SODEXHO ALLIANCE: Summary of the Information Memorandum

Summary of the information memorandum issued in connection with the authorization to establish a share repurchase program to be requested from shareholders at the Annual Meeting on February 3, 2004.

Autorite des Marches Financiers (AMF):

In applying Article L 621-8 of the French Monetary and Financial Code, on January 14, 2004, the AMF assigned Visa no. 04-025 to the Information Memorandum, in conformity with Commission des Operations de Bourse (COB) Regulation no. 98-02, modified by Regulation no. 2000-06. This document was prepared by the issuer, and is the responsibility of its signatories. The Visa does not imply approval of the share repurchase nor does it authenticate the

financial and accounting information presented.

I. COB Visa:

Issue date: January 14, 2004

Visa number: 04-025

II. Issuer:

Sodexho Alliance, publicly traded on the premier marche of the Paris Bourse -
Euroclear France code ISIN : FR 0000 121220.

III. Share repurchase program:

- 1) Stock concerned: Sodexho Alliance shares
- 2) Maximum percentage of outstanding shares authorized for repurchase: 10%, which today represents 15,902,156 shares
- 3) Maximum purchase price per share: 40 euro
- 4) Minimum selling price in the context of the stabilization of the stock price: 15 euro.
- 5) Principal goals for the program, in order of priority:

a) The granting of shares to group employees to allow them to participate in the growth of the company, in stock option programs or in the context of an employee stock purchase plan.

b) The stabilization of the stock price through systematic intervention against the trend.

It should be noted that Sodexho Alliance is following a growth strategy and therefore has no current plans to cancel shares that would be held.

- 6) Duration of the program: 18 months beginning February 3, 2004
- 7) Legal standing: The establishment of this program will be subject to a shareholder vote at the February 3, 2004 shareholders' meeting.
- 8) Repurchase terms:

Purchase is to be made on the open market or otherwise, at any time, within the limits authorized by the currently applicable regulatory considerations, except in any period of an offering to the public. The repurchase could notably be made in blocks of shares.

These purchase, sale, exchange or transfer transactions will be able to be made in any manner on the exchange or through mutual agreement, including through the use of derivative financial instruments with the caveat that these mechanisms do not increase the volatility of Sodexho Alliance shares.

- 9) Financing of the share purchase program may be made through the company's resources or entirely or partially through the incurrence of debt if the terms appear to be more advantageous.
- 10) The share repurchase program is not mainly intended to decrease the

number of shares in circulation by canceling the shares purchased. Because of this, the program does not have any impact on the financial statements other than the gains and losses resulting from the changes in the share value and carrying costs.

11) Bellon S.A., the principal shareholder which holds 38.54% of the share capital of Sodexho Alliance and 39.54% of the voting rights does not intend to participate in this program.

On November 28, 2003, a Reference Document was filed with the Autorite des Marches Financiers which assigned it file number D.03-1493. This document can be accessed on the AMF's website.
