Corporate Governance Guidelines

The Board has established Corporate Governance Guidelines that it follows in matters of corporate governance, which are posted under the "About Us – Investor Relations" section of our website at www.lantronix.com. The information included on or accessed through our website shall not be incorporated into or otherwise be made a part of this Amendment. References to our website address in this Amendment are inactive textual references only.

The following includes a summary of our Corporate Governance Guidelines and additional information regarding our Board.

Director Independence

Our Corporate Governance Guidelines require that a majority of our directors meet the criteria for independence set forth under applicable securities laws, including applicable rules and regulations of the SEC and applicable listing standards of the Nasdaq Stock Market ("Nasdaq"). The Nasdaq listing standards provide that an independent director is one who the Board affirmatively determines is free of any relationship that would interfere with that individual's exercise of independent judgment. Our Board has reviewed the relationships between the Company, including our subsidiaries and affiliates, and each Board member. Based on its review, the Board has affirmatively determined that Bernhard Bruscha, Bruce C. Edwards, Paul F. Folino, Martin Hale, Jr. and Hoshi Printer currently have no relationships that would interfere with their exercise of independent judgment and that each of them is "independent" in accordance with the foregoing independence standards. Jeffrey Benck was determined not to be independent based on his service as our President and Chief Executive Officer.

Board Leadership Structure

Our Corporate Governance Guidelines provide that the Board will appoint a Chairman of the Board with the approval of a majority of the directors then in office or as otherwise provided in our Bylaws. While any director (including the Chief Executive Officer or other management director) is eligible for appointment as the Chairman of the Board, the Board's current preferred governance structure is to have an independent director serve as Chairman of the Board. Accordingly, the Board is currently led by Bernhard Bruscha, our Chairman of the Board, a position separate from our Chief Executive Officer and President. Separating the positions of Chief Executive Officer and Chairman of the Board allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management.

Risk Oversight

While our management has primary responsibility for identifying and mitigating risks, the Board has overall responsibility for oversight of such risks, with a focus on the most significant risks facing the Company. At least annually, management and the Board jointly review our strategic goals and associated risks. Throughout the year, the Board and the committees to which the Board has delegated responsibility dedicate a portion of their meetings to review and discuss specific risk topics in greater detail.

The Board has delegated responsibility for the oversight of specific risks to Board committees as follows:

The Audit Committee oversees our risk policies and processes relating to financial statements and financial reporting, as well as investment, capital structure and compliance risks, and the guidelines, policies and processes for monitoring and mitigating those risks.

The Compensation Committee oversees risks associated with our incentive plans, the compensation of executive management, and the effect the compensation structure may have on business decisions.

The Corporate Governance and Nominating Committee oversees risks related to our governance structure and the evaluation of individual Board members and committees.

The Board's risk oversight process builds upon management's enterprise-wide risk assessment and mitigation processes, which include ongoing monitoring of various risks including those associated with long-term strategy and business operations, regulatory and legal compliance and financial reporting.

Meetings of the Board

During fiscal 2018, the Board held eleven meetings. Each director attended at least 75% of the meetings of the Board held during the period of his tenure in fiscal 2018.

Executive Sessions

Although the Chief Executive Officer and other members of senior management are invited to attend meetings of the Board, the members of the Board meet in executive session, without executive management present, in conjunction with each of the regularly scheduled meetings of the Board. Each committee of the Board also meets regularly in executive session without executive management present. In addition, the Audit Committee meets quarterly in separate executive sessions with our independent registered public accounting firm and with our Chief Financial Officer.

Director Attendance at Annual Stockholder Meetings

Under our Corporate Governance Guidelines, our directors are expected to attend our annual meetings of stockholders. All of our directors attended the 2017 annual meeting of stockholders.

Committees of the Board

To facilitate independent director review, and to make the most effective use of our directors' time and capabilities, the Board has established the following standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. The responsibilities of each committee are set forth in a written charter, each of which has been approved by the Board. Each standing committee reviews and assesses the adequacy of its charter on an annual basis. Each such charter is available under the "About Us – Investor Relations" section of our website at www.lantronix.com. The Board is permitted to establish other committees from time to time as it deems appropriate. Current committee membership and the number of meetings of each committee in fiscal 2018 are shown in the table below.

	Audit Committee	Compensation Committee	Corporate Governance & Nominating Committee
Bruce C. Edwards	Member	Chair	Member
Paul F. Folino	Member	Member	Chair
Martin Hale, Jr.	–	Member	–
Hoshi Printer	Chair	Member	Member
Number of Fiscal 2018 Meetings	4	5	4

Jeffrey Benck and Bernhard Bruscha are not currently members of any committee. Each of the directors who were members of a committee attended 100% of all meetings held by each committee of the Board on which he served during the period of his tenure in fiscal 2018.

Audit Committee

The Audit Committee is composed of three directors, each of whom is independent and meets the Nasdaq financial literacy requirements for audit committee service. The Board has determined that each of the members of the Audit Committee meets the enhanced independence requirements of the SEC and that Mr. Printer is an “audit committee financial expert” under the rules of the SEC.

The Audit Committee assists the Board in fulfilling its responsibilities for general oversight of the integrity of our financial statements, compliance with legal and regulatory requirements, the qualifications and independence of our independent registered public accounting firm, the performance of our independent registered public accounting firm, risk assessment and risk management, and finance and accounting functions. The Audit Committee also appoints, retains, terminates, determines compensation for, and oversees our independent registered public accounting firm, reviews the scope of the audit by our independent registered public accounting firm, and reviews the effectiveness of our accounting and internal control functions. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding for, internal or external legal, accounting or other advisers as the Audit Committee deems necessary to carry out its duties.

In addition, the Audit Committee assists the Board in overseeing the implementation and monitoring of the effectiveness of our Code of Business Conduct and Ethics Policy (“Code of Conduct”). The Audit Committee also reviews, with our management and our independent registered public accounting firm, our policies and procedures with respect to risk assessment and risk management relating to financial statements and financial reporting, as well as investment, capital structure and compliance risk, and the guidelines, policies and processes for monitoring and mitigating those risks. The Audit Committee is also responsible for the review and approval of related party transactions.

Compensation Committee

The Compensation Committee is composed of four directors, each of whom is independent as the term is defined within the Nasdaq listing standards for compensation committee service. The Board has determined that each of the members of the Compensation Committee meets the enhanced independence requirements of the SEC. Each of the members of the committee is also a “nonemployee director” as that term is defined under Rule 16b-3 of the Exchange Act and an “outside director” as that term is defined in Treasury Regulation Section 1.162-27(e)(3).

The Compensation Committee determines our overall policies on compensation, and determines the compensation of our Chief Executive Officer and other executive officers. In addition, the Compensation Committee administers our equity incentive plans and reviews the philosophy and policies behind, and any material risks created by, the salary, bonus and equity compensation arrangements for all employees. The Compensation Committee also makes recommendations to the Board with respect to amendments to our equity incentive plans. The Compensation Committee also reviews and recommends to the Board the compensation of directors. The Compensation Committee has the authority to obtain advice and assistance from, and receive appropriate funding for, internal or external legal, compensation, accounting or other advisers as the Compensation Committee deems necessary to carry out its duties.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee is composed of three directors, each of whom is independent as the term is defined within the Nasdaq listing standards.

The Corporate Governance and Nominating Committee makes recommendations to the Board regarding candidates for election as directors and is otherwise responsible for matters relating to the nomination of directors, including evaluating the “independence” of directors and director nominees against the independence requirements of the Nasdaq listing standards, SEC rules and other applicable laws. The Corporate Governance and Nominating Committee assists with the structure and membership of Board committees.

The Corporate Governance and Nominating Committee reviews our corporate governance policies and procedures and recommends changes it deems appropriate. The Corporate Governance and Nominating Committee also oversees the Board and committee self-assessment and director performance evaluation process.

Code of Conduct and Complaint Procedures

We have adopted a Code of Conduct that applies to all of our directors, officers and employees. The Code of Conduct operates as a tool to help our directors, officers and employees understand and adhere to the high ethical standards we expect. The Code of Conduct is posted under the “About Us – Investor Relations” section of our website at www.lantronix.com.

Concerns relating to accounting, internal controls or auditing matters should be brought to the attention of a member of our senior management or the Audit Committee, as appropriate, and will be handled in accordance with procedures established by the Audit Committee with respect to such matters.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our outstanding shares of common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Such persons are required by SEC regulations to furnish us with copies of all ownership forms they file pursuant to Section 16(a).

Based solely on a review of the reports that were filed and upon written representations from our directors, executive officers and stockholders that such reports accurately reflect all reportable transactions and holdings, we believe that all forms required to be filed pursuant to Section 16(a) during fiscal 2018 were filed on a timely basis.

Arrangements with Directors or Executive Officers

No arrangement or understanding exists between any of our directors or executive officers and any other person, pursuant to which any of them were selected as our director or executive officer.

There are no family relationships among any of our directors or executive officers.

Components of Executive Compensation

Our Compensation Committee utilizes three main components for executive officer compensation: base salary, a cash incentive program, and long-term equity-based awards. Our compensation program is designed to balance our need to provide our executive officers with incentives to achieve our short- and long-term performance goals with the need to pay competitive base salaries.

There is no pre-established policy for allocating between cash and non-cash or short-term and long-term compensation. In determining the allocation each year among base salary, annual cash incentive bonus, and long-term equity-based awards, the Compensation Committee considers the following factors: our short-term and long-term business objectives, competitive trends within our industry, and each named executive officer's current and prior compensation.

An important guiding principle for our executive compensation program is our belief that it benefits our stockholders for executive management's compensation to be tied to our short-term and long-term performance, so that a significant portion of each executive officer's compensation is tied to the achievement of our goals and objectives. As a result, "at risk" compensation makes up a significant portion of our executives' compensation.

Base Salaries

Base salary is the only element of annual cash compensation that is not "at risk." Base salaries for our executive officers are set with regard to a number of factors, including the executive's title and responsibilities within the Company, the executive's performance in recent periods, the executive's potential for continued development within the organization, an assessment of peer group data, and internal parity with other executives. The base salary levels for each executive officer, and any increases or decreases to those levels, are reviewed and approved each year by the Compensation Committee.

The base salaries for the named executive officers are shown in the following table:

Name	Fiscal 2018 Base Salary
Jeffrey Benck	\$ 400,000
Jeremy R. Whitaker	\$ 250,000
Kevin Yoder	\$ 255,000

Equity Awards

We believe that providing a significant portion of our executive officers' total compensation opportunity in equity awards aligns the incentives of our executives with the interests of our stockholders and with our long-term success. By compensating our executives with our equity, executives receive a stake in our financial future and the gains realized in the long term depend on the executives' ability to drive our financial performance. Equity incentive awards

are also a useful vehicle for attracting and retaining executive talent in a competitive market.

Our Compensation Committee administers the Amended and Restated 2010 Stock Incentive Plan and establishes the rules for all awards granted thereunder, including grant guidelines, vesting schedules, and other provisions. We have typically used two forms of equity for long-term equity incentive compensation for our executive officers: time-vesting stock options and time-vesting RSUs. The Compensation Committee continually evaluates its equity compensation program to determine whether to issue either RSUs, stock options, a combination thereof, or other types of equity awards.

Stock options are granted at fair market value with an exercise price equal to the closing price of our common stock on Nasdaq on the date of grant. Stock options generally have a seven-year contractual term. Options and RSUs granted to employees, including our named executive officers, typically vest over four years.

The Compensation Committee intends to continue to evaluate its equity compensation program and may in the future issue either restricted stock awards, stock options or a combination thereof as it deems appropriate.

Benefits

All of our executive officers are eligible to participate in our employee benefits program, which includes medical, dental and vision plans, our 2013 Employee Stock Purchase Plan, a 401(k) plan, tuition reimbursement, life insurance and short and long-term disability coverage. We also have a patent award program, under which employees can receive cash awards in connection with the filing and issuance of patents relating to employee inventions. Our employee benefits program is available to all of our employees. In designing our employee benefits program, we seek to provide an overall level of benefits that is competitive with that offered by similarly situated companies in the markets in which we operate based upon our general understanding of industry practice.

The Company makes matching contributions under the 401(k) plan to each plan participant, including our executive officers, in an amount equal to 25% of the first 6% of salary deferred by the participant.

Annual Cash Incentive Program

Our Compensation Committee believes that annual performance-based cash bonuses play an important role in providing incentives to our executive officers to achieve short-term performance goals. To that end, we have established an annual cash bonus program (the “Bonus Program”) in order to align executives’ goals with our financial, strategic and tactical objectives for the current year.

Selected employees, including all of our named executive officers, are eligible to participate in the Bonus Program. Each participant in the Bonus Program is assigned a target annual cash bonus, generally expressed as a percentage of the participant’s base salary, the payment of which is conditioned on the achievement of certain performance goals and objectives as outlined in the Bonus Program. Bonuses paid under the Bonus Program, if any, are based upon achievement of performance goals for two independent semi-annual performance periods, corresponding with the first and second half of the fiscal year, respectively (each, a “Performance Period”).

The Compensation Committee generally sets the semi-annual corporate performance goals at levels the Compensation Committee believes are challenging, but reasonable, for management to achieve.

At the end of each Performance Period, the Compensation Committee determines the level of Company achievement with respect to the specified goals. The Compensation Committee retains discretion to make appropriate adjustments to the performance goals for the effects of events that were not anticipated in establishing the performance goals, to exclude one-time or non-recurring expenses in calculating achievement of performance goals, and to make other adjustments to the bonuses that otherwise would be payable based on actual performance. Final bonus levels are then based on those determinations.

Under the Bonus Program, the maximum aggregate amount of bonuses that all participants will be eligible to receive during a Performance Period (the “Bonus Pool”) is limited to a percentage of our earnings before interest, taxes, depreciation, amortization, and share-based compensation excluding (1) the impact of non-recurring charges or gains, consistent with the approach used for reporting “Non-GAAP Net Income” in our quarterly earnings releases, and (2) the total amount of bonus payments earned under the Bonus Program for the Performance Period (“Adjusted EBITDAS”). If the Bonus Pool during a Performance Period is insufficient to fully fund the bonuses earned during the Performance Period, each participant’s bonus is ratably reduced. Actual bonuses are generally paid to the executives in the quarter following the completion of a Performance Period.

For fiscal 2018, the Compensation Committee approved two performance measures for Messrs. Benck and Whitaker. These goals related to the Company achieving specified levels of revenue and Adjusted EBITDAS for the applicable Performance Periods. The goals were weighted 60% towards the revenue goal and 40% towards the Adjusted EBITDAS goal.

The revenue and Adjusted EBITDAS goals apply to all other participants, including Mr. Yoder. The Compensation Committee believes revenue and Adjusted EBITDAS to be good indicators of our success, given the market in which we compete. In addition, they are measures that management can easily calculate and communicate to employees throughout the applicable Performance Period. In addition, bonus determinations for all participants other than Messrs. Benck and Whitaker took into account the Company's achievement of goals established by the Compensation Committee relating to certain corporate management by objectives goals ("MBOs"), and the individual participant's performance in relation to personal MBOs. For these other participants, these goals were weighted 40% towards revenue, 30% towards Adjusted EBITDAS and 30% towards corporate and personal MBOs.

Under the Bonus Program for fiscal 2018, payouts based upon revenue and Adjusted EBITDAS performance could range from zero to 200% of target depending on the level of our performance. For fiscal 2018, the Bonus Pool was funded by 50% of the Company's Adjusted EBITDAS during the applicable Performance Period. For fiscal 2018, bonus targets for all participants were weighted 50% towards the first half of the fiscal year and 50% towards the second half of the fiscal year.

The table below shows the target bonus, incentive mix, and maximum payout for each of the named executive officers under the Bonus Program for fiscal 2018:

Name	Fiscal 2018 Base Salary	Target Bonus		Incentive Mix			Maximum Payout		Fiscal 2018 Bonus Earned (1)(2)
		% of Salary	Dollars	Revenue	Adjusted EBITDAS	MBOs	% of Salary	Dollars	
Jeffrey Benck	\$ 400,000	85%	\$ 340,000	60%	40%	–	170%	\$ 680,000	\$ 406,470
Jeremy R. Whitaker	\$ 250,000	55%	\$ 137,500	60%	40%	–	110%	\$ 275,000	\$ 164,381
Kevin Yoder	\$ 255,000	40%	\$ 102,000	40%	30%	30% (3)	68%	\$ 173,400	\$ 113,398

(2) For Mr. Yoder, excludes cash incentives under the Sales Compensation Program.

(3) For Mr. Yoder, the MBO portion of the potential bonus was weighted 50% towards corporate MBOs and 50% towards personal MBOs.

Sales Compensation Program

Mr. Yoder, along with certain other employees, participates in our Sales Compensation Program, which provides an opportunity to earn a cash incentive payment upon achievement of sales objectives approved by management. Under the Sales Compensation Program for fiscal 2018, for each half of the fiscal year, management established sales objectives for individuals, by region, which served as the basis for determining the amount of cash incentives to be paid to the individuals under the program. After the end of each six-month period, management reviewed an individual's performance with respect to his or her individual sales objectives and determined the amount of cash incentives to be paid under the program to the individual. Payments under the Sales Compensation Program for fiscal

2018 were calculated based upon the level of performance, and targets for all participants were weighted 50% towards the first half of the fiscal year and 50% towards the second half of the fiscal year.

For fiscal 2018, such objectives were measured for Mr. Yoder with respect to the “global” territory. Mr. Yoder’s annual sales incentive compensation target was equal to 30% of his base salary, or \$76,500. In fiscal 2018, Mr. Yoder earned \$72,394 in total sales incentive compensation under the Sales Compensation Program.

Severance and Change in Control Arrangements with Named Executive Officers

Although we do not have fixed term employment agreements with any of our employees, the named executive officers are each a party to an agreement with the Company that provides cash payments and acceleration of equity awards in certain circumstances that result in termination of employment.

Offer Letter with Jeffrey Benck

Under the offer letter dated December 5, 2015 between the Company and Mr. Benck, Mr. Benck is eligible to receive severance payments if his employment is terminated involuntarily by us without Cause or by Mr. Benck for Good Reason, in each case as defined in the offer letter. Severance payments for Mr. Benck would consist of 12 months of base salary plus payment of an amount equal to 50% of his target bonus. If the termination occurs in connection with a Change in Control (as defined in the offer letter), Mr. Benck is entitled to “double trigger” severance payments as follows: (1) if the market capitalization of the Company at the time of the Change in Control is \$50 million or less, Mr. Benck will receive 12 months of base salary plus payment of an amount equal to 100% of his target bonus; and (2) if the market capitalization of the Company at the time of the Change in Control is greater than \$50 million, Mr. Benck will receive 24 months of base salary plus payment of an amount equal to 200% of his target bonus.

In the event of termination of employment without Cause or for Good Reason, Mr. Benck’s basic employee benefits such as health insurance would be continued for up to 12 months (or up to 24 months following a Change in Control occurring at a time that the Company’s market capitalization is greater than \$50 million).

In addition, if Mr. Benck’s employment is terminated without Cause or for Good Reason in connection with a Change in Control, all unvested stock options and RSUs awarded to Mr. Benck will accelerate and become fully vested.

Letter Agreement with Jeremy Whitaker

On August 31, 2016, the Company entered into a five-year letter agreement with Mr. Whitaker setting forth certain terms of his employment as the Company’s Chief Financial Officer. Under the letter agreement, Mr. Whitaker is eligible for severance payments if within the term of the letter agreement his employment is terminated, either involuntarily by the Company without Cause or by Mr. Whitaker for Good Reason, in each case as defined in the letter agreement.

Severance payments for Mr. Whitaker consist of 6 months of base salary plus payment of an amount equal to 50% of the amount of bonuses (if any) paid to Mr. Whitaker during the 12 months preceding termination. If the termination occurs in connection with a Change in Control (as defined in the letter agreement), Mr. Whitaker is entitled to “double trigger” severance payments as follows: (1) if the market capitalization of the Company at the time of the Change in Control is \$50 million or less, Mr. Whitaker will receive 6 months of base salary plus payment of an amount equal to 50% of the amount of bonuses (if any) paid to Mr. Whitaker during the 12 months preceding termination, and up to 6 months of COBRA benefits; and (2) if the market capitalization of the Company at the time of the Change in Control is greater than \$50 million, Mr. Whitaker will receive 12 months of base salary plus payment of an amount equal to 100% of his target bonus, and up to 12 months of COBRA benefits.

In addition, the letter agreement provides that if Mr. Whitaker's employment is terminated in connection with a Change in Control, all of Mr. Whitaker's outstanding equity awards will accelerate and become fully vested.

Offer Letter with Kevin Yoder

Under the offer letter dated January 22, 2016 between the Company and Mr. Yoder, Mr. Yoder is eligible to receive severance payments if his employment is terminated within five years involuntarily by us without Cause or by Mr. Yoder for Good Reason, in each case as defined in the offer letter. Severance payments for Mr. Yoder would consist of 6 months of base salary plus payment of an amount equal to 50% of his target bonus and sales incentive. If the termination occurs in connection with a Change in Control (as defined in the offer letter), Mr. Yoder is entitled to "double trigger" severance payments as follows: (1) if the market capitalization of the Company at the time of the Change in Control is \$50 million or less, Mr. Yoder will receive 6 months of base salary plus payment of an amount equal to 50% of his target bonus and sales incentive, and up to 6 months of COBRA benefits; and (2) if the market capitalization of the Company at the time of the Change in Control is greater than \$50 million, Mr. Yoder will receive 12 months of base salary plus payment of an amount equal to 100% of his target bonus and sales incentive, and up to 12 months of COBRA benefits.

In addition, the offer letter provides that if Mr. Yoder's employment is terminated in connection with a Change in Control, all of Mr. Yoder's outstanding equity awards will accelerate and become fully vested.
