CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Statements in this prospectus that are based on other than historical data are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements provide current expectations or forecasts of future events and include, among others:

statements with respect to the beliefs, plans, objectives, goals, guidelines, expectations, anticipations, and future financial condition, results of operations and performance of Transcat, Inc. (the “Company,” “we,” “our” or “us”); and

statements preceded by, followed by or that include the words “may,” “could,” “should,” “would,” “believe,” “anticipate,” “estimate,” “expect,” “intend,” “projects,” or similar expressions.

These forward-looking statements are not guarantees of future performance, nor should they be relied upon as representing management’s views as of any subsequent date. Forward-looking statements involve significant risks and uncertainties and actual results may differ materially from those presented, either expressed or implied, in this prospectus, any prospectus supplement, and our Annual Report on Form 10-K for the fiscal year ended March 25, 2017 (the “Form 10-K”), which is incorporated by reference into this prospectus, including, but not limited to, those presented in the Management’s Discussion and Analysis of Financial Condition and Results of Operations. Factors that might cause such differences include, but are not limited to:

Fluctuations in our quarterly results could cause our stock price to decline;

Our future success may be affected by our current and future indebtedness;

Our common stock trades at a relatively low volume;

Our stock price may be volatile and fluctuate significantly in response to a number of factors;

We are subject to certain foreign currency rate risks;

We operate in a competitive industry and market area;

We may suffer from the effects of an economic downturn that disrupts the U.S. industrial sector;

Our Service segment has a concentration of customers in the life science and other FDA-regulated and industrial manufacturing industries;

Our Distribution segment may be unable to successfully compete against web-based distributors;

We rely on one vendor to supply a significant amount of our inventory purchases for our Distribution segment;

Our financing of any future acquisitions may result in dilution to our current stockholders or could increase our leverage and risk of defaulting on bank debt;

Acquisitions, and integration of acquisitions, may disrupt our business and dilute shareholder value;

Any impairment of goodwill or other intangible assets could negatively impact our results of operations;

We need to stay current on technological changes in order to compete and meet customer demands;

A breach in security of our information systems, including the occurrence of a cyber incident or a deficiency in cyber security, may result in a loss of customer business or damage to our brand image;

We may experience issues from any implementation of a replacement of our aging enterprise resource planning system;

Our business may be adversely affected by changes to fiscal, tax, regulation, and other policies of the federal government and its agencies;

We may not be able to attract and retain skilled people; and

Our future success is substantially dependent on our senior management.

We caution readers not to place undue reliance on any forward-looking statements, which speak only as of the date made, and advise readers that various factors, including those described above, could affect our financial performance and could cause our actual results or circumstances for future periods to differ materially from those anticipated or projected. See also Item 1A, Risk Factors, in the Form 10-K, which is incorporated herein by reference, for further information. Except as required by law, we do not undertake, and specifically disclaim any obligation to publicly release any revisions to any forward-looking statements to reflect the occurrence of anticipated or unanticipated events or circumstances after the date of such statements.

TRANSCAT, INC.

Transcat, Inc. was organized in 1964 under the laws of Ohio. We are a leading provider of accredited calibration and laboratory instrument services and a value-added distributor of professional grade test, measurement and control instrumentation. We focus on providing services and value-added products to highly regulated industries, particularly the life science industry, which includes pharmaceutical, biotechnology, medical device and other FDA-regulated businesses. We conduct our business through two operating segments: service (“Service”) and distribution (“Distribution”). We serve approximately 20,000 and 22,000 customers through our Service and Distribution segments, respectively, with approximately 30% of those customers transacting with us through both of our business segments. Our executive offices are located at 35 Vantage Point Drive, Rochester, New York.

Our Strategy

Our business strategy is to leverage our unique value proposition rooted in the complementary nature of our two operating segments in ways that add value for all customers who select Transcat as their source for test and measurement equipment and/or calibration and laboratory instrument services. During fiscal year 2017, we made an important, strategic decision to commit capital and leadership investments to advance our “Operational Excellence” initiative. We expect this initiative to result in increased operational efficiency and further differentiation from our competitors as we invest in the information system and process improvements needed to improve our productivity, effectiveness and our customers’ experiences.

Within our Service segment, our strategy is to drive double-digit revenue growth both through organic expansion and acquisitions. We have adopted an integrated sales model to drive sales across the enterprise and capitalize on the cross-selling opportunities between our two segments, especially leveraging our Distribution relationships to develop new Service relationships. We expect to continue to grow our Service business organically by taking market share from other third party providers and original equipment manufacturers, as well as targeting the outsourcing of in-house calibration labs. We believe an important element in taking market share is our ability to expand into new technical capabilities that are in demand by our current and target customer base. The other component to our Service growth strategy is acquisitions. There are three drivers of our acquisition strategy: infrastructure leverage, geographic expansion, and increased capabilities. The majority of our acquisition opportunities are in the \$2 million to \$6 million annual revenue range, and we are disciplined in our approach to selecting target companies. A focus of our Operational Excellence initiative is to strengthen our integration process, allowing us to capitalize on acquired sales and cost synergies at a faster pace.

Edgar Filing: TRANSCAT INC - Form S-3

Our Distribution segment strategy is to be the premier value-added distributor of leading handheld test and measurement equipment and to maximize our unique leverage with our Service segment. Through our vendor relationships, we have access to more than 100,000 products, which we market to our existing and prospective customers both with and without value-added service options that are unique to Transcat. We continuously evaluate our offerings and add new in-demand vendors and products. In addition to selling and servicing new equipment, we offer rentals of new equipment, and used equipment for sale or rent. We see these various methods of meeting our Distribution customers' needs as a way to differentiate ourselves and to diversify this segment's customer base from its historically more narrow scope.

As part of our growth strategy, we completed a number of business acquisitions during our fiscal years 2016 and 2017. Our acquisition strategy primarily targets service businesses that expand our geographic reach and leverage our infrastructure while also increasing the depth of our service capabilities and expertise.

We believe our combined Service and Distribution segment offerings, experience, technical expertise and integrity create a unique and compelling value proposition for our customers, and we intend to continue to grow our business through organic revenue growth and business acquisitions. We consider the attributes of our Service segment, which include higher gross margins and a recurring revenue stream, to be more compelling and scalable than our legacy Distribution segment. Thus, we expect our Service segment to be the primary source of revenue and earnings growth in future fiscal years.

THE SECURITIES WE MAY OFFER

This prospectus contains a summary of the common stock, warrants, purchase contracts, and units that we may offer under this prospectus. The particular material terms of the securities offered by a prospectus supplement will be described in that prospectus supplement. The descriptions herein and in the applicable prospectus supplement do not contain all of the information that you may find useful or that may be important to you. However, this prospectus, the prospectus supplement and the pricing supplement, if applicable, contain the material terms and conditions for each security. The prospectus supplement will also contain information, where applicable, about material U.S. federal income tax considerations relating to the offered securities, and the securities exchange, if any, on which the offered securities will be listed. You should read these documents as well as the documents filed as exhibits to or incorporated by reference to this registration statement. Capitalized terms used in this prospectus that are not defined will have the meanings given them in these documents.

DESCRIPTION OF COMMON STOCK

Introduction

The following section describes the material features and rights of our Common Stock. The summary does not purport to be exhaustive and is qualified in its entirety by reference to our Articles of Incorporation and our Code of Regulations, each of which is filed as an exhibit to the Registration Statement of which this prospectus is a part, and to applicable sections of the Ohio General Corporation Law, which we refer to as the "OGCL".

General

We are authorized to issue up to 30,000,000 shares of Common Stock. Each share of Common Stock entitles the holder to the same rights, and is the same in all respects, as each other share of Common Stock. Holders of Common Stock are entitled to: (1) one vote per share on all matters requiring a shareholder vote; (2) a ratable distribution of dividends, if and when, declared by the board of directors (the "Board"); and (3) in the event of a liquidation, dissolution or winding up of us, to share ratably in all assets remaining available for distribution to them after payment of liabilities. Holders of Common Stock, as such, have no conversion, preemptive or other subscription rights, and there are no redemption provisions applicable to the Common Stock. The shares of Common Stock, when issued in the manner described in this prospectus, will be fully paid and nonassessable.

Dividends

Our credit agreement, as amended, limits our ability to pay cash dividends to \$3.0 million in any fiscal year. We have not declared any cash dividends since our inception and have no current plans to pay any dividends in the foreseeable future.

Transfer Agent & Registrar

The transfer agent and registrar for our Common Stock is Computershare.

Anti-takeover Effects of Certain Provisions in our Articles of Incorporation, Code of Regulations and the OGCL

Articles of Incorporation and Code of Regulations

Some provisions of our Articles of Incorporation and our Code of Regulations may be deemed to have an anti-takeover effect and may collectively operate to delay, defer or prevent a tender offer, a proxy contest or takeover attempt that a shareholder might consider in his or her best interest, including those attempts that might result in a premium over the market price for the shares held by our shareholders. These provisions are intended to discourage certain types of coercive takeover practices and inadequate takeover bids. This also encourages persons seeking to acquire control of us to negotiate with us first. As a result, shareholders who might desire to participate in such transactions may not have an opportunity to do so. In addition, these provisions will also render the removal of our Board or management more difficult. The following discussion is a summary of certain material provisions of our Articles of Incorporation and our Code of Regulations, copies of which are filed as exhibits to the Registration Statement of which this prospectus is a part.

The Company's Articles of Incorporation require the affirmative vote of the holders of at least 75% of the capital stock of the Company entitled to vote in order to authorize: (i) any merger or consolidation of the Company with any other corporation if such transaction would otherwise by law require a vote of the shareholders; (ii) any combination or majority share acquisition with or by any corporation if such transaction would otherwise by law require a vote of the shareholders; or (iii) any lease, sale, exchange, transfer or other disposition of all or substantially all of the assets of the Company to any other person or entity; if, in any such event, such other corporation, person or entity is the beneficial owner of ten percent or more of the outstanding capital stock of the Company entitled to vote thereon. Notwithstanding the foregoing, such restrictions do not apply if the Company's Board of Directors approves a memorandum of understanding with the other corporation, person or entity prior to the time it becomes the owner of ten percent or more of the outstanding shares of the Company's capital stock.

Additionally, the affirmative vote of the holders of at least 75% of the capital stock of the Company entitled to vote is required to amend, alter or repeal any of the foregoing provisions of the Company's Articles of Incorporation.

Finally, the Board is divided into three classes, and the Company's Code of Regulations state that the members of each class are elected for a term of three years and only one class of directors is elected annually. Thus, it would take at least two annual elections to replace a majority of our Board.

Ohio General Corporation Law

Certain provisions of the OGCL make a change in control of an Ohio corporation more difficult. Below is a summary of the Ohio anti-takeover statutes.

Ohio Control Share Acquisition Statute

The OGCL provides that certain notice and informational filings, and special shareholder meeting and voting procedures, must occur prior to the acquisition of an issuer's shares that would entitle the acquirer to exercise or direct the voting power of the issuer in the election of directors within any of the following ranges: (i) one-fifth or more but less than one-third of such voting power, (ii) one-third or more but less than a majority of such voting power; or (iii) a majority or more of such voting power.

The Ohio Control Share Acquisition Statute does not apply to a corporation if its articles of incorporation or code of regulations so provide. We have not opted out of the application of the Ohio Control Share Acquisition Statute.

Ohio Merger Moratorium Statute

Chapter 1704 of the OGCL addresses a range of business combinations and other transactions (including mergers, consolidations, asset sales, loans, disproportionate distributions of property and disproportionate issuances or transfers of shares or rights to acquire shares) between an Ohio corporation and an "Interested Shareholder" who, alone or with others, may exercise or direct the exercise of at least 10% of the voting power of the corporation in the election of directors. The Ohio Merger Moratorium Statute prohibits such transactions between the corporation and an Interested Shareholder for a period of three years after a person becomes an Interested Shareholder, unless, prior to such date, the directors approved either the business combination or other transaction or approved the acquisition that caused the person to become an Interested Shareholder.

After the three-year period, transactions between the corporation and the Interested Shareholder are permitted if:

the transaction is approved by the holders of shares with at least two-thirds of the voting power of the corporation in the election of directors or the approval of the holders of a majority of the voting shares held by persons other than an Interested Shareholder; or

the business combination results in shareholders, other than the Interested Shareholder, receiving the higher of the highest amount paid in the past by the Interested Shareholders for the corporation's shares or the amount that would be due to the shareholders if the corporation were to dissolve.

The Ohio Merger Moratorium Statute does not apply to a corporation if its articles of incorporation or code of regulations so provide. We have not opted out of the application of the Ohio Merger Moratorium Statute.

Ohio Anti-Greenmail Statute

Pursuant to the Ohio Anti-Greenmail Statute, a public corporation formed in Ohio may recover profits that a shareholder makes from the sale of the corporation's securities within 18 months after making a proposal to acquire control or publicly disclosing the possibility of a proposal to acquire control. The corporation may not, however, recover from a person who proves either: (i) that his sole purpose in making the proposal was to succeed in acquiring control of the corporation and there were reasonable grounds to believe that he would acquire control of the corporation; or (ii) that his purpose was not to increase any profit or decrease any loss in the shares. Also, before the corporation may obtain any recovery, the aggregate amount of the profit realized by such person must exceed \$250,000. Any shareholder may bring an action on behalf of the corporation if a corporation refuses to bring an action to recover these profits. The party bringing such an action may recover his attorneys' fees if the court having jurisdiction over such action orders recovery of any profits.

The Ohio Anti-Greenmail Statute does not apply to a corporation if its articles of incorporation or code of regulations so provide. We have not opted out of the application of the Ohio Anti-Greenmail Statute.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our common stock. We may offer warrants separately or together with one or more additional warrants, common stock, or any combination of those securities in the form of units, as described in the appropriate prospectus supplement. If we issue warrants as part of a unit, the accompanying prospectus supplement will specify whether those warrants may be separated from the other securities in the unit prior to the warrants' expiration date. Below is a description of certain general terms and provisions of the warrants that we may offer. Further terms of the warrants will be described in the prospectus supplement.

Edgar Filing: TRANSCAT INC - Form S-3

The applicable prospectus supplement will contain, where applicable, the following terms of and other information relating to the warrants:

the specific designation and aggregate number of, and the price at which we will issue, the warrants;

the currency or currency units in which the offering price, if any, and the exercise price are payable;

the date on which the right to exercise the warrants will begin and the date on which that right will expire or, if you may not continuously exercise the warrants throughout that period, the specific date or dates on which you may exercise the warrants;

any applicable anti-dilution provisions;

any applicable redemption or call provisions;

the circumstances under which the warrant exercise price may be adjusted;

whether the warrants will be issued in fully registered form or bearer form, in definitive or global form or in any combination of these forms, although, in any case, the form of a warrant included in a unit will correspond to the form of the unit and of any security included in that unit;

any applicable material United States federal income tax consequences;

the identity of the warrant agent for the warrants and of any other depositaries, execution or paying agents, transfer agents, registrars or other agents;

the proposed listing, if any, of the warrants or any securities purchasable upon exercise of the warrants on any securities exchange;

the designation and terms of the common stock purchasable upon exercise of the warrants;

if applicable, the designation and terms of the common stock with which the warrants are issued and the number of warrants issued with each security;

if applicable, the date from and after which the warrants and the related common stock will be separately transferable;

the number of shares of common stock purchasable upon exercise of a warrant and the price at which those shares may be purchased;

if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time;

information with respect to book-entry procedures, if any;

whether the warrants are to be sold separately or with other securities as parts of units; and

any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts, including purchase contracts issued as part of a unit with one or more other securities, for the purchase or sale of our common stock. The price per share of common stock may be fixed at the time the purchase contracts are issued or may be determined by reference to a specific formula contained in the purchase contracts. We may issue purchase contracts in such amounts and in as many distinct

series as we wish.

9

Edgar Filing: TRANSCAT INC - Form S-3

The applicable prospectus supplement may contain, where applicable, the following information about the purchase contracts issued under it:

whether the purchase contracts obligate the holder to purchase or sell, or both, our common stock, and the nature and amount of those securities, or method of determining those amounts;

whether the purchase contracts are to be prepaid or not;

whether the purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of our common stock;

any acceleration, cancellation, termination or other provisions relating to the settlement of the purchase contracts;

United States federal income tax considerations relevant to the purchase contracts; and

whether the purchase contracts will be issued in fully registered global form.

The applicable prospectus supplement will describe the terms of any purchase contracts. The preceding description and any description of purchase contracts in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the purchase contract agreement and, if applicable, collateral arrangements and depositary arrangements relating to such purchase contracts.

DESCRIPTION OF UNITS

We may issue units comprised of two or more of the other securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The applicable prospectus supplement may describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units;

the terms of the unit agreement governing the units;

United States federal income tax considerations relevant to the units; and

whether the units will be issued in fully registered or global form.

The preceding description and any description of units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the form of unit agreement which will be filed with the SEC in connection with the offering of such units, and, if applicable, collateral arrangements and depositary arrangements relating to such units.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the securities for general corporate purposes unless otherwise indicated in the prospectus supplement relating to a specific issue of securities. Our general corporate purposes may include the acquisition of companies, businesses or assets; repayment and refinancing of debt; capital expenditures; and working capital. The prospectus supplement with respect to an offering of securities may identify different or additional uses for the proceeds of such offering.

The precise amounts and the timing of our use of the net proceeds will depend upon market conditions, the availability of other funds and other factors. Until we use the net proceeds from the sale of any of the securities for general corporate purposes, we expect to either reduce our indebtedness or invest in investment grade, interest-bearing securities.

PLAN OF DISTRIBUTION

We may sell our securities in any of the following ways:

to or through underwriters;

through agents;

through broker-dealers (acting as agent or principal);

directly by us to purchasers, through a specific bidding or auction process or otherwise; or

through a combination of any such methods of sale.

Each time that we use this prospectus to sell our securities, we will also provide a prospectus supplement that contains the specific terms of such offering. The prospectus supplement will set forth the terms of the offering of such securities, including:

the name or names of any underwriters, dealers or agents and the type and amounts of securities underwritten or purchased by each of them;

the public offering price of the securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to underwriters, dealers or agents;

any exchange on which the securities will be issued; and

all other items constituting underwriting compensation.

If we use underwriters in the sale of any securities on a firm commitment basis, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, the underwriters' obligations to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all of the securities if they purchase any of the securities. We may also engage underwriters on a best efforts basis.

We may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of our securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

To the extent that we make sales to or through one or more underwriters or agents in at-the-market offerings, we will do so pursuant to the terms of a distribution agreement between us and the underwriters or agents. If we engage in at-the-market sales pursuant to a distribution agreement, we will issue and sell shares of our common stock to or through one or more underwriters or agents, which may act on an agency basis or on a principal basis. During the term of any such agreement, we may sell shares on a daily basis in exchange transactions or otherwise as we agree with the underwriters or agents. The distribution agreement will provide that any shares of our common stock sold will be sold at prices related to the then prevailing market prices for our common stock. Therefore, exact figures regarding proceeds that will be raised or commissions to be paid cannot be determined at this time and will be described in a prospectus supplement. Pursuant to the terms of the distribution agreement, we also may agree to sell, and the relevant underwriters or agents may agree to solicit offers to purchase, blocks of our common stock or other securities. The terms of each such distribution agreement will be set forth in more detail in a prospectus supplement to this prospectus. If any underwriter or agent acts as principal, or broker dealer acts as underwriter, it may engage in certain transactions that stabilize, maintain or otherwise affect the price of our securities. We will describe any such activities in the prospectus supplement relating to the transaction.

Edgar Filing: TRANSCAT INC - Form S-3

In the sale of the securities, underwriters or agents may receive compensation from us in the form of underwriting discounts or commissions and may also receive compensation from purchasers of the securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Discounts, concessions and commissions may be changed from time to time. Dealers and agents that participate in the distribution of the securities may be deemed to be underwriters under the Securities Act, and any discounts, concessions or commissions they receive from us and any profit on the resale of securities they realize may be deemed to be underwriting compensation under applicable federal and state securities laws.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase our securities at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions or discounts we pay for solicitation of these contracts.

Agents and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribution with respect to payments which the agents or underwriters may be required to make in respect thereof. Agents and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates in connection with those derivatives then the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of securities. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment).

Until the distribution of the securities is completed, rules of the SEC may limit the ability of any underwriters and selling group members to bid for and purchase the securities. As an exception to these rules, underwriters are permitted to engage in some transactions that stabilize the price of the securities. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities.

Underwriters may engage in over-allotment. If an underwriter creates a short position in offered securities by selling more securities than are set forth on the cover page of the applicable prospectus supplement, the underwriters may reduce that short position by purchasing the securities in the open market.

Edgar Filing: TRANSCAT INC - Form S-3

The lead underwriters may also impose a penalty bid on other underwriters and selling group members participating in an offering. This means that if the lead underwriters purchase securities in the open market to reduce the underwriters' short position or to stabilize the price of the securities, they may reclaim the amount of any selling concession from the underwriters and selling group members who sold those securities as part of the offering.

Any person participating in the distribution of common stock registered under the registration statement that includes this prospectus will be subject to applicable provisions of the Securities Act, Exchange Act, and the applicable SEC rules and regulations, including, among others, Regulation M, which may limit the timing of purchases and sales of any of our common stock by any such person. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of our common stock to engage in market-making activities with respect to our common stock. These restrictions may affect the marketability of our common stock and the ability of any person or entity to engage in market-making activities with respect to our common stock.

If more than 10% of the net proceeds of any offering of securities made under this prospectus will be received by Financial Industry Regulatory Authority ("FINRA") members participating in the offering, or affiliates or associated persons of such FINRA members, the offering will be conducted in accordance with FINRA Rule 5110.

An estimate of the various expenses in connection with the issuance and distribution of our common stock being offered will be included in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers.

We are incorporated under the Ohio General Corporation Law (the "OGCL").

Article VI of the Company's Code of Regulations, as amended, provides that the registrant shall indemnify its directors and officers to the fullest extent authorized by the OGCL. With respect to indemnification of directors and officers, Section 1701.13 of the OGCL provides that a corporation may indemnify or agree to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action, suit, or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the corporation, by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, trustee, officer, employee, member, manager or agent of another corporation, domestic or foreign, nonprofit or for profit, a limited liability company, or a partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit, or proceeding, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if he had no reasonable cause to believe his conduct was unlawful. Under this provision of the OGCL, the termination of any action, suit or proceeding by judgment, order, settlement, or conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, he had reasonable cause to believe that his conduct is unlawful.

Edgar Filing: TRANSCAT INC - Form S-3

Furthermore, the OGCL provides that a corporation may indemnify or agree to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending, or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, trustee, officer, employee, member, manager, or agent of another corporation, domestic or foreign, nonprofit or for profit, a limited liability company, or a partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, actually and reasonably incurred by him in connection with the defense or settlement of such action or suit, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of: (i) any claim, issue or matter as to which such person is adjudged to be liable for negligence or misconduct in the performance of his duty to the corporation unless, and only to the extent that, the court of common pleas or the court in which such action or suit was brought determines, upon application, that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnify for such expenses as the court of common pleas or such other court shall deem proper; or (ii) any action or suit in which the only liability asserted against a director is pursuant to OGCL Section 1701.95 (relating to unlawful loans, dividends, and distributions of assets).

In addition, Section 1701.13(E)(5)(a) requires a corporation to pay any expenses, including attorneys' fees, of a director in defending an action, suit, or proceeding referred to above as they are incurred, in advance of the final disposition of the action, suit, or proceeding, upon receipt of an undertaking by or on behalf of the director in which he agrees to both (i) repay such amount if it is proved by clear and convincing evidence that his action or failure to act involved an act or omission undertaken with deliberate intent to cause injury to the corporation or undertaken with reckless disregard for the best interests of the corporation and (ii) reasonably cooperate with the corporation concerning the action, suit, or proceeding. Section 1701.13(E)(7) and (F)(2) further authorizes a corporation to enter into contracts regarding indemnification and to purchase and maintain insurance on behalf of any director, trustee, officer, employee or agent for any liability asserted against him or arising out of his status as such. The Company presently maintains insurance policies that provide coverage for our directors and officers in certain situations where we cannot directly indemnify such directors or officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is therefore unenforceable.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the

(ii) effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

provided, however, that paragraphs (1)(a)(i), (1)(a)(ii) and (1)(a)(iii) do not apply if the registration statement is on Form S-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(2) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(3) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

Edgar Filing: TRANSCAT INC - Form S-3

- each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (ii)

- That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (5)

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

- The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (b)

- Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by them is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (c)
