Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On June 25, 2018, the Compensation Committee (the “Committee”) of the Board of Directors of H&R Block, Inc. (the “Company”) approved forms of equity award agreements for long term incentive grants of restricted share units (“RSUs”), market stock units (“MSUs”), performance share units (“PSUs”), and non-qualified stock options under the Company’s 2018 Long Term Incentive Plan (the “2018 Plan”), as well as amended alternate forms of equity award agreements for long term incentive grants of RSUs, MSUs, and PSUs under the 2018 Plan.

The approved forms of equity award agreements are substantially similar to the forms used for grants under the Company’s 2013 Long Term Incentive Plan, with amendments that include the following, along with other immaterial amendments:

**EBITDA Annual Growth Target for PSUs.** Under the prior year forms of equity award agreement for PSUs, the performance metric used in calculating a participating executive’s PSU payout was based in part on the Company’s performance against a pre-established targeted percentage of year-over-year growth in earnings from continuing operations excluding interest expense, taxes, depreciation and amortization (“EBITDA”) for each year of the three-year performance period. Under the amended forms of equity award agreement for PSUs, the pre-established performance metric is a set level of EBITDA from continuing operations for the first fiscal year in the performance period, followed by year-over-year percentage growth in EBITDA from continuing operations at percentage levels set at the time of grant for the second and third fiscal years in the performance period.

**Additional Cap on Fiscal Year 2019 for PSUs.** As with the prior year forms of equity award agreement for PSUs, performance for each year in the three-year PSU performance period is determined by the Committee, and then performance is compared to each year's target and averaged over the three-year performance period to determine the number of PSUs that ultimately vest; however, under the amended forms of equity award agreement for PSUs, the maximum payout attributable to the first fiscal year of the performance period is reduced to 150%, as compared to 200% in the second and third fiscal years.

The amended forms of equity award agreements will be utilized beginning with grants of fiscal year 2019 long term incentive compensation under the Company’s long term incentive program. Consistent with the Company’s previously disclosed practices, the alternate forms of equity award agreements will be utilized for fiscal year 2019 long term incentive compensation for Thomas A. Gerke, the Company’s General Counsel and Chief Administrative Officer.

The other material terms of the forms of equity award agreements remain unchanged. The foregoing summary of the amended forms of equity award agreements is qualified in its entirety by reference to the full text of the amended forms, copies of which are filed as Exhibits 10.1, 10.2, 10.3, 10.4, 10.5, 10.6, and 10.7 hereto, and incorporated herein by reference.
