PROXY STATEMENT

PHOENIX TECHNOLOGIES LTD.

915 Murphy Ranch Road

Milpitas, California 95035

PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS

To Be Held March 6, 2006

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Phoenix Technologies Ltd. (the Company or Phoenix) of proxies for use at the Annual Meeting of Stockholders of the Company to be held on March 6, 2006 (the Meeting) at the Company's offices located at 915 Murphy Ranch Road, Milpitas, California, commencing at 2:00 p.m., Pacific Standard Time, and at any adjournments thereof. All proxies are solicited for the purposes set forth herein and in the Notice of Annual Meeting of Stockholders that accompanies this Proxy Statement. The date of this Proxy Statement is January 27, 2006, the approximate date on which this Proxy Statement and the accompanying form of proxy were first sent or given to stockholders.

We do not expect any matters not listed in the Proxy Statement to come before the Meeting. If any other matter is presented, your signed proxy card gives the individuals named as proxy holders the authority to vote your shares to the extent authorized by Rule 14a-4(c) under the Securities Exchange Act of 1934, as amended, which would include matters that the proxy holders did not know were to be presented at the Meeting 50 days before the Meeting.

General Information

Certain Financial Information. The Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2005 is enclosed with this Proxy Statement.

Voting Securities. Only stockholders of record as of the close of business on January 20, 2006 (the Record Date) will be entitled to vote at the Meeting and any adjournment thereof. As of the Record Date, there were 25,030,619 shares of the Common Stock of the Company issued and outstanding. Stockholders may vote in person or by proxy. Each holder of shares of Common Stock is entitled to one (1) vote on the proposals presented in this Proxy Statement and one vote for each director to be elected for each share of Common Stock held. There is no cumulative voting in connection with the election of directors.

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form DEF 14A

Quorum. The required quorum for transacting business at the Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted FOR , AGAINST or WITHHELD from a matter are treated as being present at the Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Meeting (the Votes Cast) with respect to such matter.

Abstentions. While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for transacting business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

Broker Non-Votes. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for transacting business, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast (such as the approval of a benefit plan).

Solicitation of Proxies. The cost of soliciting proxies will be borne by the Company. In addition to soliciting stockholders by mail and through its regular employees, the Company will request brokers, custodians, nominees and other record holders to forward copies of the proxy and other soliciting material to persons for whom they hold shares of Common Stock of the Company, and to request authority for the exercise of proxies; in such cases, the Company, upon request of the record holders, will reimburse such holders for their reasonable expenses. The Company may use the services of its officers, directors and employees to solicit proxies personally or by telephone, facsimile or electronic mail, without additional compensation. The Company has also retained Morrow & Co., Inc. to assist in obtaining proxies for the Meeting from brokers, nominees of stockholders and institutional investors. The estimated fee for such services, which is not contingent upon the outcome of the voting, is \$7,500 plus out-of-pocket expenses.

Voting of Proxies. All shares represented by a valid proxy received prior to the Meeting will be voted, and where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is indicated on the proxy, the shares will be voted FOR all nominees, FOR all other proposals described herein and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the Meeting. A stockholder giving a proxy has the power to revoke his or her proxy, at any time prior to the time it is voted, by delivering to the Secretary of the Company a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the Meeting and voting in person.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

The Company's nominee for election at the Meeting to Class 1 of the Board of Directors is Anthony P. Morris (the Nominee). Mr. Morris is presently a Class 1 Director of the Company. George C. Huang, currently a Class 1 Director of the Company, has announced his retirement as a Director effective upon the expiration of his current term as a Class 1 Director at the Meeting. The Nominating Committee has initiated a search for potential candidates to fill the vacancy that will be created by Mr. Huang's resignation, and Mr. Huang will continue to be available to the Company on an as-needed advisory basis while the Nominating Committee conducts its search for qualified candidates. Pursuant to the Company's Certificate of Incorporation, vacancies may be filled by the vote of a majority of the remaining Directors and any Director so elected will hold office until the next election of the class for which such Director was elected.

The Company expects the Nominee to be available to serve as a Director. If, however, the Nominee is unable or declines to serve for any reason, proxies may be voted for such substitute nominee as the Board of Directors may designate. Proxies may not be voted for more than one nominee.

The Company's Certificate of Incorporation and Bylaws provide for a classified Board of Directors (the Board) currently consisting of two Class 1 Directors (Messrs. Huang and Morris), three Class 2 Directors (Messrs. Dury, Elgamal and Sun) and two Class 3 Directors (Messrs. Sisto and Noling). The Class 1, 2 and 3 Directors serve staggered three-year terms. Board Independence

Upon consideration of the criteria and requirements regarding director independence set forth in NASD Rules 4200 and 4350, the Board of Directors has determined that each member of the Board of Directors other than Mr. Sisto and Mr. Dury meets the standards of independence established by the NASD.

Meetings and Committees of the Board of Directors

During the fiscal year ended September 30, 2005 (the Last Fiscal Year), the Board of Directors held a total of six regularly scheduled meetings, no special meetings and took additional actions by written consent. During the last fiscal year, each Board member attended at least 75% of the aggregate number of meetings of the Board of Directors and meetings of the committees of the Board of Directors on which he served during the Last Fiscal Year.

The Company encourages full attendance of Board members at all annual meetings. None of the Board members, other than Mr. Sisto, attended the annual meeting which took place in the prior calendar year.

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form DEF 14A

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee.

Audit Committee

The members of the Audit Committee are Messrs. Morris, Noling and Elgama. Each member of the Audit Committee is independent as such term is defined in the NASD Rules and Rule 10A(3) of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended. Mr. Noling serves as the Chairman of the Audit Committee. The Board of Directors has determined that Mr. Noling qualifies as an audit committee financial expert as defined in Item 401(h) of Regulation S-K promulgated by the Securities and

Exchange Commission. During the Last Fiscal Year, the Audit Committee met nineteen times, and took additional actions by written consent. The responsibilities of the Audit Committee include:

overseeing the Company's accounting and financial reporting processes and the audits of the Company's financial statements;

monitoring the integrity of the Company's financial statements;

evaluating the qualifications, independence and performance of the Company's independent registered public accounting firm; and

monitoring and reviewing the performance of the Company's internal audit function.

For a complete listing of the Audit Committee's responsibilities, see the Audit Committee Charter attached as Appendix B to the Company's Proxy Statement dated February 17, 2004 for the Company's 2004 Annual Meeting of Stockholders. For additional information concerning the Audit Committee, see [REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS](#).

Compensation Committee

The members of the Compensation Committee are Messrs. Sun, Elgamal, Morris and Dury. Mr. Morris serves as the Chairman of the Compensation Committee. Each member of the Compensation Committee other than Mr. Dury is independent as such term is defined in the NASD Rules. Mr. Dury is not independent under the NASD Rules because his wife received \$63,000 from the Company in compensation for consulting services during the twelve month period ended August 31, 2004. However, the Board has determined that the appointment of Mr. Dury to the Compensation Committee is required in the best interests of the Company and its stockholders because of his experience and extensive knowledge regarding executive compensation issues. Mr. Dury's appointment to the Compensation Committee will expire at the Meeting. During the Last Fiscal Year, the Compensation Committee met five times, and took additional actions by written consent. The responsibilities of the Compensation Committee include:

establishing and reviewing the Company's general compensation policies applicable to the Company's Chief Executive Officer and other executive officers;

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form DEF 14A

For a complete listing of the Compensation Committee's responsibilities, please refer to the Compensation Committee Charter attached hereto as Appendix B. For additional information concerning the Compensation Committee, see Compensation Committee Interlocks and Insider Participation and REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION .

Nominating Committee

The members of the Nominating Committee are Messrs. Elgamal, Dury and Noling. Each member of the Nominating Committee other than Mr. Dury is independent as such term is defined in the NASD Rules. As described above, Mr. Dury is not independent under the NASD Rules because his wife received \$63,000 from the Company in compensation for consulting services during the twelve month period ended August 31, 2004. However, the Board has determined that the appointment of Mr. Dury to the Nominating Committee is required

in the best interests of the Company and its stockholders because of his experience and extensive knowledge regarding the Company's business, strategy and mission, and his ability to evaluate the extent to which a candidate's background is relevant to the Company's needs.

The Nominating Committee operates pursuant to a charter approved and adopted by the Board by unanimous written consent. A copy of the Nominating Committee charter was attached as Appendix A to the Company's Proxy Statement dated February 17, 2004 for the Company's 2004 Annual Meeting of Stockholders. During the Last Fiscal Year, the Nominating Committee met five times.

The purpose of the Nominating Committee is to establish general qualification guidelines applicable to nominees for election to the Board and to ensure that the Board is appropriately constituted to meet its fiduciary obligations to the Company and its stockholders. The Nominating Committee identifies individuals qualified to become Board members, including nominees suggested by stockholders, and recommends nominees for appointment or election to the Board. The Nominating Committee does not use specific minimum requirements, but considers several factors to determine whether a director candidate is qualified. These factors include, but are not limited to: (a) the extent of a candidate's prior experience dealing with financial and auditing issues of a publicly traded company; (b) the existence of significant training and experience at the policy making level in areas of business, government, education and/or technology; (c) specific past concentration in the areas of strategic planning, finance, business law, and management; and (d) the extent to which the candidate's background is relevant to the Company's mission, strategy and needs. To date, the Company has not paid any fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees.

The Nominating Committee seeks to have on the Board at least one financial expert as defined in Item 401(h) of Regulation S-K promulgated by the SEC and believes that the majority of the Board must be composed of independent directors as defined in NASD Rules 4200 and 4350.

The Nominating Committee will consider candidates for director from any source, including director candidates recommended by stockholders. No formal procedures exist for the handling of director candidates recommended by stockholders; however, all candidates recommended by stockholders will be evaluated by the Nominating Committee in the same way and by using the same criteria and general guidelines used for all other candidates. Stockholders may submit director recommendations in writing to the Nominating Committee, c/o the Company's Chief Executive Officer at the Company's offices located at 915 Murphy Ranch Road, Milpitas, California 95035.

To date, the Company has not received any recommendations for director candidates from any non-management stockholder or group of stockholders that beneficially owns more than five percent of the Company's voting stock. Each nominee included on this year's proxy card is an executive officer and/or director standing for re-election.

Stockholder Communications with Directors

The Board of Directors welcomes communications from the Company's stockholders. Any stockholder may communicate with either the Board as a whole, or with any individual director by sending a written communication c/o the Company's Chief Executive Officer at the Company's offices located at 915 Murphy Ranch Road, Milpitas, California 95035. All communications sent to the Company's Chief Executive Officer will be forwarded to the Board, as a whole, or to the individual director to whom such communication was addressed without review by management.

Stock Option Plan. Outside Directors currently receive options under the 1999 Stock Plan and the 1999 Director Option Plan. The actual number of shares to be subject to the options granted for Board and committee service is established by the 1999 Director Option Plan. Under the 1999 Director Option Plan, Outside Directors receive an initial grant of 40,000 shares upon their initial appointment to the Board and subsequent annual grants of 15,000 shares. Board member options vest and become exercisable for 100% of the shares on the date of grant and have a term of ten years. During the Last Fiscal Year, the Company granted stock options for 15,000 shares to each of Messrs. PROPOSAL NO. 2

APPROVAL OF THE 2001 EMPLOYEE STOCK PURCHASE PLAN,

AS AMENDED AND RESTATED

In November of 2001, the Board of Directors adopted, and the stockholders of the Company subsequently approved, the 2001 Employee Stock Purchase Plan (the Plan). As a result of a series of amendments adopted by the Board and subsequently approved by the stockholders, the Company has reserved 750,000 shares of Common Stock for issuance under the Plan. As of January 20, 2006, approximately 676,457 shares had been issued under the Plan and approximately 73,543 shares remained reserved for future issuance. As of January 20, 2006, the fair market value of a share of the Company's Common Stock was \$6.73.

Proposal

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form DEF 14A

On November 1, 2005, the Board of Directors amended and restated the Plan, among other things, to: (a) increase the number of shares reserved under the Plan by 500,000 shares from 750,000 shares to 1,250,000 shares and (b) increase the maximum amount of compensation that a participant may contribute under the Plan through payroll deductions from 10% to 20%, in each case subject to stockholder approval. At the Meeting, the stockholders are being asked to approve the Plan as amended and restated.

Summary of the 2001 Employee Stock Purchase Plan, as Amended and Restated

General. The purpose of the Plan is to offer eligible employees the opportunity to acquire a stock ownership interest in the Company through the purchase of Common Stock at a discount by means of periodic after-tax payroll deductions. The Plan is intended to qualify under Section 423 of the Internal Revenue Code of 1986, as amended (the Code).

Administration. The Plan is administered by the Board of Directors of the Company or a committee appointed by the Board (the Administrator). At the present time, the Plan is administered by the Compensation Committee. All questions of interpretation or application of the Plan are determined by the Administrator.

Offering Periods. Offering periods under the Plan (each, an Offering Period) shall be of periods not to exceed the maximum period permitted by Section 423 of the Code. In addition, Offering Periods shall be concurrent and commence each June 1 and December 1 of each calendar year or at such other time or times as may be determined by the Administrator. The first business day of an Offering Period is referred to as the Offering Date. Until determined otherwise by the Administrator, each Offering Period shall consist of four (4) six-month purchase periods (individually, a Purchase Period) during which payroll deductions of participating employees are accumulated under the Plan. The last date of each applicable Purchase Period is referred to as the Purchase Date. The Plan also provides that if on any Purchase Date during an Offering Period the fair market value of the Common Stock is lower than the fair market value of the Common Stock on the applicable Offering Date, then, following the purchase of shares, the Offering Period would terminate and participants in the terminated Offering Period would be enrolled automatically in a new Offering Period that would start on the first business day immediately following the Purchase Date.

Eligibility and Participation. Employees (including officers and employee directors) who are employed for at least 20 hours per week and more than five months in any calendar year and who are employed by the Company as of an Offering Date are eligible to participate in the related Offering Period under the Plan, subject to certain limitations imposed by Section 423(b) of the Code and the Plan. For example, no employee shall be granted an option under the Plan if immediately after the grant such employee would own stock and/or hold outstanding options to purchase stock possessing five percent (5%) or more of the total voting power or value of all classes of stock of the Company or its subsidiaries. In addition, the Plan provides that, at the discretion of the Board of Directors, certain executive officers of the Company may be excluded from participating in an Offering Period. An eligible employee will only be permitted to participate in one Offering Period at a time. As of January 20, 2006, approximately 426 employees (including officers and employee directors) were eligible to participate in the Plan.

Eligible employees become participants in the Plan by submitting an enrollment form authorizing payroll deductions prior to the applicable Offering Date, unless a later time for filing the enrollment form has been set by the Administrator. Once a participant enrolls in an Offering Period under the Plan, such participant will automatically be enrolled in subsequent Offering Periods unless the participant withdraws from the then-current Offering Period. Payroll deductions shall commence on the first payroll following the Offering Date and shall continue until the participant withdraws from the Offering Period to which the enrollment form is applicable or any subsequent Offering Period in which the participant is participating.

Grant and Exercise of Option. At the beginning of an Offering Period, each participant is granted an option to purchase up to that number of shares in each Purchase Period determined by dividing such participant's payroll deductions accumulated during the Purchase Period and retained in the participant's account as of the end of the Purchase Period by the lower of (i) 85% of the fair market value of a share of the Company's Common Stock on the Offering Date or (ii) 85% of the fair market value of a share of the Company's Common Stock on the applicable Purchase Date; provided that in no event shall a participant be permitted (A) to purchase stock under the Plan at a rate which, when aggregated with such participant's rights to purchase stock under all other employee stock purchase plans of the Company and its subsidiaries, exceeds \$25,000 in fair market value of such stock (determined as of the Offering Date) for each calendar year in which such option is outstanding at any time or (B) to purchase more than 2,000 shares of the Company's Common Stock on any Purchase Date. In addition, the Company may make a pro rata reduction in the number of shares subject to options if the total number of shares which would otherwise be purchased on a Purchase Date by all employees participating in the Plan exceeds the number of remaining available shares in the Plan.

Unless an employee withdraws his or her participation in the Plan by giving written notice to the Company of his or her election to withdraw all accumulated payroll deductions prior to the end of a Purchase Period, the

employee's option for the purchase of shares will be exercised automatically at the end of the Purchase Period, and the maximum number of full shares subject to option which are purchasable with the accumulated payroll deductions in his or her account will be purchased at the applicable purchase price determined as provided below.

During his or her lifetime, a participant's option to purchase shares under the Plan is exercisable only by him or her. However, a participant may file a written designation of a beneficiary who is (i) to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to the end of a Purchase Period but prior to delivery to him or her of such shares and cash, and (ii) to receive any cash from the participant's account under the Plan in the event of such participant's death prior to a Purchase Date.

Purchase Price. The purchase price per share at which shares are sold to participating employees under the Plan is the lower of (i) 85% of the fair market value of a share of Common Stock on the Offering Date, and (ii) 85% of the fair market value of a share of Common Stock on the applicable Purchase Date. The fair market value of a share of Common Stock on a given date shall be either the closing price of the Common Stock on the NASDAQ National Market System on the applicable date or the average closing price of the Common Stock over the number of consecutive trading days preceding such date as determined by the Board of Directors.

Payroll Deductions. The purchase price of the shares to be acquired under the Plan is accumulated by after-tax payroll deductions during each Purchase Period. The deductions may not be more than 20% (designated in increments of not less than 1%) of a participant's compensation during a Purchase Period (or may be based on a specific dollar amount not less than \$5 per pay period and not more than 20% of a participant's compensation). A participant may terminate his or her participation in the Plan, may increase or decrease his or her rate of payroll deductions one time each during a Purchase Period, and may reduce his or her rate of payroll deductions to 0% once during a Purchase Period, which will not be deemed a withdrawal from the Offering Period or the Plan. Payroll deductions for a participant shall commence on the first payroll following the Offering Date and shall continue until his or her withdrawal from an Offering Period or his or her participation terminates as provided in the Plan.

Termination of Employment. Termination of a participant's employment for any reason, including retirement or death, or the failure of the participant to remain in the continuous employ of the Company for at least 20 hours per week and more than five (5) months in any calendar year during the applicable Offering Period, cancels his or her option and his or her participation in the Plan immediately. In such event, the payroll deductions credited to the participant's account will be returned (without interest) to him or her or, in the case of death, to the person or persons entitled thereto as provided in the Plan.

Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company, in the event any change is made in the Company's capitalization in the middle of an Offering Period, such as a stock split, stock dividend, combination or reclassification, that results in an increase or decrease in the number of shares of Common Stock outstanding without receipt of consideration by the Company, appropriate adjustment shall be made in the purchase price and in the number of shares subject to options under the Plan.

In the event of a proposed dissolution or liquidation of the Company, the Offering Period will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board of Directors. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each option under the Plan shall be assumed or an equivalent substitute option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Board of Directors elects to shorten the Offering Period then in progress by setting a new Purchase Date and notifying the optionees of the change in their Purchase Date.

Amendment and Termination of the Plan. The Board of Directors may at any time amend or terminate the Plan without the approval of the stockholders, except that such termination cannot affect options previously

granted nor may an amendment make any change in an option granted prior thereto which adversely affects the rights of any participant. No amendment may be made to the Plan without approval of the stockholders of the Company if such amendment would increase the number of shares reserved under the Plan or change the class of employees eligible to participate in the Plan.

The Plan shall expire in 2011 unless sooner terminated by the Board of Directors, provided that any options then outstanding under the Plan shall remain outstanding until they expire by their terms.

Plan Benefits. The following table sets forth information as of January 20, 2006 with respect to the number of shares purchased under the Plan since its adoption and the weighted average purchase price for such shares for (i) the Chief Executive Officer and each executive officer included in the Summary Compensation Table in the EXECUTIVE COMPENSATION section of this Proxy Statement, (ii) all current executive officers as a group, and (iii) all employees (including all current officers who are not executive officers) as a group. No person has received more than 5% of the total number of shares purchased under the Plan.

Tax Information

The Plan and the options granted under the Plan are intended to qualify for favorable federal income tax treatment associated with rights granted under an employee stock purchase plan that qualifies under provisions of Section 423 of the Code.

A participant will be taxed on amounts withheld for the purchase of shares of Common Stock as if such amounts were actually received. Other than this, no income will be taxable to a participant until disposition of the acquired shares, and the method of taxation will depend upon the holding period of the acquired shares.

If the stock is disposed of at least two (2) years after the beginning of the Offering Period and at least one (1) year after the stock is transferred to the participant, then the lesser of (i) the excess of the fair market value of the stock at the time of such disposition over the purchase price or (ii) the excess of the fair market value of the stock as of the Offering Date over the purchase price (determined as of the Offering Date) will be treated as ordinary income. Any further gain or any loss will be taxed as a long-term capital gain or loss. Such capital gains currently are

generally subject to lower tax rates than ordinary income.

If the stock is sold or disposed of before the expiration of either of the holding periods described above, then the excess of the fair market value of the stock on the Purchase Date over the purchase price will be treated as ordinary income at the time of such disposition. The balance of any gain will be treated as capital gain. Even if the stock is later disposed of for less than its fair market value on the Purchase Date, the same amount of ordinary income is attributed to the participant, and a capital loss is recognized equal to the difference between the sales price and the fair market value of the stock on such Purchase Date. Any capital gain or loss will be short-term or long-term, depending on how long the stock has been held.

There are no federal income tax consequences to the Company by reason of the grant or exercise of options under the Plan. The Company is entitled to a deduction to the extent amounts are taxed as ordinary income to a participant.

The foregoing is only a summary of the effect of federal income taxation upon the participant and the Company with respect to the shares purchased under the Plan. Reference should be made to the applicable provisions of the Code. In addition, the summary does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

- (1) These stock options vest and become exercisable over a period of four years from the date of grant.
- (2) All options were granted at fair market value on the date of grant. The exercise price may be paid in cash, in shares of the Company's Common Stock valued at fair market value on the exercise date, or through a cashless exercise involving a same-day sale of all or part of the purchased shares.
- (3) These columns reflect the potential realizable value of each grant assuming the market value of the Company's stock appreciates at 5% and 10% annually from the date of grant over the term of the option. Realizable values are reported net of the option exercise price. There is no assurance that the actual stock price appreciation over the 10-year option term will be at the assumed 5% or 10% levels or at any other level. Unless the market price of the stock does in fact appreciate over the option term, no value will be realized from the option grants.

The weighted average exercise price of those outstanding options is \$7.02 per share. No additional options may be granted under the assumed plans.

1997 Non-statutory Stock Option Plan

The Company's 1997 Non-statutory Stock Option Plan (the "1997 Plan") is the only equity compensation plan that has not been approved by the stockholders and under which additional options of the Company's Common Stock may be granted. The Board of Directors adopted the 1997 Plan to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentives to employees and consultants of the Company and to promote the success of the Company's business. Officers and directors of the Company are not eligible to receive option grants under the 1997 Plan. The term of the 1997 Plan is ten years.

The Board of Directors has reserved 1,317,576 shares of Common Stock for issuance under the 1997 Plan. As of January 20, 2006, 373,330 shares of Common Stock had been issued upon exercise of options granted under the 1997 Plan, options to purchase 555,114 shares were outstanding and 389,132 shares remained available for future grant. Options granted under the Plan are non-statutory stock options that are not intended to qualify as incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended. The 1997 Plan is administered by the Board or a committee appointed by the Board (as applicable, the "Administrator"). The Administrator determines the exercise price of options at the time the options are granted, when options become exercisable, and the acceptable form of consideration for exercising an option. Options granted under the 1997 Plan are generally not transferable other than by will or the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee.

Senior Management Nonqualified Stock Option Plan

The Board of Directors adopted the Company's Senior Management Nonqualified Stock Option Plan (the "1987 Plan") in 1987. The 1987 Plan has not been approved by the Company's stockholders. The term of the 1987 Plan was ten years; therefore, no additional options may be granted under the 1987 Plan. Officers (and directors that also served as officers) were eligible to receive options grants under the 1987 Plan. As of January 20, 2006, options to purchase 10,150 shares of Common Stock were outstanding under the 1987 Plan.

**Employment Contracts and Termination of Employment and
Change-In-Control Arrangements**

The Company has entered into severance/change-in-control agreements with Messrs. Sisto, Gibbs, Francis, Kesanupalli, and Bolten in order to assure the Company of the continued services of these executives to the Company in an effective manner without distraction by reason of the possibility of a termination of employment by the Company or a change in control of the Company. The term of the agreement with each of the executives other than Mr. Bolten is three years. Mr. Bolten's agreement will continue until all obligations of the parties have been satisfied.

The agreement for Mr. Sisto provides that in the event of the termination of his employment by the Company, for any reason other than termination for cause, death, disability or a change-in-control, or if Mr. Sisto terminates his employment for good reason, the Company will continue to pay him for an initial severance period of two years following such termination. The agreement for Mr. Gibbs provides that in the event of the termination of his employment by the Company, for any reason other than termination for cause, death, disability or a change-in-control, or if Mr. Gibbs terminates his employment for good reason, the Company will continue to pay him for an initial severance period of one year following such termination. The agreements with Mr. Francis, Mr. Kesanupalli and Mr. Bolten provide that the Company will continue to pay them for an initial severance period of six months following their termination for any reason other than termination for cause, death, disability or a change-in-control, or, in the case of Mr. Francis and Mr. Kesanupalli, if they terminate their employment for good reason, .

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form DEF 14A

The severance amount is equal to the executive's salary at the annual rate then in effect. The agreement with Mr. Gibbs provides that he may receive up to six months additional severance at the same rate if he has not been

re-employed at the end of the initial severance period. The additional severance for Mr. Gibbs will cease when he is re-employed. The agreements with Mr. Sisto, Mr. Francis, Mr. Kesanupalli and Mr. Bolten do not provide for any payment after the initial severance period.

The Company will also provide each executive, other than Mr. Sisto and Mr. Bolten, with his then-current medical, dental and vision benefits for a period of six months following termination of employment. The Company will provide Mr. Sisto with his then-current medical, dental and vision benefits for a period of eighteen months following his termination of employment, and Mr. Bolten will receive his current health, dental, life and accidental death and dismemberment insurance benefits for a period of six months following his termination of employment.

Each of the agreements also contains a covenant not-to-compete and a covenant not to solicit employees of the Company. For each of the executives, other than Mr. Sisto and Mr. Bolten, the covenant not-to-compete and covenant not to solicit employees of the Company shall apply until twelve months after such executive ceases to be employed by the Company. For Mr. Sisto, the covenant not-to-compete and covenant not to solicit employees of the Company shall apply until twenty-four months after his employment with the Company terminates, and for Mr. Bolten, such covenants shall apply until 18 months after the termination of his employment with the Company.

In the event of the termination of the executive's employment within two months prior to or twelve months following a change-in-control of the Company, and such termination is (i) by the Company for any reason other than termination for cause or (ii) by the executive for good reason, the Company will pay the executive severance and benefits as summarized above. In addition, for each of the executives, other than Mr. Sisto and Mr. Bolten, 50% of such executive's unvested stock options and restricted stock will vest immediately upon termination. For Mr. Sisto, 100% of his unvested stock options and restricted stock will vest immediately upon termination.

If any of the payments to the affected executive are considered excess parachute payments as defined in Section 280G of the Internal Revenue Code, the payments will be reduced to avoid such a characterization.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

Membership and Role of the Compensation Committee

The primary role of the Compensation Committee of the Board of Directors (the Compensation Committee) is to oversee the Company's compensation plans and policies, annually review and determine all executive officers' compensation, and administer the Company's cash and equity incentive plans (including reviewing and approving equity awards to Company executive officers). The Compensation Committee operates under a written charter adopted by the Board and acts at scheduled times during the year (in formal meetings or by written consent). The Compensation Committee and Board periodically review and revise the Committee's charter. The Committee Chairman reports on Compensation Committee actions and recommendations at Board meetings. The Company's legal and human resource departments support the Compensation Committee in its work and in some cases act pursuant to delegated authority to fulfill various functions in administering the Company's compensation programs. In addition, the Compensation Committee has engaged outside advisors for independent assistance. During the Last Fiscal Year, the Compensation Committee engaged the services of an outside consultant in connection with its work on executive compensation matters.

The Compensation Committee consists of Mr. Elgamal, Mr. Morris (Chairman), Mr. Sun and Mr. Dury. Each member of the Compensation Committee other than Mr. Dury is independent as such term is defined in the NASD Rules. Mr. Dury is not independent under the NASD Rules because his wife received \$63,000 from the Company in compensation for consulting services during the twelve month period ending August 31, 2004.

Notwithstanding the foregoing, the Board determined that the appointment of Mr. Dury to the Compensation Committee was in the best interests of the Company and its stockholders due to his experience and extensive knowledge regarding executive compensation issues.

Compensation Philosophy and Objectives

The Compensation Committee's general philosophy is that executive compensation levels should be based upon an evaluation of the performance of the Company and its officers in absolute terms, as well as in comparison to persons with comparable responsibilities in similar business enterprises. The Company's overall compensation program emphasizes variable compensation elements with direct links to Company financial and individual performance. The Compensation Committee has determined, as a matter of principle to be implemented over time, that while the components of each executive's total direct compensation (including base salary, annual cash incentives and long-term equity incentives) may vary from executive to executive, aggregate total direct compensation will be positioned to approximate the 60th percentile of the total direct compensation provided by companies the Company has established as its peer group. For these purposes, the Company's peer group is reviewed and determined by the Compensation Committee to reflect software-industry companies and direct labor market competitors considered by the Compensation Committee to be comparable to the Company in certain areas, including annual revenue, headcount and other key financial metrics. The Compensation Committee reserves the right to set compensation below or above this level in appropriate circumstances. These compensation principles are intended to enable the Company to attract, retain and motivate its key executives, to reward executives appropriately for their contribution to the attainment of key strategic objectives, and to align the interests of executives and stockholders through equity-based plans and performance measures.

Compensation Methodology

The Compensation Committee's review of the Company's executive compensation programs and practices includes an analysis of all elements of compensation, including base and variable cash compensation and equity grants for each of the Company's executive officers. The Compensation Committee reviews these compensation components separately and in the aggregate. When establishing executive officer compensation, the Compensation Committee reviews peer and general market data (including reports of its executive compensation consultant), assesses the Company's competitive position, and considers: (1) the Company's financial performance during the past fiscal year, (2) the executive's performance during the past fiscal year, (3) the retention value of existing, unvested equity awards held by the executive and (4) the current economic climate. Compensation amounts are established by the Compensation Committee based upon its consideration of the above comparative data, its evaluation of Company and individual performance and the Compensation Committee's policy relating to total direct compensation. For the Last Fiscal Year, average total direct compensation for the Company's executive officers approximated the 60th percentile of peer group practices.

Components of Executive Compensation

The Company's executive compensation program generally combines the following three components: base salary; annual bonus; and long-term incentive compensation, which historically has consisted of stock options and select restricted stock grants to key executives. Each component of the Company's executive compensation program serves a specific purpose in meeting its objectives and is described more fully below.

Base Salary

The Compensation Committee annually reviews the salaries of Company executives. As is typical for most companies, payment of base salary is not conditioned upon the achievement of any specific, pre-determined performance targets. When setting base salary levels, the Compensation

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form DEF 14A

Committee considers (1) competitive market conditions for executive compensation, (2) Company performance and (3) the individual s performance, role and responsibilities. In the past, salaries for certain officers have been frozen once they have achieved market levels.

Annual Bonus

The Company's annual executive incentive program (the Executive Incentive Program) is a cash-based pay-for-performance program that the Company first implemented in its fiscal year 2004. The program's purpose is to motivate and reward eligible employees for their contributions to the Company's performance by making a greater portion of their total potential cash compensation dependent upon the Company's annual financial performance. All of the Company's Named Executive Officers were eligible for bonuses under the Executive Incentive Program during the Last Fiscal Year, with target bonuses ranging from 33% to 45% of total potential cash compensation. The incentive program measures the Company's performance in three primary areas: total revenue, operating profit, and revenue mix by product line. Under this program, the Compensation Committee works with Company management to set annual goals for each area of achievement, the formulas used for determining the percentage of achievement in each area and the weighting of each grant component. Performance against these measures, together with individual performance, determines the incentive-based cash compensation paid to Company executive officers, including the Chief Executive Officer. Eighty percent (80%) of the payout under the Executive Incentive Program is based upon Company performance, while twenty percent (20%) is based on an assessment by the Compensation Committee (and in certain cases, senior management) of individual performance.

Long-Term Incentives

The Compensation Committee believes that stock options (1) align executive interests with stockholder interests by creating a direct link between compensation and stockholder return, (2) give executives a significant, long-term interest in the Company's success and (3) help retain key executives in a competitive market for executive talent. Annual stock option grants for executives and occasional restricted stock grants are key elements of the Company's market-competitive total direct compensation approach. During the Last Fiscal Year, the Compensation Committee approved annual stock option grants for the Company's executive officers that generally vest over a period of four years and expire ten years from the date of grant. The Compensation Committee based individual grant amounts on factors such as the relative job scope, expected future contributions to the growth and development of the Company and the retention value of each executive's previously granted and unvested equity awards. Subject to consideration of each executive officer's performance, the Compensation Committee generally seeks to make annual stock option grants to each of the Company's executive officers such that the aggregate value of all unvested stock options held by each executive officer as of the grant determination date, including the newly granted options, equals a set multiple of the executive's annual base salary. For the Chief Executive Officer, this multiple is four, and for the other executive officers, this multiple is two.

The Compensation Committee monitors general corporate and industry trends and practices and may in the future, for competitive or other reasons (such as recent changes in accounting rules or share limitations in the Company's equity incentive plans), use other equity incentive vehicles in place of, or in combination with, time-based stock options and restricted stock. The Compensation Committee continues to manage the Company's stock option and restricted stock issuances and perform comprehensive reviews of the Company's equity compensation programs to ensure their continued effectiveness.

Compensation of Chief Executive Officer during the Last Fiscal Year

The Compensation Committee is responsible for establishing the corporate goals and objectives applicable to determining the compensation for Mr. Sisto, the Company's Chief Executive Officer. Mr. Sisto's compensation plan includes the same elements and performance measures as those of the Company's other senior executives. At least annually, the Compensation Committee evaluates Mr. Sisto's performance in light of the established goals and objectives and, based on such evaluation, determines his annual compensation.

In the Last Fiscal Year, Mr. Sisto's compensation was determined after consideration of the general factors noted above. The Compensation Committee determined to maintain Mr. Sisto's base salary at \$400,000 per

annum. Mr. Sisto's incentive-based compensation for the Last Fiscal Year was determined under the above-noted Executive Incentive Program, and, based on the Company's accomplishment of certain performance levels under the Executive Incentive Program and the Compensation Committee's assessment of Mr. Sisto's individual performance, the Compensation Committee awarded Mr. Sisto a bonus of \$193,984. In addition, on November 12, 2004, Mr. Sisto received an option to purchase 10,248 shares of Company common stock at \$7.33 per share and, on September 9, 2005, received an option to purchase 145,000 shares of Company common stock at \$7.20 per share. Both options were granted with exercise prices equal to the fair market value at the time of grant and vest in equal quarterly installments over four years.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) places a limit of \$1,000,000 on the amount of compensation that the Company may deduct in any one year with respect to its CEO and each of the Named Executive Officers. Certain performance-based compensation approved by stockholders is not subject to the deduction limit. It is the Compensation Committee's policy that the compensation paid to executive officers qualify for deductibility to the extent not inconsistent with the Company's fundamental compensation policies and the Company does not have a history of lost deductions under Section 162(m).

PHOENIX TECHNOLOGIES LTD.

2001 EMPLOYEE STOCK PURCHASE PLAN

As Amended and Restated November 1, 2005

Generally Effective December 1, 2005

1. **ESTABLISHMENT OF PLAN.** Phoenix Technologies Ltd., a Delaware corporation (the **COMPANY**), proposes to grant options for purchase of the Company's Common Stock to eligible employees of the Company and its Subsidiaries (as hereinafter defined) pursuant to this 2001 Employee Stock Purchase Plan (**PLAN**). For purposes of this Plan, **PARENT CORPORATION** and **SUBSIDIARY** (collectively, **SUBSIDIARIES**) shall have the same meanings as parent corporation and subsidiary corporation in Sections 424(e) and 424(f), respectively, of the Internal Revenue Code of 1986, as amended (the **CODE**). The Company intends this Plan to qualify as an employee stock purchase plan under Section 423 of the Code (including any amendments to or replacements of such Section), and this Plan shall be so construed. Any term not expressly defined in this Plan but defined for purposes of Section 423 of the Code shall have the same definition herein. A total of 750,000 shares of the Company's Common Stock are reserved for issuance under this Plan. Such total number of shares shall be subject to adjustments effected in accordance with Section 14 of this Plan.

2. **PURPOSE.** The purpose of this Plan is to provide employees of the Company and Subsidiaries designated by the Board of Directors of the Company (the **BOARD**) as eligible to participate in this Plan with a convenient means of acquiring an equity interest in the Company through payroll deductions, to enhance such employees' sense of participation in the affairs of the Company and Subsidiaries, and to provide an incentive for continued employment.

3. **ADMINISTRATION.** This Plan shall be administered by a committee appointed by the Board (the **COMMITTEE**) consisting of at least two (2) members of the Board, each of whom is a Disinterested Person as defined in Rule 16b-3(d) of the Securities Exchange Act of 1934 (the **EXCHANGE ACT**). As used in this Plan, references to the Committee shall mean either such committee or the Board if no committee has been established. Board members who are not Disinterested Persons may not vote on any matters affecting the administration of this Plan, but any such member may be counted for determining the existence of a quorum at any meeting of the Board. Subject to the provisions of this Plan and the limitations of Section 423 of the Code or any successor provision in the Code, all questions of interpretation or application of this Plan shall be determined by the Board and its decisions shall be final and binding upon all participants. Members of the Board shall receive no compensation for their services in connection with the administration of this Plan, other than standard fees as established from time to time by the Board for services rendered by Board members serving on Board committees. All expenses incurred in connection with the administration of this Plan shall be paid by the Company.

4. **ELIGIBILITY.** Any employee of the Company or the Subsidiaries is eligible to participate in an Offering Period (as hereinafter defined) under this Plan except the following:

(a) employees who are not employed by the Company or Subsidiaries before the beginning of such Offering Period;

(b) employees who are customarily employed for less than twenty (20) hours per week;

(c) employees who are customarily employed for less than five (5) months in a calendar year; and

(d) employees who, together with any other person whose stock would be attributed to such employee pursuant to Section 424(d) of the Code, own stock or hold options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any of its Subsidiaries or who, as a result of being granted an option under this Plan with respect to such Offering Period, would own stock or hold options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any of its Subsidiaries.

A-1

Notwithstanding the foregoing, the Board, in its sole discretion, also may provide that employees who are members of the executive staff of the Company and its Subsidiaries shall not be eligible to participate in an Offering Period (as hereinafter defined) under the Plan. For purposes of this Section 4 only, executive staff shall have the same meaning as the term officer under Section 16 of the Exchange Act and the rules and regulations promulgated thereunder. Moreover, the Board's exclusion of executive staff employees during a prior Offering Period shall not prevent the Board from making such employees once again eligible for future Offering Periods under the Plan.

5. OFFERING DATES.

(a) The offering periods of this Plan (each, an OFFERING PERIOD) shall be of periods not to exceed the maximum period permitted by Section 423 of the Code. Until determined otherwise by the Committee,

(i) Offering Periods shall be concurrent and commence each June 1 and December 1 of each calendar year;

(ii) each Offering Period shall consist of four (4) six-month purchase periods (individually, a Purchase Period) during which payroll deductions of the participants are accumulated under this Plan; and

(iii) an eligible employee shall participate in *only* one (1) Offering Period at a time.

The first business day of each Offering Period is referred to as the OFFERING DATE. The last business day of each Purchase Period is referred to as the PURCHASE DATE. The Board shall have the power to change the duration of Offering Periods and/or Purchase Periods with respect to future offerings without stockholder approval if such change is announced at least fifteen (15) days prior to the scheduled beginning of the first Offering Period and/or Purchase Period to be affected.

(b) Notwithstanding anything to the contrary, in the event that the fair market value of a share of the Company's Common Stock on any Purchase Date during an Offering Period is less than the fair market value of a share of the Company's Common Stock on the Offering Date of such Offering Period, then following the purchase of the shares of the Company's Common Stock on such Purchase Date,

(i) the Offering Period shall terminate; and

(ii) all participants in the just-terminated Offering Period shall automatically be enrolled in a new Offering Period that shall commence on the day following the Purchase Date on the same terms on which such participants were enrolled in the terminated Offering Period.

Such new Offering Period shall end on the business day immediately prior to the second anniversary of its Offering Date.

6. PARTICIPATION IN THIS PLAN. Eligible employees may become participants in an Offering Period under this Plan on the first Offering Date after satisfying the eligibility requirements by delivering a subscription agreement to the Company's Stock Administration Department or any other department designated by the Stock Administration Department or an officer of the Company (STOCK ADMINISTRATION) not later than the last day of the month before such Offering Date unless a later time for filing the subscription agreement authorizing payroll deductions is set by the Board for all eligible employees with respect to a given Offering Period. An eligible employee who does not deliver a subscription agreement to Stock Administration by such filing date after becoming eligible to participate in such Offering Period shall not participate in that Offering Period or any subsequent Offering Periods unless such employee enrolls in such Offering Periods under this Plan by filing a subscription agreement with Stock Administration not later than the last day of the month preceding a subsequent Offering Date. Subject to Section 5(b), once an employee becomes a participant in an Offering Period, such employee will automatically participate in the Offering Period commencing immediately following the last day of the prior

A-2

Offering Period in which such employee participated unless the employee withdraws or is deemed to withdraw from an Offering Period under this Plan as set forth in Section 11 below or terminates further participation in the Plan. A participant is not required to file an additional subscription agreement in order to continue participation in Offering Periods under this Plan, unless such participant terminates further participation in this Plan.

7. GRANT OF OPTION ON ENROLLMENT. Enrollment by an eligible employee in this Plan with respect to an Offering Period will constitute the grant (as of the Offering Date) by the Company to such employee of an option to purchase on the Purchase Date up to that number of shares of Common Stock of the Company determined by dividing

(a) the amount accumulated in such employee's payroll deduction account during such Purchase Period by

(b) the purchase price for such Purchase Period, as set forth in Section 8 below;

PROVIDED, HOWEVER, that the number of shares of the Company's Common Stock purchased under any option granted pursuant to this Plan shall not exceed the limitations set forth in Section 10 of the Plan.

8. PURCHASE PRICE. The purchase price per share at which a share of Common Stock will be sold in any Offering Period shall be eighty-five percent (85%) of the *lesser* of

(a) the fair market value of a share of the Company's Common Stock on the applicable Offering Date; or

(b) the fair market value of a share of the Company's Common Stock on the applicable Purchase Date;

PROVIDED, HOWEVER, that in no event may the purchase price per share of the Company's Common Stock be below the par value per share of the Company's Common Stock. For purposes of this Plan, the term "fair market value" on a given date shall mean the closing price of the Company's Common Stock as reported on a stock exchange or on the NASDAQ National Market System on the applicable date (or the average closing price over the number of consecutive trading days preceding such date as the Board shall deem appropriate). If the Company's Common Stock is not reported on such exchange or such system or if there is no public market for the Company's Common Stock, the fair market value of the Company's Common Stock shall be as determined by the Board in its sole discretion, exercised in good faith.

9. PAYMENT OF PURCHASE PRICE; CHANGES IN PAYROLL DEDUCTIONS ISSUANCE OF SHARES.

(a) The consideration for the purchase price of the shares subject to an option under this Plan is accumulated by regular payroll deductions made during each Offering Period. The deductions are made either (i) as a specified dollar amount per pay period, but not less than \$5.00 per pay period and not greater than an amount equal to ten percent (10%) of the participant's Compensation as of the first day of such Offering Period or (ii) a percentage of the participant's Compensation in one percent (1%) increments not less than one percent (1%) and not greater than ten percent (10%) or (iii) such lower limit set by the Committee. Notwithstanding the foregoing, effective as of the first Offering Period that commences on

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form DEF 14A

or after the Company's regularly scheduled annual meeting of stockholders in the 2006 calendar year (the 2006 ANNUAL MEETING), the ten percent (10%) limits described in this Section 9(a) shall be increased to twenty percent (20%), but *only* if such increase to twenty percent (20%) is approved by the Company's stockholders in the 2006 Annual Meeting.

(b) As used herein, COMPENSATION shall mean all base salary, wages, commissions, and overtime, and draws against commissions; PROVIDED, HOWEVER, that for purposes of determining a participant's compensation, any election by such participant to reduce his or her regular cash remuneration under Sections 125 or 401(k) of the Code shall be treated as if the participant did not make such election. Payroll deductions shall commence on the first payday following the Offering Date and shall continue to the end of the Offering Period unless sooner altered or terminated as provided in this Plan.

A-3

(c) A participant may change the rate of payroll deductions during an Offering Period by filing with Stock Administration a new authorization for payroll deductions, in which case the new rate shall become effective for the next payroll period commencing more than fifteen (15) days after Stock Administration's receipt of the authorization (or such earlier payroll period after such receipt as the Company's payroll department is able to accommodate) and shall continue for the remainder of the Offering Period unless changed as described below. Such change in the rate of payroll deductions may be made at any time during an Offering Period, excluding the fifteen (15) day period immediately preceding a Purchase Date (or such shorter period of time as determined by the Company and communicated to the participants); PROVIDED, HOWEVER, that a participant shall be limited to only one (1) increase and one (1) decrease (other than to zero percent (0%)) during any Purchase Period. In addition, a participant may decrease the rate of payroll deductions to zero percent (0%) once (and only once) during any Purchase Period. A change in the rate of payroll deductions to zero percent (0%) during any Purchase Period shall not be deemed a withdrawal from the Offering Period or the Plan. A participant may increase or decrease the rate of payroll deductions for any subsequent Offering Period by filing with Stock Administration a new authorization for payroll deductions not later than the last day of the month before the beginning of such Offering Period.

(d) All payroll deductions are made on an after-tax basis and credited to each participant's account under this Plan. All payroll deductions are deposited with the general funds of the Company. No interest accrues on the payroll deductions. All payroll deductions received or held by the Company may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

(e) On each Purchase Date, so long as this Plan remains in effect and provided that the participant has not withdrawn, the Company shall apply the funds then in the participant's account to the purchase of whole shares of Common Stock reserved under the option granted to such participant with respect to the Offering Period to the extent that such option is exercisable on the Purchase Date. The purchase price per share shall be as specified in Section 8 of this Plan. No fractional shares shall be issued upon the exercise of an option on a Purchase Date. The amount, if any, of accumulated payroll deductions remaining in each participant's account after the purchase of shares of Common Stock on the final Purchase Date of an Offering Period shall be refunded to such participant in cash, without interest. In the event that this Plan has been oversubscribed, then all funds not used to purchase shares on the final Purchase Date of an Offering Period shall be returned to the participant, without interest. No Common Stock shall be purchased on a Purchase Date on behalf of any employee whose participation in this Plan has terminated prior to such Purchase Date.

(f) During a participant's lifetime, such participant's option to purchase shares hereunder is exercisable only by him or her. The participant will have no interest or voting right in shares covered by his or her option until such option has been exercised. Shares to be delivered to a participant under this Plan will be registered in the name of the participant or in the name of the participant and his or her spouse or in the name of any stock brokerage or other firm with whom the Company has established an account for the participant for the automatic deposit of shares purchased under this Plan.

10. LIMITATIONS ON SHARES TO BE PURCHASED.

(a) No participant shall be entitled to purchase stock under this Plan at a rate which, when aggregated with his or her rights to purchase stock under all other employee stock purchase plans of the Company or any Subsidiary, exceeds \$25,000 in fair market value, determined as of the Offering Date (or such other limit as may be imposed by the Code) for each calendar year in which the employee participates in this Plan.

(b) Subject to Section 10(a) above, the maximum number of shares of Common Stock that a participant may purchase on any single Purchase Date shall not exceed two thousand (2,000) shares (the "MAXIMUM SHARE AMOUNT"); PROVIDED, that not less than thirty (30) days prior to the commencement of any Offering Period, the Board may, in its sole discretion, revise the Maximum Share Amount. If a new Maximum Share Amount is set, then all participants must be notified of such Maximum Share Amount not less than fifteen (15) days prior to the commencement of the next Offering Period. Once the Maximum

Share Amount is set, it shall continue to apply with respect to all succeeding Purchase Dates and Offering Periods unless revised by the Board as set forth above. The Maximum Share Amount shall be subject to adjustments effected in accordance with Section 14 of this Plan.

(c) If the number of shares to be purchased on a Purchase Date by all employees participating in this Plan exceeds the number of shares then available for issuance under this Plan, then the Company will make a pro rata allocation of the remaining shares in as uniform a manner as shall be reasonably practicable and equitable. In such event, the Company shall give written notice of such reduction of the number of shares to be purchased under a participant's option to each participant affected thereby.

11. WITHDRAWAL.

(a) Each participant may withdraw from an Offering Period under this Plan by signing and delivering to Stock Administration a written notice to that effect on a form provided for such purpose. Such withdrawal may be elected at any time at least fifteen (15) days prior to the end of an Offering Period.

(b) Upon withdrawal from an Offering Period under this Plan, the accumulated payroll deductions shall be returned to the withdrawn participant, without interest, and his or her interest in this Plan shall terminate. In the event a participant voluntarily elects to withdraw from an Offering Period under this Plan, he or she may not resume his or her participation in the same Offering Period from which he or she previously withdrew, but he or she may participate in any subsequent Offering Period by filing a new authorization for payroll deductions in the same manner as set forth above for initial participation in an Offering Period under this Plan.

12. TERMINATION OF EMPLOYMENT. Termination of a participant's employment for any reason, including retirement, death or the failure of a participant to remain an eligible employee, immediately terminates his or her participation in an Offering Period under this Plan. In such event, the payroll deductions credited to the participant's account will be returned to him or her or, in the case of his or her death, to his or her legal representative, without interest. For purposes of this Section 12, an employee will not be deemed to have terminated employment or failed to remain in the continuous employ of the Company in the case of sick leave, military leave, or any other leave of absence approved by the Board; PROVIDED, that such leave is for a period of not more than ninety (90) days or reemployment upon the expiration of such leave is guaranteed by contract or statute.

13. RETURN OF PAYROLL DEDUCTIONS. In the event a participant's interest in this Plan is terminated by withdrawal, termination of employment or otherwise, or in the event this Plan is terminated by the Board, the Company shall promptly deliver to the participant all payroll deductions credited to such participant's account. No interest shall accrue on the payroll deductions of a participant in this Plan.

14. CAPITAL CHANGES.

(a) Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each option under this Plan which has not yet been exercised and the number of shares of Common Stock which have been authorized for issuance under this Plan but have not yet been placed under option (collectively, the RESERVES), as well as the price per share of Common Stock covered by each option under this Plan which has not yet been exercised, shall be proportionately adjusted for any increase or decrease in the number of issued and outstanding shares of Common Stock of the Company resulting from a stock split or the payment of a stock dividend (but only on the Common Stock) or any other increase or decrease in the number of issued and outstanding shares of Common Stock effected without receipt of any consideration by the Company; PROVIDED, HOWEVER, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration; and PROVIDED FURTHER, that the price per share of Common Stock shall not

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form DEF 14A

be reduced below its par value per share. Such adjustment shall be made by the Board, whose determination shall be final, binding and conclusive. Except as expressly provided herein, no issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

A-5

(b) In the event of the proposed dissolution or liquidation of the Company, the Offering Period will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board. The Board may, in the exercise of its sole discretion in such instances, declare that the options under this Plan shall terminate as of a date fixed by the Board and give each participant the right to exercise his or her option as to all of the optioned shares, including shares which would not otherwise be exercisable. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger or consolidation of the Company with or into another corporation, each option under this Plan shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, that the participant shall have the right to exercise the option as to all of the optioned shares. If the Board makes an option exercisable in lieu of assumption or substitution in the event of a merger, consolidation or sale of assets, the Board shall notify the participant that the option shall be fully exercisable for a period of twenty (20) days from the date of such notice, and the option will terminate upon the expiration of such period.

(c) The Board may, if it so determines in the exercise of its sole discretion, also make provision for adjusting the Reserves, as well as the price per share of Common Stock covered by each outstanding option, in the event that the Company effects one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of shares of its outstanding Common Stock, or in the event of the Company being consolidated with or merged into any other corporation; PROVIDED, that the price per share of Common Stock shall not be reduced below its par value per share.

15. NONASSIGNABILITY. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under this Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 22 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be void and without effect.

16. REPORTS. Individual accounts will be maintained for each participant in this Plan. Each participant shall receive promptly after the end of each Purchase Period a report of his or her account setting forth the total payroll deductions accumulated, the number of shares purchased, the per share price thereof and the remaining cash balance, if any, carried forward to the next Purchase Period or Offering Period, as the case may be.

17. NOTICE OF DISPOSITION. Each participant shall notify the Company if the participant disposes of any of the shares purchased in any Offering Period pursuant to this Plan if such disposition occurs within two (2) years from the Offering Date or within one (1) year from the Purchase Date on which such shares were purchased (the NOTICE PERIOD). The Company may require that, unless such participant is disposing of any of such shares during the Notice Period, such participant shall keep the certificates representing such shares in his or her name (and not in the name of a nominee) during the Notice Period. The Company may, at any time during the Notice Period, place a legend or legends on any certificate representing shares acquired pursuant to this Plan requesting the Company's transfer agent to notify the Company of any transfer of the shares. The obligation of the participant to provide such notice shall continue notwithstanding the placement of any such legend on the certificates.

18. NO RIGHTS TO CONTINUED EMPLOYMENT. Neither this Plan nor the grant of any option hereunder shall confer any right on any employee to remain in the employ of the Company or any Subsidiary, or restrict the right of the Company or any Subsidiary to terminate such employee's employment.

19. EQUAL RIGHTS AND PRIVILEGES. All eligible employees shall have equal rights and privileges with respect to this Plan so that this Plan qualifies as an employee stock purchase plan within the meaning of Section 423 of the Code (or any successor provision) and the related regulations. Any provision of this Plan which is inconsistent with Section 423 of the Code (or any successor provision) shall, without further act or amendment by the Company or the Board, be reformed to comply with the requirements of Section 423 of the Code. This Section 19 shall take precedence over all other provisions in this Plan.

20. NOTICES. All notices or other communications by a participant to the Company under or in connection with this Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. TERM; STOCKHOLDER APPROVAL. This Plan has been approved and adopted by the Board. Any changes to the Plan which materially increase the benefits hereunder will not be effective until approved by the stockholders of the Company, in any manner permitted by applicable corporate law (including Rule 16b-3 of the rules promulgated by the Securities and Exchange Commission pursuant to Section 16 of the Exchange Act). This Plan shall continue until the earlier to occur of (a) termination of this Plan by the Board (which termination may be effected by the Board at any time), (b) issuance of all of the shares of Common Stock reserved for issuance under this Plan, or (c) ten (10) years from the date this Plan was adopted by the Board.

22. DESIGNATION OF BENEFICIARY.

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under this Plan in the event of such participant's death subsequent to the end of an Purchase Period but prior to delivery to him of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under this Plan in the event of such participant's death prior to a Purchase Date.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under this Plan who is living at the time of such participant's death, the Company shall deliver such shares or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

23. CONDITIONS UPON ISSUANCE OF SHARES; LIMITATION ON SALE OF SHARES. Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange or automated quotation system upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

24. APPLICABLE LAW. The Plan shall be governed by the substantive laws (excluding the conflict of laws rules) of the State of California.

25. AMENDMENT OR TERMINATION OF THIS PLAN. The Board may at any time amend, terminate or the extend the term of this Plan, except that any such termination cannot affect options previously granted under this Plan, nor may any amendment make any change in an option previously granted which would adversely affect the right of any participant, nor may any amendment be made without approval of the stockholders of the Company obtained in accordance with Section 21 hereof within twelve (12) months of the adoption of such amendment (or earlier if required by Section 21) if such amendment would: (a) increase the number of shares that may be issued under this Plan; (b) change the designation of the employees (or class of employees) eligible for participation in this Plan; or (c) constitute an amendment for which stockholder approval is required in order to comply with Rule 16b-3 (or any successor rule) of the Exchange Act.
