CORPORATE GOVERNANCE

Board of Directors

We are managed under the direction of our Board of Directors. Our directors generally serve one-year terms from the time of their election until the next annual meeting of stockholders or until their successors are duly elected and qualified. The size of our Board of Directors is currently set at seven members, and we currently have seven directors including four non-employee directors.

Committees of the Board of Directors

Compensation Committee

Messrs. House, Hoesterey, and Berger have been acting as the compensation committee. Mr. Hoesterey has been serving as the chairman of the compensation committee. The compensation committee has not finalized the compensation committee charter but intends to adopt one in 2007 and intends to make the charter, once approved, available on our website at www.trulitetech.com.

The compensation committee has responsibility for all aspects of the compensation program for our executive officers, including those who have attained the title of Vice President or above, and those who report directly to the Chief Executive Officer. The compensation committee has the power to retain outside counsel, compensation consultants, or other experts and will receive adequate funding from us to engage such advisors. The compensation committee has the sole authority to retain, compensate, terminate, and oversee executive compensation consultants, who are accountable ultimately to the compensation committee.

The compensation committee sets performance goals and objectives for the chief executive officer and the other executive officers, evaluates their performance with respect to those goals and sets their compensation based upon the evaluation of their performance. In evaluating executive officer pay, the compensation committee may retain the services of a compensation consultant and consider recommendations from our chief executive officer with respect to goals and compensation of the other executive officers. The compensation committee assesses the information it receives in accordance with its business judgment. The compensation committee also periodically reviews director compensation. All decisions with respect to executive and director compensation are approved by the compensation committee and recommended to the full Board of Directors for ratification.

The compensation committee is responsible for administering all of our equity-based plans. The Board of Directors, however, expects to authorize our chief executive officer to grant individual stock awards to non-executive employees between scheduled meetings of the compensation committee. The compensation committee also periodically reviews

compensation and equity-based plans and makes its recommendation to the Board of Directors with respect to these areas.

4

Nominating Committee

Our Board of Directors does not have a standing nominating committee. The entire Board of Directors participates in the consideration of director nominees. Our Board of Directors does not consider it necessary to establish a nominating committee because our Board of Directors is relatively small in size and believes it can operate more effectively in concert.

Audit Committee

Our Board of Directors does not currently have a standing audit committee. The entire Board of Directors currently acts as our audit committee. The Board of Directors anticipates forming a separate audit committee and adopting an audit committee charter in 2007. A copy of the audit committee charter, once adopted, will be made available in its entirety on our website.

Board Independence

Under the AMEX independence standards, Messrs. House, Hoesterey and Willis are independent directors. In making this determination, the Board of Directors considered Mr. Hoesterey's role as a member of the Advisory Board of Standard Renewable Energy Group, LLC and Mr. House's role as a member of the Board of Directors of Standard Renewable Energy Group, LLC. Standard Renewable Energy Group, LLC is the general partner of NewPoint Energy Solutions, LP, our largest stockholder. Messrs. Godshall, Berger, Melvin, Sifonis and White are not independent under the AMEX general independence rules and under the independence rules applicable to audit committees, nominating committees and compensation committees. Each member of our compensation committee other than Mr. Berger is a "non-employee director" as defined by Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended, an "outside director" as defined by Section 162(m) of the Internal Revenue Code, and "independent" under the AMEX independence standards.

Code of Ethics

In 2007, the Board of Directors adopted a Code of Ethics for our company. This Code is a statement of our standards for ethical behavior, legal compliance, and financial disclosure, and is applicable to all directors, officers, and employees. A copy of the Code of Ethics is available on our website at www.trulitetech.com. Additionally, should there be any changes to, or waivers from, our Code of Ethics, those changes or waivers will be posted on our website.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of a registered class of our equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our common stock. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all such forms they file. Based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that all of its directors and executive officers during 2006 complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act, with the following exceptions:

These changes were inadvertently not reported on Form 4s until February 20, 2007.

General Randolph House became a director of the company effective February 21, 2006, but the Form 3 reporting his vested options to purchase of 3,423 shares of common stock was not filed until March 7, 2006.

- John White became one of our directors effective October 16, 2006, but his beneficial ownership of 792 shares of our common stock, warrants for the purchase of 592,500 shares of our common stock, and options for the purchase of 176,278 shares of our common stock were not reported on Form 3 until February 20, 2007.

John Sifonis entered into an employment agreement with us as of October 20, 2004 (the "Sifonis Agreement"). The Sifonis Agreement contains customary confidentiality and non-disclosure provisions that survive the termination of Mr. Sifonis' employment with us, as well as a worldwide non-compete provision with respect to any business that competes in whole or in part with our services, products or activities of relating to our hydrogen fuel technology that survives the termination of Mr. Sifonis' employment with us for a period of two years.

Under the employment agreement, Mr. Godshall received an annual base salary of \$120,000, that was scheduled to increase to \$200,000 per year upon the earlier of (i) November 30, 2006 and (ii) the completion of a financing round. Effective January 1, 2007, Mr. Godshall accepted a decrease in his annual salary to \$100,000. The employment agreement provides that if Mr. Godshall is terminated without cause or he terminates for good reason (as such terms are defined in the employment agreement), then he will be entitled to receive his base salary for six months following such termination and his unexercised stock options will continue to vest for twelve months following such termination. In addition, if we do not renew the employment agreement at the end of the one-year term, Mr. Godshall will be entitled to receive his base salary for four months.

On August 7, 2006, the Board of Directors granted Mr. Godshall a stock option to acquire 676,626 shares of our common stock, at an exercise price of \$1.00 per share and which vests 25% on each of June 15, 2007, June 15, 2008, June 15, 2009, and June 15, 2010. As of December 31, 2006, neither of these events had occurred, and therefore no additional options will be granted under this arrangement. The exercise price of Mr. Godshall's stock options are based on the fair market value on the date of grant and have vesting terms consistent with other stock options we grant. All of such stock options will automatically vest upon a

change in control, merger, or buyout of our company.

The initial term of employment ends May 31, 2007 and if we elect not to renew the Pearson Employment Agreement at the end of this initial term, we are obligated to pay Mr. Pearson his salary for an additional 120 days as severance. The Pearson Employment Agreement provides for an annual base salary of \$155,000. The Pearson Employment Agreement includes confidentiality and non-competition provisions.

Effective June 1, 2006, we entered into a consulting agreement with Ken Pearson (the "Pearson Consulting Agreement"), pursuant to which Mr. Pearson performed certain services. Mr. Pearson's roles and responsibilities included: product development, regulatory and government regulations, strategic product and technology alliances and acquisitions, advanced supply chain agreements and alliances, research and development, intellectual property management and strategy formulation, and operational responsibilities. In exchange for his services, we paid Mr. Pearson compensation equal to a prorated fee of \$115,000 per year (\$9,583 per month). Additionally, we paid Mr. Pearson a \$15,000 signing bonus. In December 2006, the Board of Directors also awarded Mr. Pearson a \$15,000 performance bonus based on agreed upon performance goals. Pursuant to the Pearson Consulting Agreement, Mr. Pearson received an option on August 7, 2006 to purchase 15,000 shares of our common stock, at an option price of \$1.00 per share, which option is fully vested. Mr. Pearson also received an option to purchase 300,000 shares of our common stock at an option share price of \$1.00 effective August 7, 2006. The grant of the options is subject to the terms and conditions set forth in our Amended and Restated Stock Option Plan. In December 2006, the Board of Directors also awarded Mr. Pearson options to purchase an additional 40,000 shares of our common stock. The term of this agreement was for seven months beginning June 1, 2006 and ending on December 31, 2006. This agreement contained customary confidentiality and non-disclosure provisions to be in effect during and following the termination of the agreement, as well as a one-year non-compete provision with respect to any business that competes in whole or in part with our services, products, or activities relating to its hydrogen fuel technology and hydrogen fuel cell technology.

Prior to entering into the Pearson Consulting Agreement, we were party to an oral consulting arrangement with Ascend Technologies, LLC, an entity controlled by Mr. Pearson. Pursuant to the arrangement, Ascend performed the following services to us: assessment of the technology based on current design, including product reliability and testing procedures, product life testing assessment, product certification and regulatory compliance strategy, facilities and manufacturing review, supply chain management strategies and future technology and integration development. In exchange for these services, we paid Ascend an hourly fee equal to \$68.00 per hour, granted Ascend an option to purchase 6,000 shares of our common stock and reimbursed Ascend for its out-of-pocket expenses. This arrangement terminated upon our entry into the Pearson Consulting Agreement.

Item 12. Certain Relationships and Related Transactions, and Director Independence.**Certain Relationships and Related Transactions**

The initial investor in our company was Trulite Energy Partners, L.P., which invested \$100,000 and received 100,000 shares of Preferred Stock on July 28, 2004. Trulite Energy Partners, L.P. merged with and into CCP. William Jackson Berger, the Chairman of the Board of Directors of Trulite, is the Chairman of the Board of Directors of CCP and the managing partner of Contango Capital Partnership Management LLC, or CCPM, an entity which is the general partner of CCP. We had a management agreement with CCPM, which was transferred to CCP. In exchange for managing our day-to-day operations, CCP received 68,770 shares of our common stock (343,850 shares of our common stock, post stock split) on July 28, 2004, and six months later received an additional 65,070 shares of our common stock (325,350 shares of our common stock, post stock split). The management agreement with CCP ended on January 28, 2005, and no further payments are due or owing from us.

Our revenue has totaled \$1,750, \$16,667 and \$8,333 for 2004, 2005 and 2006, respectively. All of the revenue was obtained from Protonex. CCP owns approximately 6.4% of Protonex's stock and Mr. Berger, our Chairman and a partner with CCP, was a member of the Board of Directors of Protonex until May 2006. The revenues derived from Protonex were from military contracts obtained by Protonex and we were chosen through a competitive bidding process as the sub-contractor on the projects.

On March 31, 2006, we entered into lock-up agreements, or Lock-Up Agreements, with each of CCP (which is binding on transferees of CCP), Dr. Kevin Shurtleff, John Sifonis, and Eric Ladd (for purposes of this paragraph only, the "Stockholders"). Pursuant to the Lock-Up Agreements, the Stockholders shall not, without our prior written consent or the managing underwriter, if any, during the period commencing on the date of the final prospectus relating to a public offering of our equity securities and ending on the date specified by us or the managing underwriter, if any, enter into certain transactions with respect to our equity securities.

On August 9, 2006, we incurred indebtedness pursuant to the terms of a \$125,000 promissory note payable to Contango Venture Capital Corporation, LLC, the owner of approximately 17% of our common stock. The note bears interest at a rate of 11.25% per annum until February 8, 2007, at which time the rate will become the prime rate plus 3%. The note matures on May 1, 2007 and may be prepaid without penalty.

On August 9, 2006, we incurred indebtedness pursuant to the terms of a \$125,000 promissory note payable to Standard Renewable Energy, LP, a subsidiary of SREG. Mr. Berger, the Chairman of our Board of Directors, is the Chief Executive Officer of SREG. SREG owns NewPoint Energy Solutions, LP, which is the owner of approximately 45% of our common stock. The note bears interest at a rate of 11.25% per annum until February 8, 2007, at which time the rate will become the prime rate plus 3%. The note matures on May 1, 2007 and may be prepaid without penalty.

On September 21, 2006, we incurred indebtedness of \$250,000 pursuant to the terms of a promissory note payable to SREG. The note bears interest at a rate of 11.25% until May 21, 2007 at which time the rate will become prime plus 3%. The note matures June 18, 2007 and may be prepaid at any time without penalty.

On October 26, 2006, we incurred indebtedness of \$250,000 pursuant to the terms of a promissory note with SREG. The note bears interest at a rate of 11.25% until April 24, 2007, at which time the rate will become the prime rate plus 3%. The note matures on July 22, 2007 and may be prepaid at any time without penalty.

On November 22, 2006, we incurred indebtedness of \$400,000 pursuant to the terms of a promissory note with Contango Venture Capital Corporation, LLC. The note bears interest at a rate of 11.25% until April 24, 2007, at which time the rate will become the prime rate plus 3%. The note matures on July 22, 2007 and may be prepaid at any time without penalty.

On November 28, 2006, we incurred indebtedness of \$100,000 pursuant to the terms of a promissory note with SREG. The note bears interest at a rate of 11.25% until April 24, 2007, at which time the rate will become the prime rate plus 3%. The note matures on July 22, 2007 and may be prepaid by us at any time without penalty.

On February 6, 2007, we executed two promissory notes, pursuant to which we are obligated to repay a total of \$600,000, together with accrued interest: \$360,000 to SREG, and \$240,000 to Contango Venture Capital Corporation. The notes carry an interest rate of 11.25% through August 5, 2007, after which date they will carry an interest rate equal to the prime rate plus 3%. Both notes mature on October 31, 2007 and may be prepaid by us at any time without penalty.

On April 5, 2007, we entered into agreements with the holders of our outstanding promissory notes aggregating \$1,850,000 in principal amount, including SREG and Contango Venture Capital Corporation, with respect to the exchange of such promissory notes for shares of our common stock. Under each of these agreements, we and the holder of the note agreed that on the third business day following the last of the first ten trading days on which our common stock has been traded on the Over the Counter Bulletin Board, all principal and accrued but unpaid interest on the note(s) would be canceled, and in consideration of cancellation we would issue to the holder of the note(s) in a private transaction a number of shares of our common stock determined by multiplying 2 times the quotient of (x) the aggregate principal balance of and accrued but unpaid interest on the note(s) as of the close of business on the day before such issuance divided by (y) the average closing sale price for our common stock as quoted on the Over the Counter Bulletin Board for the first ten trading days on which our common stock actually trades. At March 31, 2007 accrued but unpaid interest on the notes aggregated \$45,469. We relied on the exemption from registration afforded by Section 4(2) of the Securities Act of 1933 in entering into these agreements. On April 24, 2007, we amended these agreements to provide that the conversion and related issuance of shares of our common stock will not occur until the later of (1) the first business day following the filing of an amendment to our Certificate of Incorporation increasing the total number of authorized shares of common stock we are authorized to issue to 50,000,000, (2) the first business

day following the date on which there are 13,785,491 shares of our common stock outstanding or (3) the third business day following the last of the first ten trading days on which our common stock has traded on the over the counter bulletin board.

We receive certain administrative and management services from SREG Manager, LLC, the manager of SREG. In addition, we use a small amount of space in an office building where SREG Manager, LLC is the tenant. We reimburse SREG Manager, LLC for its employee time dedicated to us, for a pro-rata portion of office space, and for general and administrative costs based on an allocation of how much of those services were estimated to have been used by us. We are charged monthly for the services provided to us during the previous month. In 2005 and 2006, we made payments for such services totaling approximately \$0 and \$73,100, respectively.

In April 2007, we entered into a lock-up agreement with Andrew J. Nielson, a beneficial owner of approximately 9.5% of our outstanding common stock. Pursuant to the lock-up agreement, Mr. Nielson agreed not to enter into certain transactions with respect to our equity securities without our prior written consent. These restrictions are subject to certain exceptions and do not restrict the sale by Mr. Nielson of 473,968 shares of our common stock upon the exercise of an option granted by Mr. Nielson to Eric Ladd. The term of the lock-up agreement expires on April 19, 2008. In connection with this lock-up agreement, we issued Mr. Nielson a warrant to purchase 120,000 shares of our common stock at \$1.50 per share. The warrant is exercisable, in whole or in part, at any time prior to the second anniversary of the issuance of the warrant. In addition, we granted Mr. Nielson certain piggy-back registration rights with respect to the shares of our common stock issuable upon exercise of the warrant.

Item 14. Principal Accounting Fees and Services

Audit Fees. The aggregate fees billed for professional services rendered by UHY Mann Frankfort Stein & Lipp CPAs, LLP, for the audit of our annual financial statements for the year ended December 31, 2005, and the reviews of the condensed financial statements included in our quarterly reports on Form 10-QSB for the years ended December 31, 2006 and December 31, 2005, were approximately \$157,000 and \$53,000, respectively.

The aggregate fees billed for professional services rendered by UHY LLP, for the audit of our annual financial statements for the year ended December 31, 2006, were approximately \$46,000.

Audit-Related Fees. The aggregate fees billed by UHY Mann Frankfort Stein & Lipp CPAs, LLP, for assurance and related services that were reasonably related to the performance of the audit or review of our financial statements and are not reported in "audit fees" above, for the years ended December 31, 2006 and December 31, 2005, were approximately \$49,000 and \$54,000, respectively. These fees were for services provided by UHY Mann Frankfort Stein & Lipp CPAs, LLP, related to consulting services associated with determining the appropriate accounting treatment of various transactions.

Tax Fees. The aggregate fees billed by UHY Mann Frankfort Stein & Lipp CPAs, LLP for tax compliance, tax advice, and tax planning for the years ended December 31, 2006 and December 31, 2005, were approximately \$0 and \$6,000, respectively.

All Other Fees. There were no fees billed for other services, exclusive of the fees disclosed above relating to services, rendered by UHY LLP or UHY Mann Frankfort Stein & Lipp CPAs, LLP, during the years ended December 31, 2006 or December 31, 2005.

The firm of UHY LLP acts as our principal independent registered public accounting firm. UHY has a continuing relationship with UHY Advisors, Inc., or Advisors, from which it leased auditing staff who were full time, permanent employees of Advisors and through which UHY's partners provide non-audit services. UHY has only a few full time employees. Therefore, few, if any, of the audit services performed were provided by permanent full-time employees of UHY. UHY manages and supervises the audit services and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

Consideration of Non-audit Services Provided by the Independent Auditors. The Board of Directors has considered whether the services provided for non-audit services were compatible with maintaining the independence of UHY LLP and UHY Mann Frankfort Stein & Lipp CPAs, LLP, and has concluded that the independence of each firm has been maintained.

Although the Board of Directors had not pre-approved all of the fees noted above for 2006, the Board of Directors intends to do so in the future. The Board of Directors' policy is to meet with the independent auditors and our financial management to review and pre-approve the scope of the proposed audit services, permissible non-audit services and timely quarterly reviews for the current year, the procedures to be utilized, and the adequacy of the independent auditor's compensation, and at the conclusion thereof, to review such audit or review, including any comments or recommendations of the independent auditors.
