***Note 1. Principles of Consolidation and Basis of Presentation***

***Basis of Presentation of Interim Financial Statements***

The accompanying condensed consolidated financial statements for the interim periods are unaudited and include the accounts of Integrated BioPharma, Inc., a Delaware corporation (together with its subsidiaries, the “Company”). The interim condensed consolidated financial statements have been prepared in conformity with Rule 10-01 of Regulation S-X of the Securities and Exchange Commission (“SEC”) and therefore do not include information or footnotes necessary for a complete presentation of financial position, results of operations and cash flows in conformity with accounting principles generally accepted in the United States of America. However, all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and operating results for the periods presented have been included. These condensed consolidated financial statements should be read in conjunction with the financial statements and notes thereto, together with Management’s Discussion and Analysis of Financial Condition and Results of Operations, contained in the Company’s Annual Report on Form 10-K for the fiscal year ended June 30, 2016 (“Form 10-K”), as filed with the SEC. The June 30, 2016 balance sheet was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America. The results of operations for the three and six months ended December 31, 2016 are not necessarily indicative of the results for the full fiscal year ending June 30, 2017 or for any other period.

***Nature of Operations***

The Company is engaged primarily in manufacturing, distributing, marketing and sales of vitamins, nutritional supplements and herbal products. The Company’s customers are located primarily in the United States, Luxembourg and Canada. **Investment in iBio, Inc.** The Company accounts for its investment in iBio, Inc. (“iBio”) common stock on the cost basis as it retained approximately 6% of its interest in iBio (1,266,706 common shares) (the “iBio Stock”) at the time of the spin-off of this subsidiary in August 2008. The Company reviews its investment in iBio for impairment and records a loss when there is deemed to be a permanent impairment of the investment. To date, there were cumulative impairment charges of approximately \$2.2 million. The market value of the iBio Stock as of December 31, 2016 was approximately \$0.5 million based on the trade price at the close of trading on December 31, 2016.

Pursuant to the Company’s Loan Agreement with PNC Bank, National Association (“PNC”), the Company was required to sell the iBio Stock when the trading price of the iBio Stock is less than \$0.88 per share for a period of fifteen (15) consecutive trading days on the applicable exchange and utilize all proceeds from such sale to prepay the outstanding principal of the term loan outstanding under the Loan Agreement at such time. During certain historic periods, the trading price of the iBio Stock was less than \$0.88 for a period of fifteen (15) consecutive trading days. Although PNC did not require the Company to sell shares of iBio Stock, the Company sold 73,191 shares of iBio Stock in the quarter ended June 30, 2015.

On February 19, 2016, the Loan Agreement with PNC was amended whereby the requirement to sell the iBio Stock based on the selling price of \$0.88 per share was removed; however, the requirement to use all the net proceeds from the sale of any of the iBio Stock to prepay the outstanding principal of the term loan outstanding under the Amended Loan Agreement remains. (See Note 4. Senior Credit Facility, Subordinated Convertible Note, net - CD Financial, LLC and other Long Term Debt).

**Earnings Per Share.** Basic earnings per common share amounts are based on weighted average number of common shares outstanding. Diluted earnings per share amounts are based on the weighted average number of common shares outstanding, plus the incremental shares that would have been outstanding upon the assumed exercise of all potentially dilutive stock options, warrants, and convertible debt, subject to anti-dilution limitations using the treasury stock method and if converted method.

Edgar Filing: INTEGRATED BIOPHARMA INC - Form 10-Q

The following options and potentially dilutive shares for convertible notes payable (see Note 4. Senior Credit Facility, Subordinated Convertible Note, net - CD Financial, LLC and other Long Term Debt) were not included in the computation of weighted average diluted common shares outstanding as the effect of doing so would be anti-dilutive for the three and six months ended December 31, 2016 and 2015:

**SENIOR CREDIT FACILITY**

On February 19, 2016, the Company, MDC, AgroLabs, IHT, IHT Properties Corp. (“IHT Properties”) and Vitamin Factory (collectively, the “Borrowers”) amended the Revolving Credit, Term Loan and Security Agreement (the “Amended Loan Agreement”) with PNC Bank, National Association as agent and lender (“PNC”) and the other lenders party thereto entered into on June 27, 2012.

The Amended Loan Agreement provides for a total of \$11,422 in senior secured financing (the “Senior Credit Facility”) as follows: (i) discretionary advances (“Revolving Advances”) based on eligible accounts receivable and eligible inventory in the maximum amount of \$8,000 (the “Revolving Credit Facility”) and (ii) a term loan in the amount of \$3,422 (the “Term Loan”). The Senior Credit Facility is secured by all assets of the Borrowers, including, without limitation, machinery and equipment, real estate owned by IHT Properties, and common stock of iBio owned by the Company. Revolving Advances bear interest at PNC’s Base Rate or the Eurodollar Rate, at Borrowers’ option, plus 2.75% (3.75% and 3.50% as of December 31, 2016 and June 30, 2016, respectively). The Term Loan bears interest at PNC’s Base Rate or the Eurodollar Rate, at Borrowers’ option, plus 3.25% (4.25% and 4.00% as of December 31, 2016 and June 30, 2016, respectively). Upon and after the occurrence of any event of default under the Amended Loan Agreement, and during the continuation thereof, interest shall be payable at the interest rate then applicable plus 2%. The Senior Credit Facility matures on February 19, 2020 (the “Senior Maturity Date”).

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

*(in thousands, except share and per share amounts)*

*(Unaudited)*

The principal balance of the Revolving Advances is payable on the Senior Maturity Date, subject to acceleration, based upon a material adverse event clause, as defined, subjective accelerations for borrowing base reserves, as defined or upon the occurrence of any event of default under the Amended Loan Agreement or earlier termination of the Amended Loan Agreement pursuant to the terms thereof. The Term Loan shall be repaid in eighty-four (84) consecutive monthly installments of principal, the first eighty-three (83) of which shall be in the amount of \$41, commencing on the first business day of March, 2016, and continuing on the first business day of each month thereafter, with a final payment of any unpaid balance of principal and interest payable on the Senior Maturity Date. The foregoing is subject to customary mandatory prepayment provisions and acceleration upon the occurrence of any event of default under the Amended Loan Agreement or earlier termination of the Amended Loan Agreement pursuant to the terms thereof.

The Revolving Advances are subject to the terms and conditions set forth in the Amended Loan Agreement and are made in aggregate amounts at any time equal to the lesser of (x) \$8.0 million or (y) an amount equal to the sum of: (i) up to 85%, subject to the provisions in the Amended Loan Agreement, of eligible accounts receivables (“Receivables Advance Rate”), plus (ii) up to the lesser of (A) 75%, subject to the provisions in the Amended Loan Agreement, of the value of the eligible inventory (“Inventory Advance Rate” and together with the Receivables Advance Rate, collectively, the “Advance Rates”), (B) 85% of the appraised net orderly liquidation value of eligible inventory (as evidenced by the most recent inventory appraisal reasonably satisfactory to PNC in its sole discretion exercised in good faith) and (C) the inventory sublimit in the aggregate at any one time (“Inventory Advance Rate” and together with the Receivables Advance Rate, collectively, the “Advance Rates”), minus (iii) the aggregate Maximum Undrawn Amount of all outstanding Letters of Credit, minus (iv) such reserves as PNC may reasonably deem proper and necessary from time to time.

The Amended Loan Agreement contains customary mandatory prepayment provisions, including, without limitation the requirement to use any sales proceeds from the sale of iBio Stock to repay the Term Loan and to prepay the outstanding amount of the Revolving Advances in an amount equal to twenty-five percent (25%) of Excess Cash Flow for each fiscal year commencing with the fiscal year ending June 30, 2016, payable upon delivery of the financial statements to PNC referred to in and required by the Amended Loan Agreement for such fiscal year but in any event not later than one hundred twenty (120) days after the end of each such fiscal year, which amount shall be applied ratably to the outstanding principal installments of the Term Loan in the inverse order of the maturities thereof. The Amended Loan Agreement also contains customary representations and warranties, covenants and events of default, including, without limitation, (i) a fixed charge coverage ratio maintenance requirement and (ii) an event of default tied to any change of control as defined in the Amended Loan Agreement. As of December 31, 2016, the Company was in compliance with the fixed charge coverage ratio maintenance requirement.

The Loan Agreement (prior to giving effect to the February 19, 2016 amendment described above) required the Company to sell iBio Stock if the per share price fell below \$0.88. This requirement is not in the Amended Loan Agreement, however, the requirement to use all the net proceeds from the sale of any of the iBio Stock to prepay the outstanding principal of the term loan outstanding under the Amended Loan Agreement remains a requirement under the Amended Loan Agreement. During certain historic periods, the trading price of the iBio Stock was less than \$0.88 for a period of fifteen (15) consecutive trading days; however, PNC temporarily waived the requirement to sell the iBio Stock due to certain trading rules and restrictions under Rule 144 under the Securities Act of 1933, as amended. Although not required to sell the iBio Stock by PNC, in the quarter ended June 30, 2015, the Company sold 73,191 shares of iBio Stock.

In connection with the Senior Credit Facility, PNC and CD Financial entered into the Intercreditor and Subordination Agreement (the "Intercreditor Agreement"), which was acknowledged by the Borrowers, pursuant to which, among other things, (a) the lien of CD Financial on assets of the Borrowers is subordinated to the lien of PNC on such assets during the effectiveness of the Senior Credit Facility, and (b) priorities for payment of the debt for the Company and its subsidiaries (as described in this Note 4) are established.

The CD Convertible Note is convertible at the option of CD Financial into common stock of the Company at a conversion price of \$0.65 per share, subject to customary adjustments including conversion price protection provisions.

Liquidity Note may only be repaid if certain conditions under the Amended Loan Agreement are satisfied, and (iii) interest in respect of the CD Notes may only be paid if certain conditions under the Intercreditor Agreement are satisfied.

The CD SPA contains customary representations and warranties, covenants and events of default, including, without limitation, an event of default tied to any change of control as defined in the CD SPA.

In connection with the CD SPA, the Borrowers entered into an Amended and Restated Security Agreement and Amended and Restated Subsidiary Guaranty.

As of December 31, 2016 and June 30, 2016, the related embedded derivative liability with respect to conversion price protection provisions on the CD Convertible Note has an estimated fair value of \$808 and \$76, respectively.

Gerald Kay, the Company’s Chief Executive Officer, Chairman of the Board, President and a major shareholder, in the principal amounts of approximately \$686 (the “Vitamin Note”) and \$27 (the “Kay Note”), respectively (collectively the “Related Party Notes”). This Second Lease Amendment provides for minimum annual rental payments of \$533, plus increases in real estate taxes and building operating expenses. On May 19, 2014, AgroLabs entered into an Amendment to the lease agreement entered into on January 5, 2012, with Vitamin Realty for an additional 2,700 square feet of warehouse space in New Jersey, the term of which was to expire on January 31, 2019 to extend the expiration date to January 1, 2024. In the Demand Letter, Cedarburg demanded payment by the Company of \$0.6 million in respect of the Company's indemnification obligations under the Cedarburg SPA. In addition, in the Demand Letter, Cedarburg informed the Company that there are also environmental issues pending which may lead to additional costs to Cedarburg which will likely be in excess of \$0.3 million.

On May 30, 2012, the Company sent a letter responding to the Demand Letter and setting forth the Company's position that it has no obligation to indemnify Cedarburg as demanded. On June 18, 2012, Cedarburg responded to the Company's letter and, on July 27, 2012, the Company sent another letter to Cedarburg reiterating its position that the Company has no obligation to indemnify Cedarburg as demanded. ## **Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION**

Certain statements set forth under this caption constitute "forward-looking statements." See "Disclosure Regarding Forward-Looking Statements" on page 1 of this Quarterly Report on Form 10-Q for additional factors relating to such statements. The following discussion should also be read in conjunction with the condensed consolidated financial statements of the Company and Notes thereto included herein and the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2016.

The Company is engaged primarily in the manufacturing, distributing, marketing and sales of vitamins, nutritional supplements and herbal products. The Company's customers are located primarily in the United States, Luxembourg and Canada.

### ***Business Outlook***

Our future results of operations and the other forward-looking statements contained in this Quarterly Report on Form 10-Q, including this MD&A, involve a number of risks and uncertainties—in particular, the statements regarding our goals and strategies, new product introductions, plans to cultivate new businesses, pending divestitures, future economic conditions, revenue, pricing, gross margin and costs, the tax rate, and potential legal proceedings. We are focusing our efforts to improve operational efficiency and reduce spending that may have an impact on expense levels and gross margin. In addition to the various important factors discussed above, a number of other important factors could cause actual results to differ significantly from our expectations. See the risks described in "Risk Factors" in Part II, Item 1A of this Quarterly Report on Form 10-Q.

For the six months ended December 31, 2016, our net sales from operations increased by \$5.2 million to approximately \$25.1 million from approximately \$19.9 million in the six months ended December 31, 2015. Substantially all the increase in net sales was from the Contract Manufacturing Segment (\$2.8 million and \$2.4 million from our significant customers, Herbalife and Life Extension, respectively), our other two segments had an offsetting net decrease in net sales of less than \$0.1 million. The increase in sales from Herbalife and to a lesser extent Life Extension, was the result of filling back orders from the prior fiscal year and is not necessarily indicative of future growth for these customers. For the six months ended December 31, 2016 we had operating income of approximately \$1.9 million, an increase of approximately \$1.3 million from the six months ended December 31, 2015 of approximately \$0.6 million. Our profit margins increased from approximately 11.5% of net sales in the six months ended December 31, 2015 to approximately 15% of net sales in the six months ended December 31, 2016, primarily as a result of increased weighted gross margins in our Contract Manufacturing Segment of approximately 3%. This improvement was the direct result of the increased sales while our fixed manufacturing costs remaining substantially the same in the year over year reporting period. Our consolidated selling and administrative expenses increased approximately 3% or approximately \$0.1 million from \$1.6 million for the six months ended December 31, 2015 to approximately \$1.7 million in the six months ended December 31, 2016.

*Critical Accounting Policies and Estimates*

There have been no changes to our critical accounting policies in the six months ended December 31, 2016. Critical accounting policies and the significant estimates made in accordance with them are regularly discussed by management with our Audit Committee. Those policies are discussed under “Critical Accounting Policies” in our “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in Item 7 of our Annual Report on Form 10-K for the year ended June 30, 2016.

**Results of Operations**

Our results from operations in the following table, sets forth the income statement data of our results as a percentage of net sales for the periods indicated:

**For the Six Months Ended December 31, 2016 compared to the Six Months Ended December 31, 2015**

**Sales, net.** Sales, net, for the six months ended December 31, 2016 and 2015 were \$25.1 million and \$19.9 million, respectively, an increase of 26.2%, and are comprised of the following:

	Six months ended December 31,		Dollar Change	Percentage Change
	2016	2015	2016 vs 2015	2016 vs 2015
	<i>(amounts in thousands)</i>			
<b>Contract Manufacturing:</b>				
US Customers	\$ 19,528	\$ 15,007	\$ 4,521	30.1%
International Customers	4,398	3,629	769	21.2%
Net sales, Contract Manufacturing	23,926	18,636	5,290	28.4%

For the six months ended December 31, 2016 and 2015 a significant portion of our consolidated net sales, approximately 92% and 89%, respectively, were concentrated among two customers, Herbalife and Life Extension, customers in our Contract Manufacturing Segment. Herbalife and Life Extension represented approximately 42% and 54% and 39% and 57%, respectively of our Contract Manufacturing Segment's net sales in the six months ended December 31, 2016 and 2015, respectively. The loss of any of these customers could have a significant adverse impact on our financial condition and results of operations. Costco Wholesale Corporation ("Costco") (a customer of our Branded Proprietary Products Segment), while not a significant customer of our consolidated net sales represented approximately 57% and 62% of net sales in the six months ended December 31, 2016 and 2015, respectively of the Branded Proprietary Products Segment.

The increase in net sales of approximately \$5.2 million was primarily the result of:

Net sales increase in our Contract Manufacturing Segment by \$5.3 million primarily due to increased sales volumes to our major customers, Herbalife and Life Extension, in the six months ended December 31, 2016, of approximately \$2.8 million and \$2.4 million, respectively compared to the comparable prior period.

Net sales in our Branded Nutraceutical Segment decreased by approximately \$0.1 million in the six months ended December 31, 2016, primarily as the result of the release of an estimated sales allowance of approximately \$0.1 million in the six months ended December 31, 2015, for a customer the Company has not done business with in the past five years with no such release in the six months ended December 31, 2016.

**Cost of sales.** Cost of sales increased by \$3.8 million to \$21.4 million for the six months ended December 31, 2016, as compared to \$17.6 million, an increase of 22%, for the six months ended December 31, 2015. As a percentage of sales to 85.5% for the six months ended December 31, 2016 as compared to 88.5% for the six months ended December 31, 2015. The increase in the cost of goods sold amount is consistent with the increased net sales of approximately 26%. The decrease in the cost of goods sold as a percentage of net sales, was primarily the result of the increased sales of \$5.3 million in the Contracting Manufacturing Segment resulting in the absorption of the fixed manufacturing overhead costs of this segment. There were no significant changes in the cost of goods sold in our other two segments.

**Selling and Administrative Expenses.** There was a slight increase in selling and administrative expenses of \$56 or approximately 3.4% in the six months ended December 31, 2016 as compared to the six months ended December 31, 2015. As a percentage of sales, net, selling and administrative expenses were approximately 7% and 8% for the six months ended December 31, 2016 and 2015, respectively. The increase in selling and administrative expenses was primarily the result of increased salaries and employee benefits of approximately \$87, offset in part by a decrease in marketing and advertising expenses in the Branded Nutraceutical Segment of approximately \$35. Salaries and employee benefits increased as the result of salary increases, primarily for the executive officers of the Company. No other expense within our selling and administrative expenses changed by more than \$27.

**Other income (expense), net.** Other income (expense), net was approximately \$1.1 million for the six months ended December 31, 2016 compared to \$0.4 million for the six months ended December 31, 2015, and is composed of:

	Six months ended December 31,	
	2016	2015
	(dollars in thousands)	
Interest expense	\$ (459)	\$ (480)
Change in fair value of derivative instruments	(731)	3
Other income	31	50
Other income (expense), net	\$ (1,159)	\$ (427)

The variance in the change in fair value of derivative liabilities from the six months ended December 31, 2015 to the December 31, 2016 was mainly the result of the increased closing trading price of our common stock from \$0.11 as of June 30, 2016 to \$0.23 as of December 31, 2016 and the change in the volatility of the closing trading price of our common stock from 63.2% as of June 30, 2016 to 99.3% as of December 31, 2016. The closing trading price and the volatility of the closing trading price of our common stock are two of the variables used to calculate the estimated fair value of our derivative liabilities associated with the underlying derivative instrument. Our interest expense for the six months ended December 31, 2016 was slightly less than for the six months ended December 31, 2015 primarily as the result of decreased non cash interest charges from the accretion for the embedded derivative in our Convertible Note Payable – CD Financial, LLC (See Note 4. Senior Credit Facility, Subordinated Convertible Note, net - CD Financial, LLC and other Long Term Debt in this Quarterly Report on Form 10-Q) and the amortization of prepaid financing charges of approximately \$69, offset by increased interest expense of approximately \$48 on our outstanding debt. The other component of other income (expense) is not significant and did not vary significantly from the six months ended December 31, 2015.

**Federal and state income tax, net.** For the six months ended December 31, 2016 and 2015, we had federal and state tax expense of approximately \$197,000 and \$48,000, respectively. We continue to maintain a full reserve on our deferred tax assets as it has been determined that based upon past losses, the Company’s past liquidity concerns and the current economic environment, that it is “more likely than not” the Company’s deferred tax assets may not be realized. The state tax expense is the result of MDC using all of its state net operating losses in the fiscal year ended 2013 tax period. All of our other subsidiaries still have adequate net operating losses for state income tax purposes to absorb any taxable income for state tax purposes.

**Net income.** Our net income for the six months ended December 31, 2016 and 2015 was approximately \$0.6 million and \$0.2 million, respectively. The increase of approximately \$0.4 million was primarily the result of our increased operating income of \$1.3 million offset by the change in fair value of derivative instruments of approximately \$0.7 million and increased income tax expense of approximately \$0.2 million.

***For the Three Months Ended December 31, 2016 compared to the Three Months Ended December 31, 2015***

**Sales, net.** Sales, net, for the three months ended December 31, 2016 and 2015 were \$12.4 million and \$10.4 million, respectively, an increase of 18.8%, and are comprised of the following:

Three months ended	Dollar	Percentage
December 31,	Change	Change
2016      2015	2016 vs 2015	2016 vs 2015

*(amounts in thousands)***Contract Manufacturing:**

International Customers	1,687	1,814	(127)	(7.0%)

**Branded Nutraceutical Products:**

International Customers	101	3	98	3,266.7%
Net sales, Branded Nutraceutical Products	162	87	75	86.2%

**Other Nutraceuticals:**

<b><i>Total net sales</i></b>	<b>\$ 12,372</b>	<b>\$ 10,413</b>	<b>\$ 1,959</b>	<b>18.8%</b>
-------------------------------	------------------	------------------	-----------------	--------------

For the three months ended December 31, 2016 and 2015 a significant portion of our consolidated net sales, approximately 92% and 91%, respectively, were concentrated among two customers, Herbalife and Life Extension, customers in our Contract Manufacturing Segment. Herbalife and Life Extension represented approximately 35% and 60% and 31% and 65%, respectively of our Contract Manufacturing Segment's net sales in the three months ended December 31, 2016 and 2015, respectively.

The loss of any of these customers could have a significant adverse impact on our financial condition and results of operations. Costco Wholesale Corporation (“Costco”) (a customer of our Branded Proprietary Products Segment), while not a significant customer of our consolidated net sales represented approximately 53% and 25% of net sales in the three months ended December 31, 2016 and 2015, respectively of the Branded Proprietary Products Segment.

The increase in net sales of approximately \$2.0 million was primarily the result of net sales increasing in our Contract Manufacturing Segment primarily due to increased sales volumes to our major customers, Herbalife and Life Extension of approximately \$1.1 million and \$0.7 million, respectively, in the three months ended December 31, 2016, compared to the comparable prior period.

**Cost of sales.** Cost of sales increased by \$1.5 million to \$10.9 million for the three months ended December 31, 2016, as compared to \$9.4 million or approximately 16% for the three months ended December 31, 2015. Cost of sales decreased as a percentage of sales to 88.1% for the three months ended December 31, 2016 as compared to 90.6% for the three months ended December 31, 2015. The increase in the cost of goods sold amount is consistent with the increased net sales of approximately 19%. The decrease in the cost of goods sold as a percentage of net sales, was primarily the result of the increased sales of \$2.0 million in the Contracting Manufacturing Segment resulting in the absorption of the fixed manufacturing overhead costs of this segment. There were no significant changes in the cost of goods sold in our other two segments.

**Selling and Administrative Expenses.** There was an increase in selling and administrative expenses of \$93 in the three months ended December 31, 2016 as compared to the three months ended December 31, 2015 or approximately 12%. As a percentage of sales, net, selling and administrative expenses were approximately 7% and 8% for the three months ended December 31, 2016 and 2015, respectively. The increase in selling and administrative expenses was primarily the result of increased salaries and employee benefits of approximately \$66 and in other expenses of \$29 in the three months ended December 31, 2016 compared to the comparable prior three month period. Salaries and employee benefits increased as the result of salary increases, primarily for the executive officers of the Company (these increases were effective October 1, 2016 and were the first increases for the executive officers in approximately 10 years) and other expenses increased as the result of the release of a contingent liability reducing other expenses by \$25 in the three month period ended December 31, 2015, absent this release, other expenses would have increased by \$4. No other expense within our selling and administrative expenses changed by more than \$10.

**Other income (expense), net.** Other income (expense), net was approximately \$0.6 million and \$0.2 million for the three months ended December 31, 2016 and 2015, respectively, and is composed of:

Three months ended	
December 31,	
2016	2015
(dollars in thousands)	

Edgar Filing: INTEGRATED BIOPHARMA INC - Form 10-Q

Interest expense	\$ (227)	\$ (243)
Change in fair value of derivative instruments	(364)	6
Other income	15	26
Other income (expense), net	\$ (576)	\$ (211)

The variance in the change in fair value of derivative liabilities from the three months ended December 31, 2015 to the December 31, 2016 was mainly the result of the increased closing trading price of our common stock from \$0.15 as of September 30, 2016 to \$0.23 as of December 31, 2016. The volatility of the closing trading price of our stock is one of the variables used to calculate the estimated fair value of our derivative liabilities associated with the underlying derivative instrument. Our interest expense in the three months ended December 31, 2016 decreased by approximately \$16 from the three months ended December 31, 2015, as the result of decreased non cash interest charges from the accretion for the embedded derivative in our Convertible Note Payable – CD Financial, LLC (See Note 4. Senior Credit Facility, Subordinated Convertible Note, net - CD Financial, LLC and other Long Term Debt in this Quarterly Report on Form 10-Q) and the amortization of prepaid financing charges of approximately \$35, offset by increased interest expense of approximately \$19 on our outstanding debt.

Other income decreased by approximately \$11 as the result of earning less income from providing back office support, logistics and operational support for a start-up company which sells over the counter pharmaceutical and nutraceutical products through retail and internet based outlets.

**Federal and state income tax, net.** For the three months ended December 31, 2016 and 2015, we had federal and state tax expense of approximately \$71 and \$20, respectively. We continue to maintain a full reserve on our deferred tax assets as it has been determined that based upon past losses, the Company's past liquidity concerns and the current economic environment, that it is "more likely than not" the Company's deferred tax assets may not be realized. The state income tax expense is the result of MDC using all of its state net operating losses in the fiscal year ended 2013 tax period. All of our other subsidiaries still have adequate net operating losses for state income tax purposes to absorb any taxable income for state tax purposes.

**Net loss.** Our net loss for the three months ended December 31, 2016 and 2015 was approximately \$77 and \$63, respectively.

### *Seasonality*

The nutraceutical business tends to be seasonal. We have found that in our first fiscal quarter ending on September 30th of each year, orders for our branded proprietary nutraceutical products usually slow (absent the addition of new customers or a new product launch with a significant first time order), as buyers in various markets may have purchased sufficient inventory to carry them through the summer months. Conversely, in our second fiscal quarter, ending on December 31st of each year, orders for our products increase as the demand for our branded nutraceutical products, as well as sales orders from our customers in our contract manufacturing segment, seem to increase in late December to early January as consumers become health conscious as they enter the new year.

The Company believes that there are other non-seasonal factors that also may influence the variability of quarterly results including, but not limited to, general economic and industry conditions that affect consumer spending, changing consumer demands and current news on nutritional supplements. Accordingly, a comparison of the Company's results of operations from consecutive periods is not necessarily meaningful, and the Company's results of operations for any period are not necessarily indicative of future periods.

### *Liquidity and Capital Resources*

Edgar Filing: INTEGRATED BIOPHARMA INC - Form 10-Q

The following table sets forth, for the periods indicated, the Company's net cash flows used in operating, investing and financing activities, its period end cash and cash equivalents and other operating measures:

	For the six months ended December 31, 2016 2015 <i>(dollars in thousands)</i>	
Net cash provided by (used in) operating activities	\$ 547	\$ (1,156)
Net cash used in investing activities	\$ (83)	\$ (38)
Net cash (used in) provided by financing activities	\$ (793)	\$ 1,183
Cash at end of period	\$ 66	\$ 60

At December 31, 2016 and June 30, 2016, our working capital was approximately \$1.1 million and \$0.2 million, respectively. Our current assets increased by \$1.0 million and current liabilities increased by approximately \$0.1 million, resulting in a net increase in our working capital of \$0.9 million.

Net cash provided by operating activities of \$0.5 million in the six months ended December 31, 2016, includes net income of approximately \$0.6 million. After excluding the effects of non-cash expenses, including depreciation and amortization, and changes in the fair value of derivative liabilities, the adjusted cash provided from operations before the effect of the changes in working capital components was \$1.6 million. Cash was used in operations from our working capital assets and liabilities in the amount of approximately \$1.0 million and was primarily the result of increases in accounts receivable of \$1.3 million offset, in part, by a net increase in accounts payable and accrued expenses and other liabilities of approximately \$0.4 million.

Net cash used in operating activities of \$1.2 million in the six months ended December 31, 2015, includes net income of approximately \$0.2 million. After excluding the effects of non-cash expenses, including depreciation and amortization, and changes in the fair value of derivative liabilities, the adjusted cash provided from operations before the effect of the changes in working capital components was \$0.5 million. Cash was used in operations from our working capital assets and liabilities in the amount of approximately \$1.6 million and was primarily the result of increases in accounts receivable of \$1.4 million and inventories of \$1.2 million offset, in part, by a net increase in accounts payable and accrued expenses and other liabilities of approximately \$1.0 million.

Cash used in investing activities of \$83 and \$38 in the six months ended December 31, 2016 and 2015, respectively, was for the purchase of property and equipment primarily in our Contract Manufacturing Segment.

Cash used in financing activities was approximately \$0.8 million for the six months ended December 31, 2016, \$23.0 million from advances under our revolving credit facility offset, in part, by repayments of advances under our revolving credit facility of \$23.2 million and repayments of principal under our term notes in the amount of \$0.5 million.

Cash provided by financing activities was approximately \$1.2 million for the six months ended December 31, 2015, \$19.0 million from advances under our revolving credit facility offset, in part, by repayments of advances under our revolving credit facility of \$17.5 million and repayments of principal under our term notes in the amount of \$0.3 million.

As of December 31, 2016, we had cash of \$66, funds available under our revolving credit facility of approximately \$2.8 million and working capital of approximately \$1.1 million. Our working capital includes \$4.0 million outstanding under our revolving line of credit which is not due until February 2020 but classified as current due to a subjective acceleration clause that could cause the advances to become currently due. (See Note 4 to the condensed consolidated financial statements included in this Quarterly Report on Form 10-Q). Furthermore, we had income from operations of approximately \$1.9 million in the six months ended December 30, 2016. After taking into consideration our interim results and current projections, management believes that operations, together with the revolving credit facility will support our working capital requirements through the period ending December 31, 2017.

Our total annual commitments at December 31, 2016 for long term non-cancelable leases of approximately \$0.6 million consists of obligations under operating leases for facilities and operating lease agreements for the rental of warehouse equipment, office equipment and automobiles.

On May 15, 2012, Cedarburg Pharmaceuticals, Inc. ("Cedarburg") sent us a letter (the "Demand Letter") setting forth a demand for indemnification under the Stock Purchase Agreement, dated March 17, 2009 (the "Cedarburg SPA"), by and among Cedarburg, InB: Hauser Pharmaceutical Services, Inc., InB: Paxis Pharmaceuticals, Inc. and the Company. In the Demand Letter, Cedarburg demanded payment by us of \$0.6 million in respect of the Company's indemnification obligations under the Cedarburg SPA. In addition, in the Demand Letter, Cedarburg informed us that there are also environmental issues pending which may lead to additional costs to Cedarburg which will likely be in excess of \$0.3 million.

On May 30, 2012, we sent a letter responding to the Demand Letter and setting forth our position that we have no obligation to indemnify Cedarburg as demanded. On June 18, 2012, Cedarburg responded to our letter and, on July 27, 2012, we sent another letter to Cedarburg reiterating our position that we have no obligation to indemnify Cedarburg as demanded. On December 18, 2012,

Cedarburg responded to our letter and, on January 15, 2013, we sent another letter to Cedarburg reiterating our position that we have no obligation to indemnify Cedarburg as demanded. As of February 10, 2017, we have not received any further communication from Cedarburg with respect to its demand for indemnification as set forth in the Demand Letter. We intend to vigorously contest Cedarburg's demand as set forth in the Demand Letter.
