FOR IMMEDIATE RELEASE

**GOODRICH PETROLEUM ANNOUNCES INCREASED 2013 AND PRELIMINARY
2014 CAPITAL BUDGET, INCLUDING AN ACCELERATED
TMS DRILLING PROGRAM**

Houston, Texas October 15, 2013. Goodrich Petroleum Corporation (NYSE: GDP) (the Company) today announced that it expects that its total 2013 capital expenditures will increase to an estimated \$255 million from the previous capital budget estimate of \$230 million. The increase is attributable to the addition of a second rig to its horizontal drilling program in the Tuscaloosa Marine Shale (TMS) and leasehold extension payments in the TMS during the fourth quarter.

The Company is also announcing its preliminary 2014 capital budget of \$375 million. The 2014 budget assumes successful completion of its equity offering announced today and includes an increase to five horizontal rigs running in the TMS by the end of 2014 from the two current TMS rigs. The Company plans to spend approximately \$300 million on drilling and completion activity including facilities and infrastructure in the TMS. The Company also plans to spend approximately \$30 million on drilling and completion activities in both its Eagle Ford and Angelina River Trend (ART) / Haynesville areas. An additional \$15 million is budgeted for leasehold acquisitions and extensions as well as for general corporate purposes, including working capital.

The following table reflects the Company's increased 2013 and preliminary 2014 estimated capital budgets:

	2013	2014
Tuscaloosa Marine Shale	\$ 75	\$ 300
Eagle Ford	100	30
ART / Haynesville	35	30
Leasehold Acquisition / Extensions	45	15
Total Budget	\$ 255	\$ 375

Certain statements in this news release regarding future expectations and plans for future activities may be regarded as forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. They are subject to various risks, such as financial market conditions, changes in commodities prices and costs of drilling and completion, operating hazards, drilling risks, and the inherent uncertainties in interpreting engineering data relating to underground accumulations of oil and gas, as well as other risks discussed in detail in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 and other subsequent filings with the Securities and Exchange Commission. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that such expectations will prove to be correct. Except as required by law, the Company expressly disclaims any intention or obligation to revise or update any forward-looking statements whether as a result of new information, future events or otherwise.

Goodrich Petroleum is an independent oil and gas exploration and production company listed on the New York Stock Exchange. The majority of its properties are in Louisiana and Texas.
