Nomura Holdings Announces Grant of Stock Acquisition Rights Issued as Stock Options (Issuance of stock acquisition rights without receipt of consideration pursuant to Articles 280-20 and 280-21 of the Commercial Code of Japan)

Nomura Holdings, Inc. (The Company) hereby serves notice that at a meeting held today, the Board of Directors resolved to submit a proposal of issuance of stock acquisition rights without receipt of consideration in accordance with Articles 280-20 and 280-21 of the Commercial Code of Japan at the 100th Annual General Meeting of Shareholders to be held on June 25, 2004, with details as follows:

1. Reason for Issuing Stock Acquisition Rights on Terms Especially Favorable to Persons Other than Shareholders

The Company is planning to issue without consideration the following two types of stock acquisition rights as stock options for the purpose of enhancing the incentives of the directors, executive officers and employees of the Company and its subsidiaries to improve their performances and of acquiring talented human resources.

The first is stock acquisition rights with the condition that the amount to be paid upon exercise of stock acquisition rights at the time of issuance shall be determined based on the market price (Stock Option A Plan).

The second is stock acquisition rights with the condition that the amount to be paid upon exercise of stock acquisition rights at the time of issuance shall be below the market price (one (1) yen per share) (Stock Option B Plan). The Stock Option B Plan will enable the Company to control cash payments for compensation through granting stock acquisition rights as a partial substitute for cash compensation. Furthermore, the Stock Option B Plan will enable the Company to make quasi-deferred payments of compensation by setting out the period during which the stock acquisition rights cannot be exercised (non-exercise period). Accordingly, the Stock Option B Plan will have the same economical effect as the Company granting stocks with restriction of transfer. In principle, the non-exercise period will be not shorter than two (2) years.
