The following is electronic communication sent to the CenturyLink, Inc. employees:

Dear Colleagues,

The last couple of weeks have been an eventful time for us as we announced the agreement to acquire Level 3 Communications and an agreement to sell our data centers and colocation business to a consortium led by BC Partners. The combination of CenturyLink and Level 3 will create the second-largest domestic provider of enterprise communications services.

To successfully merge our two companies, we must move forward with focus and a sense of urgency on the exciting road to our integration of Level 3. Below is some information about our next steps on this important journey.

Announcing Clay Bailey as CenturyLink/Level 3 Integration Leader

I am pleased to share with you that **Clay Bailey, Senior Vice President of CenturyLink Operational Transformation**, will be leading the integration team bringing our great companies together. Over the past 24 years, Clay has held leadership positions in Regulatory and Government Affairs, Treasury, Sales and Regional Operations and, most recently, Operational Transformation. Clay has a passion for creating great customer experiences and this, along with his depth of knowledge and enthusiasm, gives me great confidence that he will lead us through a successful integration.

Additionally, Neel Dev, Level 3 Group Vice President, Finance, has been selected by Level 3 CEO Jeff Storey as Level 3's integration team lead to work closely with Clay on integration planning. Neel has over 20 years of experience in the telecommunications industry and has been at Level 3 for 12 years. Neel is an experienced leader and will be focused on ensuring we maximize our opportunities together.

Clay and Neel will soon begin determining the various integration sub-teams and sub-team leaders required to develop and implement a comprehensive and successful integration plan. We are committed to keeping you updated on this and other important merger-related matters as they occur.

Day One

We expect to officially close the Level 3 transaction by the end of third quarter 2017, subject to the necessary regulatory approvals and the approvals of both companies' shareholders. While this sounds like a long time between now and closing, we have much work to do to complete the necessary approvals and other closing conditions, while also developing and implementing a comprehensive integration plan to ensure we are ready to begin promptly

following the close.

Until the transaction has closed, CenturyLink and Level 3 must continue to operate as separate entities focused on each of our respective business plans. I ask you to remain committed to providing our customers the same high-quality products and outstanding services they have come to expect from us.

I am certain we will all work together very well toward a successful Day One. Let me close by restating that this merger is a powerful combination for CenturyLink and Level 3. We believe Level 3 will bring significant scale to our network and our products and services portfolio. I am confident this great strategic combination will further enhance our ability to improve the lives of our customers by connecting them to the power of the digital world. I hope you share my enthusiasm about our future and the exciting days ahead.
