VOTING MATTERS

This proxy statement is furnished in connection with the solicitation by and on behalf of the Board of Directors of Nexstar Broadcasting Group, Inc., a Delaware corporation (“Nexstar” or the “Company”), of proxies for use at Nexstar’s Annual Meeting of Stockholders to be held, pursuant to the accompanying Notice of Annual Meeting, on Wednesday, June 11, 2014 at 10:00 a.m., Central Daylight Time, and at any adjournment or postponement thereof (the “Annual Meeting”). Actions will be taken at the Annual Meeting to (1) elect directors to serve as Class II directors for a term of three years; (2) ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2014; and (3) transact any other business which may properly come before the meeting.

Shares of Nexstar common stock, par value \$0.01 (“Common Stock”), represented by a properly executed proxy that is received by Nexstar prior to the Annual Meeting, will, unless revoked, be voted as directed in the proxy. If a proxy is signed and returned, but does not specify how the shares represented by the proxy are to be voted, the proxy will be voted (i) FOR the election of the nominees named therein; (ii) FOR PricewaterhouseCoopers LLP as Nexstar’s independent registered public accounting firm in 2014; and (iii) in such manner as the persons named in your proxy card shall decide on any other matters that may properly come before the Annual Meeting.

This Proxy Statement, the accompanying notice and the enclosed proxy card are first being mailed to stockholders on or about May 9, 2014.

Voting Securities

Stockholders of record on April 7, 2014 may vote at the Annual Meeting. On that date, there were 30,622,035 shares of Class A Common Stock and no shares of Class B Common Stock, Class C Common Stock or Preferred Stock outstanding. Holders of our Class A Common Stock and our Class B Common Stock will generally vote together as a single class on all matters submitted to a vote of our stockholders. The holders of Class A Common Stock are entitled to one vote per share and the holders of Class B Common Stock are entitled to 10 votes per share. Holders of our Class C Common Stock and Preferred Stock have no voting rights. Under the Company’s By-laws, the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, constitute a quorum. Abstentions and “broker non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A “broker non-vote” occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. If you are a beneficial owner whose shares are held of record by a broker, your broker has discretionary voting authority under NASDAQ rules to vote your shares on the ratification of PricewaterhouseCoopers LLP even if the broker does not receive voting instructions from you. However, your broker does not have discretionary authority to vote on the election of directors without instructions from you, in which case a broker non-vote will occur and your shares will not be voted on this matter.

Voting Instructions

Stockholders of record may vote their proxies by signing, dating and returning the enclosed Proxy Card. If no instructions are indicated, the shares represented by such proxy will be voted according to the recommendations of our Board of Directors. Each proxy that is properly received by Nexstar prior to the Annual Meeting will, unless revoked, be voted in accordance with the instructions given on such proxy. Any stockholder giving a proxy prior to the Annual Meeting has the power to revoke it at any time before it is exercised by a written revocation received by the Secretary of Nexstar or by executing and returning a proxy bearing a later date. Any stockholder of record attending the Annual

Meeting may vote in person, whether or not a proxy has been previously given, but the mere presence of a stockholder at the Annual Meeting will not constitute revocation of a previously given proxy. In addition, stockholders whose shares of Common Stock are not registered in their own name, including shares held in a brokerage account, will need to obtain a legal proxy from the record holder of such shares to vote in person at the Annual Meeting.

Votes Necessary to Approve Proposals

- Proposal 1: Election of Class II Directors

The election of directors requires a plurality of the votes cast, and votes may be cast in favor of the nominees or withheld. A plurality means that the nominee receiving the most votes for election to a director position is elected to that position. For the proposal to elect directors, abstentions and broker non-votes will not affect the outcome of such vote, because abstentions and broker non-votes are not treated as votes cast.

- Proposal 2: Ratification of the Selection of Independent Registered Public Accounting Firm

The ratification of the selection of our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast at the meeting. Votes may be cast for or against such ratification. Stockholders may also abstain from voting. Abstentions will count in the tabulations of votes cast on this proposal, while broker non-votes are not counted as votes cast or shares voting on such matter and will have no effect on the voting on such matter.

PROPOSAL 1 – ELECTION OF CLASS II DIRECTORS

Our By-laws provide for a classified Board of Directors, divided into three staggered classes – I, II and III. The terms of office for each of these classes are scheduled to expire on the date of our annual stockholders’ meeting in 2016, 2014 and 2015, respectively. At the 2014 Annual Meeting, all of our class II directors are up for election.

Our Board of Directors has nominated Messrs. I. Martin Pompadur and Dennis A. Miller as nominees for election as our class II directors. Once elected, each of our class II directors’ term will expire on the date of our 2017 annual stockholders’ meeting. The persons named in the enclosed proxy will vote to elect as class II directors the nominees named below, unless the proxy is marked otherwise. If a stockholder returns a proxy without contrary instructions, the persons named as proxies therein will vote to elect as Directors the nominees named below.

The Board of Directors recommends a vote FOR the selection of Messrs. Pompadur and Miller to the Board of Directors.

PROPOSAL 2 – RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

Subject to ratification by the stockholders, the Audit Committee of our Board of Directors has selected the firm of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2014. PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since 1997. If the stockholders do not ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm, the selection of such independent registered public accounting firm will be reconsidered by the Audit Committee.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

The Board of Directors believes that the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm for the year ending December 31, 2014 is in the best interests of the Company and its stockholders and therefore recommends that the stockholders vote FOR this proposal.

CORPORATE GOVERNANCE

Committees of the Board of Directors

The Board of Directors currently has three standing committees with the following members:

	Compensation	Audit	Nominating and Corporate Governance
Geoff Armstrong	Chair	ü	ü
Jay Grossman	ü		ü
I. Martin Pompadur		ü	Chair
Dennis A. Miller	ü		
Lisbeth McNabb		Chair	

Compensation Committee

The Compensation Committee makes all decisions about the compensation of the Chief Executive Officer and also has the authority to review and approve the compensation for the Company's other executive officers. The primary objectives of the Compensation Committee in determining total compensation (both salary and incentives) of the Company's executive officers, including the Chief Executive Officer, are (i) to enable the Company to attract and retain highly qualified executives by providing total compensation opportunities with a combination of elements which are at or above competitive opportunities, (ii) to tie executive compensation to the Company's general performance and specific attainment of long-term strategic goals, and (iii) to provide a long-term incentive for future performance that aligns stockholder interests and executive rewards.

The purpose of the Compensation Committee is to establish compensation policies for Directors and executive officers of Nexstar, approve employment agreements with executive officers of Nexstar, administer Nexstar's stock option plans and approve grants under the plans and make recommendations regarding any other incentive compensation or equity-based plans. The Compensation Committee met three times during 2013. The Compensation Committee operates under a written charter adopted by the Board of Directors in January 2004. In July 2013, the Board of Directors amended the charter of the Compensation Committee to comprise its members primarily of independent directors in order to comply with the rules and regulations of the NASDAQ Stock Market for an uncontrolled company. A copy of such charter is available through our web site at www.nexstar.tv. Two of the three members of the Compensation Committee are "independent" as that term is defined in the NASDAQ Stock Market Marketplace rules. For more information regarding the Compensation Committee, please refer to the "Compensation Committee Report" in this Proxy Statement.

Audit Committee

The purpose of the Audit Committee is to oversee the quality and integrity of Nexstar's accounting, internal auditing and financial reporting practices, to perform such other duties as may be required by the Board of Directors, and to oversee Nexstar's relationship with its independent registered public accounting firm. The Audit Committee met four times during 2013. The members of the Audit Committee are "independent" as that term is defined in the NASDAQ Stock Market Marketplace rules. The Board of Directors has determined that Ms. McNabb, who served as Chair of the Audit Committee in 2013, is an "audit committee financial expert" in accordance with the applicable rules and regulations of the Securities and Exchange Commission. The Audit Committee operates under a written charter adopted by the Board of Directors in January 2004. A copy of such charter is available through our web site at

www.nexstar.tv. For more information regarding the Audit Committee, please refer to the “Audit Committee Report” in this Proxy Statement.

Nominating and Corporate Governance Committee

The purpose of the Nominating and Corporate Governance Committee is to identify individuals qualified to serve on Nexstar's Board of Directors, recommend persons to be nominated by the Board of Directors for election as directors at the annual meeting of stockholders, recommend nominees for any committee of the Board of Directors, develop and recommend to the Board of Directors a set of corporate governance principles applicable to Nexstar and to oversee the evaluation of the Board of Directors and its committees. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors in January 2004. In July 2013, the Board of Directors amended the charter of the Nominating and Corporate Governance Committee to comprise its members primarily of independent directors in order to comply with NASDAQ requirements for an uncontrolled company. Two of the three members of the Nominating and Corporate Governance Committee are "independent" as that term is defined in the NASDAQ Stock Market Marketplace rules. A copy of such charter is available through our web site at www.nexstar.tv. The Nominating and Corporate Governance Committee did not meet during 2013, as its functions were performed through consents or by the full Board of Directors. Our Nominating and Corporate Governance Committee will consider nominees for the Board of Directors (see "Stockholder Proposals for the 2015 Annual Meeting" under "Other Information" in this Proxy Statement).

Additional Information Concerning the Board of Directors

During 2013, the full Board of Directors met four times. During 2013, each incumbent director attended all of the meetings of the Board of Directors and committees of the Board of Directors on which they serve, except for Mr. Yudkoff, who attended two of the four full board meetings, or 50%.

Because fewer than ten non-management stockholders attended our 2013 Annual Meeting of Stockholders in person, the Board of Directors has not adopted a formal policy with regard to director attendance at the annual meeting of stockholders. Mr. Sook attended the 2013 Annual Meeting of Stockholders.

The Board of Directors has not adopted a nominating policy to be used for identifying and evaluating nominees for Director, including Director candidates recommended by stockholders, and has not established any specific minimum qualifications that Director nominees must possess. Instead, the Nominating and Corporate Governance Committee determines the qualifications and skills required to fill a vacancy to complement the existing qualifications and skills, as a vacancy arises in the Board of Directors. However, if it is determined that a nominating policy would be beneficial to Nexstar, the Board of Directors may in the future adopt a nominating policy.

There is no formal policy governing how diversity is considered in the makeup of the Board and the selection of its members. The Nominating and Corporate Governance Committee defines Board diversity broadly to mean that the Board is comprised of individuals with a variety of perspectives, industry experience, personal and professional backgrounds, skills and qualifications. When nominating a Board member, the Nominating and Corporate Governance Committee examines the diversity of the overall board and strives to maintain an appropriate level of diversity with the addition of each new nominee.

Through various offerings in 2012 and 2013, our former principal stockholder, ABRY, sold all of its common stock holdings in Nexstar and no longer has ownership interest in us. As a result, we are no longer a "controlled company" in accordance with the rules and regulations of the NASDAQ Stock Market and are now required to maintain a majority of independent Directors on our Board of Directors and to have the compensation of our executive officers and the nomination of Directors be determined by independent Directors.

Board of Directors Leadership Structure

Our Board of Directors has the responsibility for selecting the appropriate leadership structure for the Company. In making leadership structure determinations, the Board of Directors considers many factors, including the specific needs of the business and the best interests of the Company's stockholders. Our current leadership structure is comprised of a combined Chairman of the Board and Chief Executive Officer and Board committees comprised of independent Directors. Although the Board of Directors does not currently have a formal policy, the Board of Directors believes that Mr. Sook's service in this combined role is in the best interest of both the Company and its stockholders. Mr. Sook has a vast knowledge of television broadcasting and is seen as a leader in this industry. He understands the issues facing the Company and serving in this dual role he is able to effectively focus the Board of Director's attention on these matters. In his combined capacity, he can speak clearly with one voice in addressing the Company's various stakeholders such as customers, suppliers, employees and the investing public.

The Board of Directors has, so far, not found a need to designate one of the four independent Directors as a "lead independent director" because each independent Director is fully and effectively involved in the activities and issues relevant to the Board of Directors and its committees. The independent Directors have time and again demonstrated the ability to exercise their fiduciary responsibilities in deliberating issues before the Board of Directors and making independent decisions. Under NASDAQ independence rules, our independent Directors are Messrs. Armstrong, Pompadur and Miller and Ms. McNabb.

Risk Oversight

Our Board of Directors plays a vital role in managing the risks facing our Company. Through the Audit Committee, the Board of Directors manages potential accounting risk through oversight of disclosure controls and controls surrounding financial reporting. Senior financial executives report to the Audit Committee at each committee meeting on significant financial and accounting matters. Through the Compensation Committee, the Board of Directors helps manage potential risks associated with our compensation programs by ensuring that they are not structured in a way that encourages executives to take unacceptable risks. The Board of Directors is involved in managing operational risk through the evaluation of potential station acquisitions and significant agreements at Board of Directors meetings and in between meetings, as needed. The Board of Directors confers with our general counsel and outside legal counsel, when necessary, in overseeing legal and regulatory risks.

Code of Ethics

The Board of Directors adopted a Code of Ethics that applies to our Chief Executive Officer, Chief Financial Officer, the other executive officers and Directors, and persons performing similar functions. The purpose of the Code of Ethics is to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, to promote full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by Nexstar and to promote compliance with all applicable rules and regulations that apply to Nexstar and its officers and directors. The Code of Ethics was filed as an exhibit to Nexstar's Annual Report for the year ended December 31, 2003 on Form 10-K filed with the Securities and Exchange Commission on February 27, 2004. The Board of Directors periodically reviews the Code of Ethics for any necessary changes. The Board of Directors performed such a review in 2012 and made no changes to the Code of Ethics.

Compensation Committee Interlocks and Insider Participation

None of our Directors or executive officers served, and we anticipate that no member of our Board of Directors or executive officers will serve, as a member of the board of directors or compensation committee of any other company

that has one or more executive officers serving as a member of our Board of Directors.

COMPENSATION OF DIRECTORS

Overview of Compensation and Procedures

Nexstar employees do not receive additional compensation for their services as Directors, and ABRY nominees have historically agreed that they would not receive compensation for their service on the Board of Directors, including for 2013. Accordingly, Messrs. Sook, Grossman and Yudkoff serve on the Board of Directors without additional compensation. Messrs. Armstrong and Pompadur each received an annual retainer of \$15,000 and Ms. McNabb received an annual retainer of \$25,000 for 2013. In addition to the retainer, Messrs. Armstrong and Pompadur and Ms. McNabb each received \$1,500 for each in-person meeting that they attended and \$750 for each telephonic meeting that they attended of the Board of Directors or committee thereof of which they are a member. Mr. Miller, who was appointed in the Board of Directors effective February 1, 2014, will receive compensation consistent with other non-employee members of the Board of Directors. In addition, members of the Board of Directors are reimbursed for expenses they incur in attending meetings.

Each class of directors holds office until the applicable meeting of the stockholders of Nexstar for election of their class of Directors and until their successors are elected and qualified. There are no family relationships among Directors or executive officers of Nexstar.

Executive officers, Directors and greater than ten percent beneficial owners are required to furnish Nexstar with copies of all Section 16(a) forms they file.

During 2013, the Forms 3 for Thomas O'Brien, William Sally and Julie Pruett were filed after their deadlines, due to administrative oversight. Additionally, the Form 4 for the acquisition of stock on March 1, 2013 by Blake Russell was filed on April 19, 2013 and Forms 4 for Erik Brooks, Timothy C. Busch and Brian Jones filed on May 29, December 2, 18 and 26, 2013 were filed one business day after their due dates, all due to administrative oversight. Based on our records and review of the copies of Section 16(a) reports furnished to us during the year ended December 31, 2013, we believe all other Section 16(a) filing requirements applicable to Nexstar's executive officers, Directors and greater than ten percent beneficial owners were timely satisfied.

Based on this review and discussion, the Compensation Committee has recommended to the Company's Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement for the 2014 Annual Meeting of Stockholders.

Geoff Armstrong, Chair
I. Martin Pompadur
Dennis A. Miller

COMPENSATION DISCUSSION AND ANALYSIS

COMPENSATION STRATEGY

In this Compensation Discussion and Analysis, we provide a detailed discussion and analysis of our compensation program and policies and the critical factors that are considered in making compensation decisions.

Throughout this Proxy Statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during the year ended December 31, 2013, along with the other three most highly-compensated executive officers, are collectively referred to as the "Named Executive Officers."

Stockholder Say on Pay Considerations

In 2013, we provided stockholders with an advisory vote on executive compensation (Say on Pay vote) with respect to 2012 compensation. Our executive compensation program was approved by approximately 89% of the votes cast. These results demonstrate strong stockholder support for our executive compensation program.

We evaluate our executive compensation program at least annually, and this year, we have taken into account the outcome of our 2013 Say on Pay vote when considering our 2013 compensation program. Our Board of Directors and the Compensation Committee will continue to consider the results of the biennial Say on Pay votes in their future compensation policies and decisions. Our next Say on Pay vote will be with respect to our compensation for 2014.

Compensation Philosophy and Objectives

The Company's executive compensation program has been developed to incorporate a compensation philosophy consistent with the following primary objectives:

- Attract and retain talented and highly qualified executives in the competitive television broadcasting industry by providing a total compensation package that includes a combination of elements which are at or above competitive opportunities;
- Tie executive compensation, both annual and long-term elements, to the Company's overall performance and specific attainment of long-term strategic goals;
- Provide executives with long-term incentive for future performance that aligns with stockholder interests and maximizes stockholders value over the long-term; and
- Set executive compensation at responsible levels to promote fairness and equity among all employees within our organization.

Overview and Role of Compensation Committee

The Compensation Committee of the Board of Directors establishes compensation policies for the Directors and executive officers of Nexstar, including the Named Executive Officers. The Compensation Committee approves the employment agreements with the executive officers of Nexstar, administers Nexstar's stock option plans, approves grants under such plans and makes recommendations regarding other incentive compensation or equity-based plans provided to the Named Executive Officers and other executive officers.

Role of the Compensation Consultant

The Compensation Committee has the sole authority to retain and obtain advice of advisors and consultants as necessary and evaluates their independence prior to selection or retention. The Compensation Committee also sets the compensation and oversees the work of advisors and consultants. For the 2013 compensation process, the Compensation Committee retained Longnecker & Associates (“Longnecker”) to advise on executive and board compensation matters. During 2013, Longnecker attended the Compensation Committee meetings and was instructed to:

- Conduct a peer review analysis to determine the reasonableness and applicability of peer companies for compensation comparison purposes;
- Conduct a market competitive compensation analysis including base salary, annual incentives and long-term incentives for non-CEO Named Executive Officers; and
- Analyze the market competitiveness of total direct compensation packages (annual retainer, board meeting fees, committee meeting fees and equity awards) provided to Nexstar’s non-executive Directors.

The Compensation Committee has utilized and will continue to utilize the in depth review and analysis provided by Longnecker in its decisions on executive compensation in 2013 and in the future and on board compensation in the future.

Defining the Market—Benchmarking

For 2013, the Compensation Committee, working with Longnecker, performed the annual benchmark review of the aggregate level of our executive compensation, as well as the mix of elements within our executive compensation program. As a result of the recent increases in Nexstar’s capitalization and its growing digital media business, the Compensation Committee instructed Longnecker to conduct a benchmarking review to analyze the proxy information of 16 diverse media companies that either have a broadcast, communication, entertainment or media component (“peer group”), as disclosed in their most recent proxy information filing with the Securities and Exchange Commission. The peer group is comprised of the companies in the table below:

Belo Corp	Meredith
Cumulus Media	National CineMedia
DreamWorks Animation	The New York Times
Hemisphere Media Group	Pandora Media
LIN TV	Regal Entertainment Group
Live Nation Entertainment	Scholastic
Loral Space and Communications	Sinclair Broadcasting
MDC Partners	Starz

This review provides a foundation for ensuring that our executive compensation levels remain competitive in relation to this peer group and is generally refreshed prior to the hiring or replacement of an executive officer or when an existing officer’s employment contract is renewed. One of the primary objectives of the Company’s executive compensation program is to provide compensation near the median market pay level based on the Compensation Committee and Longnecker’s benchmarking review of peer group companies, when warranted by Company results and individual contribution. We believe that such benchmarking is useful because we recognize that our compensation practices must be competitive in the media industry. By targeting Named Executive Officer compensation to the

compensation practices of the Company's peer group, the Company enhances its ability to attract and retain talented and highly qualified executives, which is fundamental to the Company's growth and delivery of value to its stockholders. In addition, peer group information is one of the many factors we consider in assessing the reasonableness of compensation of our Named Executive Officers.

Compensation Risk Considerations

The Compensation Committee has assessed the level of risk associated with the Company's executive incentive programs to ensure that the design of these programs does not encourage executives to subject the Company to unacceptable levels of business risk. It is the Committee's opinion that the current incentives offered to executives are balanced in such a way so as not to create a conflict between executive and stockholder interests. Annual cash bonuses are based primarily on current year net revenues and EBITDA, which are short-term measures. These short-term incentives are balanced out by the long-term incentives offered to executives in the form of stock options. The options generally vest over a four to five year period and encourage executives not to take risks that would jeopardize the future growth and profitability of the Company.

Determination of Compensation

The Compensation Committee reviewed compensation levels for the Named Executive Officers for 2011 through 2013 and considered various factors, including the executive's job performance, the compensation level of competitive jobs and the financial performance of the Company. For the executive officers other than the Chief Executive Officer, the Compensation Committee considers the recommendations of the Chief Executive Officer. The Compensation Committee approves the primary components of compensation for each Named Executive Officer, including any annual cash bonus and grant of stock options.

Key Metrics Used for Performance Measures

The Company utilizes net revenue and Adjusted EBITDA as quantitative measures to assess performance. Net revenue represents revenue recognized, net of allowances and credits, in accordance with accounting principles generally accepted in the United States. Adjusted EBITDA is defined as income from operations, plus depreciation, amortization of intangible assets and broadcast rights (excluding barter), non-cash contract termination fees, non-cash impairment charges, (gain) loss on asset exchange and (gain) loss on asset disposal, net, minus broadcast rights payments. Both of these measures are reported by the Company in its quarterly earnings releases. For additional information on the performance on these and other measures, see discussion in the ELEMENTS OF COMPENSATION – Annual Cash Bonuses section following.

ELEMENTS OF COMPENSATION

The principal elements of the Company's executive compensation consist of the following:

- Base Salary
- Annual Cash Bonuses
- Stock Options
- Other Stock-Based Compensation
- Perquisites and Other Compensation
- Health Benefits
- Severance Benefits and Change in Control Provisions

Base Salary

The annual base salary of the Company's Named Executive Officers is established by individual employment agreements (see "Employment Agreements" in this Proxy Statement). The purpose of the base salary is to provide each Named Executive Officer with a set amount of cash compensation that is not variable in nature and that is generally competitive with market practices. The base salary is established based on the scope of the executive's responsibilities, taking into account competitive market compensation paid by peer group companies for similar positions. Generally, we target the executives' base salaries near the median market pay level of our benchmarking review of peer group companies. Under each employment agreement, base salaries are increased on an annual basis. Annual salary increases for the Named Executive Officers are generally consistent, on a percentage basis, with those received by non-executive employees. Mr. Busch's and Mr. Jones' employment agreements were renewed in 2013. See the "Employment Agreements" section of this Proxy Statement for a discussion of the employment agreements of Named Executive Officers.

Annual Cash Bonuses

Under the terms of their employment agreements, each Named Executive Officer is eligible to earn a targeted annual cash bonus up to an amount equal to a specified percentage of such executive's salary. Each Named Executive Officer's annual cash bonus is targeted to be approximately 50% of their annual base salary (with the exception of the Chief Executive Officer and the Senior Vice President, Station Operations in which their annual cash bonus is targeted at 100% and 25% of the annual base salary, respectively). The overall performance of the Company determines what percentage, if any, of the target bonus will be paid out, with net revenues and EBITDA as the primary performance measures. If the Company attains the annually budgeted amounts for net revenue and EBITDA, then it is likely that 100% of the targeted bonus will be paid. However, the Chief Executive Officer, with the approval of the Compensation Committee, may increase the annual bonus paid to our other Named Executive Officers, and the Compensation Committee may increase the annual bonus paid to our Chief Executive Officer. Likewise, if the Company does not achieve its performance benchmarks, then an amount less than the full bonus may be paid. However, the Company does not utilize defined formulas to determine what percentage of the target bonuses will be paid to its executive officers, including its Named Executive Officers. Ultimately, the payment of cash bonuses is made on a discretionary basis and is determined based on an evaluation of each executive's individual contribution to

the overall performance of the Company.

Historically, when determining the amount of bonus and incentive compensation to be paid to executive officers, the Compensation Committee reviews and considers the following information:

- Evaluations of each of the Named Executive Officers, as well as feedback from the full Board of Directors, regarding each Named Executive Officer's performance;
- The Chief Executive Officer's review and evaluation of each of the other Named Executive Officers, addressing individual performance and the results of operations of the business areas and departments for which such executive had responsibility, which the Compensation Committee discusses with the Chief Executive Officer;
- The financial performance of the Company, including its stock price, comparable revenue, Adjusted EBITDA and Free Cash Flow growth; and
- Total proposed compensation, as well as each element of proposed compensation, taking into account the recommendations of the Chief Executive Officer.

For 2013, performance bonuses were paid to all of the Named Executive Officers at amounts representing the full target percentage for the Named Executive Officer, plus additional amounts. The Compensation Committee selected these bonus amounts for 2013 due to the performance of the Company, as well as the individual performance of the executives.

The Company's performance in 2013 substantially met the expectations set by the Board of Directors. Net revenue for 2013 of \$502.3 million substantially met our budget of \$505.8 million and, excluding political revenue, was a \$164.8 million increase over 2012. The Company realized an increase in retransmission fee revenues of 66% over 2012 due to successful negotiation of expiring contracts and acquisitions of new stations in 2011, 2012 and 2013. In addition, Nexstar realized an increase in digital media revenue of 68% over 2012 primarily due to acquisitions of new stations in 2011, 2012 and 2013.

Operationally, the Company achieved significant milestones while maintaining discipline in cost management and simultaneously developing new local marketing solutions for our customers. Our budgeted Adjusted EBITDA for 2013 of \$178.9 million, compared with actual Adjusted EBITDA of \$166.7 million, was substantially met as the Company continued to invest for long-term growth.

In 2013, the Company successfully integrated the operations of its acquisition of ten television stations, four digital multi-cast channels and Inergize Digital Media, a digital management entity that offers solutions for companies in building presence on the web and in the mobile arena, from Newport Television, LLC in 2012. Additionally in 2013, the Company successfully completed its acquisitions of or entry into programming, sales and other services agreements to eleven television stations and five digital multi-cast channels, which introduced the Company's penetration into four additional states and created a virtual duopoly in three markets. Also in 2013, the Company entered into agreements to acquire or provide programming, sales and other services agreements to an additional 34 television stations. These agreements are subject to FCC approval and other customary conditions and we are projecting them to close in 2014.

In the fourth quarter of 2013, Nexstar restructured its capitalization through refinancing of our \$325.0 million 8.875% Senior Second Lien Notes funded by our issuance of \$275.0 million 6.875% Senior Unsecured Notes and borrowings under our credit facilities. These initiatives resulted in a lower cost of capital to us. During 2013, we also entered into various amendments to our credit agreements that allowed us favorable interest rates and extended maturity dates on existing borrowings under our credit facilities. These amendments also increased our borrowing capacity to position

Nexstar for future growth opportunities.

The above factors were considered in determining the levels of performance bonuses paid to each of the Named Executive Officers, along with each executive's individual performance and contribution to achievement of the goals of the Company. Each Named Executive Officer contributed significantly to our 2013 initiatives, including our acquisitions and integration of acquired or newly serviced stations, our organic growth, and our capital restructure. Due to the level of incremental effort caused by these initiatives and their favorable impact to the Company in 2013 and for future operations, the Compensation Committee determined that bonuses above the established targets were warranted.

Stock Options and Other Stock-Based Compensation

The Company believes that grants of stock options are the most appropriate form of long-term compensation since they provide incentives to promote the long-term success of the Company in line with stockholders' interests. The Company's stock option plans are intended to motivate and reward the executive officers and to retain their continued services while providing long-term incentive opportunities including the participation in the long-term appreciation of our common stock value.

The Compensation Committee awards stock options to the four non-CEO Named Executive Officers based on the recommendation of the Chief Executive Officer, who evaluates their performance in meeting the goals established at the beginning of each year. The Compensation Committee awards stock options to the Chief Executive Officer primarily based on the overall performance of the Company. As with cash bonuses, there is no defined formula for how many options will be awarded to a Named Executive Officer.

The Company currently maintains one equity compensation plan (the "2012 Equity Plan"), which provides for the granting of stock options, stock appreciation rights, restricted stock and performance awards. Awards made under the Company's equity plans have consisted almost exclusively of non-qualified stock options. Stock option awards vest ratably over four to five years, dependent on continued employment. The exercise price of stock options may not be less than the market price of the Company's Class A Common Stock on the date of grant. Stock option awards must be exercised within ten years of the date of grant of the option, subject to earlier expiration upon termination of the individual's employment. The provisions of the 2012 Equity Plan limits the number of options that may be granted to any one individual in a calendar year to 500,000 options authorized under the plan.

There were no grants of stock options to our Named Executive Officers in 2013. However, each of our Named Executive Officers have received stock options in prior years that continue to vest, and grants of additional stock options were made in January 2014 to each of our non-CEO Named Executive Officers, for recognition of their past contributions to the Company and in anticipation of their continuing efforts.

Perquisites and Other Compensation

All other compensation for the Named Executive Officers includes automobile allowances paid by the Company, the value of the personal use of an automobile and the group life insurance paid by the Company. In 2013 and 2012, the Company made 401(k) matching contributions.

Health Benefits

All full-time employees, including our Named Executive Officers, may participate in our health benefit program, including medical, dental and vision care coverage, disability insurance and life insurance.

Severance Benefits and Change in Control Provisions

All of our Named Executive Officers have entered into employment agreements with us. POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Each of our Named Executive Officers has entered into an employment agreement with the Company (see “Employment Agreements” in this Proxy Statement). Included in each employment agreement are provisions regarding termination of employment, including a change in control of the Company. The circumstances that would result in the payment of severance compensation and other benefits under the employment agreements are identical for each of the Named Executive Officers.

As defined in the employment agreements, there are three different circumstances that would result in the payment of severance compensation, each as defined in the employment agreements, as follows: (1) change in control of the Company; (2) termination by the Company for reasons other than cause; and (3) resignation by the Named Executive Officer with good reason.

In the event of termination for any of the above reasons, as defined in the employment agreements, each Named Executive Officer is eligible to receive his base salary for a period of one year (except for Mr. Sook who would receive two years base salary plus two years target bonus) and is eligible to receive continued coverage under the Company’s healthcare insurance plan in accordance with the continuation requirements of COBRA for one year with premiums paid by Nexstar.

AUDIT COMMITTEE REPORT

The financial statements of Nexstar Broadcasting Group, Inc. are prepared by management, which is responsible for their objectivity and integrity and their preparation in accordance with accounting principles generally accepted in the United States of America. The Audit Committee has reviewed and discussed with management the audited financial statements and management's assessment of the effectiveness of internal controls of the Company for the year ended December 31, 2013.

The Audit Committee has discussed with PricewaterhouseCoopers LLP ("PwC"), the independent registered public accounting firm who audited the Company's December 31, 2013 financial statements, the matters required to be discussed in Public Company Accounting Oversight Board ("PCAOB"), Auditing Standard No. 16, "Communication with Audit Committees." Additionally, the Audit Committee has received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding communications with the Audit Committee concerning independence and has discussed with them their independence from the Company and its management. Finally, the Audit Committee has considered whether the provision of non-audit services to the Company by PwC is compatible with their independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements and management's assessment of the effectiveness of internal controls be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the Securities and Exchange Commission.

Respectfully submitted,

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Our Board of Directors has not adopted a written policy or procedure for the review, approval and ratification of related party transactions, as the Audit Committee Charter already requires the Audit Committee to review all relationships and transactions in which the Company and our employees, directors and officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Based on all the relevant facts and circumstances, our Audit Committee will decide whether the related-party transaction is appropriate and will approve only those transactions that are in the best interests of the Company.

All employees sign a conflict of interest statement annually, and we require our directors and executive officers to complete annually a directors' and officers' questionnaire which requires disclosure of any related-party transactions. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in our periodic filings as appropriate.

Nexstar is party to a retransmission consent agreement with an affiliate of Atlantic Broadband Finance, LLC ("Atlantic Broadband") and with Grande Communications Networks, Inc. Atlantic Broadband operates in the Hagerstown, MD; Erie, PA; Altoona, PA and Wilkes-Barre, PA markets and Grande Communications operates in the Odessa-Midland, TX market.
