Standard Chartered Bank is not a U.S. registered broker-dealer and, therefore, does not intend to effect any sales of the notes in the United States.

Under Rule 15c6-1 of the Exchange Act, trades in the secondary market are required to settle in three business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement.

A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.
