## Oil and natural gas production in June

Rio de Janeiro, July 11, 2016 – Petróleo Brasileiro S.A. (Petrobras) announces that its total oil and natural gas production in June was 2.90 million barrels of oil equivalent per day (boed), a new monthly record for the company, beating its previous record of 2.88 million boed, set in August 2015. June's output was up 2% from the amount produced in May (2.83 million boed). Of the total amount, 2.70 million boed were produced in Brazil and 0.2 million boed were produced abroad.

Petrobras' total oil and gas output in Brazil in June, 2.70 million boed, is also a monthly record, up from 2.69 million boed in August 2015.

Average oil production was 2.30 million barrels per day (bpd) in June, up 2% from 2.24 million bpd the previous month. Of this total, 2.20 million bpd were produced in Brazil and 0.1 million bpd were produced abroad.

This volume of oil produced in June in Brazil is the third highest average monthly output recorded by Petrobras. The growth in this amount from the previous month was mainly due to the startup of new wells connected to the Cidade de Maricá and Cidade de Itaguaí FPSOs, in Lula field, in the Lula Alto and Iracema areas, respectively.

Pre-salt production rises 8% from May, setting a new record

In June, oil and natural gas production operated by Petrobras in the pre-salt layer increased 8% from the previous month, setting a new monthly record of 1.24 million boed.

Oil production operated by Petrobras (both its own and its partners' shares) in this province in June was also a monthly record, reaching an average of 999,000 bpd, up 8% from the previous month. Petrobras set a new daily record on June 30, producing 1.087 million barrels.

### FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results o f operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
