Information in this prospectus supplement relies on assumptions in our sales backlog. Our sales backlog reflects anticipated net sales from formally awarded new programs less lost and discontinued programs. The Company enters into contracts with its customers to provide production parts generally at the beginning of a vehicle's life cycle. Typically, these contracts do not provide for a specified quantity of production, and many of these contracts may be terminated by the Company's customers at any time. Therefore, these contracts do not represent firm orders. Further, the calculation of the sales backlog does not reflect customer price reductions on existing or newly awarded programs. The sales backlog may be impacted by various assumptions embedded in the calculation, including vehicle production levels on new programs, foreign exchange rates and the timing of major program launches.

**MARKET AND INDUSTRY DATA**

The market share, ranking and other data contained in this prospectus supplement are based either on management's own estimates, independent industry publications, reports by market research firms or other published independent sources and, in each case, are believed by management to be reasonable estimates. However, such data is subject to change and cannot always be verified with complete certainty due to limits on the availability and reliability of raw data and the voluntary nature of reporting such data. In addition, in some cases, we have not verified the assumptions underlying such data.

***Xevo Inc. Acquisition***

On April 17, 2019, we completed the acquisition (the *Acquisition* ) of Xevo Inc. ( *Xevo* ) via a merger of Lear Techsub Corporation ( *Merger Sub* ), a subsidiary of the Company, with and into Xevo with Xevo becoming a wholly owned subsidiary of the Company, pursuant to that certain Merger Agreement, dated March 27, 2019, by and among the Company, Merger Sub, Xevo and Fortis Advisors LLC, as securityholder representative (as may be amended or supplemented from time to time, the *Merger Agreement* ). Xevo is a leading automotive software supplier that develops solutions for cloud, car and mobile devices. The consideration for the Acquisition was approximately \$320 million in cash paid at closing. The Merger Agreement contains customary representations and warranties, covenants, termination provisions and other agreements. In addition, we and Xevo have agreed to indemnify each other for certain losses. Under the Merger Agreement, we established an escrow account to secure Xevo's post-closing indemnification obligations under the Merger Agreement. In addition, the Company has obtained representation and warranty insurance to provide coverage for certain breaches of, or inaccuracies in, representations and warranties made by Xevo, subject to customary exclusions and limitations. We intend to use a portion of the net proceeds of this offering, together with cash on hand, to finance a portion of the Acquisition. See *Use of Proceeds*. As part of the Acquisition, we issued 16,231 shares of restricted stock and 130,285 restricted stock units to certain Xevo employees who joined the Company pursuant to the 2019 Inducement Grant Plan adopted by our Board of Directors without stockholder approval pursuant to the inducement exemption provided under the NYSE listing rules. We may not be able to achieve the strategic benefits of the Acquisition. An inability to realize the full extent of, or any of, the anticipated benefits of the Acquisition, as well as any delays encountered in the integration process, could have an adverse effect on our business, results of operations and financial condition.

**RISK FACTORS**

*Investing in the notes involves risks. You should carefully consider the risk factors described below and in our reports filed from time to time with the SEC, including Part I Item 1A, Risk Factors, in our Annual Report on Form 10-K for the year ended December 31, 2018, which is incorporated by reference into this prospectus supplement. Before making any investment decision, you should carefully consider these risks. These risks could materially affect our business, results of operations or financial condition and affect the value of our securities. In such case, you may lose all or part of your original investment. The risks described below or incorporated by reference herein are not the only risks facing us. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business, results of operation or financial condition. In addition, with respect to forward-looking statements in this prospectus supplement and the documents we incorporate by reference, please see Cautionary Statement Regarding Forward-Looking Statements for a discussion of important factors, risks and uncertainties that may cause actual results to differ materially from anticipated results.*

**Risks Related to the Notes**

***Our existing indebtedness and the inability to access capital markets could restrict our business activities or our ability to execute our strategic objectives and prevent us from fulfilling our obligations under the notes.***

As of March 30, 2019, on an as adjusted consolidated basis after giving effect to the completion of this offering and the application of the proceeds therefrom, we would have had approximately \$2,316.0 million of outstanding indebtedness, as well as \$1.75 billion available for borrowing under our Revolving Credit Facility. The terms of the notes and our other debt instruments contain covenants that may restrict our business activities or our ability to execute our strategic objectives, and our failure to comply with these covenants could result in a default under our indebtedness. We also lease certain buildings and equipment under non-cancelable lease agreements with terms exceeding one year, which are accounted for as operating leases. Additionally, any downgrade in the ratings that rating agencies assign to us and our debt may ultimately impact our access to capital markets. Our inability to generate sufficient cash flow to satisfy our debt and lease obligations, to refinance our debt obligations or to access capital markets on commercially reasonable terms could have an adverse effect on our financial condition, operating results and cash flows.

Our existing indebtedness and volatility in the global capital and financial markets could have important consequences to the holders of the notes, including:

making it more difficult for us to satisfy our obligations under our indebtedness, including the notes offered hereby;

limiting our ability to borrow money to fund working capital, capital expenditures, debt service, product development or other corporate requirements;

requiring us to dedicate a substantial portion of our cash flow to payments on our indebtedness, which would reduce the amount of cash flow available to fund working capital, capital expenditures, product development and other corporate requirements;

increasing our vulnerability to general adverse industry and economic conditions;

placing us at a disadvantage compared to other, less leveraged competitors;

limiting our ability to respond to business opportunities;

increasing our cost of borrowing; and

subjecting us to financial and other restrictive covenants, the failure of which to satisfy could result in a default under our indebtedness.

**Table of Contents**

*Despite our existing indebtedness, certain of our agreements, including the indenture governing the notes, permit us and our subsidiaries to incur significantly more debt. This could intensify the risks described above.*

In addition to the notes offered hereby, following the consummation of this offering and the application of the proceeds therefrom, the Company will have outstanding the 2025 Notes and the 2027 Notes. Certain agreements governing our existing indebtedness, including the Credit Agreement and the indentures governing our Existing Notes contain restrictions on our and our subsidiaries' ability to incur additional indebtedness, including senior secured indebtedness that will be effectively senior to the notes to the extent of the assets securing such indebtedness. However, these restrictions are subject to a number of important qualifications and exceptions, and the indebtedness incurred in compliance with these restrictions could be substantial. In addition, the indentures governing our Existing Notes and the notes offered hereby contain limited covenants, including a restriction on our and our subsidiaries' ability to incur senior secured indebtedness but no restriction on the incurrence of senior unsecured indebtedness and, in the case of the indenture governing the 2025 Notes, the 2027 Notes and the notes offered hereby, no limitation on our ability to engage in sale and leaseback transactions. Accordingly, we or our subsidiaries could incur significant additional indebtedness in the future, much of which could constitute secured or effectively senior indebtedness. The more leveraged we become, the more we, and in turn our security holders, become exposed to the risks described above under . Our existing indebtedness and the inability to access capital markets could restrict our business activities or our ability to execute our strategic objectives and prevent us from fulfilling our obligations under the notes.

*We may not be able to generate sufficient cash to service all of our indebtedness, including the notes, and may be forced to take other actions to satisfy our obligations under our indebtedness that may not be successful.*

Our ability to pay principal and interest on the notes and to satisfy our other debt obligations will depend upon, among other things:

our future financial and operating performance, which will be affected by prevailing economic conditions and financial, business, regulatory and other factors, many of which are beyond our control; and

our ability to access the capital and financial markets on commercially reasonable terms.

We cannot assure you that our business will generate sufficient cash flow from operations, or that we will be able to access the capital and financial markets, in an amount sufficient to fund our liquidity needs, including the payment of principal and interest on the notes. See Cautionary Statement Regarding Forward-Looking Statements.

If our cash flows and capital resources are insufficient to service our indebtedness, we may be forced to reduce or delay capital expenditures, sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. In addition, the terms of existing or future debt agreements, including the Credit Agreement and the indentures governing our Existing Notes and the notes offered hereby, may restrict us from adopting some of these alternatives. Without such resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions for fair market value or at all. Furthermore, any proceeds that we could realize from any such dispositions may not be adequate to meet our debt service obligations then due.

*Repayment of our debt, including the notes, is dependent on cash flow generated by our subsidiaries.*

Our subsidiaries own a significant portion of our assets and conduct a significant portion of our operations. Accordingly, repayment of our indebtedness, including the notes, is dependent, to a significant extent, on the

S-10

---

**Table of Contents**

generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the notes.

*If we default on our obligations to pay our other indebtedness, we may not be able to make payments on the notes.*

Any default under the agreements governing our indebtedness, including a default under the Credit Agreement that is not waived by the required lenders or a default under our Existing Notes that is not waived by a majority of the outstanding principal amount of each series of such notes, and the remedies sought by the holders of such indebtedness could substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to make required payments of principal, premium, if any, or interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness, we could be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all of the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest. If our operating performance declines, we may in the future need to seek waivers from the required lenders under the Credit Agreement and/or waivers from the holders of our Existing Notes to avoid being in default under our Credit Agreement and the indentures governing our Existing Notes. If we breach our covenants under the Credit Agreement or the indentures governing our Existing Notes and seek a waiver, we may not be able to obtain a waiver from the required lenders under the Credit Agreement or holders of the Existing Notes, as applicable. If this occurs, we would be in default under the Credit Agreement and the Existing Notes, and the lenders and holders of the Existing Notes could exercise their rights as described above, and we could be forced into bankruptcy or liquidation.

*The notes will not be secured by any of our assets and therefore will be effectively subordinated to our existing and future secured indebtedness.*

The notes will be general unsecured obligations ranking effectively junior in right of payment to existing and future secured debt of Lear to the extent of the collateral securing such debt. The indenture governing the notes will permit the incurrence of additional debt, some of which may be secured debt. See Description of Notes. In the event that we are declared bankrupt, become insolvent or are liquidated or reorganized, creditors whose debt is secured by assets of Lear will be entitled to the remedies available to secured holders under applicable laws, including the foreclosure of the collateral securing such debt, before any payment may be made with respect to the notes. As a result, there may be insufficient assets to pay amounts due on the notes and holders of the notes may receive less, ratably, than holders of secured indebtedness.

*The notes will be structurally subordinated to all liabilities of our subsidiaries.*

The notes are structurally subordinated to the indebtedness and other liabilities of our subsidiaries. These subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the notes, or to make any funds available therefor, whether by dividends, loans, distributions or other payments. As of March 30, 2019, our subsidiaries had \$19.3 million of outstanding indebtedness to third parties. Any right that we have to receive any assets of any of our subsidiaries upon the liquidation or reorganization of those subsidiaries, and the consequent rights of holders of notes to realize proceeds from the sale of any of those subsidiaries' assets, will be structurally subordinated to the claims of those subsidiaries' creditors, including trade creditors and holders of preferred equity interests of those subsidiaries. Accordingly, in the event of a bankruptcy, liquidation or reorganization of any of our subsidiaries, these

## **Table of Contents**

subsidiaries will pay the holders of their debts, holders of preferred equity interests and their trade creditors before they will be able to distribute any of their assets to us.

*The terms of the Credit Agreement, the indentures governing our Existing Notes and the notes offered hereby and the agreements governing our other indebtedness may restrict our current and future operations, particularly our ability to respond to changes in our business or to take certain actions.*

The Credit Agreement contains, and any documents governing future indebtedness of ours may contain, a number of restrictive covenants that impose significant operating and financial restrictions on us, which restrict our ability to, among other things:

create or incur certain liens;

enter into sale and leaseback transactions;

enter into lines of business that are not reasonably related or incidental to those businesses in which we are engaged; and/or

sell or dispose of our assets or enter into merger or consolidation transactions.

The indentures governing the Existing Notes and the notes offered hereby contain restrictive covenants that restrict our ability to create or incur certain liens and enter into merger or consolidation transactions. The indenture governing the 2024 Notes (which will be redeemed using a portion of the proceeds from this offering) also contains a covenant that restricts our ability to enter into sale and leaseback transactions.

In addition, the Credit Agreement requires us to comply with a leverage covenant and to make mandatory prepayments of outstanding indebtedness under the Term Loan. As a result, we will be limited in the manner in which we conduct our business, and we may be unable to engage in favorable business activities or finance future operations or capital needs.

A failure to comply with the covenants contained in the Credit Agreement and the indentures governing our Existing Notes and the notes could result in an event of default under our Credit Agreement and the indentures governing the Existing Notes and the notes, which, if not cured or waived, could have a material adverse effect on our business, financial condition and results of operations. In the event of any default under the Credit Agreement or the indentures governing our Existing Notes and the notes, the lenders thereunder or holders, as applicable, could elect to declare all amounts outstanding, together with accrued and unpaid interest and fees, to be due and payable.

If the indebtedness under the Credit Agreement, the Existing Notes or the notes were to be accelerated, there can be no assurance that our assets, including our available cash, would be sufficient to repay such indebtedness in full.

*We may not be able to repurchase the notes upon a change of control triggering event.*

Upon a change of control triggering event (as defined in the indenture governing the notes), we will be required to make an offer to repurchase all outstanding notes at 101% of their principal amount, plus accrued and unpaid interest, unless we have previously given notice of our intention to exercise our right to redeem the notes. We may not have sufficient financial resources to purchase all of the notes that are tendered upon a change of control triggering event offer or, if then permitted under the indenture governing the notes, to redeem the notes. We also may be contractually restricted pursuant to the terms governing our existing indebtedness from purchasing all or some of the notes tendered upon a change of control triggering event. A failure to make the applicable change of control triggering event offer or to pay the applicable change of control triggering event purchase price when due would result in a default under the indenture. The occurrence of a change of control triggering event would also constitute an event of default under the Credit Agreement and may constitute an event of default under the terms of the agreements governing our other indebtedness. See Description of Notes Change of Control Triggering Event.

**Table of Contents**

*There can be no assurances that an active trading market will develop for the notes, which could make it more difficult for holders of the notes to sell their notes and/or result in a lower price at which holders would be able to sell their notes.*

There is currently no established trading market for the notes, and there can be no assurance as to the liquidity of any markets that may develop for the notes, the ability of the holders of the notes to sell their notes or the price at which such holders would be able to sell their notes. If such a market were to exist, the notes could trade at prices that may be lower than the initial market values thereof depending on many factors, including prevailing interest rates and our business performance. We do not intend to apply for the listing of the notes on any securities exchange in the United States or elsewhere. Certain of the underwriters have advised us that they currently intend to make a market in the notes, as permitted by applicable laws and regulations. However, none of the underwriters are obligated to do so, and any market-making with respect to the notes may be discontinued at any time without notice. See Underwriting (Conflicts of Interest).

*Credit ratings of the notes may change and affect the market price and marketability of the notes.*

Credit ratings are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the applicable rating agencies, if, in such rating agency's judgment, circumstances so warrant. Agency credit ratings are not a recommendation to buy, sell or hold any security. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market price or marketability of the notes and increase our corporate borrowing costs.

We will pay the principal of, premium, if any, and interest on the notes at any office of ours or any agency designated by us. We have initially designated the corporate trust office of the Trustee to act as the agent of the Company in such matters. The location of the corporate trust office for payment on the notes is U.S. Bank National Association, 100 Wall Street, New York, NY 10005. We, however, reserve the right to pay interest to Holders by check mailed directly to Holders at their registered addresses or, with respect to global notes, by wire transfer.

Holders may exchange or transfer their notes at the same location given in the preceding paragraph. No service charge will be made for any registration of transfer or exchange of notes. However, we may require Holders to pay any transfer tax or other similar governmental charge payable in connection with any such transfer or exchange.

## **Selection**

If we partially redeem any series of notes, the Trustee will select the notes of such series to be redeemed on a pro rata basis and in accordance with the procedures of The Depository Trust Company. No note of any series less than \$2,000 in original principal amount may be redeemed in part. If we redeem any note in part only, the notice of redemption relating to such note shall state the portion of the principal amount thereof to be redeemed. A new note in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original note. On and after the redemption date, interest will cease to accrue on notes or portions thereof called for redemption so long as we have deposited with the Paying Agent funds sufficient to pay the principal of the notes to be redeemed, plus accrued and unpaid interest thereon.

**Ranking**

The indebtedness evidenced by the notes is unsecured and ranks *pari passu* in right of payment to the senior Indebtedness of the Company.

The notes are unsecured obligations of the Company. Secured debt and other secured obligations of the Company will be effectively senior to the notes to the extent of the value of the assets securing such debt or other obligations.

S-19

## **Table of Contents**

The notes will not be guaranteed by any of the Company's Subsidiaries. The Company currently conducts substantially all of its operations through its Subsidiaries. Creditors of such Subsidiaries, including trade creditors, and preferred stockholders, if any, of such Subsidiaries generally will have priority with respect to the assets and earnings of such Subsidiaries over the claims of creditors of the Company, including Holders. The notes, therefore, will be effectively subordinated to the claims of creditors, including trade creditors, and preferred stockholders, if any, of Subsidiaries of the Company.

The Company and its Subsidiaries may be able to incur substantial amounts of additional Indebtedness. Such Indebtedness may be senior Indebtedness and, subject to certain limitations, may be secured. See **Certain Covenants** **Limitation on Liens** below.

The notes will rank equally in all respects with all other senior Indebtedness of the Company. Unsecured Indebtedness is not deemed to be subordinate or junior to Secured Indebtedness merely because it is unsecured.

## **Change of Control Triggering Event**

Upon the occurrence of a Change of Control Triggering Event, each Holder will have the right to require the Company to purchase all or any part of such Holder's notes at a purchase price in cash equal to 101% of the principal amount thereof plus accrued and unpaid interest to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date).

*Change of Control Triggering Event* means the occurrence of both a Change of Control and a Rating Decline. Notwithstanding the foregoing, no Change of Control Triggering Event will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

*Change of Control* means the occurrence of any of the following:

- (1) any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that for purposes of this clause (1) such person shall be deemed to have beneficial ownership of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the Company;
- (2) the adoption of a plan relating to the liquidation or dissolution of the Company; or
- (3) the merger or consolidation of the Company with or into another Person or the merger of another Person with or into the Company, or the sale of all or substantially all the assets of the Company (as determined on a Consolidated basis) to another Person, and, in the case of any such merger or consolidation, the securities of the Company that are outstanding immediately prior to such transaction and which represent 100% of the aggregate voting power of the Voting Stock of the Company are changed into or exchanged for cash, securities or property, unless pursuant to such transaction such securities are changed into or exchanged for, in addition to any other consideration, securities of the surviving Person or transferee that represent immediately after such transaction, at least a majority of the aggregate voting power of the Voting Stock of the surviving Person or transferee.

## Edgar Filing: LEAR CORP - Form 424B2

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (1) the Company becomes a direct or indirect wholly owned Subsidiary of a holding company and (2)(a) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of the Voting Stock immediately prior to that transaction or (b) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the voting power of the Voting Stock of such holding company.

*Rating Decline* means the occurrence of a decrease in the rating of the notes below an Investment Grade Rating by both of the Rating Agencies, on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of a Change of Control (which period shall be extended so long as the rating of the notes is under publicly announced consideration for possible downgrade by either of the Rating Agencies); *provided*, that a Rating Decline otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Rating Decline for purposes of the definition of Change of Control Triggering Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Rating Decline). The Company shall notify the trustee in writing of any Rating Decline within 30 days of notice from a Rating Agencies thereof.

Within 30 days following any Change of Control Triggering Event, the Company shall mail a notice to each Holder with a copy to the Trustee (the Change of Control Offer ), stating:

- (1) that a Change of Control Triggering Event has occurred and that such Holder has the right to require the Company to purchase all or a portion of such Holder's notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest on the relevant interest payment date);
- (2) the circumstances and relevant facts and financial information regarding such Change of Control Triggering Event;
- (3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed); and
- (4) the instructions determined by the Company, consistent with this covenant, that a Holder must follow in order to have its notes purchased.

The Company will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all notes validly tendered and not withdrawn under such Change of Control Offer. In addition, the Company will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if the notes have been or are called for redemption by the Company prior to it being required to mail notice of the Change of Control Offer, and thereafter redeems all notes called for redemption in accordance with the terms set forth in such redemption notice. Notwithstanding anything to the contrary contained herein, a revocable Change of Control Offer may be made in advance of a Change of Control Triggering Event, conditioned upon the consummation of the relevant Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

The Company will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the purchase of notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

The Change of Control Triggering Event purchase feature is a result of negotiations between the Company and the underwriters. Management has no present intention to engage in a transaction involving a Change of Control, although it is possible that the Company would decide to do so in the future. Subject to the limitations discussed below, the Company could, in the future, enter into certain transactions, including acquisitions,

## **Table of Contents**

refinancings or recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of Indebtedness outstanding at such time or otherwise affect the Company's capital structure or credit ratings. Restrictions on the ability of the Company to Incur additional Secured Indebtedness are contained in the covenant described under Limitation on Liens. However, except for the limitations contained in such covenant, the Indenture does not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The definition of Change of Control includes a phrase relating to the sale of all or substantially all the assets of the Company (as determined on a Consolidated basis). Although there is a developing body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder to require the Company to purchase its notes as a result of a sale of less than all of the assets of the Company (as determined on a Consolidated basis) to another Person may be uncertain.

The occurrence of certain of the events which would constitute a Change of Control would constitute a default under the Credit Agreement. Future senior Indebtedness of the Company may contain prohibitions of certain events which would constitute a Change of Control or require such senior Indebtedness to be repurchased or repaid upon a Change of Control. Moreover, the exercise by the Holders of their right to require the Company to purchase the notes could cause a default under such senior Indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Company. Finally, the Company's ability to pay cash to the Holders upon a purchase may be limited by the Company's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required purchases.

The provisions under the Indenture relative to the Company's obligation to make an offer to purchase the notes as a result of a Change of Control Triggering Event may be waived or modified with the written consent of the Holders of a majority in principal amount of the notes.

## **Certain Covenants**

The Indenture contains covenants including, among others, those summarized below. Notwithstanding anything herein to the contrary, the Trustee shall not be obligated to monitor or confirm, on a continuing basis or otherwise, the Company's compliance with any reporting covenants described herein or with respect to any reports or other documents filed under the Indenture.

### ***Limitation on Liens***

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, Incur or permit to exist any Lien (the Initial Lien) of any nature whatsoever on any of its property or assets (including Capital Stock of a Restricted Subsidiary), whether owned at the Issue Date or thereafter acquired, which Initial Lien secures any Indebtedness, other than Permitted Liens, without effectively providing that the notes shall be secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Any Lien created for the benefit of the Holders of the notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

*SEC Reports*

Whether or not required by the rules and regulations of the SEC, so long as any notes are outstanding, the Company will provide the Trustee and Holders and prospective Holders within the time periods specified in the SEC's rules and regulations (plus any extensions granted pursuant to SEC rules), copies of:

- (1) annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

S-22

### **Table of Contents**

- (2) quarterly reports on Form 10-Q, containing the information required to be contained therein, or any successor or comparable form;
- (3) from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and
- (4) any other information, documents and other reports which the issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act.

Notwithstanding whether the Company is subject to the periodic reporting requirements of the Exchange Act, the Company will nevertheless continue filing the reports specified above unless the SEC will not accept such a filing. The Company will not take any action for the purpose of causing the SEC not to accept any such filings.

Notwithstanding the foregoing, to the extent the Company files the information and reports referred to in clauses (1) through (4) above with the SEC and such information is publicly available on the Internet, the Company shall be deemed to be in compliance with its obligations to furnish such information to the Holders of the notes. If, notwithstanding the foregoing, the SEC will not accept the Company's filings for any reason, the Company will post the reports referred to in the preceding paragraph on its website no later than 15 days after the end of the time periods that would apply if the Company were required to file those reports with the SEC.

In addition, the Company shall furnish to the Trustee and the Holders, upon their request, copies of the annual report to shareholders and any other information provided by the Company to its public shareholders generally. Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants under the Indenture or the notes (as to which the Trustee is entitled to rely exclusively on Officers' Certificates).

### **Merger and Consolidation**

The Company will not, directly or indirectly, consolidate with or merge with or into, or convey, transfer or lease all or substantially all its assets in one or a series of related transactions to, any Person, unless:

- (1) the resulting, surviving or transferee Person (the Successor Company) will be a corporation, limited liability company or limited liability partnership organized and existing under the laws of (x) the United States of America, any State thereof or the District of Columbia, or (y) Jersey and any other jurisdiction in the Channel Islands, any member state of the European Union as in effect on the Issue Date, Switzerland, Bermuda, The Cayman Islands or Singapore; *provided* that if the Successor Company is organized outside of the United States of America, any State thereof or the District of Columbia, the Company shall enter into a supplemental indenture to the Indenture that includes a provision for the payment of additional amounts to Holders (subject to customary exceptions) in the event that the organization of the Successor Company in such jurisdiction will result in tax withholding or deduction, or otherwise result in taxes, fees, duties, assessments or governmental charges, for payments to Holders under the terms of notes in such jurisdiction (which such provision shall be certified by the Company to the Trustee as customary), and *provided further* that the Successor Company (if not the Company) will expressly assume, by a supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of the Company under the notes and the Indenture (and, if the Successor Company is not a corporation, the Company shall cause a corporate co-issuer to become a co-obligor on the notes);

## **Table of Contents**

- (2) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Company or any Restricted Subsidiary as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing; and
- (3) the Company shall have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the Indenture.

The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, and the predecessor Company, other than in the case of a lease, will be released from the obligation to pay the principal of and interest on the notes.

## **Defaults**

Each of the following is an Event of Default with respect to each series of notes:

- (1) a default in any payment of interest on the notes of such series when due and payable continued for 30 days;
- (2) a default in the payment of principal of any note of such series when due and payable at its Stated Maturity, upon optional redemption or required repurchase, upon declaration of acceleration or otherwise;
- (3) the failure by the Company to comply with its obligations under the covenant described under Merger and Consolidation above;
- (4) the failure by the Company or any Restricted Subsidiary to comply for 30 days after notice with any of its obligations under the covenants described under Change of Control Triggering Event or Certain Covenants (other than Certain Covenants SEC Reports above (in each case, other than a failure to purchase notes of such series);
- (5) the failure by the Company or any Restricted Subsidiary to comply for 60 days after notice as specified in the Indenture with its other agreements contained in the Indenture;
- (6) the failure by the Company or any Restricted Subsidiary to pay any Indebtedness (other than Indebtedness owing to the Company or a Restricted Subsidiary) within any applicable grace period after final maturity or the acceleration of any such Indebtedness by the holders thereof because of a default if the total amount of such Indebtedness unpaid or accelerated exceeds \$200.0 million or its foreign currency equivalent (the cross acceleration provision ); or
- (7) certain events of bankruptcy, insolvency or reorganization of the Company or a Significant Subsidiary (the bankruptcy provisions ).

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

## Edgar Filing: LEAR CORP - Form 424B2

However, a default under clauses (1) and (2) will not constitute an Event of Default with respect to any series of notes until the Trustee notifies the Company or the Holders of at least 25% in principal amount of the outstanding notes of such series notify the Company and the Trustee of the default and the Company, as applicable, does not cure such default within the time specified in clauses (1) and (2) hereof after receipt of such notice. Except in the case of a Default in the payment of principal of, or premium, if any, or interest on, any note that is to be paid by the Trustee, as paying agent, the Trustee shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default, unless a Trust Officer of the Trustee shall have received written notice from the Company or a Holder describing such Default or Event of Default, and stating that such notice is a notice of default.

S-24

---

**Table of Contents**

If an Event of Default (other than an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Company) occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the outstanding notes of any series by notice to the Company may declare the principal of and accrued but unpaid interest on all the notes of such series to be due and payable. Upon such a declaration, such principal and interest will be due and payable immediately. If an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Company occurs, the principal of and interest on all the notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holders. Under certain circumstances, the Holders of a majority in principal amount of the outstanding notes of any series may rescind any such acceleration with respect to the notes of such series and its consequences.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders unless such Holders have offered to the Trustee indemnity reasonably satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of a note of any series may pursue any remedy with respect to the Indenture or the notes of such series unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing,
- (2) Holders of at least 25% in principal amount of the outstanding notes of such series have requested the Trustee in writing to pursue the remedy,
- (3) such Holders have offered the Trustee indemnity reasonably satisfactory to it against any loss, liability or expense,
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of indemnity, and
- (5) the Holders of a majority in principal amount of the outstanding notes of such series have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of the outstanding notes of any series will be given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee with respect to the notes of any such series. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a note of such series or that would involve the Trustee in personal liability. Prior to taking any action under the Indenture, the Trustee will be entitled to indemnification reasonably satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

If a Default occurs and is continuing and is known to the Trustee, the Trustee must mail to each Holder of the notes of the applicable series, notice of the Default within the earlier of 90 days after it occurs or 30 days after it is actually known to a Trust Officer or written notice of it is received by the Trustee. Except in the case of a Default in the payment of principal of, premium (if any) or interest on any note of any series (including payments pursuant to the redemption provisions of such note of such series), the Trustee may withhold notice if and so long as a committee of its Trust Officers in good faith determines that withholding notice is in the interests of the Holders. In addition, the Company will be required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year and whether the Company has fulfilled all obligations under the Indenture. The Company will also be required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Events of Default, their status and what action the Company is taking or proposes to take in respect thereof.

### **Amendments and Waivers**

Subject to certain exceptions, the Indenture or the notes of any series may be amended as it relates to such series of notes with the written consent of the Holders of a majority in principal amount of the notes of such series then outstanding voting as a single class and any past default or compliance with any provisions with respect to the notes of such series may be waived with the consent of the Holders of a majority in principal amount of the notes of such series then outstanding voting as a single class. However, without the consent of each Holder of an outstanding note affected, no amendment may, among other things:

- (1) reduce the amount of the notes whose Holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any note;
- (3) reduce the principal of or extend the Stated Maturity of any note;
- (4) reduce the premium payable upon the redemption of any note or change the time at which any note may be redeemed as described under Optional Redemption above;
- (5) make any note payable in money other than that stated in the note;
- (6) impair the right of any Holder of notes to receive payment of principal of, and interest on, such Holder's notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's notes; or
- (7) make any change in the amendment provisions which require each Holder's consent or in the waiver provisions.

Without the consent of any Holder of the notes, the Company and the Trustee, as applicable, may amend the Indenture to:

- (1) cure any ambiguity, omission, defect or inconsistency;
- (2) provide for the assumption by a successor entity of the obligations of the Company under the Indenture;
- (3) provide for uncertificated notes in addition to or in place of certificated notes (*provided, however*, that the uncertificated notes are issued in registered form for purposes of Section 163(f) of the Code);
- (4) add Guarantees with respect to the notes or to confirm and evidence the release, termination or discharge of any Guarantee when such release, termination or discharge is permitted under the Indenture;
- (5) add to the covenants of the Company for the benefit of the Holders of notes or to surrender any right or power conferred upon the Company;

The Company shall have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such amendment or waiver and such supplemental indenture (if any) comply with the Indenture.

After an amendment becomes effective, the Company is required to mail to Holders a notice briefly describing such amendment. However, the failure to give such notice to all Holders, or any defect therein, will not impair or affect the validity of the amendment.

## **Transfer and Exchange**

A Holder will be able to transfer or exchange notes in accordance with the Indenture. Upon any transfer or exchange, the registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and the Company may require a Holder to pay any taxes required by law or permitted by the Indenture. The Company will not be required to transfer or exchange any note selected for redemption or to transfer or exchange any note for a period of 15 days prior to a selection of notes to be redeemed. The notes will be issued in registered form and the Holder will be treated as the owner of such note for all purposes.

## **Satisfaction and Discharge**

When (a)(i) the Company delivers to the Trustee all outstanding notes of any series for cancellation or (ii) all outstanding notes of any series have become due and payable, whether at maturity or on a redemption date as a result of the mailing of notice of redemption and, in the case of clause (2);(b), the Company irrevocably deposits with the Trustee funds or U.S. Government Obligations sufficient to pay at maturity or upon redemption all outstanding notes of such series, including premium, if any, interest thereon to maturity or such redemption date; and (c) if in any case the Company pays all other sums payable under the Indenture by the Company, then the Indenture shall, subject to certain exceptions, cease to be of further effect with respect to all outstanding notes of such series (except as to surviving rights or registration of transfer or exchange of the notes, as expressly provided for in the Indenture).

## **Table of Contents**

The Company may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the Company exercises its legal defeasance option with respect to a series of notes, payment of the notes of such series may not be accelerated because of an Event of Default with respect thereto. If the Company exercises its covenant defeasance option with respect to a series of notes, payment of the notes of such series may not be accelerated because of an Event of Default specified in clause (4), (6) or (7) (with respect only to Significant Subsidiaries) under Defaults above.

In order to exercise either defeasance option with respect to a series of notes, the Company must irrevocably deposit in trust (the defeasance trust) with the Trustee money in an amount sufficient to purchase U.S. Government Obligations, the principal of and interest on which will be sufficient, or a combination thereof sufficient, without consideration of any reinvestment of such principal and interest, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee, to pay the principal of, premium (if any) and interest in respect of the notes of such series to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel to the effect that Holders will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law).
