# 48,000,000 Depositary Shares, Each Representing a 1/1,000th Interest in a Share of 6.000% Non-Cumulative Preferred Stock, Series GG

Bank of America Corporation is offering 48,000,000 depositary shares, each representing a 1/1,000th interest in a share of our perpetual 6.000% Non-Cumulative Preferred Stock, Series GG, \$0.01 par value, with a liquidation preference of \$25,000 per share (equivalent to \$25 per depositary share) (the Preferred Stock). Each depositary share entitles the holder, through the depository for the Preferred Stock, to a proportional fractional interest in all rights and preferences of the Preferred Stock represented by the depositary share.

We may at our option redeem the Preferred Stock at any time on or after May 16, 2023, in whole or in part, at a redemption price equal to \$25,000 per share (equivalent to \$25 per depositary share), plus any accrued and unpaid dividends for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends. We also may redeem the Preferred Stock upon the occurrence of certain events involving capital treatment as described in this prospectus supplement. Redeeming the Preferred Stock will cause the corresponding depositary shares to be redeemed.

Holders of the Preferred Stock will be entitled to receive, only when, as, and if declared by our board of directors or a duly authorized committee of our board, and to the extent we have funds legally available for the payment of dividends, cash dividends at a rate equal to 6.000% per annum (equivalent to \$1.50 per depositary share per annum). When, as, and if declared by our board of directors or a duly authorized committee of our board, we will pay the quarterly dividend payments, in arrears, on February 16, May 16, August 16, and November 16 of each year beginning on August 16, 2018. Dividends on the Preferred Stock will not be cumulative.

We intend to apply to list the depositary shares on the New York Stock Exchange (the NYSE ) under the symbol BAC PrB. If approved for listing, we expect trading of the depositary shares on the NYSE to commence within 30 days after we issue the depositary shares.

Investing in the depositary shares involves risks, including the risks that actions by regulators and the terms of certain of our debt securities may prevent us from paying dividends on the Preferred Stock under certain circumstances. See <u>Risk Factors</u> beginning on page S-9.

The depositary shares are unsecured and are not savings accounts, deposits, or other obligations of a bank. The depositary shares are not guaranteed by Bank of America, N.A. or any other bank and are not insured by the Federal Deposit Insurance Corporation or any other governmental agency.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus supplement or the attached prospectus. Any representation to the contrary is a criminal offense.

	Per Dep	ositary Share	Total
Public offering price(1)	\$	25.0000	\$ 1,200,000,000.00
Underwriting commissions(2)	\$	0.6808	\$ 32,676,214.06

(1) The public offering price set forth above does not include accrued dividends, if any, that may be declared. Dividends, if declared, will accrue from the date of original issuance, expected to be May 16, 2018.

# Edgar Filing: BANK OF AMERICA CORP /DE/ - Form 424B5

(2) Reflects 9,532,625 depositary shares sold to institutional investors, for which the underwriters received an underwriting discount of \$0.2500 per share, and 38,467,375 depositary shares sold to retail investors, for which the underwriters received an underwriting discount of \$0.7875 per share.

We have granted to the underwriters an option, exercisable for a period of 30 days from the date of this prospectus supplement, to purchase up to an additional 7,200,000 depositary shares from Bank of America Corporation at the initial public offering price less the underwriting commissions, to cover over-allotments, if any.

The underwriters expect to deliver the depositary shares in book-entry only form through the facilities of The Depository Trust Company on or about May 16, 2018.

#### ABOUT THIS PROSPECTUS SUPPLEMENT

This prospectus supplement describes the specific terms of the Preferred Stock and the related depositary shares, and supplements the description of our preferred stock and depositary shares included in the attached prospectus. In considering an investment in the depositary shares, you should rely only on the information included or incorporated by reference in this prospectus supplement and the attached prospectus. We have not authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. If information in this prospectus supplement is inconsistent with the attached prospectus, the information in this prospectus supplement supersedes the information in the attached prospectus. You should not assume that the information contained or incorporated by reference in this prospectus supplement or the attached prospectus is accurate as of any date other than its respective date.

This prospectus supplement and the attached prospectus do not constitute an offer to sell or the solicitation of an offer to buy the depositary shares in any jurisdiction in which that offer or solicitation is unlawful. The distribution of this prospectus supplement and the attached prospectus and the offering of the depositary shares in some jurisdictions may be restricted by law. If you have received this prospectus supplement and the attached prospectus, you should find out about and observe these restrictions. Persons outside the United States who come into possession of this prospectus supplement and the attached prospectus must inform themselves about and observe any restrictions relating to the offering of the depositary shares and the distribution of this prospectus supplement and the attached prospectus outside of the United States. See Underwriting (Conflicts of Interest) Selling Restrictions.

This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of depositary shares in any Member State of the European Economic Area (the EEA ) which has implemented the Prospectus Directive (2003/71/EC) (and amendments thereto, including the Directive 2010/73/EU, to the extent implemented in the relevant Member State, the Prospectus Directive ) (each, a Relevant Member State ) will be made under an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the depositary shares. Accordingly, any person making or intending to make an offer in that Relevant Member State of any depositary shares which are contemplated in this prospectus supplement and the accompanying prospectus may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive, in each case, in relation to such offer. Neither we nor they authorize, the making of any offer of the depositary shares in circumstances in which an obligation arises for us or any underwriter to publish or supplement a prospectus prospectus Directive in relation to such offer. Neither this prospectus supplement nor the accompanying prospectus for the Prospectus Directive in relation to such offer. Neither this prospectus supplement nor the accompanying prospectus an approved prospectus for the purposes of the Prospectus Directive.

IMPORTANT EEA RETAIL INVESTORS The depositary shares are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (MiFID II); (ii) a customer within the meaning of Directive 2002/92/EC, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the PRIIPs Regulation) for offering or selling the depositary shares or otherwise

making them available to retail investors in the EEA has been prepared and therefore offering or selling the depositary shares or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Unless otherwise indicated or the context requires otherwise, all references in this prospectus supplement to Bank of America, the Corporation, we, us, and our are to Bank of America Corporation excluding its consolidated subsidiaries. Capitalized terms used, but not defined, in this prospectus supplement are defined in the attached prospectus.

#### SUMMARY

The following information about the depositary shares and the Preferred Stock summarizes, and should be read in conjunction with, the information contained in this prospectus supplement and in the attached prospectus.

# Securities Offered

We are offering 48,000,000 depositary shares (55,200,000 depositary shares if the underwriters fully exercise their option to purchase additional depositary shares) representing interests in our Preferred Stock, with each share of Preferred Stock having a liquidation preference of \$25,000 per share (equivalent to \$25 per depositary share). Each depositary share represents a 1/1,000th interest in a share of the Preferred Stock. Each depositary share entitles the holder to a proportional fractional interest in the Preferred Stock represented by that depositary share, including dividend, voting, redemption, and liquidation rights.

We may elect from time to time to issue additional depositary shares representing interests in the Preferred Stock, without notice to, or consent from, the existing holders of Preferred Stock, and all those additional depositary shares would be deemed to form a single series with the Preferred Stock, described by this prospectus supplement and the attached prospectus.

#### Dividends

*Dividend Rate.* We will pay cash dividends on the Preferred Stock only when, as, and if declared by our board of directors or a duly authorized committee of our board, and to the extent that we have funds legally available for the payment of such dividends, at a rate of 6.000% per annum (equivalent to \$1.50 per depositary share per annum) payable quarterly, in arrears (such rate, the dividend rate ).

*Dividend Payment Dates*. Cash dividends on the Preferred Stock will be payable when, as, and if declared by our board of directors or a duly authorized committee of our board, and to the extent that we have funds legally available for the payment of such dividends, quarterly, in arrears, on February 16, May 16, August 16, and November 16 of each year beginning on August 16, 2018 (each a dividend payment date ). If any date on which dividends otherwise would be payable is not a Business Day (as defined below under Description of the Preferred Stock Dividends Dividend Payment Dates ), then the dividend payment date will be the next succeeding day that is a Business Day, unless that day falls in the next calendar year, in which case the dividend payment date will be the immediately preceding Business Day.

*Non-Cumulative Dividends.* Dividends on the Preferred Stock will not be cumulative. Accordingly, if for any reason our board of directors or a duly authorized committee of our board does not declare a dividend on the Preferred Stock for a dividend period (as defined herein) prior to the related dividend payment date, that dividend will not cumulate and will cease to accrue, and we will have no obligation to pay a dividend for that dividend period on the applicable dividend payment date or at any time in the future, whether or not our board of directors or a duly authorized committee of our board declares a dividend on the Preferred Stock or any other series of our preferred stock or common stock for any future dividend period. A dividend period is the period from, and including, a dividend payment date to, but excluding, the next dividend payment date, except that the initial dividend period will begin on and include the original issue date of the depositary shares and the Preferred Stock.

In addition, regulatory policies and requirements could restrict our ability to pay dividends on our equity securities, including the Preferred Stock. Further, our ability to pay dividends on our equity securities, including the Preferred Stock, depends upon our receipt of funds from our subsidiaries, and applicable laws and regulations, and actions we have taken pursuant to our resolution plan, could restrict the ability of our subsidiaries to transfer funds to us. See Risk Factors.

*Priority of Dividends*. So long as any share of Preferred Stock remains outstanding, (1) no dividend will be declared and paid or set aside for payment and no distribution will be declared and made or set aside for payment on any junior stock (as defined below under Description of the Preferred Stock Dividends Priority of Dividends ) (other than a dividend payable solely in shares of junior stock), (2) no shares of junior stock will be repurchased, redeemed, or otherwise acquired for consideration by us, directly or indirectly (other than as a result of a reclassification of junior stock for or into other junior stock, or the exchange or conversion of one share of junior stock for or into another share of junior stock, and other than through the use of the proceeds of a substantially contemporaneous sale of other shares of junior stock) nor will any monies be paid to or made available for a sinking fund for the redemption of any such securities by us, and (3) no shares of parity stock (as defined below under Description of the Preferred Stock Dividends Priority of Dividends ) will be repurchased, redeemed, or otherwise acquired for consideration by us, and (3) no shares of parity stock (as defined below under Description of the Preferred Stock Dividends Priority of Dividends ) will be repurchased, redeemed, or otherwise acquired for consideration by us

Description of the Preferred Stock Dividends Priority of Dividends ) will be repurchased, redeemed, or otherwise acquired for consideration by u otherwise than pursuant to pro rata offers to purchase all, or a pro rata portion, of the Preferred Stock and such parity stock, except by conversion into or exchange for shares of junior stock, during a dividend period, unless, in each case, the full dividends for the immediately preceding dividend period on all outstanding shares of the Preferred Stock have been paid in full or declared and a sum sufficient for the payment of those dividends has been set aside. The foregoing limitations do not apply to purchases or acquisitions of our junior stock pursuant to any employee or director incentive or benefit plan or arrangement (including any of our employment, severance, or consulting agreements) of ours or of any of our subsidiaries.

Except as provided below, for so long as any share of Preferred Stock remains outstanding, we will not declare, pay, or set aside for payment, dividends on any parity stock, unless we have paid in full, or set aside payment in full, all dividends for the immediately preceding dividend period for outstanding shares of Preferred Stock. To the extent that we declare dividends on the Preferred Stock and on any parity stock but cannot make full payment of those declared dividends, we will allocate the dividend payments on a pro rata basis among the holders of shares of Preferred Stock and the holders of any parity stock. For purposes of calculating the pro rata allocation of partial dividend payments, we will allocate dividend payments based on the ratio between the dividend payments due on shares of Preferred Stock and the aggregate of the current and accrued dividends due on any parity stock.

Subject to the conditions described above, and not otherwise, dividends (payable in cash, stock, or otherwise), as may be determined by the board of directors or a duly authorized committee of our board, may be declared and paid on our common stock and any other securities junior to the Preferred Stock from time to time out of any funds legally available for such payment, and the holders of the Preferred Stock shall not be entitled to participate in those dividends.

See Description of the Preferred Stock Dividends beginning on page S-17 for more information about the payment of dividends.

#### **Optional Redemption**

The Preferred Stock is perpetual and has no maturity date. We may redeem the Preferred Stock, in whole or in part, at any time on or after May 16, 2023, at a redemption price equal to \$25,000 per share (equivalent to \$25 per depositary share), plus any accrued and unpaid dividends for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends. In addition, at any time within 90 days after a capital treatment event, as defined herein, we may provide notice to holders of the Preferred Stock that we will redeem the Preferred Stock and subsequently redeem, out of funds legally available therefor, the Preferred Stock, in whole but not in part, at a redemption price equal to \$25,000 per share (equivalent to \$25 per depositary share), plus any accrued and unpaid dividends for the then-current dividend period to, but excluding, the redemption date, without accumulation of any

undeclared dividends. Redemption of the Preferred Stock is subject to our receipt of any required prior approval of the Board of Governors of the Federal Reserve System, or the Federal Reserve, or other appropriate federal banking agency. Our redemption of the Preferred Stock will cause the redemption of the corresponding depositary shares. Neither the holders of the Preferred Stock nor the holders of the related depositary shares will have the right to require redemption.

#### **Liquidation Rights**

In the event of our voluntary or involuntary liquidation, dissolution, or winding up, the holders of the Preferred Stock are entitled to receive out of our assets available for distribution to stockholders, before any distribution of assets is made to holders of our common stock or any of our other stock ranking junior to the Preferred Stock as to such distribution, a liquidating distribution of \$25,000 per share (equivalent to \$25 per depositary share), plus any declared and unpaid dividends, without accumulation of undeclared dividends. Distributions will be made only to the extent of our assets remaining available after payment of indebtedness and satisfaction of all other liabilities to creditors and subject to the rights of holders of any securities ranking senior to the Preferred Stock and pro rata as to the Preferred Stock and any other shares of our stock ranking equally as to such distribution.

#### **Voting Rights**

The holders of depositary shares of the Preferred Stock do not have voting rights, except as specifically required by Delaware law and except as provided below under Description of the Preferred Stock Voting Rights and Description of the Depositary Shares Voting the Preferred Stock in this prospectus supplement.

#### Ranking

The Preferred Stock will rank, as to payment of dividends and distribution of assets upon our liquidation, dissolution, or winding up, equally with our outstanding series of preferred stock described in this prospectus supplement under Description of the Preferred Stock General, and senior to our common stock. The Preferred Stock will be junior to our existing and future indebtedness.

#### **Preemptive and Conversion Rights**

The holders of the depositary shares do not have any preemptive or conversion rights.

#### **Use of Proceeds**

We intend to use the net proceeds from the sale of the depositary shares representing interests in the Preferred Stock for general corporate purposes, including, but not limited to, the repurchase or redemption of outstanding preferred securities. See Use of Proceeds.

#### Listing of the Depositary Shares

We intend to apply for listing of the depositary shares on the NYSE under the symbol BAC PrB. If approved for listing, we expect trading of the depositary shares on the NYSE to commence within 30 days after we issue the depositary shares.

#### Depository, Transfer Agent, and Registrar

Computershare Trust Company, N.A. will serve as depository, transfer agent, and registrar for the Preferred Stock and transfer agent and registrar for the depositary shares.

## **Conflicts of Interest**

Merrill Lynch, Pierce, Fenner & Smith Incorporated, the sole book-runner for this offering, is our affiliate. As such, Merrill Lynch, Pierce Fenner & Smith Incorporated has a conflict of interest in this offering within the meaning of Financial Industry Regulatory Authority (FINRA) Rule 5121. Consequently, this offering is being conducted in compliance with the provisions of FINRA Rule 5121. #### **Risk Factors**

See Risk Factors on page S-9 in this prospectus supplement for a discussion of the factors you should consider carefully before deciding to invest in the depositary shares.

#### **RISK FACTORS**

Your investment in the depositary shares involves risks. This prospectus supplement does not describe all of those risks.

In consultation with your own financial and legal advisors, you should consider carefully the following risks as well as the risks related to our preferred stock set forth in the attached prospectus beginning on page 13 before deciding whether an investment in the depositary shares is suitable for you. The depositary shares are not an appropriate investment for you if you are not knowledgeable about significant features of the depositary shares, the Preferred Stock, or financial matters in general. You should not purchase depositary shares unless you understand and know that you can bear these investment risks.

You should review carefully the information in this prospectus supplement and the attached prospectus about the Preferred Stock, depositary shares, and other securities. For more information regarding risks that may materially affect our business and results, please refer to the information under the caption Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2017, which is incorporated by reference herein.

# Our ability to pay dividends on our equity securities, including the Preferred Stock, may be limited by regulatory policies and requirements.

We are subject to various regulatory policies and requirements relating to capital actions, including payment of dividends. For example, regulations of the Federal Reserve require us to submit a capital plan as part of an annual Comprehensive Capital Analysis and Review (CCAR) in order to assess our capital planning process, including any planned capital actions, such as payment of dividends. We may be prohibited from taking capital actions, such as paying or increasing dividends on our common stock or preferred stock, if the Federal Reserve objects to our CCAR capital plan. Our ability to pay dividends is also affected by the various minimum capital requirements, capital ratios and buffers established by the Federal Reserve. Adverse business and economic conditions may reduce our capital ratios below requirements. Additionally, the applicable federal regulatory authority is authorized to determine, under certain circumstances relating to the financial condition of a bank or a bank holding company, like Bank of America, that the payment of dividends by such entity would be an unsafe or unsound practice and to prohibit payment of those dividends.

# Our ability to pay dividends on our equity securities, including the Preferred Stock, depends upon our receipt of funds from our subsidiaries, and applicable laws and regulations, and actions we have taken pursuant to our resolution plan (as described below), could restrict the ability of our subsidiaries to transfer funds to us.

We are a holding company and conduct substantially all of our operations through our subsidiaries. We depend on dividends and other distributions, loans, advances and other payments from our subsidiaries to fund dividend payments on our equity securities, including the Preferred Stock, and to fund payments on our obligations. Many of our subsidiaries, including our bank and broker-dealer subsidiaries, are subject to laws that restrict dividend payments or authorize regulatory bodies to block or reduce the flow of funds from those subsidiaries to us or to our other subsidiaries. In addition, our bank and broker-dealer subsidiaries are subject to restrictions on their ability to lend or transact with affiliates and to minimum regulatory capital and liquidity requirements. Lower earnings in our subsidiaries can reduce the amount of funds available to us. Adverse business and economic conditions could affect our businesses and results of operations, including changes in interest and currency exchange rates, illiquidity or volatility in areas where we have concentrated credit risk, and a failure in or a breach of our operational or security systems

or infrastructure. Intercompany arrangements we have entered into in connection with our resolution planning could restrict the amount of funding available to us from our subsidiaries under certain adverse conditions, as described below under A resolution under our single point of entry resolution strategy could materially adversely affect our liquidity and financial condition and our ability to pay our obligations and dividends on the Preferred Stock. These restrictions could prevent those subsidiaries from paying dividends or making other distributions to us or otherwise providing funds to us that we need in order to pay dividends or make payments on our securities, including payment of dividends on the Preferred Stock. Also, our right to participate in any distribution of assets of any of our subsidiaries upon such subsidiary s liquidation or otherwise will be subject to the prior claims of creditors of that subsidiary, except to the extent that any of our claims as a creditor of such subsidiary may be recognized.

# A resolution under our single point of entry resolution strategy could materially adversely affect our liquidity and financial condition and our ability to pay our obligations and dividends on the Preferred Stock.

We are required periodically to submit a plan to the Federal Deposit Insurance Corporation (FDIC) and the Federal Reserve describing our resolution strategy under the U.S. Bankruptcy Code in the event of material financial distress or failure. In our current plan, our preferred resolution strategy is a single point of entry strategy. This strategy provides that only Bank of America (the parent holding company) files for resolution under the U.S. Bankruptcy Code and contemplates providing certain key operating subsidiaries with sufficient capital and liquidity to operate through severe stress and to enable such subsidiaries to continue operating or be wound down in a solvent manner following a Bank of America bankruptcy. We have entered into intercompany arrangements governing the contribution of most of our capital and liquidity to these key subsidiaries. As part of these arrangements, we have transferred most of our assets (and have agreed to transfer additional assets) to a wholly-owned holding company subsidiary in exchange for a subordinated note. Certain of our remaining assets secure our ongoing obligations under these intercompany arrangements. The wholly-owned holding company subsidiary also has provided us with a committed line of credit that, in addition to our cash, dividends and interest payments, including interest payments we receive in respect of the subordinated note, may be used to fund our obligations. These intercompany arrangements include provisions to terminate the line of credit and forgive the subordinated note and require us to contribute our remaining financial assets to the wholly-owned holding company subsidiary if our projected liquidity resources deteriorate so severely that our resolution becomes imminent, which could materially and adversely affect our liquidity and ability to pay our obligations and dividends on the Preferred Stock. In addition, our preferred resolution strategy could result in holders of Preferred Stock and depositary shares being in a worse position and suffering greater losses than would have been the case under a bankruptcy proceeding or other resolution scenarios or plans.

# If we enter a resolution proceeding, holders of our unsecured debt and our equity securities, including the Preferred Stock, would be at risk of absorbing our losses.

Under the rules of the Federal Reserve relating to total loss-absorbing capacity (the TLAC Rules ), we are required to maintain minimum amounts of unsecured external long-term debt satisfying certain eligibility criteria (eligible LTD) and other loss-absorbing capacity for the purpose of absorbing our losses in a resolution proceeding under either the U.S. Bankruptcy Code

or Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Financial Reform Act ). If we enter a resolution proceeding under either the U.S. Bankruptcy Code or Title II of the Financial Reform Act, our losses would be imposed first on holders of our equity securities, including the Preferred Stock, and thereafter on our unsecured debt, and such equity securities and unsecured debt could be significantly reduced or eliminated.

## Cash dividends on the Preferred Stock are discretionary and non-cumulative and subject to certain limitations.

Unlike indebtedness, where principal and interest customarily are payable on specific due dates, cash dividends on the Preferred Stock are payable only when, as and if declared by our board of directors or a duly authorized committee of our board of directors. Consequently, if our board of directors or a duly authorized committee of our board does not authorize and declare a dividend for any dividend period prior to the related dividend payment date, holders of the Preferred Stock would not be entitled to receive a dividend for that dividend period, and the unpaid dividend will cease to accrue and be payable. We will have no obligation to pay dividends accrued for a dividend period after the dividend payment date for that period if our board of directors or a duly authorized committee of the board has not declared a dividend before the related dividend payment date, whether or not dividends on the Preferred Stock or any other series of our preferred stock or our common stock are declared for any future dividend period. In addition, in the case of our Preferred Stock, as a Delaware corporation, we are restricted to making dividend payments and redemption payments on our Preferred Stock out of legally available funds. Further, under the Federal Reserve s risk-based capital rules related to additional Tier 1 capital instruments, dividends on the Preferred Stock may only be paid out of our net income, retained earnings or surplus related to other additional Tier 1 capital instruments.

# If we are deferring payments on our outstanding junior subordinated notes or are in default under the indentures governing those securities, we will be prohibited from making distributions on our equity securities, including the Preferred Stock, or redeeming the Preferred Stock.

The terms of our currently outstanding junior subordinated notes prohibit us from declaring or paying any dividends or distributions on our equity securities, including the Preferred Stock, or redeeming, purchasing, acquiring, or making a liquidation payment on such stock, if we are aware of any event that would be an event of default under the indenture governing those junior subordinated notes or at any time when we have deferred a payment of interest on those junior subordinated notes.

# The Preferred Stock ranks equally with our parity stock as to the payment of dividends and distribution of our assets upon liquidation and may be junior in rights and preferences to our future preferred stock.

The Preferred Stock will rank equally with our parity stock as to the payment of dividends and the distribution of assets on our liquidation, dissolution or winding up. In addition, to the extent that we declare dividends on the Preferred Stock and on any parity stock but cannot make full payment of such declared dividends, we will allocate dividend payments on a pro rata basis among the holders of the shares of Preferred Stock and the holders of shares of any parity stock then outstanding. If we are not paying full dividends on any outstanding parity stock, we will not be able to pay full dividends on the Preferred Stock.

Further, we are not restricted from issuing additional Preferred Stock. Holders of the Preferred Stock or depositary shares have no preemptive rights that entitle holders to purchase their pro rata share of any offering of shares of any class or series.

The Preferred Stock may be junior to preferred stock we issue in the future, which by its terms is expressly senior to the Preferred Stock. The terms of any of our future preferred stock expressly senior to the Preferred Stock may restrict dividend payments on the Preferred Stock. Unless full dividends for all of our outstanding preferred stock senior to the Preferred Stock have been declared and paid or set aside for payment, no dividends will be declared or paid and no distribution will be made on any shares of the Preferred Stock, and no shares of the Preferred Stock may be repurchased, redeemed, or otherwise acquired by us, directly or indirectly, for consideration. This could result in dividends on the Preferred Stock not being paid when due to you.

#### The Preferred Stock is equity and is subordinate to our existing and future indebtedness.

Shares of the Preferred Stock are equity interests in us and do not constitute indebtedness. This means that shares of the Preferred Stock and depositary shares, which represent interests in shares of the Preferred Stock, will rank junior to all of our indebtedness and to other non-equity claims against us and our assets available to satisfy claims against us, including claims in our liquidation. Our existing and future indebtedness may restrict payment of dividends on the Preferred Stock. In addition, holders of the Preferred Stock or depositary shares representing interests in shares of the Preferred Stock may be fully subordinated to interests held by the U.S. government in the event that we enter into a receivership, insolvency, liquidation, or similar proceeding.

#### An active trading market for the Preferred Stock and the related depositary shares does not exist and may not develop.

The Preferred Stock and the related depositary shares are new issues of securities with no established trading market. Although we intend to apply to have the depositary shares listed on the NYSE, there is no guarantee that we will be able to list the depositary shares. Even if the depositary shares are listed, there is no guarantee that a trading market for the depositary shares will develop or, if a trading market for the depositary shares does develop, the depth or liquidity of that market or the ability of the holders to sell their depositary shares. We do not expect that there will be any separate public trading market for the shares of the Preferred Stock except as represented by the depositary shares. Because the Preferred Stock does not have a stated maturity date, investors seeking liquidity in the depositary shares will be limited to selling their depositary shares in the secondary market.

# Investors should not expect us to redeem the Preferred Stock on the date it becomes redeemable or on any particular date after it becomes redeemable.

The Preferred Stock is a perpetual equity security. This means that it has no maturity or mandatory redemption date and is not redeemable at the option of investors, including the holders of the depositary shares offered by this prospectus supplement. The Preferred Stock may be redeemed by us at our option, either in whole or in part, at any time on or after May 16, 2023 or, in whole prior to that date, under certain circumstances after the occurrence of a capital treatment event. Any decision we may make at any time to redeem the Preferred Stock will depend upon, among other things, our evaluation of our capital position, the composition of our shareholders equity, and general market conditions at that time.

Our right to redeem the Preferred Stock is subject to limitations. Under the Federal Reserve s current risk-based capital rules applicable to bank holding companies, any redemption of the Preferred Stock is subject to prior approval of the Federal Reserve. We cannot assure you

that the Federal Reserve will approve any redemption of the Preferred Stock. There also can be no assurance that, if we propose to redeem the Preferred Stock without issuing securities that qualify as common equity Tier 1 capital or additional Tier 1 capital instruments, the Federal Reserve will authorize the redemption. In such case, under such current guidelines, we must demonstrate that we will continue to hold capital commensurate with our risk to the satisfaction of the Federal Reserve. We currently understand that the factors that the Federal Reserve will consider in evaluating a requested redemption, or a request that we be permitted to redeem the Preferred Stock without replacing it with common equity Tier 1 capital or additional Tier 1 capital instruments, may include an evaluation of the overall level and quality of our then applicable capital components, considered in light of our then applicable risk exposures, earnings and growth strategy, and other supervisory considerations, although the Federal Reserve may change these factors at any time. The factors may also include, among other things, the capital plans and stress tests submitted by the bank holding company, the bank holding company is ability to meet and exceed minimum regulatory capital ratios under stressed scenarios, its expected sources and uses of capital over the planning horizon (generally a period of two years) under baseline and stressed scenarios, and any potential impact of changes to its business plan and activities on its capital adequacy and liquidity, although the Federal Reserve may change these factors at any time.

If the Preferred Stock is redeemed, the corresponding redemption of the depositary shares would be a taxable event to you. In addition, you might not be able to reinvest the money you receive upon redemption of the depositary shares in a similar security.

#### We may be able to redeem the Preferred Stock prior to May 16, 2023.

By its terms, the Preferred Stock may be redeemed by us prior to May 16, 2023 upon the occurrence of certain events involving the capital treatment of the Preferred Stock. In particular, upon our good faith determination that an event has occurred that would constitute a capital treatment event, we may, at our option, redeem in whole, but not in part, the shares of Preferred Stock, subject to any required prior approval of the Federal Reserve or other appropriate federal banking agency. See Description of the Preferred Stock Optional Redemption.

Although the terms of the Preferred Stock have been established to satisfy the criteria for additional Tier 1 capital instruments consistent with Basel 3 as set forth in the joint final rulemaking by the Federal Reserve, the FDIC and the Office of the Comptroller of the Currency, it is possible that the Preferred Stock may not satisfy the criteria set forth in future rulemaking or interpretations. As a result, a capital treatment event could occur whereby we would have the right, subject to any required prior approval of the Federal Reserve or other appropriate federal banking agency, to redeem the Preferred Stock in accordance with its terms prior to May 16, 2023 at a redemption price equal to \$25,000 per share (equivalent to \$25 per depositary share), plus any accrued and unpaid cash dividends for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared cash dividends.

#### Holders of the Preferred Stock will have limited voting rights.

Holders of the Preferred Stock have no voting rights with respect to matters that generally require the approval of voting stockholders. Holders of the Preferred Stock will have voting rights only as specifically required by Delaware law and as described below under Description of the Preferred Stock Voting Rights. Holders of depositary shares must act through the depository to exercise any voting rights of the Preferred Stock.

# Holders of depositary shares may be unable to use the dividends received deduction and may not be eligible for the preferential tax rates applicable to qualified dividend income.

Distributions paid to corporate U.S. holders of the depositary shares out of cash dividends on the Preferred Stock may be eligible for the dividends received deduction, and distributions paid to non-corporate U.S. holders of the depositary shares out of those dividends may be subject to tax at the preferential tax rates applicable to qualified dividend income, if we have current or accumulated earnings and profits, as determined for U.S. federal income tax purposes. Although we presently have accumulated earnings and profits, we may not have sufficient current or accumulated earnings and profits during future fiscal years for the distributions on the Preferred Stock to qualify as dividends for U.S. federal income tax purposes. If the distributions fail to qualify as dividends, U.S. holders would be unable to use the dividends received deduction and may not be eligible for the preferential tax rates applicable to qualified dividend income. If any distributions on the Preferred Stock with respect to any fiscal year are not eligible for the dividends received deduction or preferential tax rates applicable to qualified dividend income tax rates applicable to received deduction or preferential tax rates applicable to gualified dividend income.

#### You are making an investment decision about the depositary shares as well as our Preferred Stock.

As described in this prospectus supplement, we are issuing fractional interests in shares of our Preferred Stock. Those fractional interests are in the form of depositary shares. The depository for the Preferred Stock will rely solely on the dividend payments on the Preferred Stock it receives from us to fund all dividend payments on the depositary shares. You should review carefully the information in this prospectus supplement and the attached prospectus regarding our depositary shares and the Preferred Stock.

#### The Preferred Stock does not restrict our ability to incur indebtedness.

The Preferred Stock places no restrictions on our business or operations or on our ability to incur indebtedness or engage in any transactions, subject only to the limited voting rights referred to above under Holders of the Preferred Stock will have limited voting rights. The Preferred Stock will be junior to our indebtedness with respect to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up.

## **USE OF PROCEEDS**

We intend to use the net proceeds from the sale of the depositary shares representing interests in the Preferred Stock for general corporate purposes, including, but not limited to, the repurchase or redemption of outstanding preferred securities.

#### DESCRIPTION OF THE PREFERRED STOCK

You should read the following description of the Preferred Stock along with the Description of Preferred Stock beginning on page 53 of the attached prospectus. This description of the Preferred Stock is qualified by the Certificate of Designations relating to the Preferred Stock (Certificate of Designations), which will be filed in a Current Report on Form 8-K, and where this description is inconsistent with the description of the Preferred Stock in the Certificate of Designations will control.

## General

Shares of the Preferred Stock represent a single series of our authorized preferred stock. We are offering 48,000,000 depositary shares, representing 48,000 shares of the Preferred Stock (55,200 shares of the Preferred Stock if the underwriters fully exercise their option to purchase 7,200,000 additional depositary shares), by this prospectus supplement and the attached prospectus. Holders of the Preferred Stock have no preemptive rights. Shares of the Preferred Stock, upon issuance against full payment of the purchase price for the depositary shares, will be fully paid and nonassessable. The depository will be the sole holder of shares of the Preferred Stock. The holders of depositary shares will be required to exercise their proportional rights in the Preferred Stock through the depository, as described in Description of the Depositary Shares on page S-31.

On the date of original issuance, the Preferred Stock will rank equally with our 7% Cumulative Redeemable Preferred Stock, Series B (the Series B Preferred Stock ), 6.204% Non-Cumulative Preferred Stock, Series D (the Series D Preferred Stock ), Floating Rate Non-Cumulative Preferred Stock, Series E (the Series E Preferred Stock ), Floating Rate Non-Cumulative Preferred Stock, Series F (the Series F Preferred Stock ), Adjustable Rate Non-Cumulative Preferred Stock, Series G (the Series G Preferred Stock ), 6.625% Non-Cumulative Preferred Stock, Series I (the Series I Preferred Stock ), Fixed-to-Floating Rate Non-Cumulative Preferred Stock, Series K (the Series K Preferred Stock ), 7.25% Non-Cumulative Perpetual Convertible Preferred Stock, Series L (the Series L Preferred Stock), 6% Non-Cumulative Perpetual Preferred Stock, Series T (the Series T Preferred Stock), Fixed-to-Floating Rate Non-Cumulative Preferred Stock, Series U (the Series U Preferred Stock), Fixed-to-Floating Rate Non-Cumulative Preferred Stock, Series V (the Series V Preferred Stock ), 6.625% Non-Cumulative Preferred Stock, Series W (the Series W Preferred Stock), Fixed-to-Floating Rate Non-Cumulative Preferred Stock, Series X (the Series X Preferred Stock), 6.500% Non-Cumulative Preferred Stock, Series Y (the Series Y Preferred Stock), Fixed-to-Floating Rate Non-Cumulative Preferred Stock, Series Z (the Series Z Preferred Stock ), Fixed-to-Floating Rate Non-Cumulative Preferred Stock, Series AA (the Series AA Preferred Stock ), 6.200% Non-Cumulative Preferred Stock, Series CC (the Series CC Preferred Stock ), Fixed-to-Floating Rate Non-Cumulative Preferred Stock, Series DD (the Series DD Preferred Stock ), 6.000% Non-Cumulative Preferred Stock, Series EE (the Series EE Preferred Stock ), Fixed-to-Floating Rate Non-Cumulative Preferred Stock, Series FF (the Series FF Preferred Stock ), Floating Rate Non-Cumulative Preferred Stock, Series 1 (the Series 1 Preferred Stock ), Floating Rate Non-Cumulative Preferred Stock, Series 2 (the Series 2 Preferred Stock ), 6.375% Non-Cumulative Preferred Stock, Series 3 (the Series 3 Preferred Stock ), Floating Rate Non-Cumulative Preferred Stock, Series 4 (the Series 4 Preferred Stock ), and Floating Rate Non-Cumulative Preferred Stock, Series 5 (the Series 5 Preferred Stock ), as to payment of dividends and distribution of assets upon our liquidation, dissolution or winding up. The Preferred Stock, together with any other series of our preferred stock, will rank senior to our common stock, and any of our other stock that is expressly made junior to our preferred stock, as to payment of dividends and distribution of assets upon our liquidation, dissolution, or winding up. We may from time to time, without notice to or consent from the holders of the Preferred Stock, create and issue

additional shares of preferred stock ranking equally with the Preferred Stock as to dividends and distribution of assets upon our liquidation, dissolution, or winding up. The Preferred Stock will be junior to our existing and future indebtedness as to payment of dividends and distribution of assets in the event of our liquidation, dissolution or winding up.

The Preferred Stock will not be convertible into, or exchangeable for, shares of any other class or series of our stock or other securities and will not be subject to any sinking fund or our other obligation to redeem or repurchase the Preferred Stock. The Preferred Stock is not secured, is not guaranteed by us or any of our affiliates and is not subject to any other arrangement that legally or economically enhances the ranking of the Preferred Stock.

#### Dividends

*Dividend Rate.* Dividends on shares of the Preferred Stock will not be mandatory. Holders of the Preferred Stock will be entitled to receive, only when, as, and if declared by our board of directors or a duly authorized committee of our board, out of funds legally available under Delaware law for payment, non-cumulative cash dividends based on the liquidation preference of \$25,000 per share of the Preferred Stock, and no more, at a rate equal to 6.000% per annum (equivalent to \$1.50 per depositary share per annum).

*Dividend Payment Dates.* When, as, and if declared by our board of directors or a duly authorized committee of our board, we will pay cash dividends on the Preferred Stock quarterly, in arrears, on February 16, May 16, August 16, and November 16 of each year, beginning on August 16, 2018. We will pay cash dividends to the holders of record of shares of the Preferred Stock as they appear on our stock register on each record date, which shall be the first day of the calendar month in which such dividend payment date falls or such other record date fixed by our board of directors (or a duly authorized committee of the board) that is not more than 60 nor less than 10 days prior to such dividend payment date. If any date on which dividends otherwise would be payable is not a Business Day, then the dividend payment date will be the next succeeding day that is a Business Day, unless that day falls in the next calendar year, in which case the dividend payment date will be the immediately preceding Business Day. A Business Day means any weekday in New York, New York or Charlotte, North Carolina that is not a day on which banking institutions in those cities are authorized or required by law, regulation, or executive order to be closed.

*Non-Cumulative Dividends.* Dividends on the Preferred Stock will not be cumulative. If our board of directors or a duly authorized committee of our board does not declare a dividend on the Preferred Stock for any dividend period prior to the related dividend payment date, that dividend will not cumulate and will cease to accrue, and we will have no obligation to pay a dividend for that dividend period on the related dividend payment date or at any future time, whether or not dividend period means the period from, and including, each dividend payment date to, but excluding, the next succeeding dividend payment date, except for the initial dividend period, which will be the period from, and including, May 16, 2018 to, but excluding, the next succeeding dividend payment date.

Dividends on the Preferred Stock will accrue from the original issue date at the then-applicable dividend rate on the liquidation preference amount of \$25,000 per share (equivalent to \$25 per depositary share). If we issue additional shares of the Preferred Stock, dividends on those additional shares will accrue from the original issue date of those additional shares at the then-applicable dividend rate.

*Calculation of Dividends*. We will calculate dividends on the Preferred Stock on the basis of a 360-day year of twelve 30-day months. Dollar amounts resulting from that calculation will be rounded to the nearest cent, with one-half cent being rounded upward. Dividends on the Preferred Stock will cease to accrue after the redemption date, as described below under Optional Redemption, unless we default in the payment of the redemption price of the shares of the Preferred Stock called for redemption.

*Priority of Dividends.* So long as any share of Preferred Stock remains outstanding, (1) no dividend will be declared and paid or set aside for payment and no distribution will be declared and made or set aside for payment on any junior stock (other than a dividend payable solely in shares of junior stock), (2) no shares of junior stock will be repurchased, redeemed, or otherwise acquired for consideration by us, directly or indirectly (other than as a result of a reclassification of junior stock for or into other junior stock, or the exchange or conversion of one share of junior stock for or into another share of junior stock, and other than through the use of the proceeds of a substantially contemporaneous sale of other shares of junior stock), nor will any monies be paid to or made available for a sinking fund for the redemption of any such securities by us, and (3) no shares of parity stock will be repurchased, redeemed or otherwise acquired for consideration by us otherwise than pursuant to pro rata offers to purchase all, or a pro rata portion, of the Preferred Stock and such parity stock except by conversion into or exchange for junior stock, during a dividend period, unless, in each case, the full dividends for the immediately preceding dividend period on all outstanding shares of the Preferred Stock have been paid in full or declared and a sum sufficient for the payment of those dividends has been set aside. The foregoing limitations do not apply to purchases or acquisitions of our junior stock pursuant to any employee or director incentive or benefit plan or arrangement (including any of our employment, severance, or consulting agreements) of ours or of any of our subsidiaries.

Except as provided below, for so long as any share of Preferred Stock remains outstanding, we will not declare, pay, or set aside for payment dividends on any parity stock unless we have paid in full, or set aside payment in full, in respect of all dividends for the immediately preceding dividend period for outstanding shares of Preferred Stock. To the extent that we declare dividends on the Preferred Stock and on any parity stock but cannot make full payment of such declared dividends, we will allocate the dividend payments on a pro rata basis among the holders of the shares of Preferred Stock and the holders of any parity stock then outstanding. For purposes of calculating the pro rata allocation of partial dividend payments, we will allocate dividend payments based on the ratio between the then current dividend payments due on the shares of Preferred Stock and the aggregate of the current and accrued dividends due on any outstanding parity stock. No interest will be payable in respect of any dividend payment on Preferred Stock that may be in arrears.

Subject to the conditions described above, and not otherwise, dividends (payable in cash, stock, or otherwise), as may be determined by our board of directors or a duly authorized committee of our board, may be declared and paid on our common stock and any junior stock from time to time out of any funds legally available for such payment, and the holders of the Preferred Stock will not be entitled to participate in those dividends.

As used in this prospectus supplement, junior stock means our common stock and any other class or series of our capital stock over which the Preferred Stock has preference or priority in the payment of dividends or in the distribution of assets on our liquidation, dissolution or winding up, and parity stock means any other class or series of our capital stock that ranks on a par with the Preferred Stock in the payment of dividends and in the distribution of assets on our liquidation, dissolution, dissolution or winding up. Parity stock includes our Series B Preferred Stock, Series D Preferred Stock, Series F Preferred Stock, Series G Preferred Stock, Series I Preferred Stock, Series K Preferred Stock, Series U Preferred Stock, Series V Preferred Stock, Series W Preferred Stock, Series X Preferred Stock, Series X

Stock, Series Y Preferred Stock, Series Z Preferred Stock, Series AA Preferred Stock, Series CC Preferred Stock, Series DD Preferred Stock, Series EE Preferred Stock, Series FF Preferred Stock, Series 1 Preferred Stock, Series 2 Preferred Stock, Series 3 Preferred Stock, Series 4 Preferred Stock, and Series 5 Preferred Stock described under Description of the Preferred Stock Authorized Classes of Preferred Stock beginning on page S-24, and any other class or series of our stock hereafter authorized that ranks on a par with the Preferred Stock in the payment of dividends and in the distribution of assets on any liquidation, dissolution or winding up of the Corporation.

## Liquidation Rights

Upon our voluntary or involuntary liquidation, dissolution, or winding up, the holders of the Preferred Stock are entitled to receive, out of our assets available for distribution to stockholders, before any distribution of assets is made to holders of our common stock or any of our other shares of stock ranking junior to the Preferred Stock as to distributions upon our liquidation, dissolution, or winding up, a liquidating distribution in the amount of \$25,000 per share (equivalent to \$25 per depositary share), plus any declared and unpaid dividends, without accumulation of any undeclared dividends. Distributions will be made only to the extent of our assets remaining available after payment of indebtedness and satisfaction of other liabilities to creditors and subject to the rights of holders of any securities ranking senior to the Preferred Stock and pro rata as to the Preferred Stock and any other shares of our stock ranking equally as to such distribution. After payment of this liquidating distribution, the holders of the Preferred Stock will not be entitled to any further participation in any distribution of our assets other than what is expressly provided for herein.

Our consolidation or merger with one or more other entities will not be deemed to be a voluntary or involuntary liquidation, dissolution, or winding up.

Because we are a holding company, our rights and the rights of our creditors and our stockholders, including the holders of the Preferred Stock, to participate in the distribution of assets of any of our subsidiaries upon that subsidiary s liquidation or recapitalization will be subject to the prior claims of that subsidiary s creditors, except to the extent that we are a creditor with recognized claims against the subsidiary. In addition, holders of the Preferred Stock may be fully subordinated to interests held by the U.S. Government in the event of a receivership, insolvency, liquidation or similar proceeding, including a proceeding under the orderly liquidation authority provisions of the Financial Reform Act.

If our assets are not sufficient to pay in full the liquidation preference plus any dividends which have been declared but not yet paid to all holders of the Preferred Stock and all holders of any parity stock, the amounts paid to the holders of Preferred Stock and to the holders of all parity stock shall be *pro rata* in accordance with the respective aggregate liquidation preferences, plus any dividends which have been declared but not yet paid, of the Preferred Stock and all such parity stock.

If the liquidation preference plus any dividends which have been declared but not yet paid has been paid in full to all holders of the Preferred Stock and all holders of any parity stock, the holders of junior stock shall be entitled to receive all of our remaining assets according to their respective rights and preferences.

#### **Optional Redemption**

The Preferred Stock is not subject to any mandatory redemption, sinking fund, or other similar provisions. However, we may redeem shares of the Preferred Stock at any time on or after May 16,

2023, in whole or in part, at a redemption price equal to \$25,000 per share (equivalent to \$25 per depositary share) (except as otherwise provided below), plus any accrued and unpaid cash dividends for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends. Dividends will cease to accrue on shares redeemed after the redemption date. Under the Federal Reserve s risk-based capital rules applicable to bank holding companies, any redemption of the Preferred Stock is subject to prior approval of the Federal Reserve.

At any time within 90 days after a capital treatment event, and at the option of our board of directors or any duly authorized committee of our board of directors, we may provide notice to holders of the Preferred Stock that we will redeem the Preferred Stock in accordance with the procedures described below, and subsequently redeem, out of funds legally available therefor, the Preferred Stock in whole, but not in part, at a redemption price equal to \$25,000 per share (equivalent to \$25 per depositary share) (except as otherwise provided below), plus any accrued and unpaid dividends on the shares of the Preferred Stock for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends. Subject to irrevocably setting aside or depositing funds necessary for redemption, dividends will cease to accrue on the redemption date. Any declared but unpaid dividends payable on a redemption date that occurs subsequent to the record date for a dividend period shall not be paid to the holder entitled to receive the redemption price on the redemption date, but rather shall be paid to the holder of record of the redeemed shares on such record date relating to the dividend payment date as provided herein. For purposes of the above, capital treatment event means the good faith determination by us that, as a result of any:

amendment to, clarification of, or change in, the laws or regulations of the United States or any political subdivision of or in the United States that is enacted or becomes effective after the initial issuance of any shares of the Preferred Stock;

proposed changes in those laws or regulations that is announced or becomes effective after the initial issuance of any shares of the Preferred Stock; or

official administrative decision or judicial decision or administrative action or other official pronouncement interpreting or applying those laws or regulations that is announced or becomes effective after the initial issuance of any shares of Preferred Stock, there is more than an insubstantial risk that we will not be entitled to treat an amount equal to the full liquidation preference of all shares of Preferred Stock then outstanding as additional Tier 1 capital (or its equivalent) for purposes of the capital adequacy guidelines or regulations of the Federal Reserve or other appropriate federal banking agency, as then in effect and applicable, for as long as any share of Preferred Stock is outstanding.

Redemption of the Preferred Stock is subject to our receipt of any required prior approvals from the Federal Reserve or other appropriate federal banking agency.

If we redeem shares of the Preferred Stock, we will provide notice by first class, postage prepaid, mail to the holders of record of the shares of Preferred Stock to be redeemed. That notice will be mailed not less than 30 calendar days and not more than 60 calendar days prior to the date fixed for the redemption. Each notice of redemption will include a statement setting forth:

(i) the redemption date;

(ii) the number of shares of the Preferred Stock to be redeemed and, if less than all the shares held by the holder are to be redeemed, the number of shares of the Preferred Stock to be redeemed from the holder;

(iii) the redemption price;

(iv) the place or places where the certificates for those shares are to be surrendered for payment of the redemption price; and

(v) that cash dividends on the shares to be redeemed will cease to accrue on the redemption date.

Notwithstanding the foregoing, if the Preferred Stock is held in book-entry form through The Depository Trust Company, or DTC, we may give such notice in any manner permitted or required by DTC. Neither the holders of the Preferred Stock nor the holders of the related depositary shares have the right to require redemption of the Preferred Stock.

In the case of any redemption of only part of the shares of the Preferred Stock at the time outstanding, the shares of the Preferred Stock to be redeemed will be selected either pro rata from the holders of record of the Preferred Stock in proportion to the number of Preferred Stock held by such holders or by lot.

#### **Voting Rights**

The holders of the Preferred Stock do not have voting rights other than those described below, except as specifically required by Delaware law.

Whenever dividends payable on the Preferred Stock or any other class or series of preferred stock ranking equally with the Preferred Stock as to payment of dividends, and upon which voting rights equivalent to those described in this paragraph have been conferred and are exercisable, have not been declared and paid in an aggregate amount equal to, as to any class or series, the equivalent of at least six or more quarterly dividend periods, whether or not for consecutive dividend periods (a Nonpayment ), the holders of outstanding shares of the Preferred Stock voting as a class with holders of shares of any other series of our preferred stock ranking equally with the Preferred Stock as to payment of dividends, and upon which like voting rights have been conferred and are exercisable (voting parity stock ), will be entitled to vote for the election of two additional directors of our board of directors on the terms set forth below (and to fill any vacancies in the terms of such directorships) (the Preferred Stock Directors ). Holders of all series of our preferred stock that are granted these voting rights and that rank equally with the Preferred Stock will vote as a single class. In the event that the holders of the shares of the Preferred Stock will have the right, as members of that class, as outlined above, to elect two directors at the next annual meeting of our stockholders, provided that the election of any Preferred Stock Directors shall not cause us to violate the corporate governance requirements of the NYSE (or any other exchange on which our securities may be listed) that listed companies must have a majority of independent directors, and provided further that at no time shall our board of directors include more than two Preferred Stock Directors.

When we have paid full dividends for the equivalent of at least four quarterly dividend periods following a Nonpayment on the Preferred Stock and any other series of our preferred stock ranking equally with the Preferred Stock, the voting rights described above will terminate, except as expressly provided by law. The voting rights described above are subject to re-vesting upon each and every subsequent Nonpayment.

Upon termination of the right of the holders of the Preferred Stock to vote for Preferred Stock Directors as described above, the term of office of all Preferred Stock Directors then in office elected

by only those holders will terminate immediately. Whenever the term of office of the Preferred Stock Directors ends and the related voting rights have expired, the number of directors automatically will be decreased to the number of directors as otherwise would prevail.

So long as any shares of Preferred Stock remain outstanding, we will not, without the affirmative vote or consent of holders of at least  $66^2/_3\%$  in voting power of the Preferred Stock and any voting parity stock, voting together as a class, authorize, create or issue any capital stock ranking senior to the Preferred Stock as to dividends or the distribution of assets upon liquidation, dissolution or winding-up, or reclassify any authorized capital stock into any such shares of such capital stock or issue any obligation or security convertible into or evidencing the right to purchase any such shares of capital stock. So long as any shares of the Preferred Stock remain outstanding, we will not, without the affirmative vote of the holders of at least  $66^2/_3\%$  in voting power of the Preferred Stock, amend, alter or repeal any provision of the Certificate of Designations or our certificate of incorporation, including by merger, consolidation or otherwise, so as to adversely affect the powers, preferences or special rights of the Preferred Stock.

Notwithstanding the foregoing, none of the following will be deemed to adversely affect the powers, preferences or special rights of the Preferred Stock:

any increase in the amount of authorized common stock or authorized preferred stock, or any increase or decrease in the number of shares of any series of preferred stock, or the authorization, creation and issuance of other classes or series of capital stock, in each case ranking on parity with or junior to the Preferred Stock as to dividends or distribution of assets upon liquidation, dissolution or winding-up;

a merger or consolidation of us with or into another entity in which the shares of the Preferred Stock remain outstanding; and

a merger or consolidation of us with or into another entity in which the shares of the Preferred Stock are converted into or exchanged for preference securities of the surviving entity or any entity, directly or indirectly, controlling such surviving entity and such new preference securities have powers, preferences and special rights that are not materially less favorable than the Preferred Stock. **Preemptive and Conversion Rights** 

The holders of the Preferred Stock do not have any preemptive or conversion rights.

#### Series CC Preferred Stock

*Preferential Rights.* The Series CC Preferred Stock ranks senior to our common stock and equally with the Preferred Stock, Series B Preferred Stock, Series D Preferred Stock, Series E Preferred Stock, Series F Preferred Stock, Series G Preferred Stock, Series I Preferred Stock, Series K Preferred Stock, Series L Preferred Stock, Series M Preferred Stock, Series T Preferred Stock, Series U Preferred Stock, Series V Preferred Stock, Series X Preferred Stock, Series Y Preferred Stock, Series Z Preferred Stock, Series A Preferred Stock, Series 5 Preferred Stock, Series 1 Preferred Stock, Series 2 Preferred Stock, Series 3 Preferred Stock, Series 5 Preferred Stock, Series 5 Preferred Stock, Series 4 Preferred Stock, and Series 5 Preferred Stock as to dividends and distributions on our liquidation, dissolution, or winding up. Series CC Preferred Stock is not convertible into or exchangeable for any shares of our common stock or any other class of our capital stock. Holders of the Series CC Preferred Stock do not have any preemptive rights. We may issue stock with preferences equal to the Series CC Preferred Stock without the consent of the holders of the Series CC Preferred Stock.

*Dividends.* Holders of the Series CC Preferred Stock are entitled to receive cash dividends, when, as, and if declared by our board of directors or a duly authorized committee of our board, at an annual dividend rate per share of 6.200% on the liquidation preference of \$25,000 per share. Dividends on the Series CC Preferred Stock are non-cumulative and are payable quarterly in arrears. As long as shares of Series CC Preferred Stock remain outstanding, we cannot declare or pay cash dividends on any shares of our common stock or other capital stock ranking junior to the Series CC Preferred Stock unless full dividends on all outstanding shares of Series CC Preferred Stock for the immediately preceding dividend period have been paid in full or declared and a sum sufficient for the payment thereof set aside. We cannot declare or pay cash dividend period have been paid in full or declared and a sum sufficient for the payment thereof set aside. We cannot declare or pay cash dividend period have been paid in full or declared and a sum sufficient for the payment thereof set aside. We cannot declare or pay cash dividends on capital stock ranking equally with the Series CC Preferred Stock for any period unless full dividends on all outstanding shares of Series CC Preferred Stock for the immediately preceding dividend period have been paid in full or declared and a sum sufficient for the payment thereof set aside. If we declare dividends on the Series CC Preferred Stock and on any capital stock ranking equally with the Series CC Preferred Stock but cannot make full payment of those declared dividends, we will allocate the dividend payments on a pro rata basis among the holders of the shares of Series CC Preferred Stock and the holders of any capital stock ranking equally with the Series CC Preferred Stock.

*Voting Rights.* Holders of Series CC Preferred Stock do not have voting rights, except as described herein and as specifically required by Delaware law. If any dividend payable on the Series CC Preferred Stock is in arrears for six or more quarterly dividend periods, whether or not for consecutive dividend periods, the holders of the Series CC Preferred Stock will be entitled to vote as a class, together with the holders of all series of our preferred stock ranking equally with the Series CC Preferred Stock as to payment of dividends and upon which voting rights equivalent to those granted to the holders of Series CC Preferred Stock have been conferred and are exercisable, for the election of two Preferred Stock Directors. When we have paid full dividends on the Series CC Preferred Stock for at least four quarterly dividend periods following a dividend arrearage described above, these voting rights will terminate. As long as the Series CC Preferred Stock and any voting parity stock shall be necessary to authorize, create or issue any capital stock ranking senior to the Series CC Preferred Stock as to dividends or the distribution of assets upon liquidation, dissolution or winding-up, or to reclassify any authorized capital stock into any such shares of such capital stock or issue any obligation or security convertible into or evidencing the right to purchase any such shares of capital stock. In addition, so long as any shares of the Series CC Preferred Stock remain outstanding, the affirmative vote of the Series CC Preferred Stock shall be necessary to authorize, create of incorporation so as to adversely affect the powers, preferences or special rights of the voting power of the Series CC Preferred Stock as to dividends or the distribution of assets upon liquidation, dissolution or winding-up, or repeal any provision of the certificate of designations for the Series CC Preferred Stock or our certificate of incorporation so as to adversely affect the powers, preferences or special rights of the Series CC Pref

*Distributions.* In the event of our voluntary or involuntary liquidation, dissolution, or winding up, holders of Series CC Preferred Stock will be entitled to receive out of assets legally available for distribution to stockholders, before any distribution or payment out of our assets may be made to or set aside for the holders of our capital stock ranking junior to the Series CC Preferred Stock as to distributions, a liquidating distribution in the amount of the liquidation preference of \$25,000 per share, plus any declared and unpaid dividends, without accumulation of any undeclared dividends, to the date of liquidation. Shares of Series CC Preferred Stock will not be subject to a sinking fund.

*Redemption.* We may redeem the Series CC Preferred Stock, in whole or in part, at our option, at any time on or after January 29, 2021, at the redemption price equal to \$25,000 per share, plus any accrued and unpaid dividends, for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends. In addition, at any time within 90 days after a capital treatment event, as described in the certificate of designations for

the Series CC Preferred Stock, we may redeem the Series CC Preferred Stock, in whole but not in part, at a redemption price equal to \$25,000 per share, plus any accrued and unpaid dividends for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends.

As long as the Series FF Preferred Stock remains outstanding, the affirmative vote or consent of the holders of at least 66<sup>2</sup>/<sub>3</sub>% of the voting power of the Series FF Preferred Stock and any voting parity stock shall be necessary to authorize, create or issue any capital stock ranking senior to the Series FF Preferred Stock as to dividends or the distribution of assets upon liquidation, dissolution or winding-up, or to reclassify any authorized capital stock into any such shares of such capital stock or issue any obligation or security convertible into or

evidencing the right to purchase any such shares of capital stock. In addition, so long as any shares of the Series FF Preferred Stock remain outstanding, the affirmative vote of the holders of at least  $66^2/_3\%$  of the voting power of the Series FF Preferred Stock shall be necessary to amend, alter or repeal any provision of the certificate of designations for the Series FF Preferred Stock or our certificate of incorporation so as to adversely affect the powers, preferences or special rights of the Series FF Preferred Stock.

*Distributions*. In the event of our voluntary or involuntary liquidation, dissolution, or winding up, holders of Series FF Preferred Stock will be entitled to receive out of assets legally available for distribution to stockholders, before any distribution or payment out of our assets may be made to or set aside for the holders of our capital stock ranking junior to the Series FF Preferred Stock as to distributions, a liquidating distribution in the amount of the liquidation preference of \$25,000 per share, plus any declared and unpaid dividends, without accumulation of any undeclared dividends, to the date of liquidation. Shares of Series FF Preferred Stock will not be subject to a sinking fund.

*Redemption.* We may redeem the Series FF Preferred Stock, in whole or in part, at our option, at any time on or after March 15, 2028, at the redemption price equal to \$25,000 per share, plus any accrued and unpaid dividends, for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends. In addition, at any time within 90 days after a capital treatment event, as described in the certificate of designations for

the Series FF Preferred Stock, we may redeem the Series FF Preferred Stock, in whole but not in part, at a redemption price equal to \$25,000 per share, plus any accrued and unpaid dividends for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends.

# Additional Classes or Series of Stock

We will have the right to create and issue additional classes or series of stock ranking equally with or junior to the Preferred Stock as to dividends and distribution of assets upon our liquidation, dissolution, or winding up without the consent of the holders of the Preferred Stock, or the holders of the related depositary shares.

## Depository, Transfer Agent, and Registrar

Computershare Trust Company, N.A. will be the depository, transfer agent, and registrar for the Preferred Stock.

#### DESCRIPTION OF THE DEPOSITARY SHARES

The following description summarizes specific terms and provisions of the depositary shares relating to our Preferred Stock. You should read this description of the material terms of the depositary shares along with the terms that apply generally to all our preferred stock issued in the form of depositary shares under Description of Depositary Shares in the attached prospectus.

#### General

We are issuing proportional fractional interests in the Preferred Stock in the form of depositary shares. Each depositary share represents a 1/1,000th interest in a share of the Preferred Stock, and will be evidenced by depositary receipts, as described under Registration and Settlement Book-Entry System on page S-34. We will deposit the underlying shares of the Preferred Stock with a depository pursuant to a deposit agreement among us, Computershare Inc. and its wholly-owned subsidiary Computershare Trust Company, N.A., collectively acting as depository, and the holders from time to time of the depositary receipts. Subject to the terms of the deposit agreement, the depositary shares will be entitled to all the rights and preferences of the Preferred Stock in proportion to the applicable fraction of a share of Preferred Stock those depositary shares represent.

In this prospectus supplement, references to holders of depositary shares mean those who have depositary shares registered in their own names on the books maintained by the depository and not indirect holders who own beneficial interests in depositary shares registered in the street name of, or issued in book-entry form through, DTC. You should review the special considerations that apply to indirect holders described in Registration and Settlement Book-Entry System on page S-34.

#### **Dividends and Other Distributions**

Each dividend on a depositary share will be in an amount equal to 1/1,000th of the dividend declared on the related share of the Preferred Stock.

The depository will distribute all dividends and other cash distributions received on the Preferred Stock to the holders of record of the depositary receipts in proportion to the number of depositary shares held by each holder. In the event of a distribution other than in cash, the depository will distribute property received by it to the holders of record of the depositary receipts in proportion to the number of depositary shares held by each holder, unless the depository determines that this distribution is not feasible, in which case the depository may, with our approval, adopt a method of distribution that it deems practicable, including the sale of the property and distribution of the net proceeds of that sale to the holders of the depositary receipts.

If the calculation of a dividend or other cash distribution results in an amount that is a fraction of a cent and that fraction is equal to or greater than \$0.005, the depository will round that amount up to the next highest whole cent and will request that we pay the resulting additional amount to the depository for the relevant dividend or other cash distribution. If the fractional amount is less than \$0.005, the depository will disregard that fractional amount.

Record dates for the payment of dividends and other matters relating to the depositary shares will be the same as the corresponding record dates for the Preferred Stock.

The amount paid as dividends or otherwise distributable by the depository with respect to the depository shares or the underlying Preferred Stock will be reduced by any amounts required to be

withheld by us or the depository on account of taxes or other governmental charges. The depository may refuse to make any payment or distribution, or any transfer, exchange, or withdrawal of any depositary shares or the shares of the Preferred Stock until such taxes or other governmental charges are paid.

## **Redemption of Depositary Shares**

If we redeem the Preferred Stock, in whole or in part, as described above under Description of the Preferred Stock Optional Redemption, depositary shares also will be redeemed with the proceeds received by the depository from the redemption of the Preferred Stock held by the depository. The redemption price per depositary share will be 1/1,000th of the redemption price per share payable with respect to the Preferred Stock, plus any accrued and unpaid dividends on the shares of the Preferred Stock called for redemption for the then-current dividend period to, but excluding, the redemption date, without accumulation of any undeclared dividends.

If we redeem shares of the Preferred Stock held by the depository, the depository will redeem, as of the same redemption date, the number of depositary shares representing those shares of the Preferred Stock so redeemed. If we redeem less than all of the outstanding depositary shares, the depositary shares to be redeemed will be selected either pro rata or by lot. In any case, the depository will redeem depositary shares only in increments of 1,000 depositary shares and multiples thereof. The depository will provide notice of redemption to record holders of the depositary receipts not less than 30 and not more than 60 days prior to the date fixed for redemption of the Preferred Stock and the related depositary shares.

#### Voting the Preferred Stock

Because each depositary share represents a 1/1,000th interest in a share of the Preferred Stock, holders of depositary receipts will be entitled to 1/1,000th of a vote per depositary share under those limited circumstances in which holders of the Preferred Stock are entitled to a vote, as described above in Description of the Preferred Stock Voting Rights.

When the depository receives notice of any meeting at which the holders of the Preferred Stock are entitled to vote, the depository will mail the information contained in the notice to the record holders of the depositary shares relating to the Preferred Stock. Each record holder of the depositary shares on the record date, which will be the same date as the record date for the Preferred Stock, may instruct the depository to vote the amount of the Preferred Stock represented by the holder s depositary shares. To the extent possible, the depository will vote the amount of the Preferred Stock represented by depositary shares in accordance with the instructions it receives. We will agree to take all reasonable actions that the depository determines are necessary to enable the depository to vote as instructed. If the depository does not receive specific instructions from the holders of any depositary shares representing the Preferred Stock, it will vote all depositary shares held by it proportionately with instructions received.

#### Listing

We intend to apply to list the depositary shares on the NYSE under the symbol BAC PrB. If the application is approved, we expect trading to begin within 30 days after we issue the depositary shares. Listing the depositary shares on the NYSE does not guarantee that a trading market will develop or, if a trading market does develop, the depth of that market or the ability of holders to sell their depositary shares easily. We do not expect that there will be any separate public trading market for the shares of the Preferred Stock except as represented by the depositary shares.

### Form and Notices

The Preferred Stock will be issued in registered form to the depository, and the depositary shares will be issued in book-entry only form through DTC, as described below in Registration and Settlement Book-Entry System and in Registration and Settlement Book-Entry Only Issuance on page 91 of the attached prospectus. The depository will forward to the holders of depositary shares all reports, notices, and communications from us that are delivered to the depository and that we are required to furnish to the holders of the Preferred Stock.

### **REGISTRATION AND SETTLEMENT**

### **Book-Entry System**

The depositary shares will be issued in book-entry only form through the facilities of The Depository Trust Company, or DTC. This means that we will not issue actual depositary receipts to each holder of depositary shares, except in limited circumstances. Instead, the depositary shares will be in the form of a single global depositary receipt deposited with and held in the name of DTC, or its nominee. In order to own a beneficial interest in a depositary receipt, you must be an organization that participates in DTC or have an account with an organization that participates in DTC, including Euroclear Bank S.A./N.V., as operator of the Euroclear System (Euroclear ), and Clearstream Banking, société anonyme (Clearstream ). For more information about Euroclear and Clearstream, see Registration and Settlement Depositories for Global Securities in the attached prospectus beginning on page 93.

Except as described in the attached prospectus, owners of beneficial interests in the global depositary receipt will not be entitled to have depositary shares registered in their names, will not receive or be entitled to receive physical delivery of the depositary shares in definitive form, and will not be considered the owners or holders of depositary shares under our amended and restated certificate of incorporation or the deposit agreement, including for purposes of receiving any reports or notices delivered by us. Accordingly, each person owning a beneficial interest in the depositary receipts must rely on the procedures of DTC and, if that person is not a participant, on the procedures of the participant through which that person owns its beneficial interest, in order to exercise any rights of a holder of depositary shares.

If we discontinue the book-entry only form system of registration, we will replace the global depositary receipt with depositary receipts in certificated form registered in the names of the beneficial owners. Once depositary receipts in certificated form are issued, the underlying shares of the Preferred Stock may be withdrawn from the depository arrangement upon surrender of depositary receipts at the corporate trust office of the depository and upon payment of the taxes, charges, and fees provided for in the deposit agreements. Subject to the deposit agreement, the holders of depositary receipts will receive the appropriate number of shares of Preferred Stock and any money or property represented by the depositary shares.

Only whole shares of the Preferred Stock may be withdrawn. If a holder holds an amount other than a whole multiple of 1,000 depositary shares, the depository will deliver, along with the withdrawn shares of the Preferred Stock, a new depositary receipt evidencing the excess number of depositary shares. Holders of withdrawn shares of the Preferred Stock will not be entitled to redeposit those shares or to receive depositary shares.

#### Same Day Settlement

As long as the depositary shares are represented by a global depositary receipt registered in the name of DTC, or its nominee, the depositary shares will trade in the DTC Same-Day Funds Settlement System. DTC requires secondary market trading activity in the depositary shares to settle in immediately available funds. This requirement may affect trading activity in the depositary shares.

#### **Payment of Dividends**

We will pay dividends, if any, on the Preferred Stock represented by depositary shares in book-entry form to the depository. In turn, the depository will deliver the dividends to DTC in accordance

with the arrangements then in place between the depository and DTC. Generally, DTC will be responsible for crediting the dividend payments it receives from the depository to the accounts of DTC participants, and each participant will be responsible for disbursing the dividend payment for which it is credited to the holders that it represents. As long as the depository shares are represented by a global depository receipt, we will make all dividend payments in immediately available funds.

In the event depositary receipts are issued in certificated form, dividends generally will be paid by check mailed to the holders of the depositary receipts on the applicable record date at the address appearing on the security register.

### Notices

Any notices required to be delivered to you will be given by the depository to DTC for communication to its participants.

If the depositary receipts are issued in certificated form, notices to you also will be given by mail to the addresses of the holders as they appear on the security register.

### U.S. FEDERAL INCOME TAX CONSIDERATIONS

For a brief description of the U.S. federal income tax considerations applicable to an investment in the Preferred Stock and the related depositary shares, see U.S. Federal Income Tax Considerations and U.S. Federal Income Tax Considerations Taxation of Common Stock, Preferred Stock, and Depositary Shares beginning on page 99 and page 115, respectively, of the attached prospectus. In addition to the limitations set forth therein, that description does not address the consequences to taxpayers subject to special tax accounting rules under Section 451(b) of the Internal Revenue Code of 1986, as amended (the Code ), which was recently added to the Code by legislation known as the Tax Cuts and Jobs Act.

Under the Tax Cuts and Jobs Act, the 70% dividends-received deduction described in the attached prospectus has been reduced to a 50% dividends-received deduction.

The withholding rate applicable on the disposition of the Preferred Stock or the depositary shares described under U.S. Federal Income Tax Considerations Taxation of Common Stock, Preferred Stock, and Depositary Shares Consequences to Non-U.S. Holders Sale, Exchange, or other Taxable Disposition in the attached prospectus if we were treated as a United States real property holding corporation is 15% for dispositions on or after February 17, 2016. As discussed in the attached prospectus, we believe that we are not currently, and do not anticipate becoming, a United States real property holding corporation for U.S. federal income tax purposes.

The following paragraph supplements the discussion under U.S. Federal Income Tax Considerations Foreign Account Tax Compliance Act beginning on page 122 of the attached prospectus:

The IRS has announced that withholding under the Foreign Account Tax Compliance Act on payments of gross proceeds from a sale or redemption of the Preferred Stock and the related depositary shares will only apply to payments made after December 31, 2018.

### ERISA CONSIDERATIONS

For a brief description of the considerations for employee benefit and other plans investing in the Preferred Stock through the depositary shares offered by this prospectus supplement and the attached prospectus, including a discussion of considerations if the securities are deemed to be plan assets for purposes of the Employee Retirement Income Security Act of 1974, as amended (commonly referred to as ERISA), and Section 4975 of the Code, see ERISA Considerations beginning on page 128 of the attached prospectus. As discussed in more detail in that section, purchasers or holders of the depositary shares or any interest in those securities will be deemed to have made certain representations regarding their status under ERISA and should carefully consider these representations before electing to acquire the depositary shares.

Fiduciaries of, or other persons acting on behalf of an employee benefit or other plan, considering purchasing the depositary shares should consult with their counsel regarding these matters before making any investment decision.

We expect that an investment in the Preferred Stock through the depositary shares will constitute an equity interest for purposes of the regulation adopted by the U.S. Department of Labor to address whether the underlying assets of an entity are considered plan assets (29 CFR Section 2510.3-101, as modified by Section 3(42) of ERISA) (the Plan Assets Regulation ), but we do not anticipate that these securities will satisfy the publicly-offered securities exception described in the Plan Assets Regulation. However, the acquisition of an equity interest in an operating company by a plan (as such term is defined in the Plan Assets Regulation) is the subject of a separate exception described in the Plan Assets Regulation. For this purpose, an operating company is considered to be an entity that is primarily engaged, either directly or indirectly, in the production or sale of a product or service other than the investment of capital. We expect that we will be considered to be an operating company and, as a result, we expect that the acquisition of Preferred Stock through depositary shares by a plan will satisfy the exception referenced above such that the assets of the plan will include only its interest in the Preferred Stock and depositary shares but not an undivided interest in each of our underlying assets, although no assurance can be given in this regard. As discussed in the assitability of an investment in the Preferred Stock through the depositary shares by plans, and the fiduciaries of such plans should consult with their counsel regarding these matters before making any investment decision.

Any purchaser that is a plan or is acquiring the offered securities on behalf of a plan, including any fiduciary purchasing on behalf of a plan (collectively the Purchaser ), who is independent of us, the underwriter and any of our respective affiliates (collectively the Seller ) will be deemed to have represented, in its corporate and its fiduciary capacity, by its purchase and holding of the offered securities that: (a) the Purchaser is (i) a bank as defined in section 202 of the Investment Advisers Act of 1940 (the Advisers Act ) or similar institution that is regulated and supervised and subject to periodic examination by a state or federal agency, (ii) an insurance carrier which is qualified under the laws of more than one state to perform the services of managing, acquiring or disposing of assets of a plan, (iii) an investment adviser registered under the Advisers Act or, if not registered under the Advisers Act by reason of paragraph (1) of section 203A of such Act, is registered as an investment adviser under the laws of the state (referred to in such paragraph (1)) in which it maintains its principal office and place of business, (iv) a broker-dealer registered under the Securities Exchange Act of 1934, as amended (the Exchange Act ), or (v) any independent fiduciary that holds, or has under management or control, total assets of at least \$50 million; (b) the Purchaser is capable of evaluating investment risks independently, both in general and with regard to particular transactions and investment strategies; (c) the Purchaser has been informed

that the Seller is not undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity, in connection with the transaction and has been informed of the existence and nature of the Seller s financial interests in the transaction; (d) the Purchaser is a fiduciary under ERISA or the Code, or both, with respect to the transaction and is responsible for exercising independent judgment in evaluating the transaction; and (e) the Seller has not received a fee or other compensation directly from the Purchaser for the provision of investment advice in connection with the transaction.

### UNDERWRITING (CONFLICTS OF INTEREST)

We have entered into an underwriting agreement dated May 7, 2018 with the underwriters named below. In the underwriting agreement, we agreed to sell to each of the underwriters, and each of the underwriters agreed to purchase from us, the number of depositary shares, each representing a 1/1,000th interest in a share of the Preferred Stock, shown opposite its name below, at the applicable public offering price on the cover page of this prospectus supplement.

Underwriter	Number of Depositary Shares

Wells Fargo Securities, LLC	9,024,000
RBC Capital Markets, LLC	2,400,000
Academy Securities, Inc.	120,000
Drexel Hamilton, LLC	120,000
Mischler Financial Group, Inc.	120,000
R. Seelaus & Co., Inc.	120,000

#### Total

48,000,000

The obligations of the underwriters under the underwriting agreement, including their agreement to purchase depositary shares, are several and not joint. Those obligations also are subject to the satisfaction of conditions described in the underwriting agreement. The underwriters have agreed to purchase all of the depositary shares if any of them are purchased. In the event of a default by any underwriter, the underwriting agreement provides that, in certain circumstances, non-defaulting underwriters may increase their purchase commitments, or the underwriting agreement may be terminated.

The underwriters initially propose to offer the depositary shares, in part, directly to the public at the public offering price set forth on the cover page of this prospectus supplement. The underwriters may sell the depositary shares to certain dealers at a price that represents a concession not in excess of \$0.15 per depositary share sold to institutional investors and \$0.50 per depositary share sold to retail investors. Any underwriter may allow, and dealers may reallow, a concession not in excess of \$0.10 per depositary share sold to institutional investors and \$0.45 per depositary share sold to retail investors to certain other dealers. After the initial offering of the depositary shares, the offering price and these concessions may change.

Our offering expenses, not including underwriting commissions, are estimated to be \$800,400.

We have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to 7,200,000 additional depositary shares at the public offering price listed on the cover page of this prospectus supplement, less underwriting discounts and commissions, to cover over-allotments, if any. To the extent the option is exercised, each underwriter will become obligated, subject to certain conditions, to purchase approximately the same percentage of the additional depositary shares as the number listed next to the underwriter s name in the table above bears to the total number of depositary shares listed next to the names of all the underwriters in the table above, and will sell such depositary shares at the same price (after taking into account any accrued and unpaid dividends) as the initially purchased depositary shares.

Prior to this offering, there has been no public market for the depositary shares. We intend to apply to list the depositary shares on the NYSE under the symbol BAC PrB. If the listing is

approved, trading of the depositary shares on the NYSE is expected to commence within 30 days after they are first issued. The underwriters have advised us that, subject to obtaining any necessary approval from the NYSE, they presently intend to make a market in the depositary shares prior to the commencement of trading on the NYSE. However, the underwriters are not obligated to do so and may discontinue making a market in the depositary shares at any time without notice. No assurance can be given as to the liquidity of any trading market for the depositary shares.

In connection with the offering of the depositary shares, the underwriters may engage in stabilizing transactions, and syndicate covering transactions in accordance with Regulation M under the Exchange Act. The underwriters may enter bids for, and purchase, depositary shares in the open market in order to stabilize the price of the depositary shares. Syndicate covering transactions involve purchases of the depositary shares in the open market after the distribution has been completed in order to cover short positions. In addition, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the depositary shares in the offering if the syndicate repurchases previously distributed depositary shares in transactions to cover syndicate short positions, in stabilization transactions, or otherwise. These activities may cause the price of the depositary shares to be higher than it would otherwise be. Those activities, if commenced, may be discontinued at any time.

Merrill Lynch, Pierce, Fenner & Smith Incorporated is our affiliate. As such, Merrill Lynch, Pierce, Fenner & Smith Incorporated has a conflict of interest in this offering within the meaning of FINRA Rule 5121. Consequently, the offering is being conducted in compliance with the provisions of FINRA Rule 5121. Merrill Lynch, Pierce, Fenner & Smith Incorporated is not permitted to sell depositary shares in this offering to an account over which it exercises discretionary authority without the prior specific written approval of the account holder.

We expect that delivery of the depositary shares will be made to investors on or about May 16, 2018, which is the seventh business day following the date of this prospectus supplement (such settlement being referred to as T+7). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade depositary shares on the date of this prospectus supplement or the next four succeeding business days will be required, by virtue of the fact that the depositary shares initially settle in T+7, to specify an alternate settlement cycle at the time of the trade to prevent a failed settlement and should consult their own advisors in connection with that election.

Under the terms of the underwriting agreement, we have agreed to indemnify the underwriters and certain other persons against certain liabilities, including liabilities under the Securities Act, or to contribute in respect of those liabilities.

Merrill Lynch, Pierce, Fenner & Smith Incorporated is a broker-dealer and one of our subsidiaries and our affiliate. Following the initial distribution of depositary shares, our affiliates, including Merrill Lynch, Pierce, Fenner & Smith Incorporated, may buy and sell the depositary shares in secondary market transactions as part of their business as broker-dealers. Any sale will be at negotiated prices relating to prevailing prices at the time of sale. This prospectus supplement and attached prospectus may be used by one or more of our affiliates in connection with offers and sales related to secondary market transactions in the depositary shares to the extent permitted by applicable law. Our affiliates may act as principal or agent in such transactions.

Each of the underwriters or their affiliates provides or has provided investment or commercial banking services to us from time to time in the ordinary course of business.

### **Selling Restrictions**

The underwriters have represented and agreed that they have not and will not offer, sell, or deliver the depositary shares, directly or indirectly, or distribute this prospectus supplement or the

attached prospectus or any other offering material relating to the depositary shares, in any jurisdiction except under circumstances that will result in compliance with applicable laws and regulations and that will not impose any obligations on us except as set forth in the underwriting agreement.

### Austria

The depositary shares may only be offered in the Republic of Austria in accordance with the Austrian Capital Market Act, implementing in particular Prospectus Directive and any other laws and regulations applicable in the Republic of Austria governing the issue, offer and sale of securities in the Republic of Austria. The depositary shares are not registered or otherwise authorized for public offer within the meaning or under the Austrian Capital Market Act or any other applicable laws and regulations in Austria. The recipients of this prospectus supplement, the accompanying prospectus and any other selling materials in respect to the depositary shares are qualified investors within the meaning of the Austrian Capital Market Act. Accordingly, the depositary shares may not be, and are not being, issued, offered, sold or advertised publicly or offered similarly under either the Austrian Capital Market Act or any other relevant legislation in Austria. We are a U.S. bank holding company and a financial holding company. We are not a bank under the Austrian Banking Act (*Bankwesengesetz*) and are not EU passported to perform banking business in Austria.

# LEGAL MATTERS

The validity of the Preferred Stock and the related depositary shares will be passed upon for us by McGuireWoods LLP, Charlotte, North Carolina, and for the underwriters by Morrison & Foerster LLP, New York, New York. McGuireWoods LLP regularly performs legal services for Bank of America.

### PROSPECTUS

# \$109,857,980,881

# Debt Securities, Warrants, Units, Purchase Contracts,

# Preferred Stock, Depositary Shares, and Common Stock

We from time to time may offer to sell up to \$109,857,980,881, or the equivalent thereof in any other currency, of debt securities, warrants, purchase contracts, preferred stock, depositary shares representing fractional interests in preferred stock, and common stock, as well as units comprised of one or more of these securities or debt or equity securities of third parties, in any combination. The debt securities, warrants, purchase contracts, and preferred stock may be convertible into or exercisable or exchangeable for our common or preferred stock or for debt or equity securities of one or more other entities. Our common stock is listed on the New York Stock Exchange under the symbol BAC.

This prospectus describes all material terms of these securities that are known as of the date of this prospectus and the general manner in which we will offer the securities. When we sell a particular issue of securities, we will prepare one or more supplements to this prospectus describing the offering and the specific terms of that issue of securities. You should read this prospectus and any applicable supplement carefully before you invest.

We may use this prospectus in the initial sale of these securities. In addition, Merrill Lynch, Pierce, Fenner & Smith Incorporated, or any of our other affiliates, may use this prospectus in a market-making transaction in any of these securities after their initial sale. Unless you are informed otherwise in the confirmation of sale, this prospectus is being used in a market-making transaction.

### Potential purchasers of our securities should consider the information set forth in the <u>Risk Factors</u> section beginning on page 9.

Our securities are unsecured and are not savings accounts, deposits, or other obligations of a bank, are not guaranteed by Bank of America, N.A. or any other bank, are not insured by the Federal Deposit Insurance Corporation or any other governmental agency, and may involve investment risks, including possible loss of principal.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

## ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or the SEC, utilizing a shelf registration process. Under this shelf process, we may, from time to time, sell any combination of the securities described in this prospectus or the registration statement in one or more offerings.

This prospectus provides you with all material terms of securities we may offer that are known as of the date of this prospectus and the general manner in which we will offer the securities. Each time we sell securities, we will provide one or more prospectus supplements, product supplements, pricing supplements (each of which we may refer to as a term sheet ), and/or index supplements that describe the particular securities offering and the specific terms of the securities being offered. These documents also may add, update, or change information contained in this prospectus. In this prospectus, when we refer to the applicable supplement or the accompanying supplement, we mean the prospectus supplement or supplements, as well as any applicable pricing, product, or index supplements, that describe the particular securities being offered to you. If there is any inconsistency between the information in this prospectus and the applicable supplement, you should rely on the information in the applicable supplement.

The information in this prospectus is not complete and may be changed. You should rely only on the information provided in or incorporated by reference in this prospectus, the accompanying supplement, or documents to which we otherwise refer you. We are not making an offer of these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus and the accompanying supplement, as well as information we have filed or will file with the SEC and incorporated by reference in this prospectus, is accurate as of the date of the applicable document or other date referred to in that document. Our business, financial condition, and results of operations may have changed since that date.

Unless we indicate otherwise or unless the context requires otherwise, all references in this prospectus to Bank of America, we, us, our, or similar references are to Bank of America Corporation excluding its consolidated subsidiaries.

References in this prospectus to \$ and dollars are to the currency of the United States of America; and references in this prospectus to are to the currency introduced at the start of the third stage of the European Economic and Monetary Union pursuant to Article 109g of the Treaty establishing the European Community, as amended from time to time.

### PROSPECTUS SUMMARY

This summary section provides a brief overview of all material terms of the securities we may offer that are known as of the date of this prospectus and highlights other selected information from this prospectus. This summary does not contain all the information that you should consider before investing in the securities we may offer using this prospectus. To fully understand the securities we may offer, you should read carefully:

this prospectus, which explains the general terms of the securities we may offer;

the applicable supplement, which explains the specific terms of the particular securities we are offering, and which may update or change the information in this prospectus; and

the documents we refer to in Where You Can Find More Information below for information about us, including our financial statements.

#### **Bank of America Corporation**

Bank of America Corporation is a Delaware corporation, a bank holding company, and a financial holding company. Through our banking and various nonbank subsidiaries throughout the U.S. and in international markets, we provide a diversified range of banking and nonbank financial services and products. Our principal executive offices are located in the Bank of America Corporate Center, 100 North Tryon Street, Charlotte, North Carolina 28255 and our telephone number is (704) 386-5681.

We may use this prospectus to offer up to \$109,857,980,881, or the equivalent thereof in any other currency, of any of the following securities from time to time:

debt securities;

warrants;

purchase contracts;

preferred stock;

depositary shares representing fractional interests in preferred stock;

common stock; and

units, comprised of one or more of any of the securities referred to above or debt or equity securities of third parties, in any combination.

# Edgar Filing: BANK OF AMERICA CORP /DE/ - Form 424B5

When we use the term securities in this prospectus, we mean any of the securities we may offer with this prospectus, unless we specifically state otherwise. This prospectus, including this summary, describes the general terms of the securities we may offer. Each time we sell securities, we will provide you with the applicable supplement or supplements that will describe the offering and the specific terms of the securities being offered. A supplement may include a discussion of additional U.S. federal income tax consequences and any additional risk factors or other special considerations applicable to those particular securities.

# **Debt Securities**

Our debt securities may be either senior or subordinated obligations in right of payment. Our senior and subordinated debt securities will be issued under separate indentures, or contracts, that

we have with The Bank of New York Mellon Trust Company, N.A., as successor trustee. The particular terms of each series of debt securities will be described in the applicable supplement.

#### Warrants

We may offer warrants, including:

warrants to purchase our debt securities; and

warrants to purchase or sell, or whose cash value is determined by reference to the performance, level, or value of, one or more of the following:

securities of one or more issuers, including our common or preferred stock, other securities described in this prospectus, or the debt or equity securities of third parties;

one or more currencies, currency units, or composite currencies;

one or more commodities;

any other financial, economic, or other measure or instrument, including the occurrence or non-occurrence of any event or circumstance; and

one or more indices or baskets of the items described above.

For any warrants we may offer, we will describe in the applicable supplement the underlying property, the expiration date, the exercise price or the manner of determining the exercise price, the amount and kind, or the manner of determining the amount and kind, of property to be delivered by you or us upon exercise, and any other specific terms of the warrants. We will issue warrants under warrant agreements that we will enter into with one or more warrant agents.

#### **Purchase Contracts**

We may offer purchase contracts requiring holders to purchase or sell, or whose cash value is determined by reference to the performance, level, or value of, one or more of the following:

securities of one or more issuers, including our common or preferred stock, other securities described in this prospectus, or the debt or equity securities of third parties;

one or more currencies, currency units, or composite currencies;

one or more commodities;

# Edgar Filing: BANK OF AMERICA CORP /DE/ - Form 424B5

any other financial, economic, or other measure or instrument, including the occurrence or non-occurrence of any event or circumstance; and

one or more indices or baskets of the items described above.

For any purchase contracts we may offer, we will describe in the applicable supplement the underlying property, the settlement date, the purchase price, or manner of determining the purchase price, and whether it must be paid when the purchase contract is issued or at a later date, the amount and kind, or manner of determining the amount and kind, of property to be delivered at settlement, whether the holder will pledge property to secure the performance of any obligations the holder may have under the purchase contract, and any other specific terms of the purchase contracts.

### Units

We may offer units consisting of one or more securities described in this prospectus or debt or equity securities of third parties, in any combination. For any units we may offer, we will describe in the applicable supplement the particular securities that comprise each unit, whether or not the particular securities will be separable and, if they will be separable, the terms on which they will be separable, a description of the provisions for the payment, settlement, transfer, or exchange of the units, and any other specific terms of the units. We will issue units under unit agreements that we will enter into with one or more unit agents.

### **Preferred Stock and Depositary Shares**

We may offer our preferred stock in one or more series. For any particular series we may offer, we will describe in the applicable supplement:

the specific designation;

the aggregate number of shares offered;

the dividend rate and periods, or manner of calculating the dividend rate and periods, if any;

the stated value and liquidation preference amount, if any;

the voting rights, if any;

the terms on which the series of preferred stock is convertible into shares of our common stock, preferred stock of another series, or other securities, if any;

the redemption terms, if any; and

any other specific terms of the series.

We also may offer depositary shares, each of which will represent a fractional interest in a share or multiple shares of our preferred stock. We will describe in the applicable supplement any specific terms of the depositary shares. We will issue the depositary shares under deposit agreements that we will enter into with one or more depositories.

#### Form of Securities

Unless we specify otherwise in the applicable supplement, we will issue the securities in book-entry only form through one or more depositories, such as The Depository Trust Company, Euroclear Bank SA/NV, or Clearstream Banking, société anonyme, Luxembourg, as identified in the applicable supplement. We will issue the securities only in registered form, without coupons, although we may issue the securities in bearer form if we so specify in the applicable supplement. The securities issued in book-entry only form will be uncertificated or will be represented by a global security registered in the name of the specified depository, rather than certificated securities in definitive form registered in the name of each individual investor. Unless we specify otherwise in the applicable supplement, each sale of securities in book-entry form will settle in immediately available funds through the specified depository.

A global security may be exchanged for certificated securities in definitive form registered in the names of the beneficial owners only under the limited circumstances described in this prospectus.

### **Payment Currencies**

All amounts payable in respect of the securities, including the purchase price, will be payable in U.S. dollars, unless we specify otherwise in the applicable supplement.

## Listing

We will state in the applicable supplement whether the particular securities that we are offering will be listed or quoted on a securities exchange or quotation system.

### Distribution

We may offer the securities under this prospectus:

through underwriters;

through dealers;

through agents; or

directly to purchasers.

The applicable supplement will include any required information about the firms we use and the discounts or commissions we may pay them for their services.

Merrill Lynch, Pierce, Fenner & Smith Incorporated, or any of our other affiliates, may be an underwriter, dealer, or agent for us.

### Market-Making by Our Affiliates

Following the initial distribution of an offering of securities, Merrill Lynch, Pierce, Fenner & Smith Incorporated, and other affiliates of ours may offer and sell those securities in the course of their businesses as broker-dealers. Merrill Lynch, Pierce, Fenner & Smith Incorporated and any such other affiliates may act as a principal or agent in these transactions. This prospectus and the applicable supplement or supplements also will be used in connection with these market-making transactions. Sales in any of these market-making transactions will be made at varying prices related to prevailing market prices and other circumstances at the time of sale.

If you purchase securities in a market-making transaction, you will receive information about the purchase price and your trade and settlement dates in a separate confirmation of sale.

### Ratio of Earnings to Fixed Charges and Ratio of Earnings to Fixed Charges and Preferred Dividends

The following table sets forth our consolidated ratios of earnings to fixed charges and earnings to fixed charges and preferred dividends for the periods indicated.

	Three Months Ended	Year Ended December 31				
	March 31, 2015	2014	2013	2012	2011	2010
Ratio of earnings to fixed charges						
(excluding interest on deposits) <sup>1</sup>	2.86	1.61	2.29	1.21	1.02	.99
Ratio of earnings to fixed charges

Ratio of earnings to fixed charges and						
preferred dividends (including interest on						
deposits) <sup>1</sup>	2.27	1.38	1.92	1.12	1.02	.96

<sup>1</sup> The earnings for 2010 were inadequate to cover fixed charges, and fixed charges and preferred dividends. The earnings deficiency is a result of \$12.4 billion of goodwill impairment charges during 2010. The coverage deficiency for fixed charges was \$113 million and the coverage deficiency for fixed charges and preferred dividends was \$915 million for 2010.

### **RISK FACTORS**

This section summarizes some specific risks and investment considerations with respect to an investment in our securities. This summary does not describe all of the risks and investment considerations with respect to an investment in our securities, including risks and considerations relating to a prospective investor s particular circumstances. For information regarding risks and uncertainties that may materially affect our business and results, please refer to the information under the captions. Item 1A. Risk Factors and Item 7. Management s Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the year ended December 31, 2014, which is incorporated by reference in this prospectus, as well as those risks and uncertainties discussed in our subsequent filings that are incorporated by reference in this prospectus. You should also review the risk factors that will be set forth in other documents that we will file after the date of this prospectus, together with the risk factors set forth in any applicable supplement. Prospective investors should consult their own financial, legal, tax, and other professional advisors as to the risks associated with an investment in our securities and the suitability of the investment for the investor.

### **Currency Risks**

We may issue securities denominated in or whose principal and/or interest is payable in a currency other than U.S. dollars, which we refer to as Non-U.S. Dollar-Denominated Securities. If you intend to invest in any Non-U.S. Dollar-Denominated Securities, you should consult your own financial and legal advisors as to the currency risks related to your investment. The Non-U.S. Dollar-Denominated Securities are not an appropriate investment for you if you are not knowledgeable about the significant terms and conditions of the Non-U.S. Dollar-Denominated Securities, non-U.S. dollar currency transactions, or financial matters in general. The information in this prospectus is directed primarily to investors who are U.S. residents. Investors who are not U.S. residents should consult their own financial and legal advisors about currency-related risks arising from their investment.

#### An investment in a Non-U.S. Dollar-Denominated Security involves currency-related risks. An investment in a

Non-U.S. Dollar-Denominated Security entails significant risks that are not associated with a similar investment in a security that is payable solely in U.S. dollars. These risks include possible significant changes in rates of exchange between the U.S. dollar and the relevant non-U.S. dollar currency or currencies and the imposition or modification of foreign exchange controls or other conditions by either the United States or non-U.S. governments. These risks generally depend on factors over which we have no control, such as economic and political events and the supply of and demand for the relevant currencies in the global markets.

Changes in currency exchange rates can be volatile and may adversely affect an investment in Non-U.S. Dollar-Denominated

**Securities.** In recent years, exchange rates between the U.S. dollar and other currencies have been highly volatile. This volatility may continue and could spread to other currencies in the future. Fluctuations in currency exchange rates could affect adversely an investment in a Non-U.S. Dollar-Denominated Security, and such changes in exchange rates may vary considerably during the life of that security. Depreciation of the specified currency against the U.S. dollar could result in a decrease in the U.S. dollar-equivalent value of payments on the Non-U.S. Dollar-Denominated Securities, including the principal payable at maturity or the redemption amount payable upon those securities. That in turn could cause the market value of the Non-U.S. Dollar-Denominated Securities to fall.

We will not adjust Non-U.S. Dollar-Denominated Securities to compensate for changes in foreign currency exchange rates. Except as described below or in a supplement, we will not make any adjustment in or change to the terms of the Non-U.S. Dollar-Denominated

Securities for changes in the foreign currency exchange rate for the relevant currency, including any devaluation, revaluation, or imposition of exchange or other regulatory controls or taxes, or for other developments affecting that currency, the U.S. dollar, or any other currency. Consequently, you will bear the risk that your investment may be affected adversely by these types of events.

### Government policy can adversely affect foreign currency exchange rates and an investment in a Non-U.S. Dollar-Denominated

**Security.** Foreign currency exchange rates either can float or be fixed by sovereign governments. Governments or governmental bodies, including the European Central Bank, may intervene from time to time in their economies to alter the exchange rate or exchange characteristics of their currencies. For example, a central bank may intervene to devalue or revalue a currency or to replace an existing currency. In addition, a government may impose regulatory controls or taxes to affect the exchange rate of its currency or may issue a new currency or replace an existing currency. As a result, the yield or payout of a Non-U.S. Dollar-Denominated Security could be affected significantly and unpredictably by governmental actions. Even in the absence of governmental action directly affecting currency exchange rates, political or economic developments in the country or region issuing the specified currency for a Non-U.S. Dollar-Denominated Security or elsewhere could result in significant and sudden changes in the exchange rate between the U.S. dollar and the specified currency. Changes in exchange rates could affect the value of the Non- U.S. Dollar-Denominated Securities as participants in the global currency markets move to buy or sell the specified currency or U.S. dollars in reaction to these developments.

If a governmental authority imposes exchange controls or other conditions, such as taxes on the exchange or transfer of the specified currency, there may be limited availability of the specified currency for payment on the Non-U.S. Dollar-Denominated Securities at their maturity or on any other payment date. In addition, the ability of a holder to move currency freely out of the country in which payment in the currency is received or to convert the currency at a freely determined market rate could be limited by governmental actions.

#### Non-U.S. Dollar-Denominated Securities may permit us to make payments in U.S. dollars if we are unable to obtain the specified

**currency.** The terms of any Non-U.S. Dollar-Denominated Securities may provide that we may have the right to make a payment in U.S. dollars instead of the specified currency, if at or about the time when the payment on the Non-U.S. Dollar-Denominated Securities comes due, the specified currency is subject to convertibility, transferability, market disruption, or other conditions affecting its availability because of circumstances beyond our control. These circumstances could include the imposition of exchange controls, our inability to obtain the specified currency because of a disruption in the currency markets for the specified currency, or unavailability because the specified currency is no longer used by the government of the relevant country or for settlement of transactions by public institutions of or within the international banking community. The exchange rate used to make payment in U.S. dollars may be based on limited information and would involve significant discretion on the part of our exchange rate agent who may be one of our affiliates. As a result, the value of the payment in U.S. dollars may be less than the value of the payment you would have received in the specified currency if the specified currency had been available. The exchange rate agent will generally not have any liability for its determinations.

An investor may bear foreign currency exchange risk in a lawsuit for payment on Non-U.S. Dollar-Denominated Securities. Any Non-U.S. Dollar-Denominated Securities typically will be governed by New York law. Under Section 27 of the New York Judiciary Law, a state court in the State of New York rendering a judgment on the Non-U.S. Dollar-Denominated Debt Securities would be required to render the judgment in the specified currency. In turn, the judgment would be converted into U.S. dollars at the exchange rate prevailing on the date of entry

of the judgment. Consequently, in a lawsuit for payment on the Non-U.S. Dollar-Denominated Securities, you would bear currency exchange risk until judgment is entered, which could be a long time.

In courts outside of New York, you may not be able to obtain judgment in a specified currency other than U.S. dollars. For example, a judgment for money in an action based on Non-U.S. Dollar-Denominated Securities in many other U.S. federal or state courts ordinarily would be enforced in the United States only in U.S. dollars. The date and method used to determine the rate of conversion of the specified currency into U.S. dollars will depend on various factors, including which court renders the judgment.

#### Information about foreign currency exchange rates may not be indicative of future performance. If we issue a

Non-U.S. Dollar-Denominated Security, we may include in the applicable supplement information about historical exchange rates for the relevant non-U.S. dollar currency or currencies. Any information about exchange rates that we may provide will be furnished as a matter of information only, and you should not regard the information as indicative of the range of, or trends in, fluctuations in currency exchange rates that may occur in the future.

### Reform of LIBOR and EURIBOR and Proposed Regulation of These and Other Benchmarks

The London Interbank Offered Rate (LIBOR), the Euro Interbank Offered Rate (EURIBOR), and other indices which are deemed benchmarks are the subject of recent national, international, and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, or have other consequences which cannot be predicted.

In September 2012, the U.K. government published the results of its review of LIBOR (commonly referred to as the Wheatley Review ). The Wheatley Review made a number of recommendations for changes with respect to LIBOR including the introduction of statutory regulation of LIBOR, the transfer of responsibility for LIBOR from the British Bankers Association to an independent administrator, changes to the method of compilation of lending rates and new regulatory oversight and enforcement mechanisms for rate-setting. Based on the Wheatley Review, final rules for the regulation and supervision of LIBOR by the Financial Conduct Authority (the FCA ) were published and came into effect on April 2, 2013 (the FCA Rules ). In particular, the FCA Rules include requirements that (i) an independent LIBOR administrator monitor and survey LIBOR submissions to identify breaches of practice standards and/or potentially manipulative behavior, and (ii) firms submitting data to LIBOR establish and maintain a clear conflicts of interest policy and appropriate systems and controls. In response to the Wheatley Review recommendations, ICE Benchmark Administration Limited (the ICE Administration ) has been appointed as the independent LIBOR administrator, effective February 1, 2014.

It is not possible to predict the effect of the FCA Rules, any changes in the methods pursuant to which the LIBOR rates are determined, and any other reforms to LIBOR that will be enacted in the U.K., which may adversely affect the trading market for LIBOR-based securities. In addition, any changes announced by the FCA, the ICE Administration, or any other successor governance or oversight body in the method pursuant to which the LIBOR rates are determined may result in a sudden or prolonged decrease (or increase) in the reported LIBOR rates. If that were to occur, the level of interest payments on and the trading value of LIBOR-based securities may be adversely affected. Further, uncertainty as to the extent and manner in which the Wheatley Review recommendations will continue to be adopted and the timing of such changes may adversely affect the current trading market for LIBOR-based securities.

At an international level, proposals for the reform of benchmarks include (i) IOSCO s Principles for Financial Market Benchmarks (July 2013), (ii) ESMA-EBA s Principles for the benchmark-setting process (June 2013), and (iii) the European Commission s proposed regulation on indices used as benchmarks in certain financial instruments, financial contracts and investment funds (September 2013) (the Proposed Benchmark Regulation ).

The Proposed Benchmark Regulation, if passed in its current form, would apply to contributors, administrators and users of benchmarks in the European Union, and would, among other things, (i) require benchmark administrators to be authorized (or, if non-European Union-based, to be subject to an equivalent regulatory regime) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) ban the use of benchmarks of unauthorized administrators. The scope of the Proposed Benchmark Regulation is wide and, in addition to so-called critical benchmark indices such as LIBOR and EURIBOR, could also potentially apply to many interest rate and foreign exchange rate indices, equity indices, and other indices (including proprietary indices or strategies) where referenced in financial instruments, financial contracts, and investment funds.

It is presently unclear whether the Proposed Benchmark Regulation will be passed in its current form (and in particular, whether it will have the broad scope currently envisaged) and, if so, when it would become effective. However, if so enacted, it could potentially have a material impact on any securities based on or linked to a benchmark index in a range of circumstances including, without limitation, where:

the administrator of an index which is a benchmark relating to a series of securities does not have or obtain or ceases to have the appropriate European Union authorizations in order to operate such a benchmark or is based in a non-European Union jurisdiction which does not have equivalent regulation. In such an event, depending on the particular benchmark and the applicable terms of the securities, the securities could be de-listed (if listed) or may otherwise be adversely affected; and

the methodology or other terms of the benchmark relating to a series of securities is changed in order to comply with the terms of the Proposed Benchmark Regulation, and such changes have the effect of reducing or increasing the published rate or level of the benchmark or of affecting the volatility of such published rate or level, or otherwise result in an adverse effect on the trading market for, return on or the value of the relevant securities.

More broadly, the FCA Rules, the Proposed Benchmark Regulation, and any of the other international, national, or other proposals for reform or general increased regulatory scrutiny of benchmarks could have a material adverse effect on the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain benchmarks, trigger changes in the rules or methodologies used in the determination of certain benchmarks, or may even lead to the disappearance of certain benchmarks. The disappearance of, or uncertainty relating to the continued existence of, a benchmark or changes in the manner of determination of or administration of a benchmark may adversely affect the trading market for, return on, or value of benchmark -based securities.

In addition to the international proposals for the reform of benchmarks described above, there are numerous other proposals, initiatives, and investigations which may impact the use and regulation of benchmarks. For example, there are ongoing global investigations into the setting of foreign exchange rate benchmarks, which may result in further regulation around the setting of foreign exchange rates.

Any of the above changes or any other consequential changes to LIBOR, EURIBOR, or any other benchmark as a result of U.K., European Union, or other international, national, or other proposals for reform or other initiatives or investigations, or any further uncertainty in relation to the timing and manner of implementation of such changes could have a material adverse effect on the value of and return on any securities based on or linked to a benchmark.

# **Risks Related to Our Common Stock and Preferred Stock**

You may not receive dividends on our common stock. Holders of our common stock are only entitled to receive such dividends as our board of directors may declare out of funds legally available for such payments. Furthermore, holders of our common stock are subject to the prior dividend rights of holders of our preferred stock or the depositary shares representing such preferred stock then outstanding. Although we have historically declared cash dividends on our common stock, we are not required to do so and may reduce or eliminate our common stock dividend in the future.

**Our common stock is equity and is subordinate to our existing and future indebtedness and preferred stock.** Shares of our common stock are equity interests in us and do not constitute indebtedness. This means that shares of our common stock will rank junior to all of our indebtedness and to other non-equity claims against us and our assets available to satisfy claims against us, including claims in our liquidation. Additionally, holders of our common stock are subject to the prior dividend and liquidation rights of holders of our outstanding preferred stock or depositary shares representing interests in such preferred stock then outstanding. Our board of directors is authorized to issue additional classes or series of preferred stock without any action on the part of the holders of our common stock. As of March 31, 2015, the aggregate liquidation preference of all our outstanding preferred stock was approximately \$24.6 billion.

**Our preferred stock is equity and is subordinate to our existing and future indebtedness.** Shares of our preferred stock are equity interests in us and do not constitute indebtedness. This means that shares of our preferred stock and any depositary shares which represent interests in shares of our preferred stock will rank junior to all of our indebtedness and to other non-equity claims against us and our assets available to satisfy claims against us, including claims in our liquidation. Our existing and future indebtedness may restrict payment of dividends on our preferred stock. In addition, holders of our preferred stock or depositary shares representing interests in shares of our preferred stock may be fully subordinated to interests held by the U.S. government in the event that we enter into a receivership, insolvency, liquidation, or similar proceeding.

**Cash dividends on our preferred stock are subject to certain limitations.** Unlike indebtedness, where principal and interest customarily are payable on specified due dates, in the case of our preferred stock (1) dividends are payable only when, as and if declared by our board of directors or a duly authorized committee of the board and (2) as a corporation, we are restricted to making dividend payments and redemption payments out of legally available funds. In addition, under the Federal Reserve Board s risk-based capital rules related to additional Tier 1 capital instruments, dividends on our preferred stock may only be paid out of our net income, retained earnings or surplus related to other additional Tier 1 capital instruments.

**Our ability to pay dividends on our common stock and preferred stock may be limited by extensive and changing regulatory considerations.** We and our broker-dealer, bank, and other subsidiaries are subject to extensive laws, regulations, and rules, both in the U.S. and internationally, that may limit directly or indirectly the payment of dividends on our common stock and preferred stock. U.S. federal banking regulators are authorized to determine,

under certain circumstances relating to the financial condition of a bank or a bank holding company, like Bank of America Corporation, that the payment of dividends would be an unsafe or unsound practice and to prohibit payment of those dividends. For instance, Federal Reserve Board regulations require us to submit a capital plan as part of an annual Comprehensive Capital Analysis and Review in order to assess our capital planning process, including any planned capital actions, such as payment of dividends on common stock and common stock repurchases. Furthermore, many rules and regulations are in proposed form and subject to periods of significant comment and further revisions. As a result, there is considerable uncertainty about what the final versions of these proposed rules and regulations will be or the impact they may have on us and our subsidiaries. While we closely monitor various regulatory developments and intend to manage our assets and liabilities and our operations to comply with new laws, regulations, and rules at the time they become effective, there is no assurance that we will be compliant with all such laws, regulations, and rules at such times and a failure to be so compliant could adversely affect our ability to pay dividends on our common stock and preferred stock.

If we are deferring payments on our outstanding junior subordinated notes or are in default under the indentures governing those securities, we will be prohibited from making distributions on our common stock and preferred stock, or redeeming our preferred stock. The terms of our outstanding junior subordinated notes prohibit us from declaring or paying any dividends or distributions on our common stock and preferred stock, or redeeming, purchasing, acquiring, or making a liquidation payment on such stock, if we are aware of any event that would be an event of default under the indenture governing those junior subordinated notes or at any time when we have deferred payment of interest on those junior subordinated notes.

### **Other Risks**

Our ability to pay dividends on our common stock and preferred stock and to make payments on our other securities depends upon the results of operations of our subsidiaries. As a holding company, we conduct substantially all of our operations through our subsidiaries and depend on dividends, distributions, and other payments from our banking and nonbank subsidiaries to fund dividend payments on our common stock and preferred stock and to fund all payments on our other obligations, including debt obligations. Many of our subsidiaries, including our bank and broker-dealer subsidiaries, are subject to laws that restrict dividend payments or authorize regulatory bodies to block or reduce the flow of funds from those subsidiaries to us or to our other subsidiaries. In addition, our bank and broker-dealer subsidiaries are subject to restrictions on their ability to lend or transact with affiliates and to minimum regulatory capital and liquidity requirements. These restrictions could prevent those subsidiaries from making distributions to us or otherwise providing cash to us that we need in order to make payments on the securities.

**Our obligations on the securities will be structurally subordinated to liabilities of our subsidiaries.** Because we are a holding company, our right to participate in any distribution of assets of any subsidiary upon such subsidiary s liquidation or reorganization or otherwise is subject to the prior claims of creditors of that subsidiary, except to the extent we may ourselves be recognized as a creditor of that subsidiary. As a result, our obligations under the securities will be structurally subordinated to all existing and future liabilities of our subsidiaries, and claimants should look only to our assets for payments.

We cannot assure you that a trading market for your securities will ever develop or be maintained. We may not list our securities on any securities exchange. We cannot predict how these securities will trade in the secondary market or whether that market will be liquid or illiquid. The number of potential buyers of our securities in any secondary market may be limited. Although

any underwriters or agents may purchase and sell our securities in the secondary market from time to time, these underwriters or agents will not be obligated to do so and may discontinue making a market for the securities at any time without giving us notice. We cannot assure you that a secondary market for any of our securities will develop, or that if one develops, it will be maintained.

**Redemption of the securities prior to maturity may result in a reduced return on your investment.** The terms of our securities may permit or require redemption of the securities prior to maturity. That redemption may occur at a time when prevailing interest rates are relatively low. As a result, in the case of debt or similar securities, a holder of the redeemed securities may not be able to invest the redemption proceeds in a new investment that yields a similar return.

Payments on the securities are subject to our credit risk, and actual or perceived changes in our creditworthiness may affect the value of the notes. Our credit ratings are an assessment of our ability to pay our obligations. Consequently, our perceived creditworthiness and actual or anticipated changes in our credit ratings may affect the market value of our securities. However, because the return on our securities generally depends upon factors in addition to our ability to pay our obligations, an improvement in our credit ratings will not reduce the other investment risks, if any, related to our securities.

## BANK OF AMERICA CORPORATION

Bank of America Corporation is a Delaware corporation, a bank holding company, and a financial holding company. Our principal executive offices are located in the Bank of America Corporate Center, 100 North Tryon Street, Charlotte, North Carolina 28255 and our telephone number is (704) 386-5681. Through our banking and various nonbank subsidiaries throughout the United States and in international markets, we provide a diversified range of banking and nonbank financial services and products.

#### **USE OF PROCEEDS**

Unless we describe a different use in the applicable supplement, we will use the net proceeds from the sale of the securities for general corporate purposes. General corporate purposes include, but are not limited to, the following:

our working capital needs;

the funding of investments in, or extensions of credit to, our subsidiaries;

possible reductions, redemptions, or repurchases of outstanding indebtedness;

possible repayments on outstanding indebtedness;

the possible acquisitions of, or investments in, other financial institutions or other businesses; and

other uses in the ordinary course of conducting our business.

Until we designate the use of these net proceeds, we will invest them temporarily. From time to time, we may engage in additional financings as we determine appropriate based on our needs and prevailing market conditions. These additional financings may include the sale of other securities.

### **DESCRIPTION OF DEBT SECURITIES**

### General

We may issue senior or subordinated debt securities. Neither the senior debt securities nor the subordinated debt securities will be secured by any of our property or assets. As a result, by owning a debt security, you are one of our unsecured creditors.

The senior debt securities will constitute part of our senior debt, will be issued under our senior debt indenture described below, and will rank equally with all of our other unsecured and unsubordinated debt.

The subordinated debt securities will constitute part of our subordinated debt, will be issued under our subordinated debt indenture described below, and will be subordinated in right of payment to all of our senior indebtedness, as defined in the subordinated debt indenture. Neither the senior debt indenture nor the subordinated debt indenture limits our ability to incur additional senior indebtedness.

#### **The Indentures**

The senior debt securities and the subordinated debt securities each are governed by a document called an indenture, which is a contract between us and the applicable trustee. Senior debt securities will be issued under the Indenture dated as of January 1, 1995 (as supplemented, the Senior Indenture ) between us and The Bank of New York Mellon Trust Company, N.A., as successor trustee, and subordinated debt securities will be issued under the Indenture dated as of January 1, 1995 (as supplemented, the Subordinated Indenture ) between us and The Bank of New York Mellon Trust Company, N.A., as successor trustee. The indentures are substantially identical, except for:

the covenant described below under Sale or Issuance of Capital Stock of Banks, which is included only in the Senior Indenture;

the provisions relating to subordination described below under Subordination, which are included only in the Subordinated Indenture; and

the events of default described below under Events of Default and Rights of Acceleration, many of which are not included in the Subordinated Indenture.

In this prospectus, when we refer to debt securities, we mean both our senior debt securities and our subordinated debt securities, and when we refer to the indenture or the trustee with respect to any debt securities, we mean the indenture under which those debt securities are issued and the trustee under that indenture.

The trustee under each indenture has two principal functions:

First, the trustee can enforce your rights against us if we default. However, there are limitations on the extent to which the trustee may act on your behalf, which we describe below under Collection of Indebtedness.

Second, the trustee performs administrative duties for us, including the delivery of interest payments and notices.

Neither indenture limits the aggregate amount of debt securities that we may issue or the number of series or the aggregate amount of any particular series. The indentures and the debt securities also do not limit our ability to incur other indebtedness or to issue other securities. This means that we may issue additional debt securities and other securities at any time without your consent and without notifying you. In addition, neither indenture contains provisions protecting holders against a decline in our credit quality resulting from takeovers, recapitalizations, the incurrence of additional indebtedness, or restructuring. If our credit quality declines as a result of an event of this type, or otherwise, any ratings of our debt securities then outstanding may be withdrawn or downgraded.

This section is a summary of the general terms and provisions of the indentures. We have filed the indentures with the SEC as exhibits to the registration statement of which this prospectus forms a part. See Where You Can Find More Information below for information on how to obtain copies of the indentures. Whenever we refer to the defined terms of the indentures in this prospectus or in a supplement without defining them, the terms have the meanings given to them in the indentures. You must look to the indentures for the most complete description of the information summarized in this prospectus.

### Form and Denomination of Debt Securities

Unless we specify otherwise in the applicable supplement, we will issue each debt security in book-entry form. Debt securities in book-entry form will be represented by a global security registered in the name of a depository. Accordingly, the depository will be the holder of all the debt securities represented by the global security. Those who own beneficial interests in a global security will do so through participants in the depository s securities clearing system, and the rights of these indirect owners will be governed solely by the applicable procedures of the depository and its participants. We describe the procedures applicable to book-entry securities below under the heading Registration and Settlement.

Generally, all securities represented by the same global security will have the same terms. We may, however, issue a global security that represents multiple debt securities that have different terms and are issued at different times. We call this kind of global security a master global security. Your prospectus supplement will not indicate whether your debt securities are represented by a master global security.

Unless we specify otherwise in the applicable supplement, we will issue our debt securities in fully registered form, without coupons. If we issue a debt security in bearer form, we will describe the special considerations applicable to bearer securities in the applicable supplement. Some of the features that we describe in this prospectus may not apply to the bearer securities.

Our debt securities may be denominated, and cash payments with respect to the debt securities may be made, in U.S. dollars or in another currency, or in a composite currency, a basket of currencies, or a currency unit or units. Unless we specify otherwise in the applicable supplement, the debt securities will be denominated, and cash payments with respect to the debt securities will be made, in U.S. dollars, and the debt securities ordinarily will be issued in denominations of \$1,000 and multiples of \$1,000 in excess of \$1,000. We may also issue debt securities that are denominated in units of \$10. If any of the debt securities are denominated, or if principal, any premium, interest, and any other amounts payable on any of the debt securities is payable, in a foreign currency, or in a composite currency, a basket of currencies, or a currency unit or units, the specified currency, as well as any additional investment considerations, risk factors, restrictions, tax consequences, specific terms and other information relating to that issue of debt securities and

the specified currency, composite currency, basket of currencies, or currency unit or units, may be described in the applicable supplement. We describe some of those investment considerations relating to securities denominated or payable in a currency other than U.S. dollars above under the heading Risk Factors.

### **Different Series of Debt Securities**

We may issue our debt securities from time to time in one or more series with the same or different maturities. We also may reopen a series of our debt securities. This means that we can increase the principal amount of a series of our debt securities by selling additional debt securities with the same terms, provided that such additional notes shall be fungible for U.S. federal income tax purposes. We may do so without notice to the existing holders of securities of that series. However, any new securities of this kind may begin to bear interest at a different date.

This section of the prospectus summarizes the material terms of the debt securities that are common to all series. We will describe the financial and other specific terms of the series of debt securities being offered in the applicable supplement. The supplement also may describe any differences from the material terms described in this prospectus. If there are any differences between the applicable supplement and this prospectus, the applicable supplement will control.

The terms of your series of debt securities as described in the applicable supplement may include the following:

the title and type of the debt securities;

the principal amount of the debt securities;

the minimum denominations, if other than \$1,000 and multiples of \$1,000 in excess of \$1,000;

the percentage of the stated principal amount at which the debt securities will be sold and, if applicable, the method of determining the price;

the person to whom interest is payable, if other than the owner of the debt securities;

the maturity date or dates;

the interest rate or rates, which may be fixed or variable, and the method used to calculate that interest;

any index or other reference asset or assets that will be used to determine the amounts of any payments on the debt securities and the manner in which those amounts will be determined;

the interest payment dates, the regular record dates for the interest payment dates, the date interest will begin to accrue, and the applicable business day convention;

the place or places where payments on the debt securities may be made and the place or places where the debt securities may be presented for registration of transfer or exchange;

any date or dates after which the debt securities may be redeemed, repurchased, or repaid in whole or in part at our option or the option of the holder, and the periods, prices, terms, and conditions of that redemption, repurchase, or repayment;

if other than the full principal amount, the portion of the principal amount of the debt securities that will be payable if their maturity is accelerated;

the currency of principal, any premium, interest, and any other amounts payable on the debt securities, if other than U.S. dollars;

if the debt securities will be issued in other than book-entry form;

the identification of or method of selecting any calculation agents, exchange rate agents, or any other agents for the debt securities;

any provisions for the discharge of our obligations relating to the debt securities by the deposit of funds or U.S. government obligations;

any provisions relating to the extension or renewal of the maturity date of the debt securities;

whether the debt securities will be listed on any securities exchange; or

any other terms of the debt securities that are permitted under the applicable indenture. Fixed-Rate Notes

*General.* We may issue debt securities that bear interest at one or more fixed rates of interest, as specified in the applicable supplement. We refer to these as fixed-rate notes. Unless we specify otherwise in the applicable supplement, each fixed-rate note will bear interest from its original issue date or from the most recent date to which interest on the note has been paid or made available for payment. Interest will accrue on the principal of a fixed-rate note at the fixed annual rate stated in the applicable supplement, until the principal is paid or made available for payment or the note is converted or exchanged.

Unless we specify otherwise in the applicable supplement, we will pay interest on any fixed-rate note quarterly, semi-annually, or annually, as applicable, in arrears, on the days set forth in the applicable supplement (each such day being an interest payment date for a fixed-rate note) and at maturity. Each interest payment due on an interest payment date or the maturity date will include interest accrued from and including the most recent interest payment date to which interest has been paid, or, if no interest has been paid, from the original issue date, to but excluding the next interest payment date or the maturity date, as the case may be. Unless we specify otherwise in the applicable supplement, interest on fixed-rate notes will be computed and paid on the basis of a 360-day year consisting of twelve 30-day months, which we may refer to as the 30/360 day count convention. We will make payments on fixed-rate notes as described below under the heading Payment of Principal, Interest, and Other Amounts Due.

*Amortizing Notes.* We also may issue amortizing notes, which are fixed-rate notes for which combined principal and interest payments are made in installments over the life of the debt security. Payments on amortizing notes are applied first to interest due and then to the reduction of the unpaid principal amount. The supplement for an amortizing note will include a table setting forth repayment information.

### **Floating-Rate Notes**

*General.* We may issue debt securities that will bear interest at a floating rate of interest determined by reference to one or more interest rate bases, or by reference to one or more interest

rate formulae, referred to as the base rate. We refer to these debt securities as floating-rate notes. The base rate may be one or more of the following:

the federal funds rate, in which case the debt security will be a federal funds rate note ;

the London interbank offered rate, in which case the debt security will be a LIBOR note ;

the euro interbank offered rate, in which case the debt security will be a EURIBOR note ;

the prime rate, in which case the debt security will be a prime rate note ;
