PROXY STATEMENT

2005 ANNUAL MEETING OF STOCKHOLDERS

Intellisync Corporation, or the Company, is furnishing this proxy statement and the enclosed proxy in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on Friday, December 2, 2005, at 9:00 a.m. local time, at the Company's executive offices located at 2550 North First Street, Suite 500, San Jose, California 95131, and at any adjournments thereof, collectively, the Annual Meeting. These materials are being mailed to stockholders of the Company on or about November 1, 2005.

Stockholders Entitled to Vote; Record Date

Only holders of the Company's common stock as of the close of business on October 17, 2005, or the Record Date, are entitled to vote at the Annual Meeting. Stockholders who hold shares of the Company in street name may vote at the Annual Meeting only if they hold a valid proxy from their broker. As of the Record Date, there were 67,272,237 shares of common stock, par value \$0.001 per share, outstanding.

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders do not have cumulative voting rights.

Quorum; Required Vote

A majority of the outstanding shares of common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Stockholders are counted as present at the meeting if they (1) are present in person or (2) have properly submitted a proxy card or voted by telephone or by using the Internet. Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker non-vote are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting; however, broker non-votes are not deemed to be votes cast. As a result, broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulations. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Shares that are timely voted by telephone, the Internet or a properly dated, executed and returned proxy card will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If

no specific instructions are given, the shares will be voted for the nominees to the Board of Directors listed on the proxy card and in this proxy statement, for the approval of the amendment and restatement of the 2002 Equity Incentive Plan, for the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending July 31, 2006 and in the proxy holder's discretion, upon such other business as may properly come before the Annual Meeting or any adjournment thereof. The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this proxy statement and the accompanying Notice of Annual Meeting of Stockholders.

Under Delaware law, the Company's Restated Certificate of Incorporation and the Company's bylaws, if a quorum exists at the meeting: (a) the nominees for director who receive the greatest number of votes cast will be elected to the Board of Directors; (b) the proposal to approve the amendment and restatement of the 2002 Equity Incentive Plan will be approved if it receives the affirmative vote of the majority of the shares of common stock present or represented and entitled to vote at the Annual Meeting; and (c) the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending July 31, 2006 will be approved if it receives the affirmative vote of the majority of the shares of common stock present or represented and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will have no impact on the election of directors since they have not been cast in favor of or against any nominee, nor will broker non-votes have any effect on the proposals to approve the amendment of the 2002 Equity Incentive Plan and to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending July 31, 2006, since approval of these proposals is based solely on the number of votes present or represented and entitled to vote. Abstentions are deemed to be votes cast, and have the same effect as a vote against these proposals. However, broker non-votes are not deemed to be votes cast, and therefore are not included in the tabulation of the voting results on (i) the proposal to approve the amendment and restatement of the 2002 Equity Incentive Plan and (ii) the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending July 31, 2006.

Voting

Voting by telephone or the Internet. A stockholder may vote his or her shares by calling the toll-free number indicated on the enclosed proxy card and following the recorded instructions or by accessing the website indicated on the enclosed proxy card and following the instructions provided. When a stockholder votes via the Internet or by telephone, his or her vote is recorded immediately. The Company encourages its stockholders to vote using these methods whenever possible.

Voting by proxy card. All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxies in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Voting by attending the meeting. A stockholder may also vote his or her shares in person at the Annual Meeting. A stockholder planning to attend the Annual Meeting should bring proof of identification for entrance to the Annual Meeting. If a stockholder attends the Annual Meeting, he or she may also submit his or her vote in person, and any previous votes that were submitted by the stockholder, whether by

Internet, telephone or mail, will be superseded by the vote that such stockholder casts at the Annual Meeting.

Changing vote; revocability of proxy. If a stockholder has voted by telephone or the Internet or by sending a proxy card, such stockholder may change his or her vote before the Annual Meeting. A stockholder that has voted by telephone or the Internet may change his or her vote by making a timely and valid later telephone or Internet vote, as the case may be. Any proxy card given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy card may be revoked by (1) filing with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or a duly executed proxy card, in either case dated later than the prior proxy card relating to the same shares, or (2) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not of itself revoke a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or should be sent so as to be delivered to Intellisync Corporation, Attn.: Secretary of the Company at 2550 North First Street, Suite 500, San Jose, California 95131.

Expenses of Solicitation

The proxy card accompanying this proxy statement is solicited by the Board of Directors of the Company. The Company will pay all of the costs of soliciting proxies. In addition to solicitation by mail, officers, directors and employees of the Company may solicit proxies personally, or by telephone, without receiving additional compensation. The Company has retained InvestorCom, Inc. to assist in the solicitation of proxies in connection with the Annual Meeting. The Company will pay such firm customary fees, expected to be approximately \$7,000 plus expenses. The Company, if requested, will also pay brokers, banks and other fiduciaries who hold shares of Common Stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders.

Stockholder Information

In compliance with Rule 14a-3 promulgated under the Exchange Act, the Company hereby undertakes to provide without charge to each person upon written request, a copy of the Company's Annual Report on Form 10-K for the year ended July 31, 2005, including the financial statements and financial schedules thereto. Requests for such copies should be directed to Intellisync Corporation, 2550 North First Street, Suite 500, San Jose, California 95131, Attention: Investor Relations.

If you share an address with another stockholder, you may receive only one set of proxy materials unless you have previously provided contrary instructions. If you wish to receive a separate set of proxy materials, please request the additional copies by contacting us as instructed in the previous sentence, or by contacting our Investor Relations Department at (408) 321-3835. Similarly, if you share an address with another stockholder and have received multiple copies of our proxy materials, you may contact us at the address or telephone number specified above to request that only a single copy of these materials be delivered to your address in the future.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

Six directors are to be elected at the Annual Meeting. Each of the nominees set forth below are current directors standing for re-election. Of the nominees for the Annual Meeting, Messrs. Keith Cornell and Terrence Valeski were elected as a director by the Company's Board of Directors, or the Board, in May 2005. If elected, each of the nominees will serve as directors until the Company's Annual Meeting of Stockholders in 2006 and until their successors are elected and qualified. The Board has the authority pursuant to the Company's bylaws to increase or decrease the size of the Board or fill any vacancies which may exist between annual meetings as qualified candidates are identified and agree to serve.

Nominees for election to the Board were recommended as candidates for re-election to the Board by the nominating and governance committee of the Company's Board. Certain information with respect to the age and background of each nominee is set forth below. Each nominee has consented to being named in this proxy statement and has agreed to serve if elected. The Board knows of no reason why any nominee should be unable or unwilling to serve. However, if any nominee(s) should for any reason be unable or unwilling to serve, the proxies will be voted for such substitute nominees as the Board may designate.

If a quorum is present and voting, the nominees for directors receiving the highest number of votes will be elected as directors. Abstentions and shares held by brokers that are present, but not voted because the brokers were prohibited from exercising discretionary authority, i.e. broker non-votes, will be counted as present for purposes of determining if a quorum is present.

Board Meetings and Committees

During the fiscal year ended July 31, 2005, the Board held seven (7) meetings. No directors attended fewer than 75 percent of the total number of meetings of the Board or committees of the Board held in the fiscal year ended July 31, 2005 which such directors were eligible to attend.

The Board has an audit committee, a compensation committee, a stock option committee and a nominating and governance committee.

Audit Committee. The audit committee's functions are to: monitor the corporate financial reporting and the internal and external audits of the Company; provide to the Board the results of its examinations and recommendations derived therefrom; outline to the Board improvements made, or to be made, in internal accounting controls; appoint, compensate and oversee the Company's independent registered public accounting firm; supervise the finance function of the Company (including, among other matters, the Company's investment activities); to engage and compensate independent counsel and other advisors as it deems necessary to carry out its duties, to the extent permitted under applicable laws, rules and regulations, and the Company's bylaws and certificate of incorporation; delegate to one or more members of the audit committee the authority to grant pre-approvals of audit services and non-audit services provided such decisions are presented to the full audit committee at regularly scheduled meetings; and provide the Board such additional information and materials as it may deem necessary to make the Board aware of significant financial matters which require the attention of the Board. The audit committee undertakes those specific duties and other responsibilities listed in the audit committee's charter, and such other duties as the Board from time to time may prescribe. See also Report of the Audit Committee of the Board of Directors below. During the fiscal year ended July 31, 2005, the audit committee held four (4) meetings. During the fiscal year ended July 31, 2005, each of Messrs. Arnold, Berg-Painter, Clair, Valeski and Praisner were members of the Audit Committee. Ms. Berg-Painter resigned from the Audit Committee on August 25, 2004 and Mr. Praisner resigned from the Audit Committee on July 1, 2005. The Audit Committee currently consists of Messrs. Arnold, Clair and Valeski. The Board has determined that Mr. Arnold is the audit committee's financial expert, as defined under Section 407 of the Sarbanes-Oxley Act of 2002 and the rules promulgated by the Securities and Exchange Commission, or SEC, in furtherance of Section 407. The Board has also determined that Messrs. Arnold, Clair and Valeski are each independent of the Company and its management under the rules of the Nasdaq Stock Market. The audit committee adopted a written charter in September 2004, a copy of which is available on our website at www.intellisync.com.

Compensation Committee. The compensation committee's primary function is to review and approve individual elements of total compensation for the Company's chief executive officer and other executive officers, including base salary, incentive awards, stock grants and any other long-term incentive awards. In

addition, as appropriate, the compensation committee reviews and approves employment and other agreements affecting the chief executive officer and other executive officers. Other functions of the compensation committee include the administration and review of the Company's incentive compensation and other equity-based compensation plans. The members of the compensation committee are Ms. Berg-Painter and Messrs. Clair and Cornell. During the fiscal year ended July 31, 2005, the compensation committee held three (3) meetings. The compensation committee adopted a written charter in September 2004, a copy of which is available on our website at www.intellisync.com.

Stock Option Committee. The stock option committee consisted of Mr. Hobbs for the fiscal year ended July 31, 2005. The stock option committee held no meetings during the fiscal year and typically takes action by written consent. This committee is primarily responsible for approving all stock option grants of 100,000 shares or fewer to new and continuing employees (other than executive officers). Provided Mr. Hobbs is re-elected as a member of the Board, Mr. Hobbs will continue to serve as the sole member of the stock option committee for the fiscal year ending July 31, 2006.

Nominating and Governance Committee. The nominating and governance committee consisted of Messrs. Arnold, Clair and Valeski for the fiscal year ended July 31, 2005. The Board has determined that each of the members of the nominating and governance committee is independent of the Company and its management under the rules of the Nasdaq Stock Market. The nominating and governance committee's functions are to identify, evaluate and recommend to the Board candidates to serve as members of the Board, including filling any vacancies, recommend to the Board directors for appointment to its committees, conduct an annual evaluation of the performance of the Board, make recommendations to the Board regarding issues of management succession, periodically review and assess the Company's corporate governance policies in light of the applicable legal requirements and recommend to the Board appropriate modifications, if any, and perform such other duties and responsibilities as may be assigned to the committee by the Board. The nominating and governance committee was established in May 2004. During the fiscal year ended July 31, 2005, the nominating and governance committee held two (2) meetings. Nominees for the Annual Meeting were evaluated at a meeting of the nominating and governance committee held on October 12, 2005. The nominating and governance committee adopted a written charter in September 2004, a copy of which is available on our website at www.intellisync.com.

In evaluating and determining whether to recommend a person as a candidate for election or re-election as a director, the nominating and governance committee's criteria reflects the requirements of rules recently adopted by the Nasdaq Stock Market with respect to independence and the following factors: the needs of the Company with respect to the particular talents and experience of its directors; personal and professional integrity of the candidate; level of education and/or business experience; broad-based business acumen; the level of understanding of the Company's business and industry; strategic thinking and a willingness to share ideas; and diversity of experiences, expertise and background. The nominating and governance committee will use these criteria to evaluate all potential nominees.

The nominating and governance committee will consider proposed nominees for director whose names are submitted to it by any stockholder entitled to vote in the election of directors. The nominating and governance committee does not have and has not adopted a formal process for considering nominees of stockholders because it believes that its information consideration process has been adequate. The nominating and governance committee intends to periodically review whether a more formal process should be adopted. Stockholder nominations for director, however, must comply with the notice provisions of the Company's bylaws. Generally, a stockholder nomination for a director must be received at the Company's principal executive offices not less than 120 days in advance of the date that the Company's proxy statement was released to stockholders in connection with the previous year's annual meeting.

Special Strategy Committee. The special strategy committee was established on August 9, 2005 and currently consists of Messrs. Clair, Hobbs and Arnold, with Mr. Arnold serving as chairman of the special

strategy committee. The function of the special strategy committee is to analyze and explore business alternatives that may be available to the Company and provide recommendations to the Board regarding its review of such business alternatives.

Vote Required and Board of Directors Recommendation

If a quorum representing a majority of all outstanding shares of common stock is present and voting, either in person or by proxy, the six nominees for director receiving the highest number of for votes will be elected. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes, on the other hand, will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE NOMINEES NAMED ABOVE.

PROPOSAL NO. 2

APPROVAL OF THE AMENDED AND RESTATED 2002 EQUITY INCENTIVE PLAN

The stockholders are being asked to approve the Company's amended and restated 2002 Equity Incentive Plan (the "2002 Plan"), which was formerly known as the 2002 Equity Incentive Plan. The Board believes that the fundamental objectives of a long-term incentive compensation program are to align the interests of management and the stockholders and to create long-term shareholder value. The Board believes that the amended and restated 2002 Plan increases the Company's ability to achieve these objectives by allowing for the grant of restricted stock units in addition to stock options, which will help us recruit, reward, motivate and retain talented personnel. Recent changes in the equity compensation accounting rules, which became effective for us on July 1, 2005, also make it important for us to have greater flexibility under the 2002 Plan. As the new equity compensation accounting rules come into effect, competitive equity compensation practices may change materially, especially as they pertain to the use of equity compensation vehicles other than stock options. In October 2005, the Board approved the amended and restated 2002 Plan, subject to the approval of a majority of the shares of the Company's Common Stock that are present in person or by proxy and entitled to vote at the Annual Meeting. If the stockholders approve the amended and restated 2002 Plan, it will replace the current version of the 2002 Plan. Otherwise, the current version of the 2002 Plan will remain in effect. Our named executive officers and directors have an interest in this proposal.

Changes being made to the 2002 Plan

The following is a summary of the material changes proposed to be made to the 2002 Plan:

- The current 2002 Plan allows for the grant of stock options. The proposed amended 2002 Plan would also permit the award of restricted stock units. Restricted stock units are rights to acquire or purchase shares of Company common stock that vest in accordance with the terms and conditions established by the administrator of the 2002 Plan.
- The proposed amended 2002 Plan would establish new annual limitations on the number of stock options and restricted stock units that may be granted to any participant in the 2002 Plan in any single fiscal year. If the 2002 Plan is amended and restated as proposed: (i) no participant will be able to be granted options covering more than 1,000,000 shares during any of the Company's fiscal years; and (ii) no participant will be granted more than 500,000 shares of restricted stock units during any fiscal year.
- The proposed amended 2002 Plan would also allow the administrator of the 2002 Plan to grant options and restricted stock units under the amended 2002 Plan to qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code.

The proposed amended 2002 Plan does not differ from the current version of the 2002 Plan in any other material respect. The Company expects that under the proposed amended 2002 Plan, as was the case prior to the proposed amendment, the majority of all options granted thereunder will vest over a four year period; with 1/4th of the shares subject to such options vesting in one year and 1/48th of the total number of shares subject to such options vesting each full month thereafter, provided that the optionee remains a service provider to the Company on each such date.

General

In 2002, the Board unanimously adopted and the stockholders approved the 2002 Plan. On October 27, 2005 the Board, subject to stockholder approval, approved an amendment to the 2002 Plan to allow for the grant of restricted stock units in addition to stock options. As of October 17, 2005, there were 1,257,148 shares available for future grant under the 2002 Plan. The purpose of the proposed amendment

is to allow for greater flexibility in the types of incentive compensation available for grant under the 2002 Plan. The ability to grant stock options and restricted stock units as proposed under the amended and restated 2002 Plan is vital to the Company's ability to attract and retain outstanding and highly skilled individuals in the competitive labor markets in which the Company competes. Such awards also are crucial to our ability to motivate employees to achieve the Company's goals. For the reasons stated above, the stockholders are being asked to approve the amended and restated 2002 Plan and the Board recommends that the stockholders approve the proposed amendment and restatement of the 2002 Plan.

Description of the 2002 Equity Incentive Plan

The following summary of the 2002 Plan, as proposed to be amended, is qualified in its entirety by the specific language of the 2002 Plan, a copy of which is included as *Appendix A* to this proxy statement.

General. The 2002 Plan was established to attract, retain and reward persons providing services to the Company and to its eligible parent or subsidiary corporations, and to motivate such persons to contribute to the growth and profits of the Company in the future. The 2002 Plan provides for grants to employees (including officers and employee directors) of the Company or a parent or subsidiary of the Company of incentive stock options within the meaning of Section 422 of the Internal Revenue Code and for grants of nonstatutory stock options and restricted stock units to officers, employees, directors and consultants (including non-employee directors) of the Company or a parent or subsidiary of the Company (collectively referred to as an Award or Awards). See Summary of Federal Income Tax Consequences of the 2002 Equity Incentive Plan below for information concerning the tax treatment of Awards. The 2002 Plan is not a qualified deferred compensation plan under Section 401(a) of the Code, and is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. Benefits to be granted under the 2002 Plan are not determinable.

Options. The administrator is able to grant nonqualified stock options and incentive stock options under the 2002 Plan. The administrator will determine the number of shares subject to each option, but no participant will be granted options covering more than 1,000,000 shares during any of the Company's fiscal years. With respect to a participant's first year of service with us, however, options covering no more than an additional 1,000,000 shares may be granted.

Restricted Stock Units. Assuming the stockholders approve this Proposal No. 2, the administrator will be able to grant Awards of restricted stock units. Awards of restricted stock units are rights to acquire or purchase shares of Company common stock. Each restricted stock unit is equal to the fair market value of one share of our common stock. Restricted stock units vest in accordance with the terms and conditions established by the administrator in its sole discretion. For example, the administrator may set restrictions based on the achievement of specific performance goals. Awards of restricted stock units will be made in shares. The administrator will determine the number of shares payable upon vesting of an Award of restricted stock units, but no participant will be granted restricted stock units covering more than 500,000 shares during any of the Company's fiscal years. With respect to a participant's first year of service with us, however, restricted stock units covering an additional 500,000 shares may be awarded.

Shares Subject to Plan. Awards shall be for the purchase of shares of the authorized but unissued, or reacquired (treasury) common stock of the Company. The maximum number of shares of stock which may be issued under the 2002 Plan shall be 8,775,000 shares. In the event that any outstanding Award for any reason expires or is terminated or canceled, the shares allocable to the unexercised portion of such Award may again be subject to grant under an Award to be granted pursuant to the 2002 Plan. Shares issued upon exercise of an Award and repurchased by the Company will not increase the number of shares available for issuance under the 2002 Plan.

As of October 17, 2005, 7,517,852 shares had been issued under the 2002 Plan and options to purchase 7,346,436 shares were outstanding, leaving only 1,257,148 shares available for future grant. Options

outstanding on October 17, 2005 have per share exercise prices ranging from \$2.00 to \$4.60, or a weighted average per share exercise price of \$2.60, and expire 10 years from the date of grant of the option (unless exercised or cancelled prior to that time).

Administration. The Board is responsible for administering our stock plans, including the 2002 Plan. The Board may, however, delegate authority to administer the 2002 Plan to one or more committees. Currently, the 2002 Plan is administered by the stock option committee, which consists of Mr. Hobbs. This committee is primarily responsible for approving the grant of all Awards of 100,000 shares or fewer to new and continuing employees (other than executive officers). Any officer of the Company shall have the authority to act on behalf of the Company with respect to any matter, right, obligation, or election which is the responsibility of or which is allocated to the Company herein, provided the officer has apparent authority with respect to such matter, right, obligation, or election. The Board or its committee(s) will administer the 2002 Plan pursuant to applicable laws and regulations. To the extent Awards are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code, the 2002 Plan will need to be administered by a committee of two or more outside directors within the meaning of Section 162(m).

The administrator determines the terms and conditions provided in the 2002 Plan, including the power to terminate or amend the 2002 Plan at any time, subject to the terms of the 2002 Plan and any legal requirements. The administrator determines the number of shares of stock for which each Award is granted, the option exercise price of each option, the timing and terms of exercisability and vesting of each Award, whether each option is to be treated as an incentive stock option, a nonqualified stock option or as a restricted stock unit and all other terms and conditions of the option. The administrator will interpret the 2002 Plan or the terms of any Awards granted under the 2002 Plan, and all determinations of the administrator will be final and binding upon all persons bound by the 2002 Plan or holding an Award.

Eligibility. The 2002 Plan provides for grants to employees (including officers and employee directors) of the Company or a parent or subsidiary of the Company of incentive stock options within the meaning of Section 422 of the Internal Revenue Code, and for grants of nonstatutory stock options and restricted stock units to officers, employees, directors and consultants (including non-employee directors) of the Company or a parent or subsidiary of the Company. A director of the Company is not eligible to be granted an incentive stock option unless the director is also an employee of the Company. An individual who is rendering services as a consultant, advisor, or other independent contractor may only be granted a nonqualified stock option or a restricted stock units and is not eligible to be granted incentive stock options. Eligible persons may be granted more than one Award. As of October 17, 2005, approximately 452 employees, officers, consultants, and directors were eligible to participate in the 2002 Plan.

Terms, Conditions and Form of Awards. The terms of Awards granted under the 2002 Plan are determined by the administrator. Each Award granted pursuant to the 2002 Plan is evidenced by a written agreement specifying the number of shares of stock covered by the Award. This written agreement also specifies other provisions that the administrator may determine. The agreement evidencing the Award may incorporate all or any of the terms of the 2002 Plan by reference and shall comply with and be subject to the following terms and conditions:

Option Exercise Price. The option exercise price for each option is established in the sole discretion of the administrator. However, the option exercise price per share, (i) for an incentive stock option, shall not be less than the fair market value, as determined by the administrator, which determination will generally be based upon the closing price on the Nasdaq National Market on the date of grant, of a share of stock, (ii) for a nonqualified stock option, shall not be less than one hundred percent (100%) of the fair market value, as determined by the administrator, of a share of stock on the date of the granting of the option. Additionally, no incentive stock option granted to a participant who at the time the option is granted owns stock possessing more than 10 percent of the total combined voting power of all classes of

stock of the Company will have an option exercise price per share less than 110 percent of the fair market value, as determined by the administrator, of a share of stock on the date of the granting of the option. As of October 17, 2005, the closing price of a share of our common stock on the Nasdaq National Market was \$4.40.

Exercise Of Options. The administrator determines when options are exercisable, including any vesting requirements and/or performance criteria with respect to the Company or the participant, and the term of each option.

Exercise on Termination. If the participant's employment or consulting relationship with the Company is terminated for any reason other than death or total and permanent disability, options under the 2002 Plan may be exercised within three months (or some other period determined by the administrator) after the date of such termination to the extent the option was vested on the termination date. If a participant is unable to continue his or her employment or consulting relationship with the Company as a result of his or her disability, options may be exercised within 90 days (or some other period determined by the administrator) after the date of termination and may be exercised to the extent the option was vested on the date of termination. If a participant dies while working for the Company, or within 30 days after the participant has ceased to work for the Company, and such participant has worked for the Company since the date of grant of the option, the option may be exercised within 90 days after the date of death (or some other period determined by the administrator) by the participant's estate or by a person who inherited the right to exercise the option to the extent the option would have been vested at the date of death.

Option Termination Date. Incentive stock options granted under the 2002 Plan expire 10 years from the date of grant unless a shorter period is provided in the option agreement. Incentive stock options granted to 10 percent stockholders may not have a term of more than five years. Although nonqualified stock options granted under the 2002 Plan may have any term specified by the administrator, the applicable term is generally 10 years.

Nontransferability of Awards Awards granted under the 2002 Stock Plan are not transferable by the recipient, other than by will or the laws of descent and distribution, and stock options are exercisable only by the participant during his or her lifetime or, in the event of death, by a person who acquires the right to exercise the option by bequest or inheritance or by reason of the death of the participant.

\$100,000 Limitation Applicable To Incentive Stock Options. Notwithstanding any designation by the administrator of an option as an incentive stock option, to the extent that the aggregate fair market value of shares with respect to which options designated as incentive stock options are exercisable for the first time by any participant during any calendar year (under all plans of the Company) exceeds \$100,000, such excess options shall be treated as nonqualified stock options.

Withholding Taxes. As a condition of the grant, vesting or exercise of an Award, the participant (or in the case of the participant's death, the person succeeding to the participant's rights under the Award) shall make such arrangements as the administrator may require for the satisfaction of any applicable federal, state, local or foreign withholding tax obligations that may arise in connection with such grant, vesting or exercise of the Award and the issuance of shares of stock thereunder.

Transfer of Control; Liquidation. The 2002 Plan provides that in the event of (a) a sale of all or substantially all of the Company's assets, or (b) a merger, consolidation or other capital reorganization or transaction of the Company with or into another corporation, entity or person, the acquiring or successor corporation may assume the Company's rights and obligations under outstanding Awards or substitute Awards for the acquiring corporation's stock for such outstanding Awards. Any unexercised Awards which are neither assumed or substituted for by the acquiring corporation in connection with the transfer of control, shall terminate and cease to be outstanding effective as of the date of the transfer of control. The

administrator may grant Awards that permit acceleration of vesting upon a change of control of the Company.

In the event of a liquidation or dissolution of the Company, each Award will terminate immediately prior to the consummation of such action, unless otherwise determined by the administrator in its sole discretion.

Adjustments Upon Changes in Capitalization. In the event any change, such as a stock split, reverse stock split, stock dividend, combination, recapitalization or reclassification, is made in the Company's capitalization that results in an increase or decrease in the number of issued shares of common stock without receipt of consideration by the Company, appropriate adjustment shall be made in the exercise price of each outstanding Award, the number of shares subject to each Award, and the annual Section 162(m) limitation on grants to employees, as well as the number of shares available for issuance under the 2002 Plan.

Termination or Amendment of Plan. The administrator may at any time amend, alter, suspend, discontinue, or terminate the 2002 Plan or one or more outstanding Awards at any time; provided, however, that without the approval of the Company's stockholders, there shall be (a) no increase in the total number of shares of stock covered by the 2002 Plan, (b) no change in the class of persons eligible to receive incentive stock options and (c) no expansion in the class of persons eligible to receive nonqualified stock options. In any event, no amendment, alteration, suspension, discontinuance, or termination (except as otherwise provided in the 2002 Plan) may adversely affect the rights of any participant under any outstanding Award without his or her consent, unless such amendment is required to enable an option designated as an incentive stock option to qualify as an incentive stock option. Unless terminated earlier, the 2002 Plan will terminate in October 2012.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of Awards granted under the 2002 Plan. Tax consequences for any particular individual may be different.

Nonqualified Stock Options. No taxable income is reportable when a nonqualified stock option with an exercise price equal to the fair market value of the Company's stock is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options. No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonqualified stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Restricted Stock Units. A participant generally will not have taxable income at the time an Award of restricted stock unit is granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the Award becomes either (i) freely transferable or (ii) no longer subject to substantial risk of forfeiture.

Tax Effect for the Company. The Company generally will be entitled to a tax deduction in connection with an Award under the 2002 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option). Special rules limit the deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four most highly compensated executive officers. Under Section 162(m) of the Internal Revenue Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, The Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the 2002 Plan, setting limits on the number of Awards that any individual may receive and for Awards other than certain stock options, establishing performance criteria that must be met before the Award actually will vest or be paid. The 2002 Plan has been designed to permit the Committee to grant Awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such Awards.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE 2002 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A SERVICE PROVIDER'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE SERVICE PROVIDER MAY RESIDE.

Neither the Company's bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is often subject to a specific budget. The independent registered public accounting firm and management are required to report periodically to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. (1) Percentage ownership is based on 67,272,237 shares of common stock outstanding as of October 17, 2005. Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person that are currently exercisable or will become exercisable within 60 days after October 17, 2005 are deemed outstanding, while such shares are not deemed outstanding for purposes of computing percentage ownership of any other person. Options granted under the Company's Amended and Restated 1993 Stock Option Plan, or the 1993 Option Plan, are fully exercisable from the date of grant, subject to the Company's right to repurchase any unvested shares at the original exercise price upon termination of employment. The option plans relating to such outstanding options were approved by the respective security holders of the acquired companies.

(2) The 1993 Stock Option Plan expired in October 2003.

(3) Represents shares of common stock remaining available as of July 31, 2005 for future issuance under the Company's Employee Stock Purchase Plan, as amended. During the fiscal year ended July 31, 2005 employees purchased an aggregate of 355,910 shares of common stock at the weighted average exercise price of \$1.74 per share. In August 2005, 500,000 shares of common stock were added to the Company's Employee Stock Purchase Plan pursuant to the evergreen provisions, which provide for an automatic annual increase in the number of shares authorized under the Employee Stock Purchase Plan in an amount equal to the lesser of (a) Five Hundred Thousand (500,000) shares or (b) a lesser amount of shares determined by the Board.

The following is a brief description of the Company's equity compensation plans that did not require and have not been submitted to the Company's stockholders for approval:

2000 Supplemental Stock Option Plan. In March 2000, the Board adopted the 2000 Supplemental Stock Option Plan, or the SSOP. The SSOP provides for granting of nonqualified stock options to purchase shares of common stock to non-executive officers, employees and consultants of the Company. In accordance with the SSOP, the stated exercise price shall not be less than 85 percent of the estimated fair market value of common stock on the date of grant as determined by the Board. The SSOP allows optionees to purchase stock on exercise of options using cash, through a tender of shares or through a same-day sale option exercise program. The SSOP provides that the options shall be exercisable over a period not to exceed ten years. Options issued under the SSOP generally vest 25 percent 12 months after date of grant and 1/48th each month thereafter for the next 36 months. The SSOP provides that, in the event of certain change of control transactions involving the Company, outstanding options will be assumed by the Company's acquiror or the Company's acquiror would issue replacement options. If the Company's acquiror did not assume or replace outstanding options, then these options would terminate upon the closing of the transactions. Options available for grant as of July 31, 2005 were approximately 10,966 shares.

Restricted Stock Grant Agreement. In June 2002, the Company granted its new president and chief executive officer, Woodson Hobbs, an option to purchase 1,500,000 restricted shares of common stock at \$0.59 per share (the fair market value on July 14, 2002, the date of the grant). The options may be exercised prior to the options becoming vested, but such shares are subject to repurchase over the option vesting period. If the officer's employment is terminated for any reason, the Company has the right to repurchase any unvested shares. A total of 700,000 shares, conditional upon continued employment, vest 25 percent 12 months after date of grant and $\frac{1}{48}$ th each month thereafter for the next 36 months. The remaining 800,000 shares vest in full on June 14, 2009, but the vesting may be accelerated upon achievement of certain performance objectives. The grant provides for acceleration of vesting upon change of control, as more fully described in the Employment Contracts and Termination of Employment and Change of Control Arrangements section. In June 2002, Mr. Hobbs exercised 525,000 shares in exchange for a full recourse, interest-bearing promissory note. The note was paid in full in January 2004.

Inducement Option Agreements. In addition to the equity compensation plans described above, on October 3, 2005, the Company granted inducement options outside of the Company's existing equity compensation plans to David Eichler and Blair Hankins to purchase 500,000 and 200,000 shares of the Company's common stock, respectively. The shares subject to each of these options vest as to one-fourth of the total number of shares subject to the option on October 3, 2006 and $\frac{1}{48}$ th of the total number of shares subject to the option each month thereafter, so that the option shall be fully vested and exercisable on October 3, 2009 (assuming the optionholder remains in a continuous service relationship with the Company through that date). Shareholder approval was not required for either of these option grants and no such approval was obtained.

As of October 17, 2005, the total number of outstanding options to purchase shares of the Company's common stock under all of the Company's plans and agreements was 13,607,088, of which 7,346,436 were issued pursuant to the 2002 Plan, 2,422,533 were issued pursuant to the 2000 Supplemental Stock Option Plan, 975,000 were issued pursuant to a restricted stock grant agreement, 1,848,888 were issued pursuant to the 1993 Stock Option Plan, 299,095 were issued in connection with the Company's acquisition of Synchrologic and the assumption by the Company of options to purchase Synchrologic common stock and 700,000 were issued pursuant to inducement option agreements outside of the Company's stock option plans.

Management Incentive Program. On August 24, 2005, the Board approved a change to the criteria for achievement of executive officer bonuses. Executive officer bonuses for fiscal year 2006 will be paid based upon achievement of gross revenue and operating profit metrics as determined by the compensation committee of the Board. The percentage allocation will be determined annually by the compensation committee. For fiscal year 2006, the potential bonus allocations for the Company's executive officers range from 83% to 20% of such executive officer's base compensation and are to be paid out based upon achievement of gross revenue and operating profit metrics established by the compensation committee.

Compensation Committee Interlocks and Insider Participation

The compensation committee currently consists of Ms. Berg-Painter and Messrs. Clair and Cornell. No member of the compensation committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

The personal compensation agreements provide for the cash compensation described above and the acceleration of vesting of options to purchase common stock in the event of a change of control of the Company.

On August 24, 2005, following a recommendation by its compensation committee, the Board approved Compensation for Board Service and Change of Control Agreements for Richard Arnold, Keith Cornell and Terrence Valeski (the New Board Agreements) and amended the Compensation for Board Service and Change of Control Agreements with Mike Clair and Kirsten Berg-Painter (the Amended Board Agreements) and, collectively with the New Board Agreements, the Board Agreements. Mr. Hobbs was also issued an immediately exercisable restricted stock option to purchase up to 1,500,000 shares of the Company's common stock at \$0.59 per share. The option is fully exercisable from the time of grant, subject to the Company's right to repurchase any unvested shares at the original exercise price in the event of Mr. Hobbs' termination. The option shares vest as follows: 700,000 shares vest over four years, with 25 percent vesting after one year and then $\frac{1}{48}$ th vesting monthly thereafter; 400,000 shares vest on the seventh anniversary of the date of grant, with acceleration for meeting certain operating plan criteria, including revenue and net income objectives; and 400,000 shares vest on the seventh anniversary of the date of grant, with acceleration for meeting certain stock price targets. Mr. Hobbs exercised the option with respect to 525,000 shares and paid for the shares by issuing the Company a full recourse promissory note in the aggregate principal amount of \$309,750 with interest accruing at the rate of 4.75 percent per annum. The note was paid in full in January 2004. Mr. Hobbs is entitled to receive pro-rata compensation and benefits for a three-month period if he is subject to an *Involuntary Termination* (as defined below). If Mr. Hobbs is subject to *Involuntary Termination* within twelve months following a *Change of Control* (as defined below), he will be entitled to receive pro-rata compensation and benefits for a six-month period. In addition, upon a *Change of Control*, all unvested shares of the Company's stock owned or under options held by Mr. Hobbs will vest in full. In addition, the Company will increase any severance amounts payable to Mr. Hobbs to cover any excise tax he may owe if his severance payments are deemed to constitute *excess parachute payments* under Section 280G of the Internal Revenue Code of 1986, as amended, in connection with a *Change of Control*.

On October 18, 2003, the compensation committee approved the Amendment to Attachment 1 to Employment Agreement amending the definition of *Change of Control* contained in the *Hobbs Employment Agreement* such that *Change of Control* means the occurrence of any of the following events:

- (a) Any *person* (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended), excluding existing beneficial owners as of the date of this Letter, is or becomes the *beneficial owner* (as defined in Section 13d-3 of said Act), directly or indirectly, of securities of the Company representing 50 percent or more of the total voting power represented by the Company's then outstanding voting securities, excluding conversion of any convertible securities issued as of the date of this Agreement;
- (b) The composition of the Board changes during any period of 36 months that follows October 20, 2003, such that individuals who, at the beginning of the period, were members of the Board (the *Continuing Directors*), cease for any reason to constitute at least a majority thereof; unless at least 50 percent of the *Continuing Directors* has either (i) approved the election of the new *Directors*, (ii) if the election of the new *Directors* is voted on by stockholders, recommended that the stockholders vote for approval, or (iii) otherwise determined that such change in composition does not constitute a *Change of Control*, even if the *Continuing Directors* do not constitute a quorum of the whole Board (it being understood that this requirement shall not be capable of satisfaction unless there is at least one *Continuing Director*);

(c) The stockholders of the Company approve a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50 percent of the total voting power represented by the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation, or the stockholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets;

Any other provision of this notwithstanding, the term Change of Control shall not include either of the following events undertaken at the election of the Company:

(i) Any transaction, the sole purpose of which is to change the state of the Company's incorporation; or

(ii) A transaction, the result of which is to sell all or substantially all of the assets of the Company to another corporation (the surviving corporation) provided that the surviving corporation is owned directly or indirectly by the stockholders of the Company immediately following such transaction in substantially the same proportions as their ownership of the Company's common stock immediately preceding such transaction.

On August 24, 2005, the Board approved an additional amendment to the Hobbs Employment Agreement, which amended the Hobbs Employment Agreement to provide that in exchange for Mr. Hobbs' execution of a full release, if Mr. Hobbs is terminated by the Company for any reason other than cause, he will be entitled to receive six months of continued salary and six months of COBRA payments.

On November 17, 2004, Mr. Hobbs was granted the following additional stock options entitling him to purchase up to 1,500,000 shares of the Company's common stock, which options consisted of the following: (i) options to purchase 800,000 shares of the Company's common stock (the Hobbs Standard Option); (ii) options to purchase 100,000 shares of the Company's common stock (the Hobbs Performance Based Option Return on Sales); and options to purchase 600,000 shares of the Company's common stock (the Hobbs Performance Based Option Share Price). The Hobbs Standard Option becomes fully vested and exercisable at the rate of 1/4th of the total number of shares subject to such option on August 1, 2005 and 1/48th of the total number of shares subject to such option on the each monthly anniversary of the August 1, 2004 until fully vested and exercisable, for so long as Mr. Hobbs remains an employee of or consultant to the Company. The shares issuable pursuant to the Hobbs Performance Based Option Return on Sales become fully vested and exercisable as follows: (i) 25,000 shares shall become fully vested and exercisable as of September 15, 2005 if Return on Sales (as defined therein) is greater than 5.0% for the fiscal year ending July 31, 2005; (ii) 25,000 shares shall become fully vested and exercisable as of September 15, 2006 if Return on Sales is greater than 7.0% for the fiscal year ending July 31, 2006; (iii) 25,000 shares shall become fully vested and exercisable as of September 15, 2007 if Return on Sales is greater than 9.0% for the fiscal year ending July 31, 2007; and (iv) 25,000 shares shall become fully vested and exercisable as of September 15, 2008 if Return on Sales is greater than 11.0% for the fiscal year ending July 31, 2008, provided, however, that notwithstanding the foregoing, as long as Mr. Hobbs is an employee of or consultant to the Company and to the extent not already vested or exercisable, all of the shares issuable pursuant to the Hobbs Performance Based Option Return on Sales shall become fully vested and exercisable as of August 1, 2010. The shares issuable pursuant to the Hobbs Performance Based Option Share Price become fully vested and exercisable as follows: (i) 150,000 shares shall become fully vested and exercisable if the average closing sales price of one share of the Company's common stock over any three-month period as reported on the Nasdaq National Market (the Average Share Price) is equal to or greater than \$12.70; (ii) 150,000 shares shall become fully vested and exercisable if the Average Share Price

Mr. Foster also received an additional grant of an option for 100,000 shares of the Company's common stock at \$0.34 per share. The option to purchase 100,000 shares is fully vested as a result of the satisfaction of certain performance milestones. In the event the Company terminates Mr. Foster's employment at any time other than for good reason (as defined in the agreement), then he shall be entitled to receive as a severance six months continuation of his base salary, based upon his base salary as of the date of his employment ceases, and the Company will continue to pay for coverage of the executive under the Company's health, life, dental and other insurance programs for a period of six months, provided that he first sign a comprehensive release of claim in favor of the Company, and that release becomes effective according to its terms. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who beneficially own more than 10 percent of the Company's common stock, who are collectively referred to as Reporting Persons, to file initial reports of ownership and reports of changes in ownership with the SEC. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they filed.

To the Company's knowledge, based upon the review of such forms furnished to the Company and written representations from certain reporting persons, the Company believes that during the fiscal year ended July 31, 2005, except as follows, all reporting persons have complied with all filing requirements applicable to the Company's executive officers, directors and greater than 10 percent stockholders: Said Mohammadioun filed a Form 4 in connection with a sale of certain shares of the Company's common stock on April 4, 2005, one day past the due date for such Form 4.

**REPORT OF THE COMPENSATION COMMITTEE OF THE INTELLISYNC
BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

The following is the report of the compensation committee of the Company, describing the compensation policies and rationale applicable to the Company's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended July 31, 2005. The information contained in the report shall not be deemed to be soliciting material or to be filed with the SEC nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Act, or the Securities Exchange Act of 1934, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into such filing.

The compensation committee is responsible for setting and administering the policies governing annual compensation of the executive officers of the Company. The compensation committee adopted a written charter in September 2004, a copy of which is available on our website at www.intellisync.com. For all executive officers, the committee reviews the performance and compensation levels for executive officers, sets salary levels and recommends option grants under the Option Plan. The members of this committee for the fiscal year ended July 31, 2005 were Ms. Berg-Painter and Messrs. Clair and Cornell (who was appointed to the committee in May 2005), who were non-employee directors of the Company for the fiscal year ended July 31, 2005.

Overview

The goals of the Company's executive officer compensation policies are to attract, retain and reward executive officers who contribute to the Company's success, to align executive officer compensation with the Company's performance and to motivate executive officers to achieve the Company's business objectives. The Company uses salary, bonuses, incentive cash compensation and option grants to attain these goals. The committee reviews compensation surveys and other data to enable the committee to compare the Company's compensation package with that of similarly-sized high technology companies in the Company's geographic areas.

Salary

Compensation of executive officers, other than for Mr. Hobbs, the Company's president and chief executive officer, are reviewed annually by the committee, and adjustments are made based on individual executive officer performance, scope of responsibilities and levels paid by similarly-sized high technology companies in the applicable geographic area.

Stock Options

The Company strongly believes that equity ownership by executive officers provides incentives to build stockholder value and align the interests of executive officers with the stockholders. The size of an initial option grant to an executive officer has generally been determined with reference to similarly-sized high technology companies in the relevant geographic area for similar positions, the responsibilities and future contributions of the executive officer, as well as recruitment and retention considerations. See also Stock Options Granted in Fiscal Year 2005 above.

Chief Executive Officer Compensation

The committee annually reviews the performance and compensation of Mr. Hobbs. Mr. Hobbs has served as the Company's president and chief executive officer since June 2002. The compensation of Mr. Hobbs is largely based upon the same criteria as that applicable to the other executive officers of the Company although the committee added a number of performance criteria to Mr. Hobbs' option grants not typical of options granted to other executive officers. In addition to base compensation, Mr. Hobbs received a signing bonus of \$200,000 upon execution of his Employment Agreement with the Company in June 2002. Mr. Hobbs was also issued an immediately exercisable restricted stock option to purchase up to 1,500,000 shares of the Company's common stock at \$0.59 per share. The option is fully exercisable from the time of grant, subject to the Company's right to repurchase any unvested shares at the original exercise price in the event of Mr. Hobbs' termination. The option shares vest as follows: 700,000 shares vest over four years, with 1/4th vesting after 12 months from the date of grant and then 1/48th vesting monthly thereafter; 400,000 shares vest on the seventh anniversary of the date of grant, with acceleration for meeting certain operating plan criteria, including revenue and net income objectives; and 400,000 shares vest on the seventh anniversary of the date of grant, with acceleration for meeting certain stock price targets. Mr. Hobbs exercised the option with respect to 525,000 shares and paid for the shares by issuing the

Company a full recourse promissory note in the aggregate principal amount of \$309,750 with interest accruing at the rate of 4.75% per annum. The note was fully paid in January 2004. On September 30, 2003, the Board agreed to increase Mr. Hobbs' annual salary to \$350,000, retroactive to June 14, 2003, the anniversary of Mr. Hobbs' employment with the Company. On September 28, 2004, the Board agreed to increase Mr. Hobbs' annual salary to \$375,000, retroactive to August 1, 2004. On November 17, 2004, Mr. Hobbs was granted the following additional stock options entitling him to purchase up to 1,500,000 shares of the Company's common stock, which options consisted of the following: (i) options to purchase 800,000 shares of the Company's common stock with standard vesting over four years; (ii) options to purchase 100,000 shares of the Company's common stock with performance based vesting based on certain sales goals; and options to purchase 600,000 shares of the Company's common stock with performance based vesting based on certain share price goals. On August 24, 2005 the Board agreed to maintain Mr. Hobbs' annual salary at \$375,000. In each case, increases in Mr. Hobbs' compensation were based on Mr. Hobbs performance as chief executive officer.

While the chief executive officer makes recommendations about the compensation levels, goals and performance of the other executive officers, he does not participate in discussions regarding his own compensation or performance.

INTELLISYNC CORPORATION

**2002 Equity Incentive Plan,
as approved by the Board of Directors on October 27, 2005**

PURPOSE. Intellisync Corporation 2002 Equity Incentive Plan (the *2002 Plan*) is established to attract, retain and reward persons providing services to Intellisync Corporation and any successor corporation thereto (collectively referred to as the *Company*), and any Parent and/or Subsidiary (all of whom along with the Company being individually referred to as a *Participating Company* and collectively referred to as the *Participating Company Group*), and to motivate such persons to contribute to the growth and profits of the Participating Company Group in the future. For purposes of the 2002 Plan, a parent corporation and a subsidiary corporation shall be as defined in sections 424(e) and 424(f) of the Internal Revenue Code of 1986, as amended (the *Code*).

Awards granted under the 2002 Plan may be Incentive Stock Options, Nonstatutory Stock Options, or Restricted Stock Units, as determined by the Board at the time of grant.

Capitalized terms not defined in the text of the 2002 Plan are defined as set forth in Section 19 below.

ADMINISTRATION. The 2002 Plan shall be administered by the Board of Directors of the Company (the *Board*) and/or by one or more duly appointed committees (collectively, the *Committee*) of the Board having such powers as shall be specified by the Board. The composition of, and authority delegated to, the Committee shall conform to any mandatory requirements of the Applicable Laws. Subsequent references herein to the Board shall also mean the Committee if such Committee has been appointed and, unless the powers of the Committee have been specifically limited, the Committee shall have all of the powers of the Board granted herein, including, without limitation, the power to terminate or amend the 2002 Plan at any time, subject to the terms of the 2002 Plan and any limitations imposed by the Applicable Laws. If permitted by the Applicable Laws, the Board may authorize one or more officers to make awards under the 2002 Plan, within such limits as the Board may specify in connection with such grant of authority.

To the extent that the Board determines it to be desirable to qualify Awards granted hereunder as performance-based compensation within the meaning of Section 162(m) of the Code, the 2002 Plan shall be administered by a Committee of two or more outside directors within the meaning of Section 162(m) of the Code.

All questions of interpretation of the 2002 Plan or of any Awards granted under the 2002 Plan shall be determined by the Board, and such determinations shall be final and binding upon all persons having an interest in the 2002 Plan and/or any Award. Options may be either Incentive Stock Options or Nonqualified Stock Options. Any officer of a Participating Company Group shall have the authority to act on behalf of the Company with respect to any matter, right, obligation, or election which is the responsibility of or which is allocated to the Company herein, provided the officer has apparent authority with respect to such matter, right, obligation, or election.

ELIGIBILITY AND CONSEQUENCES OF PARTICIPATION IN 2002 PLAN.

ELIGIBILITY. Incentive Stock Options may be granted only to employees (including officers and directors who are also employees) and directors of the Participating Company Group or to individuals who are rendering services as consultants of or advisors to the Participating Company Group. The Board shall, in its sole discretion, determine which persons shall be granted an Award. A director of the Company may only be granted a Nonqualified Stock Option or a Restricted Stock Unit unless the director is also an employee of the Company. An individual who is rendering services as a consultant, advisor, or other

independent contractor may only be granted a Nonqualified Stock Option or a Restricted Stock Unit. Eligible persons may be granted more than one (1) Award.

RIGHTS AS STOCKHOLDER. Until the issuance of the shares following exercise of an Award (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the shares of Stock subject to an Award.

NO EMPLOYMENT RIGHTS. The 2002 Plan shall not confer upon any Participant any right with respect to continuation of an employment or consulting relationship with the Company, nor shall it interfere in any way with such participant's right or the Company's right to terminate the employment or consulting relationship at any time for any reason.

SHARES SUBJECT TO AWARDS. Awards shall be for the purchase or grant of shares of the authorized but unissued, or reacquired (treasury) common stock of the Company (the *Stock*), subject to adjustment as provided in Section 12 below. The maximum number of shares of Stock which may be issued under the 2002 Plan shall be eight million seven hundred seventy five thousand (8,775,000) shares. In the event that any outstanding Award for any reason expires or is terminated or canceled, the shares allocable to the unexercised portion of such Award may again be subject to an Award grant.

CODE SECTION 162(M) PROVISIONS.

OPTION ANNUAL SHARE LIMIT. No Participant shall be granted, in any Fiscal Year, Options to purchase more than 1,000,000 shares of Stock. In connection with his or her initial service, a Participant may be granted Options to purchase up to an additional 1,000,000 shares of Stock, which will not count against the limit set forth in the previous sentence.

RESTRICTED STOCK UNIT ANNUAL LIMIT. No Participant shall be granted, in any Fiscal Year, more than 500,000 shares of Stock in the aggregate of Restricted Stock Units. In connection with his or her initial service, a Participant may be granted an additional 500,000 shares of Stock in the aggregate of Restricted Stock Units, which will not count against the limit set forth in the previous sentence.

SECTION 162(M) PERFORMANCE RESTRICTIONS. For purposes of qualifying grants of Restricted Stock Units as performance-based compensation under Section 162(m) of the Code, the Board, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Board on or before the latest date permissible to enable the Restricted Stock Units to qualify as performance-based compensation under Section 162(m) of the Code. In granting Restricted Stock Units which are intended to qualify under Section 162(m) of the Code, the Board shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

CHANGES IN CAPITALIZATION. The numerical limitations in Sections 5(a) and (b) shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 12.

TIME FOR GRANTING OPTIONS. All Awards shall be granted, if at all, within ten (10) years from the earlier of the date the 2002 Plan is adopted by the Board or the date the 2002 Plan is duly approved by the stockholders of the Company.

TERMS, CONDITIONS AND FORM OF OPTIONS. Subject to the provisions of the 2002 Plan, the Board shall determine for each Option (which need not be identical) the number of shares of Stock for which the Option shall be granted, the option exercise price of the Option, the timing and terms of exercisability and vesting of the Option, whether the Option is to be treated as an Incentive Stock Option or as a Nonqualified Stock Option and all other terms and conditions of the Option not inconsistent with

the 2002 Plan. Options granted pursuant to the 2002 Plan shall be evidenced by written agreements specifying the number of shares of Stock covered thereby, in such form as the Board shall from time to time establish, which agreements may incorporate all or any of the terms of the 2002 Plan by reference and shall comply with and be subject to the following terms and conditions:

OPTION EXERCISE PRICE. The option exercise price for each Option shall be established in the sole discretion of the Board; provided, however, that (i) the option exercise price per share for an Incentive Stock Option shall be not less than the Fair Market Value, as determined by the Board, of a share of Stock on the date of the granting of the Option, (ii) the option exercise price per share for a Nonqualified Stock Option shall not be less than one hundred percent (100%) of the Fair Market Value, as determined by the Board, of a share of Stock on the date of the granting of the Option and (iii) no Incentive Stock Option granted to an Optionee who at the time the Option is granted owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of a Participating Company within the meaning of section 422(b)(6) of the Code (a *Ten Percent Owner Optionee*) shall have an option exercise price per share less than one hundred ten percent (110%) of the Fair Market Value, as determined by the Board, of a share of Stock on the date of the granting of the Option. Notwithstanding the foregoing, an Option (whether an Incentive Stock Option or a Nonqualified Stock Option) may be granted with an option exercise price lower than the minimum exercise price set forth above if such Option is granted pursuant to an assumption or substitution for another option in a manner qualifying with the provisions of section 424(a) of the Code.

EXERCISE PERIOD OF OPTIONS. The Board shall have the power to set the time or times within which each Option shall be exercisable or the event or events upon the occurrence of which all or a portion of each Option shall be exercisable, including vesting requirements and/or performance criteria with respect to the Company and/or the Optionee, and the term of each Option; provided, however, that (i) no Option shall be exercisable after the expiration of ten (10) years after the date such Option is granted, and (ii) no Incentive Stock Option granted to a Ten Percent Owner Optionee shall be exercisable after the expiration of five (5) years after the date such Option is granted. The Board shall have the discretion to determine whether and to what extent the vesting of Options shall be tolled during any unpaid leave of absence; provided, however, that in the absence of such determination, vesting of Options shall be tolled after the thirtieth (30th) calendar day of any such unpaid leave (unless otherwise required by the Applicable Laws). In the event of military leave, vesting shall toll during any unpaid portion of such leave, provided that, upon a Participant's returning from military leave (under conditions that would entitle him or her to protection upon such return under the Uniform Services Employment and Reemployment Rights Act), he or she shall be given vesting credit with respect to Options to the same extent as would have applied had the Optionee continued to provide services to the Company throughout the leave on the same terms as he or she was providing services immediately prior to such leave.

PAYMENT OF OPTION EXERCISE PRICE. Payment of the Option exercise price for the number of shares of Stock being purchased pursuant to any Option shall be made (i) in cash, by check, or cash equivalent; (ii) by tender to the Company of shares of the Company's stock owned by the Optionee having a value, as determined by the Board (but without regard to any restrictions on transferability applicable to such stock by reason of federal or state securities laws or agreements with an underwriter for the Company) not less than the aggregate exercise price of the Option shares being exercised, provided that in the case of shares of Stock acquired, directly or indirectly, from the Company, such shares of Stock must have been owned by the Optionee for more than six months on the date of tender (or such other period as may be required to avoid the Company's incurring an adverse accounting charge); (iii) by the assignment of the proceeds of a sale of some or all of the shares being acquired upon the exercise of the Option (including, without limitation, through an exercise complying with the provisions of Regulation T as promulgated from time to time by the Board of Governors of the Federal Reserve System); (iv) any other method permissible under the Applicable Laws, or (v) by any combination of the foregoing methods.

The Board may at any time or from time to time, by adoption of or by amendment to either of the standard forms of Award Agreement described in Section 9 below, or by other means, grant Options which do not permit all of the foregoing forms of consideration to be used in payment of the Option exercise price and/or which otherwise restrict one (1) or more forms of consideration. The Company reserves, at any and all times, the right, in the Company's sole and absolute discretion, to establish, decline to approve and/or terminate any program and/or procedures for the exercise of Options by means of an assignment of the proceeds of a sale of some or all of the shares of Stock to be acquired upon such exercise, and the Company may, in its sole discretion, refuse to accept a particular form of consideration at the time of any Option exercise if the Board determines that acceptance of such form is not in the best interests of the Company or its stockholders at such time.

\$100,000 LIMITATION APPLICABLE TO INCENTIVE STOCK OPTIONS. Notwithstanding any designation by the Board of an Option as an Incentive Stock Option, to the extent that the aggregate Fair Market Value of shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Optionee during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as nonstatutory stock options. For purposes of this paragraph, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the shares subject to an Incentive Stock Option shall be determined as of the date of the grant of such Option.

INCENTIVE STOCK OPTIONS. Unless otherwise provided for by the Board at the time an Option is granted, an Option designated as an Incentive Stock Option shall comply with and be subject to the terms and conditions set forth in the form of Award Agreement and the Applicable Laws.

NONQUALIFIED STOCK OPTIONS. Unless otherwise provided for by the Board at the time an Option is granted, an Option designated as a Nonqualified Stock Option shall comply with and be subject to the terms and conditions set forth in the form of Award Agreement and the Applicable Laws.

RESTRICTED STOCK UNITS.

GRANT. Restricted Stock Units may be granted at any time and from time to time as determined by the Board. After the Board determines that it will grant Restricted Stock Units under the 2002 Plan, it shall advise the Participant in writing or electronically of the terms, conditions, and restrictions related to the grant, including the number of Restricted Stock Units.

VESTING CRITERIA AND OTHER TERMS. The Board shall set vesting criteria in its discretion, which, depending on the extent to which the criteria are met, will determine the number of shares of Stock that will be paid out to the Participant upon vesting of an Award of Restricted Stock Units. The Administrator may set vesting criteria based upon the achievement of Company-wide, business unit, or individual goals (including, but not limited to, continued employment), or any other basis determined by the Board in its discretion.

EARNING RESTRICTED STOCK UNITS. Upon meeting the applicable vesting criteria, the Participant shall be entitled to receive a payout as specified in the Restricted Stock Unit Award Agreement. Notwithstanding the foregoing, at any time after the grant of Restricted Stock Units, the Board, in its sole discretion, may reduce or waive any vesting criteria that must be met to receive a payout.

TIMING OF PAYMENT. Payment of earned Restricted Stock Units shall be made as soon as practicable after the date(s) set forth in the Restricted Stock Unit Award Agreement. The Board shall pay earned Restricted Stock Units in shares of Stock.

CANCELLATION. On the date set forth in the Restricted Stock Unit Award Agreement, all unearned Restricted Stock Units shall be forfeited to the Company.

STANDARD FORMS OF AWARD AGREEMENTS. The Board shall set forth the terms of each Award in a written document (the *Award Agreement*), at the time an Award is granted or as otherwise provided for by the 2002 Plan, the form(s) of which shall be approved from time to time by the Board, including any documents attached to or incorporated into such Award Agreement.

AUTHORITY TO VARY TERMS. The Board shall have the authority from time to time to vary the terms of the forms of Award Agreement either in connection with the grant of an individual Award or in connection with the authorization of a new standard form or forms; provided, however, that the terms and conditions of such revised or amended standard form or forms of Award Agreement shall be in accordance with the terms of the 2002 Plan and the Applicable Laws. Such authority shall include, but not by way of limitation, the authority to grant Awards which are immediately exercisable subject to the Company's right to repurchase any unvested shares of Stock acquired by a Participant on exercise or grant of an Award in the event such Participant's employment with the Participating Company Group is terminated for any reason, with or without cause.

TERMINATION OF AWARDS. The Board shall provide in the applicable form of Award Agreement for the treatment of an Award upon termination of the Participant's service relationship to the Participating Company in compliance with the Applicable Laws. Notwithstanding the above, unless the Board otherwise provides in the applicable Award Agreement, each Award shall terminate as to those shares of Stock in which the Participant is unvested as of the date of termination of his or her service relationship effective immediately upon such date of termination. Similarly, if the Participant (or other person entitled to exercise the Award) does not exercise the Award to the extent entitled within the time period specified in the Award Agreement, the Award shall terminate even as to vested shares of Stock effective upon the expiration of such period.

EFFECT OF CHANGE IN STOCK SUBJECT TO 2002 PLAN. Subject to any action required under the Applicable Laws by the stockholders of the Company, the number of shares of Stock covered by each outstanding Award, the numbers of shares of Stock set forth in Section 4(b) above, and the number of shares of Stock that have been authorized for issuance under the 2002 Plan but as to which no Awards have yet been granted or that have been returned to the 2002 Plan upon cancellation or expiration of an Award, as well as the exercise price per share of outstanding Options, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Stock resulting from a stock split, reverse stock split, stock dividend, combination, recapitalization or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding, and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Stock subject to an Award.

TRANSFER OF CONTROL; LIQUIDATION. A *Transfer of Control* shall be deemed to have occurred in the event of (a) a sale of all or substantially all of the Company's assets, (b) a merger, consolidation or other capital reorganization or transaction of the Company with or into another corporation, entity or person.

In the event of a Transfer of Control, the Board, in its sole discretion, may arrange with the surviving, continuing, successor, or purchasing corporation or parent corporation thereof, as the case may be (the *Acquiring Corporation*), for the Acquiring Corporation to either assume the Company's rights and obligations under outstanding Awards or substitute Awards for the Acquiring Corporation's stock for such outstanding Awards. Any Awards which are neither assumed, substituted for by the Acquiring Corporation

in connection with the Transfer of Control, nor exercised as of the date of the Transfer of Control, shall terminate and cease to be outstanding effective as of the date of the Transfer of Control.

In the event of a liquidation or dissolution of the Company, each Award will terminate immediately prior to the consummation of such action, unless otherwise determined by the Board in its sole discretion.

PROVISION OF INFORMATION. The Company shall comply with any requirements of the Applicable Laws relating to provision of financial or other information about the Company to 2002 Plan participants.

TRANSFERABILITY OF AWARDS. During the lifetime of the Participant, the Award shall be exercisable only by the Participant. No Incentive Stock Option shall be assignable or transferable by the Optionee, except by will or by the laws of descent and distribution. Subject to the Applicable Laws, the Board may in its sole discretion, and to the extent reflected in the applicable form of Award Agreement, grant transferable Nonstatutory Stock Options or Restricted Stock Units.

TERMINATION OR AMENDMENT OF 2002 PLAN. The Board may terminate or amend the 2002 Plan or one or more outstanding Options at any time; provided, however, that without the approval of the Company's stockholders, there shall be (a) no increase in the total number of shares of Stock covered by the 2002 Plan (except by operation of the provisions of Section 12 above), (b) no change in the class of persons eligible to receive Incentive Stock Options and (c) no expansion in the class of persons eligible to receive Nonqualified Stock Options. In any event, no amendment may adversely affect any then outstanding Award or any unexercised portion thereof, without the consent of the Participant, unless such amendment is required to enable an Option designated as an Incentive Stock Option to qualify as an Incentive Stock Option.

CONDITIONS UPON ISSUANCE OF SHARES. Notwithstanding any other provision of the 2002 Plan or any Award Agreement entered into by the Company pursuant to the 2002 Plan, the Company shall not be obligated, and shall have no liability for failure, to issue or deliver any shares of Stock under the 2002 Plan unless such issuance or delivery would comply with the Applicable Laws, with such compliance determined by the Company in consultation with its legal counsel. As a condition to the exercise or payment of an Award, the Company may require the person exercising or receiving the Award to represent and warrant at the time of any such exercise or receipt that the shares of Stock are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by law or in the best interests of the Company.

WITHHOLDING TAXES. As a condition of the grant, vesting or exercise of an Award, the Participant (or in the case of the Participant's death, the person succeeding to the Participant's rights under the Award) shall make such arrangements as the administrator may require for the satisfaction of any applicable federal, state, local or foreign withholding tax obligations that may arise in connection with such grant, vesting or exercise of the Award and the issuance of shares of Stock thereunder. The Company shall not be required to issue any shares of Stock under the 2002 Plan until such obligations are satisfied. If the Committee allows the withholding or surrender of shares of Company stock to satisfy a Participant's tax withholding obligations under this paragraph, the administrator shall not allow shares to be withheld in an amount that exceeds the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes.
