Item 1.01. Entry into a Material Definitive Agreement.

Merger

On November 19, 2013, Amicus Therapeutics, Inc. (the Company) and its wholly-owned subsidiary CB Acquisition Corp., a Delaware corporation, entered into an Agreement and Plan of Merger (the Merger Agreement) with Callidus Biopharma, Inc., a Delaware corporation (Callidus), and a stockholders' representative. Pursuant to the Merger Agreement, at the closing on November 19, 2013, the Company acquired Callidus, a privately-held drug discovery company focused on enzyme replacement therapies for lysosomal storage disorders.

Pursuant to the terms and conditions of the Merger Agreement, Merger Sub merged with and into Callidus, with Callidus being the surviving corporation and becoming a wholly-owned subsidiary of the Company (the Merger). At the effective time of the Merger, each outstanding share of the common stock and the preferred stock of Callidus was cancelled and is entitled to receive a portion of the Merger Consideration (defined below).

As a result of the Merger, the Company will issue an aggregate of 7.2 million shares of its common stock, par value \$0.01 per share (the Common Stock), to the former stockholders of Callidus (the Closing Consideration). In addition, the Company will be obligated to make additional payments to the former stockholders of Callidus upon the achievement by Callidus of certain regulatory approval and clinical milestones set forth in the Merger Agreement (such payments, in the aggregate, the Milestone Consideration, and together with the Closing Consideration, the Merger Consideration), provided that the aggregate Merger Consideration shall not exceed \$130 million. The Company may, at its election, satisfy certain milestone payments identified in the Merger Agreement aggregating \$40 million in shares of its Common Stock (calculated based on a price per share equal to the average of the last closing bid price per share for the Common Stock on The NASDAQ Global Market for the ten (10) trading days immediately preceding the date of payment). The milestone payments not permitted to be satisfied in Common Stock (as well as any payments that the Company is permitted to, but chooses not to, satisfy in Common Stock), as a result of the terms of the Merger Agreement, the rules of The NASDAQ Global Market, or otherwise, will be paid in cash.

The Merger Agreement contains customary representations, warranties, covenants and indemnities of each of the Company and Callidus. In addition, the Merger Agreement requires the Company to register for resale with the Securities and Exchange Commission all shares of Common Stock issued or issuable as part of the Merger Consideration.

The representations, warranties and covenants contained in the Merger Agreement were made only for the purposes of the Merger Agreement, were made as of specific dates, were made solely for the benefit of the parties to the Merger Agreement and may not have been intended to be statements of fact but, rather, as a method of allocating risk and governing the contractual rights and relationships among the parties to the Merger Agreement. The assertions embodied in those representations and warranties may be subject to important qualifications and limitations agreed to by the Company and Callidus in connection with negotiating their respective terms. Moreover, the representations and warranties may be subject to a contractual standard of materiality that may be different from what may be viewed as material to stockholders of the Company. For the foregoing reasons, none of the Company's stockholders or any other person should rely on such representations and warranties, or any characterizations thereof, as statements of factual information at the time they were made or otherwise.

The Company intends to seek confidential treatment for certain portions of the Merger Agreement plans to file a redacted copy of the Merger Agreement with the Company's Annual Report on Form 10-K for the year ending December 31, 2013,
