Notes to the Unaudited Condensed Consolidated Financial Statements

Note 1 - Basis of Presentation

The unaudited condensed consolidated financial statements of Engelhard Corporation and subsidiaries (the "Company") contain all adjustments, which, in the opinion of Management, are necessary for a fair presentation of the results for the interim periods presented. The financial statement results for interim periods are not necessarily indicative of financial results for the full year. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's 2002 Annual Report to Shareholders. The unaudited condensed consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation. Certain prior-year amounts have been reclassified to conform with the current-year presentation.

Note 2 - Special Charges and Credits

In the first quarter of 2003, the Company recorded a charge of \$8.7 million (\$5.6 million after tax) primarily related to a management consolidation and productivity initiative in the Environmental and Process Technologies segments and within the "All-Other" category. The amounts of \$5.3 million (\$3.5 million after tax), \$2.6 million (\$1.6 million after tax) and \$0.8 million (\$0.5 million after tax) were reported in the Environmental Technologies segment, the Process Technologies segment and the "All-Other" category, respectively. These charges were included in the "special credit, net" line in the "Condensed Consolidated Statements of Earnings."

In the Environmental Technologies segment, the charge of \$5.3 million primarily relates to the closure of the segment's Coleford, UK plant (\$2.8 million) and employee severance costs related to productivity initiatives (\$2.5 million). The employee severance charges relate to the reduction of 96 salaried and 12 hourly employees. The Coleford plant, which supports the segment's catalyst canning operations, will be shut down in phases to be complete by October 31, 2003. As a result of closing this plant, the segment will outsource the canning operations associated with this business. The closure resulted in an impairment charge of \$1.5 million to write down fixed assets and other exit-related costs of \$1.3 million. Additional employee severance costs related to this plant closure of approximately \$0.3 million will be recognized ratably through October 2003.

In the Process Technologies segment, the charge of \$2.6 million primarily relates to employee severance and the termination of an agency agreement associated with sales to the chemical-process market. The employee severance charges relate to the reduction of 13 salaried employees. The termination of this agreement will be supplemented by the segment's internal sales force.

In the "All-Other" category, the charge of \$0.8 million was for employee severance costs related to the reduction of six salaried employees.

On October 29, 2002, a jury in the New York County Supreme Court awarded the Company \$29.8 million in damages in a breach of contract action the Company had brought against Research Corporation and Research Corporation Technologies in 1998. The jury found that the defendants did not share with the Company all of the royalties to which the Company was entitled under a royalty-sharing agreement it entered into with Research Corporation in 1979. Statutory interest to the date of the verdict would have increased the amount awarded to approximately \$42.2 million. On March 21, 2003, the Company entered into a settlement agreement, releasing this claim in exchange for payment of \$38.0 million. Accordingly, the Company recorded a gain of \$28.4 million (\$17.6 million after tax) in the first quarter of 2003, net of legal fees and the portion of the settlement related to future royalties. This gain was included in the Company's "All-Other" category and in the "special credit, net" line in the "Condensed Consolidated Statements of Earnings."

Note 3 - Accounting for Asset Retirement Obligations

The Company adopted Statement of Financial Accounting Standards (SFAS) No. 143, "Accounting for Asset Retirement Obligations," on January 1, 2003. This statement, which addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs, requires the fair value of a liability for an asset retirement obligation to be recognized in the period in which it is incurred. The liability is measured at fair value and is adjusted in subsequent periods as accretion expense is recorded. The corresponding asset retirement costs are capitalized as part of the carrying amount of the related long-lived asset and depreciated over the asset's useful life.

The Company's asset retirement obligations relate to kaolin mining operations of its Appearance and Performance Technologies segment. In order to provide kaolin-based products to the Company's customers and the Process Technologies segment, the Company engages in kaolin mining operations. The kaolin mining process includes exploration, topsoil and overburden removal, extraction of kaolin and the subsequent reclamation of mined areas. The Company has a legal obligation to provide for reclamation of mined areas under state regulations. Prior to adoption of SFAS No. 143, the Company incurred reclamation costs to comply with state regulation and expensed costs as the mined areas were reclaimed.

At January 1, 2003, the Company recognized transition amounts for existing asset retirement obligation liabilities, associated capitalizable costs and accumulated depreciation. A non-cash transition charge of \$3.7 million (\$2.3 million after tax or \$0.02 per share on a diluted basis) was recorded on January 1, 2003 as the cumulative effect of an accounting change. Pro forma net income and diluted earnings per share as if the provisions of SFAS No. 143 had been applied for the first quarter of 2002 are \$50.2 million and \$0.38 per share, respectively.

The following table represents the change in the Company's asset retirement obligation liability (in millions):

	2003
Asset retirement obligation at January 1, 2003	\$ -
Liability recognized in transition	7.1
Accretion expense	0.1
Asset retirement obligation at March 31, 2003	\$ 7.2

The pro forma amount of liability for asset retirement obligation as if the provisions of SFAS No. 143 had been applied at January 1, 2002 is \$6.7 million.

Note 4 - Inventories

Inventories consist of the following (in millions):

	March 31, 2003	December 31, 2002
Raw materials	\$ 102.1	\$ 95.4
Work in process	52.3	77.0
Finished goods	262.3	237.4
Precious metals	17.8	17.4
	<hr/>	<hr/>
Total inventories	\$ 434.5	\$ 427.2
	<hr/>	<hr/>

The majority of the Company's physical metal is carried in the committed metal positions line on the balance sheet at fair value with the remainder carried in the inventory line at historical cost. The remaining portion of precious metals are stated at LIFO cost. The market value of the precious metals recorded at LIFO exceeded cost by \$53.1 million and \$58.3 million at March 31, 2003 and December 31, 2002, respectively.

In the normal course of business, certain customers and suppliers deposit significant quantities of precious metals with the Company under a variety of arrangements. Equivalent quantities of precious metals are returnable as product or in other forms. Metals held for the accounts of customers and suppliers are not reflected in the Company's financial statements.

Note 5 - Comprehensive Income

Comprehensive income is summarized as follows (in millions):

	Three Months Ended March 31,	
	2003	2002
Net earnings	\$ 56.7	\$ 52.4
Other comprehensive income (loss):		
Foreign currency translation adjustment	11.5	(17.5)
Cash flow hedge adjustment, net of tax	0.1	3.2
	<hr/>	<hr/>
Comprehensive income	\$ 68.3	\$ 38.1
	<hr/>	<hr/>

The foreign currency translation adjustments are not currently adjusted for income taxes as they relate to permanent investments in non-U.S. subsidiaries.

Note 6 - Earnings Per Share

The following table represents the computation of basic and diluted earnings per share:

	Three Months Ended March 31,	
	2003	2002
<u>(in millions, except per share data)</u>		
<u>Basic EPS Computation</u>		
Net earnings applicable to common shares	\$ 56.7	\$ 52.4
Average number of shares outstanding - basic	126.9	128.8
Basic earnings per share	\$ 0.44	\$ 0.41
<u>Diluted EPS Computation</u>		
Net earnings applicable to common shares	\$ 56.7	\$ 52.4
Average number of shares outstanding - basic	126.9	128.8
Effect of dilutive stock options and other incentives	1.2	2.8
Average number of shares outstanding - diluted	128.1	131.6
Diluted earnings per share	\$ 0.44	\$ 0.40

Note 7 - Derivatives and Hedging

The Company reports all derivative instruments on the balance sheet at their fair value. Changes in the fair value of derivatives designated as cash flow hedges are initially recorded in comprehensive income and are reclassified to earnings in the period the hedged item is reflected in earnings. Changes in the fair value of derivatives that are not designated as cash flow hedges are reported immediately in earnings.

In order to manage in a manner consistent with historical processes, procedures and systems and to achieve operating economies, certain economic hedge transactions are not designated as hedges for accounting purposes. In those cases, which primarily relate to platinum group metals, the Company will continue to mark to market both the hedge instrument and the related position constituting the risk hedged, recognizing the net effect in current earnings.

The Company documents all relationships between derivative hedging instruments and items impacted by cash flow hedges at the time the hedges are initiated, as well as its risk-management objectives and strategy for entering into various hedge transactions. For the three-month periods ended March 31, 2003 and 2002, there was no gain or loss recognized in earnings resulting from hedge ineffectiveness.

Foreign Exchange Contracts

The Company designates as cash flow hedges certain foreign currency forward contracts entered into as hedges against anticipated receivables or payables which will arise from forecasted transactions that are denominated in currencies other than the functional currency of the entity which will hold those assets or liabilities. The ultimate maturities of the contracts are timed to coincide with the expected occurrence of the underlying sale or purchase transaction.

A second group of forward contracts entered into to hedge the exposure to foreign currency fluctuations associated with certain monetary assets and liabilities is not designated as hedging instruments for accounting purposes. Changes in the fair value of these items are recorded in earnings to offset the foreign exchange gains and losses arising from the effect of changes in exchange rates used to measure related monetary assets and liabilities.

Commodity Contracts

The Company enters into contracts that are designated as cash flow hedges to protect a portion of its exposure to movements in certain commodity prices. The ultimate maturities of the contracts are timed to coincide with the expected usage of these commodities.

Interest Rate Derivatives

The Company uses interest rate derivatives that are designated as fair value hedges to help achieve its fixed and floating rate debt objectives. The Company currently has two interest rate swap agreements with a total notional value of \$100 million to effectively change a fixed rate debt obligation into a floating rate obligation. The total notional amount of these agreements is equal to the face value of the designated debt instrument. The swap agreements are expected to settle in August 2006, the maturity date of the corresponding debt issuance. For these fair value hedges, there was no gain or loss recognized from hedged firm commitments no longer qualifying as fair value hedges for the three-month periods ended March 31, 2003 and 2002.

Note 8 - Product Warranty

The Company accrues for anticipated product warranty expenses on certain products. Accruals for anticipated warranty liabilities are recorded based upon a review of historical warranty claims experience. Adjustments are made to accruals as claim data and historical experience warrant. The Company's accrual is primarily comprised of warranty liabilities within the non-automotive business of the Environmental Technologies segment.

The change in the Company's product warranty reserves for the first quarter of 2003 is as follows (in millions):

Balance at	
January 1, 2003	\$ 11.1
Payments	(2.4)
Provision	0.5
	<hr/>
Balance at March	\$ 9.2
31, 2003	<hr/>

Note 9 - Goodwill and Other Intangible Assets

Identifiable intangible assets, such as patents and trademarks, are amortized using the straight-line method over their estimated useful lives. Goodwill was amortized by the straight-line method over periods up to 40 years for all acquisitions completed prior to June 30, 2001. Effective January 1, 2002, with the adoption of Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets (SFAS No. 142)," goodwill and other

intangible assets that have indefinite useful lives are no longer amortized, but are tested for impairment based on the specific guidance of SFAS No. 142.

The following information relates to acquired amortizable intangible assets (in millions):

	As of March 31, 2003		As of December 31, 2002	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
Acquired Amortizable Intangible Assets				
Usage right	\$ 17.9	\$ 3.0	\$ 17.2	\$ 2.6
Supply agreements	15.9	3.5	15.4	3.1
Technology licenses	7.4	2.0	7.4	1.9
Other	3.7	1.9	3.7	1.8
Total	\$ 44.9	\$ 10.4	\$ 43.7	\$ 9.4

The increased carrying amount of acquired amortizable intangible assets is primarily due to the impact of foreign exchange.

Total accumulated amortization for goodwill and other intangible assets amounted to \$77.6 million and \$76.8 million at March 31, 2003 and December 31, 2002, respectively. As of March 31, 2003, the estimated aggregate amortization expense for each of the five succeeding years is as follows (in millions):

Estimated Annual Amortization Expense:

2003	\$ 3.2
2004	3.2
2005	3.2
2006	3.0
2007	3.0

The following table represents the changes in the carrying amount of goodwill for the quarter ended March 31, 2003 (in millions):

	Environmental Technologies	Process Technologies	Appearance & Performance Technologies	All Other	Total
Balance as of January 1, 2003	\$ 13.0	\$ 106.9	\$ 152.0	\$ 0.5	\$ 272.4
Foreign currency translation adjustment	0.1	-	(0.6)	-	(0.5)
Balance as of March 31, 2003	\$ 13.1	\$ 106.9	\$ 151.4	\$ 0.5	\$ 271.9

Note 10 - Committed Metal Positions and Hedged Metal Obligations

Edgar Filing: ENGELHARD CORP - Form 10-Q

Both spot metal positions and derivative instruments are stated at fair value. Fair value is based on published market prices. The following table sets forth the Company's unhedged metal positions included in committed metal positions on the Company's "Condensed Consolidated Balance Sheets":

Metal Positions Information (in millions):

	March 31, 2003		December 31, 2002	
	Gross Position	Value	Gross Position	Value
Platinum group metals	Long	\$ 18.4	Long	\$ 16.6
Gold	Long	1.9	Long	1.1
Silver	Long	4.9	Long	0.4
Base metals	Long	4.8	Short	2.3
Total unhedged metal positions		\$ 30.0		\$ 20.4

Committed metal positions may include significant advances made for the purchase of precious metals that have been delivered to the Company but for which the final purchase price has not yet been determined. As of March 31, 2003, the aggregate market value of metals purchased under a contract for which a provisional price had been paid had fallen below the amounts advanced. In April, this excess was eliminated, without any loss, through receipt of cash under a previously disclosed agreement.

Derivative metal and foreign currency instruments are used to hedge metal positions and obligations. As of March 31, 2003, over 98% of these instruments have settlement terms of less than one year, with the remaining instruments expected to settle within three years. These derivative metal and foreign currency instruments consist of the following:

Metal Hedging Instruments (in millions):

	March 31, 2003		December 31, 2002	
	Buy	Sell	Buy	Sell
Metal forwards/futures	\$ 1,358.6	\$ 586.1	\$ 1,234.5	\$ 494.4

Swaps	4.3	7.1	4.7	7.7
Options	73.5	63.3	101.7	98.7
Foreign exchange forwards/futures	-	102.0	-	93.1

Note 11 - New Accounting Pronouncements

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities" (FIN 46). FIN 46 addresses consolidation by business enterprises of variable interest entities with certain defined characteristics. This interpretation applies immediately to variable interest entities created after January 31, 2003, and to variable interest entities in which an enterprise obtains an interest after that date. It applies in the first fiscal year or interim period beginning after June 15, 2003, to variable interest entities in which an enterprise holds a variable interest that it acquired before February 1, 2003. The Company did not obtain an interest in any variable interest entities after January 31, 2003. The Company is currently evaluating the impact this interpretation may have on its financial statements.

Note 12 - Stock Option and Bonus Plans

Edgar Filing: ENGELHARD CORP - Form 10-Q

The Company has several long-term incentive compensation plans that allow for the granting of stock options to employees. Had compensation cost for the Company's stock option plans been determined based on the fair value at grant date consistent with the provisions of Statement of Financial Accounting Standards No.123, "Accounting for Stock Based Compensation," the Company's net earnings and earnings per share would have been as follows:

Pro Forma Information (in millions, except per share data)	Three Months Ended March 31,	
	2003	2002
Net earnings - as reported	\$ 56.7	\$ 52.4

Note 14 - Other Matters

The Company is involved in a value-added tax dispute in Peru. Management believes the Company was targeted by corrupt officials within a former Peruvian government. On December 2, 1999, Engelhard Peru, S.A., a wholly owned subsidiary, was denied refund claims of approximately \$28 million. The Peruvian tax authority also determined that Engelhard Peru, S.A. is liable for approximately \$63 million in refunds previously paid, fines and interest as of December 31, 1999. Interest and fines continue to accrue at rates established by Peruvian law. The Peruvian Tax Court ruled on February 11, 2003 that Engelhard Peru, S.A. was liable for these amounts, overruling precedent to apply a "form over substance" theory without any determination of fraudulent participation by Engelhard Peru, S.A. The Tax Court is part of the Peruvian Ministry of Economics and Finance. Engelhard Peru, S.A. is contesting these determinations vigorously, and management believes, based on consultation with counsel, that Engelhard Peru, S.A. is entitled to all refunds claimed and is not liable for these additional taxes, fines or interest. In late October 2000, a criminal proceeding alleging tax fraud and forgery related to this value-added tax dispute was initiated against two Lima-based officials of Engelhard Peru, S.A. Although Engelhard Peru, S.A. is not a defendant, it may be civilly liable in Peru if its representatives are found responsible for criminal conduct. In its own investigation, and in detailed review of the materials presented in Peru, management has not seen any evidence of tax fraud by these officials.

Accordingly, Engelhard Peru, S.A. is assisting in the vigorous defense of this proceeding. Management believes the maximum economic exposure is limited to the aggregate value of all assets of Engelhard Peru, S.A. That amount, which is approximately \$30 million including unpaid refunds, has been fully provided for in the accounts of the Company.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Results of Operations

Comparison of the First Quarter of 2003 with the First Quarter of 2002

Net earnings increased to \$56.7 million in the first quarter of 2003 from \$52.4 million in the same period of 2002. Operating earnings for the first quarter of 2003 increased 6% to \$77.2 million from \$73.1 million in the same period of 2002. Lower operating earnings from Environmental Technologies, Process Technologies and Materials Services were partially offset by higher operating earnings from Appearance and Performance Technologies. Operating earnings in the Company's "All-Other" category increased primarily from the royalty settlement gain reported in the first quarter of 2003 (see Note 2, "Special Charges and Credits," for further detail).

Excluding certain items reported in 2003, Engelhard would have reported net earnings of \$46.9 million and diluted earnings per share of \$0.37 for the quarter ended March 31, 2003. Management believes the amounts as adjusted better reflect the core earnings of the Company. The following table reconciles the Company's net earnings and diluted earnings per share as reported with net earnings and diluted earnings per share as adjusted (in millions, except per share amounts):

	Three Months Ended March 31,			
	2003		2002	
	Net Earnings	Earnings Per Share	Net Earnings	Earnings Per Share
Net earnings before cumulative effect of a change in accounting principle, net of tax - as reported	\$ 58.9	\$ 0.46	\$ 52.4	\$ 0.40
Research Corporation royalty settlement - See Note 2	(17.6)	(0.14)	-	-
Special charges - See Note 2	5.6	0.04	-	-
Net earnings before cumulative effect of a change in accounting principle, net of tax - as adjusted	\$ 46.9	\$ 0.37*	\$ 52.4	\$ 0.40

* - Amounts do not add due to rounding.

The effective tax rate was 23% in the first quarter of 2003 compared with 25.0% in the same period of 2002. The lower rate was primarily the result of higher percentage depletion deductions, the recognition of foreign tax items and research and development tax credits in excess of previous estimates, and a shift in the geographical mix of earnings.

The Company's share of earnings from affiliates was \$5.6 million for the first quarter of 2003 compared with \$3.7 million for the same period in 2002. Higher equity earnings were primarily from Heesung Engelhard, a 49%-owned environmental catalyst joint venture in South Korea and N.E. Chemcat, a 38.8%-owned, publicly traded Japanese corporation that is a leading producer of automotive and chemical catalysts, electronic chemicals and other precious-metals-based products.

Interest expense decreased 16% to \$6.1 million for the first quarter of 2003 compared with \$7.3 million for the same period in 2002. Interest income was \$0.6 million in the first quarter of 2003 compared with \$0.4 million for the same period in 2002. Lower interest expense was primarily due to lower short-term interest rates.

Net sales decreased 17% to \$0.8 billion in the first quarter of 2003 from \$1.0 billion for the same period in 2002. Lower sales resulted from decreased sales in the Materials Services segment as a result of lower prices and volumes for certain platinum group metals.

Environmental Technologies

Operating earnings decreased 38% to \$24.6 million in the first quarter of 2003 from \$39.7 million in the same period of 2002. Net sales for the first quarter of 2003 increased 30% to \$213.5 million from \$164.4 million in the same period of 2002.

The majority of this segment's sales are derived from technologies to control pollution from mobile sources, including gasoline and diesel-powered passenger cars, sport-utility vehicles, trucks, buses and off-road vehicles.

Operating earnings were lower primarily from lower volumes of emission-control systems for gas turbines used in power-generation applications and lower volumes to the surface coatings markets. This decline resulted from a difficult comparison from an exceptionally strong year-ago quarter in the energy market and lower demand from the aerospace industry. Earnings also decreased from a management consolidation and productivity initiative charge of \$5.3 million (see Note 2, "Special Charges and Credits," for further detail) recorded in the first quarter of 2003, the reversal of a warranty accrual of \$4.9 million in the first quarter of 2002 for a particular stationary-source, emission-control capital equipment project as a result of improved catalyst technology, higher depreciation costs of \$2.2 million and higher energy costs of \$0.9 million. This decrease was partially offset by the favorable impact of foreign exchange of \$2.2 million.

Sales increased primarily from the addition of higher pass-through substrate costs, which represented more than half of the increase in sales. Sales were also impacted by the favorable impact of foreign exchange of \$12.0 million, an estimated 1% increase in worldwide production of light-duty vehicles and higher volumes in both OEM and retrofit diesel markets. Higher sales were partially offset by \$4.9 million on lower volumes of emission-control systems for gas turbines used in power-generation applications and by \$4.2 million on lower volumes to the surface coatings markets.

Process Technologies

Operating earnings decreased 21% to \$13.5 million in the first quarter of 2003 from \$17.1 million in the same period of 2002. Net sales for the first quarter of 2003 increased 3% to \$118.5 million from \$115.4 million in the same period of 2002.

Operating earnings decreased primarily from lower sales volumes to chemical-process markets, a productivity charge of \$2.6 million (see Note 2, "Special Charges and Credits," for further detail) recorded in the first quarter of 2003 and higher energy costs of \$0.5 million. These decreases were partially offset by increased demand for new technologies offered to the petroleum-refining, polyolefin and gas-to-liquids markets and the favorable impact of foreign exchange of \$1.6 million.

Sales increased primarily from increased demand for the new technologies offered to the petroleum-refining, polyolefin and gas-to-liquids markets which aggregated \$13.5 million and the favorable impact of foreign exchange of \$3.3 million. Sales were reduced by \$3.4 million due to lower precious metal prices, which are passed through to chemical-process catalyst customers in Europe and lower sales to chemical-process markets of \$6.2 million primarily from the timing of orders.

Appearance and Performance Technologies

Operating earnings increased 23% to \$18.6 million in the first quarter of 2003 from \$15.1 million in the same period of 2002. Net sales increased 4% to \$159.2 million for the first quarter of 2003 from \$152.4 million in the same period of 2002.

Sales and operating earnings increased primarily from increased sales volumes to the coatings, cosmetics/personal care, automotive and specialty mineral-based markets. Operating earnings were also favorably impacted by lower costs from productivity improvements of \$3.3 million. Partially offsetting this increase were higher energy costs of \$3.6 million.

The Company expects to incur a charge in the second quarter of 2003 in this segment of approximately \$9 million (\$0.05 per share on a diluted basis) which will provide for the remaining lease cost for minerals storage facilities no longer needed because of productivity initiatives implemented in 2002.

Materials Services

Operating earnings decreased 56% to \$4.5 million in the first quarter of 2003 from \$10.2 million in the same period of 2002. Net sales decreased 41% to \$329.0 million in the first quarter of 2003 from \$560.7 million in the same period of 2002.

Operating earnings were down primarily due to the realization of a previously unrecognized contractual benefit of \$5.5 million in the first quarter of 2002. Sales decreased primarily from lower prices and volumes for certain platinum group metals. The lower results continued to reflect reduced industrial demand for certain platinum group metals and recycling services.

Financial Condition and Liquidity

Working capital was \$222.0 million at March 31, 2003 compared with \$179.8 million at December 31, 2002. The current ratio was 1.1 at March 31, 2003 and December 31, 2002. The percentage of total debt to total capitalization was 36% at March 31, 2003 and December 31, 2002.

The variance in cash flows from operating activities primarily occurred in the Materials Services segment and reflects changes in metal positions used to facilitate requirements of the Company, its metals customers and suppliers (see Note 13, "Supplemental Information," for Materials Services variances). Materials Services routinely enters into a variety of arrangements for the sourcing of metals. Generally, transactions are hedged on a daily basis. Hedging is accomplished primarily through forward, future and option contracts. However, in closely monitored situations for which exposure levels have been set by senior management, the Company from time to time holds large unhedged industrial commodity positions that are subject to future market price fluctuations. These positions are included in committed metal positions along with hedged metal holdings. The bulk of hedged metal obligations represent spot short positions. As these positions generate cash, their cash effect is included in the financing activities section of the Company's "Condensed Consolidated Statements of Cash Flows." Other than in closely monitored situations, these positions are hedged with forward purchases. In addition, the aggregate fair value of derivatives in a loss position is reported in hedged metal obligations (derivatives in a gain position are included in committed metal positions). Materials Services works to ensure that the Company and its customers have an uninterrupted source of metals, primarily platinum group metals, utilizing supply contracts and commodities markets around the world. Committed metal positions may include significant advances made for the purchase of precious metals that have been delivered to the Company but for which the final purchase price has not yet been determined. As of March 31, 2003, the aggregate market value of metals purchased under a contract for which a provisional price had been paid had fallen below the amounts advanced. In April, this excess was eliminated, without any loss, through receipt of cash under a previously disclosed agreement.

The variance in cash flows from investing activities is primarily related to a distribution received in the first quarter of 2003 as a result of the liquidation of the Company's Engelhard-CLAL joint venture and changes in capital expenditures.

The variance in cash flows from financing activities was impacted by a change in hedged metal obligations, an increase in short-term borrowings, decreased purchases of treasury stock and less cash received from the exercise of stock options. The increase in hedged metal obligations combined with the increase in committed metal positions for the first quarter of 2003 was largely due to metal transaction timing. The balance sheet amounts for both accounts are expected to be significantly reduced by the end of the second quarter of 2003.

The Company has filed a shelf registration for \$300 million of Corporate debt. The Company expects to issue debt of approximately \$150 million under the shelf registration in the second quarter of 2003.

The Company has consistently derived considerable cash flow from operations, which has been used, along with both short- and long-term debt, to pay for capital expenditures, acquisitions, treasury stock purchases, dividends and other corporate requirements. The continuation of these levels of cash flow is expected but is subject to risk factors disclosed in the Company's 2002 Form 10-K and in the Forward-Looking Statements section of this Form 10-Q. In addition, the Company has always maintained investment-grade credit ratings that it considers important for cost-effective and ready access to the credit markets. Management fully expects to be able to obtain future funding from both short- and long-term debt for cash requirements in excess of those from operations. In the event that any of these sources prove to be below expectations, the Company has access to committed lines of credit aggregating \$800 million. The Company has renewed \$400 million of this committed line of credit that was scheduled to expire in May 2003. The remaining \$400 million of this committed line of credit is scheduled to expire in May 2006.

EXHIBIT (10)(a)

FORM OF CHANGE IN CONTROL AGREEMENT

Agreement, made this ___ of ___, [year], by and between ENGELHARD CORPORATION, a Delaware corporation (the "Company"), and _____ (the "Executive").

WHEREAS, the Executive is a key employee of the Company; and

WHEREAS, the Board of Directors of the Company (the "Board") considers the maintenance of a sound management to be essential to protecting and enhancing the best interests of the Company and its stockholders and recognizes that the possibility of a change in control raises uncertainty and questions among key employees and may

result in the departure or distraction of such key employees to the detriment of the Company and its stockholders; and

WHEREAS, the Board wishes to assure that it will have the continued dedication of the Executive and the availability of his advice and counsel, notwithstanding the possibility, threat or occurrence of a bid to take over control of the Company, and to induce the Executive to remain in the employ of the Company; and

WHEREAS, the Executive is willing to continue to serve the Company taking into account the provisions of this Agreement;

NOW, THEREFORE, in consideration of the foregoing, and the respective covenants and agreements of the parties herein contained, the parties agree as follows:

1. Potential Change in Control; Change in Control. Benefits shall be provided hereunder only in the event there shall have occurred a "Potential Change in Control" or "Change in Control," as such terms are defined below, and the Executive's employment by the Company shall thereafter have terminated in accordance with Section 2 below within the period beginning on the date of the "Potential Change in Control" or "Change in Control" and ending on the third anniversary of the date on which a "Change in Control" occurs (the "Protection Period"); provided, however, that if the Protection Period begins by reason of a "Potential Change in Control," and the Board determines in good faith that a "Change in Control" is unlikely to occur, such Protection Period shall end on the date of adoption of a resolution by the Board to that effect. If any Protection Period terminates without the Executive's employment having terminated, any "Potential Change in Control" or "Change in Control" subsequent to such termination shall give rise to a new Protection Period. No benefits shall be paid under this Agreement if the Executive's employment terminates outside of a Protection Period.

(i) For purposes of this Agreement, a "Potential Change in Control" shall be deemed to have occurred if:

(A) the Company enters into an agreement the consummation of which, or the approval by shareholders of which, would constitute a Change in Control;

(B) proxies for the election of directors are solicited by anyone other than the Company;

(C) any Person (as defined below) publicly announces an intention to take or to consider taking actions which, if consummated, would constitute a Change in Control; or

(D) any other event occurs which is deemed to be a Potential Change in Control by the Board and the Board adopts a resolution to the effect that a Potential Change in Control has occurred.

(ii) For purposes of this Agreement, a "Change in Control" shall mean:

(A) the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) (a "Person"), of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 25% or more of either (1) the then outstanding shares of common stock of the Company (the "Outstanding Company Common Stock") or (2) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that the following acquisitions shall not constitute a Change in Control: (i) any acquisition directly from the Company (other than by exercise of a conversion privilege); (ii) any acquisition by the Company or any of its subsidiaries; (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any of its subsidiaries; (iv) any acquisition by any corporation with respect to which,

following such acquisition, more than 60% of, respectively, the then outstanding shares of common stock of such corporation and the combined voting power of the then outstanding voting securities of such corporation entitled to vote generally in the election of directors is then beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such acquisition in substantially the same proportions as their ownership, immediately prior to such acquisition, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, as the case may be; or (v) any acquisition by a Person owning more than 25% of the Outstanding Company Common Stock on the date hereof; (B) during any period of two consecutive years, individuals who, as of the beginning of such period, constitute the Board (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board; provided, however, that any

individual becoming a director subsequent to the beginning of such period whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of either an actual or threatened election contest (as such terms are used in Rule 14a-11 of Regulation 14A promulgated under the Exchange Act); or

(C) approval by the shareholders of the Company of a reorganization, merger or consolidation, in each case, with respect to which all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Outstanding Company Common Stock and outstanding Company Voting Securities immediately prior to such reorganization, merger or consolidation, do not, following such reorganization, merger or consolidation, beneficially own, directly or indirectly, more than 60% of, respectively, the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such reorganization, merger or consolidation in substantially the same proportions as their ownership, immediately prior to such reorganization, merger or consolidation, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, as the case may be; or

(D) approval by the shareholders of the Company of (1) a complete liquidation or dissolution of the Company or (2) a sale or other disposition of all or substantially all of the assets of the Company, other than to a corporation with respect to which following such sale or other disposition, more than 60% of, respectively, the then outstanding shares of common stock of such corporation and the combined voting power of the then outstanding voting securities of such corporation entitled to vote generally in the election of directors is then beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such sale or other disposition in substantially the same proportions as their ownership, immediately prior to such sale or other disposition, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, as the case may be.

2. Termination Following Change in Control. The Executive shall be entitled to the benefits provided in Section 3 hereof upon any termination of his employment with the Company within a Protection Period, except a termination of employment (a) because of his death, (b) because of a "Disability," (c) by the Company for "Cause," or (d) by the Executive other than for "Good Reason."

(i) Disability. The Executive's employment shall be deemed to have terminated because of a "Disability" if the Executive applies for and is determined to be eligible to receive disability benefits under

the Company's Long-Term Disability Plan.

(ii) Cause. Termination of the Executive's employment by the Company for "Cause" shall mean termination by reason of the Executive's willful engagement in conduct which involves dishonesty or moral turpitude in connection with his employment and which is demonstrably and materially injurious to the financial condition or reputation of the Company. An act or omission shall be deemed "willful" only if done, or omitted to be done, in bad faith and without reasonable belief that it was in the best interest of the Company. Notwithstanding the foregoing, the Executive shall not be deemed to have been terminated for Cause unless and until there shall have been delivered to the Executive a written notice of termination from the Compensation Committee (the "Committee") after reasonable notice to the Executive and an opportunity for him, together with his counsel, to be heard before the Committee, finding that, in the good faith opinion of such Committee, he was guilty of conduct set forth above in the first sentence of this subsection (ii) and specifying the particulars in detail.

(iii) Without Cause. The Company may terminate the employment of the Executive without Cause during a Protection Period only by giving the Executive written notice of termination to that effect. In that event, the Executive's employment shall terminate on the last day of the month in which such notice is given (or such later date as may be specified in such notice), and the benefits set forth in Section 3 hereof shall be provided to the Executive.

(iv) Good Reason. Termination of employment by the Executive for "Good Reason" shall mean termination:

(A) within a Protection Period, if there has occurred a reduction by the Company in the Executive's base salary in effect immediately before the beginning of the Protection Period or as increased from time to time thereafter;

(B) within a Protection Period, and without the Executive's written consent, if the Company has required the Executive to be relocated anywhere in excess of thirty-five (35) miles from his office location immediately before the beginning of the Protection Period, except for required travel on the business of the Company to an extent substantially consistent with the Executive's business travel obligations immediately before the beginning of the Protection Period;

(C) within a Protection Period, if there has occurred a failure by the Company to maintain plans providing benefits at least as beneficial as those provided by any benefit or compensation plan (including, without limitation, any incentive compensation plan, bonus plan or program, retirement, pension or savings plan, stock option plan, restricted stock plan, life insurance plan, health and dental plan and disability plan) in which the Executive is participating immediately before the beginning of the Protection Period, or if the Company has taken any action which would adversely affect the Executive participation in or reduce the Executive's benefits under any of such plans or deprive the Executive of any material fringe benefit enjoyed by him immediately before the beginning of the Protection Period, or if the Company has failed to provide the Executive with the number of paid vacation days to which he would be entitled in accordance with the normal vacations policy of the Company as in effect immediately before the beginning of the Protection Period; provided, however, that a reduction in benefits under the Company's tax-qualified retirement, pension or savings plans or its life insurance plan, health and dental plan, disability plans or other insurance plans which reduction applies equally to all participants in the plans and has a de minimis effect on the Executive shall not constitute "Good Reason" for termination by the Executive;

(D) within a Protection Period, if the Company has reduced in any manner which the Executive considers important the Executive's title, job authorities or responsibilities immediately before the

beginning of the Protection Period;

(E) within a Protection Period, if the Company has failed to obtain the assumption of the obligations contained in this Agreement by any successor as contemplated in Section 8(c) hereof; or

(F) within a Protection Period, if there occurs any purported termination of the Executive's employment by the Company which is not effected pursuant to a written notice of termination as described in subsection (ii) or (iii) above.

The Executive shall exercise his right to terminate his employment for Good Reason by giving the Company a written notice of termination specifying in reasonable detail the circumstances constituting such Good Reason. In that event, the Executive's employment shall terminate on the last day of the month in which such notice is given.

A termination of employment by the Executive within a Protection Period shall be for Good Reason if one of the occurrences specified in this subsection (iv) shall have occurred, notwithstanding that the Executive may have other reasons for terminating employment, including employment by another employer which the Executive desires to accept. For purposes of this subsection (iv), any good faith determination of "Good Reason" made by the Executive shall be conclusive.

3. Benefits Upon Termination Within Protection Period. If, within a Protection Period, the Executive's employment by the Company shall be terminated (a) by the Company other than for Cause or because of a Disability, or (b) by the Executive for Good Reason, the Executive shall be entitled to the benefits provided for below:

(i) The Company shall pay to the Executive through the date of the Executive's termination of employment salary at the rate then in effect, together with salary in lieu of vacation accrued to the date on which his employment terminates, in accordance with the standard payroll practices of the Company;

(ii) The Company shall pay to the Executive an amount in cash equal to the product of (A) the cash value of the total incentive pool under the Company's Incentive Compensation Plan (the "Incentive Plan") for the Executive for the calendar year that includes the date of the Change in Control, determined based on the Executive's annual base salary in effect at the time of the Change in Control, the Executive's "Pool Development Factors" (i.e., cash bonus factor, equity pool factor and stock options factor) under the Incentive Plan for the year that includes the date of the Change in Control, and the highest "Performance Multiplier" attributable solely to Company performance under the Incentive Plan for each Pool Development Factor in respect of any of the 3 calendar years immediately preceding the calendar year that includes the date of the Change in Control, multiplied by (B) a fraction, the numerator of which is the number of days elapsed in the calendar year through the date of termination of the Executive's employment, and the denominator of which is 365; and such payment shall be made in a lump sum within 10 business days after the date of such termination of employment;

(iii) The Company shall pay to the Executive an amount in cash equal to two times the sum of (A) his highest annual salary in effect during any of the 36 months immediately preceding his date of termination of employment, and (B) the cash value of the total incentive pool under the Incentive Plan for the Executive for the calendar year that includes the date of the Change in Control, determined based on the Executive's annual base salary in effect at the time of the Change in Control, the Executive's "Pool Development Factors" (i.e., cash bonus factor, equity pool factor and stock options factor) under the Incentive Plan for the year that includes the date of the Change in Control, and the highest "Performance Multiplier" attributable solely to Company performance under the Incentive Plan for each Pool Development Factor in respect of any of the 3 calendar years immediately preceding the calendar year that includes the date of the Change in Control; and such payment shall be made in a lump sum within 10 business days after the date of such termination of employment;

(iv) The Company shall continue to cover the Executive and his dependents under, or provide the Executive and his dependents with insurance coverage no less favorable than, the Company's life, disability, health, dental or other employee welfare benefit plans or programs (as in effect on the day immediately preceding the Protection Period or, at the option of the Executive, on the date of termination of his employment) for a period equal to the lesser of (x) two years following the date of termination or (y) until the Executive is provided by another employer with benefits substantially comparable to the benefits provided by such plans or programs; and

(v) Following the Executive's termination of employment, the Company shall treat the Executive as if he had continued participation and benefit accruals under the Company's Supplemental Retirement Program or a successor plan (as in effect on the date immediately preceding the Protection Period) for two years following the date of termination, or the Company shall provide an equivalent benefit outside such plan with the result that an additional two years of age and service shall be granted to the Executive.

4. Non-exclusivity of Rights. Nothing in this Agreement shall prevent or limit the Executive's continuing or future participation in any benefit, bonus, incentive or other plans, practices, policies or programs provided by the Company or any of its subsidiaries and for which the Executive may qualify, nor shall anything herein limit or otherwise affect such rights as the Executive may have under any stock option or other agreements with the Company or any of its subsidiaries. Amounts which are vested benefits or which the Executive is otherwise entitled to receive under any plan, practice, policy or program of the Company or any of its subsidiaries at or subsequent to the date of termination of the Executive's employment shall be payable in accordance with such plan, practice, policy or program.

5. Full-Settlement: Legal Expenses. The Company's obligation to make the payments provided for in this Agreement and otherwise to perform its obligations hereunder shall not be affected by any set-off, counterclaim, recoupment, defense or other claim, right or action which the Company may have against the Executive or others. In no event shall the Executive be obligated to seek other employment or take any other action by way of mitigation of the amounts payable to the Executive under any of the provisions of this Agreement. The Company agrees to pay, upon written demand therefor by the Executive, all legal fees and expenses which the Executive may reasonably incur as a result of any dispute or contest (regardless of the outcome thereof) by or with the Company or others regarding the validity or enforceability of, or liability under, any provision of this Agreement (including as a result of any contest by the Executive about the amount of any payment hereunder), plus in each case interest at the applicable Federal rate provided for in Section 7872(f)(2) of the Internal Revenue Code of 1986, as amended (the "Code"). In any such action brought by the Executive for damages or to enforce any provisions of this Agreement, he shall be entitled to seek both legal and equitable relief and remedies, including, without limitation, specific performance of the Company's obligations hereunder, in his sole discretion.

6. Certain Additional Payments by the Company.

(a) Anything in this Agreement to the contrary notwithstanding, in the event it shall be determined that any payment or distribution made, or benefit provided (including, without limitation, the acceleration of any payment, distribution or benefit), by the Company to or for the benefit of the Executive (whether paid or payable or distributed or distributable pursuant to the terms of this Agreement or otherwise, but determined without regard to any additional payments required under this Section 6) (a "Payment") would be subject to the excise tax imposed by Section 4999 of the Code (or any similar excise tax) or any interest or penalties are incurred by the Executive with respect to such excise tax (such excise tax, together with any such interest and penalties, are hereinafter collectively referred to as the "Excise Tax"), then the Executive shall be entitled to receive an additional payment (a "Gross-Up Payment") in an amount such that after payment by the Executive of all taxes (including any Excise Tax, income tax or employment tax) imposed upon the Gross-Up Payment and any interest or penalties imposed with respect to such taxes, the Executive retains from the Gross-Up Payment an amount equal to the Excise Tax imposed upon the Payments.

(b) Subject to the provisions of Section 6(c), all determinations required to be made under this Section 6, including determination of whether a Gross-Up Payment is required and of the amount of any such Gross-up Payment,

shall be made by [Independent Auditing Firm] (the "Accounting Firm"), which shall provide detailed supporting calculations both to the Company and the Executive within 15 business days of the date of termination of the Executive's employment, if applicable, or such earlier time as is requested by the Company, provided that any determination that an Excise Tax is payable by the Executive shall be made on the basis of substantial authority. The initial Gross-Up Payment, if any, as determined pursuant to this Section 6(b), shall be paid to the Executive within five business days of the receipt of the Accounting Firm's determination. If the Accounting Firm determines that no Excise Tax is payable by the Executive, it shall furnish the Executive with a written opinion that he has substantial authority not to report any Excise Tax on his Federal income tax return. Any determination by the Accounting Firm meeting the requirements of this Section 6(b) shall be binding upon the Company and the Executive; subject only to payments pursuant to the following sentence based on a determination that additional Gross-Up Payments should have been made, consistent with the calculations required to be made hereunder (the amount of such additional payments is referred to herein as the "Gross-Up Underpayment"). In the event that the Company exhausts its remedies pursuant to Section 6(c) and the Executive thereafter is required to make a payment of any Excise Tax, the Accounting Firm shall determine the amount of the Gross-Up Underpayment that has occurred and any such Gross-Up Underpayment shall be promptly paid by the Company to or for the benefit of the Executive. The fees and disbursements of the Accounting Firm shall be paid by the Company.

(c) The Executive shall notify the Company in writing of any claim by the Internal Revenue Service that, if successful, would require the payment by the Company of a Gross-Up Payment. Such notification shall be given as soon as practicable but not later than ten business days after the Executive receives written notice of such claim and shall apprise the Company of the nature of such claim and the date on which such Claim is requested to be paid. The Executive shall not pay such claim prior to the expiration of the 30-day period following the date on which it gives such notice to the Company (or such shorter period ending on the date that any payment of taxes with respect to such claim is due). If the Company notifies the Executive in writing prior to the expiration of such period that it desires to contest such claim and that it will bear the costs and provide the indemnification as required by this sentence, the Executive shall:

- (i) give the Company any information reasonably requested by the Company relating to such claim,
- (ii) take such action in connection with contesting such claim as the Company shall reasonably request in writing from time to time, including, without limitation, accepting legal representation with respect to such claim by an attorney reasonably selected by the Company,
- (iii) cooperate with the Company in good faith in order effectively to contest such claim, and
- (iv) permit the Company to participate in any proceedings relating to such claim;

provided, however, that the Company shall bear and pay directly all costs and expenses (including additional interest and penalties) incurred in connection with such contest and shall indemnify and hold the Executive harmless, on an after-tax basis, for any Excise Tax, income tax or employment tax, including interest and penalties with respect thereto, imposed as a result of such representation and payment of costs and expenses. Without limitation on the foregoing provisions of this Section 6(c), the Company shall control all proceedings taken in connection with such contest and, at its sole option, may pursue or forgo any and all administrative appeals, proceedings, hearings and conferences with the taxing authority in respect of such claim and may, at its sole option, either direct the Executive to pay the tax claimed and sue for a refund or contest the claim in any permissible manner, and the Executive agrees to prosecute such contest to a determination before any administrative tribunal, in a court of initial jurisdiction and in one or more appellate courts, as the Company shall determine; provided, however, that if the Company directs the Executive to pay such claim and sue for a refund, the Company shall advance the amount of such payment to the Executive on an interest-free basis and shall indemnify and hold the Executive harmless, on an after-tax basis, from any Excise Tax, income tax or employment tax, including interest or penalties with respect thereto, imposed with

respect to such advance or with respect to any imputed income with respect to such advance; and further provided that any extension of the statute of limitations relating to the payment of taxes for the taxable year of the Executive with respect to which such contested amount is claimed to be due is limited solely to such contested amount. Furthermore, the Company's control of the contest shall be limited to issues with respect to which a Gross-Up Payment would be payable hereunder and the Executive shall be entitled to settle or contest, as the case may be, any other issue raised by the Internal Revenue Service or any other taxing authority.

(d) If, after the receipt by the Executive of an amount advanced by the Company pursuant to Section 6(c), the Executive becomes entitled to receive any refund with respect to such claim, the Executive shall (subject to the Company's complying with the requirements of Section 6(c)) promptly pay to the Company the amount of such refund (together with any interest paid or credited thereon after taxes applicable thereto). If, after the receipt by the Executive of an amount advanced by the Company pursuant to Section 6(c), a determination is made that the Executive shall not be entitled to any refund with respect to such claim and the Company does not notify the Executive in writing of its intent to contest such denial of refund prior to the expiration of 30 days after such determination, then any obligation of the Executive to repay such advance shall be forgiven and the amount of such advance shall offset, to the extent thereof, the amount of Gross-Up Payment required to be paid.

7. Confidential Information. The Executive shall hold in a fiduciary capacity for the benefit of the Company all secret or confidential information, knowledge or data relating to the Company or any of its subsidiaries, and their respective businesses, which shall have been obtained by the Executive during the Executive's employment by the Company or any of its subsidiaries and which shall not be or become public knowledge (other than by acts of the Executive or his representatives in violation of this Agreement). After the date of termination of the Executive's employment with the Company, the Executive shall not, without the prior written consent of the Company, communicate or divulge any such information, knowledge or data to anyone other than the Company and those designated by it. In no event shall an asserted violation of the provisions of this Section 7 constitute a basis for deferring or withholding any amounts otherwise payable to the Executive under this Agreement.

8. Successors.

(a) This Agreement is personal to the Executive and without the prior written consent of the Company shall not be assignable by the Executive otherwise than by will or the laws of descent and distribution. This Agreement shall inure to the benefit of and be enforceable by the Executive's legal representatives or successor(s) in interest.

(b) This Agreement shall inure to the benefit of and be binding upon the Company and its successors and assigns.

(c) The Company will require any successor (whether direct or indirect, by purchase, merger, consolidation or otherwise) to all or substantially all of the business and/or assets of the Company to assume expressly and agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform it if no such succession had taken place. As used in this Agreement, "Company" shall mean the Company as hereinbefore defined and any successor to its business and/or assets as aforesaid which assumes and agrees to perform this Agreement by operation of law or otherwise.

9. Miscellaneous.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of New York, without reference to principles of conflict of laws. The captions of this Agreement are not part of the provisions hereof and shall have no force or effect. This Agreement may not be amended or modified otherwise than by a written agreement executed by the parties hereto or their respective successors and legal representatives.

(b) All notices and other communications hereunder shall be in writing and shall be given by hand delivery to

the other party or by registered or certified mail, return receipt requested, postage prepaid, addressed as follows:

08830-0770
Attention: Arthur A.
Dornbusch, II

or to such other address as either party shall have furnished to the other in writing in accordance herewith. Notice and communications shall be effective when actually received by the addressee.

(c) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

(d) The Company may withhold from any amounts payable under this Agreement such Federal, state or local taxes as shall be required to be withheld pursuant to any applicable law or regulation.

(e) The Executive's failure to insist upon strict compliance with any provision hereof shall not be deemed to be a waiver of such provision or any other provision thereof.

(f) This Agreement contains the entire understanding of the Company and the Executive with respect to the subject matter hereof but does not supersede or override the provisions of any stock option, employee benefit or other plan, program, policy or practice in which Executive is a participant or under which the Executive is a beneficiary.
