Your vote on the matters to be acted upon at the Annual Meeting is important, regardless of the number of shares you own. Whether or not you plan to attend the Annual Meeting in person, it is important that your shares be represented. To ensure that your shares are represented, I urge you to execute and return the enclosed Proxy Card or to submit your Proxy by telephone or Internet promptly. If you attend the meeting, you may withdraw your Proxy and vote in person, if you so desire.

There will be a reception with light refreshments immediately following the meeting for all registered shareholders. I look forward to seeing you there.

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of First United Corporation (the "Corporation") of the accompanying Proxy to be voted at the Annual Meeting of Shareholders to be held on May 12, 2011, at 10:00 a.m. at the Wisp at Deep Creek Mountain Resort, McHenry, Maryland 21541, and any adjournment or postponements thereof. The cost of soliciting proxies will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited by officers, Directors and regular employees of the Corporation personally or by telephone, electronic mail and/or facsimile. No additional remuneration will be paid to officers, Directors or regular employees who solicit proxies. The Corporation may reimburse brokers, banks, custodians, nominees and other fiduciaries for their reasonable out-of-pocket expenses in forwarding proxy materials to their principals. The approximate date on which this Proxy Statement and the related Proxy Card will be sent or given to shareholders is March 25, 2011.

As used in this Proxy Statement, the terms "the Corporation", "we", "us", and "our" refer to First United Corporation and its consolidated subsidiaries unless the context clearly requires otherwise.

OUTSTANDING SHARES; VOTING RIGHTS; QUORUM AND REQUIRED VOTE

Shareholders of record at the close of business on February 25, 2011 (the "Record Date") of issued and outstanding shares of the Corporation's common stock, par value \$.01 per share ("Common Stock"), are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, the number of outstanding shares of Common Stock entitled to vote is 6,166,037, each of which is entitled to one vote.

The presence, in person or by proxy, of shareholders entitled to cast a majority of all votes entitled to be cast at the Annual Meeting shall constitute a quorum. Withheld votes (in the case of the election of directors), abstentions and broker non-votes will all be counted for purposes of determining whether a quorum is present.

Directors are elected by the affirmative vote of a majority of all shares of Common Stock voted at the Annual Meeting. Accordingly, the withholding of a vote for a director nominee, as described in Proposal 1, will constitute a vote against that nominee, but a broker non-vote with respect to the election of directors will have no impact on the outcome of that vote. The ratification of the appointment of the Corporation's independent registered public accounting firm, as described in Proposal 2, and the approval of the Corporation's executive compensation, as described in the non-binding advisory Proposal 3, each require the affirmative vote of a majority of all shares of Common Stock voted at the Annual Meeting. Accordingly, an abstention or a broker non-vote with respect to Proposal 2 or Proposal 3 will have no impact on the outcome of those proposals. Except in cases of certain extraordinary matters for which the Corporation's governing instruments or applicable law require a different proportion, the affirmative vote of a majority of all shares of Common Stock voted at the Annual Meeting is sufficient to approve any motion that comes before the meeting pursuant to Proposal 4, as described in this Proxy Statement. Abstentions and broker non-votes with respect to any motion that comes before the meeting pursuant to Proposal 4 (other than certain extraordinary matters as discussed above) will have no impact on the outcome of the vote on such motion.

All properly executed Proxies received pursuant to this solicitation will be voted as directed by the shareholders in their Proxies. If no direction is given in your Proxy, your shares will be voted FOR ALL NOMINEES named in Proposal 1, FOR ratification of the appointment of the Corporation's independent registered public accounting firm named in Proposal 2, FOR approval of the Corporation's executive compensation as described in the non-binding advisory Proposal 3, and in the discretion of the proxies as to any other matters that may properly come before the meeting, as described in Proposal 4.

Proxies may be revoked at any time before a vote is taken or the authority granted is otherwise exercised. Revocation may be accomplished by: (i) the execution of a later dated Proxy; (ii) the execution of a later casted Internet or telephone vote with regard to the same shares; (iii) giving written notice to Carissa L. Rodeheaver, Secretary, First United Corporation, P.O. Box 9, Oakland, Maryland 21550-0009; or (iv) giving written notice to the Secretary in person at the 2011 Annual Meeting. Any shareholder who attends the 2011 Annual Meeting and revokes his/her proxy may vote in person. However, attendance by a shareholder at the 2011 Annual Meeting alone will not have the effect of revoking that shareholder's validly executed Proxy.

Methods of Voting

Shareholders may vote on matters that are properly presented at the 2011 Annual Meeting in four ways:

- By completing the accompanying Proxy Card and returning it to the Corporation at the address noted on the Proxy Card;
- By submitting your vote telephonically;
- By submitting your vote electronically via the Internet; or
- By attending the 2011 Annual Meeting and casting your vote in person.

For the 2011 Annual Meeting, the Corporation is offering registered shareholders the opportunity to vote their shares electronically through the Internet or by telephone. Instead of submitting the accompanying Proxy Card by mail, shareholders may vote by telephone or via the Internet by following the procedures described on the Proxy Card. To vote via telephone or the Internet, please have the Proxy Card in hand, and call the number or go to the website listed on the Proxy Card and follow the instructions. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions, and to confirm that shareholders' instructions have been recorded properly. Shareholders voting through the Internet should understand that they may bear certain costs associated with Internet access, such as usage charges from their Internet service providers.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SHAREHOLDER MEETING TO BE HELD ON MAY 12, 2011

ELECTION OF DIRECTORS (PROPOSAL 1)

Directors are divided into three classes, as nearly equal in number as possible, with respect to the time for which the Directors may hold office. Each Director is elected to hold office for a term of three years, and the terms of one class of Directors expire each year. The terms of Class I Directors expire this year, the terms of Class II Directors expire in 2012, and the terms of Class III Directors expire in 2013. In all cases, Directors serve until their successors are duly elected and qualify.

The number of Directors constituting the Board of Directors is currently set at 14. Faye E. Cannon, who currently serves as a Class I Director, is not standing for re-election at the 2011 Annual Meeting and the Board has approved the elimination of that vacancy, to be effective as of the date of this Annual Meeting, when Ms. Cannon's term expires. Accordingly, at the close of the 2011 Annual Meeting, the number of directors constituting the Board of Directors will be 13.

At this year's Annual Meeting, shareholders will be asked to vote for the election of the four Director nominees identified in the table below. Each of the nominees is a current Class I Director, was nominated by the Nominating and Governance Committee (the "Nominating Committee") and elected by shareholders, and, if elected, will continue to serve as a Class I Director. In the event a nominee declines or is unable to serve as a Director, which is not anticipated, the proxies will vote in their discretion with respect to a substitute nominee named by the Board.

Information about the principal occupations, business experience and qualifications of these nominees is provided below under the heading "QUALIFICATIONS OF DIRECTOR NOMINEES AND CONTINUING DIRECTORS".

CORPORATE GOVERNANCE MATTERS

Committees of the Board of Directors

The Board of Directors has an Audit Committee, an Asset and Liability Management Committee, an Executive Committee, a Strategic Planning Committee, a Compensation Committee, and a Nominating and Governance

Committee. These committees are discussed below.

Audit Committee – The Audit Committee is established pursuant to Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and consists of M. Kathryn Burkey, Faye E. Cannon, Paul Cox, Jr., John W. McCullough (Chairperson), Elaine L. McDonald, Richard G. Stanton, and Robert G. Stuck. The committee is responsible for the hiring, compensation and oversight of the Corporation’s independent auditors, and it also assists the

Board in monitoring the integrity of the financial statements, in monitoring the performance of the Corporation's internal audit function, and in monitoring the Corporation's compliance with legal and regulatory requirements. In carrying out its duties, the committee meets with the internal and independent auditors, with and without management present, to discuss the overall scope and plans for their respective audits, the results of their examinations, their evaluations of the Corporation's internal controls, and the overall quality of the Corporation's financial reporting. The Board has determined that all audit committee members are financially literate and that Ms. Burkey, Ms. Cannon, and Messrs. McCullough and Stanton each qualify as an "audit committee financial expert" as that term is defined by Item 407 of the SEC's Regulation S-K. This committee met 10 times in 2010. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is available on the Corporation's website at www.mybank4.com.

Asset and Liability Management Committee – The Asset and Liability Management Committee consists of M. Kathryn Burkey, Paul Cox, Jr., William B. Grant, Robert W. Kurtz, John W. McCullough, Donald E. Moran, Gary R. Ruddell, I. Robert Rudy, Richard G. Stanton, and Robert G. Stuck. The committee reviews and recommends changes to the Corporation's Asset and Liability, Investment, Liquidity, and Capital Plans. This committee met four times in 2010.

Executive Committee – The Executive Committee consists of David J. Beachy, M. Kathryn Burkey, Faye E. Cannon, William B. Grant, Robert W. Kurtz, Elaine L. McDonald, Gary R. Ruddell, Robert G. Stuck, and H. Andrew Walls, III. The committee has the authority to review and recommend changes to the Corporation's insurance program, review the Corporation's compliance with the Charter and Bylaws, monitor the performance of the Corporation and its subsidiaries, and recommend changes to the personnel policies of the Corporation and its subsidiaries. The Executive Committee is empowered to act on behalf of the full Board between meetings of the Board. This committee met one time in 2010.

Strategic Planning Committee – The Strategic Planning Committee consists of David J. Beachy, M. Kathryn Burkey, Faye E. Cannon, Paul Cox, Jr., William B. Grant, Robert W. Kurtz, John W. McCullough, Elaine L. McDonald, Donald E. Moran, Gary R. Ruddell, I. Robert Rudy, Richard G. Stanton, Robert G. Stuck and H. Andrew Walls, III. The committee focuses on long-term planning to insure that management's decisions take into account the future operating environment, the development of corporate statements of policy, and review of management's internal and external information and communications systems. This committee met two times in 2010.

Compensation Committee – The Compensation Committee, which met seven times in 2010, consists of David J. Beachy, M. Kathryn Burkey, Faye E. Cannon (Chairperson), Paul Cox, Jr., John W. McCullough, Donald E. Moran, and Robert G. Stuck. The committee is responsible for recommending to the Board a compensation policy for the executive officers and Directors of the Corporation and its subsidiaries, overseeing the Corporation's various compensation plans, and recommending changes for executive and Director compensation. The committee determines executive compensation pursuant to the principles discussed below under the heading "REMUNERATION OF EXECUTIVE OFFICERS". The Board passes on and, where appropriate, approves or ratifies all committee recommendations. The Compensation Committee has adopted a written charter, a copy of which is available on the Corporation's website at www.mybank4.com.

Nominating and Governance Committee – The Nominating Committee consists of David J. Beachy, Paul Cox, Jr., Elaine L. McDonald, Donald E. Moran, and Richard G. Stanton. The committee is responsible for developing qualification criteria for Directors, reviewing Director candidates recommended by shareholders (see "Director Recommendations and Nominations" below), actively seeking, interviewing and screening individuals qualified to become Directors, recommending to the Board those candidates who should be nominated to serve as Directors, and developing and recommending to the Board the Corporate Governance Guidelines applicable to the Corporation and its subsidiaries. This Committee met four times in 2010. The Nominating Committee has a written charter, a copy of which is available on the Corporation's website at www.mybank4.com.

Director Independence

Pursuant to Rule 4350(c) of The NASDAQ Stock Market Rules (the “NASDAQ Rules”), a majority of the Corporation’s Directors must be “independent directors” as that term is defined by NASDAQ Rule 4200(a)(15). The Corporation’s Board of Directors has determined that each of David J. Beachy, M. Kathryn Burkey, Faye E. Cannon, Paul Cox, Jr., John W. McCullough, Elaine L. McDonald, Donald E. Moran, Gary R. Ruddell, Richard G. Stanton, and Robert G. Stuck is an “independent director”, and these independent Directors constitute a majority of the Corporation’s Board of Directors. Each of the members of the Compensation Committee and of the Nominating Committee is an “independent

director”. Each member of the Audit Committee satisfies the independence requirements of NASDAQ Rule 4350(d)(2). In making these independence determinations, the Board, in addition to the transactions described below under “CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS”, considered the Bank’s purchase of goods from a retailer affiliated with Mrs. Burkey.

Board Leadership and Role in Risk Oversight

The positions of Chairman of the Board and Chief Executive Officer are held by one person, William B. Grant. The Corporation is a one-bank holding company and the parent of the Bank, a \$1.7 billion community bank serving four counties in Maryland and four counties in West Virginia. Since its inception in 1984, the Corporation has had three CEOs, and each of these CEOs also served as Chairman of the Board. The Corporation’s predecessor, First United Bank of Oakland, also employed this form of governance for a number of years.

To help strengthen the Board’s oversight of corporate governance issues, the Board determined in December 2010 to appoint a Lead Director who would be responsible for facilitating the resolution of issues relating to the Chairman and CEO or management’s performance, or any other issue that a Director, an officer or an employee believes should be addressed by someone other than the Chairman and CEO. The decision to appoint a Lead Director was made after several months of consideration and study by, and on the recommendation of, the Nominating Committee. Because the Nominating Committee is charged with overseeing corporate governance, the Board believed that it would be most appropriate to appoint the Chairman of the Nominating Committee to serve as the Lead Director. Donald Moran is the current Chairman of the Nominating Committee and Lead Director.

The Corporation has a well-developed and well-seasoned Board of Directors, comprised of the Chairman/CEO and 13 additional Directors, 10 of whom are independent Directors.

The Board believes that the Corporation has been well-served by a leadership structure that contemplates a combined Chairman and CEO. By having one person serve as both Chairman and CEO, the Board believes that the Corporation demonstrates to shareholders, customers, employees, vendors, regulators, and other stakeholders that we are under strong leadership, with a single individual setting the tone and having primary responsibility for managing and leading the Corporation. The Board believes this structure reduces the potential for confusion or duplication of efforts and assures clarity of leadership.

Such a structure is viable when it is reinforced with a strong, competent and independent board of directors as is the case with the Corporation. As noted above, 10 of the 14 Directors are “independent” as defined by the NASDAQ Rules. The Board believes that this high percentage of independence, coupled with the fact that only one Director – the Chairman/CEO – is employed by the Corporation, assures an objective and shareholder-based view of the Corporation’s operations. The Board believes that the appointment of a Lead Director will provide even more assurance that corporate governance issues will be reviewed by an independent and objective group of Directors.

Of these independent directors, three members qualify as “audit committee financial experts” as defined by rules adopted by the Securities and Exchange Commission (the “SEC”) pursuant to the Sarbanes-Oxley Act of 2002. While the credentials of the entire Board are noted elsewhere, it is worth illustrating the credentials of these three members that make them eligible for this distinction:

1.M. Kathryn Burkey – Mrs. Burkey is a practicing Certified Public Accountant, with significant experience in audit. She has also served as chair of the board of Western Maryland Health System, and is the past president of the Maryland Associates of CPAs.

2.

John W. McCullough – Mr. McCullough is a retired partner of the accounting firm Ernst & Young, LLP. During a significant portion of his career, Mr. McCullough was heavily engaged in the audit of financial institutions. Mr. McCullough serves as the Chair of the Corporation’s Audit Committee.

3. Richard G. Stanton – Prior to his retirement in 1996, Mr. Stanton served as Chairman and CEO of the Corporation. Since that time, he has remained on the Board of Directors, where he serves on numerous committees.

In an effort to hone their skills, and to assure their continued independence, members of the Board of Directors undertake regular training. A number of methods are employed to provide in-depth training. On frequent occasions, internal training is provided to familiarize the Board with regulatory requirements imposed on financial institutions in areas such as Bank Secrecy and Community Reinvestment. Periodically, Directors attend seminars related to banking issues, which offer them the additional benefit of meeting with directors of other financial institutions. All Directors have direct access to the American Bankers Association website which enables them to keep abreast of issues pertinent to the banking industry and to research banking materials. Finally, plans are underway to incorporate specific board education under a program recently introduced by the Federal Reserve System.

The strength of the Board, and a valuable counter balance to management, is found in the risk management practices employed by the Board, directly and through its various specialized committees and, now, the Lead Director. The Board, as part of its oversight and governance functions, regularly reviews risks and appropriate modeling of Asset Liability Management, loan concentrations, liquidity, management succession and capital planning. Consistent with this, the Corporation was one of the early institutions in its market area to name a Chief Risk Officer, having done so in 2006. Further, in 2009, the Board created a special committee focused on the Corporation's risk elements. This committee, which meets monthly, reviews classified credits and the appropriate plans for them, as well as examining regulatory mandates and assuring that they are fulfilled.

To assist the Board with tracking and reviewing Board and Committee activities, all Directors have 24/7 access to all policies and reports, the minutes of every meeting of the Board and its committees over the last two years, and numerous other reports and models prepared by or for the Corporation.

To further maintain a level of independence, the Board conducts regular executive sessions. These sessions are lead by the independent Chair of the Corporation's Nominating Committee, Donald Moran, who also serves as Lead Director of the Board.

The governance of the Corporation through a combination of the Chairman and CEO is appropriate also in light of the strength and experience of the Chairman/CEO. Since its beginning, the Corporation has had very experienced individuals in this combined role. Courtney R. Tusing, the first to have the role, came to the Corporation with over 20 years of banking experience, the majority of which were with the Corporation. During his tenure, he also served as President of the Maryland Bankers Association. Richard G. Stanton held the position from 1987 to 1996. He had nearly three decades of experience prior to the position, and had served as Director for a number of years. During his tenure, he served on the Government Relations Committee of the American Bankers Association, which enabled him to help formulate banking policy. The Current Chairman and CEO has held the position since 1996, having joined the Board the year before. With now over 30 years of banking experience, he is past Chairman of the Maryland Bankers Association and is currently on the Board of Directors of the Baltimore Branch of the Federal Reserve Bank of Richmond as well as the America's Community Bankers Council of the American Bankers Association.

In conclusion, the Board believes that a single leader, serving as Chairman and CEO, together with an overwhelmingly independent Board and a Lead Director, is the most appropriate leadership structure for the Corporation. The Board may, from time to time, review this structure under the guidance of the Nominating Committee, reporting up to the Board of Directors. The position is supported by academic research on board governance, which endorses such a structure so long as there exists an independent and well-seasoned board, which exists at the Corporation. 1

Attendance at Board Meetings

The Board of Directors held 11 Board meetings in 2010. Each Director who served as such during 2010 attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors (held during the period served) and (ii) the total number of meetings held by all committees of the Board on which that person served (held during the period served).

Director Recommendations and Nominations

The Nominating Committee will from time to time review and consider candidates recommended by shareholders. Shareholder recommendations should be labeled "Recommendation of Director Candidate" and be submitted in writing to: Carissa L. Rodeheaver, Corporate Secretary, First United Corporation, P.O. Box 9, Oakland, Maryland 21550; and must specify (i) the recommending shareholder's contact information, (ii) the class and number of shares of the Corporation's capital stock beneficially owned by the recommending shareholder, (iii) the name, address and credentials of the candidate for nomination, (v) the number of shares of the Corporation's capital stock beneficially owned by the candidate; and (iv) the candidate's written consent to be considered as a candidate. Such recommendation must be received by the Corporate Secretary no less than 150 days nor more than 180 days before the date of the Annual Meeting of Shareholders for which the candidate is being recommended. For purposes of this requirement, the date of the meeting shall be deemed to be on the same day and month as the Annual Meeting of Shareholders for the preceding year.

Candidates may come to the attention of the Nominating Committee from current Directors, executive officers, shareholders, or other persons. The Nominating Committee does not have a formal policy under which it considers the diversity of candidates for directorship when making nomination recommendations. The Nominating Committee periodically reviews its list of candidates available to fill Board vacancies and researches the talent, skills, expertise, and general background of these candidates. In evaluating candidates for nomination, the Nominating Committee uses a variety of methods and regularly assesses the size of the Board, whether any vacancies are expected due to retirement or otherwise, the need for particular expertise on the Board, and whether the Corporation's market areas are adequately represented by Board members. In nominating director candidates, the Nominating Committee generally seeks to choose individuals that have skills, education, experience and other attributes that will compliment and/or broaden the strengths of the existing directors.

In 2003, the Corporation created an "advisory council" consisting of local business owners in each of the geographic regions that we serve. The primary purpose of the advisory council is to tap the knowledge and experience of the advisory council members to better market in, expand into and serve our market areas. From time to time, promising Director candidates come to the attention of the Nominating Committee through their service on the advisory council, although such service is not a requirement of being considered for nomination. A person is typically appointed to the advisory council by the Board after being nominated by a Director, a member of our management team, or another advisory council member.

Whether recommended by a shareholder or another third party, or recommended independently by the Nominating Committee, a candidate will be selected for nomination based on his or her talents and the needs of the Board. The Nominating Committee's goal in selecting nominees is to identify persons that possess complimentary skills and that can work well together with existing Board members at the highest level of integrity and effectiveness. A candidate, whether recommended by a Corporation shareholder or otherwise, will not be considered for nomination unless he or she maintains strong professional and personal ethics and values, has relevant management experience, and is committed to enhancing financial performance. Certain Board positions, such as Audit Committee membership, may require other special skills, expertise or independence from the Corporation.

It should be noted that a shareholder recommendation is not a nomination, and there is no guarantee that a candidate recommended by a shareholder will be approved by the Nominating Committee or nominated by the Board of Directors. A shareholder who is entitled to vote for the election of Directors and who desires to nominate a candidate for election to be voted on at a Meeting of Shareholders may do so only in accordance with Section 4 of Article II of the Corporation's Amended and Restated Bylaws, which provides that a shareholder may nominate a Director candidate by written notice to the Chairman of the Board or the President not less than 150 days nor more than 180 days prior to the date of the meeting of shareholders called for the election of Directors which, for purposes of this requirement, shall be deemed

to be on the same day and month as the Annual Meeting of Shareholders for the preceding year. Such notice shall contain the following information to the extent known by the notifying shareholder: (a) the name and address of each proposed nominee; (b) the principal occupation of each proposed nominee; (c) the number of shares of capital stock of the Corporation owned by each proposed nominee; (d) the name and residence address of the notifying shareholder; (e) the number of shares of capital stock of the Corporation owned by the notifying shareholder; (f) the consent in writing of the proposed nominee as to the proposed nominee's name being placed in nomination for Director; and (g) all information relating to such proposed nominee that would be required to be disclosed by Regulation 14A under the Exchange Act and Rule 14a-11 promulgated thereunder, assuming such provisions would be applicable to the solicitation of proxies for such proposed nominee.

Shareholder Communications with the Board of Directors

Shareholders may communicate with the Board of Directors, including the outside Directors, by sending a letter to First United Corporation Board of Directors, c/o Carissa L. Rodeheaver, Secretary, First United Corporation, P.O. Box 9, Oakland, Maryland, 21550. The Secretary will deliver all shareholder communications directly to the Board of Directors for consideration.

The Corporation believes that the Annual Meeting of Shareholders is an opportunity for shareholders to communicate directly with Directors and, accordingly, expects that all Directors will attend each Annual Meeting of Shareholders. If you would like an opportunity to discuss issues directly with our Directors, please consider attending this year's Annual Meeting of Shareholders. The 2010 Annual Meeting of Shareholders was attended by 12 persons who served on the Board of Directors as of the date of that meeting.

Family Relationships Among Directors, Nominees and Executive Officers

Director nominee I. Robert Rudy and Senior Vice President Jeannette R. Fitzwater are siblings.

- (2) Amounts relate to the grant of 869 fully-vested shares of Common Stock to each non-employee director in 2010 and reflect the grant date fair value of the award computed in accordance with FASB ASC Topic 718, "Accounting for Share-based Payments". See Note 1 to the consolidated audited financial statements contained in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2009 regarding assumptions underlying valuation of equity awards. The grant date fair value of these awards was \$69,955. No other equity awards were outstanding as of December 31, 2009.

In setting Director compensation, the Compensation Committee considers the legal responsibilities that Directors owe to the Corporation and its shareholders in connection with their service on the Board and/or a committee of the Board, and the risks to the Directors associated with their service, and reviews the fees and benefits paid to directors of similar institutions in and around the Corporation's market areas. The Compensation Committee's current Director compensation arrangement contemplates a mix of cash and equity awards, as discussed below.

Directors who are not employees of the Corporation or the Bank ("Non-Employee Directors") receive cash in the amount of \$400 for attending each meeting of the Corporation's Board and cash in the amount of \$400 for attending each meeting of a committee on which the Director serves. Non-Employee Directors also receive an annual cash retainer fee of \$10,000. The Chairperson of each of the Audit Committee (Mr. McCullough), Compensation Committee (Mrs. Cannon) and Nominating Committee (Mr. Moran) receives an additional annual cash retainer of \$2,500. All Directors also serve on the board of directors of the Bank receive cash in the amount of \$400 for attending each meeting of the Bank's board and cash in the amount of \$300 for attending each meeting of a committee of the Bank board.

In addition to cash fees, Non-Employee Directors receive an annual grant of fully-vested shares of Common Stock under the Corporation's Omnibus Equity Compensation Plan valued at \$5,000. The number of shares granted is determined by dividing \$5,000 by the mean between the high and low sales price of a share of Common Stock on the trading day immediately preceding the grant date, as reported on the NASDAQ Stock Market. All Directors are permitted to participate in the Corporation's Amended and Restated Executive and Director Deferred Compensation Plan (the "Deferred Compensation Plan"). The material terms of the Deferred Compensation Plan are discussed below under the heading "REMUNERATION OF EXECUTIVE OFFICERS".

As an honorary director, Mr. Hinkle is entitled to receive all of the same fees, including stock awards, as Directors.

The following table sets forth, for each of the last two fiscal years, the total remuneration awarded to, earned by, or paid to the Corporation's CEO and the two most highly compensated executive officers other than the CEO who were serving as such as of December 31, 2010 and whose total compensation (excluding above-market and preferential earnings on nonqualified deferred compensation) exceeded \$100,000 during 2010 (the CEO and such other executive officers are referred to as the "named executive officers"). In fiscal years 2010 and 2009, executive compensation included annual base salary and income related to certain employee benefit plans.

However, such earnings were not required to be disclosed because they were not above-market or preferential. Nonqualified deferred compensation plan earnings for 2010 were likewise not above-market or preferential.

Overview of Compensation Philosophy and Objectives

The Compensation Committee of the Board of Directors is responsible for overseeing and administering employee benefit plans and policies, and for annually reviewing and recommending for approval by the Board all compensation decisions relating to the executive officers, including the named executive officers. The Compensation Committee submits its decisions regarding compensation to the independent Directors of the Board. The Compensation Committee has the authority and resources to obtain, independent of management, advice and assistance from internal and external legal, human resource, accounting or other experts, advisors, or consultants as it deems desirable or appropriate.

The Compensation Committee is composed of a minimum of three independent Directors who are appointed each year by the Board of Directors after considering the recommendations of the Nominating Committee and the views of the CEO, as appropriate. Seven members of the Corporation's Board of Directors serve on the Compensation

Committee, each of whom is an independent director as defined by the NASDAQ Rules. The Chair of the Compensation Committee reports on committee actions at meetings of the Company's Board.

The Compensation Committee recognizes the importance of balancing the need to attract and retain qualified executive officers with the need to maintain sound principles for the development and administration of compensation and benefit programs. The Compensation Committee has taken steps to enhance the Compensation Committee's ability to effectively carry out its responsibilities as well as ensure that the Company maintains strong links between executive pay and performance. Examples of procedures and actions that the Compensation Committee utilized in 2010 include:

- Incorporating executive sessions (without management present) into all Compensation Committee meetings;
 - Using an independent compensation consultant to advise on executive compensation issues;
- Reviewing elements and amounts of executive compensation paid by competitors, including peer group performance and the impact of such performance on executive compensation;
- When it deems appropriate, realigning the Corporation's compensation structure in light of its peer group reviews; and
 - Performing annual reviews for all executive officers.

The Compensation Committee believes that the compensation paid to executive officers should be closely tied to our performance on both a short-term and long-term basis. Overall, the Compensation Committee believes that a performance-based compensation program can assist us in attracting, motivating and retaining the quality executives critical to long-term success. Accordingly, the Compensation Committee's goal is to structure total compensation programs to provide a significant focus on enhancing overall financial performance.

In prior years, this was accomplished through the grant of cash award possibilities under the Corporation's short-term incentive plan, known as the Executive Pay for Performance Plan (the "EPP Plan"), and the grant of equity award possibilities under the Corporation's Long-Term Incentive Compensation Plan (the "LTIP"), which is a sub-plan of the Corporation's Omnibus Equity Compensation Plan. These elements were not available in 2010 because of the Corporation's participation in the Troubled Asset Relief Program Capital Purchase Program ("TARP") of the United States Department of the Treasury (the "Treasury"). See the discussion below under the heading "Impact of Recent Legislation on Executive Compensation" for further information.

For 2010, executive compensation consisted primarily of base salary, which is targeted to recognize each executive officer's performance and contributions to success in light of salary standards in the marketplace. Going forward, the Compensation Committee expects to explore and possibly alter our compensation practices in light of the restrictions we face under TARP to continue to align compensation with performance and to ensure that we remain competitive.

In setting the CEO's compensation, the Compensation Committee meets with the CEO to discuss his performance and compensation package. Decisions regarding his package are made solely based upon the Compensation Committee's independent deliberations, as well as input from the compensation consultant, as requested by the Committee. The CEO makes recommendations on other executives to the Compensation Committee which then reviews these recommendations and, if approved, reports its actions to the Board. Input and data from the CEO, CFO, Human Resources Department and outside consultants and advisors are provided as a matter of practice and as requested. The Compensation Committee occasionally requests one or more members of top management to be present at Compensation Committee meetings where executive compensation and corporate or individual performance are discussed and evaluated. Only Compensation Committee members are allowed to vote on decisions regarding executive compensation during its executive sessions.

In addition to reviewing competitive market values, the Compensation Committee also examines the total compensation mix, pay-for-performance relationship, and how all elements, in the aggregate, comprise each executive's total compensation package. The Compensation Committee also examines all incentive compensation plans at least semi-annually to insure that such plans do not encourage employees to take unnecessary or excessive risks that threaten the Corporation's value.

Employment Arrangements

All executive officers are employed on an at-will basis and are not parties to any written employment agreement.

In addition to base salaries paid in 2010, our employment arrangements with executive officers made them eligible to receive benefits under and/or participate in the 401(k) Profit Sharing Plan, the Pension Plan, the Supplemental Executive Retirement Plan (the "SERP"), Split Dollar Life Insurance arrangements, and the Deferred Compensation Plan. The material terms of these plans and arrangements and the compensation and benefits available thereunder are discussed below. In addition, all executive officers are entitled to employee benefits that the Corporation makes available to all eligible employees, including health, dental and vision insurance, long-term disability insurance, and group term life insurance. Mr. Grant is also provided with the use of a company-owned automobile.

In 2007, the Corporation adopted a plan that provides for cash payments and employee benefits continuation to executive officers if they experience a separation from service in connection with a change in control of the Corporation, known as the Change in Control Severance Plan (the "Severance Plan"). Because of its participation in TARP, however, the Corporation is currently prohibited from paying any benefits under the Severance Plan. Notwithstanding this prohibition, the material terms of the Severance Plan are discussed below because executive officers would be eligible to receive change in control benefits if the Corporation were to repay its TARP obligations.

Salaries proposed to be paid in 2011 to the named executive officers are as follows: Mr. Grant, \$257,500; Ms. Rodeheaver, \$185,640; and Mr. Lantz, \$173,400.

401(k) Profit Sharing Plan

In furtherance of our belief that every employee should have the ability to accrue retirement benefits, we adopted the 401(k) Profit Sharing Plan, which is available to all employees, including executive officers. Employees are automatically entered in the plan on the first of the month following completion of 30 days of service to the Corporation and its subsidiaries. Employees have the opportunity to opt out of participation or change their deferral amounts under the plan at any time. In addition to contributions by participants, the plan contemplates employer matching and the potential of discretionary contributions to the accounts of participants. We believe that matching contributions encourage employees to participate and thereby plan for their post-retirement financial future. Beginning with the 2008 plan year, we have enhanced the match formula to 100% on the first 1% of salary reduction and 50% on the next 5% of salary reduction. This match is accrued for all Participants, including executive officers, immediately upon entering the plan on the first day of the month following the completion of 30 days of employment. The employee must be a plan participant and be actively employed on the last day of the plan year to share in the employer matching contribution.

Pension Plan

Prior to 2010, all employees were eligible to participate in the Pension Plan, which is a qualified defined benefit plan, upon completion of one year of service and the attainment of the age of 21. Retirement benefits are determined using an actuarial formula that takes into account years of service and average compensation. Normal retirement age for the defined benefit pension plan is 65 years of age with the availability of early retirement at age 55. Pension benefits are fully vested after five years of service. A year of service is defined as working at least 1,000 hours in a plan year. Effective April 30, 2010, the plan was amended, resulting in a "soft freeze", the effect of which prohibits new entrants into the plan and ceases crediting of additional years of service, after that date.

Supplemental Executive Retirement Plan (SERP)

The Bank adopted and designed the SERP so that executives could reach a targeted retirement income. The SERP is available only to a select group of management or highly compensated employees, including the named executive officers. The SERP was created to overcome qualified plan regulatory limits or the “reverse discrimination” imposed on highly compensated executives due to IRS contribution and compensation limits. In connection with the adoption of the Severance Plan, the Compensation Committee decided to credit each of the current named executive officers with 24 years of service, regardless of actual years of service, to minimize certain income taxes that could be imposed under Section 280G of the Internal Revenue Code (the “Code”) upon a separation from service. In the event a

-18-

named executive officer voluntarily terminates employment without good reason, his or her credited years of service will revert to actual years of service as of the date of termination. Future participants in the plan, if any, will be credited with actual years of service. The Compensation Committee excluded the SERP benefits payable to Mr. Grant from the Code Section 280G limitation noting that the risk that he would be terminated following a change in control is likely greater than for other executives.

The SERP benefit is equal to 2.5% of the executive's Final Pay for each year of service through age 60 (up to a maximum of 24 years) plus 1% of Final Pay for each year of service after age 60 (up to a maximum of 5 years), for a total benefit equal to 65% of Final Pay. The Compensation Committee chose this plan design to provide competitive retirement benefits and to encourage service. The SERP was designed primarily to supplement benefits payable under the Pension Plan and, as such, it would be appropriate to measure SERP benefits using an actuarial formula (i.e., years of service and final pay) similar to that used under the Pension Plan. Accordingly, the SERP benefits are offset by any accrued benefits payable under the Pension Plan and 50% of the social security benefits received by the participant. For purposes of the SERP, "Final Pay" means a participant's annual salary for the year in which a Separation from Service (as defined in the SERP) occurs plus the greater of (i) the maximum targeted cash bonus for that year or (ii) the actual cash bonus paid for the year immediately preceding the year in which the Separation from Service occurred.

The normal retirement SERP benefit is paid following Normal Retirement, which is defined as a Separation from Service (as defined in the SERP) after attaining age 60 and providing at least 10 years of service. Each participant is entitled to elect, upon initial participation, whether to receive the benefit in a single lump sum or in the form of a lifetime annuity, a 10-year guaranteed payment lifetime annuity, a 50% joint and survivor annuity, a 75% joint and survivor annuity, or a 100% joint and survivor annuity. Annuity payments will be made on a monthly basis and are subject to actuarial adjustments. Payments under a lifetime annuity will be determined based on the expected remaining number of years of life for the annuitant and actuarial tables as of the time the annuity begins. Payments under any form of annuity other than a lifetime annuity will be determined using the same actuarial equivalent assumptions used for the Pension Plan. If a participant fails to make an election, he or she will receive the benefit as a lifetime annuity.

A participant vests in his or her accrued normal retirement SERP benefit upon 10 years of service, upon Normal Retirement, upon a Separation from Service due to Disability (as defined in the SERP), and upon the participant's death. Upon a Separation from Service following a Change in Control (as defined in the SERP) and a subsequent Triggering Event (as defined in the SERP), a participant will vest in the greater of (i) 60% of Final Pay or (ii) his or her accrued normal retirement SERP benefit through the date of the Separation from Service.

Generally, the distribution of a participant's SERP benefit will begin following the participant's Normal Retirement. If the participant suffers a Separation from Service due to death or following a Disability, then the participant or his or her designated beneficiaries will receive a lump sum payment equal to the actuarial equivalent of his or her accrued SERP benefit. If the participant suffers a Separation from Service other than due to "Cause" (as defined in the SERP) after 10 years of service but prior to Normal Retirement, then he or she will receive the normal retirement SERP benefit that has accrued through the date of the Separation from Service at age 60, in the form elected. If the participant suffers a Separation from Service following a Change in Control and subsequent Triggering Event, then the distribution of his or her normal retirement SERP benefit that has accrued through the date of the Separation from Service will begin, in the form elected, once the participant reaches age 60. If the participant dies following the commencement of distributions but prior to the complete distribution of his or her vested and accrued SERP benefit, then distributions will be paid to his or her beneficiaries only if he or she chose a joint and survivor annuity form of distribution or a 10-year guaranteed payment lifetime annuity (and then only until the guaranteed payments have been made).

A participant will lose all SERP benefits if he or she is terminated for Cause (as defined in the SERP). In addition, each participant has agreed that the receipt of any SERP benefits is conditioned upon his or her (i) refraining from competing with the Corporation and its subsidiaries in their market areas for a period of three years following his or her Separation from Service, (ii) refraining from disclosing the Corporation's confidential information following a Separation from Service, and (iii) remaining available to provide up to six hours of consultative services for twelve months after his or her Separation from Service. Items (i) and (iii) do not apply, however, if the Separation from Service results from a Change in Control and subsequent Triggering Event. If a participant breaches any of these conditions, then he or she is obligated to return all SERP benefits paid to date plus interest on such benefits at the rate of 10% per year.

If the participant dies prior to retirement, the SERP benefit will be reduced by the amount of any death benefit payable to the participant's designated beneficiaries under the Supplemental Life Insurance benefit provided through the Bank Owned Life Insurance ("BOLI") policies, which are policies of insurance on the lives of officers. The SERP and supplemental insurance were designed in tandem so that in no event will the sum of the SERP benefit paid upon death and the insurance benefits paid under the BOLI policy exceed the normal retirement SERP benefit earned to date of death. (See "Split Dollar Life Insurance Arrangements" below).

The amounts that could be paid to the named executive officers under the SERP upon a separation from service are shown below in the table contained in the section entitled "Benefits Upon a Separation from Service".

Split Dollar Life Insurance Arrangements

The Bank purchased BOLI policies in the aggregate amounts of \$18 million in 2001, \$2.3 million in 2004, and \$2.8 million in 2006 to help offset the costs of providing benefits under all benefit plans and arrangements. The Bank is the sole owner of these BOLI policies, has all rights with respect to the cash surrender values of these BOLI policies, and is the sole death beneficiary under these BOLI policies.

Because we believe that it is important to reward officers for their loyalty and service, we have agreed, pursuant to Endorsement Split Dollar Agreements, to assign a portion of the cash benefits payable under these BOLI policies to the executive officers' named beneficiaries in the event they die while employed. Participation under the Split-Dollar Life Insurance arrangements can be terminated for any reason, at any time, by either the Bank or the covered officer. The Bank terminates each covered officer's participation at retirement. For the named executive officers, the insurance benefit from these arrangements is applied as an offset to the actuarially calculated present value of the projected SERP benefit at normal retirement age (as defined in the plan) reduced by the participant's projected income tax on that benefit (the pre-retirement death benefit).

The current death benefits payable to the beneficiaries of the named executive officers under these arrangements are shown below in the table contained in the section entitled "Benefits Upon a Separation from Service".

Deferred Compensation Plan

Each of our directors and those executives selected by the Compensation Committee are permitted to participate in the Deferred Compensation Plan. Each of the named executive officers is entitled to participate. The Deferred Compensation Plan permits directors and executives to elect, each year, to defer receipt of up to 100% of their directors' fees, salaries and bonuses, as applicable, to be earned in the following year. The deferred amounts are credited to an account maintained on behalf of the participant (a "Deferral Account") and are deemed to be invested in certain investment options established from time to time by the Investment Committee of the Bank's Trust Department. Additionally, the Corporation may make discretionary contributions for the benefit of a participant to an Employer Contribution Credit Account (the "Employer Account"), which will be deemed to be invested in the same manner as funds credited to the Deferral Account. Each Deferral Account and Employer Account is credited with the gain or loss generated on the investments in which the funds in those accounts are deemed to be invested, less any applicable expenses and taxes. To date, the Corporation has not made any discretionary contributions to the Employer Account.

A participant is at all times 100% vested in his or her Deferral Account. The Corporation is permitted to set a vesting date or event for the Employer Account, and such date may be based on the performance by the participant of a specified number of completed years of service with the Corporation, may be based on the participant's performance of specified service goals with respect to the Corporation, may be limited to only certain termination of employment events (e.g., involuntary termination, those following a change of control, etc.), or may be based on any other

standard, at the Corporation's sole and absolute discretion. Notwithstanding the foregoing, a participant will become 100% vested in his or her Employer Account if he or she terminates employment (or, in the case of a participant who is a non-employee director, terminates membership on the Board of Directors) because of death or Total and Permanent Disability (as defined in the Deferred Compensation Plan). Each participant will also become 100% vested in his or her Employer Account in the event of a Change in Control (as defined in the Plan). To date, the Corporation has not made any contributions to the Employer Account of any participant.

Generally, a participant is entitled to choose, pursuant to an election form, the date on which his or her account balances are to be distributed, subject to any restrictions imposed by the Corporation and the trustee under the Rabbi Trust in their sole and absolute discretion and applicable law. If a participant fails to select a distribution date, then distributions will begin on or about the date of the participant's termination of employment or director status with the Corporation. The participant may choose whether his or her account balances are to be distributed in one lump sum or in ten equal annual installments. If a participant fails to elect a payment date or the method of payment, then the account balances will be distributed in one lump sum following termination of employment. If distributions are made in installments, then the undistributed balance will continue to be deemed invested in the chosen investment options, and the accounts will be credited or debited accordingly, until all amounts are distributed.

If a participant dies or experiences a Total and Permanent Disability before terminating his or her employment or director status with the Corporation and before the commencement of payments, then the entire balance of the participant's accounts will be paid to the participant or to his or her named beneficiaries, as applicable, as soon as practicable following death or Total and Permanent Disability. If a participant dies after the commencement of payments but before he or she has received all payments to which he or she is entitled, then the remaining payments will be paid to his or her designated beneficiaries in the manner in which such benefits were payable to the participant. Upon a Change in Control, the entire balance of a participant's accounts will be paid in a single lump sum payment.

The Deferred Compensation Plan provides for limited distributions in the event of certain financial hardships.

The Corporation did not make any discretionary contributions for the benefit of any named executive officer in 2010. Only Mr. Grant and Mr. Lantz realized earnings in 2010 under the Deferred Compensation Plan (\$7,320 and \$1,292, respectively).

Benefits Upon a Separation from Service

In addition to the SERP and the Split Dollar Life Insurance arrangements, the Corporation adopted the Severance Plan and entered into change in control severance agreements (each, a "Severance Agreement") with each of the named executive officers. As noted above, because of the Corporation participation in TARP, the Corporation is not currently permitted to provide benefits to any executive officer under the Severance Plan.

If the Corporation were to repay its obligations under TARP, then its obligations under a Severance Agreement would be triggered if the executive officer's employment is terminated by the Corporation without "Cause" (as defined in the Severance Agreement) or by the executive for "Good Reason" (as defined in the Severance Agreement) during the period commencing on the date that is 90 days before a "Change in Control" (as defined in the Severance Plan) and ending on the first anniversary of a Change in Control (the "Protection Period"). In such case, the executive officer is entitled to receive a lump sum cash payment equal to two times (2.99 times for Mr. Grant) his or her "Final Pay", the immediate vesting of all equity-based compensation awards that have been granted to the executive, continued coverage for 24 months under the Corporation's group health and dental plan (or, if the executive is not eligible for such coverage, a monthly cash payment equal to the monthly premium for a similar policy), and outplacement services for up to 12 months.

For all executive officers other than Mr. Grant, the Severance Agreement provides that the amount of all severance benefits described above, plus the amount of all benefits under any other plan or arrangement, the payment of which is deemed to be contingent upon a change in the ownership or effective control of the Corporation (as determined under Section 280G of the Code), may not exceed 2.99 times the participant's "annualized includable compensation for the base period" (i.e., the average annual compensation that was includable in his or her gross income for the last five taxable years ending before the date on which the Change in Control occurs). In the event the amount of the benefits

payable to Mr. Grant under his Severance Agreement and all other arrangements the payment of which is deemed to be contingent on a Change in Control exceeds 2.99 times his annualized includable compensation for the base period, he will be entitled to a tax gross-up payment from the Corporation to cover any excise tax imposed by Section 4999 of the Code or any similar state or local tax law, and any interest or penalties payable with respect to such taxes, on the amount of such benefits and the gross-up tax payment.

-21-

Each Severance Agreement has a one-year term, which automatically renews for additional one-year terms unless the Corporation provides the participant with six months' prior notice of its intention not to renew the Severance Agreement, except that the Severance Agreement will automatically terminate at the expiration of the Protection Period.

The table that follows shows the estimated present value of benefits (as of December 31, 2010) that could be paid to the named executive officers under the Severance Plan, the SERP and the Split Dollar Life Insurance Arrangements upon a separation from service. As discussed above, subject to certain conditions, participants in the SERP are entitled to receive their vested benefits (offset by Pension Plan benefits, 50% of social security benefits and, in the case of death, benefits paid under the Split Dollar Life Insurance arrangements described above) if they suffer a separation from service other than for cause. No SERP benefits are payable if a participant's separation from service was for cause. Except in the cases of a separation from service due to death or disability, the payment of SERP benefits does not commence until the later of normal retirement or attainment of age 60.

Name	Reason for Termination	Severance Plan Cash Benefit (\$)(1)	Severance Plan Benefit Continuation (\$)(1)(2)	Estimated SERP Benefit (\$)(3)(4)	Estimated Split Dollar Benefit (\$)	Total (\$)

(1)

The Corporation is prohibited from providing change in control benefits to the named executive officers under the Severance Plan agreements for so long as the Corporation is obligated under TARP.

- (2) Amounts reflect the value of two years' continued coverage under the Corporation's benefit plans. Such amounts are calculated at current rates and current cost sharing formulas, as futures costs are unknown.
- (3) SERP benefits payable upon a separation from service due to death are reduced dollar for dollar by the benefits payable at death under the Split Dollar Life Insurance arrangements. Accordingly, the amounts shown as the Estimated SERP Benefit have been reduced to reflect the amounts shown in the column entitled "Estimated Split Dollar Benefit (\$)".
- (4) The SERP benefit payable to any named executive officer who terminates his or her employment without good reason is based on actual years of service rather than 24 years of credited service. Accordingly, benefits shown for Ms.

Rodeheaver in connection with a voluntary termination without good reason are based on 19 actual years of service. Messrs. Grant and Lantz have over 24 actual years of service.

Role of Compensation Consultants

The Compensation Committee engages independent consultants throughout the year to provide services so that it can monitor, assess and establish executive compensation. In 2010, the Compensation Committee engaged, directly, Pearl Meyer & Partners (“PM&P”), an executive and board compensation consulting firm. This consultant reported directly to the Compensation Committee. The Compensation Committee may independently engage any advisors it needs for issues related to executive compensation and benefits.

During 2010, PM&P provided the Compensation Committee with ongoing advice, data and perspectives from PM&P regarding market and best practices on issues related to executive and director compensation during 2010. This advice was requested and utilized as needed to support the Compensation Committee’s decisions and review processes.

Impact of Recent Legislation on Executive Compensation

On January 30, 2009, the Corporation participated in TARP by selling shares of its Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the “Series A Preferred Stock”) to Treasury and issuing a 10-year common stock purchase warrant (the “Warrant”) to Treasury. As part of these transactions, we adopted the standards adopted by the Treasury under the Emergency Economic Stabilization Act (“EESA”) for executive compensation and corporate governance for the period during which Treasury holds any shares of the Series A Preferred Stock and/or any shares of common stock that may be acquired upon exercise of the Warrant. On February 17, 2009, the American Recovery and Reinvestment Act of 2009 (the “Recovery Act”) was signed into law, which, among other things, imposed additional restrictions on the payment of executive compensation by institutions that participate in TARP. The Recovery Act’s restrictions apply to the Corporation for as long as Treasury holds any of the Series A Preferred Stock (the “Covered Period”).

Treasury’s standards under EESA for executive compensation apply to the Corporation’s named executive officers and include: (i) a prohibition on incentive compensation plans and arrangements for named executive officers that encourage unnecessary and excessive risks that threaten the value of the Corporation; (ii) a clawback of any bonus or incentive compensation paid (or under a legally binding obligation to be paid) to a named executive officer on materially inaccurate financial statements or other materially inaccurate performance metric criteria; (iii) a prohibition on making “golden parachute payments” to named executive officers; and (4) an agreement not to claim a deduction, for federal income tax purposes, for compensation paid to any of the named executive officers in excess of \$500,000 per year.

The Recovery Act continued all of the same compensation and governance restrictions imposed under EESA, and added substantially to these restrictions in several areas. The new standards include (but are not limited to): (i) prohibitions on bonuses, retention awards and other incentive compensation to certain of the Corporation’s five most highly compensated employees, other than restricted stock grants, in an amount not more than one-third of the employee’s total annual compensation which do not fully vest during the Covered Period; (ii) prohibitions on making severance payments to any named executive officer or any of the Corporation’s next five most highly compensated employees; (iii) an expanded clawback of bonuses, retention awards, and incentive compensation if payment is based on materially inaccurate statements of earnings, revenues, gains or other criteria; (iv) prohibitions on compensation plans that encourage manipulation of reported earnings; (v) retroactive review of bonuses, retention awards and other compensation previously provided by Capital Purchase Program participants if found by the Treasury to be inconsistent with the purposes of such program or otherwise contrary to public interest, (vi) required establishment of a company-wide policy regarding “excessive or luxury expenditures”; and (vii) inclusion in a CPP participant’s proxy statements for annual shareholder meetings of a non-binding “Say-on-Pay” proposal to allow a shareholder vote to

approve the compensation of executives.

Accordingly, for so long as Treasury holds any shares of the Series A Preferred Stock, the Corporation may not (i) pay any Severance Plan benefits to the named executive officers or (ii) make payments under the EPP Plan or, unless future awards comply with the above requirements, the LTIP to our five most highly compensated employees. These prohibitions have materially limited the Compensation Committee's ability to tie executive compensation to the

Corporation's performance. Each of the named executive officers are among the Corporations' five most highly compensated employees.

In addition, the rules adopted in furtherance of TARP require our Compensation Committee to periodically review our executive compensation programs to determine and address, if necessary, the risks inherent in those programs and to include certifications regarding the same in its report that appear in our proxy statements. The CEO and the CFO are required to make certain certifications in our Annual Reports on Form 10-K relating to the foregoing reviews and to the Corporation's general compliance with the rules adopted in furtherance of TARP.

It is impossible to predict when, if at all, Treasury will dispose of the Series A Preferred Stock. At the time of our participation in TARP, Treasury's stated intention was to sell the Series A Preferred Stock as it is able to do so, and we have filed a Registration Statement on Form S-3 with the SEC (File No. 333-157562) to register the Series A Preferred Stock and the Warrant for resale, and this registration statement is currently effective. The Recovery Act permits the Corporation to repay TARP assistance at any time after approval by the appropriate regulators.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During the last two fiscal years, the Bank has had banking transactions in the ordinary course of its business with certain Directors and officers of the Corporation and with their associates. These transactions were on substantially the same terms, including interest rates, collateral, and repayment terms on loans, as those prevailing at the same time for comparable transactions with person who are not related to the Bank.

In addition to the foregoing, Morgantown Printing & Binding, a corporation owned by director H. Andrew Walls, III and a trust established for the benefit of his minor children, provides various printing, fulfillment, and related services to the Corporation. Total fees paid by the Corporation to this corporation in 2010 and 2009 were \$317,275 and \$432,799, respectively. These fees relate to the printing of marketing materials, account statements, and other routine items as well as providing a fulfillment service to the Corporation. The Corporation has again retained Morgantown Printing & Binding to provide these and other services in 2011, for which it expects to pay approximately \$350,000. Management believes that all of the foregoing transactions with this corporation are or will be on terms that are substantially similar to those that would be available if an unrelated third-party were involved.

The Corporation and the Bank have adopted written policies and procedures to help ensure that the Corporation and the Bank comply with all legal requirements applicable to related party transactions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Exchange Act and the rules promulgated thereunder, the Corporation's executive officers and Directors, and persons who beneficially own more than 10% of the Corporation's Common Stock, are required to file certain reports regarding their ownership of Common Stock with the SEC. Based solely on a review of copies of such reports furnished to the Corporation, or written representations that no reports were required, the Corporation believes that such persons timely filed all reports required to be filed by Section 16(a) during the year ended December 31, 2010.

RATIFICATION OF APPOINTMENT OF PARENTEBEARD LLC AS THE CORPORATION'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (Proposal 2)

At the 2011 Annual Meeting, shareholders will also be asked to ratify the Audit Committee's appointment of ParenteBeard LLC to audit the books and accounts of the Corporation for the fiscal year ended December 31, 2011. ParenteBeard LLC has served as the Corporation's independent registered public accounting firm since October

1, 2009, when the Corporation's prior auditing firm, Beard Miller Company LLP ("BMC"), merged into ParenteBeard LLC. BMC served as the Corporation's independent registered public accounting firm between 2006 and October 1, 2009. ParenteBeard LLC has advised the Corporation that neither the accounting firm nor any of its members or associates has any direct financial interest in or any connection with the Corporation other than as independent public auditors. A representative of ParenteBeard LLC is not expected to be present at this year's Annual Meeting of Shareholders.

The Board of Directors recommends that shareholders vote FOR the ratification of the appointment of ParenteBeard LLC as the Corporation's independent registered public accounting firm for 2011.

Because your vote is advisory, it will not be binding upon the Audit Committee, overrule any decision made by the Audit Committee, or create or imply any additional fiduciary duty by the Audit Committee. The Audit Committee may, however, take into account the outcome of the vote when considering future auditor appointments.

AUDIT FEES AND SERVICES

On October 1, 2009, the Corporation was notified that the audit practice of BMC was combined with ParenteBeard LLC. As a consequence, on that same date, BMC resigned as the Corporation's independent registered public accounting firm. BMC's report of independent registered public accounting firm regarding the Corporation's consolidated financial statements for the fiscal year ended December 31, 2008 did not contain any adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. During the year ended December 31, 2008 and the subsequent period through October 1, 2009, the Corporation did not have any disagreements with BMC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BMC, would have caused it to make reference to such disagreement in its report. During the year ended December 31, 2008 and the subsequent period through October 1, 2009, the Corporation did not have any "reportable events" as described in Item 304(a)(1)(v) of the SEC's Regulation S-K.

Prior to engaging ParenteBeard LLC, the Corporation did not consult with ParenteBeard LLC regarding the application of accounting principles to a specific completed or contemplated transaction or regarding the type of audit opinions that might be rendered by ParenteBeard LLC on the Corporation's consolidated financial statements, and ParenteBeard LLC did not provide any written or oral advice that was an important factor considered by the Corporation in reaching a decision as to any such accounting, auditing or financial reporting issue.

The following table shows the fees paid or accrued by the Corporation in 2010 and 2009 for the audit and other services provided by ParenteBeard LLC and its predecessor, BMC, for those years:

	FY 2010	FY 2009
Audit Fees	\$ 274,763	\$ 273,708
Audit Related Fees	-	7,600
Tax Fees	-	-
All Other Fees	-	-
Total	\$ 274,763	\$ 281,308

Audit Fees for 2010 and 2009 include fees associated with the annual audits, the reviews of the Corporation's quarterly reports on Form 10-Q, and the attestation of management's reports on internal control over financial reporting contained in the Annual Reports on Form 10-K for those years. Audit-Related Fees for 2010 and 2009 include fees associated with the filing of a Registration Statement on Form S-3. Tax Fees relate to tax planning.

The Audit Committee has reviewed summaries of the services provided by ParenteBeard LLC and BMC and the related fees and has determined that the provision of non-audit services was compatible with maintaining the independence of ParenteBeard, LLC and, during the time it served as the Corporation's independent registered public accounting firm, BMC.

It is the Audit Committee's policy to pre-approve all audit services and permitted non-audit services (including the fees and terms thereof) to be performed for the Corporation by its independent registered public accounting firm, subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act, which, when needed, are approved by the Audit Committee prior to the completion of the Corporation's independent registered public accounting firm's audit. All of the 2010 and 2009 services described above were pre-approved by the Audit

Committee.

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION (Proposal 3)

As stated above, the Recovery Act was signed into law on February 17, 2009. In addition to a wide variety of programs intended to stimulate the economy, the Recovery Act imposes significant new requirements for and restrictions relating to the compensation arrangements of financial institutions that received government funds through TARP, including institutions like the Corporation that participated in the CPP prior to the enactment of the Recovery Act. These restrictions apply until a participant repays the financial assistance received through TARP (the “TARP Period”).

-25-

One of the requirements is that any proxy for a meeting of shareholders at which directors are to be elected which is held during the TARP Period permit a non-binding advisory vote on the compensation of the executive officers of the TARP participant, as described in the participant's proxy statement. This advisory vote is commonly referred to as a "Say on Pay" proposal.

As a shareholder, you are being provided with the opportunity to endorse or not endorse the Corporation's executive compensation program and policies, as discussed above under the heading "REMUNERATION OF EXECUTIVE OFFICERS", through the following resolution:

Resolved, that the shareholders approve the compensation of the Corporation's executive officers, as described in the section of this Proxy Statement entitled "REMUNERATION OF EXECUTIVE OFFICERS".

Because your vote is advisory, it will not be binding upon the Board of Directors, overrule any decision made by the Board of Directors, or create or imply any additional fiduciary duty by the Board of Directors. The Compensation Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors and its Compensation Committee believe that the Corporation's compensation policies and procedures are reasonable in comparison both to the Corporation's peer group and to the Corporation's performance during 2010.

The Board of Directors unanimously recommends that shareholders vote FOR approval of the Corporation's executive compensation program and policies.

SUBMISSION OF SHAREHOLDER PROPOSALS FOR 2012 ANNUAL MEETING

A shareholder who desires to present a proposal pursuant to Rule 14a-8 under the Exchange Act to be included in the proxy statement and voted on by the shareholders at the 2011 Annual Meeting of Shareholders must submit such proposal in writing, including all supporting materials, to the Corporation at its principal office no later than November 26, 2011 (120 days before the date of mailing based on this year's proxy statement date) and meet all other requirements for inclusion in the proxy statement. Additionally, pursuant to Rule 14a-4(c)(1) under the Exchange Act, if a shareholder intends to present a proposal for business to be considered at the 2011 Annual Meeting of Shareholders but does not seek inclusion of the proposal in the Corporation's proxy statement for such meeting, then the Corporation must receive the proposal by February 10, 2012 (45 days before the date of mailing based on this year's proxy statement date) for it to be considered timely received. If notice of a shareholder proposal is not timely received, then the proxies will be authorized to exercise discretionary authority with respect to the proposal.

OTHER MATTERS

As of the date of this proxy statement, the Board is not aware of any matters, other than those stated above, that may properly be brought before the meeting. If other matters should properly come before the meeting or any adjournment thereof, persons named in the enclosed proxy or their substitutes will vote with respect to such matters in accordance with their best judgment.

By order of the Board of Directors

Secretary
