Announcement   Lisbon   30 June 2014
Clarifications regarding treasury investments
Portugal Telecom, SGPS, S.A. ( PT ) hereby provides the following clarifications regarding the media reports relating to the financial investmen in commercial paper of Rio Forte Investments SA ( Rioforte ), a company of Grupo Espírito Santo ( GES ).
PT subscribed, through its former subsidiaries PT International Finance BV and PT Portugal SGPS, a total of Euro 897 million in commercial paper of Rioforte with an average annual remuneration of 3.6%. All treasury applications in commercial paper of Rioforte will mature on 15 and 17 July 2014 (Euro 847 million and Euro 50 million, respectively). Treasury operations are carried out in the context of analysis of various short-term investment options available in the market and taking into account the attractiveness of the remuneration offered and are monitored and approved by the Executive Committee.
Additionally, it is thus important to note that the subscription of commercial paper of Rioforte is based on the 14-year long adequate experience in treasury applications of Banco Espírito Santo (BES) and GES entities, in the context of the strategic partnership signed in April 2000 betwee both parties. This strategic partnership contemplated the cross shareholding between both entities as well as the designation of PT as a preferred supplier of telecommunications to BES Group and the designation of BES as preferred provider of financial services to PT.
As at this date the total sum of investments in commercial paper of GES amounted to Euro 897 million, related to the investment in the commercial paper Rioforte. Since 28 April 2014 no applications and / or renewals of such investments were made. Additionally, as at this date, PT International Finance BV and Portugal Telecom, SGPS, S.A. maintain bank deposits with BES totalling Euro 22 million and Portugal Telecom, SGPS, S.A. maintains bank deposits of Euro 106 million. The figures above represent the total exposure to GES / BES.
