TRICO BANCSHARES ANNOUNCES QUARTERLY EARNINGS

CHICO, Calif. - (July 24, 2008) - TriCo Bancshares (NASDAQ: TCBK), parent company of Tri Counties Bank, today announced quarterly earnings of \$2,274,000 for the quarter ended June 30, 2008. This represents a 66.3% decrease when compared with earnings of \$6,755,000 for the quarter ended June 30, 2007. Diluted earnings per share for the quarter ended June 30, 2008 decreased 65.8% to \$0.14 from \$0.41 for the quarter ended June 30, 2007. The decrease in earnings from the prior year quarter was primarily due to the Company's decision to increase by \$8,300,000 the provision for loan losses to \$8,800,000 and a \$476,000 increase in the provision for credit losses on unfunded commitments to \$550,000 for the quarter ended June 30, 2008.

Total assets of the Company increased \$93,463,000 (5.0%) to \$1,980,490,000 at June 30, 2008 from \$1,887,027,000 at June 30, 2007. Total loans of the Company increased \$35,696,000 (2.4%) to \$1,543,324,000 at June 30, 2008 from \$1,507,628,000 at June 30, 2007. Total deposits of the Company increased \$174,000 (0.01%) to \$1,511,053,000 at June 30, 2008 from \$1,510,879,000 at June 30, 2007. Diluted earnings per share for the six months ended June 30, 2008 and 2007 were \$0.39 and \$0.80, respectively, on earnings of \$6,322,000 and \$13,199,000, respectively.

Net interest income (FTE) during the second quarter of 2008 increased \$721,000 (3.2%) from the same period in 2007 to \$23,029,000. The increase in net interest income (FTE) was due to a \$120,602,000 (7.1%) increase in average balances of interest-earning assets to \$1,819,222,000 that was partially offset by a 0.19% decrease in net interest margin (FTE) to 5.06% from the second quarter of 2007.

The Company provided \$8,800,000 for loan losses in the second quarter of 2008 versus \$500,000 in the second quarter of 2007. In the second quarter of 2008, the Company recorded \$3,902,000 of net loan charge-offs versus \$396,000 of net loan charge-offs in the second quarter of 2007. During the second quarter of

Edgar Filing: TRICO BANCSHARES / - Form 8-K

2008, the Company re-appraised all of its larger residential development projects. As a result of this effort, the Company charged-off \$1,007,000 on a twenty-eight unit residential condominium project and \$640,000 on a twenty-seven lot residential construction project. In addition, net charge-offs of \$950,000 on home equity lines and loans and \$554,000 on auto indirect loans were taken during the second quarter of 2008. During the second quarter of 2008, the Company also increased its allowance for loan losses by \$4,898,000 from the first quarter of 2008 with such additional reserves allocated primarily to consumer loans, residential real estate and construction lending.

At June 30, 2008, the sum of the Company's allowance for loan losses of \$24,281,000 and the reserve for unfunded commitments of \$3,465,000 represented 187% of non-performing loans net of government agency guarantees. Non-performing loans, defined as non-accruing loans and accruing loans delinquent 90 days or more, net of government guarantees at June 30, 2008 increased \$4,958,000 (50.3%) to \$14,808,000 from \$9,850,000 at March 31, 2008.

Noninterest income for the second quarter of 2008 increased \$251,000 (3.6%) from the second quarter of 2007, mainly due to a \$241,000 increase in value of mortgage servicing rights to a positive \$168,000 from a negative \$73,000 for the second quarter of 2007. Also contributing to this increase in noninterest income was a \$105,000 (2.7%) increase in service charges on deposit accounts to \$3,963,000 and a \$122,000 (11.7%) increase in ATM fees and interchange to \$1,168,000. The increases in service charges on deposit accounts and ATM fees and interchange revenue were primarily due to increased number of customers. The improvement in change in value of mortgage servicing rights was primarily due to a slowdown in refinance activity which extends the estimated life of existing mortgages and enhances the value of the related mortgage servicing rights. The following table summarizes the components of noninterest income for the quarters ended June 30, 2008 and 2007 (dollars in thousands).

	Three months ended June 30,

Noninterest expense for the second quarter of 2008 increased \$401,000 (2.3%) compared to the second quarter of 2007. Salaries and benefits expense increased \$26,000 (0.3%) in the second quarter of 2008 compared to \$9,645,000 in the second quarter of 2007, mainly due to annual salary increases and increased benefit costs that were substantially offset by reduced incentive compensation. Other noninterest expense increased \$375,000 (4.8%) in the second quarter of 2008 primarily due to a \$476,000 increase in provision for credit losses on unfunded commitments. The following table summarizes the components of

As of June 30, 2008, the Company had repurchased 166,600 shares of its common stock under its stock repurchase plan announced on August 21, 2007, which left 333,400 shares available for repurchase under the plan.

Richard Smith, President and Chief Executive Officer commented, "Due to the continued economic uncertainty in California, during the second quarter of 2008 we remained focused upon building our loan loss reserves to position ourselves in managing through this difficult economic cycle. Since the beginning of the year our allowance for losses to total loans has increased from 1.25% to 1.80% at June 30, 2008. Although this has lowered our earnings per share, we believe that operating with higher loan loss reserves combined with our strong capital position best serves the interest of our shareholders and customers in the long term. Our net interest income and noninterest income have remained strong during the second quarter of 2008 and exceeded the levels during the second quarter of 2007. We continue to add new bank customers as we execute our core business strategies."
