Edgar Filing: KOREA ELECTRIC POWER CORP - Form 6-K

On December 27, 2009, Korea Electric Power Corporation (KEPCO) entered into a contract (the Contract) with the Emirates Nuclear Energy Corporation (ENEC), a state-owned nuclear energy provider of the United Arab Emirates (UAE), to design, build and help operate four civil nuclear power generation units for the United Arab Emirates peaceful nuclear energy program (the Project), which was subject to international open bidding. The key terms of the Contract are as follows:

Contract Amount: US\$18.6 billion (as of August 2009), subject to change based on certain price escalation provisions in the Contract.

Term of the Contract: December 27, 2009 to May 1, 2020

Scope of major services to be provided by the KEPCO and its sub-contractors:

1. Design and construction of four nuclear power generation units (model APR1400), each with a capacity of 1,400 megawatts;
2. Supply of nuclear fuel for three fuel cycles including initial loading (with each cycle currently projected to last for approximately 18 months); and
3. Technical support and training and education of the plant operation personnel.

Location of the units: Sila, a region located approximately 330 kilometers from Abu Dhabi, the capital of the United Arab Emirates

Target completion dates: First unit (May 2017); second unit (May 2018); third unit (May 2019); and fourth unit (May 2020)

Method of project management: ENEC will make monthly payments under the Contract based on construction progress. KEPCO will deliver the four units on a turnkey basis.

Division of responsibilities: KEPCO will be the prime contractor under the Contract and responsible for the entire project. KEPCO's major subcontractors, some of which are KEPCO's subsidiaries, will carry out the following functions:

Name	KEPCO Ownership	Main Responsibilities
Korea Hydro & Nuclear Power Co., Ltd.	100.0%	Management of Subcontractors
Korea Power Engineering Co., Ltd.	77.9%	Design and engineering for the
		generation units
