Dear Fellow Shareholder:

Fiscal year 2017 was a foundational year for our company, one in which we made significant operational progress in capitalizing on our growing consolidated pipeline and also renewed our commitment to our next-generation platform as NETSOL's growth engine for the future.

In recognition of the changing global leasing and finance landscape, during fiscal Q2 2017, we made the strategic decision to restructure our internal processes with the goal of becoming leaner and more efficient. In doing so, we've been able to mitigate costs tremendously. As of our most recent reporting, we've produced more than \$4.4 million in cost savings and anticipate further reductions of at least \$7.0 million by the end of fiscal 2018.

The success of our cost reduction efforts has also allowed us to return to profitability in the near term, creating greater stability as we navigate the longer sales cycle processes that inherently come with the larger potential contract opportunities we are pursuing.

In the meantime, we've continued to invest in our core business and have taken advantage of other opportunities to create shareholder value. Our repurchasing of nearly 140,000 shares of common stock in calendar year 2017 alone and the resumption of our repurchase program in the current calendar year as well provide strong evidence in support of this initiative. The collective buying from NETSOL, our insiders and Board also reflects the high level of confidence we have in our future.

At NETSOL, our Board of Directors functions as a key strategic and governing body that continually challenges our leadership team to be better and more innovative while also playing an integral role in our governance and growth. With the addition of two new nominees, we aim to further that undertaking. To that end, we believe diversity in the boardroom is critical to the success of our Company. The Board will continue to make diversity in gender, ethnicity,

age, career experience and geographic location a priority when considering director candidates. The diverse backgrounds of our individual directors help the Board better evaluate NETSOL's management and operations as well as assess risk and opportunities for the Company's global business model.

NETSOL has built a winning next-generation solution in 'Ascent' under an equally robust and scalable platform. To date, we have executed new contracts for the Ascent Suite valued at more than \$140 million in the APAC and UK regions. Looking back to the NFS legacy solution days and now to the landscape for Ascent with much bigger program values and contract durations, it's apparent that innovation is required to compete effectively. We're entering a paradigm shift in our industry, with digital and mobile solutions being desired and required by our existing and new partners. It's with this shift in mind that we've also accelerated our Digital/Mobility sales and marketing efforts to be both complementary to every new NFS Ascent contract but also as standalone offering.

Despite all our planning for future success, our current core business continues to provide strong results. In fact, our topline has still managed to grow at a double-digit compounded annual growth rate:

As we progress through the balance of fiscal 2018, we are in an ideal positioning to reap the rewards of our patience and planning and have taken the necessary steps to position ourselves to act decisively when new opportunities arise.

Our focus remains, as ever, on generating long-term, sustainable value for our shareholders. I am full of optimism and excitement as we continue our mission, now a nimbler and leaner but also more matured organization. Demand for our innovative solutions is on the rise. In the past, we have been known as a regional leader in our various markets, but our goal, our dream, is to one day become a *global* leading information technology company.

I hope you will join us at our annual meeting to be held on June 12, 2018 at the Company's headquarters located at 23975 Park Sorrento, Suite 250, Calabasas, CA 91302 at 10:00 AM local time. As we do each year, we will review our business and financial results for the year, address the voting items in the Proxy Statement and, of course, take your questions. Whether you plan to attend the meeting or not, your vote is important and we encourage you to review the enclosed materials and submit your proxy whether it is by mail or in person. Thank you again for your continued support of NETSOL.

Sincerely,

Najeeb Ghauri

QUESTIONS AND ANSWERS ABOUT VOTING AND THE SHAREHOLDER MEETING

Q: Why did I receive the proxy materials?

We have made the proxy materials available to you over the internet and mailed you paper copies of these materials because the Board is soliciting your proxy to vote your shares of our common stock at the annual meeting to be held on June 12, 2018 and at any adjournments or postponements of this meeting.

Q: What is a proxy?

A: The Board is asking you to give us your proxy. Giving us your proxy means that you authorize another person or persons to vote your shares of our common stock at the annual meeting in the manner you direct. The written document you complete to designate someone as your proxy is usually called a "proxy card" or a "voting instruction form" depending on how the ownership of your shares is reflected in our records. If you are the record holder of your shares, a "proxy card" is the document used to designate your proxy to vote your shares. If you hold your shares in street name, a "voting instruction form" is the document used to designate your proxy to vote your shares. In this

proxy statement, the term “proxy card” means both the voting instruction form and proxy card unless otherwise indicated.

Q: Who Can Vote?

You are entitled to notice of the Annual Meeting if you held any shares of common stock of NetSol Technologies, Inc. as of the close of business on the record date, April 30, 2018. You are entitled to vote at the Annual Meeting
A: all shares of common stock of NetSol Technologies, Inc. that you held as of the close of business on that record date. Each share of common stock is entitled to one vote with respect to each matter properly brought before the Annual Meeting.

As of the record date, April 30, 2018, there were 11,444,144 shares of common stock of NetSol Technologies, Inc. issued and outstanding.

In accordance with Nevada law, lists of our shareholders who are entitled to vote at the Annual Meeting will be available for inspection by any stockholder present at the Annual Meeting and, for ten days prior to the Annual Meeting, by any stockholder, for purposes germane to the meeting, at our offices located at 23975 Park Sorrento, Suite 250, Calabasas, CA 91302. Any inspection of these lists prior to the Annual Meeting must be conducted between 9:30 A.M. and 4:30 P.M. (PST). Please contact our Corporate Secretary to arrange any inspection prior to the Annual Meeting.

Q: Who Is the Record Holder?

A: You may own common stock either (1) directly in your name, in which case you are the record holder of such shares, or (2) indirectly through a broker, bank or other nominee, in which case such nominee is the record holder.

If your shares are registered directly in your name, we are sending these proxy materials directly to you. If the record holder of your shares is a nominee, you will receive proxy materials from such nominee.

Q: How Do I Vote?

Record Holders:

By Mail. If you choose to vote by mail, mark your proxy card, date and sign it, and return it as soon as possible in the postage-paid envelope provided.

By Telephone. If you choose to vote by phone, please call toll free (800) 820-2416 and vote your shares; international callers please call our toll number (212) 771-1133 to vote.

Q: Are proxy materials available on the Internet?

A: Yes, please see notice below:

Important notice regarding the availability of proxy materials

for the annual shareholder meeting to be held on June 12, 2018;

Our Proxy Statement and 2017 Annual Report are available on the following Web site:

<http://ir.netsoltech.com/all-sec-filings>

Q: What are NetSol shareholders being asked to vote on at the annual shareholder meeting?

A: You will vote on:

Item 1: The election of seven directors to serve until the next annual meeting of shareholders.

Item 2: To consider and vote upon the ratification of the appointment of KSP Group, Inc. as the Company's independent auditors for the fiscal year 2018; and

Item 3: To approve, on an advisory basis, the named executive officer compensation in this Proxy Statement.

Q: How Many Shares Must be Represented in Order to Transact Business at the Annual Meeting?

A quorum is the number of shares that must be represented, in person or by proxy, in order to transact business at the Annual Meeting. We will have a quorum and be able to conduct business at the Annual Meeting if a majority of A: the outstanding shares of common stock entitled to vote are present at the meeting, either in person or by proxy. Abstentions will be included in the calculation of the number of shares considered to be present for purposes of determining whether a quorum is present.

Q: How Many Votes Are Required to Approve a Proposal?

If a quorum is present, the vote of a majority of votes present in person or represented by proxy at the meeting and entitled to vote on the election of directors is required to elect directors. The vote of a majority of the votes cast is required to ratify the selection of our independent registered public accounting firm, to approve the proposal to approve, on an advisory basis, the named executive officer compensation in this Proxy Statement and, to approve an amendment of the articles of incorporation to increase the authorized shares of common stock.

Q: What is a Broker Non-Vote?

Under the rules that govern nominees who have record ownership of shares that are held in “street name” for account holders (who are the beneficial owners of the shares), nominees typically have the discretion to vote such shares on routine matters, but not on non-routine matters. If a nominee has not received voting instructions from an account holder and does not have discretionary authority to vote shares on a particular item, a “broker non-vote” occurs.

Q: How can I change my vote?

A: You can revoke your proxy prior to the close of voting at the Annual Meeting by:

Sending written notice of revocation to our Secretary at our executive offices;
Sending a signed proxy card bearing a later date than revoked proxy to our Secretary; or
If you attend the Annual Meeting in person, by either giving notice of revocation to the Inspector(s) of Election at the Annual Meeting or by voting in person.

Q: Does Anyone Solicit this Proxy and Who Will Pay the Expenses of the Proxy Distribution?

We will pay the expenses for the preparation of the proxy materials and the solicitation of proxies. Our directors, officers or employees may solicit proxies on our behalf in person or by telephone, e-mail, facsimile or other electronic means. These directors, officers and employees will not receive additional compensation for such services. In accordance with the regulations of the United States Securities and Exchange Commission (the “SEC”), we may reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of our common stock.

Q: What do I need to do now?

A: First, carefully read this document in its entirety. Then, vote your shares by following the instructions from your broker, if your shares are held in “street name”, or by one of the following methods:

If you received these printed materials by mail, mark, sign, date and return your proxy card in the enclosed return envelope as soon as possible; or
Call the toll-free number on the proxy card and follow the directions provided; or
Go to the website listed on the proxy card and follow the instructions provided; or,

Attend the shareholder meeting and submit a properly executed proxy or ballot. If a broker holds your shares in “street name,” you will need to get a legal proxy from your broker to vote in person at the meeting.

Voting by phone or on the Internet has the same effect as submitting a properly executed proxy card.

Q: What are my choices when voting?

A: When you cast your vote on:

Item 1: You may vote in favor of electing the nominees as directors or vote against one or more nominees or you may abstain from voting; and

Item 2: You may cast your vote in favor of or against the proposal, or you may elect to abstain from voting your shares.

Item 3: You may cast your vote in favor of or against the proposal, or you may elect to abstain from voting your shares.

If you sign, date and mail your proxy card without indicating how you want to vote, your proxy will be counted as a vote in favor of each director nominee in Proposal 1 and in favor of Proposal 2, and 3.

Q: Does the Board have a recommendation for voting?

A. The Board unanimously recommends you vote your shares as follows:

Proposal 1- **“FOR”** each of the persons nominated for election to the Board.

Proposal 2- **“FOR”** ratifying the selection of KSP Group, Inc. as the Company’s independent auditor for fiscal year ending June 30, 2018.

Proposal 3- **“FOR”** approval, on an advisory basis, the named executive officer compensation in this Proxy Statement.

Q: What if I abstain from voting?

If your shares are represented at the annual meeting, in person or by proxy, but you abstain from voting on a matter, or include instructions in your proxy to abstain from voting on a matter, your shares will be counted for the purpose of determining if a quorum is present, but will not be counted as either an affirmative vote or a negative vote with respect to that matter. With respect to the items scheduled to be voted on at the meeting, abstentions will have no effect on the outcome of the vote on those proposals, assuming a quorum is present.

Q: Who is eligible to vote?

Holdings of record of NetSol Technologies, Inc. common stock at the close of business on April 30, 2018 are eligible to vote at NetSol’s annual meeting of shareholders. As of that date, there were shares of NetSol common stock outstanding held by 155 holders of record, a number that does not include beneficial owners who hold shares in “street name”.

A: Yes. If you have not voted through your broker, you can do this by:

calling the toll-free number on the proxy card at least 24 hours before the meeting and following the directions provided;
going to the website listed on the proxy card at least 24 hours before the meeting and following the instructions provided; or,
submitting a properly executed proxy prior to the meeting bearing a later date than your previous proxy; or
voting in person at the meeting, but simply attending the meeting will not, in and of itself, revoke a proxy.

If you voted through your broker, please contact your broker to change or revoke your vote.

Q: If my shares are held in “street name” by my broker, will my broker vote my shares for me?

Yes, but only if you give your broker instructions. If your shares are held by your broker (or other nominee), you should receive this document and an instruction card from your broker. Your broker will vote your shares if you provide instructions on how to vote. If you do not tell your broker how to vote, your broker may vote your shares in favor of ratification of the auditor appointment but may not vote your shares on the election of directors or any other item of business. However, your broker is not required to vote your shares if you do not provide instructions.

Q: Can I attend the shareholder meeting even if I vote by proxy?

A: Yes. All shareholders are welcome to attend and we encourage you to do so.

Q: Why did I receive more than one proxy card?

A: You may receive multiple cards if you hold your shares in different ways (e.g. joint tenancy, in trust or in custodial accounts). You should vote on every proxy card that you receive.

Q: Are there any rules regarding admission to the annual meeting?

A: Yes. You are entitled to attend the annual meeting only if you were, or you hold a valid legal proxy naming you to act for, one of our shareholders on the record date. Before we will admit you to the meeting, we must be able to confirm:

Your identity by reviewing a valid form of photo identification, such as a driver’s license; and

You were, or are validly acting for, a shareholder of record on the record date by:

verifying your name and stock ownership against our list of registered shareholders, if you are the record holder of your shares;

reviewing other evidence of your stock ownership, such as your most recent brokerage or bank statement, if you hold your shares in street name; or your most recent plan statement; or

reviewing a written proxy that shows your name and is signed by the shareholder you are representing, in which case either the shareholder must be a registered shareholder or you must have a brokerage or bank statement for that shareholder as described above.

If you do not have proof that you owned, or are legally authorized to act for someone who owned, shares of our common stock on the record date, you will not be admitted to the meeting.

At the entrance to the meeting, we will verify that your name appears in our stock records or will inspect your brokerage or bank statement, or proof of ownership and any written proxy you present as the representative of a shareholder. We will decide whether the documentation you present for admission to the meeting meets the requirements described above. The annual meeting will begin at 10:00 a.m., local time. Please allow ample time for the admission procedures described above.

Q: Where do I get more information?

A: If you have questions about the meeting or submitting your proxy, or if you need additional copies of this document or the proxy card, you should contact the following:

ANNUAL MEETING BUSINESS

PROPOSAL 1

ELECTION OF DIRECTORS

NetSol's articles of incorporation and bylaws provide that directors are elected to serve a one-year term of office, expiring at the next annual meeting of shareholders. Our articles of incorporation establish up to nine directors, with the exact number to be fixed from time to time by resolution of the board of directors.

Directors are elected by a majority of votes, which means that the nominees receiving the most votes will be elected. Shareholders are not entitled to cumulate votes in the election of directors. In determining the votes cast for the election of a director, abstentions and broker non-votes are excluded. The Nominating and Corporate Governance Committee considers the offer of resignation and recommends to the board whether to accept it. The policy requires the board to act on the Nominating and Corporate Governance Committee's recommendation within 90 days following the shareholder meeting. Board action on the matter requires the approval of a majority of the independent directors.

The board of directors has nominated the following directors for election to one-year terms that will expire at earlier of their removal or replacement or at the 2017 annual meeting:

Najeeb Ghauri

Naeem Ghauri

Shahid J. Burki

Eugen Beckert

Mark Caton

Malea Farsai

Henry Tolentino

The individuals appointed as proxies intend to vote “FOR” the election of the nominees listed above. If any nominee is not available for election, the individuals named in the proxy intend to vote for such substitute nominee as the board of directors may designate. Each nominee has agreed to serve on the board and we have no reason to believe any nominee will be unavailable.

For the biography of each nominee as well as for Director Compensation, please refer to Page 20 of the Proxy.

Board Recommendation:

The Board of Directors recommends shareholders vote “FOR” the election of each of the seven director nominees.

Pre-Approval Procedures

The Audit Committee and the Board of Directors are responsible for the engagement of the independent auditors and for approving, in advance, all auditing services and permitted non-audit services to be provided by the independent auditors. The Audit Committee maintains a policy for the engagement of the independent auditors that is intended to maintain the independent auditor's independence from NetSol. In adopting the policy, the Audit Committee considered the various services that the independent auditors have historically performed or may be needed to perform in the future. The policy, which is to be reviewed and re-adopted at least annually by the Audit Committee:

- Approves the performance by the independent auditors of certain types of service (principally audit-related and
- (i) tax), subject to restrictions in some cases, based on the Committee's determination that this would not be likely to impair the independent auditors' independence from NetSol;
- (ii) Requires that management obtain the specific prior approval of the Audit Committee for each engagement of the independent auditors to perform other types of permitted services; and
- (iii) Prohibits the performance by the independent auditors of certain types of services due to the likelihood that their independence would be impaired.

Any approval required under the policy must be given by the Audit Committee, by the Chairman of the Committee in office at the time, or by any other Committee member to whom the Committee has delegated that authority. The Audit Committee does not delegate its responsibilities to approve services performed by the independent auditors to any member of management.

The standard applied by the Audit Committee in determining whether to grant approval of an engagement of the independent auditors is whether the services to be performed, the compensation to be paid therefore and other related factors are consistent with the independent auditors' independence under guidelines of the Securities and Exchange Commission and applicable professional standards. Relevant considerations include, but are not limited to, whether the work product is likely to be subject to, or implicated in, audit procedures during the audit of NetSol's financial statements; whether the independent auditors would be functioning in the role of management or in an advocacy role; whether performance of the service by the independent auditors would enhance NetSol's ability to manage or control risk or improve audit quality; whether performance of the service by the independent auditors would increase efficiency because of their familiarity with NetSol's business, personnel, culture, systems, risk profile and other factors; and whether the amount of fees involved, or the proportion of the total fees payable to the independent auditors in the period that is for tax and other non-audit services, would tend to reduce the independent auditors' ability to exercise independent judgment in performing the audit.

Board Recommendation:

THE COMPANY'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF APPOINTMENT OF KSP GROUP, INC. AS THE COMPANY'S INDEPENDENT AUDITORS FOR FISCAL 2018.

PROPOSAL 3

TO APPROVE ON AN ADVISORY BASIS COMPENSATION OF THE NAMED EXECUTIVE OFFICERS IN THIS PROXY STATEMENT

A “say on pay” advisory vote is required for all U.S. public companies under Section 14A of the Securities Exchange Act of 1934, as amended. In accordance with this law, we are asking shareholders to approve, on an advisory basis, the compensation of the Company’s named executive officers disclosed in the Compensation Discussion and Analysis section on page 20. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the philosophy, policies and practices described in this proxy statement.

For the reasons discussed below, the Board of Directors recommends that you vote FOR approval of the advisory vote on executive compensation because it believes that the policies and practices described in the Compensation Discussion and Analysis are effective in achieving the Company’s goals of rewarding sustained financial and operating performance and leadership excellence, aligning the executives’ long-term interests with those of the shareholders and motivating the executives to remain with the Company for long and productive careers. Named executive officer compensation of the past three years reflects amounts of cash and long-term equity awards consistent with periods of economic stress and lower earnings, and equity incentives aligning with our actions to stabilize the Company and to position it for a continued recovery.

We urge shareholders to read the Compensation Discussion and Analysis beginning on page 22 of this proxy statement, as well as the Summary Compensation Table and related compensation tables, notes and narrative, appearing on pages 22 through 27, which provide detailed information on the Company’s compensation policies and practices and the compensation of our named executive officers.

Vote Required

Approval of the advisory vote on executive compensation requires the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy and entitled to vote at the meeting. While this advisory vote on executive compensation is non-binding, the Board and the Compensation Committee will review and consider the voting results when evaluating our executive compensation program. Currently, the Board seeks the shareholders vote on Executive Compensation every year. The next time the shareholders have an opportunity to vote on this matter is on the proxy for fiscal year 2018.

CORPORATE GOVERNANCE, BOARD OF DIRECTORS

MEETINGS AND BOARD COMMITTEES

Nomination of Directors

The board is responsible for nominating members to the board and for filling vacancies on the board that may occur between annual meetings of shareholders, in each case based upon the recommendation of the nominating and corporate governance committee. The committee seeks input from other board members and senior management to identify and evaluate nominees for director. The committee may hire a search firm or other consultants. The committee will consider nominees recommended by shareholders for election to the board provided the names of such nominees, accompanied by relevant biographical information, and relevant information about the shareholder submitting the nominee, are provided in writing to our secretary in accordance with the requirements of our bylaws. Messrs. Najeeb Ghauri & Naeem Ghauri are brothers.

Director Independence

The Board has determined that independent directors must have no material relationship with the Company, based on all material facts and circumstances. At a minimum, an independent director must meet each of the standards listed below.

1. The director, within the last three years, has not been employed by and has no immediate family member that has been an executive officer of the Company.

2. Neither the director nor any immediate family member has, in any 12-month period during the last three years, received more than \$120,000 in direct compensation from the Company other than compensation for director or committee service and pension or other deferred compensation for prior service.

3. Neither the director nor any immediate family member is a current partner of the Company's independent accountants firm, the director is not a current employee of the independent accountant's firm, no immediate family member is a current employee of the independent accountant's firm working in its audit, assurance or tax compliance practice, and neither the director nor any immediate family member was an employee or partner of the independent accountant's firm within the last three years and worked on the Company's audit within that time.

Neither the director nor any immediate family member has, within the last three years, been part of an interlocking
4. directorate. This means that no executive officer of the Company served on the compensation committee of a
company that employed the director or an immediate family member.

The director is not currently an employee of and no immediate family member is an executive officer of another
5. company that represented at least 2% or \$1 million, whichever is greater, of the Company's gross revenues, or of
which the Company represented at least 2% or \$1 million, whichever is greater, of such other company's gross
revenues in any of the last three fiscal years. Charitable contributions are excluded from this calculation.

For the purposes of these standards, "Company" includes all NetSol subsidiaries and other affiliates. "Immediate family
member" includes the director's spouse, domestic partner, parents, children, siblings, mothers- and fathers-in-law, sons-
and daughters-in-law. The independence standards for the members of the Audit Committee provide that, in addition
to the foregoing standards, they may not receive any compensation other than director's fees for board and audit
committee service and permitted retirement pay, or be an "affiliate" of the Company apart from their capacity as a
member of the Board as defined by applicable SEC rules.

The Common Stock is listed and traded on the NASDAQ Capital Market. The corporate governance rules of the
NASDAQ

Capital Market requires that a majority of the Board consist of directors who are "independent" of the Company. The
Board has determined each of the following directors and nominees for director qualify as "independent" in
accordance with Rule 5605(a)(2)(A) and (B) of the NASDAQ listing standards for determining independence. Messrs.
Eugen Beckert, Shahid J. Burki and Mark Caton are independent board members as described in the listing standards.

Our Board Leadership Structure

Why our Board leadership structure is right for NetSol

Our Board and Governance Committee regularly review and evaluate the Board's leadership structure. Mr. Najeeb Ghauri serves as both NetSol's CEO and Chairman of the Board, which the Board has determined is the most appropriate and effective leadership structure for the Board and the Company at this time. Mr. Ghauri has served in this dual capacity since 2006 and, as such, brings over 12 years of strategic leadership experience and an unparalleled knowledge of NetSol's business, operations and risks to his role as Chairman of the Board. At this time, as a small-cap global corporation, the combination of these two positions is the most appropriate and suitable structure for proper, efficient and cost-effective Board functioning and communication. Mr. Najeeb Ghauri is the direct link between senior management globally and the Board members and provides critical insight to the Board, as well as feedback to senior management through his comprehensive understanding of the issues at hand. Mr. Ghauri's travels and visits to all subsidiaries across the globe, holding meetings with heads of each subsidiary and relaying the important aspects of such meetings to the Board, justify the need for Mr. Ghauri to hold his dual leadership position. To provide the Board with autonomy, the Board maintains majority independent members whom all head and participate in all board committees. The CEO makes frequent reports to the Board of Directors and answers questions posed by directors. He also discusses with the Board of Directors the reasons for certain recommendations of the Company's executive management group.

The Board does not have a policy on whether the roles of the Chairman and CEO should be separated but believes the current combination of the two roles provides NetSol with, among other things, a clear and effective leadership structure to communicate the Company's business and long-term strategy to its clients, shareholders and the public. The combined Chairman-CEO structure also provides for robust and frequent communication between the Board's independent directors and the management of the Company.

Role of Board in Oversight of Risks:

Like all companies, NetSol faces a variety of risks, both internal and external, and many factors work simultaneously to affect the Company's overall business risk. The Board recognizes that the Company's business risk is not static, and that it is not possible to mitigate all risk and uncertainty. The Board works within a climate of respect and candor, fostering a culture of open dialog between Board members and senior management. Overall, the Board believes that the various board committees proactively review and assess any existing and emerging risks that may face the Company as provided in the respective committee charters.

In addition, other committees of the Board of Directors consider risk within their areas of responsibility. The Audit Committee has responsibility for oversight of risks associated with financial accounting and reporting, including the system of internal control. This oversight includes reviewing and discussing with management the Company's major

financial risk exposures and the procedures utilized by management to monitor and control such exposure. The Compensation Committee oversees the risks relating to compensation plans and programs. The Nominating Committee and Corporate Governance Committee ensure the Company maintains a positive and effective Board leadership and is up to date with internal policies such as the Company's Code of Ethics.

The Company believes that its risk oversight structure provides a critical link to providing an effective risk management program. The Board of Directors and the management team are committed to continuous improvement and strengthening of the Company's risk management practices.

Board of Directors Meetings:

During the fiscal year ended June 30, 2017, the Board of Directors of the Company met one time and acted by written consent nine times at which all directors were in attendance. Overall attendance at the annual, special and all committee meetings of the board was 100%. The Company requests that all board members attend annual meetings of the board.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Discussion and Analysis

NetSol Technologies' Named Executive Officers, a group comprised of the Chief Executive Officer, the Chief Financial Officer and the Secretary and General Counsel in the 2016-2017 fiscal year are the following individuals:

Najeeb Ghauri	Chief Executive Officer
Roger K. Almond	Chief Financial Officer
Patti L. W. McGlasson	Sr. V.P. Legal and Corporate Affairs, Secretary and General Counsel

Compensation Philosophy and Objectives

The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company, and which aligns executives' interests with those of the stockholders by rewarding performance at or above established goals, with the ultimate objective of increasing stockholder value. The philosophy of the Compensation Committee is to evaluate both performance and compensation to ensure that we maintain our ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To that end, the Compensation Committee believes executive compensation packages should include both cash and equity-based compensation that reward performance as measured against established goals.

Compensation Policies and Practices

Our commitment to design an executive compensation program that is consistent with responsible financial and risk management is reflected in the following summary of our policies and practices:

- Review pay and performance alignment;
- Provide Variable vesting for awards granted under the Stock Plan;
- Maintain retention guidelines to prohibit sales during certain periods
- Prohibit hedging, pledging or short selling NetSol securities;
- Limit perquisites;
- Assess and mitigate compensation risk;
- Solicit annual independent consultant advice on CEO's compensation; and
Conduct a review of the independence of the compensation consultant retained by the Compensation Committee.
-

- No ongoing employment agreements or guaranteed compensation arrangements for NEOs;
- No dividends or dividend equivalents on unearned restricted stock, restricted stock units, stock options or stock appreciation rights;
- No repricing of stock options;
- No cash buyouts of underwater stock options;
- No tax reimbursements for perquisites;
- No tax gross-ups for excise taxes; and
- No supplemental retirement benefits.

Setting Executive Compensation

Management develops our compensation plans by utilizing publicly available compensation data in the media services and technology industries. We believe that the practices of these groups of companies provide us with appropriate compensation benchmarks, because these groups of companies are in similar businesses and tend to compete with us for executives and other employees. For benchmarking executive compensation, we typically review the compensation data we have collected from these groups of companies, as well as a subset of the data from those companies that have a similar number of employees as the Company. The Compensation Committee has determined to utilize the services of a consultant for purposes of comparing our compensation program with similarly situated companies in like industries. The recommendations of these consultants will be utilized by the Committee in determining the appropriate compensation packages. While these consultants may make general recommendations about the size and components of compensation, we anticipate our philosophy to continue on the basis of a pay-for-performance philosophy.

Based on management's analyses and recommendations, the Compensation Committee has approved a pay-for-performance compensation philosophy, which is intended to establish base salaries and total executive compensation (taking into consideration the executive's experience and abilities) that are competitive with those companies with a similar number of employees represented in the compensation data we review.

We work within the framework of this pay-for-performance compensation philosophy to determine each component of an executive's initial compensation package based on numerous factors, including:

The individual's particular background, track record and circumstances, including training and prior relevant work experience;

The individual's role with us and the compensation paid to similar persons in the companies represented in the compensation data that we review;

The demand for individuals with the individual's specific expertise and experience;

Performance goals and other expectations for the position; and

Uniqueness of industry skills.

The terms of each executive officer's compensation are derived from employment agreements negotiated between the Company and the executive. Each executive's employment agreement is generally negotiated to cover a one to three-year period, and prescribes the base salary and other annual payments, if any, to the executive. Employment agreements for all executive officers are approved by the Board of Directors and the Compensation Committee. Employment agreements for other executives are approved by the Company's Chief Executive Officer.

2017 Executive Compensation Components

For the fiscal year ended June 30, 2017, the principal components of compensation that our named executive officers were eligible to receive were:

Base salary;

Long Term Equity Incentive Compensation;

Performance-based incentive compensation (discretionary bonus); and

Perquisites and other personal benefits.

The Company's executive compensation program is intended to promote and maintain stability within the executive team. The Company's goal for its executive compensation program is to attract, motivate and retain a talented, entrepreneurial, ethical and creative team of executives who will provide leadership for the Company's success in dynamic and competitive markets.

Base Salary

An executive's base salary is evaluated together with components of the executive's other compensation to ensure that the executive's total compensation is consistent with our overall compensation philosophy. Base salaries are adjusted annually by the Compensation Committee.

The base salaries were established in arms-length negotiations between the executive and the Company, taking into account their extensive experience, knowledge of the industry, track record, and achievements on behalf of the Company. The Company expects each named executive officer to contribute to the Company's overall success as a member of the executive team rather than focus solely on specific objectives within the officer's area of responsibility.

Annual Bonus

Our compensation program includes eligibility for bonuses as rewarded by the Compensation Committee. All executives are eligible for annual performance-based cash bonuses in accordance with Company policies. The compensation committee takes into consideration the executive's performance during the previous year to determine eligibility for discretionary bonuses. Further, the compensation committee will review, if applicable, the performance criteria set forth in an executive's previous year's agreement and will determine if the executive has met such criteria in order to achieve the bonus. The Company's bonus criteria at the executive management level, is typically based on a gross revenue and per share profit targets.

Long-Term Equity Incentive Compensation

We believe that long-term performance is achieved through an ownership culture that encourages long-term participation by our executives in equity-based awards. Our various Employee Stock Option Plans allow us to grant stock options to employees. We currently make initial equity awards of stock options to new executives and certain non-executive employees in connection with their employment with the Company. Annual grants of options, if any, are approved by the Compensation Committee.

Equity Incentives. Executives, certain non-executive employees, and directors who join us may be awarded stock awards and/or stock option grants after they join the Company. These grants have an exercise price equal to the fair market value of our common stock on the grant date. Such awards are intended to provide the executive with incentive to build value in the organization over an extended period of time. The size of the stock option award is also reviewed in light of the executive's track record, base salary, other compensation and other factors to ensure that the executive's total compensation is in line with our overall compensation philosophy. A review of all components of compensation is conducted when determining equity awards to ensure that total compensation conforms to our overall philosophy and objectives.

Equity incentives provided to executives are determined by the Fair Market Value of our common stock on the grant date were provided to the executives as an adjustment of their overall compensation while taking in to account the need to continue to incentivize the executive to build value in the organization. Each executive's stock award was based on an analysis of the Compensation Committee of an appropriate overall cash compensation for each individual taking into account their position and compensation at similarly situated companies. Each executive's stock award was based on a desired overall compensation cash value less the base salary as approved by the Compensation Committee.

Perquisites and Other Personal Benefits

We provide named executive officers with perquisites and other personal benefits that we believe are reasonable and consistent with our overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to NetSol's executive officers.

We maintain benefits and perquisites that are offered to all employees, including health and dental insurance. Benefits and perquisites may vary in different country locations and are consistent with local practices and regulations.

Termination Based Compensation

Upon termination of employment, all executive officers with a written employment agreement are entitled to receive severance payments under their employment agreements. In determining whether to approve, and as part of the process of setting the terms of, such severance arrangements, the Compensation Committee recognizes that executives and officers often face challenges securing new employment following termination. Further, the Committee recognizes that many of the named executives and officers have participated in the Company since its founding and that this participation has not resulted in a return on their investments. Termination and Change in Control Payments considered both the risk and the dedication of these executives' service to the Company.

Our Chief Executive Officer has an employment agreement that provides, if his employment is terminated without cause or if the executive terminates the agreement with Good Reason, he is entitled to (a) all remaining salary to the end of the date of termination, plus salary from the end of the employment term through the end of the fourth anniversary of the date of termination, and (b) the continuation by the Company of medical and dental insurance coverage for him and his family until the end of the employment term and through the end of the fourth anniversary of the date of termination. Provided, however, if such benefits cannot be continued for this extended period, the Executive shall receive cash (including a tax-equivalency payment for Federal, state and local income and payroll taxes assuming Executive is in the maximum tax bracket for all such purposes) where such benefits may not be continued. These agreements further provide for vesting of all options and restrictive stock grants, if any.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. We believe that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes.

Accounting for Stock-Based Compensation

Commencing on July 1, 2006, we began accounting for stock-based payments, including awards under our Employee Stock Option Plans, in accordance with the of Financial Accounting Standards Board's Accounting Standards Codification Topic 718, *Compensation – Stock Compensation*.
