PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 17, 2006

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Quidel Corporation, a Delaware corporation, for use at the 2006 Annual Meeting of Stockholders to be held on Wednesday, May 17, 2006, at 8:30 a.m., local time, at L Auberger Del Mar Resort and Spa, located at 1540 Camino Del Mar, San Diego, California 92014, and at any and all adjournments and postponements of the Annual Meeting. This Proxy Statement and the accompanying proxy card will first be mailed to stockholders on or about April 12, 2006.

We will pay the expenses in connection with this solicitation. We and our employees will solicit proxies by mail, in person, by telephone, facsimile or other electronic means and will not receive any additional compensation for such solicitations. In addition, we have engaged InvestorCom, Inc. to aid in the solicitation of proxies to be voted at the Annual Meeting at an estimated cost of \$5,000 plus out-of-pocket expenses. We will also pay brokers or other persons holding stock in their name or the names of their nominees for the expenses of forwarding soliciting material to their principals.

RECORD DATE AND VOTING

The close of business on March 31, 2006 has been fixed as the record date (the Record Date) for determining which stockholders are entitled to notice of and to vote at the Annual Meeting. On the Record Date, 34,080,488 shares of our voting common stock were outstanding. Each share of common stock is entitled to one vote on any matter that may be presented for consideration and action by the stockholders at the Annual Meeting. A quorum is required to transact business at the Annual Meeting. The holders of a majority of the outstanding shares of common stock on the Record Date and entitled to be voted at the Annual Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting and any adjournments and postponements thereof. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business. With regard to the election of directors, votes may be cast in favor of a director nominee or withheld. Because directors are elected by plurality, abstentions from voting and broker non-votes will be entirely excluded from the vote and will have no effect on its outcome. If a quorum is present at the Annual Meeting, the nominees receiving the greatest number of votes (up to seven directors) will be elected. For proposals other than the election of directors, the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting is required for approval. With regard to these proposals, abstentions will be counted in tabulations of the votes cast on a proposal presented to stockholders and will have the same effect as a vote against the proposal, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved and accordingly will have no effect on the outcome of the vote on such proposal.

Unless otherwise designated, each proxy submitted by a stockholder will be voted:

- FOR ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as the Company's independent registered accounting firm for its fiscal year ending December 31, 2006; and
- FOR each of the seven nominees named below for election as directors.

Where a stockholder has directed how his or her proxy is to be voted, it will be voted according to the stockholder's directions. Any stockholder has the power to revoke his or her proxy at any time before it is voted at the Annual Meeting by submitting a written notice of revocation to the Secretary of the Company or by timely filing a duly executed proxy bearing a later date. The proxy will not be voted if the stockholder who executed it is present at the Annual Meeting and elects to vote in person the shares represented by the proxy. Attendance at the Annual Meeting will not by itself revoke a proxy.

PROPOSAL 1

The Audit Committee of the Board of Directors has selected the firm of Ernst & Young LLP, independent registered public accounting firm, to audit our consolidated financial statements for the fiscal year ending December 31, 2006, and to perform other appropriate accounting services. The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the meeting is needed to ratify the selection. If the stockholders do not ratify the appointment of Ernst & Young LLP, the selection of the Company's independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Independent Registered Public Accounting Firm

Set forth below are the aggregate fees paid or accrued for audit and other professional services rendered by our independent registered public accounting firm for the fiscal years ended December 31, 2005 and 2004.

Policy on Audit Committee Pre-approval of Audit and Permissible Non-audit Services of Independent Registered Public Accounting Firm

The Audit Committee has the responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by our independent registered public accounting firm, the Audit Committee considers whether such services are consistent with the auditor's independence, whether the independent registered public accounting firm is likely to provide the most effective and efficient service based upon their familiarity with us, and whether the service could enhance our ability to manage or control risk or improve audit quality.

All of the audit, audit related and tax services provided by Ernst & Young LLP in fiscal years 2005 and 2004 (described in the footnotes to the table above) were approved in advance by the Audit Committee.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2006.

Director Nominations

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating director candidates. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current directors, professional search firms, stockholders or other persons. For example, Mr. Dammeyer and Mr. Schuler, who were each appointed to the Board of Directors in February of 2006, were recommended to the Nominating and Corporate Governance Committee by one of the Company's non-employee directors.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Nominating and Corporate Governance Committee will evaluate the prospective nominee in the context of the then current composition of the Board of Directors and will consider a variety of other factors, including the prospective nominee's business, technology and industry, finance and financial reporting experience, and other attributes that would be expected to contribute to an effective Board of Directors. The Nominating and Corporate Governance Committee seeks to identify nominees who possess a wide range of experience, skills, areas of expertise, knowledge and business judgment. Successful nominees must have a history of superior performance or accomplishments in their professional undertakings and should have the highest personal and professional ethics and values. The Nominating and Corporate Governance Committee evaluates stockholder nominees in the same manner as it evaluates all other nominees.

Pursuant to procedures set forth in our bylaws, our Nominating and Corporate Governance Committee will consider stockholder nominations for directors if we receive timely written notice, in proper form, of the intent to make a nomination at a meeting of stockholders. To be timely, the notice must be received within the time frame discussed below in this Proxy Statement under the heading "Stockholder Proposals." To be in proper form, the notice must, among other matters, include each nominee's written consent to serve as a director if elected, a description of all arrangements or understandings between the nominating stockholder and each nominee and information about the nominating stockholder and each nominee. These requirements are further described below under the heading "Stockholder Proposals" and are detailed in our bylaws, which were attached as an exhibit to our Current Report on Form 8-K filed with the Securities and Exchange Commission on November 8, 2000. A copy of our bylaws will also be provided to a stockholder upon written request to our Corporate Secretary.

Director Compensation

Annual Cash Retainers. The Non-Executive Chairman of the Board currently receives an annual retainer of \$100,000. Directors who are not employees of ours receive an annual retainer of \$20,000. In addition, the Chairman of the Audit Committee of the Board of Directors receives an annual retainer of \$10,000. The Chairman of the Compensation Committee and Chairman of the Nominating and Corporate Governance Committee each receive an annual retainer of \$5,000.

Board and Committee Meeting Attendance Fees. Non-employee directors receive \$2,000 per board meeting attended in person and \$2,000 per committee meeting attended in person, but only if the committee meeting is not held on the same day as a board meeting. Non-employee directors are also reimbursed for expenses incurred in connection with attendance at board meetings and committee meetings.

Non-employee directors receive \$1,000 per telephonic board or committee meeting attended, although they do not receive compensation for the first four telephonic board and telephonic committee meetings that occur during the year (the yearly period from one annual meeting to the next).

Periodic Equity Awards. The Board of Directors periodically assesses potential equity awards to non-employee directors in lieu of an annual automatic grant of stock options, as contemplated under the Company's Amended and Restated 2001 Equity Incentive Plan. The Board of Directors suspended the automatic grants in May 2004. On May 19, 2005, the Board of Directors approved the grant of 12,000 shares of restricted stock to each of the Company's non-employee directors (valued then at \$52,500). The restrictions applicable to the restricted stock grants automatically lapse upon the day immediately before the next annual meeting of stockholders. Pro rata awards of restricted stock were made to the directors appointed in February 2006.

Share Ownership Guidelines. In March 2004, the Board of Directors adopted share ownership guidelines to closely align the interests of the Board of Directors and senior management with those of the stockholders. The Board of Directors resolved that each non-employee director, the Chief Executive Officer, each Senior Vice President and each Vice President would be required to retain and hold 50% of the shares acquired from any equity incentive award granted on or after March 19, 2004 (after subtracting shares sold to pay for option exercise costs, and relevant federal and state taxes which are assumed to be at the highest marginal tax rates). The foregoing share retention rule shall apply unless, at the time of receipt of the shares, such director, the Chief Executive Officer, Senior Vice President or Vice President

beneficially owned shares with a value at or in excess of the following share ownership guidelines: (i) Chief Executive Officer 3 times then-current annual base salary, (ii) Senior Vice Presidents 2 times then-current annual base salary, (iii) Vice Presidents 1 times then-current annual base salary, and (iv) non-employee directors 2 times then-current annual retainer.

The value of an individual's shares for purposes of the share ownership guidelines shall be deemed the greater of the then-current fair market value of the stock, or the individual's cost basis in the stock. Shares counted in calculating the share ownership guidelines include shares beneficially owned outright, whether from open market purchases, purchases through the 1983 Employee Stock Purchase Plan, shares retained after option exercises, and shares of restricted stock which have no further restrictions remaining.

Directors, the Chief Executive Officer, Senior Vice Presidents and Vice Presidents have five (5) years from their initial election or hire to satisfy the share retention rules previously discussed.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the US., our directors and executive officers and persons who own more than ten percent (10%) of our common stock are required to report their initial beneficial ownership of our common stock and any subsequent changes in that ownership to the Securities and Exchange Commission and Nasdaq. Specific due dates for these reports have been established, and we are required to disclose in this Proxy Statement any late filings during the year ended December 31, 2005. To our knowledge, all of the reports were timely filed, except that (i) Mr. Paiz inadvertently failed to report the disposition of certain shares on four occasions in connection with the Company's withholding of shares to satisfy tax withholding obligations relating to the lapse of restrictions on certain restricted stock awards; and (ii) Dr. Polan inadvertently failed to report the sale of shares of common stock in connection with a single transaction. Forms were subsequently filed with the Securities and Exchange Commission for each of these transactions.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the number of shares of our common stock beneficially owned as of March 31, 2006 by (i) those known to be the beneficial owners of more than five percent (5%) of our outstanding common stock, (ii) each of the present directors and nominees for director, (iii) each of the executive officers named in the Summary Compensation Table herein and (iv) all directors and executive officers as a group. On March 31, 2006, there were 34,080,488 shares of common stock outstanding.

(1) The amounts shown include cash compensation the executive officers earned and received or which was deferred pursuant to our 401(k) Plan. We began making contributions to executive officers' accounts under the 401(k) Plan in July 1999.

(2) During 2005, cash bonuses were earned in accordance with the Company's 2005 incentive compensation plan and are included in this column. These bonuses were paid in March 2006. During 2004, no cash bonuses were earned based upon management incentive compensation plans. During 2003, cash bonuses were earned in accordance with management's incentive compensation plan. These bonuses were paid in March 2004.

(3) The values set forth in the table above reflect the number of restricted shares (vested and unvested) granted to each executive officer for the period indicated multiplied by the closing price of our common stock on the date of grant. As of December 31, 2005, an aggregate of 553,030 shares of restricted stock of the Company was outstanding with a total value of \$5,945,073 based upon the closing price of our common stock as of December 31, 2005 of \$10.76. Of these amounts, the number and value (based upon the fiscal year-end closing price as of December 31, 2005) of all unvested restricted stock holdings for executive officers include: 155,000 shares at a value of \$1,666,250 for Ms. Mason; 60,000 shares at a value of \$645,000 for Mr. Foley; 64,596 shares at a value of \$694,407 for Mr. Landers; and 64,596 shares at a value of \$694,407 for Mr. Paiz. The restrictions on restricted stock granted to the Company's officers during 2004 lapse ratably over four years. The restrictions on the restricted stock granted to the Company's officers during 2005 lapse as follows: (i) restrictions covering one-half of the shares will lapse 25% each year over a four year period commencing with the grant date; and (ii) the restrictions covering the remaining one-half of the shares have a four-year cliff provision with the possibility for acceleration of the removal of restrictions for 25% of this half of the grant annually upon the achievement of certain annual revenue, earnings before income taxes depreciation and amortization (EBITDA) and strategic goals set by the Board of Directors.

Until the restrictions lapse, ownership of the affected shares of restricted stock granted to employees is conditional upon continuous employment with the Company. During the restricted period, holders of restricted stock have full voting rights with respect to their shares of restricted stock, even though the restricted stock remains subject to transfer restrictions and generally is subject to forfeiture upon termination of employment. If an officer terminates service before the restrictions lapse, the restricted stock may be repurchased by the Company. Also, we have not paid dividends on our common stock and do not anticipate paying dividends on our common stock in the foreseeable future. Accordingly, we do not anticipate paying dividends on restricted stock.

(4) The amounts shown include \$38,421 in vested restricted stock awards for both Mr. Landers and Mr. Paiz as of December 31, 2005.

(5) During the year ended December 31, 2005, we made contributions under the 401(k) Plan for Ms. Mason, Mr. Foley, Mr. Landers, Mr. Paiz and Mr. Bujarski of \$6,769, \$2,047, \$7,338, \$6,600 and \$1,625, respectively. We also funded a group term life insurance plan in excess of \$50,000. Amounts added to compensation related to this life insurance plan for Ms. Mason, Mr. Foley, Mr. Landers, Mr. Paiz and Mr. Bujarski were \$1,166, \$6,589, \$2,483, \$682 and \$206, respectively.

(6) Ms. Mason joined us as President and Chief Executive Officer, effective August 20, 2004. Total cash compensation paid to Ms. Mason for the year ended December 31, 2005 was \$423,077. Ms. Mason also earned a \$250,000 cash bonus in accordance with the incentive compensation plan of 2005, which was paid in March 2006. Please also see Compensation of the Chief Executive Officer on Page 19 for information on Ms. Mason's long-term incentive bonus program (LTIB).

(7) Mr. Bujarski joined us as Vice President and General Counsel, effective July 18, 2005. If Mr. Bujarski had been employed by us for the entire 2005 fiscal year, Mr. Bujarski's salary would have been \$240,000. Mr. Bujarski received a \$50,000 bonus at the time of commencement of his employment and an additional \$25,000 for relocation expenses. Pursuant to the terms of Mr. Bujarski's employment offer letter, the \$50,000 bonus and \$25,000 relocation expense are subject to certain clawback provisions that lapse over a 12-month period.

Option Grants During the Year Ended December 31, 2005

The following table summarizes options granted to the following executive officers during the year ended December 31, 2005, and the value of the options held by these officers at December 31, 2005. We have not granted stock appreciation rights.

Name	Individual Grants	% of Total Options		Exercise or Base Price (\$/Sh)(3)	Expiration Date(4)	Grant Date Present Value \$(5)
	Number of Securities Underlying Options Granted (#/Sh)(1)	Granted During the Year Ended December 31, 2005(2)				
Robert J. Bujarski	70,000	24	%	6.64	07/18/15	301,679

(1) All options granted in the year ended December 31, 2005 vest over a four-year period commencing on the date of grant. All options are incentive stock options to the maximum extent permitted by applicable provisions of the Internal Revenue Code.

(2) Options representing a total 291,470 shares of common stock were granted during the year ended December 31, 2005.

(3) The exercise price on the date of grant was equal to 100% or more of the fair market value.

(4) The options have a term of 10 years, subject to earlier termination related to the termination of employment or a change in control.

15

(5) The fair value of each option grant was estimated on the date of grant using the Black Scholes option pricing model with the following weighted average assumptions used for grants during the year ended December 31, 2005: risk free interest rate of 4.4%, expected option life of 4.6 years, expected volatility of 0.80 and a dividend rate of zero. Option valuation using a Black Scholes based option pricing model generates a theoretical value based upon certain factors and assumptions. Therefore, the value of a stock option, if any, is dependent on the future price of our common stock, overall stock market conditions and continued service with us, since options remain exercisable for only a limited period following certain events, such as retirement, death or disability. The values reflected in this table do not represent our estimate of future stock price.

Aggregated Option Exercises for the Year Ended December 31, 2005 and Option Values as of December 31, 2005

The following table sets forth information for the named executive officers regarding the exercise of stock options during 2005 and the number of stock options exercisable and unexercisable as of December 31, 2005.

Name	Shares Acquired on Exercise (#)	Value Realized (\$)	Number of Securities Underlying Unexercised Options at December 31, 2005 (1)		Value of Unexercised In-the-Money Options at December 31, 2005 (\$) (2)	
			Exercisable(1)	Unexercisable	Exercisable	Unexercisable
Caren L. Mason			140,625	309,375	1,026,563	2,258,438
Thomas J. Foley			37,500	112,500	184,125	552,375
Paul E. Landers			301,520	139,100	1,874,321	904,725
Mark E. Paiz	50,938	493,040	192,457	117,538	1,236,623	748,455
Robert J. Bujarski				70,000		288,400

- (1) Future exercisability is subject to a number of factors, including the optionee remaining employed with us.
- (2) Calculated on the basis of the stock price of the underlying securities as of December 31, 2005 (\$10.76 per share), less the exercise price.

EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS

Caren L. Mason joined us on August 20, 2004 as President and Chief Executive Officer and as a member of our Board of Directors. Upon the commencement of her employment, Ms. Mason entered into a written employment agreement with us. Her minimum base salary is \$415,000 per annum, subject to adjustment upward by the Board of Directors, plus an annual bonus to be determined by the Board of Directors based upon attainment of goals set by the Board of Directors with a target of 50% of Ms. Mason's base salary; and a cash performance bonus based upon a three-year cycle, commencing January 1, 2005 and ending December 31, 2007, which will be paid at the end of the three-year cycle based upon attainment of goals set by the Board of Directors. Ms. Mason's current base salary for 2006 is \$450,000 per annum. Also, as a provision of Ms. Mason's change in control and stock option agreements, all of Ms. Mason's stock options would have their vesting accelerated immediately upon a change in control irrespective of termination of employment. At the time of commencement of Ms. Mason's employment, Ms. Mason received a \$50,000 bonus and a stock option grant of 450,000 shares. Ms. Mason received an additional \$100,000 bonus at December 31, 2004.

Under her employment agreement, Ms. Mason is an at-will employee, which means that either Ms. Mason or we may terminate Ms. Mason's employment at any time. However, and except in the context of a change in control, if we terminate Ms. Mason's employment with us without cause or she terminates

her employment for good reason (as such terms are defined in her employment agreement), she is entitled to a severance payment equal to eighteen (18) months of her then base salary, a pro-rated portion of her bonus and payment of insurance premiums for a period of eighteen (18) months following termination. In addition, our Board of Directors is required to consider whether vesting of Ms. Mason's stock options will be accelerated. Amounts payable to Ms. Mason upon a change in control of the Company are generally governed by her change in control agreement, effective as of August 20, 2004, which is described below.

Messrs. Foley, Landers, Paiz and Bujarski are each at will employees who are employed through individual offer letters that provide for, among other matters: (i) a minimum base salary, currently of \$266,700, \$272,950, \$332,800 and \$247,560 per annum, respectively; (ii) an annual bonus in accordance with the Company's bonus plan, which for fiscal 2005 had a target bonus of 35% of each of Messrs. Foley's, Landers' and Paiz' base salary and 25% of Mr. Bujarski's base salary; and (iii) certain options to purchase shares of the Company's common stock at an exercise price equal to the fair market value of the Company's common stock on the date of grant with vesting of such options at 25% on the first anniversary of the grant date with the remaining 75% vesting quarterly over the next three years. The option awards were issued under and are governed by the terms and conditions of the Company's Amended and Restated 2001 Equity Incentive Plan. In addition, except in the context of a change of control, if we terminate Mr. Bujarski's employment with us without cause, he is entitled to a severance payment equal to six months of his annual salary.

Each of Ms. Mason, Mr. Foley, Mr. Landers, Mr. Paiz and Mr. Bujarski has entered into a change in control agreement with us, which provides for the payment of severance benefits in the event of termination of employment in connection with a change in control of the Company. The severance benefits are payable to Ms. Mason, Mr. Foley, Mr. Landers, Mr. Paiz and Mr. Bujarski if their respective employment with us is terminated within 30 days prior to or three years following a change in control, unless terminated for cause or the termination is the result of a voluntary resignation (which does not include resignations stemming from a material adverse change in responsibilities, status, compensation, authority or location of work place) or their death or disability. As a provision to Ms. Mason's change in control and stock option agreement, all of Ms. Mason's options would vest immediately irrespective of termination of employment.

The severance benefits under the change in control agreements generally consist of a lump sum cash payment equal to two (2) times (or in the case of Mr. Bujarski one (1) times) the sum of (i) such executive's highest annual salary rate within the three (3) year period ending on the date of termination plus (ii) an amount equal to the annualized average of all bonuses and incentive compensation payments paid to the executive during the two (2) year period immediately before the date of termination. In addition, the change in control agreements provide for: payment of \$25,000 to help pay defray the legal fees, tax and accounting fees and other costs associated with transitional matters; continued coverage for two (2) years (one (1) year in the case of Mr. Bujarski) under our group medical insurance, group dental insurance, group-term life insurance and disability insurance programs unless and to the extent the executive obtains concurrent coverage through another program in which case our coverage will be terminated or reduced as applicable; and immediate vesting and exercisability of any and all unvested stock options and restricted stock of the executive (unless previously waived or otherwise expressly agreed to by the executive as was the case for the 2005 restricted stock grants). The change in control agreement for Ms. Mason was effective as of August 20, 2004, for Mr. Foley as of November 8, 2004, for Mr. Landers as of February 27, 2003, for Mr. Paiz as of April 13, 2003 and for Mr. Bujarski as of July 18, 2005.

**REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION**

The Compensation Committee of the Board of Directors administers our executive compensation programs and recommends to the Board of Directors the salaries of all officers, including those of the executive officers named in the Summary Compensation Table. The Committee is responsible for reporting to the Board of Directors and administering all other elements of executive compensation, including annual incentive awards and stock options.

Philosophy

The executive compensation program is structured to support our mission, values and corporate strategies. The executive compensation program is designed to provide competitive levels of total compensation in order to attract, retain and motivate high-quality senior management by providing what we believe to be a competitive total compensation package based upon both individual and corporate performance. The executive compensation program is composed of three elements: (1) competitive base salaries which reflect individual performance, (2) annual incentive opportunities which are a function of individual and business performance payable in cash, and (3) longer-term stock based incentive opportunities pursuant to our stock incentive plans which link the interests of senior management and our stockholders. The mix of total compensation is designed to cause greater variability in the individual's absolute year-to-year compensation based upon our success and the individual's contribution to that success. The total compensation program focuses on both short-term and long-term results.

The Compensation Committee does not currently anticipate that the compensation of any executive officer during fiscal 2005 will materially exceed the limit on deductibility imposed by Section 162(m) of the Internal Revenue Code.

Base Salary

Base salary is targeted to be moderate yet competitive in relation to salaries commanded by those in similar positions in comparable companies. The Compensation Committee reviews management recommendations for executives' salaries and examines survey data for executives with similar responsibilities in comparable companies in the medical and biotechnology industry. Individual salary determinations are based upon experience, sustained performance and comparison to our internal and external peers.

Annual Incentive Awards

We maintain a senior management incentive compensation plan that is designed to reward senior management for their contributions to corporate and individual objectives. Under the plan, each participating officer is entitled to receive a cash bonus if certain corporate goals are met in a particular fiscal year.

Each eligible employee's potential annual award under the plan is expressed as a percentage of the total base compensation earned by the individual during the fiscal year. For the year ended December 31, 2005, the target percentage for the Chief Executive Officer was 50%, all participating Senior Vice Presidents were at 35% and Vice Presidents were at 25%. For the year ended December 31, 2005, certain targeted corporate goals were achieved and incentive compensation was awarded. In accordance with the incentive compensation plan for 2005, the Company's executive officers received approximately \$0.6 million on aggregate for the year ended December 31, 2005. These bonuses were paid in March 2006 and are reflected in the Executive Compensation Table on page 14.

Stock Options and Restricted Stock

The Compensation Committee administers our equity incentive plans and makes or recommends grants of stock options and restricted stock. The plans are designed to align the interests of management with those of the stockholders. The number of stock options and/or restricted stock shares granted is related to the recipient's base compensation and level of responsibility. All options are granted with an option exercise price at least equal to the fair market value of the common stock on the date of grant and generally vest over a four-year period. The Compensation Committee, in its discretion, may grant or recommend additional options or other awards to individuals, including the Chief Executive Officer, for increases in level of responsibility and promotions, in recognition of sustained exceptional performance, or annually based upon Company and individual performance. The option grant will generally have value to the individual only if he or she continues in our services during the vesting period and then only if the market price of the underlying shares of common stock appreciates over the option term.

Beginning in 2004, the Company began awarding restricted stock as part of its director and executive compensation program. The restrictions on restricted stock granted to the Company's executives during 2004 lapse ratably over four years, while all restrictions on the restricted stock granted to the Company's directors during 2004 lapse over a one-year period. The restrictions on the restricted stock granted to the Company's officers during 2005 lapse as follows: (i) restrictions covering one-half of the shares will lapse 25% each year over a four-year period commencing with the grant date; and (ii) the restrictions covering the remaining one-half of the shares have a four-year cliff provision with the possibility for acceleration of the removal of restrictions for 25% of this half of the grant annually upon the achievement of certain annual revenue, EBITDA and strategic goals set by the Board of Directors. The shares of restricted stock awarded in March 2006 (the 2006 Restricted Shares) are all performance based and remain subject to forfeiture until the restrictions covering the restricted shares lapse. The lapse of restrictions covering two-thirds of the total number of shares of the 2006 Restricted Shares is tied to the achievement of annual performance targets for the Company over a three (3) year period. Assuming the executive officer remains employed by the Company on the relevant date, restrictions lapse on one-third of these restricted shares each year on the anniversary of the grant date in 2007, 2008 and 2009 upon the Company's achievement of the annual goals set by the Company's Board of Directors with respect to revenue, EBITDA and a key strategic imperative for the Company in each of the fiscal years ending in 2006, 2007 and 2008, respectively. The lapse of restrictions on the remaining one-third of the total number of shares of the 2006 Restricted Shares is tied to the Company's achievement of a three-year EBITDA goal, as determined by the Board of Directors, with restrictions lapsing on the third anniversary of the grant date if such EBITDA goal is achieved.

Compensation of the Chief Executive Officer

Our Chief Executive Officer participates in the same executive compensation program provided to our other executive officers and senior management as described above. The Compensation Committee's approach to setting compensation for the Chief Executive Officer is to be competitive with comparable companies and to have a significant portion of total compensation depend upon the achievement of performance criteria. Each year, the Board of Directors approves business goals that include financial measures, which are used to evaluate the Chief Executive Officer's performance for the year. For fiscal year 2005, the performance measures included annual goals set by the Board of Directors with respect to revenue, EBITDA and achievement of a key strategic imperative for fiscal year 2005. The Board of Directors, in conjunction with the Compensation Committee, determined that the Company had achieved each of its performance measures for 2005.

Total cash compensation paid to Ms. Mason for the year ended December 31, 2005 was \$423,077 in base salary and a \$250,000 bonus was paid in March 2006. In addition, on March 1, 2006, upon the recommendation of the Compensation Committee, the Board of Directors recognized the achievement of

the performance goals for 2005 towards the minimum payment under the LTIB for Ms. Mason. Pursuant to the terms of Ms. Mason's employment agreement with the Company, the LTIB provides for payout of a cash bonus at the end of a three-year cycle, ending on December 31, 2007. In this regard, on March 1, 2006, the Board of Directors approved the future payout of the minimum payment of \$250,000 in accordance with the terms of the LTIB. The LTIB provides for a maximum payout of \$750,000 at the end of the three-year cycle.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in our 2005 Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has discussed and reviewed with our independent registered public accounting firm all matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as may be modified or supplemented. The Audit Committee has met with the independent registered public accounting firm to discuss the overall scope and plans for the independent registered public accounting firm's audit, the results of its examinations, its evaluations of our internal controls and the overall quality of our accounting and financial reporting. The Audit Committee also discussed with the independent registered public accounting firm its judgments as to the substance and clarity, not just the acceptability, of our accounting principles and financial statement disclosures. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to us is compatible with the independent registered public accounting firm's independence.

The Audit Committee also reviewed management's report on its assessment of the effectiveness of our internal control over financial reporting and Ernst & Young LLP's report on (1) management's assessment of the effectiveness of internal control and (2) the effectiveness of internal control over financial reporting.

The Audit Committee has received from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and us that might bear on the independent registered public accounting firm's independence consistent

with Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as may be modified or supplemented, discussed with the independent registered public accounting firm any relationships that may impact its objectivity and independence, and has satisfied itself as to the independent registered public accounting firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005.
