Item 1.01. Entry into a Material Definitive Agreement.

On February 26, 2009, ParkerVision, Inc. (the “Company”) entered into two underwriting agreements with Roth Capital Partners, LLC (the “Underwriter”).

Pursuant to one underwriting agreement (the “Unit Underwriting Agreement”), the Company agreed to issue and sell 2,156,600 shares of common stock, par value \$.01 per share (“Common Stock”), and 431,320 warrants (“Warrants”), each to purchase one share of Common Stock, to be sold as units (“Units”) comprised of one share and two-tenths of a Warrant, at a public offering price of \$1.875 per Unit. In addition, the Company granted the Underwriter an option to purchase up to an additional 323,490 shares of Common Stock and 64,698 Warrants, as Units, to cover over-allotments, if any. The shares of Common Stock and the Warrants comprising the Units will be issued separately and will be transferable separately and, as such, no Units will be issued. The Underwriter will purchase the Units at a discount of \$0.15 per Unit, representing eight percent (8%) of the public offering price, for an aggregate discount of \$323,490, or \$372,014 assuming the over-allotment option is exercised in full.

The Warrants will be issued pursuant to a Warrant Agreement (“Warrant Agreement”) by and between the Company and American Stock Transfer and Trust Company, LLC, as warrant agent. Each whole Warrant included in the Units will entitle the holder to purchase one share of Common Stock at an exercise price per share of \$1.875, commencing on March 3, 2009 and expiring on March 3, 2014. The exercise price and number of shares of common stock issuable on exercise of the Warrants will be subject to adjustment in the event of any stock split, reverse stock split, stock dividend, recapitalization, reorganization or similar transaction. The exercise price and the amount and/or type of property to be issued upon exercise of the Warrants will also be subject to adjustment if the Company engages in a “Fundamental Transaction” (as defined in the Warrant Agreement).

Pursuant to the other underwriting agreement (the “Stock Underwriting Agreement”), the Company agreed to issue and sell 3,484,309 shares of Common Stock (the “Stock”) at a public offering price of \$1.665 per share. In addition, the Company granted the Underwriter an option to purchase up to an additional 522,646 shares to cover over-allotments, if any. The Underwriter will purchase the Stock at a discount of \$0.1332 per share, representing eight percent (8%) of the public offering price, for an aggregate discount of \$464,110, or \$533,726 assuming the over-allotment option is exercised in full.

On February 26, 2009, the Company also entered into subscription agreements (“Subscription Agreements”) with the Parker Family Trust, a trust for the benefit of the dependents of Jeffrey L. Parker, the Company’s chairman of the board and chief executive officer, and with Papken der Torossian and Robert G. Sterne, each a member of the Company’s board of directors (together, the “Buyers”). Pursuant to the Subscription Agreements, the Buyers agreed to purchase an aggregate of 354,054 shares of Common Stock at a price per share of \$1.85. In connection with Underwriter’s engagement, we will pay the Underwriter a fee in the amount of \$0.037 per share, or 2% of the gross proceeds, sold to the Buyers, for an aggregate fee of \$13,100.

The closing of each of the offerings described above (together, the “Offerings”) is subject to the closing of the other Offerings. The securities in each Offering will be issued pursuant to the Company’s “shelf” Registration Statement on Form S-3 (File No. 333-156571) that was declared effective on January 20, 2009. Prospectus supplements describing the terms of each Offering were filed with the Securities and Exchange Commission on February 26, 2009. The Company anticipates that the Offerings will close on March 3, 2009. Upon closing, the net proceeds to the Company from the Offerings, after deducting underwriting discounts and commissions and estimated offering expenses, will be approximately \$9,500,000. If the entire overallotment option is exercised, the net proceeds will equal approximately \$10,800,000.

The discussion in this Current Report is only a summary and is qualified in its entirety by reference to the Unit Underwriting Agreement, the Stock Underwriting Agreement, the Warrant Certificate, the form of Warrant Agreement and the form of Subscription Agreement, which are included as Exhibits 1.1, 1.2, 4.1, 4.2 and 10.1, respectively, to this Current Report, and are incorporated by reference in this Item.
