or restricting the sale or financing of our hotels, which could have a material adverse effect on us.

Hotel management and franchise agreements typically contain restrictive covenants that limit or restrict our ability to sell or refinance a hotel without the consent of the hotel management company or franchisor. Many of our franchise agreements provide the franchisor with a right of first offer in the event of certain sales or transfers of a hotel and provide that the franchisor has the right to approve any change in the hotel management company engaged to manage the hotel. Generally, we may not agree to sell, lease or otherwise transfer particular hotels unless the transferee is not a competitor of the hotel management company or franchisor and the transferee assumes the related hotel management and franchise agreements. For example, substantially all of our management agreements with WLS provide that any sale of a hotel to a purchaser who does not meet all of the requirements under the applicable franchise agreement associated with such hotel must be first approved by WLS. If the hotel management company or franchisor does not consent to the sale or financing of our hotels, we may be prohibited from taking actions that would otherwise be in our and our shareholders' best interests.

Substantially all of our hotels operate under either Marriott or Hilton brands; therefore, we are subject to risks associated with concentrating our portfolio in just two brand families.

133 of the 145 hotels that we owned as of December 31, 2012 utilize brands owned by Marriott or Hilton. As a result, our success is dependent in part on the continued success of Marriott and Hilton and their respective brands. We believe that building brand value is critical to increase demand and build customer loyalty. Consequently, if market recognition or the positive perception of Marriott and/or Hilton is reduced or compromised, the goodwill associated with the Marriott- and Hilton-branded hotels in our portfolio may be adversely affected. Furthermore, if our relationship with Marriott or Hilton were to deteriorate or terminate as a result of disputes regarding the management of our hotels or for other reasons, Marriott and/or Hilton could, under certain circumstances, terminate our current franchise licenses with them or decline to provide franchise licenses for hotels that we may acquire in the future. If any of the foregoing were to occur, it could have a material adverse effect on us.

Our long-term growth depends in part on successfully identifying and consummating acquisitions of additional hotels and the failure to make such acquisitions could materially impede our growth.

We can provide no assurances that we will be successful in identifying attractive hotels or that, once identified, we will be successful in consummating an acquisition. We face significant competition for attractive investment opportunities from other well-capitalized investors, some of which have greater financial resources and a greater access to debt and equity capital to acquire hotels than we do. This competition increases as investments in real estate become increasingly attractive relative to other forms of investment. As a result of such competition, we may be unable to acquire certain hotels that we deem attractive or the purchase price may be significantly elevated or other terms may be substantially more onerous. In addition, we expect to finance future acquisitions through a combination of borrowings under our unsecured revolving credit facility, the use of retained cash flows, and offerings of equity and debt securities, which may not be available on advantageous terms, or at all. Any delay or failure on our part to identify, negotiate, finance on favorable terms, consummate and integrate such acquisitions could materially impede our growth.

The departure of any of our key personnel who have significant experience and relationships in the lodging industry, including Robert L. Johnson, Thomas J. Baltimore, Jr. and Ross H. Bierkan, could materially and adversely affect us.

We depend on the experience and relationships of our senior management team, especially Robert L. Johnson, Executive Chairman of our board of trustees, Thomas J. Baltimore, Jr., our
