PROXY VOTING OPTIONS

Your vote is important!

Whether or not you expect to attend the annual meeting, we urge you to vote your shares. At this year's annual meeting, you may vote in person at the annual meeting, or you may vote by phone, via the Internet, or by signing, dating, and returning the enclosed proxy card or voting instruction form at your earliest convenience. Your prompt vote will ensure the presence of a quorum at the meeting and will save Alliance One the expense of additional solicitation. If you vote now and later decide to change your vote or to vote your shares at the meeting, you may do so by following instructions found elsewhere in this proxy statement.

The fastest and most convenient way to vote your shares is by the Internet or telephone, using the instructions on this page. Internet and telephone votes are immediately confirmed and tabulated, and reduce postage and proxy tabulation costs.

If you prefer to vote by mail, please return the enclosed proxy card or voting instruction form in the addressed, prepaid envelope we have provided. Do not return the paper ballot if you vote via the Internet or by telephone.

For Registered Shareholders To Vote by Internet - www.voteproxy.com

Internet voting is available 24 hours a day, 7 days a week until 11:59 PM Eastern Daylight Time on August 9, 2017.

Instructions:

1. Read this Proxy Statement.
2. Go to the following website: **www.voteproxy.com** and follow the on-screen instructions, or scan the QR code with your smartphone.
3. Have your proxy card or voting instruction form in hand and follow the instructions.

For Registered Shareholders To Vote by Telephone - Dial 1-800-PROXIES (1-800-776-9437) in the United States or +1-718-921-8500 from foreign countries from any touch-tone telephone. Voting by phone is available 24 hours a day, 7 days a week until 11:59 PM Eastern Daylight Time on August 9, 2017.

Instructions:

1. Read this Proxy Statement.
2. Call toll-free 1-800-PROXIES (1-800-776-9437) in the United States, or +1-718-921-8500 from foreign countries.
3. Have your proxy card or voting instruction form in hand and follow the instructions.

FREQUENTLY ASKED QUESTIONS

1. Who is soliciting my proxy?

The Board of Directors is soliciting your proxy for the annual meeting of shareholders to be held on Thursday, August 10, 2017, in order to provide you the opportunity to vote on all matters scheduled to come before the meeting, whether or not you attend the meeting in person.

2. Who pays for the solicitation of proxies?

Alliance One bears the cost of soliciting proxies, and will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for expenses reasonably incurred by them in sending proxy materials to the beneficial owners of stock. The Company may utilize employees to solicit proxies by mail, in person or by telephone. The Company has engaged Georgeson, Inc., to assist in the solicitation of proxies and provide informational support for a service fee and the reimbursement of customary disbursements that together are not expected to exceed \$10,000 in the aggregate.

3. Who is entitled to vote?

You may vote if you owned shares of Alliance One common stock on June 16, 2017, the date established by the Board for determining shareholders entitled to vote at the annual meeting. On that date there were 8,962,891 shares of common stock outstanding and entitled to vote, with each such share having the right to one vote.

4. What is the difference between holding shares as a registered shareholder and holding the shares in street name?

If your shares are owned directly in your name with our transfer agent, American Stock Transfer & Trust Company (American Stock Transfer), you are considered a registered shareholder with respect to those shares.

If your shares are held in a brokerage account or by a bank, you hold the shares in street name.

5. How do I vote my shares?

Even if you plan to attend the annual meeting, you are encouraged to vote your shares by proxy.

If you are a registered shareholder, you have four options for voting your shares:

over the Internet at the internet address referenced on page (ii) of this proxy statement, and shown on the enclosed proxy card;

by telephone through the number(s) referenced on page (ii) of this proxy statement, and shown on the enclosed proxy card;

by completing, signing, dating and returning the enclosed proxy card by mail; or

in person at the annual meeting.

If you hold your shares in street name, your ability to vote by Internet or telephone depends on the voting process of the bank, broker or other nominee through which you hold the shares. Please follow their directions carefully. If you want to vote at the annual meeting, you must request a legal proxy from your bank, broker or other nominee and present that proxy, together with proof of your identity, for admittance to the meeting.

6. Will my shares be voted if I do not return my proxy card or instruction form, or vote by telephone or over the Internet?

If you are a registered shareholder or if you hold restricted stock, your shares will not be voted unless you vote your shares using the four options for voting listed above.

If your shares are held in street name, your shares may be voted even if you do not vote by internet, by telephone or by providing voting instructions on your proxy card. Brokerage firms have the authority under the New York Stock Exchange (NYSE) rules to vote shares on behalf of their customers on certain routine matters if you do not provide the brokerage firm with voting instructions. The ratification of the selection of independent auditors is considered a routine matter for which brokerage firms may vote shares without voting instructions from the customer. The election of director nominees, the advisory vote to approve the compensation of executive officers, the advisory vote for the selection of the frequency of future advisory votes to approve the compensation of executive officers, and the vote on the shareholder proposal are not considered routine under NYSE rules. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. *It is important therefore that you provide appropriate voting instructions to your brokerage firm with respect to your vote on these matters.*

Table of Contents

7. What does it mean if I receive more than one proxy card or instruction form?

It means that you have multiple accounts with our transfer agent and/or banks or brokers. Please vote all of the shares. For assistance consolidating your accounts to the extent possible, you may contact our transfer agent, American Stock Transfer, at 1-866-627-2656.

8. Can I change my vote after returning my proxy card or instruction form, or voting by telephone or over the Internet?

If you are a registered shareholder you may change your vote in one of two ways:

by voting on a later date by telephone or over the Internet (only your last telephone or Internet vote is counted); or

by delivering a later dated proxy card to our Secretary, either prior to or at the meeting; or by voting your shares in person at the meeting. In order to vote your shares at the annual meeting, you must specifically revoke a previously submitted proxy.

If you hold your shares in nominee or street name through a bank or broker, you should contact your bank, broker or other nominee to find out how to revoke your proxy and change your vote.

All signed proxies that have not been revoked will be voted at the meeting.

9. How many votes are needed to hold the meeting?

A quorum of shareholders is necessary to hold a valid meeting. The holders of record as of the June 16, 2017 record date, present in person or by proxy at the meeting, of a majority of the shares entitled to vote constitute a quorum. Once a share is represented for any purpose at the meeting, it is considered present for quorum purposes for the remainder of the meeting. Abstentions and broker non-votes will be counted in determining the existence of a quorum. A quorum is necessary to conduct business at the annual meeting.

If a quorum is not present, the meeting may be adjourned from time to time without any further notice other than announcement at the meeting.

10. What items of business will be conducted at the meeting?

The election of three directors to serve until the 2020 annual meeting or, in each case, until the election of their respective successors.

The ratification of the selection of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending March 31, 2018.

The adoption of a resolution approving, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed in this proxy statement.

The selection, on an advisory basis, of the frequency of future shareholder advisory votes to approve the compensation of the Company's named executive officers.

If presented at the annual meeting by the shareholder proposing the resolution, a vote on a shareholder proposal requesting that the Company prepare a report on the Company's potential participation in the mediation of alleged human rights violations.

Any other business properly brought before the meeting.

11. How many votes are needed to elect the nominees for director?

The election of each nominee for director requires a plurality of the votes cast by shareholders entitled to vote at the meeting. Because directors are elected by a plurality, abstentions, withheld votes and broker non-votes will have no effect on their election.

However, pursuant to the Company's Corporate Governance Guidelines, any person (including an incumbent Director) nominated for election as a Director who is elected by a plurality of votes cast for his or her election, but who does not receive a majority of the votes cast for his or her election, must promptly tender his or her resignation following certification of the shareholder vote. Thereafter, the Board, acting on the recommendation of the Governance and Nominating Committee, must determine within 90 days after the certification of the shareholder vote whether to accept the resignation.

Table of Contents

12. How many votes are needed to ratify the selection of Deloitte & Touche LLP as the Company's independent auditors?

The selection of Deloitte & Touche, LLP as the Company's independent auditors will be ratified if the votes cast FOR exceed the votes cast AGAINST. Abstentions will not be included in the vote totals for the ratification of the selection of Deloitte & Touche LLP as the Company's independent auditors.

13. What are the voting choices when casting the advisory vote on the compensation of the Company's named executive officers and what is the effect of the vote?

When voting on the compensation of the Company's named executive officers, shareholders may:

vote in favor of the compensation of the Company's named executive officers;

vote against the compensation of the Company's named executive officers; or

abstain from voting.

The resolution approving, on an advisory basis, the compensation of the Company's named executive officers will be adopted if the votes cast FOR the resolution exceed the votes cast AGAINST the resolution. Abstentions and broker non-votes will not be included in the vote totals for the approval of the shareholder proposal. This vote is not binding upon the Company, the Board or the Executive Compensation Committee. Nevertheless, the Executive Compensation Committee values the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

14. What are the voting choices when casting the advisory vote on the frequency of future advisory votes on the compensation of the Company's named executive officers and what is the effect of the vote?

When voting on the frequency of the future advisory votes on the compensation of the Company's named executive officers, shareholders may:

vote for EVERY ONE YEAR ;

vote for EVERY TWO YEARS ;

vote for EVERY THREE YEARS ; or

abstain from voting.

If none of the frequency options (every one year, every two years or every three years) receives a majority of votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by shareholders. This vote is not binding upon the Company, the Board or the Executive Compensation Committee. Nevertheless, the Board and the Executive Compensation Committee value the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote when determining the frequency of the future advisory votes by shareholders on the compensation of the Company's name executive officers.

15. How many votes are needed to approve the shareholder proposal requesting that the Company prepare a report on the Company's potential participation in the mediation of alleged human rights violations.

The shareholder proposal will be approved if the votes cast FOR exceed the votes cast AGAINST. Abstentions and broker non-votes will not be included in the vote totals for the approval of the shareholder proposal.

Table of Contents

16. What are the Board's recommendations on the matters to be presented for a shareholder vote?

The Board recommends that shareholders vote:

FOR the election as directors of the three nominees named in this proxy statement;

FOR ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending March 31, 2018;

FOR adoption of a resolution approving, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed in this proxy statement;

EVERY ONE YEAR as the frequency of future shareholder advisory votes to approve the compensation of the Company's named executive officers; and

AGAINST approval of the shareholder proposal requesting that the Company prepare a report on the Company's potential participation in the mediation of alleged human rights violations.

If you return a valid proxy card or respond by telephone or Internet in the manner described above and do not include instructions on how you want to vote, your shares will be voted in accordance with the Board's recommendations on the matters listed above and in accordance with the discretion of the proxy holders on any other matter that properly comes before the annual meeting.

17. How will proxies be voted on other matters that are properly brought before the meeting?

The Company is not aware of any other business to be presented at the meeting. However, if any other matter is properly brought before the meeting, the proxies received will be voted on those items in accordance with the discretion of the proxy holders.

18. Can I access these proxy materials on the Internet?

This proxy statement and our 2017 annual report to shareholders are available at <http://www.astproxyportal.com/ast/20132/>.

19. Will the directors be present at the meeting?

It is Alliance One's policy that directors attend the annual meetings of shareholders and we currently expect all of our directors to attend the 2017 annual meeting.

20. What is required to attend the meeting?

The annual meeting is a private business meeting. Attendance at the annual meeting will be limited to our shareholders as of the record date of June 16, 2017 and to guests of the Company. A shareholder who owned shares registered in his or her name as of June 16, 2017 must present proper identification at the registration desk for admittance to the annual meeting.

If you are a shareholder and plan to attend the annual meeting and your shares are held in street name (for example, if your shares are held through an account maintained by a bank or securities broker), you must present evidence of your stock ownership as of June 16, 2017 in order to be admitted to the annual meeting. You can obtain this evidence from your bank or brokerage firm. If your shares are held in street name as of June 16, 2017 and you intend to vote your shares at the annual meeting, you must request a legal proxy from your bank, broker or other nominee and present that proxy at the annual meeting registration desk. Further, if you are a shareholder that intends to have a representative attend the annual meeting on your behalf, you must also provide such representative with a legal proxy, and such proxy must be presented at the annual meeting registration desk. We encourage (i) shareholders who plan to attend the annual meeting and whose shares are held in street name as of June 16, 2017, and (ii) shareholders that plan to have a representative attend on their behalf, to contact the Company in advance by writing to Office of the Secretary, Alliance One International, Inc., 8001 Aerial Center Parkway, Morrisville, North Carolina 27560, providing the information described above. Following such process in advance will help expedite admittance to the annual meeting on the date of the meeting. Whether you are a registered shareholder, your shares are held in street name, or you are a duly authorized proxy holder for a shareholder, proper identification will be required to obtain admittance to the annual meeting.

21. Will shareholders have an opportunity to ask questions at the meeting?

Yes. Following action on the items to be presented to the shareholders for a vote at the meeting, Company representatives will be available to answer shareholder questions.

Table of Contents

22. Will there be rules for the conduct of the meeting?

In accordance with the Company's Amended and Restated Bylaws and Virginia corporation law, our Chairman of the Board has the right and authority to determine and maintain the rules, regulations and procedures for the conduct of the annual meeting, including, but not limited to, maintaining order and the safety of those in attendance, dismissing business not properly submitted, opening and closing the polls for voting and limiting time allowed for discussion of the business at the meeting. Failure to abide by the meeting rules may result in expulsion from the meeting. A copy of the meeting rules will be provided to all shareholders and guests properly attending the annual meeting and will be available at the registration desk.

23. How can I find out the final voting results for the annual meeting?

The Company will publish final voting results in a report on Form 8-K to be filed with the Securities and Exchange Commission (the SEC) within four business days after the annual meeting. The Form 8-K will be accessible through the Company Filings Search page under the Filings tab on the SEC's website at www.sec.gov and through the Company's website, www.aointl.com.

Table of Contents

GOVERNANCE OF THE COMPANY

The Board fosters and encourages an environment of strong corporate governance, including disclosure controls and procedures, internal controls, fiscal accountability, high ethical standards and compliance with applicable policies, laws and regulations. Re-examining Company practices and setting new standards is an ongoing process as the area of corporate governance continues to evolve. Therefore, the Board has charged the Governance and Nominating Committee to periodically review and recommend appropriate changes to the Board's governance practices and policies.

Shareholder Access to Governance Documents

Website

The Company's governance-related documents are available on its website at www.aointl.com. Available documents include the Company's Corporate Governance Guidelines, Code of Business Conduct and charters of the Audit, Executive Compensation and Governance and Nominating Committees. When changes are made to any of these documents, updated copies are posted on the website as soon as practical thereafter.

Written Request

Copies of the Company's governance documents are also available, free of charge, by written request addressed to: Corporate Secretary, Alliance One International, Inc., 8001 Aerial Center Parkway, P. O. Box 2009, Morrisville, North Carolina 27560.

Communications to the Board of Directors

Shareholders and interested parties may communicate with the Board of Directors, any committee of the Board, the Lead Independent Director or any individual director, as appropriate. Communications must be made in writing to the Corporate Secretary, Alliance One International, Inc., 8001 Aerial Center Parkway, P. O. Box 2009, Morrisville, North Carolina 27560. The Secretary will determine in his good faith judgment which communications to relay to the applicable directors.

See the paragraphs entitled *Shareholder Nominations - 2018 Annual Meeting* and *Shareholder Proposals - 2018 Annual Meeting*, for guidelines specific to those types of communications with the Board.

Code of Business Conduct

Alliance One has a Code of Business Conduct that clearly defines the Company's expectations for legal and ethical behavior on the part of every Alliance One director, officer, employee and agent. The Code of Business Conduct also governs Alliance One's principal executive officer, principal financial officer and principal accounting officer. It is designed to deter wrongdoing and promote honest and ethical business conduct in all aspects of the Company's affairs. Any waiver of the Code of Business Conduct for any director or executive officer would require approval by the Board of Directors and would be disclosed immediately thereafter to shareholders via the Company's website, www.aointl.com.

Corporate Governance Guidelines

The Alliance One Corporate Governance Guidelines, in conjunction with the charters of key Board committees, inform shareholders, employees, customers and other constituents of the Board's principles as a governing body. The Guidelines are reviewed at least annually by the Board.

Determination of Independence of Directors

For a director to be deemed independent, the Board of Directors of Alliance One must affirmatively determine that the director has no material relationship with Alliance One either directly or as a partner, shareholder or officer of an organization that has a relationship with Alliance One. In making this determination, the Board applies the following standards:

A director who is an employee, or whose immediate family member is an executive officer of Alliance One, is not independent until three years after the end of such employment relationship. Employment as an interim Chairman or Chief Executive Officer will not disqualify a director from being considered independent following such employment.

Table of Contents

A director who receives (or whose immediate family member receives) more than \$120,000 per year in direct compensation from Alliance One is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation (excluding director and committee fees and pensions or other forms of deferred compensation for prior service, provided such compensation is not contingent in any way on continued service). Compensation received by a director for former service as an interim Chairman or Chief Executive Officer will not count toward the \$120,000 limitation.

A director who is a current partner or employee of (or whose immediate family member is a current partner of) Alliance One's internal or external auditor is not independent.

A director who has an immediate family member who is an employee of Alliance One's internal or external auditor and who personally works on the Company's current audit is not independent.

A director who (or whose immediate family member) was within the past three years a partner or employee of Alliance One's internal or external auditor and personally worked on the Company's audit during that time is not independent.

A director who is employed (or whose immediate family member is employed) as an executive officer of another company where any of Alliance One's present executives serve on that company's compensation committee is not independent until three years after the end of such service or employment relationship.

A director who is an employee (or whose immediate family member is an executive officer) of a company that makes payments to, or receives payments from, Alliance One for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues is not independent until three years after falling below such threshold.

Board Leadership Structure

The Bylaws of the Company provide that the Board shall designate a Chairman of the Board from its membership. It is the Board's preferred governance structure to separate the roles of Chairman and Chief Executive Officer (CEO). The Chairman presides at all meetings of the shareholders, the Board of Directors and the Executive Committee and has such other powers as are conferred upon him or her by the Board. Mark W. Kehaya currently serves as Chairman of the Board and J. Pieter Sikkel serves as President and CEO.

The Company's Corporate Governance Guidelines provide that if the current governance structure changes and the Chairman also serves as CEO, Board members should raise any issues regarding the performance or compensation of the CEO with the Chairman of the Executive Compensation Committee and all other issues should be raised with the Lead Independent Director.

The Governance and Nominating Committee annually recommends a Lead Independent Director for approval by the Board. The role of the Lead Independent Director is to preside at executive sessions of the non-management directors, act as the liaison between the non-management directors and the CEO, and consult with the Chairman and CEO on Board agendas as necessary. There is no mandatory rotation or term limit associated with the role of Lead Independent Director. C. Richard Green, Jr., currently serves as Lead Independent Director.

The Board's Role in Risk Oversight

Our Company faces a variety of risks, including credit, liquidity, operational, regulatory, environmental and others regularly disclosed in our public filings. The Board believes that an effective risk management system is necessary to (1) identify material risks that the Company faces, (2) communicate necessary information with respect to such risks to senior management and, as appropriate, the Board or its committees, (3) implement appropriate and responsive risk management strategies consistent with the Company's risk profile, and (4) integrate risk management into the Company's decision making.

The Board has delegated to the Audit Committee the primary responsibility for overseeing risk management. The Audit Committee is comprised solely of independent directors and, pursuant to its charter, periodically discusses policies with management with respect to risk assessment and risk management and assesses the steps management has taken to minimize such risks to the Company. The Audit Committee makes periodic reports to the Board regarding the Company's risks and regarding its analyses and conclusions as to the adequacy of the Company's risk management processes.

Table of Contents

The Board encourages management to promote a culture that incorporates risk management into our Company's strategy and business operations. The Company maintains an active Compliance Program; at least quarterly the Company's Global Disclosure Committee conducts a thorough and detailed review of risks, including potential risks, which are systematically reported and tracked through resolution; and, finally, the Company's senior management actively oversees the processes by which risk assessment and risk management are undertaken.

Governance and Nominating Committee Process

Alliance One's Board of Directors has a Governance and Nominating Committee composed entirely of independent directors and governed by a charter. As stated in the charter, it is the responsibility of the Committee to identify and evaluate potential candidates to serve on the Board. Candidates may be identified through a variety of means, including professional or personal contacts of directors, shareholder recommendations or a third-party firm engaged in the recruitment of directors.

Candidates are assessed by the Committee in view of the responsibilities, qualifications and independence requirements set forth in the Corporate Governance Guidelines. Candidate assessment begins with a review of the candidate's background, education, experience and other qualifications. Candidates viewed favorably by the Committee then meet, either individually or collectively, with the Chairman of the Board, the Chairman of the Governance and Nominating Committee and other directors as appropriate, prior to being recommended for election to the Board.

An invitation to join the Board of Directors is extended only after a candidate's qualifications have been reviewed by the Committee, the Committee has formally recommended the candidate to the Board for approval, and the Board has approved the candidate's election by a majority vote. Invitations are extended on behalf of the Board by the Chairman.

Director Conflicts of Interest

The Alliance One Corporate Governance Guidelines provide that if an actual or potential conflict of interest arises for a director, the director is required to promptly inform the Chief Executive Officer and the Lead Independent Director. If a significant conflict exists and cannot be resolved, the Corporate Governance Guidelines call for the director to resign. The Corporate Governance Guidelines call for all directors to recuse themselves from any discussion or decision affecting their personal, business or professional interests.

Shareholder Nominations 2018 Annual Meeting

Any shareholder entitled to vote in the election of directors generally may nominate at a meeting one or more persons for election as a director if written notice of such nomination or nominations is delivered or mailed to the Secretary of the Corporation in accordance with the Company's Bylaws, which state that such notification must include:

the name, age and address of each proposed nominee;

the principal occupation of each proposed nominee;

the nominee's qualifications to serve as a director;

the name and address of the notifying shareholders;

the number of shares owned by the notifying shareholder;

a description of agreements or arrangements between the notifying shareholder and any other person(s) in connection with director nominations;

a description of agreements or arrangements entered into by the notifying shareholder with the intent to mitigate loss, manage risk or benefit from changes in the stock price or increase or decrease the voting power of the notifying shareholder; and

a representation that the notifying shareholder is a holder of record of shares of capital stock entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to make the nomination(s).

Table of Contents

As required by the Company's Bylaws, nominations for the 2018 annual meeting must be received by the Secretary of the Company not later than April 12, 2018. The notice must be updated following the later of the record date or the first public announcement of the record date for the meeting to reflect changes to certain of this information. The Secretary will deliver all such notices to the Governance and Nominating Committee which will consider such candidates. The Governance and Nominating Committee shall thereafter make its recommendation to the Board of Directors, and the Board of Directors shall in turn make its determination with respect to whether such candidate should be nominated for election as a director.

Shareholder Proposals 2018 Annual Meeting

To be considered for inclusion in the Company's proxy statement for the 2018 annual meeting, shareholder proposals must be submitted in writing to the Secretary of the Corporation by March 12, 2018, and must be submitted in accordance with Rule 14a-8 of the Securities Exchange Act of 1934, the laws of the Commonwealth of Virginia and the Bylaws of the Company.

Pursuant to the Bylaws of the Company, in order for any business to be brought before the 2018 annual meeting by a shareholder, the proposal must be received by the Secretary of the Company not later than April 12, 2018. As to each matter the shareholder proposes to bring before the 2018 annual meeting, the notice must include:

a brief description of the business desired to be brought before the 2018 annual meeting and the reasons for conducting such business at the 2018 annual meeting;

the name and record address of the shareholder proposing the business;

the number of shares beneficially owned by the shareholder;

any material interest the shareholder has in such business;

a description of agreements or arrangements between the notifying shareholder and any other person(s) in connection with the proposal of business;

a description of agreements or arrangements entered into by the notifying shareholder with the intent to mitigate loss, manage risk or benefit from changes in the stock price or increase or decrease the voting power of the shareholder;

a representation that the notifying shareholder is a holder of record of shares of capital stock entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose the business.

The notice must be updated following the later of the record date or the first public announcement of the record date for the meeting to reflect changes to certain of this information.

BOARD OF DIRECTORS

PROPOSAL ONE

ELECTION OF DIRECTORS

The Company's Bylaws currently provide that the Board of Directors consists of nine directors, divided into three classes as nearly equal in number as possible. The three directors nominated for election at the 2017 annual meeting to serve three-year terms are Mr. C. Richard Green, Jr., Mr. Nigel G. Howard and Mr. J. Pieter Sikkel. Each of the three nominees is currently a director of Alliance One, with a term of office scheduled to expire at the 2017 annual meeting.

The Governance and Nominating Committee has recommended to the Board of Directors and the Board of Directors has approved each of the nominees for election to the Board of Directors. The Board has determined that each of the nominees, other than Mr. Sikkel, is independent from management. All nominees have consented to serve if elected.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE NOMINEES LISTED ABOVE.

Director Qualifications

The Company's Corporate Governance Guidelines require that our directors have diverse professional backgrounds, combine a broad spectrum of experience and expertise, and possess a reputation for the highest personal and professional ethics, integrity and values. The Governance and Nominating Committee is responsible for identifying specific skills and characteristics that may be sought in light of the current make-up of the Board and its anticipated

needs going forward, and considers factors including experience in areas relevant to the strategy and operations of the Company's businesses, particularly the tobacco industry, the ability to actively participate in and contribute to the deliberations of the Board, international business experience, the capacity and desire to represent the balanced, best interest of the shareholders, the ability to exercise independent judgment and decision making, the time available to devote to the responsibilities of a director and the Board's diversity of background, personal and professional experience, gender and ethnicity. Determination of whether an individual meets these qualifications is made in the business judgment of the Board. The Corporate Governance Guidelines do not include any limitations on the age of director nominees.

The Company believes that the Board meets the foregoing criteria and that, additionally, its members as a whole encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to the Company's operations and interests. Potential candidates for membership on the Company's Board are reviewed in the context of the current composition of the Board and the evolving needs of the Company. It is the Company's

Table of Contents

policy to have a majority of directors qualify as Independent under the listing requirements of the New York Stock Exchange and the Company's own Corporate Governance Guidelines. The Governance and Nominating Committee identifies candidates for election to the Board of Directors; reviews their skills, characteristics and experience; and recommends nominees for director to the Board for approval.

Each of the nominees for election as a director at the 2017 annual meeting and each of the Company's current directors who will continue in office after the 2017 annual meeting hold or has held senior executive positions in large, complex organizations. In these positions they have also gained experience in core management skills such as strategic and financial planning, financial reporting, corporate governance, risk management and leadership development.

Several of our directors have direct experience in the tobacco industry in addition to their service as a director of our Company or one of its corporate predecessors. Mr. Kehaya, prior to his service as the Company's Interim Chief Executive Officer between December 2010 and February 2013, served in various management capacities for one of our corporate predecessors, including managing a tobacco processing facility in St. Petersburg, Russia; and has financial experience as a partner at Meriturn Partners, LLC and operating experience as Chief Executive Officer and Chief Operating Officer of Eturn Communications. Mr. Green has significant management experience in the tobacco industry, having served for many years as an executive of British American Tobacco and as a director of ITC Limited (India). Mr. Eckmann served in multiple executive capacities with both Reynolds American and Brown & Williamson, and also has substantial accounting and financial experience as the former Chief Financial Officer of Brown & Williamson. Mr. Sikkel has extensive tobacco industry experience, having served for over twenty years in management positions in the Company and one of our corporate predecessors.

Other directors have considerable managerial and other experience as executives in a broad range of industries. Mr. Wade has substantial managerial and operating experience as Chief Executive Officer of several firms and financial experience as a managing director of Prudential Securities. Mr. Rice has an extensive background in the operation and management of a multinational agribusiness, with multiple executive positions, including Vice Chairman, over his 36-year career with Archer-Daniels-Midland. Mr. Hausmann similarly has extensive experience in managing global agribusiness organizations, including his service as President and Chief Executive Officer of Bunge North America and Chief Executive Officer of Cereol SA, as well as considerable experience in government and corporate affairs from his service as Managing Director of such functions at Bunge Limited. Mr. Howard has significant managerial and international business experience as an executive of Morgan Crucible Company PLC and Assam Carbon Products, Ltd., India. Ms. Fitzpatrick combines executive experience as the president of a corporate communications firm for the past 15 years, and as an officer of a multinational public relations firm before that, with a depth of expertise and public relations experience developed over a more than 25 year career of providing strategic advice to corporations, universities and non-profit organizations.

In connection with his service as a partner at Meriturn Partners, LLC, an investment firm specializing in restructurings and turnarounds of middle-market companies, Mr. Kehaya served as interim Chief Executive Officer of Prime Tanning Co., Inc., between March 2009 and December 2009, until a permanent replacement could be found. On November 16, 2010, Prime Tanning Co., Inc., filed a voluntary petition for relief under Chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the District of Maine.

The Governance and Nominating Committee and the Board believe that each of the nominees and the continuing directors has other key attributes that are important to an effective board: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience and thought; and the commitment to devote significant time and energy to service on the Board and its Committees. Consideration of the specific experiences,

qualifications and skills of the directors as listed above, as well as the common attributes listed in this paragraph, led to the conclusion that each of the nominees and continuing directors should serve as a director of the Company.

Board Diversity

Historically, the Board has implemented and assessed the effectiveness of its guideline to achieve diversity in professional backgrounds by reviewing and evaluating information detailing the positions held by incumbent directors and proposed director candidates, as well as the industries in which they work or had worked in the past. The Company's Corporate Governance Guidelines provide that diversity of gender and ethnicity are factors that the Governance and Nominating Committee may consider in recommending nominees for election to the Board. These factors were considered by the Governance and Nominating Committee in making its recommendation that each of C. Richard Green, Jr., Nigel G. Howard and J. Pieter Sikkel be nominated for re-election to the Board. By the inclusion of these provisions to the Corporate Governance Guidelines, the Board encourages consideration of these factors, but does not anticipate that consideration of such matters of diversity would, of itself, result in the displacement of qualified incumbent directors. Instead, the Board anticipates that these factors have the most impact in the evaluation of new candidates joining the Board. The Board believes that Ms. Fitzpatrick contributes to the Board's diversity.

Table of Contents***Independence***

The Board has affirmatively determined that the directors and nominees listed herein, with the exception of Mr. Sikkell who is currently President and Chief Executive Officer of the Company, are independent as that term is defined under the Corporate Governance Standards of the New York Stock Exchange.

Director Stock Ownership Guidelines

The Board of Directors has adopted amended stock ownership guidelines pursuant to which each director has five years after the individual becomes a director to accumulate ownership of Alliance One common stock having a market value that equals or exceeds three (3) times the then-current annual base cash retainer (excluding committee fees and equity grants) payable to non-executive directors for their service on the Board. Shares held by immediate family members residing in the same household, shares of restricted stock (whether vested or unvested), and shares held in trust for the benefit of the director count toward the threshold established under such stock ownership guidelines. Once a director complies with these stock ownership guidelines, the director is deemed to continue to be in compliance unless and until the director sells or otherwise disposes of shares, except for any sale to satisfy the tax liability incurred in connection with the acquisition of shares. Under the guidelines, if a director is not in compliance with the required ownership levels, the director may not dispose of any shares acquired (other than to satisfy the tax liability incurred in connection with the acquisition of the shares). Ms. Fitzpatrick and Messrs. Eckmann, Green, Howard, Kehaya and Wade were in compliance with the guidelines on June 16, 2017, the date of the last annual evaluation. Messrs. Hausmann and Rice were first elected to the Board of Directors in 2013, and are not yet required to maintain the share ownership specified by the guidelines.

Board Committees and Membership

The Board has standing Audit, Executive, Executive Compensation, Governance and Nominating, and Social Responsibility and Corporate Affairs Committees. With the exception of the Executive Committee, each committee operates under a charter approved by the Board. Such charters, containing descriptions of the committees responsibilities, are available on our website, www.aointl.com. All members of the Audit, Executive Compensation and Governance and Nominating Committees meet the requirements for independence set forth by the New York Stock Exchange in Section 303A.02 of the Listed Company Manual. Further, the Board has determined that each member of the Audit Committee meets the additional requirements for independence set forth by the New York Stock Exchange in Section 303A.07 of the Listed Company Manual, and that each member of the Executive Compensation Committee meets the additional requirements for independence set forth by the New York Stock Exchange in Section 303A.05 of the Listed Company Manual.

The following table indicates the current membership of, and number of meetings held during fiscal year 2017 by, each standing committee of the Board.

The **Audit Committee** currently consists of Mr. Eckmann (Chairman), Mr. Rice and Mr. Wade. This Committee's principal responsibilities include overseeing accounting policies, auditing and reporting practices; selecting, overseeing, evaluating, compensating and replacing independent auditors; overseeing the internal audit function; evaluating the adequacy and effectiveness of internal controls and risk management policies; overseeing compliance with legal and regulatory requirements; providing for the receipt, retention and treatment of complaints regarding internal accounting controls or auditing matters; and preparing a committee report for inclusion in the annual proxy statement.

The **Executive Committee** currently consists of Mr. Kehaya (Chairman), Mr. Green, Mr. Howard and Mr. Sikkel. This Committee meets on call and has the authority to act on behalf of the Board when the full Board is not in session.

The **Executive Compensation Committee** currently consists of Mr. Howard (Chairman), Mr. Green and Mr. Hausmann. This Committee's principal responsibilities include reviewing and approving incentive compensation and equity-based plans consistent with shareholder-approved plans; where appropriate, making recommendations to the Board with respect to new incentive compensation plans and equity-based plans for Board or shareholder approval; reviewing and approving salaries and incentive awards for executive officers; reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer; evaluating CEO performance; recommending to the independent directors the compensation of the CEO, including base salary and incentive awards; and preparing a committee report on executive compensation for inclusion in the annual proxy statement.

The **Governance and Nominating Committee** currently consists of Mr. Rice (Chairman), Ms. Fitzpatrick, Mr. Green and Mr. Wade. This Committee's principal responsibilities include analyzing the structure, size and composition of the Board; developing and monitoring director selection criteria; identifying, recruiting, evaluating and recommending to the Board qualified nominees for election to the Board of Directors at the Annual Meeting of Shareholders; reviewing and recommending to the Board Corporate Governance Guidelines; overseeing the adoption and periodic review of committee charters; overseeing the Company's Compliance Program; recommending to the Board, when appropriate, the removal of a director; recommending to the Board directors to serve as Chairman, Lead Independent Director, committee chairs and committee members; recommending to the Board the retirement policy and remuneration of non-employee directors; providing for Board and committee self-evaluations; and reporting to the Board its conclusions regarding the Board's effectiveness and performance.

The **Social Responsibility and Corporate Affairs Committee** currently consists of Ms. Fitzpatrick (Chairman), Mr. Eckmann, Mr. Hausmann and Mr. Kehaya. The Committee's principal responsibilities include monitoring the Company's strategy regarding, and management of, issues relating to good corporate citizenship, environmental sustainability, human rights and labor practices, health and safety and other emerging social issues (collectively, Corporate Social Responsibility Issues); reviewing global regulatory and public policy issues affecting the Company and the Company's positions thereon; monitoring the Company's relationships with key stakeholders; monitoring plans for the production of, and review, the AOI Sustainability Report and related issue-specific reports; reviewing the Company's progress against key sustainability goals, targets and commitments; and reviewing and making recommendations to the Board regarding shareholder proposals relating to Corporate Social Responsibility Issues.

In addition to these standing committees, on October 29, 2015 the Board of Directors established a special committee composed of Mr. Green, Mr. Eckmann and Mr. Rice, respectively the Company's Lead Independent Director, the Chairman of the Audit Committee and the Chairman of the Governance and Nominating Committee, to monitor and periodically report to the Board of Directors regarding the investigation regarding discrepancies in accounts receivable and inventory at the Company's Kenyan subsidiary, and any other matters that may arise in the course of such investigation. The special committee, which met periodically throughout fiscal year 2017, was delegated the authority

to determine the identity of persons to direct the investigation, to meet with independent legal counsel and forensic accountants retained with respect to the investigation, and to receive reports from such counsel, forensic accountants and other persons as deemed appropriate by the special committee.

Board Meetings

Alliance One's non-management directors, all of whom are independent as that term is defined by the Corporate Governance Standards of the New York Stock Exchange, meet regularly in executive session. In accordance with Alliance One's Corporate Governance Guidelines, the Lead Independent Director presides at executive sessions of non-management directors. Mr. Green has served as Lead Independent Director since the 2013 annual meeting of shareholders. The Board typically determines the Lead Independent Director at the first meeting of the Board of Directors following the annual shareholders meeting in conjunction with committee assignments.

Table of Contents

During fiscal year 2017, there were seven meetings of the Board of Directors, and no director attended fewer than 75% of the aggregate of all meetings of the Board of Directors and the committees on which he or she served. All directors attended the 2016 annual meeting.

Compensation of Directors

Directors who are employees of the Company or its subsidiaries or who serve as paid consultants to the Company are not compensated for their services as director. The following table represents the fiscal year 2017 compensation for all directors then in office other than Mr. Sikkel, and includes compensation paid to Norman A. Scher, who retired from service as a director upon the commencement of the 2016 annual meeting of shareholders. Compensation information for Mr. Sikkel is disclosed herein under the section entitled *Executive Compensation Tables*.

RELATED PARTY TRANSACTIONS

During the fiscal year ended March 31, 2017, the Company purchased tobacco from Msamba Estate Limited for approximately \$614,400. Msamba Estate Limited, a commercial tobacco grower in Malawi which has been selling tobacco to the Company and its predecessors since 2001, is owned by the brother of Graham J. Kayes. Mr. Kayes, who serves as Executive Vice President - Business Relationship Management and Leaf, has not had any involvement in the sales transactions between the Company and Msamba Estate Limited. The price paid to Msamba Estate Limited for the tobacco was at the same price paid to other Malawi growers for the same grades and types of tobacco. Msamba Estate Limited is under contract to sell tobacco to the Company during the current crop; however, the exact amount of any such sales will not be known until purchasing concludes in Malawi later this year.

AUDIT MATTERS

Audit Committee Members and Meetings

Alliance One's Board of Directors has an Audit Committee that is composed of Mr. Eckmann (Chairman), and Messrs. Rice and Wade. The Committee met eleven times during fiscal year 2017.

Financial Literacy and Expertise

The Board, upon recommendation of the Governance and Nominating Committee, has determined that each member of the Audit Committee is financially literate as that term is interpreted by the Board in its business judgment. The Board has further determined that each of Mr. Eckmann and Mr. Wade meet the requirements of an audit committee financial expert, as that term is defined by the SEC in Item 407 of Regulation S-K. As stated above, Messrs. Eckmann, Rice and Wade have been determined to be independent from management in accordance with the categorical standards described above and the NYSE listed company guidelines.

Other Audit Committee Service

The Company currently does not limit the number of audit committees on which its Audit Committee members may serve. However, the Audit Committee charter approved by the Board stipulates that, if an Audit Committee member simultaneously serves on the audit committee of more than three public companies, the Board must determine that such simultaneous service would not impair the ability of the director to effectively serve on the Company's Audit Committee and disclose such determination in the annual proxy statement. None of the Audit Committee members currently serves on more than three audit committees of public companies.

Audit Committee Functions

The primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities with respect to the Company's accounting and financial reporting practices, and the quality and integrity of the Company's financial reports. This includes the oversight of Alliance One's financial statements provided to any governmental or regulatory body, the public or other users; the effectiveness of Alliance One's internal control process; and Alliance One's engagement of independent auditors. The Committee's functions are described more fully in the section entitled *Board Committees and Membership*.

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities the Committee reviewed with management the audited financial statements in the Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee including, but not limited to, the standards under Public Company Accounting Oversight Board Rule 3526, and the Committee has discussed any items required to be communicated to it by the

Table of Contents

independent auditors in accordance with regulations promulgated by the Securities and Exchange Commission and the Public Company Accounting Oversight Board and standards established by the American Institute of Certified Public Accountants and the Independence Standards Board.

The Committee has received from the independent auditors a letter describing any relationships with the Company that may bear on their independence and has discussed with the independent auditors the auditors' independence from the Company and its management. The Committee has pre-approved all fiscal year 2017 audit and permissible non-audit services provided by the independent auditors and the fees for those services. As part of this process, the Committee has reviewed the audit fees of the independent auditors. It has also reviewed non-audit services and fees to assure compliance with regulations prohibiting the independent auditors from performing specified services that might impair their independence as well as compliance with the Company's and the Committee's policies.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2017 for filing with the Securities and Exchange Commission.

John D. Rice

Martin R. Wade, III

Policy for Pre-Approval of Audit and Non-Audit Services

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services to be provided by the independent auditors. These services include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of service and is subject to a specific budget. The Audit Committee requires the independent auditors and management to report at Audit Committee meetings throughout the year on the actual fees charged for each category of service.

During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those instances the Audit Committee requires specific pre-approval before engagement. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee for those instances when pre-approval is needed prior to a scheduled Audit Committee meeting. The Chairman of the Audit Committee must report on such pre-approvals at the next scheduled Audit Committee meeting.

Independent Auditors

Deloitte & Touche LLP (Deloitte & Touche), audited the Company's accounts for the fiscal years ended March 31, 2017 and March 31, 2016; and, as more fully described below in Proposal Two, has been selected by the Audit

Committee to serve as Alliance One's independent auditors for the fiscal year ending March 31, 2018.

Table of Contents***Audit and Non-Audit Fees***

Set forth below are the fees billed to the Company by Deloitte & Touche in connection with services rendered during the fiscal years ended March 31, 2016 and March 31, 2017:

	FY 2016	FY 2017
Audit Fees⁽¹⁾	\$ 4,616,636	\$ 7,589,868
Audit-Related Fees⁽²⁾	51,643	128,550
Tax Fees⁽³⁾	156,563	60,000
All Other Fees⁽⁴⁾		
Total	\$ 4,824,842	\$ 7,778,418

- (1) *Audit Fees.* Audit Fees consist of professional services rendered in the audit of the Company's annual financial statements, review of the Company's quarterly financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, such as comfort letters, statutory audits, attest services, consents and assistance with reporting requirements.
- (2) *Audit-Related Fees.* Audit-Related Fees consist of assurance and related services performed by the independent auditor that are reasonably related to the performance of the audit or review of financial statements and may include, among others, employee benefit plan audits, due diligence related to mergers and acquisitions, internal control reviews and consultation regarding financial accounting and reporting standards.
- (3) *Tax Fees.* Tax Fees consist of services performed by the independent auditor for tax compliance, tax planning and tax advice.
- (4) *All Other Fees.* There were no fees billed or services rendered by Deloitte & Touche during fiscal years 2016 and 2017 other than those described above.

PROPOSAL TWO***RATIFICATION OF DELOITTE & TOUCHE AS INDEPENDENT AUDITORS***

The Audit Committee has selected the firm of Deloitte & Touche to serve as the Company's independent auditors for the fiscal year ending March 31, 2018, and has directed that management submit the selection of independent auditors to the shareholders for ratification at the Annual Meeting. Representatives of Deloitte & Touche are expected to attend the shareholder meeting, will have an opportunity to make a statement if they so desire, and will also be available to respond to appropriate questions.

Shareholder ratification of the selection of Deloitte & Touche as the Company's independent auditors is not required by the Company's bylaws or otherwise. However, we are submitting the selection of Deloitte & Touche to the shareholders for ratification as a matter of good corporate practice. If the appointment of Deloitte & Touche is not ratified by the shareholders, the Audit Committee will reconsider whether or not to retain Deloitte & Touche. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent audit firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING MARCH 31, 2018.

PROPOSAL THREE

ADVISORY VOTE ON THE

COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), the Company is required to provide shareholders with the opportunity to cast an advisory vote on compensation to our Named Executive Officers as reported in this proxy statement (sometimes referred to as say on pay). Accordingly, the following resolution will be presented to the shareholders at the annual meeting:

Resolved, that the shareholders hereby approve, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed, pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission, in the Company's proxy statement for the 2017 annual meeting of shareholders.

This advisory vote is nonbinding on the Company; however, the Board and the Executive Compensation Committee, which is comprised of independent directors, will take into account the outcome of the vote when considering future executive compensation decisions.

The Board and the Executive Compensation Committee believe that our executive compensation policies, procedures and decisions made with respect to our named executive officers are based on our pay for performance philosophy, and are focused on achieving the Company's goals and enhancing shareholder value. We have concluded that the compensation paid or awarded to each executive officer for the most recent fiscal year was reasonable and appropriate. Shareholders are encouraged to read the section entitled *Executive Compensation Compensation Discussion and Analysis*, the accompanying compensation tables, and the related narrative disclosure included in this proxy statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ADOPTION OF THE RESOLUTION APPROVING, ON AN ADVISORY BASIS, OF THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL FOUR

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES

ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

Under the Dodd-Frank Act, the Company is further required to provide shareholders with the opportunity every six years to cast an advisory vote on whether future advisory votes on executive compensation should be held every one year, every two years or every three years. In 2011, the Board recommended, and the shareholders approved, an annual advisory vote on executive compensation.

The Board continues to believe that a frequency of every one year for the advisory vote on executive compensation is the optimal interval for conducting and responding to a say on pay vote to permit the shareholders to express their view on this matter at each annual meeting.

The proxy card provides shareholders with the opportunity to choose among four options (holding the vote every one year, every two years or every three years, or abstaining) and, therefore, shareholders will not be voting to approve or

disapprove the Board's recommendation.

This advisory vote on the frequency of the say on pay vote is nonbinding on the Company. However, the Board and the Executive Compensation Committee will take into account the outcome of the advisory vote when considering the frequency of future advisory votes on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE OPTION OF EVERY ONE YEAR FOR THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION.

Compensation Discussion and Analysis

Introduction

The following sections contain the Compensation Discussion and Analysis (CD&A). This CD&A provides an overview and analysis of the Company's fiscal year 2017 executive compensation program and the material compensation decisions that were made for our principal executive officer and our other executive officers named in the *Summary Compensation Table* in the following section *Executive Compensation Tables*. This group of executive officers is collectively referred to as the *Named Executive Officers* throughout this document. During fiscal year 2017, our Named Executive Officers were:

J. Pieter Sikkel, President and Chief Executive Officer (principal executive officer)

Joel L. Thomas, Executive Vice President, Chief Financial Officer (principal financial officer)

Graham J. Kayes, Executive Vice President, Business Relationship Management and Leaf

Jose Maria Costa Garcia, Executive Vice President, Global Operations and Supply Chain

William L. O Quinn, Jr., Senior Vice President, Chief Legal Officer and Secretary

Executive Summary

During fiscal year 2017, the Company continued its focus on strengthening our balance sheet and cost structure, reducing uncommitted inventories and improving efficiencies to navigate challenging industry dynamics and deliver improved shareholder value. The refinancing of our Company's debt eliminated certain financial covenants, which has enhanced the Company's flexibility to manage the seasonal nature of our business. We expect the impact of our implemented strategic initiatives will be recognized as crop sizes return to more normal levels in certain markets, which we expect to see in the next fiscal year. The Company also continues to make progress on global plans and strategies which are aligned to meet changing customer requirements. Supply chain simplification is a priority for our customers, and we have the capabilities and infrastructure to support the reversal of customers' partial vertical integration strategies. Additionally, our agronomy and operations teams are well-positioned to support manufacturers' next generation reduced risk products.

We are making progress that is reflected by the repurchase of \$28.4 million of our 9.875% senior secured second lien notes during the fiscal year, as well as working capital improvements that include a \$98.8 million reduction in inventories, a \$148.0 million reduction in receivables and a \$273.4 million increase in cash on hand at fiscal year-end as compared with fiscal year 2016. However, fiscal year 2017 continued to be challenging due largely to extraordinary weather conditions. The Executive Compensation Committee of the Board of Directors (the *Committee*) concluded that while the Company successfully executed some of our key strategic initiatives that had a positive effect of strengthening our balance sheet, the fiscal year-end EBITDA results fell short of the financial targets set by the

Committee at the beginning of the fiscal year. As discussed in more detail under the section entitled *Incentives*, based on the annual incentive plan targets and metrics applicable to each Named Executive Officer, the Debt Reduction target was achieved at 57%, while the Adjusted Free Cash Flow over Prior Year target was not achieved. However, due to the profit and loss impact of fiscal year-end results, the Committee, in its discretion, determined that no incentive compensation payments would be made to the Named Executive Officers based on financial metrics for fiscal year 2017. In addition, no incentive compensation plan payments based on financial metrics for fiscal year 2017 were made under the long-term performance-contingent share units awarded in fiscal year 2015 for the performance period ending March 31, 2017.

Table of Contents

What We Do

What We Don't Do

Align pay and performance

No automatic vesting (single-trigger) of share options or performance-based or time-based restricted share units upon a change-in-control transaction

Benchmark against peers whose profile, operations, and business markets share similarities with Alliance One International, Inc.

No hedging transactions with respect of our shares by directors and officers is permitted

Use equity for long-term incentive awards

No pledging of our shares by directors and officers is permitted

Maintain an appropriate balance between short-term and long-term incentive compensation opportunities which discourages short-term risk taking at the expense of long-term results

No guaranteed bonuses

Cap incentive payout and vesting levels under our incentive plans

No repricing or backdating of share options

Require significant executive share ownership of our executive officers

No excessive perquisites

Provide a clawback policy designed to recoup incentive compensation paid to executive officers based on erroneously prepared financial statements

No discounted share options

Engage an independent compensation advisor, who performs no other consulting work for Alliance One International

No incentive plans that encourage excessive risk taking

Conduct annual risk assessments of our compensation policies and practices

No excise tax gross-up provisions in employment agreements

Pay for Performance

Prior to the beginning of fiscal year 2017, the Committee approved the annual incentive plan design for the Named Executive Officers that aligns our executive compensation programs with the Company's overall strategy to reduce debt, reduce interest expense and improve cash operating income with the ultimate goal of improving shareholder value. The approved annual incentive plan for the Named Executive Officers is based on achieving pre-established target metrics of a reduction in the amount of our 9.875% senior secured second lien notes and an improvement in Adjusted Free Cash Flow over the prior fiscal year.

In addition, the Committee approved a long-term incentive plan for the Named Executive Officers, providing for a three-year time frame consisting of a combination of performance-contingent share unit and restricted share unit awards. The Committee believes that using the combination of performance-based and time-based awards addresses the goal of motivating long-term performance while providing for retention.

The annual and long-term incentive programs are discussed in detail under the section entitled Incentives.

Fiscal Year 2016 Executive Compensation Vote

Beginning in 2011, the Company provided an annual say-on-pay advisory vote regarding executive compensation. The Company received majority approval at the fiscal year 2016 annual meeting of shareholders, with more than 95% of the votes cast in favor of the compensation of our named executive officers as described in our fiscal year 2016 proxy statement. The Committee acknowledged the overwhelming support received from our shareholders and viewed the results as confirmation of the Company's executive compensation policies and decisions. Accordingly, the compensation philosophy and objectives were not significantly changed in 2017.

Compensation Philosophy and Core Principles

The primary objectives of our compensation and benefit programs are:

to attract, motivate and retain qualified executive talent to provide strong, competitive leadership;

to align the interests of our executives with the interests of our shareholders;

- 24 -

Table of Contents

to support a pay-for-performance culture which encourages and rewards the achievement of the Company's strategic, financial and operating performance objectives; and

to maintain a cost-effective structure that is aligned with the interests of our shareholders.

Role of Executive Compensation Consultant

Under its charter, the Committee is responsible for selecting and retaining its advisors. For fiscal year 2017, the Committee retained Radford, an Aon Hewitt company (Radford or the Consultant), as its independent third-party advisor to provide advice, research, evaluation and design services related to executive compensation. During fiscal year 2017, Radford also provided advice, research, evaluation and design services related to Board of Directors compensation to the Governance and Nominating Committee of the Board of Directors, but provided no services to the Company other than the executive compensation and board compensation consulting services provided to the Committee and the Governance and Nominating Committee. Radford reported directly to the Committee and met regularly with the Committee Chair and the Committee both with and without management present. The Committee considered the relevant factors set forth in the rules of the New York Stock Exchange and believes Radford is able to provide independent advice, free from conflicts of interest, to the Committee concerning executive compensation matters.

Process and Procedure for Determining Compensation of Executive Officers

The Board of Directors has charged the Committee with the responsibility for establishing and overseeing executive compensation for the Named Executive Officers. As part of this responsibility, the Committee, along with the other Independent Directors, also evaluates the performance of the President and Chief Executive Officer (CEO) and determines the CEO's compensation based on such performance assessment as well as the Company's compensation philosophy. Prior to the beginning of the fiscal year, based on independent data provided by Radford, as well as individual performance evaluation results, the CEO made recommendations to the Committee for the base salary and incentive compensation opportunities of the Named Executive Officers other than himself.

For fiscal year 2017, in determining and assessing the compensation levels and structure, the Committee reviewed and considered market data and information provided by Radford, individual compensation tally sheets prepared by the Company showing a summary total of all elements of compensation, individual performance evaluation results and recommendations from the CEO. In addition, given the limited number of direct competitors for which data is available, the market data provided by Radford was obtained from independent published compensation surveys as well as from a selected group of peer companies. The Committee frequently reevaluates the group of peer companies for reasonableness based on the following criteria:

Companies with whom we compete directly;

Companies with an international scope;

Companies of similar size with regard to revenues; and

Companies with a similar place in the supply chain.

For fiscal year 2017, the following companies were selected by the Committee for use as the group of peer companies:

Clearwater Paper Corporation

Greif, Inc.

KapStone Paper and Packaging Corporation

International Flavors and Fragrances, Inc.

Louisiana-Pacific Corporation

McCormick & Company, Incorporated

Neenah Paper, Inc.

P. H. Glatfelter Company

Sanderson Farms, Inc.

Schweitzer-Mauduit International, Inc.

Seneca Foods Corporation

The Andersons, Inc.

The Hain Celestial Group, Inc.

Verso Corporation

Table of Contents

The Committee uses a consistent approach in setting compensation opportunities for the Named Executive Officers but also exercises appropriate business judgment in how it applies these standard approaches to the facts and circumstances associated with each executive. Although the Committee reviews the compensation practices of the companies in the peer group, the Committee does not adhere to strict formulas or survey data to determine the mix or absolute value of compensation components. Instead the Committee considers various factors in exercising its discretion to determine compensation, including the experience, responsibilities and performance of each of the Named Executive Officers as well as the Company's overall financial and competitive performance. The Committee also reviews composite market data from independent published compensation surveys, as noted above, which provides general background information. However, the Committee's benchmarking analysis focused on data with respect to the peer group of companies named above when making compensation policies and decisions.

Elements of Compensation

To meet our compensation objectives, our compensation programs must be both competitive and reflect an appropriate balance of performance-based versus fixed, and cash versus equity, compensation. The Committee regularly reviews the compensation programs based on our strategy and the market to ensure alignment with our core compensation principles and objectives. Accordingly, the compensation mix may vary over time and among executives. In general, overall compensation levels are targeted at the market median of competitive practice, but actual pay earned varies based on Company and individual performance, as well as other limiting factors such as equity available for granting under a long-term incentive plan.

The core elements of compensation for the Named Executive Officers are described in the following table showing the target compensation mix, as well as the actual fiscal year compensation mix prior to discretionary bonuses being awarded:

Element	Description	Objective
Base salary	Fixed compensation typically set to be consistent with the Company's size relative to our peer group	Provides base economic security at a level consistent with competitive practices
Target: 20% - 40% of an officer's target compensation		Reflects role and responsibility of executive
Actual FY2017: 39% - 48% of an officer's target compensation		Affected by individual performance, experience, level of responsibility and future potential.
Annual incentives	Variable cash compensation linked to corporate objectives Actual payment based on performance	Provides alignment to annual operating and long-term business strategy through corporate objectives

For fiscal year 2017, due to the number of shares available under the 2016 Incentive Plan and to ensure annual run-rates are maintained at acceptable levels, we are not able to make market competitive equity grants. The result is the actual compensation mix varied significantly from the target compensation mix. The charts below provide a breakdown of the actual fiscal year 2017 awards of pay elements for the Named Executive Officers:

Table of Contents**Base Salaries**

Base salaries serve as the foundation of the Company's compensation program. Base salary levels are targeted to approximate the median salary of those presented in the competitive market data, while taking into account the Company's size relative to our peer group. However, an individual's actual salary is based on the Committee's subjective evaluation of a number of factors, including the role and nature of the job relative to market information as well as the individual's performance, tenure and qualifications. Base salaries are adjusted periodically (typically at the start of the fiscal year), based on competitive market changes, individual and corporate performance, modifications in job responsibilities, the executive's position within his respective salary range and the Committee's subjective assessment of the executive's future potential and value to the Company. However, none of the Named Executive Officers received a salary increase in fiscal year 2016. In addition, Mr. Thomas did not receive a salary increase in fiscal year 2015. Therefore, after considering the principles and market data discussed above, in order to bring the salaries more in line with competitive market levels, in March 2016, the Committee reviewed the base salary of each of the Named Executive Officers and the following salaries were approved effective April 1, 2017:

Fiscal Year 2017 Base Salaries			
Name	FY2016 Base Salary	FY2017 Base Salary	% Increase
J. Pieter Sikkel	\$ 600,000	\$ 642,000	7%
Joel L. Thomas	\$ 330,000	\$ 379,500	15%
Graham J. Kayes	\$ 320,000	\$ 342,400	7%
Jose Maria Costa Garcia	\$ 320,000	\$ 342,400	7%
William L. O'Quinn, Jr.	\$ 300,500	\$ 321,500	7%

Each of the Named Executive Officer's base salaries are at or below the market median when compared to the median salary of those presented in the competitive market data.

Table of Contents**Incentives**

For fiscal year 2017, as noted above under the section entitled *Pay for Performance*, the Committee approved annual and long-term incentive programs that strengthen senior management's alignment with the interest of shareholders and that are designed to drive a true pay-for-performance culture. The goal of both the annual and long-term incentive programs is to provide significant incentive to senior executives to consider both the short-term and long-term impact when making business decisions to strengthen our organization and to position the Company for long-term success in order to deliver added value for our customers and shareholders. Below are details describing the Company's annual and long-term incentive plans:

Annual Incentives

The purpose of the annual incentive plan is to encourage executives to achieve pre-determined key corporate financial and strategic objectives where a very high level of performance and commitment are required to effect change and meet the challenges facing the Company that lead to business growth and increased shareholder value. For fiscal year 2017, the Committee approved the Annual Incentive Plan (the "AIP"), pursuant to which Named Executive Officers were eligible for cash bonus awards. Annual incentives under the AIP are structured to provide for varying Stretch award opportunities expressed as a percentage of annual base salary with actual awards reflecting achievement of Company goals.

The fiscal year 2017 AIP provides for Base and Stretch targets, with Base being the minimum level of performance at which a bonus begins to be earned and Stretch being the performance required in order to earn 100% of the Stretch bonus award opportunity. The Committee generally intends to set Company performance targets that are challenging yet provide executives with a reasonable opportunity to reach and exceed Base, while requiring substantial growth to reach Stretch. The amount of growth required to reach Stretch is developed within the context of the annual operating plan, and while difficult to achieve, is not viewed to be so aggressive as to entice executives to take inappropriate risks that could threaten financial or operating stability.

Each year management presents to the Board an operating strategy and financial plan for the year. The Committee, with input from its compensation consultant and management, established and approved the AIP's key performance measures and corporate goals for the year. For fiscal year 2017, the Committee approved the following performance goals for the AIP:

	Base	Stretch	FY2017 Actual Results
Debt Reduction (000 \$)⁽¹⁾	\$ 0	\$ 50,000	\$ 28,400
Improvement in Adjusted Free Cash Flow over Prior Year (000 \$)⁽²⁾	\$ 19,249	\$ 69,249	(\$ 3,176)

- (1) Debt Reduction defined as the reduction in the outstanding principal amount of the Company's 9.875% senior secured second lien notes due 2021 (the "Second Lien Notes") made from free cash flow. Performance between Base and Stretch are interpolated. The measure was not affected in fiscal year 2017 by the Company's issuance in October 2016 of \$275 million aggregate principal amount of the Company's 8.500% senior secure first lien notes due 2021, as the net proceeds from the issuance of such notes were principally used to repay indebtedness

outstanding under the Company's former senior secured revolving facility.

- (2) Improvement in Adjusted Free Cash Flow over Prior Fiscal Year (AFCF) defined as EBITDA plus Restructuring and Asset Impairment Charges minus Cash Interest and Cash Taxes minus Routine Capital Expenditures. The Base AFCF is the fiscal year 2016 AFCF (using EBITDA excluding the one-time Zimbabwe reconsolidation gain) plus 50% of the total potential bonuses payable at Stretch under the Company's Annual Incentive Plans to ensure the plans are self-funded. Performance between Base and Stretch are interpolated.

The Committee maintains discretion to reduce the payment amounts for annual incentives awards under the AIP if the performance targets are achieved.

For fiscal year 2017, the Company repaid \$28.4 million of Second Lien Notes debt from free cash flow. As such, the Debt Reduction Stretch target was achieved at 57%. The fiscal year 2017 AFCF actual result was below the Base level and therefore, the AFCF target was not achieved at any level. While the reduction in the outstanding amount of Second Lien Notes achieved its goal of helping strengthen the Company's balance sheet, after considering

overall Company financial performance, the Committee, in its discretion, reduced AIP award payouts to 0% of what was achieved under the plan. The 2017 AIP award opportunities, award achievements per the plan provisions, and the actual payouts for each of the Named Executive Officers are presented below:

Name	FY2017 AIP Awards			
	AIP Stretch Award Opportunity (%)	AIP Stretch Award Opportunity (\$)	AIP Award Achieved (\$)	AIP Award Payout (\$)
J. Pieter Sikkel	200%	\$ 1,284,000	\$ 364,656	
Joel L. Thomas	150%	\$ 569,250	\$ 161,667	
Graham J. Kayes	150%	\$ 513,600	\$ 145,862	
Jose Maria Costa Garcia	150%	\$ 513,600	\$ 145,862	
William L. O Quinn, Jr.	150%	\$ 482,250	\$ 136,959	

Long-Term Incentive Compensation

On August 11, 2016, the shareholders approved the Alliance One International, Inc. 2016 Incentive Plan (the 2016 Incentive Plan), which is the successor to the 2007 Incentive Plan initially approved by shareholders on August 16, 2007, as amended and restated with shareholder approval on August 11, 2011. The Committee administers this plan as the principal means to provide long-term incentives to the Company's executive officers and certain other officers and key employees, and in doing so, annually monitors the overall dilution level and run-rate of shares issued under the plan. All equity grants are approved by the Committee before being issued. The Company does not time or plan to time its release of material non-public information for the purpose of affecting the value of executive compensation.

The purpose of long-term incentive compensation is to build share ownership among key employees and to closely align the interests of management and shareholders by creating a long-term view of performance and value creation. While the goal of the Committee is to provide long-term incentives that comprise a significant portion of the Named Executive Officers' total direct compensation, due to the limited number of shares available under the 2016 Incentive Plan and to ensure run-rates are maintained at acceptable levels, the Committee is unable to provide market competitive grants to the executive officers at this time.

Therefore, on August 15, 2016, the Committee awarded the Named Executive Officers a combination of performance-contingent share units and restricted share units with the goal of motivating long-term performance and shareholder value creation, while providing a retention element. In addition, on March 22, 2017, in lieu of providing FY2018 salary increases to the Named Executive Officers, the Committee awarded each executive officer a restricted share unit grant equivalent to 6% of their base salary using a deemed value of \$20 per share rounded to the nearest 10 shares. The table below shows the fiscal year 2017 incentive plan awards granted to the Named Executive Officers, along with the value of these awards as of the date of grant:

Name	FY2017 Long-Term Incentive Plan Awards			
	Grant Date LTIP	Estimated Future Payouts Under the Value of Performance - Contingent Granted	Restricted Share Units Granted	Restricted Share Units Granted

	Awards (1)	8/15/2016 (2)		8/15/2016	3/22/2017	
		25% (#)	100% (#)	200% (#)	(#)	(#)
J. Pieter Sikkel	\$ 358,090	1,563	6,250	12,500	12,500	1,930
Joel L. Thomas	\$ 181,320	781	3,125	6,250	6,250	1,140
Graham J. Kayes	\$ 113,680	469	1,875	3,750	3,750	1,060
Jose Maria Costa Garcia	\$ 113,680	469	1,875	3,750	3,750	1,060
William L. O Quinn, Jr.	\$ 112,510	469	1,875	3,750	3,750	970

- (1) The value as of the grant date is the number of performance-contingent share unit awards at target (100%) plus the number of restricted share unit awards multiplied by the closing price on the date of grant. The closing price of Alliance One International, Inc. common stock on August 15, 2016 was \$17.76 per share and on March 22, 2017 was \$13.00 per share.
- (2) The actual number of shares that will be earned at the end of the performance period, if any, cannot be determined because the shares earned will be based on future performance.

Table of Contents

The performance-contingent share unit awards are earned based on three fiscal-year average adjusted earnings per share for the performance period beginning April 1, 2016 and ending March 31, 2019. Adjusted earnings per share is defined as the fully-diluted earnings per share of Common Stock, adjusted to exclude extraordinary gains and losses, restructuring and impairment, debt retirement expense and annual cash incentive award accruals under the AIP. The performance levels are expressed as threshold, target, and maximum and the actual number of shares to be earned will be contingent upon the three fiscal-year average adjusted earnings per share as of March 31, 2019, with 100% being earned at the target level up to 200% being earned at the maximum level. If the three-year average adjusted earnings per share as of March 31, 2019 is below the threshold level, no shares will be earned and performance between threshold and target or between target and maximum will be interpolated based on actual performance.

The performance criteria are designed to reflect the probability of success and level of difficulty for meeting the goal. Threshold was set as the minimum level of performance above which shares will be earned or vest and represents a level of performance that is likely to be achieved. Target was set based on a level of performance that is more aggressive with an average chance of achievement and Maximum was set based on exceptional performance above targeted goals with a high degree of difficulty to achieve. There is a risk that no shares will be earned or vest at all or will be earned or vest at less than 100% of the target amount. Any performance-contingent share unit awards earned will be delivered in shares of Common Stock. The Committee, in its discretion, may decrease the number of performance share unit awards earned in recognition of other performance factors that the Committee deems relevant.

The restricted stock units granted August 15, 2016 ratably vest one-third per year over three years after the date of grant in the event that the executive officer is still employed by the Company at that time. Upon vesting, one share of common stock is delivered for each vested unit. Once the restricted share unit awards vest, 100% of the shares earned/vested, net of taxes, must be held until the **earlier** of (a) August 15, 2019 or (b) termination of employment. This holding period is intended to foster long-term share ownership. In addition to providing an incentive to increase the value of the Company's common stock, these units also provide for the retention of executive officers.

The restricted stock units granted March 22, 2017 ratably vest one-third per year over three years after the date of grant in the event that the executive officer is still employed by the Company at that time. Upon vesting, one share of common stock is delivered for each vested unit.

In fiscal year 2015, the Company awarded performance-contingent share units to then executive and senior officers of the Company. The performance-contingent share unit awards would be earned if certain cumulative company-wide performance criteria are met over a three-year performance period ending March 31, 2017. The performance measure used for the fiscal year 2015 performance-contingent share unit awards is based on a performance matrix comprised of the Company's Consolidated Net Debt and Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) at the end of the Performance Periods. Consolidated Net Debt for this purpose means the sum of the Company's consolidated long-term debt, current maturities of long-term debt and notes payable to banks minus the Company's consolidated cash and cash equivalents at the end of the performance periods. EBITDA for this purpose means the EBITDA as derived from information presented in the Company's audited financial statements, with any adjustments as may be determined by the Committee in its sole and absolute discretion, regardless of whether any such adjustment increases or decreases EBITDA as would otherwise be determined.

The performance-contingent share unit awards earned depended on the Company's performance for three separate performance periods (1) the fiscal year ended March 31, 2015, (2) the two fiscal-year period ending March 31, 2016 and (3) the three fiscal-year period ending March 31, 2017 against a performance matrix of cumulative EBITDA for the period and Consolidated Net Debt at period end. No performance-contingent share unit awards were earned for the one fiscal-year performance period ended March 31, 2015 or for the two fiscal-year performance period ended March 31, 2016. Based on EBITDA and Net Debt levels for and at the end of fiscal year 2017, no shares vested under

the performance-contingent share unit awards for fiscal year 2017, and all of the fiscal-year 2015 performance-contingent shares unit awards were forfeited as of March 31, 2017, the last day of the three fiscal-year period.

Stock Ownership Guidelines

In addition to the holding periods described above, executive officers are subject to minimum stock ownership guidelines to align the executive's interests with those of the shareholders and strongly motivate executives to build long-term shareholder value. The Executive Stock Ownership Guidelines require the President and Chief Executive Officer to own Company stock with a market value equal to or exceeding four (4) times his base salary and require the other Named Executive Officers to own Company stock with a market value equal to or exceeding two (2) times base salary. Full compliance with the target ownership guidelines must be achieved within the later of five (5) years of the date these guidelines were approved by the Board (June 16, 2014), or five (5) years from the date of the executive's appointment or promotion into the respective position. Executives who do not hold the requisite number of Company stock at any time will be required to hold 100% of any shares received as a result of any equity awards granted to them, net of taxes. As of March 31, 2017, each of the Named Executive Officers is making progress towards reaching the threshold established by the guidelines and each of the Named Executive Officers' holding have increased over the prior year.

Policies Prohibiting Hedging and Pledging Activities

As noted in the proxy section entitled "Ownership of Equity Securities" the Company has adopted policies prohibiting executive officers from engaging in any hedging or monetization transactions with respect to the Company's securities, including, but not limited to, through the use of financial instruments such as exchange funds, prepaid variable forwards, equity swaps, puts, calls, collars, forwards and other derivative instruments, or through the establishment of a short position in the Company's securities. In addition, the Company had adopted policies prohibiting executive officers from pledging and Company stock, including without limitation, through the holding of the Company's securities in margin accounts.

Clawback in the Event of Prohibited Activity

The Company's long-term incentive award grant agreements include a recoupment or "clawback" provision. The purpose of the clawback provision is to permit the Committee, in its discretion, to cancel, rescind, cause the forfeiture of or otherwise limit or restrict any earned or unearned long-term incentive awards, and potentially to recover damages or adjust awards, in the event the Committee determines that a participant in the long-term incentive plan has engaged in defined prohibited activity, including without limitation violation of the Company's Code of Business Conduct and/or any law that injures or damages the business reputation or prospects of the Company, or intentional misconduct that causes or materially contributes to a substantial restatement of the Company's financial statements.

Other Benefits and Perquisites for the Named Executive Officers

As part of its total compensation package, the Company provides Named Executive Officers with the same benefit package available to all salaried employees. The benefits package includes a cash balance pension plan, which was frozen as of December 31, 2015, and a qualified 401(k) plan. Named Executive Officers participate in these plans on the same terms as other salaried employees. The ability of Named Executive Officers to participate fully in these plans is limited under Internal Revenue Code and ERISA requirements. As such, each of the Named Executive Officers are participants in the Alliance One International, Inc. Supplemental Retirement Account Plan (the "AOI SRAP"), a nonqualified defined contribution pension plan.

The Company provides other limited perquisites which are generally provided through the Company's relocation and mobility policies. These policies are intended to facilitate the movement of company personnel around the globe to meet critical staffing needs and may allow for gross-up adjustments on certain compensation and benefits provided

under the policies. The Committee believes market-based relocation and international mobility policies are important for an international company with a presence in over 35 countries and employees that are frequently asked to move to other locations.

Employment and Consulting Agreements

Effective March 1, 2013, the Company entered into an employment agreement with Mr. Sikkel to provide the terms and conditions of his employment as President and Chief Executive Officer. This contract generally addresses Mr. Sikkel's role and responsibilities as well as his rights to compensation and benefits. This contract also contains termination provisions and related compensation in the event of a change in control, severance, and involuntary termination. Mr. Sikkel's contract is described below in greater detail under the section entitled *Potential Payments Upon Termination or Change-in-Control - Employment Agreements*.

Severance Agreements and Change in Control ("CIC") Policy

The Company does not have any change in control agreements, with the exception of those change-in-control provisions included as components of the employment agreement with Mr. Sikkel. The Committee does not currently intend to use employment or change-in-control agreements as a compensation tool or benefit, but may do so should a change in facts and circumstances warrant a change in this policy.

Tax and Accounting Considerations

The Committee reviews projections of the estimated accounting (pro forma expense) and tax impact of all material elements of the executive compensation program. The Company and the Committee intend to administer the compensation plans in a manner that maintains an appropriate cost structure and is aligned with shareholder interests.

Section 162(m) of the Internal Revenue Code generally provides that publicly held corporations may not deduct in any one taxable year certain compensation in excess of \$1 million paid to the Chief Executive Officer and certain other highly compensated executive officers, unless the compensation is based on objectively determined performance criteria pursuant to a plan approved by shareholders. As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m). Although the Committee has structured the compensation program for executive officers based on various performance criteria as described above, certain aspects of the program do not comply with the requirements for deductibility under Section 162(m). The Committee has determined that it is essential in achieving the compensation objectives discussed above to retain the flexibility to exercise subjective judgment in assessing an executive officer's performance. The Committee believes that the achievement of the Company's general compensation policies and objectives, which it believes requires this flexibility, best serves shareholders' interests.

Fiscal Year 2018 Compensation Planning

The Committee continues to work with Radford in reviewing the Company's compensation programs in light of the Company's strategic goals and operating strategy and competitive market practices. The overall purpose of this review is to ensure the Company's compensation programs continue to align with the core compensation principles and objectives of the Company while maintaining a cost-effective structure that is aligned with the interests of our shareholders.

In reviewing the annual incentive plan, for fiscal year 2018, the Committee has approved using a Debt Reduction target and an Adjusted Free Cash Flow target. The Committee believes that these targets continue to help us to meet the goal of reducing debt, reducing interest expense, improving cash operating income and improving earnings, all of which it believes will ultimately improve shareholder value.

Report of the Executive Compensation Committee

The Executive Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on this review and discussion, the Executive Compensation Committee has recommended to the full Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) Reflects the grant date fair value of awards made in the fiscal year determined in accordance with ASC Topic 718. Values above indicate the grant date fair value for awards made during fiscal year 2017 of restricted share units and performance-contingent share units, the grant date values of which are based on the target levels for these awards. The grant date fair value of the performance-contingent share units calculated at the maximum payout level are \$222,000 for Mr. Sikkel, \$111,000 for Mr. Thomas, and \$66,600 for Messrs. Kayes, Costa Garcia and O Quinn, which would increase the aggregate amounts reported under this column to \$469,090 for Mr. Sikkel, \$236,820 for Mr. Thomas, \$146,980 for Messrs. Kayes and Costa Garcia, and \$145,810 for O Quinn. For a discussion of the assumptions used in the valuation of these awards, see Note 11 of Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2017. However, for the purpose of this table, the grant date fair value excludes the effect of estimated forfeitures.

(2)

Reflects the aggregate change in the actuarial present value of the Named Executive Officer's accumulated pension benefits plus the Company's contributions to the Nonqualified Deferred Compensation program in fiscal years 2017, 2016 and 2015. See the *Pension Benefits Table* and the *Nonqualified Deferred Compensation Table* for additional information. None of the Named Executive Officers earned above-market returns on deferred compensation during fiscal years 2017, 2016 or 2015, respectively.

- (1) The amounts in the threshold, target and maximum columns represent the potential amounts that were payable based on the AIP targets and goals approved by the Committee. See the section entitled *Compensation Discussion and Analysis Incentives - Annual Incentives* for additional information. Threshold equates to Base and Maximum equates to Stretch with Target being 50% of the Stretch.
- (2) This column represents the performance-contingent share units granted to each Named Executive Officer. The amounts in the threshold, target and maximum columns represent the potential number of shares that may be earned or that may vest if certain company-wide performance criteria are met at the end of the performance period. See the section entitled *Compensation Discussion and Analysis Incentives Long-Term Incentive Compensation* for additional information.
- (3) This column represents restricted share units granted to each Named Executive Officer. See note 1 to the *Summary Compensation Table* for information regarding the calculation of grant date fair value and the section entitled *Compensation Discussion and Analysis Incentives Long-Term Incentive Compensation* for additional information.
- (4) The amounts in this column reflect the grant date fair value under ASC Topic 718 of respective awards of performance- contingent share units and restricted shares units. For awards of performance-contingent share units, the amounts shown are based on the target level of these awards.

- (7) Performance-contingent share units awards granted on February 23, 2016. The total number of shares to be earned under the award will be determined at the completion of the performance periods under the award. For purposes of the number of shares to be reported, as well as for purposes of computing the market value of the award, we have assumed that target performance has been achieved. For additional information see the section entitled *Compensation Discussion and Analysis Incentives Long-Term Incentive Compensation* and the *Grants of Plan-Based Awards Table*.
- (8) Performance-contingent share units awards granted on August 15, 2016. The total number of shares to be earned under the award will be determined at the completion of the performance periods under the award. For purposes of the number of shares to be reported, as well as for purposes of computing the market value of the award, we have assumed that target performance has been achieved. For additional information see the section entitled *Compensation Discussion and Analysis Incentives Long-Term Incentive Compensation* and the *Grants of Plan-Based Awards Table*.

Option Exercises and Stock Vested Table

The following table summarizes information for the Named Executive Officers with respect to stock option exercises and the vesting of restricted shares, restricted stock units and performance shares for fiscal year 2017.

Name	Option Exercises and Stock Vested			
	Option Awards		Stock Awards ⁽¹⁾	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) ⁽²⁾

Jose Maria Costa Garcia			3,917	\$ 59,124
William L. O Quinn, Jr.			3,917	\$ 59,124

- (1) Restricted share unit vesting and dollar values reflect amounts on a pre-tax basis. The plans under which the restricted share units were granted permit the withholding of shares upon vesting to pay applicable income taxes.
- (2) Calculated by multiplying the number of shares vesting by the closing price of the Company's common stock on the date of vesting.

Table of Contents**Nonqualified Deferred Compensation Table**

The following table presents information on the Company's deferred compensation program, which provides for the deferral of compensation earned by the Named Executive Officers on a basis that is not tax qualified, as of March 31, 2017.

- (1) During fiscal year 2017, the Named Executive Officers were participants in the Alliance One International, Inc. Supplemental Retirement Account Plan (the AOI SRAP), established April 1, 2007. The Plan is a non-qualified defined contribution supplemental retirement plan established to provide deferred compensation for a select group of management. Benefits under the AOI SRAP are based on a hypothetical bookkeeping account established for each participant. Each fiscal year, company pay credits and interest credits are added to the account. The company pay credit is equal to a specified percentage of base salary, bonus and annual incentive compensation paid to the participant during the fiscal year. For fiscal year 2017, the company credit for Mr. Sikkel was 10% and for Messrs. Thomas, Kayes, Costa Garcia and O'Quinn was 7.5%. The interest credit each fiscal year is equal to the beginning account balance times the Moody's Aa Corporate Bond Yield Average as of the beginning of the fiscal year. However, the interest crediting rate cannot exceed 120% of the applicable federal long-term rate prescribed by the Secretary of Treasury for the first month of the fiscal year. For fiscal year 2017, the interest crediting rate was 2.69%.

Each participant becomes vested in his AOI SRAP benefit after five years of service, whether or not the service is consecutive. Each of the Named Executive Officers is vested in the AOI SRAP benefit. However, a participant who is terminated for cause will forfeit any benefits otherwise payable under the AOI SRAP. Participants must also comply with a non-compete following termination of employment. A participant who violates the non-compete will forfeit all benefits under the AOI SRAP. However, the non-compete provision will not apply after a change in control.

Vested benefits are payable in 120 equal monthly installments starting in the seventh month following separation from service, unless the final account balance is less than \$100,000, in which case the benefit will be payable in a lump-sum. The monthly installment amount is based on the final account balance plus interest at the AOI SRAP's applicable interest crediting rate for the year. If the participant dies, unpaid installments are payable to the employee's designated beneficiary.

Aggregate earnings in the last fiscal year are not included in the compensation reported for fiscal year 2017 in the Summary Compensation Table included elsewhere in this proxy statement.

- (2) None of the Named Executive Officers earned above-market returns on deferred compensation during fiscal year 2017.
- (3) Mr. Costa Garcia also had a vested balance in the Alliance One International Services Ltd Group Personal Pension Plan (the AOISL PPP), a defined contribution plan established by the Company for employees of Alliance One International Services Ltd based in the United Kingdom. Mr. Costa Garcia has not been an active participant in the AOISL PPP since he transferred to the United States August 1, 2012. Following his transfer, he no longer received Company contributions, nor could he make contributions to the plan. Mr. Costa Garcia directed the investments in his account and accepted complete investment risk. Effective September 2016, Mr. Costa Garcia transferred his vested balance from the AOISL PPP into a private pension account and closed his AOISL PPP account. His amounts above consist solely of his balance and earnings in the AOI SRAP.

Table of Contents**Pension Benefits Table**

The following table presents information as of March 31, 2017 concerning the Alliance One International, Inc. Pension Plan (the AOI Pension Plan), the Company's defined benefit pension plan that provide for payments to be made to the Named Executive Officers at, following or in connection with retirement.

Name (a)	Plan Name (b)	Pension Benefits		
		Number of Years Credited Service (#) (c)	Present Value of Accumulated Benefit (\$) ⁽¹⁾ (d)	Payments During Last Fiscal Year (\$) (e)

William L. O Quinn, Jr.	AOI Pension Plan ⁽²⁾	10.67	\$ 106,370	

- (1) Pension benefits shown in the above table were determined using the methodology and material assumptions described in Note 13 of Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2017.
- (2) Present values for the AOI Pension Plan have been determined by assuming a retirement age of 65 (the normal retirement age specified in the Pension Plan).

Plan Summary/Provisions

As of December 31, 2015, the AOI Pension Plan was amended to close the plan to new participants and to freeze the plan by eliminating all notional retirement credits under the plan beginning January 1, 2016. The participant's notional account balance is credited with annual interest credits. The annual interest crediting rate for each calendar year is equal to the average rate paid on One Year Treasury Constant Maturity Bonds for the month of November in the preceding year, plus 1%, provided that the interest crediting rate is not less than 3%. The interest crediting rate for calendar year 2016 is 3.00%.

Prior to January 1, 2016, the AOI Pension Plan covered all full-time, salaried employees of the Company and its subsidiaries who had completed 30 days of employment. Benefits earned under the AOI Pension Plan vest after three years of service with at least one hour of service on or after January 1, 2008 or upon attaining age 65 while actively employed.

A terminated participant may elect to receive the actuarially equivalent value of his or her vested accrued benefit in the form of a lump sum payment or an immediate or deferred annuity commencing at any time following termination of employment.

The AOI Pension Plan preserves certain early retirement rights for participants whose benefits include benefits earned under pension plans merged into the AOI Pension Plan. These provisions will not have a material effect on benefit payments for any of the Named Executive Officers. As of March 31, 2017, none of Messrs. Sikkel, Thomas, Kayes, Costa Garcia and O Quinn were eligible for early retirement.

Table of Contents**Potential Payments Upon Termination or Change-in-Control**

The following table presents the information on certain potential payments and benefits the Named Executive Officers would be entitled to receive on account of their termination of employment, assuming that their employment had been terminated on March 31, 2017 under the listed scenarios.

The table includes the value of termination benefits payable under employment agreements and nonvested equity awards. Except as specifically noted, the table does not include the value of benefits payable under the AOI Pension Plan or group insurance programs, or benefits that might be realized upon the Named Executive Officers' exercise of equity awards that were vested as of March 31, 2017.

- (1) Amounts shown in this column represent benefits payable in the event of the Named Executive Officer's termination following a change in control, provided that the termination is either a voluntary termination by the Named Executive Officer for good reason, or an involuntary termination by the Company without cause.
- (2) Amounts reflect benefits payable in the absence of a change in control.
- (3) The severance benefit shown for Mr. Sikkel under Disability is equal to two-thirds of his base salary in effect on March 31, 2017 for 18 month. The severance benefit shown for Termination following Change-in-Control and Involuntary Termination without Cause is based on two times his base salary in effect on March 31, 2017.
- (4) Stock option values are estimated based on the closing price of the Company's common stock on March 31, 2017. Upon a Named Executive Officer's termination of employment (other than a for cause termination by the Company), for Disability or after satisfying the eligibility requirements for retirement under the AOI Pension Plan, the options granted April 17, 2012 shall vest immediately as detailed in the grant agreements. However, because the closing price of the Company's common stock on March 31, 2017 was less than the \$60.00 exercise price, no value is included in the table.

Table of Contents

- (5) Restricted share unit values are estimated based on the closing price of the Company's common stock on March 31, 2017. Upon death or disability, all restricted share unit awards become immediately vested in accordance with the provisions of the grant agreements. Upon a change-in-control, per the provisions of the 2007 Incentive Plan and the 2016 Incentive Plan, the Committee, in its sole discretion, may provide for the vesting of the restricted share unit awards. Therefore, we have assumed for the purposes of presentation in this table that the restricted share awards will vest upon termination following a change in control.
- (6) Performance-contingent share unit values are estimated based on the closing price of the Company's common stock on March 31, 2017. Upon termination due to disability or death, the performance level for the performance period will be deemed to equal target and the number of performance-contingent share units will be deemed to have vested on the date of such termination. The number of performance-contingent share units vested will equal a pro-rated portion of the number of performance-contingent share units granted based on the ratio of the number of days during the performance period the participant remained in the continuous employ of the Company through the date of disability or death to the total number of days in the performance period. Any remaining performance-contingent share units shall be forfeited. Upon involuntary termination without cause, the performance levels and the performance period will remain unchanged. Any performance-contingent share units that vest at the end of the performance period will be prorated based on the ratio of the number of days during the performance period that the participant remained in the continuous employ of the Company through the date of such involuntary termination to the total number of days in the performance period. Any remaining performance-contingent share units shall be forfeited. Upon a change-in-control, per the provisions of the 2007 Incentive Plan and the 2016 Incentive Plan, the Committee, in its sole discretion, may provide for the vesting of the performance-contingent share unit awards. We have assumed for the purposes of presentation in this table that the awards will vest at target upon termination following a change in control.
- (7) Amounts shown for welfare benefits reflect the value of the Company's obligation to provide post-termination coverage under the Company's employee welfare benefit plans, to the extent such coverage is not made available generally to all salaried employees on a nondiscriminatory basis.

Mr. Sikkel's employment agreement entitles him to a health care coverage benefit for 24 months following termination in which the Company will reimburse Mr. Sikkel for up to eighteen months to the extent that the cost of his monthly premiums for coverage under COBRA exceeds the share of the monthly premiums he was paying to participate in the active health care coverage at the time of termination. Once the eighteen months of COBRA coverage is exhausted, the Company will reimburse Mr. Sikkel for the costs of his monthly premiums for replacement health insurance coverage, provided that such reimbursements do not exceed the amount being reimbursed at the time his right to coverage under COBRA ends. This benefit will cease at such time Mr. Sikkel becomes eligible for health care coverage through a subsequent employer.

Employment Agreements

On February 5, 2013, the Company entered into an employment agreement with Mr. Sikkel which was effective as of March 1, 2013 that contains provisions relating to termination for cause, termination due to disability, termination other than cause and termination for good reason following a change-in-control of the Company. Mr. Sikkel's employment agreement has an initial term expiring three years after the effective date and is subject to automatic annual renewals thereafter absent notice of non-renewal delivered by either the Company or Mr. Sikkel at least 90 days prior to the scheduled expiration. If Mr. Sikkel's employment is terminated by the Company without cause, if Mr. Sikkel resigns his employment for good reason or Mr. Sikkel resigns for a change-in-control good reason within twelve months after a change-in-control of the Company, he will be entitled to receive severance equal to two times his annual base salary payable in 24 monthly installments. In addition to severance payments, in connection with a termination of employment as described above, Mr. Sikkel is entitled to health care coverage benefits for up to two years following termination and payment of up to \$25,000 for outplacement services. If Mr. Sikkel's employment is

terminated because of disability, he is entitled to receive payments for 18 months at two-thirds of his annual base salary at time of termination. If Mr. Sikkel's employment is terminated by the Company with cause or he separates from employment for any reason other than good reason or following a change-in-control, the Company is obligated to pay compensation and benefits only to the date of termination or separation. Good reason is defined to include any of the following events occurring within ninety-five days prior to separation of employment: Mr. Sikkel's base salary is reduced more than fifteen percent unless the reduction is part of and at the same percentage as an across-the-board salary reduction for AOI's senior management, AOI fails to perform any material obligation or breaches any material provision of the employment agreement, or Mr. Sikkel is not re-elected to the position of President and Chief Executive Officer; and, Mr. Sikkel resigns in writing within thirty days after such events arise.

Mr. Sikkel's agreement also contains a world-wide non-competition provision for twelve months following a termination or separation of employment. In addition, he is subject to a prohibition on solicitation of the Company's employees, customers and vendors, for a period of twenty-four months after any termination or separation of employment.

PROPOSAL FIVE

SHAREHOLDER PROPOSAL

The AFL-CIO Reserve Fund, 815 Sixteenth Street, N.W., Washington, D.C. 20006 has advised the Company that it is an owner of more than \$2,000 worth of shares of Alliance One common stock and that it intends to present the following proposal and supporting statement at the annual meeting. The proposal may be voted on at the annual meeting only if properly presented by the shareholder or its representative. In accordance with applicable proxy regulations, the proposal and supporting statement that are presented as received by the Company and for which the Company and our Board of Directors accept no responsibility, are set forth below (in italics).

Shareholder Proposal

RESOLVED, shareholders of Alliance One International, Inc. (the Company) hereby request that the Board of Directors prepare a report on the benefits and drawbacks of the Company's participation in mediation of specific instances of alleged human rights violations involving the Company's operations if mediation is offered by a governmental National Contact Point for the Organization for Economic Cooperation and Development (the OECD) Guidelines for Multinational Enterprises. The report shall be compiled at reasonable expense, omit proprietary information, and be publicly available by the 2018 annual meeting of stockholders.

Supporting Statement

The United Nations Guiding Principles on Business and Human Rights call on business enterprises to have in place the following policies and processes:

- a. A policy commitment to meet their responsibility to respect human rights;*
- b. A human rights due diligence process to identify, prevent, mitigate and account for how they address their impacts on human rights;*
- c. Processes to enable the remediation of any adverse human rights impacts they cause or to which they contribute.*

(Guiding Principles on Business and Human Rights, United Nations, 2011, available at http://www.ohchr.org/Documents/Publications/GuidingPrinciplesBusinessHR_EN.pdf). While our Company has taken steps to commit to respect human rights and to conduct due diligence, we believe the Company needs to provide adequate remedies for human rights violations involving the Company's operations including its tobacco supply chain.

Non-judicial grievance mechanisms to remedy human rights violations are needed the most when formal legal mechanisms are inadequate. For example, in the United States, agricultural workers are excluded from the National Labor Relations Act that protects the rights of workers to organize and collectively bargain. Agricultural child labor is also permitted in the United States under the Fair Labor Standards Act. (Teens of the Tobacco Fields: Child Labor in United States Tobacco Farming, Human Rights Watch, December 9, 2015, available at <https://www.hrw.org/report/2015/12/09/teens-tobacco-fields/child-labor-united-states-tobaccofarming>).

This proposal urges our Company to report on the benefits and drawbacks of participation in mediation of alleged human rights violations if mediation is offered by a governmental National Contact Point pursuant to the OECD Guidelines for Multinational Enterprises. (OECD, 2011, available at <http://www.oecd.org/daf/inv/mne/48004323.pdf>). In the United States, the State Department's Office of the U.S. National Contact Point provides mediation of specific instances of human rights violations through the U.S. Federal Mediation and Conciliation Service. (Specific Instance Process, Office of the U.S. National Contact Point, U.S. Department of State, available at <http://www.state.gov/e/eb/oecd/usncp/specificinstance/index.htm>).

Issuance of a report on the OECD mediation process does not mean that the Company will be required to participate in OECD mediation. Rather, preparation of the requested report will help inform the Board of Directors and shareholders of the benefits and drawbacks of entering into OECD mediation in the event that OECD mediation is offered to the Company at some future date. For these reasons, we urge you to vote FOR this proposal.

Board of Directors Statement in Opposition to Proposal

Alliance One understands that the proponents are requesting a report on the benefits and drawbacks of the Company's participation in mediation of specific instances of alleged human rights violations involving the Company's operations if mediation is offered by a governmental National Contact Point for the Organization for Economic Cooperation and Development (OECD) Guidelines for Multinational Enterprises. Alliance One believes that (i) the Company's existing Human Rights Policy and Agricultural Labor Practices (ALP) program address the proponents' overarching objectives, (ii) the Company's ongoing efforts to develop and support effective grievance mechanisms already incorporate benefit and drawback analysis of such mechanisms worldwide, and (iii) a report of this nature would be misguided as Alliance One would not be an appropriate party to disputes raised through OECD. Accordingly, Alliance One believes that such a report would not be sufficiently meaningful to justify the allocation of corporate resources, including management attention, necessary for its preparation.

Alliance One takes issues related to human rights very seriously. Over the course of the past year, the Company has made significant strides in this area through implementation of a global Human Rights policy, as well as via updates to its Code of Business Conduct, which is the cornerstone to how we operate our business. These documents provide our employees with enhanced information regarding our expectations and standards regarding human rights and their role in treating individuals with respect and dignity, both within our organization and throughout the supply chain.

With regard to our supply chain, in 2011 Alliance One introduced its ALP program, which includes policy, due diligence and remediation elements consistent with the United Nations Guiding Principles on Business and Human Rights. The ALP code is based on the International Labor Organization's (ILO) Declaration on Fundamental Principles and Rights at Work and sets forth the labor standards by which all of our contracted growers are required to abide. As education is the cornerstone of compliance, the Company has implemented a global comprehensive training regimen to educate contracted tobacco growers about how to comply with the ALP program and diligently monitors them for compliance. Compliance data is tracked and managed through our award-winning, proprietary Growers Management System (GMS), which provides us with real-time visibility into our supply chain. Additionally, the Company participates in external assessments conducted by independent third-parties who regularly evaluate the effectiveness of our ALP program.

Alliance One recognizes the importance of extra-judicial dispute resolution mechanisms, and we are actively working with third-parties worldwide to ensure that workers have access to independent, anonymous and fair processes that allow them to voice concerns without fear of retaliation. Thus far, we have implemented or support dispute resolution mechanisms in five countries. In addition, in the United States a significant number of our contracted growers are members of the North Carolina Growers Association (NCGA), and their workers are, therefore, covered by the NCGA's collective bargaining agreement with Farm Labor Organizing Committee (FLOC), a labor union representing migrant farmworkers in North Carolina. We recognize the need to ensure that all farmworkers in our supply chain have access to a grievance mechanism of their choosing, and we continue to work with the Farm Labor Practices Group (FLPG), a multi-stakeholder initiative that includes tobacco grower representation, worker representation, tobacco suppliers, tobacco manufacturers and the U.S. Department of Labor, to develop an effective way for them to raise concerns without fear of retaliation.

Experience gained through the development and implementation of dispute resolution mechanisms has reinforced the Company's belief that these programs are most effective when developed in collaboration with local stakeholders. Alliance One believes that the process for resolving a grievance must be trusted by the workers, efficiently resolve disputes, and involve the grower alleged to have committed the violation and that a blanket approach such as that offered by the OECD would be ineffective. Further, as we understand that the mechanism offered by OECD aims to address grievances between farmworkers and growers, Alliance One would not be an appropriate party to disputes

raised through this mechanism.

Alliance One agrees that the tobacco supply chain benefits from effective dispute resolution processes, and that analysis of global grievance mechanisms plays a role in the development of local solutions. However, in light of the commitment demonstrated by the Company's existing programs, knowledge gained through the development of dispute resolutions mechanisms worldwide, and continued engagement with stakeholders throughout the supply chain, Alliance One does not believe that the development of the report proposed by the proponent would provide sufficiently meaningful additional information, or be in the best interest of farmworkers, growers, the Company or its shareholders.

ACCORDINGLY, THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL.
