PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Andrea Electronics Corporation (“Andrea Electronics” or the “Company”) to be used at the 2010 annual meeting of shareholders of the Company. The annual meeting will be held at the Holiday Inn Ronkonkoma, 3845 Veterans Memorial Highway, Ronkonkoma, New York on Wednesday, September 22, 2010 at 3:00 p.m., local time. This proxy statement and the enclosed proxy card are being first mailed on or about August 20, 2010 to shareholders of record.

Important Notice Regarding the Availability of Proxy Materials for the Shareholders’ Meeting to be held on September 22, 2010

This proxy statement and the Company’s Annual Report on Form 10-K, as filed with the Securities and Exchange Commission, are available at http://www.andreaelectronics.com/Corporate/annual_report.htm.

General Information about Voting

Ownership of Shares; Attending the Meeting

You may own shares of the Company in one or more of the following ways:

- Directly in your name as the shareholder of record; or
- Indirectly through a broker, bank or other holder of record in “street name.”

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us or to vote in person at the annual meeting.

If you hold your shares in street name, your broker, bank or other holder of record is sending these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote by filling out the voting instruction form that accompanies your proxy materials. Your broker, bank or other holder of record may allow you to provide voting instructions by telephone or by the Internet. Please see the instruction form provided by your broker, bank or other holder of record that accompanies this proxy statement. If you hold your shares in street name, you will need photo identification and proof of ownership to be admitted to the annual meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of the Company common stock held in street name in person at the meeting, you must obtain a written proxy in your name from the broker, bank or other holder of record of your shares.

Who Can Vote at the Meeting

You are entitled to vote your Company common stock only if the records of the Company show that you held your shares as of the close of business on August 6, 2010. As of the close of business on August 6, 2010, a total of 63,721,035 shares of Andrea Electronics common stock were outstanding. Each share of common stock has one vote.

Quorum and Vote Required

Quorum. We will have a quorum and will be able to conduct the business of the annual meeting if the holders of a majority of the outstanding shares of common stock entitled to vote are present at the meeting, either in person or by proxy.

Votes Required for Proposals. At this year's annual meeting, shareholders will elect five directors to serve for a term of one year. In voting on the election of directors, you may vote in favor of the nominees, withhold votes as to all nominees, or withhold votes as to specific nominees. There is no cumulative voting for the election of directors. Directors must be elected by a plurality of the votes cast at the annual meeting. This means that the nominees receiving the greatest number of votes will be elected.

In voting on the ratification of the appointment of Marcum LLP as the Company's independent registered public accounting firm and the shareholder proposal described in this proxy statement, you may vote in favor of each proposal, vote against each proposal or abstain from voting. The affirmative vote of a majority of the votes cast by shareholders is required to approve each of these proposals.

Effect of Not Casting Your Vote. If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors or on the shareholder proposal. In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors or on the shareholder proposal, your bank or broker was allowed to vote those shares on your behalf in the election of directors and on the shareholder proposal as they deemed appropriate.

Recent changes in regulation were made to take away the ability of your bank or broker to vote your uninstructed shares in the election of directors on a discretionary basis. Therefore, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors or on the shareholder proposal, no votes will be cast on your behalf. These are referred to as "broker non-votes." Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Company's independent registered public accounting firm.

How We Count Votes. If you return valid proxy instructions or attend the meeting in person, we will count your shares for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted for purposes of determining the existence of a quorum.

In the election of directors, votes that are withheld and broker non-votes will have no effect on the outcome of the election. In counting votes on the proposals to ratify the selection of the independent registered public accounting firm and to consider the shareholder proposal described in this proxy statement, we will not count abstentions and broker non-votes as votes cast on the proposal. Therefore, abstentions and broker non-votes will have no impact on the outcome of the proposal.

Voting by Proxy

The Board of Directors of the Company is sending you this proxy statement for the purpose of requesting that you allow your shares of the Company common stock to be represented at the annual meeting by the persons named in the enclosed proxy card. All shares of the Company common stock represented at the annual meeting by properly executed and dated proxy cards will be voted according to the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors.

The Board of Directors recommends a vote:

- “FOR” each of the nominees for director;
- “FOR” ratification of Marcum LLP as the Company’s independent registered public accountants; and
- “AGAINST” the shareholder proposal described in this proxy statement.

If any matters not described in this proxy statement are properly presented at the annual meeting, the persons named in the proxy card will use their own best judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the annual meeting in order to solicit additional proxies. If the annual meeting is postponed or adjourned, your Company common stock may be voted by the persons named in the proxy card on the new annual meeting date as well, unless you have revoked your proxy. The Company does not know of any other matters to be presented at the annual meeting.

You may revoke your proxy at any time before the vote is taken at the meeting. To revoke your proxy you must either advise the Corporate Secretary of the Company in writing before your common stock has been voted at the annual meeting, deliver a later dated proxy, or attend the meeting and vote your shares in person. Attendance at the annual meeting will not in itself constitute revocation of your proxy.

Corporate Governance and Board Matters

Director Independence

The Company’s Board of Directors currently consists of five members, all of whom are independent under the listing requirements of the Nasdaq Global Market, except for Douglas J. Andrea, Chairman of the Board, President, Chief Executive Officer and Corporate Secretary of the Company.

Board Leadership Structure and the Board’s Role in Risk Oversight

The Company’s Board of Directors endorses the view that one of its primary functions is to protect stockholders’ interests by providing independent oversight of management, including the Chief Executive Officer. However, the Board does not believe that mandating a particular structure, such as a separate Chairman and Chief Executive Officer, is necessary to achieve effective oversight. Our Chief Executive Officer is the director most familiar with the Company’s business and industry and is best suited to lead discussions on important matters affecting the business of the Company. Combining the Chief Executive Officer and Chairman positions creates a firm link between the Company’s management and the Board and promotes the development and implementation of sound corporate strategy. The Chairman of the Board has no greater nor lesser vote on matters considered by the Board than any other director, and the Chairman does not vote on any related party transaction. All directors of the Company, including the Chairman, are bound by fiduciary obligations, imposed by law, to serve the best interests of the stockholders. Accordingly, separating the offices of Chairman and Chief Executive Officer would not serve to enhance or diminish the fiduciary duties of any director of the Company.

To further strengthen the regular oversight of the full Board, the Audit, Compensation and Nomination and Governance Committees are each composed solely of independent directors. The Compensation Committee reviews all compensation components for the Company’s Chief Executive Officer and other highly compensated executive officers’ and the Audit Committee, oversees the Company’s financial practices, regulatory compliance, accounting procedures and financial reporting functions. In addition, our independent directors meet in executive session at least

annually without the presence of management and Mr. Libin currently serves as lead director during those executive sessions. In the opinion of the Board of Directors, an independent Chairman does not add any value to this already effective process.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To do this, the Board meets regularly with management to discuss strategy and risks facing the Company. Senior management attends the Board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters. The Chairman of the Board and independent members of the Board work together to provide strong, independent oversight of the Company's management and affairs through its standing committees and, when necessary, special meetings of independent directors.

Meetings of the Board of Directors

The Company conducts business through meetings and activities of its Board of Directors and their committees. During the year ended December 31, 2009, the Board of Directors of the Company held 3 meetings.

Attendance at the Annual Meeting.

The Board of Directors encourages directors to attend the annual meeting of shareholders. Four board members attended the 2009 annual meeting of shareholders.

Committees of the Board of Directors

The following table identifies our standing committees and their members. All members of each committee are independent in accordance with the listing standards of the Nasdaq Global Market. Each committee, other than the Compensation Committee, operates under a written charter that is available in the Corporate Governance section of the Company's website (www.andreaelectronics.com).

Audit Committee

The Board of Directors has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The Audit Committee meets with management and Company financial personnel, as well as with the Company's independent registered public accountants, to consider the adequacy of the internal controls of the Company and the objectivity of the Company's financial reporting. The Board of Directors has determined that Joseph J. Migliozi is an audit committee financial expert under the rules of the Securities and Exchange Commission. The report of the audit committee required by the rules of the Securities and Exchange Commission is included in this proxy statement. See "Report of the Audit Committee."

Compensation Committee

The Compensation Committee is responsible for making recommendations to the full Board of Directors on all matters regarding compensation and benefit programs. The Compensation Committee reviews all compensation components for the Company's Chief Executive Officer and other highly compensated executive officers' compensation including base salary, annual incentive, long-term incentives/equity, benefits and other perquisites. In general, the Compensation Committee considers the Company's financial performance when making decisions

regarding such officers' compensation. The Compensation Committee also reviews the recommendations of the Chief Executive Officer in determining the compensation of other executive officers. Decisions by the Compensation Committee with respect to the compensation of executive officers are approved by the full Board of Directors. The Compensation committee has established the following non-employee director compensation plans: retainer; per meeting fees; and long-term incentive compensation. The non-employee director compensation plans are designed to attract, retain and motivate talented directors while balancing the interests of the shareholders.

Nomination and Governance Committee

The Nomination and Governance Committee takes a leadership role in shaping Andrea Electronics' governance policies and practices, including recommending to the Board of Directors the corporate governance policies and guidelines applicable to Andrea Electronics and monitoring compliance with these policies and guidelines. In addition, the Nomination and Governance Committee is responsible for identifying individuals qualified to become Board members and recommending to the Board the director nominees for election at the next annual meeting of shareholders. This committee also leads the Board in its annual review of the Board's performance and recommends to the Board director candidates for each committee for appointment by the Board. The procedures of the Nomination and Governance Committee required to be disclosed by the rules of the Securities and Exchange Commission are set forth below.

Minimum Qualifications. The Nomination and Governance Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. First a candidate must meet any eligibility requirements set forth in the Company's bylaws. A candidate also must meet any qualification requirements set forth in any Board or committee governing documents.

Candidates deemed eligible for election to the Board of Directors are evaluated by the Nominating and Governance Committee using the following criteria for selecting nominees: business experience; integrity, honesty and reputation; dedication to the Company and its shareholders; independence; and any other factors the Nomination and Governance Committee deems relevant, including age, diversity, size of the Board of Directors and regulatory disclosure obligations.

In addition, before nominating an existing director for re-election to the Board of Directors, the Nomination and Governance Committee will consider and review an existing director's Board and committee attendance and performance; length of Board service; experience, skills and contributions that the existing director brings to the Board; and the director's independence.

Process for Identifying and Evaluating Nominees. The process that the Nomination and Governance Committee follows when it identifies and evaluates individuals to be nominated for election to the Board of Directors is as follows:

Identification. For purposes of identifying nominees for the Board of Directors, the Nomination and Governance Committee relies on personal contacts of the committee members and other members of the Board of Directors. The Nomination and Governance Committee also will consider director candidates recommended by shareholders in accordance with the policy and procedures set forth below. The Nomination and Governance Committee has not previously used an independent search firm to identify nominees.

Evaluation. In evaluating potential nominees, the Nomination and Governance Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under the selection criteria set forth above. In addition, the Nomination and Governance Committee will conduct a check of the individual's background and interview the candidate.

Consideration of Recommendation by Shareholders. It is the policy of the Nomination and Governance Committee of the Board of Directors of the Company to consider director candidates recommended by shareholders who appear to be qualified to serve on the Company's Board of Directors. The Nomination and Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Nomination and Governance Committee does not perceive a need to increase the size of the Board of Directors. In order to avoid the unnecessary use of the Nomination and Governance Committee's resources, the Nomination and Governance Committee will consider only those director candidates recommended in accordance with the procedures set forth below.

Procedures to be Followed by Shareholders. To submit a recommendation of a director candidate to the Nomination and Governance Committee, a shareholder should submit the following information in writing, addressed to the Chairman of the Nomination and Governance Committee, care of the Corporate Secretary, at the main office of the Company:

1. The name of the person recommended as a director candidate;
2. All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended;
3. The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
4. As to the shareholder making the recommendation, the name and address, as they appear on the Company's books, of such shareholder; provided, however, that if the shareholder is not a registered holder of the Company's common stock, the shareholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's common stock; and
5. A statement disclosing whether such shareholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at the Company's annual meeting of shareholders, the recommendation must be received by the Nomination and Governance Committee at least 120 calendar days prior to the date the Company's proxy statement was released to shareholders in connection with the previous year's annual meeting, advanced by one year.

Report of the Audit Committee

The Company's management is responsible for the Company's internal control over financial reporting. The independent registered public accountants are responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those financial statements with generally accepted accounting principals. The Audit Committee oversees the Company's internal control over financial reporting on behalf of the Board of Directors.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accountants. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants. The Audit Committee discussed with the independent registered public accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees), as amended (AICPA, Professional Standards, Vol. 1 AV Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accountants required by applicable requirements of the Public Company Accounting Oversight Board concerning independence and has discussed with the independent registered public accountants the registered public accountants' independence from the Company and its management. In concluding that the registered public accountants are independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the registered public accountants were compatible with its independence.

The Audit Committee discussed with the Company's independent registered public accountants the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accountants, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting process.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accountants who, in their report, express an opinion on the conformity of the Company's financial statements to generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accountants do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's consolidated financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company's independent registered public accountants are in fact "independent."

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the Securities and Exchange Commission. The Audit Committee has appointed, subject to shareholder ratification, the selection of the Company's independent registered public accountants for the fiscal year ended December 31, 2010.

Proposal 3 – Stockholder Proposal Regarding the Separation of the Roles of Chairman and Chief Executive Officer

Alpha Capital Anstalt, c/o: Grushko & Mittman P.C., 551 5th Avenue, Suite 1601, New York, New York 10176, the owner of 125,468 Shares of Common Stock has advised the company that it intends to propose a resolution at the Annual Meeting. The proposed resolution and the statement in support are set forth below.

Resolved: The shareholders of Andrea Electronics Corporation (“the Company”) request that our Board establish a policy (to be firmly specified in our charter or bylaws if feasible) of separating the roles of our Chief Executive Officer (“CEO”) and Board Chairman, so that an independent director who is not serving as an executive officer of our Company, serve as our Chairman whenever possible. Currently, Douglas J. Andrea is both the Chairman of the Board and the Chief Executive Officer of Andrea Electronics Corporation.

This proposal shall be made to apply at such time as it would not cause to be breached any contractual obligations in effect at the time of the 2010 shareholder meeting.

Supporting Statement

This proposal gives our company an opportunity to follow Securities and Exchange Commission Staff Legal Bulletin 14C to cure a Chairman's non-independence. This proposal shall not apply to the extent that compliance would necessarily breach any contractual obligations in effect at the time of the 2010 shareholder meeting.

The primary purpose of a Chairman and Board of Directors is to protect shareholders' interests by providing independent oversight of management, including oversight and management of our Chief Executive Officer. Separating the roles of CEO and Chairman can promote greater management accountability to shareholders and lead to a more objective evaluation of our CEO.

A number of respected institutions recommend such separation. CalPER's Corporate Core Principles and Guidelines state: "the independence of a majority of the Board is not enough" and that "The leadership of the board must embrace independence, and it must ultimately change the way in which directors interact with management."

An independent board structure will also help the board address the economic stagnation faced by our company over the last several years. Management has had insignificant impact on improving shareholder value over the last several fiscal years. An independent Chairman of the Board would have a greater incentive to pursue improving shareholder value even at the expense of entrenched management.

In order to ensure that our Board can provide the proper strategic direction for our Company with independence and accountability, we urge a vote FOR this resolution.

Position of the Board of Directors

The Board of Directors recommends a vote AGAINST this proposal for the following reasons:

The Board has considered this proposal and believes its adoption is unnecessary and not in the best interests of the Corporation and its stockholders.

Our bylaws and Corporate Governance Policy already permit the roles of Chairman and Chief Executive Officer to be filled by different individuals. The Board has the ability to decide, each time it selects a Chairman and Chief Executive Officer, whether the roles should be combined or separate, based upon our needs at that time. Currently, the Board believes that we are best served by having Mr. Andrea assume both responsibilities.

Our Chief Executive Officer is the director most familiar with the Company's business and industry and is best suited to lead discussions on important matters affecting the business of the Company. Combining the Chief Executive Officer and Chairman positions creates a firm link between the Company's management and the Board and promotes the development and implementation of sound corporate strategy. The Chairman of the Board has no greater nor lesser vote on matters considered by the Board than any other director, and the Chairman does not vote on any related party transaction. All directors of the Company, including the Chairman, are bound by fiduciary obligations, imposed by law, to serve the best interests of the stockholders. Accordingly, separating the offices of Chairman and Chief Executive Officer would not serve to enhance or diminish the fiduciary duties of any director of the Company.

The Board strongly believes that the decision of who should serve in these roles, and whether the roles should be combined, is the responsibility of the Board. The decision should not be dictated by abstract, philosophical considerations that assume all corporations are the same, that are disputed by corporate governance experts and can cause more harm than good.

The Board believes that there is already substantial independent oversight of management:

- We have a substantial majority of independent directors. Four out of the five director nominees are independent as defined by the Nasdaq listing standards. Only one of our director nominees is deemed not independent, Mr. Andrea.
- Our key committees are composed of independent directors. The Audit, Compensation and Nomination and Governance Committees are each composed solely of independent directors.
- Our independent directors meet in executive session and we have a lead director. Our independent directors meet in executive session at least annually without the presence of management. Mr. Libin currently serves as lead director during the executive sessions.

The Board's current leadership structure is consistent with practice at a majority of U.S. companies. American companies have historically followed a model in which the chief executive officer also serves as chairman of the board. This model has succeeded because it makes clear that the chief executive officer and chairman is responsible for managing the corporation's business, under the oversight and review of its board. This structure also enables the chief executive officer to act as a bridge between management and the board, helping both to act with a common purpose. According to www.spencerstuart.com, in 2009, 63% of the boards of directors at S&P 500 companies had a combined chairman and chief executive officer.

In summary, the Board opposes this proposal because it eliminates the Board's ability to exercise its business judgment and select a chairman based on our particular needs at such time and because the Board believes we already receive substantial oversight from our independent directors.

Accordingly, the Board of Directors recommends that you vote AGAINST this proposal.
