Publicly-Held Company

**MATERIAL FACT**

**Oi S.A.** ( Oi or the Company , BM&FBOVESPA: OIBR3, OIBR4; NYSE: OIBR and OIBR.C) in accordance with article 157, paragraph 4 of Law No. 6,404/76, pursuant to CVM Instruction No. 358/02 and in furtherance of the Material Facts released on October 2, 2013, February 10, 2014 and February 20, 2014, as well as the Notices to Market released on February 10, 2014 and March 17, 2014, notifies its shareholders and the market in general as follows.

As a result of (1) recent interactions between the Company and the underwriters, (2) comments delivered by the CVM, which must be responded to as a condition for obtaining registration necessary to the offering and (3) the timing requirement of CVM Instruction No. 400/03 for having the offering completed prior to the end of the first four months of the year, the Company and the underwriting syndicate decided to change the existing business agreement and modify the firm commitment structure of the offering, which will occur with a firm commitment for the settlement of the offering, but without a firm commitment for the placement of the shares. As a result, the underwriting syndicate will no longer assume a firm commitment to subscribe for the shares of the Company, the principal terms and conditions of which appeared in the draft of the Brazilian preliminary *prospecto* submitted to the CVM on February 19, 2014 and disclosed on the CVM's website on the same day.

The conditions of the offering are described in (a) the *Aviso ao Mercado* published today in the newspaper *Valor Econômico* , (b) in the new version of the Brazilian preliminary *prospecto* disclosed today on the Company's, the underwriters', the CVM's and the BM&FBOVESPA's websites and (c) the other offering documents.

Oi will maintain its shareholders and the market informed of any subsequent events related to the Offering.

Rio de Janeiro, April 3, 2014.

**FORWARD-LOOKING STATEMENTS**

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates, believes, estimates, expects, plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
