Committees of the Board of Directors

Audit Committee and Audit Committee Financial Expert

The Board has a standing Audit Committee which held four meetings during the fiscal year ended May 31, 2008 ("fiscal 2008"). The Board has affirmatively determined that each director who serves on the Audit Committee is independent, as the term is defined by applicable Securities and Exchange Commission ("SEC") rules. During fiscal 2008 the Audit Committee consisted of Joseph A. Giacalone, who has served as the committee chair since his appointment in December 2007, Photios T. Paulson, who served as the committee chair during fiscal 2008 until Mr. Giacalone's appointment and Martin Zeiger. The members of the Audit Committee have substantial experience in assessing the performance of companies, gained as members of the Company's Board of Directors and Audit Committee, as

Edgar Filing: VASOMEDICAL INC - Form 10KSB/A

well as by serving in various capacities in other companies or governmental

2

agencies. However, Mr. Giacalone keeps current on generally accepted accounting principles and is considered to be a financial expert as that term is defined in applicable regulations. As a result, they each have an understanding of financial statements.

The Audit Committee regularly meets with our independent registered public accounting firm outside the presence of management.

Compensation Committee

Our Compensation Committee annually establishes, when required, subject to the approval of the Board of Directors and any applicable employment agreements, the salaries that will be paid to our executive officers during the coming year, as well as administers our stock-based benefit plans. There were no meetings of this committee held in fiscal 2008. During fiscal 2008, the Compensation Committee consisted of Martin Zeiger, who serves as the committee chair, Derek Enlander, Jun Ma and Photios T. Paulson. None of these persons were our officers or employees during fiscal 2008 or, except as otherwise disclosed, had any relationship requiring disclosure in this Proxy Statement.

Corporate Governance Committee

The Board of Directors has established a Corporate Governance Committee. There were no meetings of this committee held in fiscal 2008. During fiscal 2008, the Corporate Governance Committee consisted of John C.K. Hui, who serves as committee chair, Simon Syrbnik and Martin Zeiger. The Corporate Governance Committee monitors developments in corporate governance principles and other corporate governance matters and makes recommendations to the Board of Directors regarding the adoption of additional corporate governance principles.

Compliance with Section 16(a) of The Securities Exchange Act of 1934 - Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires directors, executive officers and persons who beneficially own more than 10% of our common stock (collectively, "Reporting Persons") to file initial reports of ownership and reports of changes in ownership of our common stock with the SEC. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on our review of the copies of such reports received or written representations from certain Reporting Persons that no other reports were required, we believe that during fiscal 2008, all Reporting Persons timely complied with all applicable filing requirements.

Corporate Governance - Code of Ethics

We have adopted a Corporate Code of Business Ethics (the "Code") that applies to all employees, including our principal executive officer, principal financial officer, and directors of the Company. The Code is broad in scope and is intended to foster honest and ethical conduct, including accurate financial reporting, compliance with laws and the like. If any substantive amendments are made to the Code or if there is any grant of waiver, including any implicit waiver, from a provision of the Code to our Chief Executive Officer or Chief Financial Officer, we will disclose the nature of such amendment or waiver in a Current Report on Form 8-K.

Equity Compensation Plan Information

We maintain various stock plans under which options vest and shares are awarded at the discretion of our Board of Directors or its Compensation Committee. The purchase price of the shares under the plans and the shares subject to each option granted is not less than the fair market value on the date of the grant. The term of each option is generally five years and is determined at the time of the grant by our board of directors or the compensation committee. The participants in these plans are officers, directors, employees, and consultants of the Company and its subsidiaries and affiliates.

The following information is provided about our current stock option plans:

1997 Stock Option Plan

In December 1997, our stockholders approved the 1997 Stock Option Plan (the "1997 Plan") for our officers, directors, employees, and consultants, for which we have reserved, as amended, an aggregate of 2,800,000 shares of common stock. The 1997 Plan provides that it will be administered by a committee of our Board

of Directors and that the committee will have full authority to determine the identity of the recipients of the options and the number of shares subject to each option. Options granted under the 1997 Plan may be either incentive stock options or non-qualified stock options. The option price shall be 100% of the fair market value of the common stock on the date of the grant (or in the case of incentive stock options granted to any individual principal stockholder who owns stock possessing more than 10% of the total combined voting power of all of our voting stock, 110% of such fair market value). The term of any option may be fixed by the committee but in no event shall exceed ten years from the date of

Edgar Filing: VASOMEDICAL INC - Form 10KSB/A

grant. Options are exercisable upon payment in full of the exercise price, either in cash or in common stock valued at fair market value on the date of exercise of the option. The term for which options may be granted under the 1997 Plan expired August 6, 2007. At May 31, 2008, 3,141,168 options had been granted (including options previously granted but subsequently cancelled), of which 512,668 are outstanding under the 1997 Plan.

1999 Stock Option Plan

In July 1999, our Board of Directors authorized the 1999 Stock Option Plan (the "1999 Plan") for our officers, directors, employees, and consultants, for which we have reserved, as amended, an aggregate of 5,000,000 shares of common stock. The 1999 Plan provides that it will be administered by a committee of our Board of Directors and that the committee will have full authority to determine the identity of the recipients of the options and the number of shares subject to each option. Options granted under the 1999 Plan may be either incentive stock options or non-qualified stock options. The option price shall be 100% of the fair market value of the common stock on the date of the grant (or in the case of incentive stock options granted to any individual principal stockholder who owns stock possessing more than 10% of the total combined voting power of all of our voting stock, 110% of such fair market value). The term of any option may be fixed by the committee but in no event shall exceed ten years from the date of grant. Options are exercisable upon payment in full of the exercise price, either in cash or in common stock valued at fair market value on the date of exercise of the option. The term for which options may be granted under the 1999 Plan expires July 12, 2009. At May 31, 2008, 9,151,932 options had been granted, (including options previously granted but subsequently cancelled), of which 3,266,470 are outstanding under the 1999 Plan.

2004 Stock Option and Stock Issuance Plan

In October 2004, our stockholders approved the 2004 Stock Option and Stock Issuance Plan (the "2004 Stock Plan") for our officers, directors, employees, and consultants, for which we reserved an aggregate of 2,500,000 shares of common stock. The 2004 Stock Plan is administered by a committee of our Board of Directors, which has full authority to determine the identity of the recipients of the options and the number of shares subject to each option. The 2004 Stock Plan is divided into two separate equity programs: an option grant program and a stock issuance program. Options granted under the 2004 Stock Plan shall be non-qualified or incentive stock options and the exercise price is the fair market value of the common stock on the date of grant except that for incentive stock options it shall be 110% of the fair market value if the participant owns 10% or more of our common stock. Under the stock issuance program, the purchase price per share shall be fixed by the Board of Directors or committee but cannot be less than the fair market value of the common stock on the issuance date. Payment for the shares may be made in cash or check payable to us, or for past services rendered to us and all shares of common stock issued thereunder shall vest upon issuance unless otherwise directed by the board or committee. The number of shares issuable is also subject to adjustments upon the occurrence of certain events, including stock dividends, stock splits, mergers, consolidations, reorganizations, recapitalizations, or other capital adjustments. At May 31, 2008, 2,918,045 shares had been granted (including options previously granted but subsequently cancelled), of which options to purchase 1,681,072 shares are outstanding under the 2004 Stock Plan.

Edgar Filing: VASOMEDICAL INC - Form 10KSB/A

Director's Compensation

Non-employee Directors received a fee of \$1,500 for each Board of Directors and Committee meetings attended and \$2,500 for each Audit Committee meeting attended, payable at each director's option in cash or common stock. Beginning for fiscal 2008, Directors will also receive annually, \$15,000 of common stock valued at the fair market value of the common stock on the date of grant for serving as a board member during the fiscal year.
