**PROXY STATEMENT**

This proxy statement and proxy are being furnished in connection with the solicitation by the board of directors of Kopin Corporation for use at the Combined 2007 and 2008 Annual Meeting of Stockholders (the Meeting ) to be held on May 20, 2008, and at any adjournments thereof. This proxy statement, the accompanying proxy card and each of our Annual Reports for the fiscal years ended December 30, 2006 and December 29, 2007 were first mailed to stockholders on or about April 18, 2008. The Meeting will be held at the offices of Bingham McCutchen LLP, 150 Federal Street, Boston, Massachusetts 02110 on May 20, 2008 at 9:00 a.m.

Due to the need to restate our consolidated financial statements as of and for our fiscal years ended December 31, 2005 and December 25, 2004; our selected consolidated financial data as of and for our fiscal years ended December 31, 2005, December 25, 2004, December 31, 2003 and December 31, 2002 and our unaudited quarterly financial data for the first two quarters in our fiscal year ended December 30, 2006 and for all quarters in our fiscal year ended December 31, 2005, and the resulting delay in completing our consolidated financial statements for fiscal 2006 and fiscal 2007, we had to postpone our 2007 annual stockholders meeting. Accordingly, the meeting for which this solicitation is being made has been called as a Combined 2007 and 2008 Annual Meeting of Stockholders.

All solicitation expenses, including costs of preparing, assembling and mailing proxy materials, will be borne by Kopin Corporation. It is expected that solicitations will be made primarily by mail, but our directors, officers and regular employees also may solicit proxies by telephone and in person, without additional compensation therefor. Arrangements will be made with brokerage houses and other custodians, nominees, and fiduciaries for proxy materials to be sent to their principals, and we will reimburse such persons for their reasonable expenses in so doing.

The close of business on April 7, 2008 has been established as the record date for determining the stockholders entitled to notice of and to vote at the Meeting and at any adjournments thereof. As of the record date, there were issued and outstanding and entitled to vote 68,977,724 shares of our common stock. Holders of shares of our common stock are entitled to one vote for each share owned as of the record date on all matters to come before the Meeting and any adjournments thereof. The presence in person or by proxy of holders of a majority of the issued and outstanding shares of our common stock entitled to vote at the Meeting constitutes a quorum for the transaction of business at the Meeting.

Stockholders may vote by completing the enclosed proxy card and mailing it in the envelope provided, by using a toll-free telephone number provided on the proxy card, or over the Internet. The Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m. on May 19, 2008. Any proxy submitted prior to the Meeting may be revoked at any time before it is voted by written notice of revocation received by the Secretary of Kopin Corporation prior to the Meeting, by delivering a later dated proxy in accordance with the instructions on the enclosed proxy, by voting in person at the Meeting or by revoking a written proxy by request in person at the Meeting. If the proxy submitted is not so revoked, the shares represented by such proxy will be voted in accordance with the instructions contained therein. If no choice is specified for one or more proposals in a proxy submitted by or on behalf of a stockholder, the shares represented by such proxy will be voted in favor of such proposals and in the discretion of the named proxies with respect to any other proposals which may properly come before the Meeting.

For Proposal 1, directors are elected by a plurality of shares present in person or represented by proxy at the Meeting and entitled to vote, which means that the seven individuals receiving the highest number of FOR votes will be elected directors. Proposal 2 will be approved upon the affirmative vote of a majority of shares present in person or represented by proxy at the Meeting and entitled to vote on each such proposal.

If, in a proxy submitted on behalf of a stockholder by a person acting solely in a representative capacity, the proxy is marked clearly to indicate that the shares represented thereby are not being voted with respect to one or more proposals, then such proxies will be counted as present for purposes of establishing a quorum at the Meeting but will not be considered entitled to vote on such proposals and such non-votes will have no effect on the results of the voting on such proposals. Proxies marked as abstain as to one or more proposals will be counted as present for purposes of establishing a quorum at the Meeting and for the purpose of calculating the vote on such proposals. Such abstentions will have the effect of a vote against such proposals other than Proposal 1 (for which they will have no effect on the voting results).

The chairman of the Meeting or the holders of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote have the power to adjourn the Meeting from time to time without notice other than announcement at the Meeting of the time and place of the adjourned meeting.

Our board does not know of any matters which will be brought before the Meeting other than those matters specifically set forth in the Notice of Meeting. However, if any other matter properly comes before the Meeting, it is intended that the persons named in the enclosed proxy card, or their substitutes acting thereunder, will vote on any such matter in accordance with their best judgment.

**Corporate Governance Matters**

Our board of directors has an Audit Committee, a Compensation Committee, and a Corporate Governance and Nominating Committee. The following table provides membership information for each of the committees:

Name	Audit	Compensation	Corporate Governance and Nominating
John C.C. Fan			
James K. Brewington			
David E. Brook			X
Andrew H. Chapman	X	X	
Morton Collins	X	X	
Chi Chia Hsieh			X
Michael J. Landine	X		

*Corporate Governance Guidelines*

Our board has adopted charters for each of its Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Our board also has adopted corporate governance guidelines, a code of business conduct and ethics for employees, executive officers and directors and a whistleblower policy regarding the treatment of complaints on accounting, internal accounting controls and auditing matters. All of these documents are available on our website at [www.kopin.com](http://www.kopin.com) under the heading Investors: Corporate Governance. A copy of any of these documents may be obtained, without charge, upon written request to Kopin Corporation, c/o Investor Relations, 200 John Hancock Road, Taunton, MA 02780.

*Corporate Governance Practices and Board Independence*

Each year, our board of directors reviews the relationships that each director has with us and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ Stock Market, Inc. Marketplace Rules, or the NASDAQ Rules, and who the board of directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, are considered to be independent directors. Our board of directors has reviewed a number of factors to evaluate the independence of

each of its members. These factors include the members' current and historic relationships with us and our competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with us; and the relationships between us and other companies of which a member of our board of directors is a director or executive officer. After evaluating these factors, our board of directors has determined that a majority of the members of the board of directors, namely James Brewington, David Brook, Andrew Chapman, Morton Collins, Chi Chia Hsieh and Michael Landine, do not have any relationships that would interfere with the exercise of independent judgment in carrying out their responsibilities as a director and are independent directors of Kopin Corporation within the meaning of applicable NASDAQ Rules.

In making its independence determinations, our board considered transactions occurring since the beginning of 2005 between us and entities associated with the independent directors or members of their immediate family. All identified transactions that appear to relate to Kopin Corporation and a person or entity with a known connection to a director are presented to the board for consideration. In making its subjective determination that each non-employee director is independent, our board considered the transactions in the context of the NASDAQ Rules, the standards established by the SEC for members of audit committees, and the SEC and Internal Revenue Service standards for compensation committee members. In each case, our board determined that, because of the nature of the director's relationship with the entity and/or the amount involved, the relationship did not impair the director's independence. Our board's independence determinations included reviewing the following transactions and relationships:

Dr. Hsieh, one of our directors, is also the Chairman of a venture, Kopin Taiwan Corporation, located in Taiwan of which Kopin owns approximately 40% of. Dr. Hsieh owns approximately 1% of the outstanding common stock of this Kopin Taiwan Corporation. Microelectronics Technology Incorporated, a publicly traded company in Taiwan, is also a minority investor in Kopin Taiwan Corporation. Dr. Hsieh may also be deemed to have an indirect ownership in this company through his ownership of Microelectronics Technology Incorporated. Dr. Hsieh is also a director of a company, Advance Wireless Semiconductor Company, or AWSC, which is a customer of Kopin's and which Kopin owns a minority interest in. Several of our directors and officers own amounts ranging from 0.1 to 0.5% of AWSC's outstanding stock.

Mr. Brook, one of our directors, is a partner of the patent law firm of Hamilton, Brook, Smith & Reynolds P.C., which is our patent counsel. During the fiscal years 2006 and 2007, we paid Hamilton, Brook, Smith & Reynolds P.C. fees of approximately \$422,000 and \$529,000, respectively. Dr. Fan, our President, Chief Executive Officer, a member and Chairman of our board, is a founder and board member of another company, Kenet, in which Kopin has invested \$5.4 million. Dr. Fan currently owns approximately 2.3% of this company. Certain of our directors and an officer also invested in this company and their ownership ranges from 0.1% to 0.6%.

#### *Nomination and Election of Directors*

When seeking candidates for director, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management or others. After conducting an initial evaluation of a candidate, the committee will interview that candidate if it believes the candidate might be suitable to serve as a director. The committee may also ask the candidate to meet with our management. If the committee believes a candidate would be a valuable addition to the board and there is either a vacancy on the board or the committee believes it is in the best interests of Kopin Corporation and its stockholders to increase the number of board members, it will recommend to the full board that candidate's election.

Before nominating a sitting director for re-election at an annual stockholder meeting, the committee will consider the director's performance on the board and whether the director's re-election would be consistent with our corporate governance guidelines and our continued compliance with applicable laws, rules and regulations.

Our board believes that it should be comprised of directors with diverse and complementary backgrounds, and that directors should have expertise that, at a minimum, may be useful to us and may contribute to the success of our business. Directors also should possess the highest personal and professional ethics and should be willing and able to devote an amount of time sufficient to effectively carry out their duties and contribute to the success of our business. When considering candidates for director, the Committee takes into account a number of factors, which may include the following:

Independence from management;

Age, gender and ethnic background;

Relevant business experience;

Judgment, skill and integrity;

Existing commitments to other businesses;

Potential conflicts of interest;

Corporate governance background;

Financial and accounting background;

Executive compensation background; and

Size and composition of the existing board.

In the past year, there have been no material changes to the procedures by which stockholders may recommend nominations to the board. The Nominating and Corporate Governance Committee will consider candidates for director suggested by stockholders by considering the foregoing criteria and the additional information referred to below. Stockholders wishing to suggest a candidate for director should write to Kopin Corporation, c/o Investor Relations, 200 John Hancock Road, Taunton, MA 02780, and include the following:

## Edgar Filing: KOPIN CORP - Form DEF 14A

A description of the candidate's business and educational experience;

The class and number of shares of our capital stock, if any, owned by the candidate, and length of time such candidate has held such shares;

Information regarding each of the foregoing criteria the board generally considers, other than the factor regarding board size and composition, sufficient to enable the committee to evaluate the candidate;

A description of any relationship between the candidate and any of our customers, suppliers or competitors or any actual or potential conflict of interest;

A description of any relationship or understanding between the stockholder and the candidate; and

A written statement by the candidate that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Under our by-laws, nominations for directors may be made only by or at the direction of the board, or by a stockholder of record at the time of giving notice who is entitled to vote and delivers to Kopin Corporation written notice along with the additional information and materials required by the by-laws not less than 75 days prior to the day and month on which, in the immediately preceding year, the annual meeting for such year

occurred. For our annual meeting in the year 2009, we must receive this notice on or before January 21, 2009 to be included in the proxy solicitation materials as required by Rule 14a-8 of the Securities Exchange Act of 1934, and no later than March 6, 2009 for all other proposals. You can obtain, without charge, a copy of the by-laws by writing to Kopin Corporation, c/o Investor Relations, 200 John Hancock Road, Taunton, MA 02780.

*Stockholder Communications with the board*

The board has established a process for stockholders to send communications to our board or any individual director. Stockholders may send written communications to the board or any director to Kopin Corporation, board of directors, c/o Chief Financial Officer, 200 John Hancock Road, Taunton, MA 02780. Stockholders also may send communications via email to [rsneider@kopin.com](mailto:rsneider@kopin.com) with the notation Attention: Chief Financial Officer/board of directors in the subject field. All communications will be submitted to the board or the individual directors on a periodic basis.

*Related Transactions*

The Nominating and Corporate Governance Committee reviews and approves certain transactions or relationships involving Kopin and its directors, executive officers and their affiliates. In reviewing a transaction or relationship, the Nominating and Corporate Governance Committee will take into account, among other factors it deems appropriate, whether it is on terms no more favorable than to an unaffiliated third party under similar circumstances, as well as the extent of the related party's interest in the transaction. Our Code of Business Conduct and Ethics for Employees, Executive Officers and Directors prohibits any transaction or relationship that would create a conflict of interest, unless approved by the board. Conflicts of interests are to be reported to employees' immediate supervisor or our chief financial officer.

We do not currently provide personal loans to our executive officers or directors.

#### **Section 16(a) Beneficial Ownership Reporting Compliance**

Based solely on a review of reports furnished to us or written representations from our directors and executive officers, we believe that none of our directors, executive officers and 10% stockholders failed to file on a timely basis the reports required to be filed pursuant to Section 16 of the Exchange Act during the fiscal year 2007.

### **COMPENSATION AND OTHER INFORMATION CONCERNING DIRECTORS AND OFFICERS**

#### Compensation Discussion and Analysis

*The following compensation discussion and analysis summarizes our philosophy and objectives regarding the compensation of our named executive officers, including how we determine elements and amounts of executive compensation. The following compensation discussion and analysis should be read in conjunction with our tabular disclosures which directly follow the discussion, beginning on page 17 of this proxy statement.*

#### **Compensation Philosophy**

We believe that our named executive officers play a critical role in the operational and financial performance of our business that creates long-term value for our stockholders. Accordingly, our executive compensation philosophy is to reward our executives for individual performance and for contributions to our performance. In establishing executive compensation, we have historically placed a higher priority on executive retention objectives and to a lesser extent pay-for-performance programs to achieve specific goals. We believe that we accomplish this by compensating our executives with a combination of base salary, performance bonus awards and long-term equity-based incentive compensation. There is no pre-established policy or target for the allocation between either cash or non-cash compensation. Compensation Objectives

We believe that the quality, commitment and performance of our executives are critical factors affecting our long-term value. Accordingly, our executive compensation objectives include:

retaining our executives and aligning their interests with stockholder interests;

rewarding our executives for individual performance; and

rewarding our executives for contributions to our performance, including achievements of both financial and non-financial objectives.

In addition, we use benchmarks and peer group comparisons to assist us in determining whether our executive compensation is appropriate in light of our compensation objectives and philosophy.

#### **Role of the Compensation Committee**

The Compensation Committee of our board of directors sets our executive compensation policies and determines the amounts and elements of compensation for our executive officers. As set forth in the

Compensation Committee's written charter, its responsibilities include establishing compensation policies for our directors and executive officers; reviewing and approving the Chief Executive Officer's annual compensation; approving employment agreements or arrangements with executive officers; administering our 2001 Equity Incentive Plan and 2001 Supplemental Equity Plan and approving grants under these 2001 Plans; and making recommendations regarding any other incentive compensation or equity-based plans. The Compensation Committee may delegate authority with respect to compensation matters to our executive officers.

A copy of the Compensation Committee charter is posted on our website, *www.kopin.com*, under the heading Investors: Corporate Governance. Our Compensation Committee consisted of Mr. Collins, Chair and Mr. Chapman, each of whom is an independent director as determined by our board of directors, based upon the NASDAQ Rules and our independence guidelines.

### **Role of the Compensation Consultant**

In making its determinations with respect to executive compensation, the Compensation Committee has periodically engaged the services of a compensation consultant to provide input on trends in executive compensation, obtain an outside perspective on our executive compensation practices and assist with our peer group benchmarking analysis. In 2007 and 2005 the Committee retained the services of Pearl Meyer & Partners, a Clark Consulting Practice (Pearl Meyer) to assist with its review of overall compensation for our executive officers.

### **Compensation Determinations**

In making determinations with respect to amounts and elements of executive compensation, the Committee evaluates our overall performance during the year against annual budgets; evaluates the Chief Executive Officer and the Chief Financial Officer's achievements against the Board's expectations; obtains input from the Chief Executive Officer on the performance reviews of the other executive officers; evaluates the potential for future contributions by each executive to our long-term success; and periodically compares our executive compensation against a benchmarking analysis of a group of peer companies.

### **Peer Group Benchmarking**

In establishing the total executive compensation for each year, including appropriate measures for performance bonus awards, the Committee periodically reviews compensation for executives in comparable positions at a peer group of other companies. The Committee does not believe a formal annual peer group assessment by an independent third party is necessary unless either internal factors, such as employee turn-over, or external factors, such as published reports in industry periodicals, indicate significant changes in executive compensation have taken place.

In 2007, Pearl Meyer assisted the Committee in selecting the peer group and preparing the peer group analysis. The Committee considered a peer group consisting of companies in two sub peer groups, semiconductor and display companies with comparable revenues and market capitalizations. The peer group included the following companies:

#### *Semiconductor Companies*

Advanced Analogic Tech  
Anadigics  
Applied Micro Circuits Corp.  
Axt Inc,

California Micro Devices Cp  
Emcore Corp.  
Rudolph Technologies, Inc.

Semitoool Inc.  
Supertex Inc.  
Techwell Inc.  
Ultratech Inc.

#### *Display Companies*

Cree  
Universal Display Corp.

The peer group may change from year to year depending on changes in the marketplace and our business focus.

Pearl Meyer's analysis involved a comparison of total compensation for each of our executives against that of executives in similar positions in the peer group companies, as well as an analysis of each component of compensation. The specific components of total compensation reviewed by Pearl Meyer included base salaries, target total cash payments (salary plus target bonus), actual total cash payments (salary plus bonus), long-term incentives and total direct compensation. The benchmarking data indicated that our compensation is more weighted to base pay and less to incentive pay as compared to the peer group.

Based on the evaluation and performance review process and the peer group benchmarking analysis described above, the Committee will consider the amounts and elements of compensation for our executive officers, both for the past fiscal year in determining cash bonus and equity awards and for the upcoming fiscal year in setting base salaries, cash bonus and equity award targets. For all executive officers other than our Chief Executive Officer and Chief Financial Officer, the Committee will establish and approve the compensation determinations based on recommendations from the Chief Executive Officer. With respect to compensation of our Chief Executive Officer and Chief Financial Officer, the Committee will establish and approve the compensation determinations based on the Committee's evaluation and performance reviews of our Chief Executive Officer and Chief Financial Officer.

### **Elements of Compensation**

We use three compensation and benefits elements to provide an overall competitive compensation and benefits package that is tied to creating shareholder value and supporting the execution of our business strategies, as follows:

Annual Base Salary;

Annual Cash Bonus Awards; and

Equity Awards.

The combination and allocation of the components and the target amount of each component is influenced by the role of the executive officer in Kopin, market practices, the total value of all the compensation and benefits available to the individual executive officers. The Compensation Committee reviews and considers each component for each executive officer before making compensation decisions. Historically we have weighted the mix of compensation more to base salary and long term equity incentive plans and to a lesser extent short term cash bonuses as discussed below.

### ***Annual Base Salary***

We believe that establishing an appropriate level of annual base salary for our executives is an important element in retaining and motivating our executive officers. In determining base salaries for our executive officers, the Committee considers the responsibilities of each position and the skills and experience required for each job. The Committee's determinations are influenced heavily by the evaluations and performance reviews for each executive officer by our Chief Executive Officer, as discussed above. In addition, the Committee reviews the peer group benchmarking analysis if performed, and finally, reviews total compensation for reasonableness prior to making any final determinations.

In furtherance of our executive retention goals, we allocated a substantial portion of total cash compensation to our executives in the form of base salary in 2006 and 2007. We historically have established a base salary for our executives that represent approximately eighty to ninety percent of their total annual cash payments, with cash bonus representing approximately ten to twenty percent.

### ***Annual Cash Bonus Awards***

We believe that annual cash bonus awards are an important tool in motivating our executives but not the primary tool to attract, retain and motivate executives. We believe that there are larger companies who have a wider-range and more sophisticated reward programs which, due to our size, we can not offer. We believe our executive officers are drawn to a smaller company such as ours for the potential wealth that can be created by growing our company. This potential wealth is more likely created through our long-term incentive compensation plan. We therefore use cash bonus awards to provide some element of a more immediate reward to motivate our employees as the Company executes on its longer term goals.

Generally, our executives are eligible to receive a cash bonus reward which is the same amount for all of the executives except the Chief Executive Officer. For 2006 and 2007, the Chief Executive Officer's cash bonus target was \$100,000 and the other officers' cash bonus target was \$25,000. At the end of the year the Committee reviews management's and the Company's performance against the goals, objectives and expectations of the Board of Directors. The Committee will factor in unforeseen events in evaluating performance. In 2006, we spent approximately \$3.7 million on our stock option review. The 2006 bonus plan provided that amounts would be earned by the executive officers if we were profitable for 2006, excluding the impact from the adoption of SFAS 123(R). The goal was met and the bonuses earned. The 2007 bonus plan was retention oriented and required the officer be with the Company through December 15, 2007. The goal was met and the bonuses earned.

### ***Equity Awards***

We believe that including an equity-based incentive component of compensation is a critical tool for motivating our executives and certain employees. We believe that granting equity awards to our executives serves to align executive compensation with long-term stockholder value. By awarding executive officers with equity awards that vest over time, we believe that our executive officers will have a continuing stake in our long-term success. We may issue equity awards to an employee upon the commencement of their employment and we typically issue equity awards to certain employees as part of the year end compensation practice.

We historically have weighted our total executive compensation heavily towards either stock options or more recently, restricted stock awards, which vest over time. While our management can improve our financial performance through the sales of our current products, cost reduction efforts, process improvements and other short-term advancements, we believe that our executive officers' focus on long-term achievements, particularly increasing our product portfolio, will create the greatest stockholder value. We believe that by granting our executives meaningful levels of equity awards, they will have a greater incentive to focus on long-term results. In determining the size of each equity award to our executive officers, the Committee considers the amount previously awarded on an annual basis to the executive, the total value of unvested equity awards held by the executive, the executive's overall performance, our performance during the year and the dilution to the shareholders.

On December 11, 2006, the Compensation Committee awarded restricted stock awards to each of our executive officers based on their performance for the year ended December 30, 2006 and expected future contributions. The Committee approved 150,000, 60,000, 40,000, 40,000, and 30,000 shares of restricted stock to Dr. John Fan, Dr. Boryeu Tsaur, Mr. Richard Sneider, Mr. Daily Hill, and Dr. Hong Choi, respectively. Each of these restricted stock awards vests 25% on the anniversary date of the award over four years, commencing one year from the date of the award.

### ***2008 Compensation***

In order to meet the Company's objectives and in response to the benchmarking data and other industry trends, the Compensation Committee approved a compensation plan for 2008 which was more heavily weighted towards incentive pay than in past years. As part of this plan, Dr. Fan's, Mr. Sneider's and Dr. Tsaur's bases salaries were maintained at their 2007 levels. Dr. Choi, Mr. Hill and Mr. Presz were given raises of \$10,000, \$5,000 and \$15,000, respectively.

On April 3, 2008, the Company's 2008 Incentive Plan became effective. The Company's 2008 Incentive Plan acts as an incentive plan for the fiscal year ending December 27, 2008. Pursuant to this 2008 Incentive Plan, the Officers and eligible employees are eligible to earn incentive compensation if the Company achieves certain financial milestones as adopted by the Company's Compensation Committee. The purpose of the 2008 Incentive Plan is to further align management's and shareholder's interest by providing employees higher levels of compensation for meeting or exceeding the financial milestones. The 2008 Incentive Plan is designed to pay out approximately 40% of amounts earned in cash and 60% in fully vested common stock of the Company; however if the Company is unable to issue common stock the amounts earned may be paid out solely in the form of cash. A participant may earn his incentive compensation if the product line he works for meets its milestones even if the other product line does not meet its results. Corporate participants, including Drs. Fan and Choi and Mr. Sneider, will earn 50% of their incentive compensation based on the results of each product line.

The table below shows examples of what the Officers may be eligible to earn under the 2008 Incentive Plan. It does not include amounts that will be paid as part of the Officer's annual salary, amounts that can be earned under previous equity awards or any additional awards the Compensation Committee may grant at year end. Column A is the approximate cash bonus if the minimum milestones are achieved, column B shows the approximate maximum cash bonus that will be paid if all milestones are achieved, column C shows the number of shares of the Company's common stock which can be earned if all milestones are achieved and column D is an estimate of the total incentive compensation an Officer could earn if all milestones are achieved. The total incentive compensation is computed as the sum of the incentive compensation paid in cash plus the value of the common stock earned under the 2008 Incentive Plan. The value of the common stock was computed as the maximum number of shares an Officer could earn multiplied by \$2.75. The value of the common stock is an approximation of the expense the Company would record through the 2008 Incentive Plan. The actual value to the Officer is dependent on the Company's common stock price on the day the common stock is earned. Column C below shows the number of shares of restricted stock the Company awarded on April 3, 2008:

Officer	A	B	C	D
Dr. Fan	\$ 100,000	\$ 259,000	84,701	\$ 492,000
Mr. Sneider	\$ 25,000	\$ 103,000	41,817	\$ 218,000
Dr. Tsaur	\$ 25,000	\$ 113,000	46,829	\$ 241,000
Dr. Choi	\$ 25,000	\$ 85,000	32,086	\$ 173,000
Mr. Hill	\$ 25,000	\$ 96,000	37,771	\$ 200,000
Mr. Presz	\$ 25,000	\$ 81,000	30,351	\$ 165,000

The Compensation Committee also issued shares of restricted stock to its Officers, as part of a longer term incentive plan, in the amounts described in the table below. These awards vest at the rate of 25% on each of the first four anniversaries of December 10, 2007.

Named Executive Officer	Number of Restricted Shares
John C.C. Fan	150,000
Richard Sneider	40,000
Bor Yeu Tsaur	60,000
Daily Hill	30,000
Hong Choi	40,000
Michael Presz	30,000

Finally, the Compensation Committee issued restricted stock, for retention purposes, to Drs. Fan, Tsaur, and Choi and Mr. Hill who were awarded restricted stock grants of 125,000, 60,000, 20,000 and 20,000 shares of the Company's common stock, respectively (the Retention Awards). The restrictions on the Retention Awards lapse at the rate of 50% on December 31, 2008 and 50% on December 31, 2009.

The granting of the Retention Awards and the implementation of the 2008 Incentive Plan were subject to the determination that the Company had filed all of its delinquent filings and other documents with the Securities and Exchange Commission, which the Company completed on April 3, 2008.

#### ***Perquisites***

We do not believe in providing extensive perquisites to our executive officers. Our healthcare, insurance, and other welfare and employee-benefit programs are the same for all eligible employees, including executive officers, and include health and dental coverage, group term life insurance, disability programs and matching contributions to our 401(k) plan. We share the cost of health and welfare benefits with our employees, a cost that is dependent on the level of benefits coverage that each employee elects. We have no outstanding loans of any kind to our executive officers.

#### ***Chief Executive Officer Compensation***

We have historically compensated our Chief Executive Officer more than the other executive officers due to our belief that his overall responsibilities are greater than our other officers and that his association with us has a greater impact to our perception and reputation.

#### **Employment and Other Agreements**

We typically do not offer employment agreements and the only current employee with such an agreement is our Chief Executive Officer. The agreement with Dr. Fan will terminate on December 31, 2010 and in the event Dr. Fan is terminated without cause or in the event of a change in control and Dr. Fan's position, compensation or responsibilities change, Dr. Fan and his spouse will receive post-retirement monthly supplemental health benefits for the difference between cost of the coverage we provide and benefits provided by the U.S. government for ten years, severance pay of \$600,000 per year payable monthly for two years and his unvested stock awards will immediately vest. Furthermore, if the parties fail to extend or renew the agreement, we and Dr. Fan shall negotiate a mutually agreeable consulting agreement or retirement benefit. The agreement also contains covenants not to compete, non-solicitation clauses and our rights to inventions by Dr. Fan.

Our 2001 Plans provide for the acceleration of the vesting of unvested stock options and restricted stock awards in the event of a change in control.

#### **Policies Regarding Stock Ownership and Related Matters**

We believe that by holding shares of our stock and options to purchase our common stock, our executives will have interests that are more closely aligned with those of our stockholders. Although we do not have a formal stock ownership policy, we encourage our executives to hold shares or vested options so that they share in the sentiments of our stockholders as our stock price increases or decreases.

We have an Insider Trading Policy that governs our executive officers, directors and other persons considered to be insiders under the policy. The policy imposes limits as to when and how our executives can engage in transactions in our securities and prohibits short sales of our common stock by all our personnel. We do not currently have a policy that imposes restriction on our executives from entering into hedging transactions with respect to our stock.

#### **Tax and Accounting Implications**

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, as amended (the Code), which generally disallows a tax deduction to public companies for certain compensation in excess of \$1.0 million paid in any year

to a company's chief executive officer and the four other most highly compensated officers. Certain compensation, including qualified performance based compensation, will not be subject to the deduction limitation if certain requirements are met. Although the Committee has not adopted any specific policy with respect to the application of Section 162(m), we generally seek to structure any long-term incentive compensation granted to our executive officers in a manner that is intended to avoid disallowance of deductions under Section 162(m). In 2007, our Chief Executive Officer earned more than \$1.0 million in cash salary and bonus payments.

#### ***Accounting for Stock-Based Compensation***

As discussed in our Annual Report on Form 10-K for the year ended December 30, 2006, beginning on January 1, 2006, we began accounting for stock-based awards in accordance with the requirements of Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment, (SFAS No. 123R), which requires the measurement and recognition of compensation expense based on the fair value of all share-based payment awards made to employees and directors, including stock options and employee stock purchases under employee stock purchase plans. Under SFAS No. 123R, we are required to account for share-based compensation transactions using a fair value method and recognize the related expense associated with share-based payments in our statement of operations. Under the fair value recognition provision of SFAS No. 123R, stock-based compensation cost is measured at the accounting measurement date based on the fair value of the award and is recognized as expense over the service period, which generally represents the vesting period. The expense recognized over the service period is required to include an estimate of the awards that will be forfeited. We determined the fair value of the stock option using a Black-Scholes-Merton option-pricing model that takes into account the stock price at the accounting measurement date, the exercise price, the expected life of the option, the volatility of the underlying stock and its expected dividends, and the risk-free interest rate over the expected life of the option. We have changed our equity award granting practices in anticipation of the implementation of SFAS No. 123R. Historically we had a broad-based stock option program in which all employees could and usually did participate. All employees are eligible to participate in our equity award program but the number of employees who actually participate annually has been reduced and does not typically include employees who are paid on an hourly basis or are below the level of Director.

On November 1, 2006, in response to a derivative lawsuit filed against us related to our employee stock option granting practices and accounting, our board of directors appointed a Special Investigation Committee (Special Committee) composed solely of an independent director who was not on our board of directors and who had no affiliation with the Company during the Complaint Period to conduct a comprehensive investigation of our historical stock option practices.

#### **Compensation Committee Report**

Our Compensation Committee reviewed the Compensation Discussion and Analysis for the year ended December 29, 2007 and discussed this Compensation Discussion and Analysis with the Company's management. Based on this review and its discussions with management, the Compensation Committee recommended to the Company's board of directors that the Compensation Discussion and Analysis be included in this proxy statement and the 2007 Annual Report of the Company.

By the Compensation Committee of the board of directors of Kopin Corporation.

**Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table**

The compensation paid to our named executive officers in 2007 summarized in the Summary Compensation Table was determined by our Compensation Committee. We enter into agreements with our named executive officers that define the criteria to earn their performance bonuses, terms of their restricted stock awards and for our Chief Executive Officer post-employment compensation. The material terms of these agreements are discussed under the caption Compensation Discussion and Analysis Employment and Other Agreements and under the caption Executive Employment Agreement /Other Potential Post-Employment Compensation below.

The equity restricted stock awards granted to our named executive officers in 2007 summarized in the table Grants of Plan-Based Awards were granted pursuant to our 2001 Plans. The awards were agreed to by the Compensation Committee on December 10, 2007, however they were subject to the determination that the Company had become current with its delinquent filings with Securities and Exchange Commission. On April 3, 2008 the Compensation Committee determined that the Company was current with its filings and had filed all documents, including Form 4s, which documented the results of the option investigation of the Company's equity award granting practices. These equity awards vest in four equal annual installments commencing one year from the date of grant. Each share of restricted stock granted pursuant to these awards entitles the holder to the same rights as a holder of unrestricted stock, including voting and dividend rights, except the holder does not have the right to sell the share of restricted stock until it has vested.

**Perquisites and Benefits**

We provide benefit programs to executive officers and to other employees. The board of directors and executive management believe that perquisites for executive officers should be extremely limited in scope and value. As a result, Kopin has historically given nominal perquisites. The following table generally identifies such benefit plans and who may be eligible to participate.

**Executive Employment Agreement /Other Potential Post-Employment Compensation**

As discussed above in our Compensation Discussion and Analysis, certain of our named executive officers and other employees have potential post-employment benefits. Our 2001 Plans have provisions which may result in the acceleration of vesting of certain equity awards as a result of a change in control. In addition, the employment agreement with our Chief Executive Officer provides for certain post-employment benefits. The table below summarizes the effects on the compensation of our named executive officers as if the provisions of the 2001 Plans and employment agreement had occurred on December 29, 2007.

Name	Value of Equity Awards if a Change in Control Occurs on 12/29/07(1)	Health Care Benefits(2)	Severance Payments(2)
John C.C. Fan	\$ 568,125	\$ 149,000	\$ 1,200,000
Richard A. Sneider	\$ 151,500		
Boryeu Tsaur	\$ 196,950		
Daily S. Hill	\$ 121,200		
Hong Choi	\$ 93,930		

- (1) Our 2001 Plans provide for the acceleration of the vesting of our equity awards in the event of a change in control of the Company. The amounts in this column represent the value the executive officer would have received if there were a change of control of the Company on December 29, 2007. This value is the sum of the value of the unvested restricted stock awards and the stock option awards as of December 29, 2007. For the restricted stock award the value is computed by multiplying the number of unvested shares of restricted stock at December 29, 2007 by the closing price of the Company's Common Stock on the NASDAQ on December 28, 2007 (\$3.03). The value of the stock options was computed by multiplying the number of unvested option awards by the difference between the grant price and the closing price of the Company's Common Stock on the NASDAQ on December 29, 2007.
- (2) The Company has entered into an employment agreement with the Company's Chairman and Chief Executive Officer, Dr. John C.C. Fan, pursuant to which the Company has agreed to employ Dr. Fan as Chief Executive Officer. The agreement will terminate on December 31, 2010. In the event Dr. Fan is terminated without cause or in the event of a change in control of the Company and Dr. Fan's position, compensation or responsibilities change, Dr. Fan and his spouse will receive post-retirement monthly supplemental health benefits for the difference between cost of the coverage the Company provides and benefits provided by the U.S. government for ten years, severance pay of \$600,000 per year payable monthly for two years and his unvested stock awards will immediately vest. Furthermore, if the parties fail to extend or renew the employment agreement, the Company and Dr. Fan shall negotiate a mutually agreeable consulting agreement or retirement benefit. The employment agreement also contains covenants not to compete, non-solicitation clauses and the rights of the Company to inventions by Dr. Fan. The present value of the supplemental health benefits for Dr. Fan and his wife if triggered under this agreement is \$208,000, assuming the Company retains its current level of health care benefits.
