Item 1.01 Entry into a Material Definitive Agreement.

On August 13, 2005, we, the registrant, and our Bruker AXS GmbH subsidiary (BAXS) finalized a binding agreement to acquire all the capital stock of SOCABIM SAS (collectively SOCABIM), a privately-held Paris, France based company focused on advanced X-ray materials research and analysis software. Since 1977, SOCABIM has developed software for analytical X-ray systems, specifically adapted to systems designed by BAXS. During this period SOCABIM retained the ownership of the source code and know-how of the software, copies of which were supplied to BAXS customers, and for which BAXS paid R&D reimbursement and per-copy transfer prices to SOCABIM.

At the closing, which is expected to occur no later than January 15, 2006, BAXS will pay 7,050,000 of consideration comprised of (a) 5,975,600 in cash, and (b) 1,074,400, which may, at the registrant's discretion, be paid either in cash or by the issuance of restricted shares of Bruker BioSciences Corporation common stock to SOCABIM's two largest shareholders, Mr. Pierre Caussin and Mr. Julien Nusinovici. In addition, there is the possibility of an earn-out in the form of multi-year cash payment to Mr. Pierre Caussin and Mr. Julien Nusinovici. As part of this acquisition, BAXS will acquire net cash (i.e. cash minus bank debt) at SOCABIM of approximately 3,700,000 as of June 30, 2005.
