On January 7, 2011, Windstream Corporation ( Windstream ) announced its commencement of a cash tender offer (the Tender Offer ) to purchase any and all of the \$400 million in aggregate outstanding principal amount of 7.75% Senior Notes due 2015 (the Valor Notes ) issued by Windstream s wholly owned subsidiaries Valor Telecommunications Enterprises, LLC and Valor Telecommunications Finance Corp., on the terms and conditions of the Offer to Purchase dated January 7, 2011, and the accompanying Letter of Transmittal. The Tender Offer will expire at 12:00 midnight, New York City time, on February 4, 2011, unless extended or earlier terminated. The Tender Offer is subject to the satisfaction or waiver of certain conditions set forth in the Offer to Purchase, including Windstream s completion of the Offering (as defined below) resulting in sufficient net cash proceeds to fund approximately 50% of the aggregate total consideration to be paid in the Tender Offer. Subject to applicable law, Windstream may amend, extend or waive conditions to, or terminate, the Tender Offer. A copy of the press release announcing the Tender Offer is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

On January 7, 2011, Windstream announced that it intends to offer in a private placement \$200 million in aggregate principal amount of 7.75% Senior Notes due 2020 (the Offering ). The notes are to be issued as additional securities under an existing indenture of Windstream pursuant to which Windstream previously issued \$500 million in aggregate principal amount of 7.75% Senior Notes due 2020. The notes to be issued in this offering and the previously issued notes will be treated as a single class of notes under the indenture. The Offering is expected to be consummated in late January, subject to market and other conditions. Windstream expects to use the net proceeds of the offering, together with borrowings under its revolving line of credit, to pay the consideration in connection with the Tender Offer, together with related fees and expenses. A copy of the press release announcing the Offering is attached hereto as Exhibit 99.2 and is incorporated by reference herein.

***Forward Looking Statements***

This Current Report on Form 8-K contains forward-looking statements within the meaning of Section 27A of the Securities Act and 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements are subject to uncertainties that could cause actual future events and results to differ materially from those expressed in the forward-looking statements. These forward-looking statements are based on estimates, projections, beliefs, and assumptions that Windstream believes are reasonable but are not guarantees of future events and results. Actual future events and results of Windstream may differ materially from those expressed in these forward-looking statements as a result of a number of important factors. Factors that could cause actual results to differ materially from those contemplated above include, among others: further adverse changes in economic conditions in the markets served by Windstream; the extent, timing and overall effects of competition in the communications business; continued voice line loss; the impact of new, emerging or competing technologies; the adoption of intercarrier compensation and/or universal service reform proposals by the Federal Communications Commission or Congress that results in a significant loss of revenue to Windstream; the risks associated with the integration of acquired businesses or the ability to realize anticipated synergies, cost savings and growth opportunities; for Windstream s competitive local exchange carrier operations, adverse effects on the availability, quality of service and price of facilities and services provided by other incumbent local exchange carriers on which Windstream s competitive local exchange carrier services depend; the availability and cost of financing in the corporate debt markets; the potential for adverse changes in the ratings given to Windstream s debt securities by nationally accredited ratings organizations; the effects of federal and state legislation, and rules and regulations governing the communications industry; material changes in the communications industry that could adversely affect vendor relationships with equipment and network suppliers and customer relationships with wholesale customers; unfavorable results of litigation; unfavorable rulings by state public service commissions in proceedings regarding universal service funds, inter carrier compensation or other matters that could reduce revenues or increase expenses; the effects of work stoppages; the impact of equipment failure, natural disasters or terrorist acts; earnings on pension plan investments significantly below Windstream s expected long term rate of return for plan assets; changes in federal, state and local tax laws and rates; and those additional factors under the caption Risk Factors in Windstream s Form 10-K for the year ended December 31, 2009, and in subsequent filings with the Securities and Exchange Commission. In addition to these factors, actual future performance, outcomes and results may differ materially because of more general factors including, among others, general industry and market conditions and growth rates, economic conditions, and governmental and public policy changes. Windstream undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. The foregoing
