ANNUAL MEETING OF STOCKHOLDERS

Thursday, October 30, 2003

-----

Our Annual Meeting of Stockholders will be held on Thursday, October 30, 2003 at the Griffis Faculty Club, Weill Cornell Medical College, 521 East 68th Street, New York, New York 10021 at 10:00 a.m. This proxy statement contains information about the matters to be considered at the meeting or any adjournments or postponements of the meeting.

## ABOUT THE MEETING

What is being considered at the meeting?

You will be voting on the following:

- election of five directors;
- ratification of the appointment of our independent certified public accountants.

In addition, our management will report on our performance during fiscal 2003 and respond to your questions.

Who is entitled to vote at the meeting?

You may vote if you owned stock as of the close of business on September 2, 2003. Each share of stock is entitled to one vote.

How do I vote?

You can vote in two ways:

- by attending the meeting or
- by completing, signing and returning the enclosed proxy card.

Can I change my mind after I vote?

Yes, you may change your mind at any time before the vote is taken at the meeting. You can do this by (1) signing another proxy with a later date and returning it to us prior to the meeting or filing with our corporate secretary a written notice revoking your proxy, or (2) voting again at the meeting.

What if I return my proxy card but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted FOR the election of the nominee directors and FOR the appointment of our independent certified public accountants.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer & Trust Co. (718) 921-8200.

1

Will my shares be voted if I do not provide my proxy?

If you hold your shares directly in your own name, they will not be voted

## Edgar Filing: VASOMEDICAL INC - Form DEF 14A

if you do not provide a proxy. Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms generally have the authority to vote customers' unvoted shares on certain "routine" matters, including the election of directors. When a brokerage firm votes its customer's unvoted shares, these shares are counted for purposes of establishing a quorum. At our meeting, these shares will be counted as voted by the brokerage firm in the election of directors and appointment of our independent certified public accountants.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to conduct our meeting, a majority of our outstanding shares as of September 2, 2003 must be present at the meeting. This is referred to as a quorum. On September 2, 2003, there were 57,827,690 shares outstanding and entitled to vote.

What vote is required to approve each item?

The affirmative vote of a majority of the votes cast at the Annual Meeting is required for approval of the election of directors and the appointment of our independent certified public accountants. A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum.

In April 1997, we adopted the Vasomedical, Inc. 401(k) Plan to provide retirement benefits for its employees. As allowed under Section 401(k) of the Internal Revenue Code, the plan provides tax-deferred salary deductions for eligible employees. Employees are eligible to participate in the next quarter enrollment period after employment. Participants may make voluntary contributions to the plan up to 100% of their compensation. In fiscal 2003 and 2002, the Company made discretionary contributions of approximately \$35,000 and \$20,000, respectively, to match a percentage of employee contributions. No Company contributions were made for the fiscal year ended May 31, 2001. For the year ended May 31, 2003, a total of \$3,736 was contributed for all officers as a group.

### Shareholder Rights Plan

In March 1995, our Board of Directors approved a Shareholder Rights Plan, under which a dividend distribution of one Right for each outstanding share of our common stock is authorized. Each Right will entitle stockholders of record on May 9, 1995 to purchase one-half share of Common Stock at a 50% discount to market price if a person or group acquires 20% or more of our outstanding stock. At present, we are not aware of any such person or group seeking to acquire 20% or more of our outstanding common stock.

### Director's Compensation

It has been our policy to grant fees of \$1,500 per meeting to each outside director who attends a regularly scheduled or special meeting of its Board of Directors. Through November 2002, Messrs. Cohen, Shapiro and Viscusi did not

8

receive per-meeting fees but monthly fees of \$2,500. Fees for committee meetings are \$1,000 per meeting if the meeting is held on a different day than the Board meeting. In addition, we reimburse out-of-state directors for their cost of travel and lodging to attend such meetings.

Our compensation structure for outside directors, as revised in October 2001, provides for the issuance of:

- a one-time grant of 50,000 non-qualified stock options to outside directors issued on the date of their initial appointment to our Board of Directors at the closing price on the issue date and vesting in three equal annual increments commencing on the first anniversary of the grant and contingent upon their continued service on our Board; and
- an automatic annual grant of 25,000 non-qualified stock options to outside directors issued on the date of our Annual Meeting of Stockholders at the closing price on the issue date and vesting in three equal annual increments commencing on the first anniversary of the grant and contingent upon their continued service on our Board.

### Limitation on Liability of Officers and Directors

We have entered into indemnification agreements with each of our current officers and directors pursuant to which we have agreed, among other things, to indemnify these officers and directors to the fullest extent permitted by Delaware law.

### Compensation Committee Interlocks and Insider Participation

During fiscal 2003, our Compensation Committee consisted of Messrs. Bearn, Blumenthal, Paulson (only until his appointment as Chief Executive Officer in October, 2002), Shapiro, Viscusi, and Whittaker. None of these persons were our officers or employees during fiscal 2003 or, except as otherwise disclosed, had any relationship requiring disclosure in this Proxy Statement.

In accordance with rules promulgated by the Securities and Exchange Commission, the information included under the caption "Compensation Committee Report on Executive Compensation" will not be deemed to be filed or to be proxy-soliciting material or incorporated by reference in any prior or future filings by the Company under the Securities Act of 1933 or the Securities Exchange Act.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation of our executive officers is generally determined by the Compensation Committee of our Board of Directors, subject to applicable employment agreements. Each member of the Compensation Committee is a director who is not our employee or an employee of any of our affiliates. The following report with respect to certain compensation paid or awarded to our executive officers during fiscal 2003 is furnished by the directors who comprised the Compensation Committee during fiscal 2003.

### General Policies

## Edgar Filing: VASOMEDICAL INC - Form DEF 14A

Our compensation programs are intended to enable us to attract, motivate, reward and retain the management talent required to achieve corporate objectives and thereby increase shareholder value. It is our policy to provide incentives to its senior management to achieve both short-term and long-term objectives and to reward exceptional performance and contributions to the development of our business. To attain these objectives, our executive compensation program includes a competitive base salary, cash incentive bonuses and stock-based compensation.

Stock options are granted to employees, including our executive officers, by the Compensation Committee under our 1999 Stock Option Plan. The Committee believes that stock options provide an incentive that focuses the executive's attention on managing us from the perspective of an owner with an equity stake in the business. Options are awarded with an exercise price equal to the market value of common stock on the date of grant, have a maximum term of ten years and generally become exercisable, in whole or in part, starting one year from the date of grant. Among our executive officers, the number of shares subject to options granted to each individual generally depends upon the level of that officer's responsibility. The largest grants are awarded to the most senior officers who, in the view of the Compensation Committee, have the greatest potential impact on our profitability and growth. Previous grants of stock options are reviewed but are not considered the most important factor in determining the size of any executive's stock option award in a particular year.

From time to time, the Compensation Committee intends to utilize the services of independent consultants to perform analyses and to make recommendations to the Committee relative to executive compensation matters. No compensation consultant has so far been retained.

### Relationship of Compensation to Performance and Compensation of Chief Executive Officer

The Compensation Committee annually establishes, subject to the approval of the Board of Directors and any applicable employment agreements, the salaries that will be paid to our executive officers during the coming year. In setting salaries, the Compensation Committee takes into account several factors, including competitive compensation data, the extent to which an individual may participate in the stock plans maintained by us, and qualitative factors bearing on an individual's experience, responsibilities, management and leadership abilities, and job performance.

The Compensation Committee did not make any determination on executive compensation to Mr. Deignan for fiscal 2003 since he was covered by a prior employment agreement. However, in October 2002, Mr. Deignan's position as an officer and director of the Company terminated. In accordance with the terms of his employment agreement, Mr. Deignan receives his monthly base salary through October 2003. In addition, Mr. Deignan received a consulting agreement, expiring December 31, 2003, for which he receives monthly compensation of approximately \$2,850.

On October 21, 2002, the Board of Directors appointed Photios T. Paulson, a director, to the position of Chief Executive Officer. During Mr. Paulson's tenure through his resignation on June 30, 2003, the Compensation Committee authorized a base annual salary of \$240,000 and, in fiscal 2003, awarded Mr. Paulson options under our 1999 Stock Option Plan to purchase an aggregate of 215,000 shares of common stock at prices ranging from \$.72 to \$.98 per share. Of the options awarded, 65,000 options vested immediately upon issuance while the balance vest in three equal annual installments commencing on the first anniversary date of the issuance. The Compensation Committee determined that the

## Edgar Filing: VASOMEDICAL INC - Form DEF 14A

compensation payable to Mr. Paulson was appropriate in light of his contributions to the Company.

Upon Mr. Paulson's resignation on June 30, 2003 as an officer of the Company, the Board of Directors appointed Mr. Gregory D. Cash to the position of President and Chief Executive Officer. Mr. Cash previously held the position of President and Chief Operating Officer since his employment in October 2002.
