ITEM 2.03. CREATION OF A DIRECT FINANCIAL OBLIGATION

Acquisition of Assets

On March 29, 2007, we purchased approximately \$52.1 million of used, dry-van trailers. Prior to this transaction we had been utilizing these trailers under the terms of various operating leases. These trailers were purchased directly from Transport International Pool, Inc., the lessor, at prices negotiated among the parties.

New Financing Arrangements

In connection with the purchase of these trailers and related to anticipated future needs for capital, we sold \$200,000,000 of 5.31% Senior Notes on March 29, 2007, which are due March 29, 2011, to various purchasers through a private placement offering. The issuer of the Notes is J.B. Hunt Transport, Inc., a subsidiary, with a guaranty by J.B. Hunt Transport Services, Inc. The terms and conditions of this transaction are contained in the Note Purchase Agreement dated March 15, 2007, with an effective date of March 29, 2007. The agreement requires us to maintain certain covenants and financial ratios. This agreement is attached as Exhibit 10.1 of this filing. Proceeds from these notes were utilized to purchase the above mentioned trailers from Transport International Pool, Inc. The remainder of these funds was utilized to repay outstanding debt under our revolving lines of credit.

Revolving Lines of Credit

We also entered into a new \$250,000,000 Senior Revolving Credit Facility Agreement dated March 29, 2007, with J.B. Hunt Transport, Inc. as the borrower and with a guaranty from J.B. Hunt Transport Services, Inc. This new credit facility has a five year term and expires March 29, 2012. This credit facility allows us to request an increase in the total commitment by up to \$100 million and requires us to maintain certain covenants and financial ratios. The terms and conditions of this transaction are contained in the Senior Revolving Credit Facility Agreement and related documents dated March 29, 2007, which is attached as Exhibit 10.2. This new credit facility replaced a \$200,000,000 Senior Revolving Credit Facility dated April 27, 2005. Borrowing costs are based on LIBOR, plus an applicable margin and other fees. The new revolving credit facility has lower borrowing costs and fees, compared to the previous agreement. We had \$6 million outstanding as of the effective date of this new credit facility. Remaining funds under this facility may be used to purchase additional containers and chassis for our intermodal business unit, to repurchase our common stock, to repay outstanding debt and to fund working capital.
