PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 19, 2008

NORTHERN OIL AND GAS, INC.

We are a growth-oriented independent energy company engaged in the acquisition, exploration, exploitation and development of oil and natural gas properties, and have focused our activities primarily on projects based in the Rocky Mountain Region of the United States, specifically the Williston Basin. We have targeted specific prospects and began drilling for oil in the Williston Basin region in the fourth fiscal quarter of 2007. As of March 31, 2008, we have completed six successful discoveries, consisting of four targeting the Bakken formation and one targeting a Red River Structure. Our principal executive offices are located at 315 Manitoba Ave., Suite 200 in Wayzata, Minnesota 55391, and our telephone number is (952) 476-9800.

THE ANNUAL MEETING

We are furnishing you this proxy statement in connection with the solicitation of proxies by our board of directors in connection with the Annual Meeting of Shareholders of Northern Oil and Gas, Inc. to be held on May 19, 2008 at 10:00 a.m., local time, in the second floor banquet room at NorthCoast located at 294 East Grove Lane in Wayzata, Minnesota. No cameras or recording equipment will be permitted at the meeting.

Definitive copies of this proxy statement and related proxy card are first being sent on or about May 1, 2008 to all shareholders of record at the close of business on April 18, 2008 (the "record date"). On the record date there were 29,060,970 shares of our common stock outstanding and entitled to vote at the meeting, which were held by approximately 493 holders of record.

Quorum; Abstentions; Broker Non-Votes

A quorum is necessary to hold a valid meeting. The attendance by proxy or in person of holders of one-half of the total voting power of the outstanding shares of the Company's common stock entitled to vote, represented in person or by proxy, is required to constitute a quorum to hold the meeting. Abstentions and broker non-votes are counted as present for establishing a quorum, but are not counted towards approval of the proposal to which such abstention or non-vote relates. A broker non-vote occurs when a broker votes on some matter on the proxy card but not on others because the broker does not have the authority to do so.

If a properly executed proxy is returned and the shareholder has not indicated how the shares are to be voted at the meeting, the shares represented by such proxy will be considered present at the meeting for purposes of determining a quorum and will be voted in favor of each proposal presented at the meeting. If a properly executed proxy is returned and the shareholder has withheld authority to vote for one or more nominees or voted against or abstained from voting on the ratification of our independent reregistered public accountants, the shares represented by such proxy will be considered present at the meeting for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have been voted in favor of such matter.

VOTING INSTRUCTIONS

You are entitled to one vote for each share of common stock that you own as of the close of business on the record date. Please carefully read the instructions below on how to vote your shares. Because the instructions vary depending on how you hold your shares, it is important that you follow the instructions that apply to your particular situation.

If Your Shares are Held in Your Name

Voting by proxy. Even if you plan to attend the meeting, please execute the proxy promptly by signing, dating and returning the enclosed proxy card by mail in the return envelope provided.

Voting in person at the meeting. If you plan to attend the meeting, you can vote in person. In order to vote at the meeting, you will need to bring your share certificates or other evidence of your share ownership with you to the meeting.

Revoking your proxy. As long as your shares are registered in your name, you may revoke your proxy at any time before it is exercised at the meeting. There are several ways you can do this:

- by filing a written notice of revocation with our Corporate Secretary prior to commencement of the meeting;
- by submitting another proper proxy with a more recent date than that of the proxy first given by signing, dating and returning a proxy card to our company by mail; or
- by attending the meeting and voting in person.

If Your Shares are Held in “Street Name”

Voting by proxy. If your shares are registered in the name of your broker or nominee, you will receive instructions from the holder of record that you must follow in order for your shares to be voted.

Voting in person at the meeting. If you plan to attend the meeting and vote in person, you should contact your broker or nominee to obtain a broker’s proxy card and bring it and your account statement or other evidence of your share ownership with you to the meeting.

Revoking your proxy. If your shares are held in street name, you must contact your broker to revoke your proxy.

Voting Rules

By giving us your proxy, you authorize the individuals named on the proxy card to vote your shares in the manner you indicate at the meeting or any adjournments thereof. Shares represented by a proxy properly submitted prior to the meeting will be voted at the meeting in the manner specified on such proxy. With respect to the election of directors at the meeting, you may:

- vote “for” the election of all nominees;

- “withhold authority” from voting for all nominees; or
- “withhold authority” from voting for any one or more particular nominees.

With respect to the reatification of the appointment of our independent registered public accountants, , you may:

- vote “for” the proposal;
- vote “against” the proposal; or
- “abstain” from voting on the proposal.

If you return your proxy but do not specify how you want to vote your shares at the meeting, your shares will be voted in favor of such matter.

If a quorum is present at the meeting, nominees receiving the affirmative vote of the majority of the voting power represented by shares at the meeting and entitled to vote will be elected to serve as directors. Because of this rule, failure to submit a proxy prior to the meeting will not affect the outcome of the election of directors, provided a quorum is present to conduct the meeting.

We will bear the cost of soliciting proxies. In addition to this notice by mail, we request and encourage brokers, custodians, nominees and others to supply proxy materials to shareholders, and we will reimburse them for their expenses. Our officers and employees may, by letter, telephone, facsimile, electronic mail, or in person, make additional requests for the return of proxies, although we do not reimburse our own employees for soliciting proxies. We do not intend to engage any outside party to assist us with soliciting proxies in connection with the Annual Meeting.

Voting List

Our Bylaws require that we make available inspection by any shareholder, at least ten (10) days before each meeting of the shareholders, a complete list of the shareholders entitled to vote at such meeting or any adjournment thereof, for a period of ten (10) days prior to such meeting and during the whole time of the meeting. Such list shall be available for inspection during normal business hours by appropriate parties at our principal executive offices located at 315 Manitoba Ave., Suite 200, Wayzata, Minnesota 55391. If you would like to review such list, please contact Investor Relations in advance via telephone at (952) 476-9800 or by mail to Northern Oil and Gas, Inc., 315 Manitoba Ave., Suite 200, Wayzata, Minnesota 55391, Attention: Investor Relations.

Tabulating the Vote

Our transfer agent—Standard Registrar and Transfer Company—will tabulate votes in preparation for the meeting. Our officers and employees will act as inspectors of election at the meeting. All votes received prior to the meeting date will be tabulated by our transfer agent, who will separately tabulate affirmative votes, abstentions and broker non-votes. All votes cast at the meeting will be tabulated by our officers and employees, who will separately tabulate affirmative votes, abstentions and broker non-votes.

Our Nominating Committee currently consists of two independent directors and one director who is not independent—namely, Carter Stewart—whose membership on our Nominating Committee was permitted by the board of directors due to his extensive experience in the oil and natural gas industry and his unique knowledge of individuals and companies that constitute candidates for future employment or engagement by the Company.

Ryan R. Gilbertson	Chief Financial Officer and Director
Chad Winter	Internal Operations Manager

Prior to March 20, 2007, our name was "Kentex Petroleum, Inc.," a Nevada corporation incorporated on October 5, 2006. Our company took its present form on March 20, 2007, when Northern Oil and Gas, Inc. ("NOG"), a Nevada corporation engaged in our current business, merged with and into our subsidiary, with NOG remaining as the surviving corporation. NOG then merged into us, and we were the surviving corporation. We then changed our name to Northern Oil and Gas, Inc.

The individuals who comprised our management and board of directors prior to March 20, 2007, resigned in connection with our merger with NOG. Messrs. Reger and Gilbertson assumed the positions of Chief Executive Officer and Chief Financial Officer, respectively, on March 20, 2007, following the merger of NOG. Mr. Winter joined our company on November 1, 2007, as Internal Operations Manager to assist Messrs. Reger and Gilbertson with executing their various responsibilities. Mr. Winter is not considered an executive officer (though he is a "named executive officer" pursuant to Item 402(m)(2) of Regulation S-K) because his position does not entail any specific policy-making function or authority.

None of our named executive officers received any salary during fiscal years 2006 or 2007. Each named executive officer did, however, receive certain stock option grants pursuant to our Incentive Stock Option Plan, which was originally adopted by NOG and was assumed by our company in connection with the March 20, 2007, merger.

Employment Contracts, Termination of Employment and Change-in-Control

In November 2007, we entered into an employment agreement with Chad Winter as a condition to his employment with our company. The employment agreement entitles Mr. Winter to receive an annual base salary of \$105,000 and such bonuses as may be determined appropriate in the sole discretion of our board of directors from time-to-time. The employment agreement also set forth the stock grant and stock option grant described in the Summary Compensation Table below. Mr. Winter's employment agreement does not contain any change in control or severance provisions.

In January 2008, we entered into employment agreements with Mr. Reger and Mr. Gilbertson covering their service as our Chief Executive Officer and Chief Financial Officer, respectively. The employment agreements entitle Messrs. Reger and Gilbertson to each receive an annual base salary of \$185,000 (payable retroactive to January 1, 2008) subject to annual increases, a signing bonus of \$100,000, and an annual bonus of up to twice the amount of their annual salary for each year as determined in the discretion of our Compensation Committee or board of directors based upon meeting or exceeding agreed upon performance objectives. In addition, Messrs. Reger and Gilbertson are each entitled to receive a lump sum payment equal to twice their then annual salary in the event of the termination of employment following a change of control of our company and a lump sum payment equal to their then-applicable annual salary in the event of termination of employment by our company for any reason other than death. The employment agreements also contain provisions prohibiting Messrs. Reger and Gilbertson from competing with our

company or soliciting any employees of our company for a period of one year following termination of their employment in the event either officer terminates his employment with our company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of our board consists of three non-employee directors. Our general responsibilities are described under the caption “Our Board of Directors and Committees.”

Compensation Committee Activities

As the Compensation Committee, we authorize and evaluate programs and, where appropriate, establish relevant performance criteria to determine management compensation. Our Compensation Committee Charter grants the Compensation Committee full authority to review and approve annual base salary and incentive compensation levels, employment agreements, and benefits of executive officers and other key executives.

In 2007, we established formal performance objectives for the purpose of determining the extent and propriety of awarding bonuses to Michael Reger and Ryan Gilbertson as our Chief Executive Officer and Chief Financial Officer, respectively, pursuant to such officers’ employment agreements. Such objectives were established following several discussions between our Committee Chairperson and executive management and after considering the various business objectives (including, but not limited to, production and profitability objectives) of our company for the 2008 fiscal year.

We intend to annually adopt performance criteria to measure the performance of Northern Oil and Gas’ executive management and determine the appropriateness of awarding year-end cash bonuses based on performance company performance. Though we did not work with executive compensation consultants to establish the current compensation philosophy, we may work with consultants in the future to establish long-term incentive programs.

Employment Agreements

All employees, including the executive officers named in the summary compensation table, have entered into written employment agreements with our company. All such agreements provide that year-end cash bonuses are at the discretion of the Compensation Committee or board of directors, to be determined according to our company’s achievement of specified performance objectives reviewed and formalized each year.

Compensation Committee Interlocks and Insider Participation

There are no compensation committee interlocks.

Review of Compensation Discussion and Analysis

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis present on the preceding pages. Based on its review and discussions, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement for the 2008 Annual Meeting of Shareholders.

The name of each person who serves as a member of our Compensation Committee is set forth below.

AUDIT COMMITTEE REPORT

The Audit Committee of the board consists of three members who are neither officers nor employees of our company, and who meet American Stock Exchange independence requirements. Information as to these persons, as well as their duties, is provided under the caption "Our Board of Directors and Committees." The Committee was established on August 21, 2007, met one time during 2007, and reviewed a wide range of issues, including the objectivity of the financial reporting process and the adequacy of internal controls. The Committee ratified the selection of Mantyla McReynolds LLC ("Mantyla McReynolds") as our independent registered public accountants, and considered factors relating to their independence. In addition, the Committee received reports and reviewed matters regarding ethical considerations and business conduct, and monitored compliance with laws and regulations. Prior to filing our annual report on Form 10-K, the Committee also met with our management and internal auditors and reviewed the current audit activities, plans and results of selected internal audits. The Committee also met privately with the internal auditors and with representatives of Mantyla McReynolds to encourage confidential discussions as to any accounting or auditing matters.

The Audit Committee has reviewed and discussed with management and representatives of Mantyla McReynolds the audited financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2007. The Committee has also discussed with Mantyla McReynolds the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU §380), and has received the written disclosure and letter from Mantyla McReynolds required by Independence Standards Board Standard No. 1 ("Independence Discussions with Audit Committees") delineating all relationships they have with us and has discussed with them their independence. Based on the review and discussions referred to above, the members of the Committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the Securities and Exchange Commission. The Committee also determined that Mantyla McReynolds's fees and services are consistent with the maintenance of their independence as our independent registered public accountants.

The name of each person who serves as a member of our Audit Committee is set forth below.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As an oil and gas exploration company, our business strategy is to identify and exploit resources in and adjacent to existing or indicated producing areas that can be quickly developed and put in production at low cost. We are focused on low overhead and, thus, have relied upon various relationships with third-parties that assist us in identifying and acquiring property in the most exciting new plays in a nimble and efficient fashion. As a consequence, we have entered, and may in the future enter, into certain transactions and arrangements with parties that have a direct or indirect relationship with one or more members of our management or board of directors. Past transactions involving related parties were reviewed by persons independent from the related parties and then further reviewed with our Chief Financial Officer, who was also an independent party. Management and our board of directors believe these transactions were concluded on terms and conditions which were no less favorable than those which would have been obtained from an unrelated third party

We have historically utilized processes and controls A majority of the members of our board of directors have qualified as “independent” as defined in Section 803(a)(2) of the American Stock Exchange listed company guide since Ms. Meier joined our board in mid-September 2007, and our board of directors has approved any and all transactions involving any material obligation by our company to any party. Our Audit Committee Charter, as amended March 18, 2008, and the American Stock Exchange listed company guide require that Audit Committee review and approve all material transactions between our company and its directors, officers and 5% or greater shareholders, as well as all material transactions between our company and any relative or affiliate of any of the foregoing. We anticipate that our Audit Committee will review and approve or ratify future transactions involving any executive officer, director, 5% or greater shareholder or any relative or affiliate of any of the foregoing.

On September 12, 2007, we purchased from Montana Oil Properties, Inc. (“MOP”), a Montana corporation, leases covering approximately 4,650 net mineral acres in Mountrail County, North Dakota. The total consideration paid for this acreage was \$2,500,000 in cash and 115,000 shares of restricted common stock. The principals of MOP are Mr. Steven Reger and Mr. Tom Ryan, both uncles of Michael Reger, our Chief Executive Officer. On September 5, 2007, we obtained a fairness opinion relating to the transaction from FIG Partners, LLC, an independent energy research and investment banking firm, confirming the fairness of the transaction.

On October 24, 2007, we purchased from MOP additional leases covering approximately 4,197 net mineral acres in Mountrail County, North Dakota. The total purchase price consisted of \$2,098,785 in cash and 132,500 shares of restricted common stock. As of December 31, 2007, we had paid \$500,000 to MOP, and the remainder of the purchase price was paid in our first fiscal quarter of 2008.

In September 2007, NOG commenced a continuous lease program with South Fork Exploration, LLC (“SFE”), a Montana limited liability Company, to acquire approximately 7,500 acres in Burke and Divide Counties of North Dakota. Under the terms of the program, NOG has paid SFE \$426,000 in cash as of March 31, 2008. \$308,000 was paid in the fourth quarter of 2007, and \$118,000 was paid on January 15, 2008. The Company has also engaged SFE to act as its leasing agent on a periodic basis at an agreed upon commission rate. SFE’s president is J.R. Reger, brother of Michael Reger, our Chief Executive Officer. J.R. Reger is also a shareholder of our company.

On September 21, 2007, the Company acquired approximately 10,000 net mineral acres in the Appalachia Basin from Gallatin Resources, LLC. The acreage is located in the “Finger Lakes” region in Yates County, New York. The Company paid Gallatin Resources \$1,420,000 cash and 275,000 shares of common stock. Mr. Carter Stewart, a member of our board of directors, owns a 25% interest in Gallatin Resources, LLC. On July 15, 2007, we obtained a fairness opinion relating to the transaction from FIG Partners, LLC, an independent energy research and investment banking firm, confirming the fairness of the transaction.

In addition to the forgoing, NOG purchased certain acreage from MOP as a private company prior to merging with and into our company on March 20, 2007. In October, 2006, NOG also borrowed a total of \$123,750 from three individuals serving as directors of NOG at the time, including Michael Reger, Ryan Gilbertson and Douglas Polinsky, pursuant to promissory notes. Those promissory notes did not bear interest. On February 1, 2007, NOG repaid the outstanding principal on those notes prior to merging with and into our company. The board of directors of the former NOG assessed and approved each of the forgoing transactions on an individual basis and, in the case of the acreage purchased from MOP, ensured that the total consideration paid to MOP in connection each transaction did not exceed then-current market values for similar acreage, based upon published lease auction records.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has selected the firm of Mantyla McReynolds LLC (“Mantyla McReynolds”) as independent registered public accountants to audit our financial statements for fiscal year 2008. A proposal to ratify that appointment will be presented to shareholders at the meeting. If shareholders do not ratify such appointment, the Committee will select another firm of independent registered public accountants.

Representatives of Mantyla McReynolds are expected to be present at the meeting and they will have the opportunity to make a statement if they desire to do so. In addition, they are expected to be available to respond to appropriate questions.

Registered Public Accountant Fees

Mantyla McReynolds served as our independent auditor for the two most recently completed fiscal years. Aggregate fees for professional services rendered by Mantyla McReynolds for the fiscal years ended December 31, 2006 and December 31, 2007 were as follows:

	Fiscal Year Ended December 31, 2006	Fiscal Year Ended December 31, 2007
Audit		
Fees	\$ 0	\$ 38,389
Audit-Related		
Fees	0	0
Tax Fees	0	0
All Other		
Fees	0	0
Total	0	0
	\$ 0	\$ 38,389

Audit fees were for professional services rendered for the audits of the consolidated financial statements, reviews of income tax provisions, audits of statutory financial statements, consents and the review of documents we filed with the Securities and Exchange Commission. The percentage of hours spent by Mantyla McReynolds on these services that were attributable to work performed by persons not employed by Mantyla McReynolds on a full-time permanent basis did not exceed 50 percent.

The Audit Committee of the board of directors has determined that the provision of services covered by the foregoing fees is compatible with maintaining the principal accountant's independence. See "Audit Committee Report."

Pre-Approval Policies and Procedures of Audit Committee

Our Audit Committee has adopted pre-approval policies and procedures to ensure the continued independence of our auditor. As a general rule, we will only engage our auditors for non-audit-related work if those services enhance and support the attest function of the audit or are an extension to the audit or audit-related services.

Our Audit Committee annually evaluates our auditors' independence, professional capability and fees based on a variety of factors. The Committee annually obtains from the auditor a formal written statement delineating all relationships between the auditor and our company, consistent with Independence Standards Board Standard 1, and engages in a dialogue with the auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditor.

The Audit Committee takes appropriate action to oversee the independence of the auditor, which includes review and approval of the auditors' annual audit plan and audit scope including a description of key functions and/or locations to be audited, a general description of each of the non-audit services provided or to be provided, and an estimate of audit and non-audit fees and costs for the year and actual versus estimated for the preceding year. The Committee ascertains whether resources are reasonably allocated as to risk and exposure, and makes any recommendations that might be required to more appropriately allocate the auditors' efforts.

The Audit Committee appraises the efficiency and effectiveness of the audit efforts and of financial accounting and reporting systems through scheduled meetings with the auditors and ensures that management places no restrictions on the scope of audits or examinations. The lead audit partner will review with the Committee the services the auditor expects to provide and the related fees, as appropriate. In addition, management will provide the Committee with a periodic updates of any non-audit services that the auditor has been asked to provide or may be asked to provide in the future.

The Committee did not pre-approve all of the services we received from Mantyla McReynolds during fiscal year 2007, because our Audit Committee was not established until August 21, 2007.
