Item 2.02 Results of Operations and Financial Condition.

On March 6, 2008, Christopher & Banks Corporation (the Company) issued a press release disclosing material nonpublic information regarding the Company's sales results for the 13-week and 52-week periods ended March 1, 2008. A copy of this press release is furnished as Exhibit 99 to this Current Report on Form 8-K and is incorporated herein by reference.

Item 7.01 Regulation FD Disclosure.

On March 6, 2008, the Company issued a press release disclosing material nonpublic information regarding the Company's sales results for the four-week period ended March 1, 2008.

The press release also included disclosure regarding the Company's auction rate securities (ARS). As of March 1, 2008, the Company held approximately \$24.6 million in principal amount of ARS which have AAA (S&P) or Aaa (Moody's) credit ratings. Beginning February 13, 2008 through March 5, 2008, the Company has experienced failed auctions for 16 ARS issues, representing approximately \$20.1 million in principal of the ARS held by the Company. Management believes the Company has the ability to hold these ARS on a long-term basis due to the fact that other liquid cash and cash equivalents are considered sufficient to meet the reasonably foreseeable future cash needs of the Company. The Company will continue to monitor circumstances related to the ARS to determine if any temporary or permanent impairment is indicated.

In the press release, the Company also announced that it is evaluating whether there are non-cash impairments of long-lived assets or goodwill that primarily relate to its Acorn division. The Company also provided an updated estimate of its fourth quarter loss per share prior to any non-cash impairment charges from the evaluation of its Acorn assets or potential impacts from ARS.

A copy of this press release is furnished as Exhibit 99 to this Current Report on Form 8-K and is incorporated herein by reference.
