## **Natuzzi's Board of Directors Approves the Business Plan 2009-2011**

SANTERAMO IN COLLE, Bari, Italy--(BUSINESS WIRE)--October 22, 2008--Natuzzi S.p.A. (NYSE:NTZ) ('Natuzzi' or 'the Group'), the world's leading manufacturer of leather-upholstered furniture, today announces that the Board of Directors has approved the Business Plan (the "Plan") related to the three-year period 2009-2011 (the "period") aimed at drastically increasing sales and profitability over the same period through focused strategies.

The current challenging business environment, particularly the global financial market crisis and the low consumer confidence, is seen by the Group as an opportunity to improve its results thanks to its global footprint and reach that will help to leverage its performance in each individual market, thanks to its solid consolidated balance sheet characterized by a minimum exposure toward the banking system and sound net financial position which should allow the Group to self finance the operational and investment projects defined in the Plan.

The Plan, called 11-1-15 aims at achieving at the end of 2011 about EUR1.0 billion of consolidated net sales, with EBIT over the same period targeted to be approximately 15% of consolidated net sales.

The main guidelines of the Plan include:

- increase in the Top Line by: leveraging the current critical mass in Europe; penetrating three key emerging markets where the Group has no significant business today: Brazil, Russia and India; supporting the strong growth in Asia and continuing the recovery in the North American market;
  - focus of the Brand Strategy worldwide, with the Natuzzi Brand and Italsofa Brand targeting different consumer segments in order to capture all the potential opportunities:
-

i) the Natuzzi brand addressing the high-end segment of the market by offering unique and personalized “total living” concepts and leveraging on a wide range of sofas, furniture and accessories. The Group is committed to position Natuzzi as premium lifestyle brand,

ii) the Italsofa brand, targeting young and dynamic consumers and starting to generate new concepts and products for the New Internet Generation (Italsofa Gen I project);

- strengthening of the Advertising and Marketing investments in order to support the creation of a strong Consumer Brand Awareness;
- drastic reduction in Production Costs by leveraging the existing manufacturing plants to serve the Regions in which they are located in order to generate a shorter Route To Market, a better customer service and improved efficiencies throughout the entire supply chain. Rationalization of the current Manufacturing Facilities and opening of a Production Site in North America. Launch of a LEAN program for all of the Facilities;
- strict control over General and Administrative expenses;
- rationalization of the Current Retail Network and subsequent expansion with the goal of almost doubling the number of the Group’s stores and shops-in-shop, worldwide;
- a brand-new organization that will enable the Transformation.

Aldo Uva, Chief Executive Officer, commented: “It has been about one hundred days since the installation of the Board and my appointment as CEO of the Group, and much work has been carried out. We strongly believe in our three-year Business Plan, as we think that in challenging market conditions new opportunities may arise for market leaders such as us. We are looking to achieve break even by 2009, growth acceleration in 2010 and consolidation for new expansion in 2011. I am pleased that the Plan has had the full approval of the Board, that I thank for the trust placed in the Plan. Natuzzi management, at all levels, is aware of the important challenges and market opportunities we are faced with and committed to achieve the ambitious goals set by our Business Plan. I will be extremely pleased to present the details of the Plan to our Investors and the Financial Community, during the meetings that we are planning to have by the end of November. I’m extremely excited and positive and I’m looking forward to share our vision and plans soon”, Aldo Uva concluded.

Pasquale Natuzzi, Chairman and majority shareholder of the Natuzzi Group, commented: “The Board of Directors expresses its own appreciation to Aldo Uva and the top management for the work carried out since from his appointment as Chief Executive Officer. The Business Plan, presented to the Board on October 9, 2008 and approved on October 17 after an in-depth discussion among the members of the Board, is a very structured and exhaustive document that explains the strategy of the Group over a three-year horizon and defines the intervention areas to recover efficiency and relaunch its business. We are confident that the top management will be able to interpret at their best this new challenge and achieve the targets set under Aldo Uva’s leadership, in which we place our trust and support for the implementation of the Plan”.
