About this prospectus supplement

This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of the notes we are offering and certain other matters relating to us and our financial condition. The second part, the base prospectus, gives more general information about securities we may offer from time to time, some of which does not apply to the notes we are offering. Generally, when we refer to this prospectus, we are referring to both parts of this document combined. To the extent the description of the notes in this prospectus supplement differs from the description in the base prospectus, you should rely on the information in this prospectus supplement.

You should rely only on the information contained in this document or to which this document refers you, or other offering materials filed by us with the Securities and Exchange Commission (SEC). We have not authorized anyone, and we have not authorized the underwriters to authorize anyone, to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. You should assume that the information appearing in this prospectus supplement, the base prospectus and the documents incorporated by reference herein and therein is accurate only as of their respective dates, regardless of the time of delivery of this prospectus supplement or any sale of the notes. Our business, financial condition, results of operations and prospects may have changed since those dates.

The notes are offered globally for sale in those jurisdictions in the United States, Europe, Asia and elsewhere where it is lawful to make such offers. See Underwriting.

The distribution of this prospectus supplement and the accompanying prospectus and the offering of the notes in certain jurisdictions may be restricted by law. Persons into whose possession this prospectus supplement and the accompanying prospectus come should inform themselves about and observe any such restrictions. This prospectus supplement and the accompanying prospectus do not constitute, and may not be used in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation. See Underwriting.

Summary

This summary highlights selected information from this prospectus supplement and the accompanying prospectus to help you understand us and the notes. The Supplemental Description of Notes section of this prospectus supplement and the Description of Debt Securities section of the accompanying prospectus contain more detailed information regarding the terms and conditions of the notes. You should carefully read this prospectus supplement and the accompanying prospectus to understand fully the terms of the notes and the other considerations that are important to you in making a decision about whether to invest in the notes.

Unless otherwise indicated, references in this prospectus supplement to Northern Trust, the Corporation, we, us and our are to Northern Trust Corporation and its consolidated subsidiaries. References to the Bank are to The Northern Trust Company.

Northern Trust Corporation

We are a financial holding company that is a leading provider of asset servicing, fund administration, asset management, fiduciary and banking solutions for corporations, institutions, families and individuals worldwide. We conduct our business through various U.S. and non-U.S. subsidiaries, including the Bank. We were originally formed as a holding company for the Bank in 1971. We have a network of offices in 18 U.S. states, Washington, D.C., and 16 international locations in North America, Europe, the Middle East, and the Asia Pacific region. At June 30, 2012, we had consolidated total assets of \$94.5 billion and stockholders' equity of \$7.4 billion. At December 31, 2011, we had consolidated total assets of \$100.2 billion and stockholders' equity of \$7.1 billion.

The Bank is an Illinois banking corporation headquartered in the Chicago financial district and our principal subsidiary. Founded in 1889, the Bank conducts its business through its U.S. operations and its various U.S. and non-U.S. branches and subsidiaries. At June 30, 2012, the Bank had consolidated assets of \$94.2 billion and common bank equity capital of \$7.1 billion. At December 31, 2011, the Bank had consolidated assets of \$99.8 billion and common bank equity capital of \$6.9 billion.

We expect that, although the operations of other banking and non-banking subsidiaries will continue to be of increasing significance, the Bank will in the foreseeable future continue to be the major source of our consolidated assets, revenues, and net income.

Business units

We organize our services globally around our two client-focused principal business units: Corporate and Institutional Services (C&IS) and Personal Financial Services (PFS). Two other business units provide services to the two principal business units: Northern Trust Global Investments (NTGI), which provides investment management, and Operations and Technology (O&T), which provides operating and systems support.

The following is a brief summary of each business unit's activities.

Corporate and Institutional Services

C&IS is a leading global provider of asset servicing, securities lending, brokerage, banking and related services to corporate and public retirement funds, foundations, endowments, fund managers, insurance companies, sovereign wealth and government funds. Asset servicing and related services encompass a full range of industry leading capabilities including but not limited to: global master trust and custody, trade settlement, and reporting; fund administration; cash management; investment risk and performance analytical services; investment operations outsourcing; and transition management and commission recapture. Client relationships are managed through the Bank and the Bank's and our other subsidiaries, including support from international locations in North America, Europe, the Middle East, and the Asia Pacific region. C&IS also executes related

foreign exchange transactions from offices located in the United States, United Kingdom, and Singapore. At June 30, 2012, total C&IS assets under custody were \$4.2 trillion and assets under management were \$528.4 billion. At December 31, 2011, total C&IS assets under custody were \$3.9 trillion and assets under management were \$489.2 billion.

Personal Financial Services

PFS provides personal trust, investment management, custody, and philanthropic services; financial consulting; guardianship and estate administration; brokerage services; and private and business banking. PFS focuses on high net worth individuals and families, business owners, executives, professionals, retirees, and established privately-held businesses in its target markets. PFS also includes the Global Family & Private Investment Offices group, which provides customized products and services to meet the complex financial needs of individuals and family offices in the United States and throughout the world with assets typically exceeding \$200 million.

PFS is one of the largest providers of personal trust services in the United States, with \$411.2 billion and \$385.2 billion in assets under custody and \$175.9 billion and \$173.7 billion in assets under management at June 30, 2012 and December 31, 2011, respectively. PFS services are delivered through a network of offices in 18 U.S. states and Washington, D.C., as well as offices in London and Guernsey

Northern Trust Global Investments

NTGI, through our various subsidiaries, provides a broad range of asset management and related services and other products to clients around the world, including clients of C&IS and PFS. Clients include institutional and individual separately managed accounts, bank common and collective funds, registered investment companies, exchange traded funds, non-U.S. collective investment funds and unregistered private investment funds. NTGI offers both active and passive equity and fixed income portfolio management, as well as alternative asset classes (such as private equity and hedge funds of funds) and multi-manager products and advisory services. NTGI's activities also include overlay services and other risk management services. NTGI's business operates internationally through subsidiaries, joint ventures, alliances, and distribution arrangements.

Operations and Technology

O&T supports all of our business activities, including the processing and product management activities of C&IS, PFS, and NTGI. These activities are conducted principally in the operations and technology centers in Chicago, London, and Bangalore.

Corporate Financial Management Group

The Corporate Financial Management Group includes the Chief Financial Officer, Controller, Treasurer, and Investor Relations functions. The Group is responsible for our accounting and financial infrastructure and for managing our financial position.

Corporate Risk Management Group

The Corporate Risk Management Group includes the Credit Policy and other Corporate Risk Management functions. The Corporate Risk Management Group monitors, measures, and facilitates the management of risks across the businesses of Northern Trust and its subsidiaries.

Our principal executive offices are located at 50 South LaSalle Street, Chicago, Illinois 60603, and our telephone number is (312) 630-6000.

Table of Contents**Ratios of earnings to fixed charges**

The following are ratios of our earnings to fixed charges and ratios of earnings to fixed charges and preferred stock dividends for each of the periods indicated:

	Six Months Ended June 30, 2012	2011	2010	Fiscal Year Ended December 31,		
				2009	2008	2007
Earnings to Fixed Charges:						
Excluding Interest on Deposits:	6.72	5.40	5.85	6.43	5.06	3.60
Including Interest on Deposits:	4.01	3.05	3.44	3.86	1.89	1.54
Earnings to Fixed Charges and Preferred Stock Dividend Requirements:						
Excluding Interest on Deposits:	6.72	5.40	5.85	4.09	4.83	3.60
Including Interest on Deposits:	4.01	3.05	3.44	3.05	1.88	1.54

For purposes of calculating the ratio of earnings to fixed charges, earnings consist of net income before extraordinary items plus applicable income taxes and fixed charges. Fixed charges, excluding interest on deposits consist of interest expense (other than on deposits) and the estimated interest component of rental expense. Fixed charges, including interest on deposits consist of all interest expense and the estimated interest component of rental expense.

Risk factors

In deciding whether to invest in the notes, you should consider carefully the following factors that could materially adversely affect our operating results and financial condition and the value of your investment in the notes. Although we have tried to discuss key factors, please be aware that other risks may prove to be important and may arise in the future. New risks may emerge at any time, and we cannot predict those risks or estimate the extent to which they may affect our financial performance or the value of your investment in the notes. You should also consider the information included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 and our Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2012 and June 30, 2012, as well as any subsequent reports on Form 8-K we may file. Each of the risks described below could result in a decrease in the value of the notes and your investment therein.

We are a holding company, and as a result we are dependent on dividends from our subsidiaries, including the Bank, to meet our obligations, including with respect to the notes.

We are a non-operating holding company, whose principal asset and source of income is our investment in the Bank. We are a legal entity separate and distinct from the Bank and our other subsidiaries and, therefore, rely primarily on dividends from these subsidiaries to meet our obligations, including with respect to the notes, and to provide funds for payment of dividends to our shareholders, to the extent declared by our board of directors. There are various legal limitations on the extent to which the Bank and our other subsidiaries can finance or otherwise supply funds to us (by dividend or otherwise) and certain of our affiliates. Although we maintain cash positions for liquidity at the holding company level, if the Bank or any other of our subsidiaries was unable to supply us with cash over time, we could be unable to meet our obligations, including with respect to the notes. See Item 1 Business Regulation and Supervision Payment of Dividends in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

Because we are a holding company, our rights and the rights of our creditors, including the holders of the notes, to a share of the assets of any subsidiary upon the liquidation or recapitalization of the subsidiary will be subject to the prior claims of the subsidiary's creditors (including, in the case of the Bank and our other banking subsidiaries, its depositors), except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary. Accordingly, the notes will be effectively subordinated to all existing and future liabilities of our subsidiaries.

There may not be any trading market for the notes; many factors affect the trading market and value of the notes.

Upon issuance, the notes will not have an established trading market. We cannot assure you that a trading market for the notes will ever develop or be maintained if developed. In addition to our creditworthiness, many factors affect the trading market for, and trading value of, the notes. These factors include:

the time remaining to the maturity of the notes,

the outstanding amount of notes with terms identical to the notes offered in this prospectus supplement,

the redemption or repayment features, if any, of the notes, and

the level, direction and volatility of market interest rates generally.

You should also be aware that there may be a limited number of buyers when you decide to sell your notes. This may affect the price you receive for your notes or your ability to sell your notes at all.

Our credit ratings may not reflect all risks of an investment in the notes.

Our credit ratings are an assessment of our ability to pay our obligations. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the notes. Our credit ratings, however, may not reflect the potential impact of risks related to market or other factors discussed above on the value of the notes.

Supplemental description of the notes

Please read the following information concerning the notes in conjunction with the statements under "Description of the Debt Securities" in the accompanying prospectus, which the following information supplements and, if there are any inconsistencies, supersedes. The following description is not complete. The notes will be issued under the Indenture, dated as of August 15, 2006, that we have entered into with The Bank of New York Mellon Trust Company, N.A. (as successor-in-interest to JPMorgan Chase Bank, National Association), as trustee. The Indenture is described in the accompanying prospectus and is filed as an exhibit to the registration statement under which the notes are being offered and sold.

Maturity, interest and payment

The notes will mature on August 2, 2022. The notes will bear interest from and including August 2, 2012, payable in arrears on February 2 and August 2 of each year, commencing February 2, 2013. Interest payable on each interest payment date will be paid to the persons in whose names the notes are registered at the close of business on the 15th calendar day prior to such interest payment date, and interest payable at maturity will be paid to the persons to whom the principal is then payable. If an interest payment date falls on a day that is not a business day, interest will be payable on the next succeeding business day with the same force and effect as if made on such interest payment date, and interest will not accrue on the amount so payable for the period from and after the interest payment date. Interest on the notes will be calculated on the basis of a 360-day year, consisting of twelve 30-day months, and will accrue from August 2, 2012 or from the most recent interest payment date to which interest has been paid. We have no right to redeem the notes prior to maturity.

At maturity, the amounts due and payable on the notes will be 100% of their principal amount outstanding, together with interest accrued to the maturity date. If the maturity falls on a day that is not a business day, the payment of principal and interest will be made on the next succeeding business day with the same force and effect as if made at maturity, and no interest on such payment will accrue for the period from and after such maturity.

Forms and denominations

The notes will be issued as one or more fully registered global securities in the name of a nominee of The Depository Trust Company and will be available only in book-entry form. See "Global Securities" in the accompanying prospectus. The notes are available for purchase in minimum denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof.

Additional notes

We may, without the consent of the holders of the notes offered in this prospectus supplement, create and issue additional notes ranking equally with the notes offered in this prospectus supplement in all respects, including having the same CUSIP number, so that such additional notes would be consolidated and form a single series with the notes offered in this prospectus supplement and would have the same terms as to status, redemption or otherwise as the notes offered hereby. No additional notes may be issued if an Event of Default (as defined in the accompanying prospectus) has occurred and is continuing with respect to the notes offered in this prospectus supplement. Additional notes may not be fungible with the notes for U.S. federal income tax purposes.

Listing

The notes will not be listed on any securities exchange. Currently, there is no public market for the notes.

Depository

Upon issuance, the notes will be represented by one or more fully registered global notes. Each global note will be deposited with, or on behalf of, The Depository Trust Company or any successor thereto, as depository, and registered in the name of Cede & Co. (DTC's partnership nominee).

Table of Contents**Material U.S. federal income tax consequences**

The following summary describes the material U.S. federal income tax consequences of the acquisition, ownership and disposition of the notes as of the date hereof to U.S. holders and non-U.S. holders (each as defined below) that acquire notes for cash at their original issue price pursuant to this offer. The summary is based on the Internal Revenue Code of 1986, as amended (the Code), Treasury Regulations, judicial decisions, published positions of the Internal Revenue Service (IRS), and other applicable authorities, all as in effect as of the date hereof and all of which are subject to change or differing interpretations (possibly with retroactive effect). The discussion does not address all of the tax consequences that may be relevant to a particular person or to persons subject to special treatment under U.S. federal income tax laws (such as financial institutions, broker-dealers, insurance companies, regulated investment companies, real estate investment trusts, cooperatives, traders in securities who elect to apply a mark-to-market method of accounting, persons that have a functional currency other than the U.S. dollar, expatriates, tax-exempt organizations, or persons that are, or hold their notes through, partnerships or other pass-through entities), or to persons who hold the notes as part of a straddle, hedge, conversion, synthetic security, or constructive sale transaction for U.S. federal income tax purposes, all of whom may be subject to tax rules that differ from those summarized below. In addition, this discussion does not address the consequences of the alternative minimum tax, or any state, local or non-U.S. tax consequences or any tax consequences other than U.S. federal income tax consequences. This summary deals only with persons who hold the notes as capital assets within the meaning of the Code (generally, property held for investment). No IRS ruling has been or will be sought regarding any matter discussed herein. Holders are urged to consult their tax advisors as to the particular U.S. federal tax consequences to them of the acquisition, ownership and disposition of notes, as well as the effects of state, local and non-U.S. tax laws.

For purposes of this summary, a U.S. holder means a beneficial owner of a note (as determined for U.S. federal income tax purposes) that is, or is treated as, a citizen or individual resident of the United States, a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in the United States or under the laws of the United States or any political subdivision thereof or the District of Columbia, an estate the income of which is subject to U.S. federal income taxation regardless of its source, or a trust if (i) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (ii) the trust has a valid election in effect to be treated as a U.S. person. A non-U.S. holder means any beneficial owner (other than a partnership or other pass-through entity for U.S. federal income tax purposes) that is not a U.S. holder.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) is a holder of a note, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of such partnership. Partners and partnerships should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

It is not expected that the notes will be issued with original issue discount for U.S. federal income tax purposes. If the notes are issued with more than a defined de minimis amount of original issue discount, U.S. federal income tax consequences materially different than those described below would apply to U.S. holders.

U.S. holders

Interest. Payments of interest on the notes will be taxable to a U.S. holder as ordinary interest income at the time such holder receives or accrues such amounts, in accordance with its regular method of tax accounting.

Disposition. Upon the sale, exchange or other disposition of a note, a U.S. holder generally will recognize taxable capital gain or loss equal to the difference, if any, between the amount realized and the holder's adjusted tax basis (generally its cost less any principal payments received) in the note at the time. Such gain or loss will be long-term capital gain or loss if the U.S. holder's holding period with respect to the note disposed of is more than

Table of Contents

one year at the time. To the extent that amounts received include accrued but unpaid interest that the U.S. holder has not yet included in income, such interest will not be taken into account in determining gain or loss, but will instead be taxable as ordinary interest income. The deductibility of capital losses is subject to limitations.

Information reporting and backup withholding. Interest paid or accrued on a note, as well as the proceeds from a sale, exchange or other disposition of a note, generally will be subject to information reporting (unless the U.S. holder is a corporation or other exempt recipient). In addition, such amounts may be subject to backup withholding unless the U.S. holder (1) is a corporation or is otherwise exempt from backup withholding or (2) provides a correct taxpayer identification number (generally on IRS Form W-9) and, in each case, otherwise complies with the applicable requirements of the backup withholding rules. Backup withholding is not an additional tax. If backup withholding results in an overpayment of taxes, a U.S. holder may obtain a refund or credit, provided that the U.S. holder furnishes the required information to the IRS in a timely manner.

Non-U.S. holders

Interest. Subject to the discussion of backup withholding below, a non-U.S. holder generally will not be subject to U.S. federal income or withholding tax on interest paid on a note if the interest is not effectively connected with a non-U.S. holder's conduct of a U.S. trade or business (or, in the case of certain tax treaties, is not attributable to a permanent establishment or fixed base within the United States), provided that the non-U.S. holder:

- (1) does not actually or constructively, directly or indirectly, own 10% or more of our voting stock;
- (2) is not a controlled foreign corporation that is related to us (directly or indirectly) through stock ownership;
- (3) is not a bank that acquired the note in connection with an extension of credit made pursuant to a loan entered into in the ordinary course of business; and
- (4) certifies to its non-U.S. status on IRS Form W-8 BEN.

A non-U.S. holder that cannot satisfy the above requirements generally will be exempt from U.S. federal withholding tax with respect to interest paid on the notes if the holder establishes that such interest is not subject to withholding tax because it is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States (generally, by providing an IRS Form W-8ECI). However, to the extent that such interest is effectively connected with the non-U.S. holder's conduct of a trade or business (and, in the case of certain tax treaties, is attributable to a permanent establishment or fixed base within the United States), the non-U.S. holder will be subject to U.S. federal income tax on a net basis and, if it is a foreign corporation, may be subject to a 30% U.S. branch profits tax (or lower applicable treaty rate). In addition, under certain income tax treaties, the U.S. withholding rate on interest payments may be reduced or eliminated, provided the non-U.S. holder complies with the applicable certification requirements (generally, by providing an IRS Form W-8BEN). If a non-U.S. holder does not satisfy the requirements described above, and does not establish that the interest is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States, the non-U.S. holder will generally be subject to U.S. withholding tax, currently imposed at 30%.

Disposition. Subject to the discussion below regarding information reporting and backup withholding, a non-U.S. holder generally will not be subject to U.S. federal income taxation with respect to gain realized on the sale, exchange or other disposition of a note, unless:

- (1) the non-U.S. holder holds the note in connection with the conduct of a U.S. trade or business (and, in the case of certain tax treaties, the gain is attributable to a permanent establishment or fixed base within the United States); or

Table of Contents

(2) in the case of an individual, such individual is present in the United States for 183 days or more during the taxable year in which gain is realized and certain other conditions are met.

Information reporting and backup withholding. A non-U.S. holder not subject to U.S. income tax may nonetheless be subject to backup withholding and information reporting with respect to interest paid or accrued on a note, and with respect to amounts realized on the disposition of a note, unless the non-U.S. holder provides the withholding agent with the applicable IRS Form W-8 or otherwise establishes an exemption. Non-U.S. holders should consult their tax advisors as to their qualifications for an exemption for backup withholding and the procedure for obtaining such an exemption. In addition, payments to a non-U.S. holder and proceeds from certain dispositions of a note may be reported to the IRS and may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder may be credited against the non-U.S. holder's U.S. federal income tax liability, if any, or refunded, if the required information is furnished to the IRS in a timely manner. Non-U.S. holders should consult their tax advisors regarding the information reporting and backup withholding rules to them.

Certain ERISA considerations

The following is a summary of certain considerations associated with the purchase of notes by employee benefit plans that are subject to Title I of the Employee Retirement Income Security Act of 1974, as amended (ERISA), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Code, and entities whose underlying assets are considered to include plan assets of such plans, accounts and arrangements (each, a Plan) and plans or arrangements subject to provisions under any federal, state, local non-U.S. or other laws or regulations that are similar to such provisions of ERISA or the Code (Similar Laws).

General fiduciary matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan and prohibit certain transactions involving the assets of a Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the management or administration of such a Plan or the management or disposition of the assets of such a Plan, or who renders investment advice for a fee or other compensation to such a Plan, is generally considered to be a fiduciary of such Plan.

In considering an investment in the notes of a portion of the assets of any Plan or arrangement subject to Similar Laws, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Laws relating to a fiduciary's duties including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and Similar Laws.

Prohibited transaction issues

Section 406 of ERISA and Section 4975 of the Code prohibit Plans from engaging in specified transactions involving plan assets with persons or entities who are parties in interest, within the meaning of ERISA, or disqualified persons, within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. The acquisition or holding of notes by a Plan with respect to which we or an underwriter are considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the U.S. Department of Labor has issued prohibited transaction class exemptions (PTCEs), that may apply to the acquisition and holding of the notes. These class exemptions include PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting life insurance company general accounts and PTCE 96-23 respecting transactions determined by in-house asset managers. Also, in this regard, the Pension Protection Act of 2006 added statutory exemptions including Section 408(b)(17) of ERISA pertaining to certain transactions between a Plan and a non-fiduciary service provider. There can be no assurance that a particular purchase of notes will satisfy all of the conditions of any such exemptions.

Because of the foregoing, the notes should not be purchased or held by any person investing plan assets of any Plan, unless such purchase and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code, or with respect to assets of a plan or arrangement that is subject to Similar Laws, or a violation of any applicable Similar Laws.

Table of Contents

Representation

By acceptance of a note, each purchaser and subsequent transferee of a note will be deemed to have represented and warranted that (i) no portion of the assets used by such purchaser or transferee to acquire and hold the note constitutes assets of any Plan or assets of a plan or arrangement that is subject to Similar Laws, (ii) the purchase and holding of the note by such purchaser or transferee will not constitute a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or violation under any applicable Similar Laws, or (iii) the purchase and holding of the note by such purchaser or transferee will not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or violation under any applicable Similar Laws because such purchase and holding satisfies the conditions of a class exemption, including without limitation PTCE 91-38, 90-1, 84-14, 95-60 or 96-23 or a statutory exemption (including without limitation Section 408(b)(17) of ERISA).

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering purchasing the notes on behalf of, or with the assets of, any Plan or assets of a plan or arrangement subject to Similar Laws, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment and whether an exemption would be applicable to the purchase and holding of the notes.

Table of Contents**Underwriting**

We and the underwriters for the offering named below have entered into an underwriting agreement with respect to the notes. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table.

Underwriters	Principal amount of notes
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$ 150,000,000
Morgan Stanley & Co. LLC	150,000,000
Goldman, Sachs & Co.	100,000,000
Barclays Capital Inc.	50,000,000
The Williams Capital Group, L.P.	50,000,000
Total	\$ 500,000,000

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.30% of the principal amount of notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.25% of the principal amount of notes. If all the notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The notes are a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

We have agreed that we will not, for a period of 30 days after the date of this prospectus supplement, without first obtaining the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. LLC directly or indirectly, issue, sell, offer or contract to sell, grant any option for the sale of, or otherwise transfer or dispose of, any debt securities, except for the notes sold to the underwriters pursuant to the underwriting agreement.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may

Table of Contents

be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$825,000. The underwriters have agreed to reimburse us for \$750,000 of expenses incurred in connection with the offering.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses. In addition, our broker-dealer subsidiary has referral agreements with certain of the underwriters under which it may refer securities underwriting opportunities to those underwriters, for which it would receive a referral fee.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the Issuer. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Notice to prospective investors in the EEA

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) it has not made and will not make an offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of notes to the public in that Relevant Member State at any time:

(a) to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;

(b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than 43,000,000 and (3) an annual net turnover of more than 50,000,000, as shown in its last annual or consolidated accounts;

Table of Contents

(c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the representatives for any such offer; or

(d) in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of notes to the public in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Notice to prospective investors in Hong Kong

The notes may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (ii) to professional investors within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a prospectus within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Notice to prospective investors in Japan

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

Northern Trust Corporation may offer and sell debt securities, preferred stock, common stock, warrants, stock purchase contracts and stock purchase units.

The trusts are Delaware statutory trusts. Each trust may offer and sell:

preferred securities representing undivided beneficial interests in the assets of the trust to the public; and

common securities representing undivided beneficial interests in the assets of the trust to Northern Trust Corporation. Northern Trust Corporation will fully and unconditionally guarantee the payments by the trusts on the preferred securities based on obligations discussed in this prospectus.

Edgar Filing: NORTHERN TRUST CORP - Form 424B2

We may offer these securities from time to time, in amounts, on terms and at prices that will be determined at the time of offering. We will provide specific terms of these securities, including their offering prices, in one or more prospectus supplements to this prospectus. The prospectus supplements may also add, update or change information contained in this prospectus. You should read this prospectus and any prospectus supplement carefully before you invest.

The common stock of Northern Trust Corporation is listed on The Nasdaq Stock Market under the symbol NTRS.

We may offer these securities to or through underwriters, through dealers or agents, directly to you or through a combination of these methods. You can find additional information about our plan of distribution for the securities under the heading Plan of Distribution beginning on page 20 of this prospectus. We will also describe the plan of distribution for any particular offering of these securities in the applicable prospectus supplement. This prospectus may not be used to sell our securities unless it is accompanied by a prospectus supplement.

The securities will be equity securities or unsecured obligations of Northern Trust Corporation or equity securities of a NTC Capital trust and will not be savings accounts, deposits or other obligations of any bank or nonbank subsidiary of Northern Trust Corporation and are not insured by the Federal Deposit Insurance Corporation, the Bank Insurance Fund or any other government agency.

You should fully read and consider the risk factors included in our periodic reports, any prospectus supplements relating to specific offerings of securities and in other documents that we file with the Securities and Exchange Commission. See Risk Factors on page 2 of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is July 29, 2011.

ABOUT THIS PROSPECTUS

This prospectus is part of an automatic shelf registration statement that we filed with the Securities and Exchange Commission, or SEC, as a well-known seasoned issuer as defined in Rule 405 under the Securities Act of 1933, as amended, or the Securities Act. Under this shelf registration process, we may sell, from time to time, an indeterminate amount of any combination of the securities described in this prospectus in one or more offerings.

This prospectus provides you with a general description of the securities we may offer, which is not meant to be a complete description of each security. Each time we offer securities registered under this process, we will provide a prospectus supplement that will contain specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered. That prospectus supplement may include a description of any risk factors or other special considerations applicable to those securities. The prospectus supplement may also add, update or change information contained in this prospectus or in documents we have incorporated by reference into this prospectus. If there is any inconsistency between the information in the prospectus and the prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and the applicable prospectus supplement and any other offering material (including any free writing prospectus) prepared by or on behalf of us for a specific offering of securities together with the additional information described under the heading **Where You Can Find More Information** on page 1 of this prospectus before you invest.

You should rely only on the information incorporated by reference or provided in this prospectus and any prospectus supplement. We have not authorized anyone to provide you with different information. We are not making an offer to sell or soliciting an offer to buy these securities in any jurisdiction in which the offer or solicitation is not authorized or in which the person making the offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make the offer or solicitation. You should not assume that the information in this prospectus, any prospectus supplement or any related free writing prospectus or any document incorporated by reference is accurate as of any date other than the date on the front of the applicable document. Neither the delivery of this prospectus or any applicable prospectus supplement or other offering material (including any free writing prospectus) nor any distribution of securities pursuant to such documents shall, under any circumstances, create any implication that there has been no change in the information set forth in this prospectus or any applicable prospectus supplement or other offering material or in our and our subsidiaries' affairs since the date of this prospectus or any applicable prospectus supplement or other offering material.

Any of the securities described in this prospectus may be convertible or exchangeable into other securities we describe in this prospectus or will describe in a prospectus supplement and may be issued separately, together or as part of a unit consisting of two or more securities, which may or may not be separate from one another. These securities may include new or hybrid securities developed in the future that combine features of any of the securities described in this prospectus.

Unless otherwise indicated or unless the context requires otherwise, all references in this prospectus to Northern Trust, we, us, our or similar references mean Northern Trust Corporation and its subsidiaries, including the trusts. References to the Bank are to The Northern Trust Company. References to securities refer collectively to all of the securities registered hereunder.

WHERE YOU CAN FIND MORE INFORMATION

We have filed with the SEC a registration statement on Form S-3 under the Securities Act, relating to the securities described in this prospectus. As permitted by the rules and regulations of the SEC, we have not included certain portions of the registration statement in this prospectus. Accordingly, this prospectus does not contain all of the information set forth in the registration statement and the exhibits filed or incorporated by

Table of Contents

reference as part of the registration statement. The registration statement, including the attached exhibits and schedules, contains additional relevant information about us.

Northern Trust files annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy any document Northern Trust files at the SEC's public reference room at 100 F Street, N.E., Washington, D.C. 20549. You may obtain additional information about the public reference room by calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains a site on the Internet (<http://www.sec.gov>) that contains reports, proxy and information statements and other information regarding issuers that file electronically with the SEC, including Northern Trust.

The SEC allows us to incorporate by reference information into this prospectus. This means that we can disclose important information to you by referring you to another document that Northern Trust has filed separately with the SEC. The information incorporated by reference is considered to be part of this prospectus. Information that Northern Trust files with the SEC after the date of this prospectus will automatically modify and supersede the information included or incorporated by reference in this prospectus to the extent that the subsequently filed information modifies or supersedes the existing information. We incorporate by reference the following documents filed with the SEC:

our Annual Report on Form 10-K for the fiscal year ended December 31, 2010;

our Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2011 and June 30, 2011;

our Current Reports on Form 8-K dated April 19, 2011, April 19, 2011, May 16, 2011, July 19, 2011 and July 19, 2011; and

the description of our Common Stock contained in a registration statement filed pursuant to Section 12 of the Securities Exchange Act of 1934, and any amendment or report filed for the purpose of updating such description, including Exhibit 99(i) to our Annual Report on Form 10-K for the fiscal year ended December 31, 1999.

We also incorporate by reference any future filings we make with the SEC under sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended, until the termination of this offering. Nothing in this prospectus shall be deemed to incorporate by reference information furnished to, but not filed with, the SEC.

You may request a copy of any of these filings at no cost by writing to or telephoning us at the following address and telephone number: Northern Trust Corporation, 50 South LaSalle Street, Chicago, Illinois 60603, Telephone: (312) 444-7811, Attention: Investor Relations.

We maintain an Internet site at <http://www.northerntrust.com> which contains information concerning Northern Trust and its subsidiaries. The information contained at our Internet site is not incorporated by reference in this prospectus, and you should not consider it a part of this prospectus.

Any statement made in this prospectus concerning the contents of any contract, agreement or other document is only a summary of the actual document. If we have filed any contract, agreement or other document as an exhibit to the registration statement, you should read the exhibit for a more complete understanding of the document or matter involved. Each statement regarding a contract, agreement or other document is qualified in its entirety by reference to the actual document.

RISK FACTORS

Investing in the securities involves risk. Please see the Risk Factors section in Northern Trust's most recent Annual Report on Form 10-K, along with the disclosure related to the risk factors contained in Northern Trust's subsequent Quarterly Reports on Form 10-Q, which are incorporated by reference in this prospectus, as updated by our future filings with the SEC. Before making an investment decision, you should carefully read and

Table of Contents

consider these risks as well as other information contained or incorporated by reference in this prospectus, any prospectus supplement or other offering materials. The risks and uncertainties not presently known to Northern Trust or that Northern Trust currently deems immaterial may also impair its business operations, its financial results and the value of the securities. The prospectus supplement applicable to each type or series of securities we offer may contain a discussion of additional risks applicable to an investment in us and the particular type of securities we are offering under that prospectus supplement. For more information, see the section of this prospectus entitled "Where You Can Find More Information" on page 1 of this prospectus. These risks could materially and adversely affect our business, financial condition or operating results and could result in a partial or complete loss of your investment.

FORWARD-LOOKING STATEMENTS

This prospectus contains statements that may be considered forward-looking, such as the statements relating to our financial goals, capital adequacy, dividend policy, expansion and business development plans, risk management policies, anticipated expense levels and projected profit improvements, business prospects and positioning with respect to market, demographic and pricing trends, strategic initiatives, re-engineering and outsourcing activities, new business results and outlook, changes in securities market prices, credit quality including reserve levels, planned capital expenditures and technology spending, anticipated tax benefits and expenses, and the effects of any extraordinary events and various other matters (including developments with respect to litigation, other contingent liabilities and obligations, and regulation involving us and changes in accounting policies, standards and interpretations) on our business and results.

Forward-looking statements are typically identified by words or phrases such as believe, expect, anticipate, intend, estimate, may increase, fluctuate, plan, goal, target, strategy, and similar expressions or future or conditional verbs such as may, will, should, would, and Forward-looking statements are our current estimates or expectations of future events or future results. Actual results could differ materially from the results indicated by these statements because the realization of those results is subject to many risks and uncertainties including: the health of the U.S. and international economies and the health and soundness of the financial institutions and other counterparties with which we conduct business; changes in financial markets, including debt and equity markets, that impact the value, liquidity, or credit ratings of financial assets in general, or financial assets in particular, investment funds, client portfolios, or securities lending collateral pools, including those funds, portfolios, collateral pools and other financial assets with respect to which we have taken, or may in the future take, actions to provide asset value stability or additional liquidity; the impact of the recent disruption and stress in the financial markets, the effectiveness of governmental actions taken in response, and the effect of such governmental actions on us, our competitors and counterparties, financial markets generally and availability of credit specifically, and the U.S. and international economies, including special deposit assessments or potentially higher Federal Deposit Insurance Corporation, or FDIC, premiums; changes in foreign exchange trading client volumes, fluctuations and volatility in foreign currency exchange rates, and our success in assessing and mitigating the risks arising from such changes, fluctuations and volatility; the decline in the value of securities held in our investment portfolio, particularly asset-backed securities, the liquidity and pricing of which may be negatively impacted by periods of economic turmoil and financial market disruptions; uncertainties inherent in the complex and subjective judgments required to assess credit risk and establish appropriate reserves therefore; difficulties in measuring, or determining whether there is other-than-temporary impairment in, the value of securities held in our investment portfolio; our success in managing various risks inherent in our business, including credit risk, operational risk, interest rate risk and liquidity risk, particularly during times of economic uncertainty and volatility in the credit and other markets; geopolitical risks and the risks of extraordinary events such as natural disasters, terrorist events, war and the U.S. and other governments' responses to those events; the pace and extent of continued globalization of investment activity and growth in worldwide financial assets; regulatory and monetary policy developments; failure to obtain regulatory approvals when required; changes in tax laws, accounting requirements or interpretations and other legislation in the U.S. or other countries that could affect us or our clients, including

changes in accounting rules for fair value measurements and recognizing impairments; changes in the nature and activities of our competition, including increased consolidation within the financial services industry; our success in maintaining existing business and continuing to generate new business in our existing markets; our success in identifying and penetrating targeted markets, through acquisition, strategic alliance or otherwise; our success in integrating acquisitions and strategic alliances; our success in addressing the complex needs of a global client base across multiple time zones and from multiple locations, and managing compliance with legal, tax, regulatory and other requirements in areas of faster growth in our businesses, especially in immature markets; our ability to maintain a product mix that achieves acceptable margins; our ability to continue to generate investment results that satisfy our clients and continue to develop our array of investment products; our success in generating revenues in our securities lending business for ourselves and our clients, especially in periods of economic and financial market uncertainty; our success in recruiting and retaining the necessary personnel to support business growth and expansion and maintain sufficient expertise to support increasingly complex products and services; our ability, as products, methods of delivery, and client requirements change or become more complex, to continue to fund and accomplish innovation, improve risk management practices and controls, and address operating risks, including human errors or omissions, pricing or valuation of securities, fraud, systems performance or defects, systems interruptions, and breakdowns in processes or internal controls; our success in controlling expenses, particularly in a difficult economic environment; uncertainties inherent in our assumptions concerning our pension plan, including discount rates and expected contributions, returns and payouts; increased costs of compliance and other risks associated with changes in regulation and the current regulatory environment, including the requirements of the Basel II capital regime and the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, areas of increased regulatory emphasis and oversight in the U.S. and other countries such as anti-money laundering, anti-bribery, and client privacy and the potential for substantial changes in the legal, regulatory and enforcement framework and oversight applicable to financial institutions in reaction to recent adverse financial market events, including changes pursuant to the Dodd-Frank Act that may, among other things, affect the leverage limits and risk-based capital and liquidity requirements for certain financial institutions, including us, require those financial institutions to pay higher assessments, expose them to certain liabilities of their subsidiary depository institutions and restrict or increase the regulation of certain activities, including foreign exchange, carried on by financial institutions, including us; risks that evolving regulations, such as Basel II, and potential legislation and regulations, including Basel III and regulations that may be promulgated under the Dodd-Frank Act, could affect required regulatory capital for financial institutions, including us, potentially resulting in changes to the cost and composition of capital for us; risks and uncertainties inherent in the litigation and regulatory process, including the adequacy of contingent liability, tax, and other reserves; and the risk of events that could harm our reputation and so undermine the confidence of clients, counterparties, rating agencies, and stockholders.

Some of these and other risks and uncertainties that may affect future results are discussed in more detail in the sections of Management's Discussion and Analysis of Financial Condition and Results of Operations captioned Risk Management, Market Risk Management and Operational Risk Management in the 2010 Financial Annual Report to Shareholders, in the section of the Notes to Consolidated Financial Statements in the 2010 Financial Annual Report to Shareholders captioned Note 25, Contingent Liabilities, in the sections of Item 1 Business of the 2010 Annual Report on Form 10-K captioned Government Monetary and Fiscal Policies, Competition and Regulation and Supervision, and in Item 1A Risk Factors of the 2010 Annual Report on Form 10-K. All forward-looking statements included in this document are based upon information presently available, and we assume no obligation to update any forward-looking statements. You should not rely on the accuracy of predictions contained in forward-looking statements. These statements speak only as of the date of this prospectus or, in the case of documents incorporated by reference, the date of those documents.

NORTHERN TRUST CORPORATION

We are a financial holding company that is a leading provider of asset servicing, fund administration, asset management, fiduciary and banking solutions for corporations, institutions, families and individuals worldwide.

Table of Contents

We conduct our business through various U.S. and non-U.S. subsidiaries, including the Bank. We were originally formed as a holding company for the Bank in 1971. We have 78 offices in 18 U.S. states and 16 international locations outside the U.S. At June 30, 2011, we had consolidated total assets of \$97.4 billion and stockholders' equity of \$7.0 billion.

The Bank is an Illinois banking corporation headquartered in the Chicago financial district and our principal subsidiary. Founded in 1889, the Bank conducts its business through its U.S. operations and its various U.S. and non-U.S. branches and subsidiaries. At June 30, 2011, the Bank had consolidated assets of \$84.4 billion and common bank equity capital of \$5.6 billion.

We expect that, although the operations of other banking and non-banking subsidiaries will continue to be of increasing significance, the Bank will in the foreseeable future continue to be the major source of our consolidated assets, revenues, and net income.

Business Units

We organize our services globally around our two client-focused principal business units: Corporate and Institutional Services (C&IS) and Personal Financial Services (PFS). Two other business units provide services to the two principal business units: Northern Trust Global Investments (NTGI), which provides investment management, and Operations and Technology (O&T), which provides operating and systems support.

The following is a brief summary of each business unit's activities and the activities of the Corporate Financial Management Group and the Corporate Risk Management Group.

Corporate and Institutional Services

C&IS is a leading global provider of asset servicing, asset management, securities lending, brokerage, banking and related services to corporate and public retirement funds, foundations, endowments, fund managers, insurance companies, sovereign wealth and government funds. Asset servicing, asset management, and related services encompass a full range of industry leading capabilities including but not limited to: global master trust and custody, trade settlement, and reporting; fund administration; cash management; investment risk and performance analytical services; and investment operations outsourcing. Client relationships are managed through the Bank and the Bank's and our other subsidiaries, including support from international locations in North America, Europe, the Middle East, and the Asia Pacific region. Asset servicing relationships managed by C&IS often include investment management, transition management, and commission recapture services provided through NTGI. C&IS also provides related foreign exchange services from offices located in the U.S., U.K., and Singapore. At June 30, 2011, total C&IS assets under custody were \$4.0 trillion and assets under management were \$512.1 billion.

Personal Financial Services

PFS provides personal trust, investment management, custody, and philanthropic services; financial consulting; guardianship and estate administration; brokerage services; and private and business banking. PFS focuses on high net worth individuals and families, business owners, executives, professionals, retirees, and established privately-held businesses in its target markets. PFS also includes the Wealth Management Group, which provides customized products and services to meet the complex financial needs of individuals and family offices in the United States and throughout the world with assets typically exceeding \$200 million.

PFS is one of the largest providers of personal trust services in the United States, with \$387.8 billion in assets under custody and \$172.0 billion in assets under management at June 30, 2011. PFS services are delivered through 78 offices in 18 U.S. states as well as offices in London and Guernsey.

Table of Contents

Northern Trust Global Investments

NTGI, through our various subsidiaries, provides a broad range of investment management and related services and other products to U.S. and non-U.S. clients, including clients of C&IS and PFS. Clients include institutional and individual separately managed accounts, bank common and collective funds, registered investment companies, non-U.S. collective investment funds and unregistered private investment funds. NTGI offers both active and passive equity and fixed income portfolio management, as well as alternative asset classes (such as private equity and hedge funds of funds) and multi-manager products and advisory services. NTGI's activities also include transition management, overlay services, and other risk management services. NTGI's business operates internationally through subsidiaries, joint ventures, alliances, and distribution arrangements.

Operations and Technology

O&T supports all of our business activities, including the processing and product management activities of C&IS, PFS, and NTGI. These activities are conducted principally in the operations and technology centers in Chicago, London, and Bangalore.

Corporate Financial Management Group

The Corporate Financial Management Group includes the Chief Financial Officer, Controller, Treasurer, and Investor Relations functions. The Group is responsible for our accounting and financial infrastructure and for managing our financial position.

Corporate Risk Management Group

The Corporate Risk Management Group includes the Credit Policy and other Corporate Risk Management functions. The Credit Policy function is described in the Loans and Other Extensions of Credit section of the Annual Report to Stockholders for the year ended December 31, 2010 on pages 53-58. The Corporate Risk Management Group monitors, measures, and facilitates the management of risks across the businesses of Northern Trust and its subsidiaries.

Our principal executive offices are located at 50 South LaSalle Street, Chicago, Illinois 60603, and our telephone number is (312) 630-6000.

THE TRUSTS

We have formed each of the trusts as a statutory trust under Delaware law pursuant to a trust agreement, signed by us, as depositor of each trust, and a property trustee, a Delaware trustee and one or more administrative trustees, and a certificate of trust filed with the Delaware Secretary of State. Each trust agreement will be amended and restated in its entirety substantially in the form filed as an exhibit to the registration statement of which this prospectus forms a part prior to the issuance of any securities by the trust. Each amended and restated trust agreement will be qualified as an indenture under the Trust Indenture Act of 1939, as amended. The principal executive office of each trust is c/o Northern Trust Corporation, 50 South LaSalle Street, Chicago, Illinois 60603, telephone number (312) 630-6000.

Each trust may offer to the public, from time to time, its preferred securities representing undivided beneficial interests in the assets of the trust. If a trust issues its preferred securities to investors, it will sell to us common securities representing common ownership interest in the trust. We will directly or indirectly own all of the common securities of each trust.

The prospectus supplement relating to any preferred securities offered by a trust will describe the terms of those securities, any securities issued to Northern Trust Corporation and any agreements entered into by the trust issuing the preferred securities.

Table of Contents

The trusts are not subject to the information reporting requirements of the Securities Exchange Act of 1934, as amended, and we have not included any separate financial statements of the trusts in this prospectus. We do not consider that financial statements of the trusts would be material to holders of trust preferred securities because the trusts are special purpose entities, have no operating histories or independent operations and are not engaged in and do not propose to engage in any activity other than holding Northern Trust Corporation's subordinated debt securities as trust assets and issuing the trust securities. Furthermore, taken together, Northern Trust Corporation's obligations under the subordinated debt securities that the trusts would hold, the subordinated indenture, the trust agreements and the related guarantees will provide, in the aggregate, a full, irrevocable and unconditional guarantee of payments of distributions and other amounts due on the preferred securities of the trusts.

USE OF PROCEEDS

We expect to use the net proceeds from the sale of securities offered by this prospectus and any applicable prospectus supplement for general corporate purposes. These may include additions to working capital, repayment of existing indebtedness and acquisitions. If we decide to use the net proceeds of any offering of securities other than for general corporate purposes, we will describe the use of the net proceeds in the prospectus supplement for that offering.

RATIOS OF EARNINGS TO FIXED CHARGES

The following are ratios of our earnings to fixed charges for each of the periods indicated:

	Six Months Ended June 30, 2011	2010	Fiscal Year Ended December 31, 2009	2008	2007	2006
Earnings to Fixed Charges:						
Excluding Interest on Deposits:	5.40	5.85	6.43	5.06	3.60	3.27
Including Interest on Deposits:	2.90	3.44	3.86	1.89	1.54	1.67
Earnings to Fixed Charges and Preferred Stock Dividend Requirements:						
Excluding Interest on Deposits:	5.40	5.85	4.09	4.83	3.60	3.27
Including Interest on Deposits:	2.90	3.44	3.05	1.88	1.54	1.67

For purposes of calculating the ratios of earnings to fixed charges, earnings consist of net income before extraordinary items plus applicable income taxes and fixed charges. Fixed charges, excluding interest on deposits consist of interest expense (other than on deposits) and the portion of rental expenses deemed to be representative of the interest factor. Fixed charges, including interest on deposits consist of all interest and the portion of rental expenses deemed to be representative of the interest factor.

DESCRIPTION OF THE COMMON STOCK

The following summary of the terms of our common stock is not complete. You should refer to the applicable provision of our Restated Certificate of Incorporation and to the Delaware General Corporation Law for a complete statement of the terms and rights of the common stock.

General

We have authorized 560,000,000 shares of common stock, par value \$1.66²/₃ per share. As of June 30, 2011, there were 240,992,368 shares of common stock outstanding. The outstanding shares of common stock are listed on The Nasdaq Stock Exchange under the symbol NTRS.

Table of Contents

Voting. Holders of common stock vote as a single class on all matters submitted to a vote of the stockholders with each share of common stock entitled to one vote. The voting rights of the holders of common stock are qualified, however, by the voting rights of holders of any issued and outstanding preferred stock described below under the heading Description of Preferred Stock.

Dividends. Holders of common stock are entitled to receive the dividends that may be declared from time to time by the board of directors. The rights of holders of common stock to receive dividends are subject to the prior rights of holders of any issued and outstanding preferred stock.

Other Provisions. Upon voluntary or involuntary liquidation, dissolution, distribution of assets or winding up of the corporation, the holders of the common stock are entitled to receive, pro rata according to the number of shares held by each, all of our assets remaining for distribution after payment to creditors and the holders of any issued and outstanding preferred stock of the full preferential amounts to which they are entitled. The common stock has no preemptive or other subscription rights, and there are no other conversion rights or redemption provisions with respect to the shares.

Transfer Agent and Registrar. The transfer agent and registrar for our common stock is Wells Fargo Bank, N.A.

DESCRIPTION OF THE PREFERRED STOCK

General

Under our Restated Certificate of Incorporation, our board of directors has the authority, without further stockholder action, to issue up to 10,000,000 shares of preferred stock, without par value, in one or more series, with such terms and for such consideration as the board may determine. As of the date of this prospectus, there were no shares of preferred stock outstanding.

The following description sets forth general terms that will apply to our preferred stock. We will describe the particular terms of any preferred stock that we offer in the prospectus supplement relating to those shares of preferred stock. Those terms may include:

the maximum number of shares to constitute the series;

any annual dividend rate on the shares, whether the rate is fixed or variable or both, the date or dates from which dividends will accrue, whether the dividends will be cumulative and any dividend preference;

whether the shares will be redeemable and, if so, the price at and the terms and conditions on which the shares may be redeemed;

any liquidation preference applicable to the shares;

the terms of any sinking fund;

any terms and conditions on which the shares of the series will be convertible into, or exchangeable for, shares of any other capital stock;

any voting rights of the shares of the series; and

any other preferences or special rights or limitations on the shares of the series.

Voting

Edgar Filing: NORTHERN TRUST CORP - Form 424B2

Unless required by law or specifically provided for by our board of directors, the holders of our preferred stock have no voting power on any matter.

Table of Contents

Under regulations adopted by the Federal Reserve Board, if the holders of shares of any series of preferred stock become entitled to vote for the election of directors, such series may then be deemed a class of voting securities. A holder of 25% or more of such series (or a holder of 5% if it otherwise exercises a controlling influence over us) may then be subject to regulation as a bank holding company in accordance with the Bank Holding Company Act. In addition, at such time as such series is deemed a class of voting securities, (i) any other bank holding company may be required to obtain the approval of the Federal Reserve Board to acquire or retain 5% or more of such series, and (ii) any person other than a bank holding company may be required to file with the Federal Reserve Board under the Change in Bank Control Act, to acquire or retain 10% or more of such series.

Dividends

Before declaration and payment of any dividends on our classes of stock that rank junior to preferred stock, the holders of shares of preferred stock will receive any cash dividends, when and as declared by the board of directors, to which they are entitled out of legally available funds.

DESCRIPTION OF THE DEBT SECURITIES

General

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidence of indebtedness that we may issue from time to time. The following description sets forth general terms that will apply to the debt securities. We will describe the particular terms of any debt securities that we offer in the prospectus supplement relating to those debt securities.

The debt securities will be either our senior debt securities or our subordinated debt securities. The senior debt securities will be issued under an indenture dated as of August 15, 2006, between us and The Bank of New York Mellon Trust Company, N.A., as trustee. We refer to this indenture as the senior indenture. The subordinated debt securities will be issued under the Junior Subordinated Indenture dated January 1, 1997 between us and The Bank of New York Mellon Trust Company, N.A., as successor to The First National Bank of Chicago, as trustee. We refer to this indenture as the subordinated indenture and, together with the senior indenture, as the indentures. The indentures have been qualified under the Trust Indenture Act of 1939, as amended.

We have filed copies of the indentures as exhibits to the registration statement. For your convenience, we have included references to specific sections of the indentures in the descriptions below. Capitalized terms not otherwise defined in this prospectus will have the meanings given in the indenture to which they relate.

The following summaries of provisions of the debt securities and the indentures are not complete and are qualified in their entirety by reference to the provisions of the indentures and the debt securities.

Because we are a holding company and conduct our business through our subsidiaries, all of our debt securities senior as well as subordinated will be structurally subordinated to the liabilities of our subsidiaries. Our rights, and the rights of our creditors, including the holders of the debt securities, to participate in any distribution of the assets of any of our subsidiaries upon that subsidiary's liquidation or reorganization or otherwise is necessarily subject to the prior claims of creditors of that subsidiary, except to the extent that our claims as a creditor of that subsidiary may be recognized. Neither the terms of the debt securities nor the indentures restrict us or any of our subsidiaries from incurring indebtedness.

Neither of the indentures limits the principal amount of debt securities that we may issue. Each indenture provides that debt securities may be issued in one or more series up to the principal amount that we may authorize from time to time. Each indenture also provides that the debt securities may be denominated in any

Table of Contents

currency or currency unit that we designate. In addition, each series of debt securities may be reopened in order to issue additional debt securities of that series in the future without the consent of the holders of debt securities of that series. Unless otherwise described in the prospectus supplement relating to a particular offering, neither the indentures nor the debt securities will contain any provisions to afford holders of any debt securities protection in the event of a takeover, recapitalization or similar restructuring of our business.

The senior debt securities will rank equally with all of our other unsecured and unsubordinated debt. The subordinated debt securities will rank junior to all of our senior debt securities and other senior indebtedness, as described below under Additional Terms of the Subordinated Debt Securities Subordination.

We will describe the specific terms relating to each particular series of debt securities in the prospectus supplement relating to the offering of those debt securities. The terms we will describe in the prospectus supplement will include some or all of the following:

the title and type of the debt securities;

the total principal amount or initial offering price of the debt securities;

the date or dates when the principal of the debt securities will be payable;

whether we will have the right to extend the stated maturity of the debt securities;

whether the debt securities will bear interest and, if so, the rate or rates, or the method for calculating the rate or rates, of interest;

if the debt securities will bear interest, the date from which interest will accrue, the dates when interest will be payable and the regular record dates for these interest payment dates;

the place where the principal, premium, if any, and interest, if any, on the debt securities will be paid;

with respect to subordinated debt securities, the place where registered debt securities may be surrendered for registration of transfer, and debt securities may be surrendered for exchange;

with respect to subordinated debt securities, the place where notices and demands to or upon us in respect of the securities may be made;

any restrictions that may be applicable to any transfer or exchange of debt securities;

any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;

the terms and conditions upon which we will have the option or the obligation to (or, with respect to senior debt securities, any third party will have the option to) redeem the debt securities;

the denominations in which any registered debt securities will be issuable;

the identity of each security registrar and paying agent, and the designation of the exchange rate agent, if any, if other than the trustee;

the portion of the principal amount of debt securities that will be payable upon acceleration of the maturity of the debt securities;

the currency used to pay principal, premium, if any, and interest, if any, on the debt securities, if other than U.S. dollars;

any index, formula or other method used to determine the amount of principal, premium or interest on the debt securities;

any additions or, with respect to subordinated debt securities, changes to the events of default, defaults or our covenants made in the applicable indenture;

Table of Contents

with respect to senior debt securities, whether the debt securities are issuable as registered debt securities or bearer debt securities, whether there are any restrictions relating to the form in which they are issued and whether bearer and registered debt securities may be exchanged for each other;

with respect to subordinated debt securities, to whom interest will be payable

if other than the registered holder (for registered debt securities),

if other than upon presentation and surrender of the related coupons (for bearer debt securities), or

if other than as specified in the indentures (for global debt securities);

whether the debt securities are to be convertible or exchangeable for other securities and, if so, the terms of conversion or exchange;

particular terms of subordination with respect to subordinated debt securities; and

any other terms of the debt securities consistent with the provisions of the applicable indenture. (Section 3.1)

We may issue debt securities as original issue discount securities to be sold at a substantial discount below their principal amount. If we issue original issue discount securities, then we will describe the material U.S. federal income tax consequences that apply to those debt securities in the applicable prospectus supplement.

Registration and Transfer

We presently plan to issue each series of debt securities only as registered securities. However, we may issue a series of senior debt securities as bearer securities, or a combination of both registered securities and bearer securities. If we issue senior debt securities as bearer securities, they will have interest coupons attached unless we elect to issue them as zero coupon securities. (Section 2.1) If we issue bearer securities, we may describe material U.S. federal income tax consequences and other material considerations, procedures and limitations in the applicable prospectus supplement.

Holders of registered debt securities may present the debt securities for exchange for different authorized amounts of other debt securities of the same series and in the same aggregate principal amount at the corporate trust office of the trustee or at the office of any other transfer agent we may designate for the purpose and describe in the applicable prospectus supplement. The registered securities must be duly endorsed or accompanied by a written instrument of transfer. The agent will not impose a service charge on you for the transfer or exchange. We may, however, require that you pay any applicable tax or other governmental charge. If we issue bearer securities, we will describe any procedures for exchanging those bearer securities for other senior debt securities of the same series in the applicable prospectus supplement. Generally, we will not allow you to exchange registered securities for bearer securities. (Section 3.5)

In general, unless otherwise specified in the applicable prospectus supplement, we will issue registered securities without coupons and in denominations of \$1,000, for senior debt securities, and \$25, for subordinated debt securities, or integral multiples, and bearer securities in denominations of \$5,000. We may issue both registered and bearer securities in global form. (Section 3.5) See Global Securities.

Conversion and Exchange

If any debt securities will be convertible into or exchangeable for our common stock, preferred stock or other securities, the applicable prospectus supplement will set forth the terms and conditions of the conversion or exchange, including:

the conversion price or exchange ratio;

the conversion or exchange period;

Table of Contents

whether the conversion or exchange will be mandatory or at the option of the holder or us;

provisions for adjustment of the conversion price or exchange ratio; and

provisions that may affect the conversion or exchange if the debt securities are redeemed.

Redemption

Unless otherwise indicated in the applicable prospectus supplement, upon approval of the Federal Reserve if required under then applicable law, we may, at our option, redeem any series of debt securities in whole at any time or in part from time to time. If any series of debt securities are redeemable only on or after a certain date or only upon satisfaction of additional conditions, the applicable prospectus supplement will specify the date or the additional conditions. Unless otherwise specified in the applicable prospectus supplement, the redemption price for debt securities will equal 100% of the principal amount plus any accrued and unpaid interest on those debt securities.

The applicable prospectus supplement will contain the specific terms on which we may redeem a series of debt securities prior to its stated maturity. We will send a notice of redemption to holders at least 30 days but not more than 60 days prior to the redemption date. The notice will state:

the redemption date;

the redemption price;

if less than all of the debt securities of the series are being redeemed, the particular debt securities to be redeemed (and the principal amounts, in the case of a partial redemption);

that on the redemption date, the redemption price will become due and payable and any applicable interest will cease to accrue on and after that date;

the place or places of payment;

whether the redemption is for a sinking fund; and

any other provisions required by the terms of the debt securities of the series that are being redeemed. (Section 11.4)

On or before any redemption date, we will deposit an amount of money with the trustee or with a paying agent sufficient to pay the redemption price. (Section 11.5)

If we are redeeming less than all the debt securities, the trustee will select the debt securities to be redeemed using a method it considers fair and appropriate. After the redemption date, holders of redeemed debt securities will have no rights with respect to the debt securities except the right to receive the redemption price and any unpaid interest to the redemption date.

Events of Default

An event of default regarding any series of debt securities is any one of the following events:

default for 30 days in the payment of any interest installment when due and payable;

default in the payment of principal or premium (if any) when due at its stated maturity, by declaration, when called for redemption or otherwise;

with respect to senior debt securities only, default in the making of any sinking fund payment when due;

default in the performance of any covenant in the debt securities of that series or in the applicable indenture for 60 days (in the case of senior debt securities) or 90 days (in the case of subordinated debt

Table of Contents

securities) after notice to us by the trustee or by the holders of 25% in principal amount of the outstanding debt securities of that series;

certain events of bankruptcy, insolvency and reorganization;

with respect to senior debt securities only, an event of default in any mortgage, indenture or other instrument of indebtedness of us which results in a principal amount in excess of \$25,000,000 being due and payable which remains outstanding longer than 30 days after written notice to us from the trustee or from the holders of at least 25% of the outstanding debt securities of that series; and

any other event of default provided with respect to that series of debt securities. (Section 5.1)

We are required to file every year with each trustee an officers' certificate stating whether any default exists and specifying any default that exists. (Section 10.4)

Acceleration of Maturity

If an event of default has occurred and is continuing with respect to debt securities of a particular series (except, in the case of subordinated debt securities, defaults relating to bankruptcy events), the trustee or the holders of not less than 25% in principal amount of outstanding debt securities of that series may declare the principal amount of outstanding debt securities of that series due and payable immediately. (Section 5.2)

At any time after a declaration of acceleration of maturity with respect to debt securities of any series has been made and before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series by written notice to us and the trustee, may rescind and annul the declaration and its consequences if:

we have paid or deposited with the trustee a sum sufficient to pay:

all overdue interest on all outstanding debt securities of that series and any related coupons,

all unpaid principal of and premium, if any, on any of the debt securities which has become due otherwise than by the declaration of acceleration, and interest on the unpaid principal at the rate or rates prescribed in the debt securities,

to the extent lawful, interest on overdue interest at the rate or rates prescribed in the debt securities, and

all sums paid or advanced by the trustee and the reasonable compensation, expenses, disbursements and advances of the trustee, its agents and counsel; and

all events of default with respect to debt securities of that series, other than the non-payment of amounts of principal, interest or any premium on the debt securities which have become due solely by the declaration of acceleration, have been cured or waived. (Section 5.2)

No rescission will affect any subsequent default or impair any right consequent thereon.

Waiver of Defaults

Edgar Filing: NORTHERN TRUST CORP - Form 424B2

The holders of not less than a majority in principal amount of the outstanding debt securities of any series may, on behalf of the holders of all the debt securities of the series and any related coupons, waive any past default under the applicable indenture with respect to the series and its consequences, except a default:

in the payment of the principal of or premium, if any, or interest on any debt security of the series or any related coupon, or

in respect of a covenant or provision that cannot be modified or amended without the consent of the holder of each outstanding debt security of the series affected thereby. (Section 5.13)

Table of Contents

If an event of default with respect to debt securities of a particular series occurs and is continuing, the trustee will not be obligated to exercise any of its rights or powers under the applicable indenture at the request or direction of any of the holders of debt securities of the series, unless the holders have offered to the trustee reasonable indemnity and security against the costs, expenses and liabilities that might be incurred by it in compliance with the request. (Section 6.3)

The holders of a majority in principal amount of the outstanding debt securities of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the applicable indenture, or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. The trustee may refuse to follow directions in conflict with law or the indenture that may expose the trustee to personal liability or may be unduly prejudicial to the other, non-directing holders. Additionally, the trustee may take any other action the trustee deems proper which is not inconsistent with the direction. (Section 5.12)

Modification of Indenture

We and the trustee may, without the consent of any holders of debt securities, enter into supplemental indentures for various purposes, including:

to evidence the succession of another entity to us and the assumption by the successor of our covenants and obligations under the debt securities and the indenture;

establishing the form or terms of any series of debt securities issued under the supplemental indentures;

adding to our covenants for the benefit of the holders or to surrender any of our rights or powers under the indenture;

adding additional events of default for the benefit of the holders;

to change or eliminate any provisions of the indenture provided that the change or elimination becomes effective only when there is no debt security outstanding entitled to the benefit of any changed or eliminated provision;

in case of senior debt securities, to secure the debt securities;

in the case of subordinated debt securities, to transfer, mortgage or pledge any property to or with the trustee;

to cure any ambiguities or correct defective or inconsistent provisions of the indenture, provided that holders of debt securities are not materially affected by the change;

to evidence and provide for acceptance of a successor trustee; and

to comply with the requirements of the Trust Indenture Act of 1939. (Section 9.1)

We and the trustee may, with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of all affected series acting as one class, execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of the indenture or modifying the rights of the holders of the debt securities of the series. (Section 9.2) Without the consent of the holders of all the outstanding debt securities affected thereby, no supplemental indenture may:

change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security;

reduce the principal amount of, the rate of interest on or any premium payable upon the redemption of, or change the manner of calculating the rate of interest on, any debt security;

reduce the amount of the principal of any original issue discount security that would be due and payable upon acceleration of the maturity of the debt security;

Table of Contents

change the place of payment where, or the currency in which, principal or interest on any debt security is payable;

impair the right to institute suit for enforcement of payments;

reduce the percentage in principal amount of the outstanding debt securities of any series, the holders of which must consent to a supplemental indenture or any waiver of compliance with various provisions of, or defaults and covenants under, the indenture; or

except for certain limitations, modify any of the provisions described in this section. (Section 9.2)

Consolidation, Merger and Sale of Assets

As provided in the indentures, we may not consolidate with or merge into any other person, or convey, transfer or lease all or substantially all of our assets to any other person, unless:

the person surviving or formed by the transaction is organized and validly existing under the laws of any United States jurisdiction and expressly assumes our obligations under the debt securities and the indentures;

immediately after giving effect to the transaction, no event of default will have occurred and be continuing under the indentures; and

the trustees under the indentures receive certain officers' certificates and opinions of counsel. (Section 8.1)

Satisfaction and Discharge

We may terminate our obligations with respect to debt securities of any series not previously delivered to the trustee for cancellation when those debt securities:

have become due and payable;

will become due and payable at their stated maturity within one year; or

are to be called for redemption within one year under arrangements satisfactory to the indenture trustee for giving notice of redemption;

by depositing with the trustee, as trust funds in trust dedicated solely for that purpose, an amount sufficient to pay and discharge the entire indebtedness on the debt securities of that series.

In that case, the applicable indenture will cease to be of further effect, and our obligations will be satisfied and discharged with respect to that series (except our obligations to pay all other amounts due under the indenture and to provide certain officers' certificates and opinions of counsel to the trustee). At our expense, the trustee will execute proper instruments acknowledging the satisfaction and discharge. (See Section 4.1)

The Trustees

The Bank of New York Mellon Trust Company, N.A. is the trustee under the senior indenture. The Bank of New York Mellon Trust Company, N.A., as successor to The First National Bank of Chicago, is the trustee under the subordinated indenture.

Edgar Filing: NORTHERN TRUST CORP - Form 424B2

Any trustee may be deemed to have a conflicting interest for purposes of the Trust Indenture Act and may be required to resign as trustee if there is an event of default under the applicable indenture and, as more fully described in Section 310(b) of the Trust Indenture Act, one or more of the following occurs:

the trustee is a trustee under another indenture under which our securities are outstanding;

the trustee is a trustee for more than one outstanding series of debt securities under a single indenture;

Table of Contents

we or our affiliates or underwriters hold certain threshold ownership beneficial ownership interest in the trustee;

the trustee holds certain threshold beneficial ownership interests in us or in securities of ours that are in default;

the trustee is one of our creditors; or

the trustee or one of its affiliates acts as an underwriter or agent for us.

Because The Bank of New York Mellon Trust Company, N.A. is the trustee under the senior indenture and the subordinated indenture, it may be required to resign as trustee under one of those indentures if there is an event of default under an indenture.

We may appoint an alternative trustee for any series of debt securities. The appointment of an alternative trustee would be described in the applicable prospectus supplement.

We and our affiliates engage in transactions with each of the trustees and their respective affiliates in the ordinary course of business.

Governing Law

The senior indenture is, and the senior debt securities will be, governed by and construed under the internal laws of the State of New York. (Section 1.13) The subordinated indenture is, and the subordinated debt securities will be, governed by and construed under the internal laws of the State of Illinois. (Section 1.12)

ADDITIONAL TERMS OF THE SENIOR DEBT SECURITIES

The following description of the senior debt securities sets forth general terms and provisions of the senior debt securities in addition to those described under *Description of the Debt Securities* above. We will describe the particular terms of the senior debt securities that we offer in the prospectus supplement relating to those senior debt securities.

Sale of The Northern Trust Company

The senior indenture provides that, as long as any senior debt securities or the related coupons remain outstanding, we will not:

sell or otherwise dispose of, or grant a security interest in, any voting stock or any security convertible or exercisable into voting stock of the Bank or any of our subsidiaries that owns voting stock or any security convertible or exercisable into voting stock of the Bank, or

permit the Bank to issue any of its voting stock or securities convertible or exercisable for its voting stock or to sell or otherwise dispose of all or substantially all of its assets.

This restriction does not apply to a disposition or stock issuance:

that is for fair market value as determined by our Board of Directors; and

if, after giving effect to the disposition or issuance and any potential dilution, we and our wholly-owned subsidiaries will own at least 80% of the voting stock of the Bank or any subsidiary that owns the Bank. (Section 10.8)

Table of Contents

ADDITIONAL TERMS OF THE SUBORDINATED DEBT SECURITIES

The following description of the subordinated debt securities sets forth general terms and provisions of the subordinated debt securities in addition to those described under "Description of the Debt Securities" above. We will describe the particular terms of the subordinated debt securities that we offer in the prospectus supplement relating to those subordinated debt securities.

Subordination

The subordinated debt securities will be subordinated to the prior payment in full of:

our senior debt securities and all of our other unsecured and unsubordinated indebtedness, unless the instrument creating or evidencing the debt or under which the debt is outstanding states that the debt is not senior debt; and

our other indebtedness to the extent set forth in the applicable prospectus supplement.

If we default in the payment of principal, premium, if any, or interest on any senior indebtedness described above, we will not make any direct or indirect payments with respect to the subordinated debt securities unless and until the default on the senior indebtedness has been cured, waived or otherwise ceases to exist. (Sections 13.1 and 13.2)

Option to Defer Interest Payments

If provided in the terms of the subordinated debt securities and as long as no event of default has occurred and is continuing, we will have the right at any time and from time to time to defer payment of interest on subordinated debt securities for a period up to the number of consecutive interest payment periods as specified in the applicable prospectus supplement. The period of any deferral may not extend beyond the stated maturity of the subordinated debt securities.

During the period of any deferral, we will not:

declare or pay any dividends or distributions on, or redeem, purchase, acquire or make a liquidation payment with respect to, any shares of our capital stock; or

make any payment of principal of or interest or premium, if any, on or repay, repurchase or redeem any debt securities that rank equally in all respects with or junior in interest to the debt securities for which interest payments are deferred.

However, we will not be prohibited from the following:

repurchases, redemptions or other acquisitions of shares of our capital stock in connection with:

any employment contract, benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors or consultants;

a dividend reinvestment or stockholder stock purchase plan; or

Edgar Filing: NORTHERN TRUST CORP - Form 424B2

the issuance of our capital stock, or securities convertible into or exercisable for such capital stock, as consideration in an acquisition transaction entered into prior to the applicable extension period;

transactions as a result of an exchange or conversion of any class or series of our capital stock or any capital stock of our subsidiaries, for any class or series of our capital stock, or of any class or series of our indebtedness for any class or series of our capital stock;

the purchase of fractional interests in shares of our capital stock pursuant to the conversion or exchange provisions of such capital stock or the securities being converted or exchanged;

Table of Contents

any declaration of a dividend in connection with any rights plan, or the issuance of rights, stock or other property under any rights plan, or the redemption or repurchase of rights pursuant thereto; or

any dividend in the form of stock, warrants, options or other rights where the dividend stock or the stock issuable upon exercise of such warrants, options or other rights is the same stock as that on which the dividend is being paid or ranks equally with or junior to such stock.

We will give notice to the trustee and holders of debt securities of our election to begin a period of interest deferral at least one business day prior to the next succeeding interest payment date on which interest would be paid if not for the deferral. (Section 3.12)

Shortening or Extension of Maturity

If provided in the terms of the subordinated debt securities, we may:

shorten the stated maturity of the principal of the subordinated debt securities to any date not earlier than the first date on which we have the right to redeem the subordinated debt securities; and

extend the stated maturity of the principal of the subordinated debentures to any date not later than the 49th anniversary of the first interest payment date.

However, we may extend the stated maturity of the subordinated debt securities only if:

we are not in bankruptcy, otherwise insolvent or in liquidation;

we are not in default in the payment of interest or principal on the subordinated debt securities;

the subordinated debt securities are not rated less than BBB- by Standard and Poor's Ratings Services or Baa3 by Moody's Investors Service, Inc. or the equivalent by any other nationally recognized rating agency; and

after the extension, the subordinated debt securities will not have a remaining term of more than 30 years. (Section 3.15)

DESCRIPTION OF THE WARRANTS

We may issue warrants to purchase debt securities, preferred stock, common stock or other securities. We may offer warrants separately or together with one or more additional warrants, debt securities, shares of preferred stock, common stock or other securities, or any combination of those securities in the form of units, as described in the applicable prospectus supplement. If we issue warrants as part of a unit, the applicable prospectus supplement will specify whether those warrants may be separated from the other securities in the unit prior to the warrants' expiration date. We will issue the warrants under one or more warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

We will describe the particular terms of any warrants that we offer in the prospectus supplement relating to those warrants. Those terms may include the following:

the specific designation and aggregate number of warrants, and the price or prices at which we will issue the warrants;

the currency or currency units in which the offering price, if any, and the exercise price are payable;

the date on which the right to exercise the warrants will begin and the date on which the right will expire or, if the warrants are not continuously exercisable throughout that period, the specific date or dates on which they are exercisable;

Table of Contents

whether the warrants will be issued in fully registered form or bearer form, in definitive or global form or in any combination of these forms;

any applicable material United States federal income tax considerations;

the identity of the warrant agent for the warrants and of any other depositaries, execution or paying agents, transfer agents, registrars or other agents;

the designation, amount, currency, denominations and terms of any preferred stock or common stock purchasable upon exercise of the warrants;

the designation, aggregate principal amount, currency, denomination and terms of any debt securities that may be purchased upon exercise of the warrants;

if applicable, the designation, aggregate principal amount, currency and denomination and terms of any other securities that may be purchased upon exercise of the warrants;

if applicable, the designation and terms of the debt securities, preferred stock, common stock or other securities with which the warrants are issued and the number of warrants issued with each security;

if applicable, the date from and after which the warrants and the related debt securities, preferred stock or common stock will be separately transferable;

the number of shares of preferred stock or common stock purchasable upon exercise of any warrant and the price at which those shares may be purchased;

provisions for changes to or adjustments in the exercise price;

if applicable, the minimum or maximum number of warrants that may be exercised at any one time;

information with respect to book-entry procedures, if any;

the antidilution provision of the warrants, if any;

any redemption or call provisions; and

any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

DESCRIPTION OF THE STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from or sell to us, and us to sell to or purchase from the holders, a specified number of shares of our common stock, preferred stock or other securities at a future date or dates, which we refer to in this prospectus as stock purchase contracts. The price per unit of securities and the number of securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts and may be subject to anti-dilution formulas. The stock purchase contracts may be issued separately or as part of units that we call stock purchase units. Stock purchase units consist of a stock purchase contract and beneficial interests in:

debt securities;

debt securities or obligations of third parties, including U.S. treasury securities; or

preferred securities issued by trusts, all of whose common securities are owned by us or by one of our subsidiaries.

The beneficial interests comprising a part of a stock purchase unit may secure the holders' obligations to purchase or sell the securities under the stock purchase contracts.

Table of Contents

The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase contracts or for the holders to make periodic payments to us. These payments may be unsecured or prefunded on some basis. Our obligation to settle pre-paid stock purchase contracts on the relevant settlement date may constitute indebtedness. The stock purchase contracts may require holders to secure their obligations under those contracts in a specified manner.

If we issue stock purchase contracts or stock purchase units, the applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units, including:

the designation and terms of the stock purchase contracts and, if applicable, the stock purchase units of which they are a part, including whether and under what circumstances the securities forming a stock purchase unit may be held or transferred separately;

whether the stock purchase contracts obligate the holder to purchase or sell, or both purchase and sell, our common stock or preferred stock, and the nature and amount of those securities, or the method of determining those amounts;

the method and terms of settlement of the stock purchase contracts;

any collateral or depositary arrangements, if applicable; and

any material U.S. federal income tax considerations.

DESCRIPTION OF THE PREFERRED SECURITIES OF THE TRUSTS,

THE PREFERRED SECURITIES GUARANTEES AND RELATED OBLIGATIONS

We will describe the terms of any trust's preferred securities, subordinated debt securities issued to a trust, preferred securities guarantees and related obligations in the prospectus supplement relating to the offering of those securities.

GLOBAL SECURITIES

The securities of any series may be issued in whole or in part in the form of one or more global securities that we will identify in a prospectus supplement. Unless and until it is exchanged in whole or in part for the individual securities represented thereby, a global security may not be registered for transfer or exchange except:

as a whole by the depositary for the global security to a nominee of the depositary, by a nominee of the depositary to the depositary or another nominee of the depositary, or by the depositary or a nominee of the depositary to a successor depositary or a nominee of the successor depositary; and

in any other circumstances described in the prospectus supplement relating to those securities.

The specific terms of the depositary arrangement with respect to any portion of a series of securities to be represented by a global security will be described in the prospectus supplement relating to those securities.

We expect that the Depositary Trust Company, or DTC, New York, NY, will act as the securities depositary for the global securities and that the following provisions will apply to the depositary arrangements.

Edgar Filing: NORTHERN TRUST CORP - Form 424B2

The global securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered global security certificate will be issued for each issue of the global securities, each in the aggregate principal amount of such issue, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

Table of Contents

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants, or Direct Participants, deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly, or Indirect Participants. The DTC Rules applicable to its Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of global securities under the DTC system must be made by or through Direct Participants, which will receive a credit for such global securities on DTC's records. The ownership interest of each actual purchaser of each global security, or Beneficial Owner, is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all global securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of global securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the global securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of global securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the global securities, such as redemptions, tenders, defaults, and proposed amendments to the global security documents. For example, Beneficial Owners of global securities may wish to ascertain that the nominee holding the global securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices will be sent to DTC. If less than all of the global securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Table of Contents

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to global securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts global securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the global securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or our agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of such Participant and not of DTC, agent, or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is our responsibility, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its securities purchased or tendered, through its Participant, to Tender/Remarketing Agent, and shall effect delivery of such securities by causing the Direct Participant to transfer the Participant's interest in the securities, on DTC's records, to Tender/Remarketing Agent. The requirement for physical delivery of securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered securities to Tender/Remarketing Agent's DTC account.

DTC may discontinue providing its services as depository with respect to the global securities at any time by giving reasonable notice to us. Under such circumstances, in the event that a successor depository is not obtained, security certificates representing the global securities are required to be printed and delivered.

We may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, security certificates representing the global securities will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof. We have no responsibility for the performance by DTC or its participants of their respective obligations.

PLAN OF DISTRIBUTION

We and the trusts may sell the securities to or through underwriters, through dealers or agents, directly to you or through a combination of these methods. The prospectus supplement with respect to any offering of securities will describe the specific terms of the securities being offered, including:

the name or names of any underwriters, dealers or agents;

the purchase price of the securities and the proceeds to us from the sale;

any underwriting discounts and commissions or agency fees and other items constituting underwriters' or agents' compensation;

any initial public offering price;

Table of Contents

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchange on which the offered securities may be listed.

Through Underwriters. If we use underwriters in the sale of the securities, the underwriters will acquire the securities for their own account. We will execute an underwriting agreement with an underwriter or underwriters once an agreement for sale of the securities is reached. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The underwriters may sell the securities directly to investors or through underwriting syndicates represented by one or more managing underwriters. We will name the underwriter or underwriters with respect to a particular underwritten offering of securities in the prospectus supplement relating to that offering and, if an underwriting syndicate is used, we will also name the managing underwriter or underwriters on the cover page of the prospectus supplement. Unless otherwise stated in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the securities if any are purchased.

Through Dealers. If we use a dealer to sell the securities, we will sell the offered securities to the dealer as principal. The dealer may then resell those offered securities at varying prices determined at the time of resale. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

Through Agents. If we use agents in the sale of securities, we may designate one or more agents to sell offered securities. Unless otherwise stated in a prospectus supplement, the agents will agree to use their best efforts to solicit purchases for the period of their appointment.

Directly to Purchasers. We may sell the offered securities directly to one or more purchasers. In this case, no underwriters, dealers or agents would be involved. We will describe the terms of our direct sales in our prospectus supplement.

General Information. A prospectus supplement will state the name of any underwriter, dealer or agent and the amount of any compensation, underwriting discounts or concessions paid, allowed or reallocated to them. A prospectus supplement will also state the proceeds to us from the sale of offered securities, any initial public offering price and other terms of the offering of those offered securities.

Our agents, underwriters and dealers, or their affiliates, may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

We may authorize agents, underwriters or dealers to solicit offers by certain institutions to purchase offered securities from us at the public offering price and on terms described in the related prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. If we use delayed delivery contracts, we will disclose that we are using them in our prospectus supplement and will tell you when we will demand payment and delivery of the securities. The delayed delivery contracts will be subject only to the conditions we set forth in our prospectus supplement.

In connection with an offering, underwriters and selling group members and their affiliates may engage in transactions to stabilize, maintain or otherwise affect the market price of securities in accordance with applicable law. In addition, we may enter into derivative or hedging transactions with third parties or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell securities covered by and pursuant to this prospectus and an applicable prospectus supplement. If so, the third parties may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the

Table of Contents

loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement.

We may enter into agreements to indemnify agents, underwriters and dealers against certain civil liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

The validity of the securities offered by this prospectus will be passed upon for us by Skadden, Arps, Slate, Meagher & Flom LLP, Chicago, Illinois, and for any underwriters, dealers or agents by counsel named in the applicable prospectus supplement. Richards Layton & Finger, P.A., Wilmington, Delaware, will pass upon certain matters of Delaware law relating to the validity of the trust securities, the enforceability of the trust agreements and the creation of the trusts.
