PROXY STATEMENT

January 9, 2013

Annual Meeting of Stockholders

February 20, 2013

SOLICITATION AND VOTING RIGHTS

The accompanying proxy is solicited by the Board of Directors (the Board) of Powell Industries, Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders of the Company to be held on Wednesday, February 20, 2013 at 11:00 a.m., Houston time, at the principal executive offices of the Company at 8550 Mosley Road, in Houston, Texas 77075, or at any adjournment thereof.

This Proxy Statement, proxy and the accompanying Notice of Annual Meeting and Annual Report on Form 10-K for year ended September 30, 2012, including consolidated financial statements, will be mailed to stockholders on or about January 9, 2013. The Board of the Company has fixed January 3, 2013, as the record date for determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. As of January 3, 2013, there were 11,936,801 shares of the Company's Common Stock, par value \$.01 per share (Common Stock), outstanding. Each holder of Common Stock will be entitled to one vote for each share owned, except as noted below.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum at the meeting. Brokers holding shares of record for their customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. When brokers complete proxy forms, they generally vote on those matters as to which they are entitled to vote. On those matters as to which brokers are not entitled to vote without instructions from their customers and have not received such instructions, brokers generally indicate on their proxies that they lack voting authority as to those matters. As to those matters, such indications are called broker non-votes.

The vote of a plurality of the shares entitled to vote and represented at a meeting at which a quorum is present is required for the election of directors. The persons receiving the greatest number of votes cast at the meeting to fill the directorships with terms to expire in 2016 will be elected as directors of the Company, class of 2016. Thus, abstentions and broker non-votes will have no effect on the election of directors. As to any other matters which may come before the meeting, the affirmative vote of a majority of the shares of Common Stock entitled to vote and represented in person or by proxy at a meeting at which a quorum is present is required, and broker non-votes will have the effect of negative votes as to any such other matters for which the broker is entitled to vote and no effect on those matters for which the broker is not entitled to vote. Shares of the Common Stock present or represented at the Annual Meeting that abstain from voting or that are the subject of broker non-votes will be counted as present for purposes of determining a quorum.

The shares represented by each valid proxy received by the Company on the form solicited by the Board will be voted in accordance with instructions specified on the proxy. A stockholder giving a duly executed proxy may revoke it before it is exercised by filing with or transmitting to the Secretary of the Company an instrument or transmission revoking it, or a duly executed proxy bearing a later date.

Table of Contents

In addition to the solicitation of proxies by use of this Proxy Statement, directors, officers and employees of the Company may solicit the return of proxies by mail, personal interview, telephone or the Internet. Officers and employees of the Company will not receive additional compensation for their solicitation efforts, but they will be reimbursed for any out-of-pocket expenses incurred. Brokerage houses and other custodians, nominees and fiduciaries will be requested, in connection with the stock registered in their names, to forward solicitation materials to the beneficial owners of such stock.

All costs of preparing, printing, assembling and mailing the Notice of Annual Meeting of Stockholders, this Proxy Statement, the enclosed form of proxy and any additional materials, as well as the cost of forwarding solicitation materials to the beneficial owners of stock and all other costs of solicitation, will be borne by the Company.

Delivery of One Proxy Statement and Annual Report to a Single Household to Reduce Duplicate Mailings

Each year in connection with the annual meeting of stockholders, the Company is required to send to each stockholder of record a proxy statement and annual report, and to arrange for a proxy statement and annual report to be sent to each beneficial stockholder whose shares are held by or in the name of a broker, bank, trust or other nominee. Because some stockholders hold shares of Common Stock in multiple accounts, this process results in duplicate mailings of proxy statements and annual reports to stockholders who share the same address. Stockholders may avoid receiving duplicate mailings and save the Company the cost of producing and mailing duplicate documents as follows:

Stockholders of Record. If your shares are registered in your own name and you are interested in consenting to the delivery of a single proxy statement or annual report, you may contact the Company by mail at 8550 Mosley Road, Houston, Texas 77075 or by telephone at (713) 947-4422.

Beneficial Stockholders. If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single proxy statement or annual report if there are other stockholders of the Company who share an address with you. If you currently receive more than one proxy statement or annual report at your household, and would like to receive only one copy of each in the future, you should contact your nominee.

Right to Request Separate Copies. If you consent to the delivery of a single proxy statement and annual report but later decide that you would prefer to receive a separate copy of the proxy statement or annual report, as applicable, for each stockholder sharing your address, then please notify the Company or your nominee, as applicable, and the Company or they will promptly deliver such additional proxy statements or annual reports. If you wish to receive a separate copy of the proxy statement or annual report for each stockholder sharing your address in the future, you may contact the Company by mail at 8550 Mosley Road, Houston, Texas 77075 or by telephone at (713) 947-4422.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The terms of three directors are scheduled to expire at the 2013 Annual Meeting or until their successors are duly elected and qualified under the Company's bylaws. The terms of the remaining directors continue after the Annual Meeting. The Nominating and Governance Committee has nominated Joseph L. Becherer, Michael A. Lucas and Thomas W. Powell for election as directors with terms scheduled to expire in fiscal 2016 or until their successors are duly elected and qualified. Messrs. Becherer, Lucas and Powell currently serve as directors of the Company with terms scheduled to expire at the 2013 Annual Meeting or until their successors are duly elected and qualified. Although the Board does not contemplate that any nominee will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed form of proxy will vote in accordance with their best judgment for a substitute nominee.

RECOMMENDATION OF THE BOARD

The Board recommends that the stockholders vote **FOR** the election of each of the nominees.

PROPOSAL NO. 2

ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

The Board is providing the stockholders with the opportunity to endorse or not endorse the Company's executive compensation (commonly known as "say-on-pay") through consideration of the following non-binding advisory resolution:

Resolved, that the stockholders approve the compensation of executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement.

Because your vote is advisory, it will not be binding on the Board. However, the Compensation Committee will consider the outcome of the vote when making decisions regarding future executive compensation arrangements.

RECOMMENDATION OF THE BOARD

The Board recommends a vote **FOR** the advisory approval of the Company's executive compensation. Unless otherwise indicated on your proxy, your shares will be voted **FOR** the advisory approval of the Company's executive compensation.

Table of Contents**BOARD OF DIRECTORS**

Lucas succeeded Mr. Powell as President and Chief Executive Officer of the Company.

⁽⁴⁾ Mr. White was appointed to the Board effective December 12, 2012.

Table of Contents

Board Structure, Committee Composition and Meetings

As of the date of this Proxy Statement, the Board was comprised of ten members, divided into three classes.

The Board is comprised of a majority of independent directors. The Board has determined that Ms. Bonnie V. Hancock and Messrs. Joseph L. Becherer, Eugene L. Butler, James F. Clark, Christopher E. Cragg, Scott E. Rozzell, Robert C. Tranchon and John D. White are Independent Directors as such term is defined by Listing Rule 5605(a)(2) of The NASDAQ Stock Market, and that the current members of the audit committee are also independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, or the Exchange Act. The Board based its determinations of independence primarily on a review of the responses the directors provided to questions regarding employment and compensation history, affiliations and family and other relationships.

Six meetings of the Board were held during the year ended September 30, 2012. No incumbent director attended fewer than seventy-five percent (75%) of the aggregate of (1) the total number of meetings of the Board and (2) the total number of meetings held by all committees of the Board during the period that such director served on such committees.

It is the Company's policy that directors attend the Annual Meeting of Stockholders. At the Annual Meeting of Stockholders on February 29, 2012, all of the Company's directors at that date were present. Stockholders may communicate with directors of the Company by writing to them at the Company's headquarters. Communications addressed to the Board will be reviewed by the Secretary of the Company and directed to the members of the Board for their consideration.

Committees, Memberships and Meetings

The Board has a standing Audit Committee, Compensation Committee and Nominating and Governance Committee. The Board may also establish other committees from time to time as necessary to facilitate the management of the business and affairs of the Company and to comply with the corporate governance rules of The NASDAQ Stock Market.

Audit Committee

The Audit Committee assists the Board in overseeing matters relating to the Company's accounting and financial reporting practices, the adequacy of its internal controls and the quality and integrity of its financial statements. It is the Board's agent in overseeing the integrity of financial reports of the Company and its subsidiaries, and the adequacy of disclosures to stockholders. The Audit Committee is the focal point for communication among other directors, the Company's independent registered public accounting firm, internal auditors and management as their duties relate to financial accounting, reporting, and controls. The Audit Committee Charter does not permit the Audit Committee to delegate its authority. The Audit Committee held six meetings during the year ended September 30, 2012. All meetings of the Audit Committee were separate and apart from meetings of the full Board during fiscal 2012.

The Audit Committee is comprised of Eugene L. Butler, Christopher E. Cragg, Bonnie V. Hancock and Robert C. Tranchon. Stephen W. Seale, Jr. served on the Audit Committee until his resignation from the Board on December 12, 2012. The Board has determined that each of Messrs. Butler and Cragg qualify as an audit committee financial expert, as defined in Item 401(h) of Regulation S-K promulgated under the Exchange Act, and that each is an independent director. A copy of the Audit Committee Charter is available on the Company's web site, www.powellind.com, under the section entitled Investor Relations.

Table of Contents

Compensation Committee

The Compensation Committee provides oversight on behalf of the full Board on development and administration of the Company's executive compensation program and each benefit plan in which officers and directors are eligible to participate. The Compensation Committee regularly reviews the Company's compensation practices, including the methodologies for setting the total compensation for senior management and officers. The Compensation Committee is responsible for determining compensation paid to the executive officers and for reviewing and recommending director compensation to the Board.

The Compensation Committee also strives to make the Company's compensation competitive by comparing the Company's practices and compensation levels against the results of surveys of related-industry companies. The Compensation Committee has the authority to directly engage independent consultants and periodically utilizes consultants to provide advice and recommendations regarding executive compensation. The Compensation Committee has the flexibility to exercise its independent judgment when establishing compensation policies, especially when rewarding individual performance.

The Compensation Committee is comprised of Joseph L. Becherer, Christopher E. Cragg and Bonnie V. Hancock. Stephen W. Seale, Jr. served on the Compensation Committee until his resignation from the Board on December 12, 2012. The Compensation Committee held five meetings during the year ended September 30, 2012. The Compensation Committee also performs an annual self-evaluation and the most recent evaluation determined that the Committee met all expectations of the Compensation Committee Charter. A copy of the Compensation Committee Charter is available on the Company's web site, www.powellind.com, under the section entitled "Investor Relations."

Nominating and Governance Committee

The Nominating and Governance Committee proposes a slate of directors for election by the Company's stockholders at each annual meeting and recommends candidates for appointment to the Board to fill any vacancy on the Board. The Nominating and Governance Committee is also responsible for establishing director qualifications and the selection criteria for new directors. The Nominating and Governance Committee recommends to the Board a slate of directors to serve on each standing committee of the Board and recommends one member of each standing committee to serve as chairman of the committee. The Nominating and Governance Committee is also responsible to review and monitor the adherence to the Corporate Governance Guidelines adopted by the Board.

The Nominating and Governance Committee is comprised of Eugene L. Butler, James F. Clark, Scott E. Rozzell, Robert C. Tranchon and John D. White. During the year ended September 30, 2012, the Committee held three meetings. In December 2012, the Nominating and Governance Committee met and discussed the current director candidates, and recommended to the Board the reelection of the three candidates nominated above. A copy of the Nominating and Governance Committee Charter is available on the Company's web site, www.powellind.com, under the section entitled "Investor Relations."

Director Compensation

The Company uses a combination of cash and equity based compensation in the form of restricted stock to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as

Table of Contents

the skill level required by the Company of members of the Board. Only directors who are not employees of the Company or any of its subsidiaries or affiliates, are entitled to receive a fee, plus reimbursement of out-of-pocket expenses for their services as directors.

For fiscal year 2012, compensation for non-employee directors was comprised of the following components:

| | | Cash Compensation | Common Stock |
|---|---------------------------|----------------------|-----------------|
| Quarterly Retainer: | | \$ 3,750 | |
| Board Meeting Fees: | | \$ 2,000 | |
| (For each meeting attended) | | | |
| Committee Chairman Meeting Fees: | Audit | \$ 3,000 | |
| (For each meeting attended) | Compensation | \$ 2,000 | |
| | Nominating and Governance | \$ 1,250 | |
| Committee Member Meeting Fees: | Audit | \$ 1,500 | |
| (For each meeting attended) | Compensation | \$ 1,000 | |
| | Nominating and Governance | \$ 800 | |
| Annual Restricted Stock Award: | | | 2,000 |

In addition to the above, the Company reimburses expenses related to attendance at meetings to non-employee directors.

The stockholders voted at the April 15, 2005 meeting to approve the Non-Employee Director Restricted Stock Plan. The total number of shares of Common Stock reserved under the plan is 150,000 shares. The plan is administered by the Compensation Committee. Eligibility to participate in the plan is limited to those individuals who are members of the Board of the Company and who are not employees of the Company or any affiliate of the Company. In accordance with the terms of the Plan, each non-employee director receives 2,000 restricted shares of the Company's Common Stock annually in June. In June 2012, each non-employee director was issued 2,000 such shares in accordance with the Non-Employee Director Restricted Stock Plan.

Table of Contents**DIRECTOR COMPENSATION FOR FISCAL 2012**

The table below summarizes the compensation paid by the Company to non-employee directors for the year ended September 30, 2012.

| Name | Fees Earned or Paid in Cash (\$) | Stock Awards (\$) ⁽¹⁾⁽²⁾ | All Other Compensation (\$) | Total (\$) |
|--------------------------------------|--|--|-----------------------------------|---------------|
| Joseph L. Becherer | 25,000 | 62,430 | | 87,430 |
| Eugene L. Butler | 38,400 | 62,430 | | 100,830 |

| Robert C. Tranchon | 32,250 | 62,430 | | 94,680 |

⁽¹⁾ The amounts in this column reflect the aggregate grant date fair value.

⁽²⁾ All of the referenced stock awards relate to the annual issuance of 2,000 shares of restricted stock to each of our directors, which vest in two equal installments on the first and second anniversaries of the date of grant. Excepting grants to newly appointed directors, following any two years of service, each of our directors would hold 3,000 shares of unvested restricted stock (2,000 unvested shares from the most recent issuance and 1,000 unvested shares from the prior year's issuance).

⁽³⁾ Mr. Seale resigned from the Board on December 12, 2012.

CORPORATE GOVERNANCE

The Company has established Corporate Governance Guidelines, which may be found on the Governance page of the Company's website, www.powellind.com. The Corporate Governance Guidelines include the definition of independence used by the Company to determine whether its directors and nominees for directors are independent, which are the same qualifications prescribed under the Marketplace Rules of The NASDAQ Stock Market. Pursuant to the Company's Corporate Governance Guidelines, the Company's non-management directors are required to meet in separate sessions without management on a regularly scheduled basis four times a year. Generally, these meetings occur as an executive session without the management director in attendance in conjunction with regularly scheduled meetings of the Board throughout the year. Because the Chairman of the Board was formerly a member of management, the separate non-management sessions are presided over by an independent director elected by a majority of the non-management directors.

Board Leadership Structure

The Chairman of the Board is elected by the Board on an annual basis. Mr. Powell currently serves as Chairman. The Board has determined that Mr. Powell should continue to serve in the role of Chairman based on various factors. First, as the Company's long-time Chief Executive Officer and Chairman, Mr. Powell's leadership and vision for the Company have been instrumental in its development, including his extensive knowledge and experience of the electrical manufacturing business derived from his decades of experience as

Table of Contents

CEO. Second, Mr. Powell is uniquely qualified to be the Company's Chairman because he has years of experience in that role. Third, Mr. Powell has the confidence of the Board, the Company and its stockholders to continue to implement the Company's business plan.

Board's Role in Risk Oversight

The Board utilizes the Company's risk management process to assist in fulfilling its oversight of the Company's risks. Management, which is responsible for day-to-day risk management, conducts a risk assessment of the Company's business annually and more often on an as-needed basis. In its risk oversight role, the Board has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental aspect of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full Board in approving the Company's business plans as promoted by management is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board assist the Board in fulfilling its oversight responsibilities in certain areas of risk. In particular, the Audit Committee focuses on financial and enterprise risk exposures, including internal controls, and discusses with management and the Company's independent auditor the Company's policies with respect to risk assessment and risk management. The Audit Committee also assists the Board in fulfilling its duties and oversight responsibilities relating to the Company's compliance with applicable laws and regulations and with conflict of interest issues that may arise. The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Governance Committee considers risks related to corporate governance.

Review, Approval or Ratification of Transactions with Related Persons

The Company reviews any transaction between the Company or a subsidiary of the Company and any of our directors, executive officers or any of their immediate family members or any nominee for director or a holder of more than 5% of any class of our voting securities and the amount of the transaction exceeds \$120,000. The Company's Code of Business Conduct and Ethics requires disclosure by directors of any situation that involves, or may reasonably be inferred to involve, a conflict between a director's personal interests and the interests of the Company. The Company's practice when such matters have been disclosed has been to refer the matter for consideration and final determination by the Audit Committee or the independent directors of the Board, or both, which have considered the fairness of the transaction to the Company, as well as other factors bearing upon its appropriateness. In all such matters, any director having a conflicting interest abstains from voting on the matters.

Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to all employees, including its executive officers and directors. A copy of the Company's Code of Business Conduct and Ethics may be obtained at the Investor Relations section of the Company's website, www.powellind.com, or by written request addressed to the Secretary, Powell Industries, Inc., 8550 Mosley Road, Houston, Texas 77075. The Company

intends to satisfy the requirements under Item 5.05 of Form 8-K regarding disclosure of amendments to, or waivers from, provisions of its code of ethics that apply to the Chief Executive Officer, Chief Financial Officer or Controller by posting such information on the Company's website.

Communications with the Board

The Board, comprised of a majority of independent directors, has unanimously approved a process for stockholders, or other interested persons, to communicate with the Board. This process is located on the Governance page of the Company's website, www.powellind.com. The relevant document is titled "Procedures for Communication with Directors."

In addition, stockholders, or other interested persons, wishing to communicate with the Board for anonymous complaints about accounting, internal accounting control and auditing issues may call the Company's toll-free governance hotline at 1-877-888-0002. The Audit Committee monitors these calls. All calls are documented, and those reports that are deemed to be substantive will be passed on to the Board. Stockholders, or other interested persons, calling the hotline should provide a sufficiently detailed description of the nature of the matter that the person wishes to communicate with the Board, as well as a name, telephone number, email address, or other contact information so that the Company can either respond to the communication or obtain additional information about the matter.

Nomination Process

The Nominating and Governance Committee will consider written recommendations from stockholders for nominees for director. Any such nominations should be submitted to the Nominating and Governance Committee c/o the Secretary, Powell Industries, Inc., 8550 Mosley Road, Houston, TX 77075 and should be accompanied by the following information:

all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected);

the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's Common Stock which are owned beneficially and of record by such stockholder(s); and

appropriate biographical information and a statement as to the qualifications of the nominee.

The written recommendation should be submitted in the time frame described under the caption "Stockholder Proposals" below.

Nominees for director are selected on the basis of a number of qualifications including their independence, knowledge, judgment, character, leadership skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths. The Nominating and Governance Committee initiates the process for identifying and evaluating nominees to the Board by preparing a slate of candidates who meet the criteria for selection as a nominee and have specific qualities or skills being sought based on input from members of the Board. When formulating its recommendations for potential Board nominees, the Nominating and Governance Committee seeks and considers advice and recommendations from management, other members of the Board and may seek or consider advice and recommendations from consultants, outside counsel, accountants, or other advisors as the Nominating and Governance Committee or the Board may deem appropriate.

Table of Contents

The Nominating and Governance Committee evaluates the candidates by reviewing their biographical information and qualifications, with qualified nominees being interviewed by at least one member of the Committee. Members of the Board also have an opportunity to interview qualified nominees. The Nominating and Governance Committee then determines, based on the background information and the information obtained in the interviews, whether to recommend to the Board that a nominee be nominated to fill a directorship with an expiring term. Candidates recommended by the Nominating and Governance Committee to fill a directorship with an expiring term are presented to the Board for selection as nominees to be presented for the approval of the stockholders. The Nominating and Governance Committee anticipates that a similar process will be used to evaluate nominees recommended by stockholders, but has not previously received a stockholder recommendation for a nominee for director. The Nominating and Governance Committee typically is responsible for recommending new members to the Board to fill the unexpired term of a directorship vacated during the term or new directorships created by any increase in the size of the Board.

As provided in the Company's Bylaws, the Board is authorized to nominate and elect a new director when a vacancy occurs between annual meetings of stockholders. In the event of a vacancy on the Board between annual meetings of the Company's stockholders, the Board may request that the Nominating and Governance Committee identify, review and recommend qualified candidates for Board membership for Board consideration to fill such vacancies.

The Board is permitted by the Bylaws to fill existing or newly created directorship slots by a majority vote of the directors then in office. After following the procedures required for nominating directors, the Nominating and Governance Committee recommended to the Board that Michael A. Lucas, the Company's President and Chief Executive Officer, be appointed to fill a newly created directorship. The Board approved the appointment of Mr. Lucas effective October 9, 2012 for a term to end at the next annual meeting of stockholders.

Board membership criteria, which are disclosed in the Company's Corporate Governance Guidelines on the Governance page of the Company's website, www.powellind.com, are determined by the Board with input from the Nominating and Governance Committee. The Board is responsible for periodically determining the appropriate skills, perspectives, experiences, and characteristics required of Board candidates, taking into account the Company's needs and current make-up of the Board. This assessment should include appropriate knowledge, experience, and skills in areas deemed critical to understanding the Company and its business, the candidate's commitments to the boards of other companies, and personal characteristics, such as integrity and judgment. Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as a director and that he or she devotes the time necessary to discharge his or her duties as a director. It is the Board's opinion that the qualification guidelines included in the Company's Corporate Governance Guidelines are currently appropriate, but it may change these guidelines as the Company's and Board's needs warrant. In September 2011, the Board approved a resolution raising from 70 to 75 the age after which an independent director will not stand for reelection at the end of such director's then current term.

Practices for Considering Diversity

The minimum criteria for selection of members to serve on our Board ensures that the Nominating and Governance Committee selects director nominees taking into consideration that the Board will benefit from having directors that represent a diversity of experience and backgrounds. Director nominees are selected so that the Board represents a diversity of experience in areas needed to foster the Company's business success, including experience in the energy industry, finance, consulting, international affairs, public service, governance

Table of Contents

and regulatory compliance. Each year the Board and each committee participates in a self-assessment or evaluation of the effectiveness of the Board and its committees as a group. These evaluations assess the diversity of talents, expertise, and occupational and personal backgrounds of the Board members.

Director Qualifications

When identifying director nominees, the Nominating and Governance Committee will consider the following:

The person's reputation, integrity and independence;

The person's skills and business, government or other professional experience and acumen, bearing in mind the composition of the Board and the current state of the Company and the electrical distribution and energy industries generally at the time of determination;

The number of other public companies for which the person serves as a director and the availability of the person's time and commitment to the Company; and

The person's knowledge of areas and businesses in which the Company operates.

The Nominating and Governance Committee and the Board believe the above mentioned attributes, along with the leadership skills and other experience of its Board members described below, provide the Company with the perspectives and judgment necessary to guide the Company's strategies and monitor their execution.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of the Board has responsibility for establishing, implementing and continually monitoring adherence to the Company's compensation philosophy. The Compensation Committee ensures that the total compensation paid to the Company's executive team is fair, reasonable and competitive. Given the strong positive response from the Company's stockholders on the advisory vote relating to the Company's compensation paid to executives at the annual meetings held in 2012 and 2011, the Compensation Committee will continue to analyze and recommend executive compensation consistent with its past practices.

Executive Total Compensation Philosophy

The Company's philosophy regarding the executive compensation program for our named executive officers has been to design a compensation package that provides competitive base salary levels and compensation incentives that 1) attract and retain individuals of outstanding ability in these key positions, 2) recognize corporate performance relative to established goals and the performance of the Company, and 3) support both the short-term and long-term strategic goals of the Company. The Compensation Committee believes this approach closely links the compensation of the Company's executives to the execution of the Company's strategy and the accomplishment of the Company goals that are intended to be in alignment with stockholder objectives.

Compensation Program Objectives

Attract, motivate, reward and retain key executive talent required to achieve corporate strategic objectives;

Reinforce the relationship between strong individual performance of executives and business results;

Align the interests of executives with the long-term interest of stockholders; and

Design a compensation program that neither promotes overly conservative actions or excessive risk taking.

The compensation program is based upon the principles of paying officers competitively and designing incentive compensation programs which support achievement of both short and long term objectives which are intended to enhance stockholder value. We believe that our compensation philosophy and program are designed to contribute to the achievement of the Company's objectives.

Compensation Benchmarking Relative to Market

Based on the foregoing objectives, the Compensation Committee has structured the Company's elements of compensation, both cash and non-cash, to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. In furtherance of this, the Compensation Committee has the authority under its charter to engage an independent compensation consultant, which reports directly to the committee. A compensation consultant may advise the Committee on current and future trends and issues in executive compensation and consults on the competitiveness of the compensation structure of the named executive officers. The Company's Chief Human Resources Officer and Chief Executive Officer provide additional analysis and counsel as requested by the Committee.

Table of Contents

The CEO develops pay recommendations for Company's other executive officers, including the named executive officers, based on the Survey Group data, the Company's performance relative to goals approved by the Committee, individual performance versus personal goals, individual contributions to the Company's performance and market conditions. The CEO receives assistance with compensation analysis from the Company's Chief Human Resources Officer as well as a compensation consultant, as appropriate.

The Committee reviews and approves all compensation elements for the executive officers and sets the compensation of the CEO, after receiving advice from the compensation consultant, if appropriate. A compensation consultant may provide advice to the Committee after reviewing the Survey Group data, compensation levels and general trends in executive compensation. The Committee also has discretionary authority to increase or decrease recommended compensation for the CEO.

In addition to benchmarking compensation levels, the Committee also reviews tally sheets for the NEOs, modeling all aspects of compensation (base salary, annual incentive awards, long-term incentives, benefits and perquisites), which are utilized as the targeted overall compensation level.

All of the decisions with respect to the Company's executive officers compensation, however, are made by the Compensation Committee with review by the full Board of Directors. In making compensation decisions, the Compensation Committee compares total compensation, as well as, elements comprising compensation against a Survey Group of publicly-traded companies which the Compensation Committee believes the Company competes for talent and for stockholder investment. This Survey Group of companies, which is periodically reviewed and updated by the Compensation Committee, constitutes a Proxy Peer Group of 11 companies based on selection criteria including revenues, assets, market capitalization and scope of operations. These 11 companies are identified below as the Proxy Peer Group.

Fiscal 2012 Executive Compensation Elements

The Company's executive compensation program is comprised of the following elements:

Base Salary;

Short-term Cash Incentive Plan;

Long-term Compensation Plan, or LTCP; and

Benefits and Certain Perquisites.

These elements form the basis of total compensation for executive officers. The Compensation Committee targeted the 50th percentile of the Proxy Peer Group and Diversified Peer Group data as a basis for determining total compensation.

Table of Contents

Base Salary. The Company pays base salary to executive officers in order to compensate them for day-to-day services rendered to the Company over the course of each year. Salaries for executive officers are reviewed annually by the Compensation Committee. In determining individual salaries, the Compensation Committee considers the scope of the executive's job responsibilities, unique skill sets and experience, individual contributions, market conditions, current compensation as compared to the results of surveys of related-industry companies, as well as the specific actions and strategic activities of such executive officer for the prior year. In particular, the Compensation Committee reviews the Chief Executive Officer's job performance for the prior year, from both a quantitative aspect and a qualitative aspect as noted below under Compensation Decisions for 2012, although the Compensation Committee does not attribute any level of compensation to any particular financial measure.

Short-term Cash Incentive Compensation. The Company utilizes cash incentive pay in order to incentivize the achievement of specific operating results each year and to encourage achievement of annual goals. The methodology for determining annual cash incentive pay is identical for each of our named executive officers. The Compensation Committee determines Company objectives on an annual basis. For fiscal 2012, the Compensation Committee considered the Company's performance based on net income for short-term cash incentive compensation determinations. The Compensation Committee reviews the recommended cash incentive compensation potential of each executive officer and may revise, upward or downward, the threshold, target and maximum, or overachievement, percentages of base salary that can be awarded based on the objectives initially set.

The table below sets forth the short-term cash incentive compensation for each named executive officer.

Short-term Cash Incentive Compensation

| Named Executive Officer | Threshold ⁽¹⁾ (Percent of base Salary) | Target (Percent of base Salary) | Maximum, or Overachievement ⁽²⁾ (Percent of base Salary) |
|---------------------------------|--|------------------------------------|---|
| Michael A. Lucas ⁽³⁾ | 50% | 100% | 150% |
| Don R. Madison | 37.5% | 75% | 112.5% |
| Milburn E. Honeycutt | 25% | 50% | 75% |
| Thomas W. Powell ⁽⁴⁾ | 0% | 0% | 0% |

Notes: ⁽¹⁾ Threshold is 50% attainment of the targeted net income objective for the fiscal year.

⁽²⁾ The maximum, or overachievement, percentage is 150% attainment of the targeted net income objective for the fiscal year.

⁽⁴⁾ Mr. Lucas served as President and Chief Executive Officer of the Company beginning August 20, 2012. During the period of August 20, 2011 through September 30, 2012, the end of Company's fiscal year, Mr. Lucas did not participate in the Company's Short-term Cash Incentive Plan. His participation commenced on October 1, 2012, the beginning of the Company's new fiscal year.

⁽⁵⁾ Mr. Powell served as President and Chief Executive Officer of the Company on an interim basis from September 14, 2011 through August 20, 2012. During his tenure as President and Chief Executive Officer, Mr. Powell did not participate in the Company's Short-term Cash Incentive Plan.

Long-term Compensation Plan. It is the Company's opinion that the interests of stockholders are best served when a portion of employee compensation is tied to equity ownership. Pursuant to the Company's

Table of Contents

incentive compensation plan, as amended, the Compensation Committee is authorized to grant stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards and other equity-based awards. Historically, the Company has used either stock options or time and performance vesting restricted stock unit awards as a means to incentivize long-term employment and performance and to align individual compensation with the objective of building long-term stockholder value.

The Compensation Committee's practice is to make all annual compensation decisions, including approval of equity awards to named executive officers, at its regularly scheduled September meeting. These awards subsequently become effective upon the Board of Director's approval of the Company's annual operating plan, which occurs in a Board meeting that immediately follows the Compensation Committee's meeting on the same or the following day.

The Compensation Committee exercises discretion in determining the number and type of equity awards to be given to our named executive officers as long-term incentive compensation. In exercising its discretion, the Compensation Committee considers a number of factors, including individual responsibilities, competitive market data, stock price performance, and individual and Company performance. We do not place any particular objective weight on each of the factors listed. The Compensation Committee considers all of the listed factors together and makes a subjective determination based on all of them taken together along with peer group data. Based on the peer group surveys and the corresponding job responsibilities of participants, the Committee establishes targeted equity incentive compensation which is defined as a percentage of the executive's salary as of October 1 of that year (eligible salary). Subject to the express provisions of the incentive compensation plan and directions from the Board, the Compensation Committee is authorized, among other things, (i) to select the executives to whom equity awards will be granted; (ii) to determine the type, size and terms and conditions of equity awards, including vesting provisions and whether such equity awards will be time or performance based; and (iii) to establish the terms for treatment of equity awards upon a termination of employment.

The Compensation Committee uses two vehicles of long term compensation for each of our named executive officers. All officers participate in long-term performance-vesting restricted stock unit awards and in time-vesting restricted stock awards.

Vesting of performance-based restricted stock unit awards given executive officers is dependent on (i) such officer's continued service for three years following the award and (ii) the Company achieving specified relative net income performance objective over such three-year period. Accordingly, vesting of performance-based restricted stock units awarded in October 2011 occurs at the end of fiscal 2014.

The time-vesting restricted stock awards granted to the executive officers vest at a rate of 33% per year upon the anniversary date of grant, October 1, 2011 based on continued employment. Accordingly, the awards will be fully vested on October 1, 2014.

Table of Contents

The table below sets forth long-term performance-vesting compensation for each named executive officer.

Long-term Performance Vesting Compensation

| Named Executive Officer | Threshold earnings per share (Percent of base Salary) | Target earnings per share ⁽¹⁾ (Percent of base Salary) | Maximum (Overachievement) earnings per share ⁽²⁾ (Percent of base Salary) |
|---------------------------------|--|--|---|
| Michael A. Lucas ⁽³⁾ | 50% | 100% | Unlimited |
| Don R. Madison | 37.5% | 75% | Unlimited |
| Milburn E. Honeycutt | 25% | 50% | Unlimited |
| Thomas W. Powell ⁽⁴⁾ | | | |

Notes: ⁽¹⁾ The threshold is 50% of the target net income objective for the three-year period.

⁽²⁾ The maximum, or overachievement, percentage is not limited, but continues to vest based on the percentage of overachievement of the target net income objective for the three-year period.

⁽³⁾ Mr. Lucas served as President and Chief Executive Officer of the Company beginning August 20, 2012. During the period of August 20, 2011 through September 30, 2012, the end of Company's fiscal year, Mr. Lucas did not participate in the Company's Long-term Compensation Plan. His participation commenced on October 1, 2012, the beginning of the Company's new fiscal year.

⁽⁴⁾ Mr. Powell served as President and Chief Executive Officer of the Company on an interim basis from September 14, 2011 through August 20, 2012. During his tenure as President and Chief Executive Officer, Mr. Powell did not participate in the Company's Long-term Compensation Plan.

The operational features of the Long-term Performance-Vesting Compensation award can be summarized as follows:

Each performance cycle lasts three years and a new performance cycle commences each year resulting in overlapping performance cycles;

Plan participants receive a performance contingent grant of restricted stock units at the start of each performance cycle. The number of restricted stock units is based upon salary and the share price on the date of grant and represents the target number of shares that may be ultimately earned. The Committee uses these objective factors to determine the number of shares to grant. The Committee uses a percentage of eligible salary on the award date to quantify the targeted equity compensation. The eligible salary on the award date of the participant is multiplied by the percentage of eligible salary previously established by the Committee and then divided by the Company's stock price on the award date to determine the number of targeted shares to be granted for the three year performance period beginning the first day of the new fiscal year;

The actual number of shares earned will increase or decrease by a factor of the number of performance contingent restricted stock units initially granted depending on the achievement of performance goals established at the start of the performance period; and

The ultimate value of awards depends on the number of shares earned and the share price at the end of the performance period.

Table of Contents

In summary, the Company's Long-term Compensation Plan provides for the following key factors:

Aligns the interest of management with the long-term interests of stockholders;

Allows award payments directly linked to the long-term company performance; and

An effective means of attracting and retaining key talent.

Perquisites and Benefits: The Company provides its named executive officers with a very limited number of perquisites that in the Company's and the Compensation Committee's opinions are reasonable and consistent with its overall compensation program, and necessary to remain competitive. The Compensation Committee periodically reviews the levels of perquisites provided to the named executive officers. Costs associated with perquisites provided by the Company are included in the footnote to the Summary Compensation Table for Fiscal 2012, 2011 and 2010 appearing on page 31 of this proxy.

401(k) Plan. Powell Industries, Inc. 401(k) Plan is a tax-qualified retirement savings plan in which most U.S. employees, including the named executive officers, are eligible to participate. Key elements of the plan include: participants may elect to make contributions on a pre-tax basis, contributions are limited by the tax code, the Company matches 100 percent of the first 4 percent of pay that is contributed to the savings plan, and all employee contributions vest immediately.

Deferred Employees Compensation Plan. The named executive officers are eligible to participate in the Powell Industries, Inc. Deferred Compensation Plan, which is a non-qualified, unfunded retirement savings plan. This plan provides the opportunity to increase deferrals of base salary and to elect deferrals of incentive compensation awards. Key elements of the plan include: participants can contribute up to 50 percent of their base salary and 100 percent of their short-term cash incentive compensation awards. Base salary and short-term cash incentive compensation deferrals are eligible for an employer matching contribution and all employee contributions vest immediately.

Payments upon a Change in Control. For information concerning payments upon the termination of named executive officers, including certain triggering events, please see Severance and Employment Agreements below.

Severance and Employment Agreements. During fiscal 2012, the Company entered into executive employment agreements with certain executives, including the named executive officers. In order for the Company to recruit and retain the best possible executives, the Company seeks to negotiate employment agreements that provide for the mutual benefit of the Company and the executive. These agreements are comprised of the same elements of compensation as the Company ongoing compensation program including base salary, short-term and long-term incentives, perquisites and benefits as discussed above.

Table of Contents

Our executive employment agreements exclusively govern the executive's rights upon termination of employment with the Company which include: A) Termination by the Company for Cause or Resignation by Executive without Good Reason (in each case, as defined in the employee's employment agreement); B) Retirement, Disability or Death; C) Termination by the Company for Poor Performance; D) Termination by the Company without cause and not for poor performance or Resignation by executive for good reason prior to a Change in Control; and E) Termination by the Company without cause and not for poor performance or Resignation by executive for Good Reason during the protected period following a Change in Control.

- g. Benefits paid to executive shall be grossed up by the Company to cover (1) any federal excise tax due by that executive on account of these benefit payments and (2) any federal income and employment taxes due on federal excise tax.

Change in control shall mean any of the following:

any person (as such term is used in Section 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act)), (other than a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any affiliate, or any corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company), acquires beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of securities of the Company representing 35% or more of the combined voting power of the Company's then outstanding securities; provided, however, that if the Company engages in a merger or consolidation in which the Company or surviving entity in such merger or consolidation becomes a subsidiary of another entity, then references to the Company's then outstanding securities shall be deemed to refer to the outstanding securities of such parent entity;

a change in the composition of the Board, as a result of which fewer than a majority of the directors are Incumbent Directors.

Incumbent Directors shall mean directors who either (i) are directors of the Company as of the Effective Date, or (ii) are elected, or nominated for election, to the Board with the affirmative votes of at least two-thirds of the Incumbent Directors at the time of such election or nomination, but Incumbent Director shall not include an individual whose election or nomination occurs as a result of either (1) an actual or threatened election contest (as such terms are used in Rule 14a-11 of Regulation 14A promulgated under the Exchange Act) or (2) an actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board of the Company;

the consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or if the surviving entity is or shall become a subsidiary of another entity, then such parent entity) more than 50% of the combined voting power of the voting securities of the Company (or such surviving entity or parent entity, as the case may be) outstanding immediately after such merger or consolidation;

the stockholders of the Company approve a plan of complete liquidation of the Company; or

the sale or disposition (other than a pledge or similar encumbrance) by the Company of all or substantially all of the assets of the Company other than to a subsidiary or subsidiaries of the Company.

How the Company Determines Changes in Compensation for Named Executive Officers

Chief Executive Officer: The Compensation Committee evaluates the Chief Executive Officer's performance based on:

The Company's financial performance;

The accomplishment of long-term strategic objectives;

The development of the Company's top management team;

Specific objectives assigned to the Chief Executive Officer; and

Leadership accomplishments.

The Compensation Committee considers the performance of the Chief Executive Officer compared to objectives and the general economic environment when determining the Chief Executive Officer's compensation. The Compensation Committee is responsible for ensuring that the views of the Board, with respect to the performance of the Chief Executive Officer, are reviewed and discussed with the Chief Executive Officer on a periodic basis. The Compensation Committee makes final decisions regarding the Chief Executive Officer's compensation.

Other Named Executive Officer: Each year the Chief Executive Officer submits a performance assessment and compensation recommendation for each of the other named executive officers to the Compensation Committee. The Chief Executive Officer also participates in the discussions with the Compensation Committee prior to their approval of compensation for such officers. The performance evaluation is based on factors such as:

Achievement of individual and the Company's objectives;

Contribution to the Company's performance; and

Leadership accomplishments.

The Compensation Committee also reviews the information provided by the Chief Executive Officer's recommendation. The Compensation Committee has the authority to exercise discretion regarding individual performance awards.

Compensation Decisions in 2012

Base Salary. Executive management recommended, and the Compensation Committee agreed, that there would be no merit increases for the Named Executive Officers for fiscal 2012.

Short-term Cash Incentive Compensation Decisions. For fiscal 2012, the Compensation Committee simplified the design of the Company's short-term cash incentive program to include net income as the sole metric. The Compensation Committee determined in its sole discretion that using net income as the sole financial metric is an appropriate performance goal in order to achieve specific operating results each year.

Table of Contents

The table below sets forth short-term cash incentive actual performance compared to fiscal 2012 targets for each Named Executive Officer:

| Metric | Actual Performance | Target Performance | Metric Performance |
|------------|--------------------|--------------------|---------------------|
| Net Income | \$ 29.7 Million | \$ 16.1 Million | 184% ⁽¹⁾ |

Note:⁽¹⁾ The maximum award for overachievement is 150%.

Long-term Compensation Decisions. For fiscal 2012, the Compensation Committee revised the Long-term Compensation Plan as it relates to performance-vesting restricted stock unit awards. For performance-vesting restricted stock unit awards the performance metric was changed from earnings per share to net income, the threshold award was changed from 80% to 50% and the maximum award for overachievement was changed from 150% to unlimited. The Compensation Committee determined in its sole discretion that using net income as the sole financial metric is an appropriate performance goal in order to achieve long-term performance and to align individual compensation with the objective of building long-term stockholder value.

The table below sets forth the actual performance compared to three year targets for the period ended September 30, 2012 for performance-vesting restricted stock unit awards for each named executive office:

| Metric | Actual Performance | Target Performance | Metric Performance |
|------------|--------------------|--------------------|--------------------|
| Net Income | \$ 51.9 Million | \$ 65.1 Million | 79.7% |

All compensation paid to or earned by the Named Executive Officers in fiscal 2012 is disclosed in the Summary Compensation Table for Fiscal 2012, 2011 and 2010 on page 31 of this proxy.

Discretionary Restricted Stock Award in fiscal 2012. On June 19, 2012, Mr. Powell received a grant of 2,000 shares of restricted stock, of which one half will vest on each of the first and second anniversary of the grant. On August 20, 2012, Mr. Lucas received a grant of 45,000 shares of restricted stock, of which one-third will vest on each of the first, second and third anniversary of the grant date based on continued employment with the Company. This grant was authorized by the Compensation Committee in connection with Mr. Lucas' appointment as the Company's President and Chief Executive Officer.

Deductibility of Compensation

The goal of the Compensation Committee is to comply with the requirements of Internal Revenue Code Section 162(m), to the extent possible, with respect to long-term and short-term incentive programs to avoid losing the deduction for compensation in excess of \$1,000,000 paid to any named executive officer. The Company has generally structured performance-based compensation plans with the objective that amounts paid under those plans are tax deductible and the plans must be approved by the Company's stockholders. However, the committee may elect to provide compensation outside those requirements when necessary to achieve its compensation objectives.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on the review and discussion referenced above, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis referred to above be included in this proxy statement.

The Compensation Committee of the Board,

Christopher E. Cragg,

Chairman Joseph L. Becherer

Bonnie V. Hancock

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

All members of the Compensation Committee are independent directors, and none of them are present or past employees of the Company. No member of the Compensation Committee has had any relationship with us requiring disclosure under Item 404 of Regulation S-K under the Exchange Act. None of the Company's executive officers has served on the board or compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served on the Company's Board or the Compensation Committee. Ms. Bonnie V. Hancock and Messrs. Joseph L. Becherer, Christopher E. Cragg and Stephen W. Seale, Jr. served on the Compensation Committee during the year ended September 30, 2012. Mr. Seale resigned from the Board on December 12, 2012.

AUDIT COMMITTEE REPORT

The Audit Committee reviewed the Company's audited financial statements as of and for the year ended September 30, 2012, and discussed them with management and the Company's independent registered public accounting firm. Based on such review and discussions, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended September 30, 2012 for filing with the Commission. The Audit Committee also reviewed with management and the Company's independent registered public accounting firm the interim financial information included in the Company's quarterly reports on Form 10-Q for the fiscal quarters ended December 31, March 31 and June 30, 2012 prior to their being filed with the Commission.

With and without management present, the Audit Committee discussed and reviewed the results of the Company's independent registered public accounting firm's examination of the Company's September 30, 2012 financial statements. The discussion included matters related to the conduct of the audit, such as the selection of and changes in significant accounting policies, the methods used to account for significant or unusual transactions, the effect of significant accounting policies in controversial or emerging areas, the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates, significant adjustments arising from the audit, the basis for management's accounting estimates and the disclosures in the financial statements.

The Audit Committee discussed and reviewed with the Company's independent registered public accounting firm all communications required by generally accepted auditing standards, including those described in Statement of Auditing Standards No. 61, as amended, Communication with Audit Committees.

Table of Contents

The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the Company's independent registered public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee also discussed with the Company's independent registered public accounting firm any relationships that may impact their objectivity and independence and satisfied itself as to their independence.

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended (the Securities Act), or the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

The Audit Committee of the Board,

Eugene L. Butler, Chairman

Christopher E. Cragg

Bonnie V. Hancock

Robert C. Tranchon

Table of Contents**INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

PricewaterhouseCoopers LLP has served as the Company's independent registered public accounting firm for the year ended September 30, 2012. It is anticipated that the Audit Committee will appoint PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2013. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting of Stockholders. They will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The Audit Committee approved all services rendered by the Company's independent registered public accounting firm during the years ended September 30, 2012 and September 30, 2011.

The Audit Committee has adopted the following procedure for pre-approving audit services and other services to be provided by the Company's independent auditors: specific services are pre-approved from time to time by the Committee or by the Committee Chairman on its behalf. As to any services approved by the Committee Chairman, the approval is reported to the Committee at the following meeting of the Committee.

Fees Paid to the Company's Independent Registered Public Accounting Firm

For 2012 and 2011, the Company's independent registered public accounting firm's fees for various types of services to the Company were as shown below:

| | PricewaterhouseCoopers | |

| Tax advisory services | | 13,975 ⁽²⁾ |
| All Other Fees | | |
| TOTAL | \$ 1,102,094 | \$ 1,239,225 |

⁽¹⁾ Tax compliance services relate to the preparation and filing of the U.S. Corporate Tax Return and state corporate income tax returns for the Company and its subsidiaries.

⁽²⁾ Tax advisory services relate to consulting services with respect to matters involving tax authorities.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater-than ten percent stockholders are required by the regulation to furnish the Company with copies of all Section 16(a) forms they file.

Table of Contents

Based solely on the Company's review of the copies of such forms received by it, or written representations from certain reporting persons that no Form 5 reports were required for those persons, the Company believes that all filing requirements applicable to its officers and directors and greater-than ten percent beneficial owners during the year ended September 30, 2012 were in compliance, except Thomas W. Powell did not timely file a Form 4 with respect to the exercise of stock options on May 14, 2012 and a Form 4 with respect to a grant of restricted stock on June 19, 2012, each of Stephen W. Seale, Jr., Robert C. Tranchon, Scott E. Rozzell, Bonnie V. Hancock, Christopher E. Cragg, James F. Clark, Eugene L. Bulter and Joseph L. Becherer did not timely file a Form 4 with respect to a grant of restricted stock on June 19, 2012, and Michael A. Lucas did not timely file a Form 4 with respect to a grant of restricted stock on August 20, 2012.

OTHER MATTERS

As of the date of this statement, the Board has no knowledge of any business which will be presented for consideration at the meeting other than the election of three directors of the Company. Should any other matters be properly presented, it is intended that the enclosed proxy will be voted in accordance with the best judgment of the persons voting the matter.

ANNUAL REPORT

An Annual Report to Stockholders and an Annual Report on Form 10-K covering the fiscal year of the Company ended September 30, 2012 are enclosed herewith. These reports do not form any part of the material for solicitation of proxies.

STOCKHOLDER PROPOSALS

Proposals of stockholders to be presented at the Annual Meeting of Stockholders to be held in 2014 must be received at the office of the Secretary of the Company no later than September 11, 2013 in order to be included in the Company's proxy statement and form of proxy relating to that meeting.

Pursuant to the Company's bylaws, a stockholder that intends to present business at the 2013 Annual Meeting and has not submitted such proposal by the date set forth above must notify the Secretary of the Company by November 22, 2012. If such notice is received after November 22, 2012, then the notice will be considered untimely, and the Company is not required to present such business at the 2013 Annual Meeting.

All proposals must comply with applicable SEC regulations and the Company's Bylaws as amended to date.

By Order of the Board
