ANTÓNIO MENEZES CORDEIRO
Chairman of the General Meeting
of
PT Portugal Telecom, SGPS S.A.
INFORMATION
Following some uncertainties identified as to several aspects that will guide the extraordinary general meeting of PT Portugal Telecom, SGPS S.A., which was convened at the request of the company s board of directors, to be held on 27 March, the following issues should be clarified, after analysis of the matter and of opinions issued by independent counsels:
1. Oi s share capital increase, which PT will subscribe by contributing its operational assets, is neither an independent transaction nor ar end in itself; but rather aims at the merger with Oi, under the terms resulting from the Memorandum of Understanding that was duly disclosed. Such merger will be subject to further resolution by the shareholders of PT.
2. As a result, values and interests which are similar to those underlying the merger itself must be taken into account, in order to ensure the best protection of shareholders.
3. Accordingly, the quorum required for the functioning of the general meeting is the one provided for in article 383/2 of the Portuguese Companies Code: shareholders holding at least one third of the share capital must be present or represented at the meeting.
4. The matter of the merger is not unrelated to the articles of association, and the share capital increase scheduled for the meeting to be held on 27 March is ultimately intended for the execution of that same merger; therefore, all shareholders may exercise their voting rights.
Lisbon, 25 March 2014
The Chairman of the General Meeting
(Prof. António Menezes Cordeiro)

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management s current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates , believes , estimates , expects , plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
