THE PERUVIAN BRANCH OF SOUTHERN COPPER CORPORATION REPORTS ON CURRENT EVENTS IN THE PROVINCE OF ISLAY

LIMA, May 12, 2015, the Peruvian Branch of Southern Copper Corporation (SCC or the Company) publicly announced on May 11, 2015, that it rejected the allegations by a TV station alleging that significant sums of money were offered to the leaders of the protest to end the current disturbances in the Province of Islay where the Tia Maria Project is located. The Branch clarified that the alleged offer was made by a third party with no authority to represent the Branch. The Branch also denied taking part in any illegal activity or improper conduct, and affirmed that it abides by the Code of Conduct of the Mining, Petroleum and Energy Association as well as its own Code of Business Conduct and Ethics that requires all employees, officers and directors to act with the highest standards of honesty, fairness, and integrity in all their corporate activities, communications, dealings, activities, relationships and to obey the laws, rules and regulations that govern the states and countries where SCC operates.

The Branch obtained the final approval of the environmental impact assessment of the Tia Maria project on August 1, 2014 and is awaiting authorization to move forward with the construction phase. The Company has indicated that it continues to support the efforts of the Government of Peru to bring a peaceful resolution of the disturbances in the Province of Islay.
