Allianz AG: 2nd quarter 2005 Results

MUNICH, Germany

Allianz AG: 2nd quarter 2005 Results

Allianz continued the positive trend in the second quarter of 2005. The results significantly exceed market expectations. Total revenues increased by 6.6 percent from 22.2 billion to 23.7 billion euros. The operating profit (1) increased by 18.8 percent from 2.00 billion euros to 2.37 billion euros and is therefore the key driver for net income. It increased by some 65 percent from 846 million (adjusted for goodwill amortization after tax (2)) to 1.39 billion

## Edgar Filing: ALLIANZ AKTIENGESELLSCHAFT - Form 6-K

euros compared to the prior year period. This included lower capital gains, falling impairments on investments and a lower tax rate.

All business segments contributed to this positive performance. The combined ratio again improved in Property and Casualty business from 92.1 percent in the first quarter to 89.8 percent in the second quarter of 2005 (second quarter 2004: 92.8 percent). Life insurance business and Asset Management continue to show double-digit growth rates for revenues benefiting from the strong demand for products related to retirement provision and wealth accumulation. A temporary weakness in the trading result for Banking business was compensated by cost reduction and a favorable development in loan loss provisions.

Shareholders' equity of the Allianz Group (excluding minority interests) increased compared with the year-end 2004 by more than 20 percent from 30.0 billion to 36.8 billion euros.

The extensive Interim Report for the 2nd quarter 2005 will be published on Friday, August 12, 2005.

(1) We define the operating profit as earnings from ordinary activities before taxation, excluding, as applicable for each respective segment, either all or some of the following items: net capital gains and impairments on investments, net trading income, intra-Allianz Group dividends and profit transfer, interest expense on external debt, restructuring charges, other non-operating income/(expense), acquisition-related expenses and amortization of goodwill. For a detailed description on how we measure operating profit and a reconciliation to profit before taxes and minorities, see analysts' presentation 'Group financial results Q1 2005', page 33. The document is available to download from [www.allianz.com/ir](http://www.allianz.com/ir) (2) For a better comparison since goodwill for 2005 is no longer subject to scheduled amortization

All assessments are as always subject to the following cautionary statements.
