**Item 3.01. Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.**

As previously reported, on October 26, 2005, the Company received notice from the American Stock Exchange ("Amex") staff indicating that the Company no longer complies with Amex's continued listing standards because the Company had shareholders' equity of less than \$6.0 million and losses from continuing operations and/or net losses in its five most recent fiscal years, as set forth in Section 1003(a)(iii) of the Company Guide, and that Amex intends to proceed with removal of the Company's common stock from listing and registration on Amex. The Company appealed this determination and a hearing before a committee of Amex has been scheduled for December 2, 2005.

On November 22, 2005, the Company received a second notice from Amex that the Company was not in compliance with Section 1003(a)(ii) of the Company Guide, which is an alternative listing requirement to Section 1003(a)(iii). In the November 22, 2005 correspondence, the staff of Amex indicated that the Company had shareholders' equity of less than \$4.0 million and losses from continuing operations and/or net losses in three of its four most recent fiscal years that Amex intends to consider this deficiency at the Company's hearing on December 2, 2005. The Company will not have the opportunity to comply with the lower equity standard due to not meeting the losses from continuing operations and/or net losses in three of its four most recent fiscal years. Accordingly, in order for the Company to regain compliance with Amex listing standards, it must achieve \$6.0 million in shareholders' equity.

There can be no assurance that the Company's request for continued listing will be granted.
