AMREP CORPORATION AND SUBSIDIARIES
Notes to Consolidated Financial Statements (Unaudited)
Nine Months Ended January 31, 2007 and 2006

(1) Basis of Presentation

The accompanying unaudited consolidated financial statements included herein have been prepared by AMREP Corporation (the "Registrant" or the "Company") pursuant to the rules and regulations of the Securities and Exchange Commission for interim financial information, and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, the accompanying unaudited consolidated financial statements include all adjustments, which are of a normal recurring nature, necessary to reflect a fair presentation of the results for the interim periods presented. The results of operations for such interim periods are not necessarily a good indication of what may occur in future periods.

The unaudited consolidated financial statements herein should be read in conjunction with the Company's annual report on Form 10-K for the year ended April 30, 2006 that was previously filed with the Securities and Exchange Commission.

(2) Acquisition

On January 16, 2007, the Company, through a newly-created subsidiary ("Newco") of its Kable Media Services, Inc. ("Kable") subsidiary, completed its acquisition (the "Acquisition") of Palm Coast Data Holdco, Inc ("Palm Coast"), a provider of fulfillment services for magazine publishers and others, pursuant to the terms of that certain Agreement and Plan of Merger (the "Agreement") dated as of November 7, 2006. The Agreement provided for the Acquisition to occur by the merger of Newco with and into Palm Coast, with Palm Coast surviving the merger. As a result of the merger, Palm Coast is now a direct wholly-owned subsidiary of Kable.

Edgar Filing: AMREP CORP. - Form 10-Q

The merger consideration totaled approximately \$92,000,000 plus an additional amount for working capital and certain other adjustments preliminarily estimated at \$3,700,000. The acquisition was financed with existing cash and borrowings.

The results of operations of Palm Coast have been included in the consolidated financial statements since the date of acquisition. The following unaudited pro forma consolidated information reflects the results of the Company's operations as if the acquisition had occurred at the beginning of each nine month period. These pro forma results are not necessarily an indication of what may be expected to occur in future periods (in thousands, except per share data):

	For the Nine Months Ended January 31	
	2007	2006
	-----	-----
Revenue	\$ 193,385	\$ 138,380
Net income	\$ 38,578	\$ 15,226
Earnings per share - basic and diluted	\$ 5.80	\$ 2.30

5

The preliminary allocation of the purchase price of Palm Coast to net tangible and identifiable intangible assets is based on their estimated fair values as of January 16, 2007, determined using valuations and other studies that are not yet complete. The excess of the purchase price plus estimated fees and expenses related to the acquisition over the net tangible and identifiable intangible assets is allocated to goodwill. The purchase price (including closing costs and excluding cash acquired) has been preliminarily allocated as follows (in thousands):

Receivables	\$ 10,082
Property, plant and equipment	22,886
Deferred taxes	2,425
Deferred order entry costs	1,636
Customer contracts	14,500
Goodwill	49,470
Accounts payable and accrued expenses	(7,631)
Other assets	2,153

	\$ 95,521

Less allowance for doubtful accounts	(1,501)	(1,535)
	-----	-----
	\$ 53,353	\$ 37,140
	=====	=====

Newsstand Distribution Services accounts receivable are net of estimated magazine returns of \$55,584,000 at January 31, 2007 and \$54,071,000 at April 30, 2006. In addition, pursuant to an arrangement with one publisher customer of the Newsstand Distribution Services business that commenced in April 2006, the publisher bears the ultimate credit risk of non-collection of amounts due from the customers to which the Company distributed the publisher's magazines under this arrangement. Accounts receivable subject to this arrangement were netted (\$33,103,000 was netted at January 31, 2007 and \$20,368,000 at April 30, 2006) against the related accounts payable due the publisher on the accompanying consolidated balance sheets.

(4) Property, Plant and Equipment

Property, plant and equipment, net consist of the following (in thousands):

	January 31, 2007	April 30, 2006
	-----	-----
Land, buildings and improvements	\$ 17,120	\$ 4,397

Less accumulated amortization	(3,788)	(2,399)
	-----	-----
	\$ 35,222	\$ 15,238
	=====	=====

Edgar Filing: AMREP CORP. - Form 10-Q

Software development costs include internal and external costs of the development of new or enhanced software programs and are generally amortized over five years. Deferred order entry costs represent costs incurred in connection with the data entry of customer subscription information to data base files and are charged directly to operations over a 12-month period. Customer contracts and relationships are based on the preliminary allocation of the purchase price of Palm Coast (see Note 2) and are amortized over 12 years.

(6) Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses consist of the following (in thousands):

	January 31, 2007	April 30, 2006
	-----	-----
Publisher payables, net	\$ 57,213	\$ 27,273
Accrued expenses	11,551	4,320
Trade payables	5,061	2,602
Other	121	5,187
	-----	-----
	\$ 73,946	\$ 39,382
	=====	=====

Publisher payables increased from April 30, 2006 to January 31, 2007 as a result of additional magazine purchases by the Company under an arrangement with a publisher customer of the Newsstand Distribution Services business that commenced in April 2006. In addition, pursuant to this arrangement the Company has netted \$33,103,000 and \$20,368,000 of accounts receivable against the related accounts payable at January 31, 2007 and April 30, 2006 (see Note 3).

(7) Notes Payable

	-----	-----
	\$ 46,317	\$ 6,016
	=====	=====

In January 2007, the Company's AMREP Southwest Inc. subsidiary entered into a new loan agreement that replaced a prior loan agreement entered into in September 2006. The new loan agreement (the "ASW Credit Facility") added a \$14,180,000 term loan facility to the unsecured \$25,000,000 revolving credit facility provided in the September 2006 agreement.

The revolving credit facility matures September 17, 2008 and is used to support real estate development in New Mexico. Borrowings bear annual interest at the borrower's option at (i) the prime rate (8.25% at January 31, 2007) less 1.00%, or (ii) LIBOR (5.32% at January 31, 2007) plus 1.65% if borrowings are less than

Edgar Filing: AMREP CORP. - Form 10-Q

\$10,000,000 or plus 1.50% if borrowings are \$10,000,000 or above. At January 31, 2007, the outstanding balance of the revolving credit facility was \$4,500,000 with an interest rate of 6.97%. The term loan bears annual interest at the 30-day LIBOR rate plus 1.75% (7.07% at January 31, 2007), matures December 15, 2008 and is secured by certain of the borrower's notes receivable from real estate sales. The term loan requires prepayment in the amount of collections on the notes receivable and the amount of any that have experienced payment defaults. At January 31, 2007, the outstanding balance of the term loan was \$10,900,500. The ASW Credit Facility contains a number of restrictive covenants, including one that requires the borrower to maintain a minimum tangible net worth.

In connection with the completion of the acquisition of Palm Coast, the Company's Kable subsidiary and certain of its direct and indirect subsidiaries entered into a Second Amended and Restated Loan and Security Agreement with a bank (the "Present Kable Loan Agreement"). Certain of Kable's direct and indirect subsidiaries were previously parties to an Amended and Restated Loan and Security Agreement dated as of April 28, 2005, as amended (the "Prior Kable Loan Agreement"). The Prior Kable Loan Agreement consisted of several revolving credit facilities and capital expenditure lines of credit.

The Present Kable Loan Agreement amended the Prior Kable Loan Agreement and canceled certain of the existing credit facilities, consolidated in part certain of the revolving credit facilities and existing term debt and added Kable, Palm Coast and Palm Coast's subsidiary as additional borrowers. The credit facilities under the Present Kable Loan Agreement consist of: (i) a revolving credit loan and letter of credit facility in an aggregate principal amount of up to \$35,000,000 ("Facility A"), a portion of which was used to fund part of the merger consideration for the acquisition of Palm Coast, and the remainder of which may be used for working capital purposes; (ii) a secured term loan of approximately \$3,000,000 ("Facility B"); (iii) a capital expenditure line of credit in an amount of up to \$1,500,000 to finance new equipment ("Facility C"); and (iv) a second revolving credit loan facility of \$10,000,000 ("Facility D") that may be used exclusively for the payment of accounts payable under a distribution agreement with a customer of Kable's Distribution Services business. The borrowers' obligations under the Present Kable Loan Agreement are secured by substantially all of their assets other than (i) real property and (ii) any borrower's interest in the capital securities of any other borrower or any subsidiary of any borrower.

The Facility A, C and D loans mature in May 2010 and bear annual interest at fluctuating rates that, at the borrowers' option, may be either (i) reserve adjusted LIBOR rates (5.3% at January 31, 2007) plus a margin established quarterly of from 1.5% to 2.5% dependent on the borrowers' funded debt to EBITDA ratio, as defined in the Present Kable Loan Agreement, or (ii) the Lender's prime rate (8.25% at January 31, 2007). The Facility B loan matures December 31, 2009 and bears annual interest at a rate of 6.4%. At January 31, 2007, the outstanding balance under Facility A was \$26,900,000 with an interest rate of 7.30%.

The Present Kable Loan Agreement requires the borrowers to maintain certain financial ratios and contains customary covenants and restrictions, the most significant of which limit the ability of the borrowers to declare or pay

dividends or make other distributions to the Company unless certain conditions are satisfied, and that limit the annual amount of indebtedness the borrowers may incur for capital expenditures and other purposes.

Edgar Filing: AMREP CORP. - Form 10-Q

Other notes payable consist of equipment financing loans and a note payable related to the acquisition of distribution contracts with a weighted average interest rate of 5.7% at January 31, 2007.

(8) Discontinued Operations

Income from operations of discontinued business in the nine month period ended January 31, 2006 reflects the gain from the disposition of the primary assets of the Company's El Dorado, New Mexico water utility subsidiary, which were taken through condemnation proceedings.

(9) Information About the Company's Operations in Different Industry Segments

The following tables set forth summarized data relative to the industry segments for continuing operations in which the Company operated for the three and nine month periods ended January 31, 2007 and 2006.

(10) New and Emerging Accounting Standards

In June 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the Company's financial statements in accordance with FASB Statement No. 109, "Accounting for Income Taxes", and provides guidance for recognizing and measuring tax positions taken or that are expected to be taken in a tax return that directly or indirectly affect amounts reported in the financial statements. FIN 48 also provides accounting guidance for related income tax effects of tax positions that do not meet the recognition threshold specified in this interpretation. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company is currently evaluating the impact that the adoption of this Statement will have on its financial position, results of operation and cash flows.

In September 2006, the FASB issued Statement No. 158 ("SFAS No. 158"), "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans - an amendment of FASB Statement Nos. 87, 88, 106, and 132(R)". SFAS No. 158 requires a company that sponsors a postretirement benefit plan to fully recognize, as an asset or liability, the overfunded or underfunded status of its benefit plan in its balance sheet. The funded status is measured as the difference between the fair value of the plan's assets and its benefit obligation. This provision is effective for public companies for fiscal years ending after December 15, 2006. In addition, SFAS No. 158 also requires a company to measure its plan assets and benefit obligations as of its fiscal year-end balance sheet date. Currently, a company is permitted to choose a

Edgar Filing: AMREP CORP. - Form 10-Q

measurement date up to three months prior to its fiscal year-end to measure plan assets and obligations. This provision is effective for all companies for fiscal years ending after December 15, 2008. The Company does not expect the adoption of this Statement will have a material impact on its financial position, results of operations or cash flows.

In February 2007, the FASB issued Statement No. 159 ("SFAS No. 159"), "The Fair Value Option for Financial Assets and Financial Liabilities - Including an amendment of FASB Statement No. 115", which provides all entities with an option to report selected financial assets and liabilities at fair value. The objective of the SFAS No. 159 is to improve financial reporting by providing entities with the opportunity to mitigate volatility in earnings caused by measuring related assets and liabilities differently without having to apply the complex provisions of hedge accounting. Certain specified items are eligible for the irrevocable fair value measurement option as established by SFAS No. 159. SFAS No. 159 is effective as of the beginning of an entity's first fiscal year beginning after November 15, 2007. Early adoption is permitted as of the beginning of a fiscal year that begins on or before November 15, 2007 provided

10

the entity also elects to apply the provisions of FASB Statement No. 157, "Fair Value Measurements". The Company is currently evaluating the impact that the adoption of this Statement will have on its financial position, results of operation and cash flows.

Item 2. Management's Discussion and Analysis of Financial Condition

and Results of Operations

INTRODUCTION -----

The Company, through its subsidiaries, is primarily engaged in three business segments: the Real Estate business operated by AMREP Southwest Inc. and its subsidiaries (collectively, "AMREP Southwest") and the Fulfillment Services and Newsstand Distribution Services businesses operated by Kable Media Services, Inc. and its subsidiaries (collectively, "Kable" or "Media Services"). The Company's foreign sales and activities are not significant.

The following provides information that management believes is relevant to an assessment and understanding of the Company's consolidated results of operations and financial condition. The discussion should be read in conjunction with the consolidated financial statements and accompanying notes. All references in this Item 2 to the third quarter or first nine months of 2007 and 2006 mean the fiscal three or nine month periods ended January 31, 2007 and January 31, 2006.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES -----

Management's discussion and analysis of financial condition and results of operations is based on the accounting policies used and disclosed in the 2006 consolidated financial statements and accompanying notes that were prepared in accordance with accounting principles generally accepted in the United States of America and included as part of the Company's annual report on Form 10-K for the year ended April 30, 2006 (the "2006 Form 10-K"). The preparation of those consolidated financial statements required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and

Edgar Filing: AMREP CORP. - Form 10-Q

disclosure of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual amounts or results could differ from those estimates.

The significant accounting policies of the Company are described in Note 1 to the 2006 consolidated financial statements, and the critical accounting policies and estimates are described in Management's Discussion and Analysis included in Item 7 in the 2006 Form 10-K. There have been no changes in the critical accounting policies. Information concerning the implementation and the impact of new accounting standards issued by the Financial Accounting Standards Board is included in the notes to the 2006 consolidated financial statements. The Company did not adopt an accounting policy in the first nine months of fiscal 2007 that had a material impact on its financial condition, liquidity or results of operations.

RESULTS OF OPERATIONS

For the third quarter of 2007, net income was \$6,930,000, or \$1.04 per share, compared to net income of \$5,241,000, or \$0.79 per share, in the third quarter of 2006. For the first nine months of 2007, net income was \$38,796,000, or \$5.84 per share, compared to net income of \$15,661,000, or \$2.36 per share, in the same period of 2006. Results for the third quarter and first nine months of 2007 were entirely from continuing operations, as were the results for the third quarter of 2006. The results for the first nine months of 2006 included a net gain from discontinued operations of \$3,556,000, or \$0.53 per share. Revenues were \$42,189,000 and \$156,513,000 in the current year's third quarter and first nine months compared to \$35,589,000 and \$100,450,000 in the same periods last year.

11

Revenues from land sales at the Company's AMREP Southwest subsidiary increased from \$12,621,000 in the third quarter of fiscal 2006 to \$16,563,000 in fiscal 2007's third quarter. For the nine months ended January 31, land sale revenues increased from \$31,680,000 last year to \$80,760,000 this year. The revenue growth in both the three and nine month periods of 2007 was due to higher average selling prices of residential lots, resulting in part from the mix of lots sold, more commercial land sales and, for the nine month period, a greater number of residential lots sold in fiscal 2007 than in 2006. The average gross profit percentage on land sales rose from 48% and 47% in the third quarter and first nine months of 2006 to 59% and 68% for the same periods of 2007, reflecting the higher average selling prices in the first nine months of fiscal 2007 and the mix of residential lots sold in each of the periods. As a result of these factors, the pretax income contribution from AMREP Southwest increased from \$4,906,000 and \$11,960,000 in the three and nine month periods ended January 31, 2006 to \$9,424,000 and \$56,469,000 in the same periods this year. Revenues and related gross profits from land sales can vary significantly from period to period as a result of many factors, including the nature and timing of specific transactions, and prior results are not necessarily a good indication of what may occur in future periods.

Revenues from the Company's Kable Media Services operations (excluding interest) increased from \$22,449,000 in the third quarter of 2006 to \$24,116,000 in the same quarter of the current year. For the nine months ended January 31, revenues increased from \$67,299,000 last year to \$67,855,000 this year. The increase in revenues for both the quarter and the nine-month period was primarily attributable to the January 16, 2007 acquisition of Palm Coast Data Holdco, Inc. ("Palm Coast"). Newsstand Distribution Services revenues increased by \$248,000 (8%) and \$658,000 (7%) for the three and nine-month periods ended January 31,

Edgar Filing: AMREP CORP. - Form 10-Q

2007 compared to the same periods last year, principally from increased distribution volumes of magazines and new business. Fulfillment Services revenues increased by \$1,419,000 (7%) for the third quarter ending January 31, 2007 compared to the same quarter in the prior year as a result of the Palm Coast acquisition discussed above, with Palm Coast's revenues being included in the consolidated financial statements for a 15 day period. For the nine-month period ending January 31, Fulfillment Services revenues decreased \$102,000 for 2007 compared to 2006 as the additional revenues for 15 days associated with the Palm Coast acquisition were offset by the effect this year of previously reported customer losses that occurred in earlier periods. Media Services operating expenses increased by \$1,307,000 (7%) for the third quarter of 2007 and by \$1,150,000 (2%) for the first nine months of 2007 compared to the same periods of the prior year. These increases were primarily attributable to (i) the addition of operating expenses of Palm Coast offset in part by decreased payroll and benefit expenses in other Fulfillment Services business and (ii) an increase in Newsstand Distribution Services operating expenses because of additional costs, principally payroll, associated with the growth of that business.

Interest and other revenues increased by \$991,000 and \$6,427,000 in the three and nine months ended January 31, 2007 compared to the same periods of the prior year, primarily as a result of increased interest income on invested cash balances in the current year as well as from the sale in the first quarter of fiscal 2007 of certain AMREP Southwest non-inventory real estate assets, including the Company's office building in Rio Rancho, New Mexico which in the aggregate contributed a pre-tax gain of \$4,107,000.

Real estate commissions and selling expenses decreased by \$207,000 in the third quarter of 2007 compared to 2006, primarily due to decreases in variable commissions and selling expenses. For the first nine months of 2007, real estate commissions and selling expenses increased by \$129,000 compared to the same period of the prior year, primarily due to costs incurred in relation to increased land sales in the first two quarters. Such costs generally vary depending upon the terms of specific land sale transactions. Real estate and corporate general and administrative expenses increased by \$156,000 and \$504,000 in the third quarter and first nine months of 2007 compared to the same prior year periods due to increased real estate professional and consulting fees and, with respect to the nine month period, an increase in the Company's stock price

12

which was used to value a portion of directors' compensation paid in stock. General and administrative costs of Media Services increased \$547,000 for the third quarter compared to 2006 due primarily to the addition of Palm Coast. These costs decreased \$280,000 for the first nine months of 2007, however, compared with the same prior year period as the increase attributable to Palm Coast was offset by continuing favorable variances in payroll and related benefit costs.

The Company's effective tax rate from continuing operations is estimated to be 37% for the third quarter and first nine months of 2007 compared to 17% and 26% for the same periods in fiscal 2006. The lower effective tax rate in 2006 compared to the current year was primarily due to tax benefits associated with charitable contributions of land by the real estate business in fiscal 2006.

LIQUIDITY AND CAPITAL RESOURCES

During the past several years, the Company has financed its operations from internally generated funds from real estate sales and media services operations,

Edgar Filing: AMREP CORP. - Form 10-Q

and from borrowings under its various lines-of-credit and development loan agreements.

Cash Flows From Financing Activities

In January 2007, the Company's AMREP Southwest Inc. subsidiary entered into a new loan agreement that replaced a prior loan agreement entered into in September 2006. The new loan agreement (the "ASW Credit Facility") added a \$14,180,000 term loan facility to the unsecured \$25,000,000 revolving credit facility provided in the September 2006 agreement.

The revolving credit facility matures September 17, 2008 and is used to support real estate development in New Mexico. Borrowings bear annual interest at the borrower's option at (i) the prime rate (8.25% at January 31, 2007) less 1.00%, or (ii) LIBOR (5.32% at January 31, 2007) plus 1.65% if borrowings are less than \$10,000,000 or plus 1.50% if borrowings are \$10,000,000 or above. At January 31, 2007, the outstanding balance of the revolving credit facility was \$4,500,000 with an interest rate of 6.97%. The term loan bears annual interest at the 30-day LIBOR rate plus 1.75% (7.07% at January 31, 2007), matures December 15, 2008 and is secured by certain of the borrower's notes receivable from real estate sales. The term loan requires prepayment in the amount of collections on the notes receivable and the amount of any that have experienced payment defaults. At January 31, 2007, the outstanding balance of the term loan was \$10,900,500. The ASW Credit Facility contains a number of restrictive covenants, including one that requires the borrower to maintain a minimum tangible net worth.

In connection with the completion of the acquisition of Palm Coast, the Company's Kable subsidiary and certain of its direct and indirect subsidiaries entered into a Second Amended and Restated Loan and Security Agreement with a bank (the "Present Kable Loan Agreement"). Certain of Kable's direct and indirect subsidiaries were previously parties to an Amended and Restated Loan and Security Agreement dated as of April 28, 2005, as amended (the "Prior Kable Loan Agreement"). The Prior Kable Loan Agreement consisted of several revolving credit facilities and capital expenditure lines of credit.

The Present Kable Loan Agreement amended the Prior Kable Loan Agreement and canceled certain of the existing credit facilities, consolidated in part certain of the revolving credit facilities and existing term debt and added Kable, Palm Coast and Palm Coast's subsidiary as additional borrowers. The credit facilities under the Present Kable Loan Agreement consist of: (i) a revolving credit loan and letter of credit facility in an aggregate principal amount of up to \$35,000,000 ("Facility A"), a portion of which was used to fund part of the merger consideration for the acquisition of Palm Coast, and the remainder of which may be used for working capital purposes; (ii) a secured term loan of approximately \$3,000,000 ("Facility B"); (iii) a capital expenditure line of

credit in an amount of up to \$1,500,000 to finance new equipment ("Facility C"); and (iv) a second revolving credit loan facility of \$10,000,000 ("Facility D") that may be used exclusively for the payment of accounts payable under a distribution agreement with a customer of Kable's Distribution Services business. The borrowers' obligations under the Present Kable Loan Agreement are secured by substantially all of their assets other than (i) real property and (ii) any borrower's interest in the capital securities of any other borrower or any subsidiary of any borrower.

The Facility A, C and D loans mature in May 2010 and bear annual interest at

Edgar Filing: AMREP CORP. - Form 10-Q

fluctuating rates that, at the borrowers' option, may be either (i) reserve adjusted LIBOR rates (5.3% at January 31, 2007) plus a margin established quarterly of from 1.5% to 2.5% dependent on the borrowers' funded debt to EBITDA ratio, as defined in the Present Kable Loan Agreement, or (ii) the Lender's prime rate (8.25% at January 31, 2007). The Facility B loan matures December 31, 2009 and bears annual interest at a rate of 6.4%. At January 31, 2007, the outstanding balance under Facility A was \$26,900,000 with an interest rate of 7.30%.

The Present Kable Loan Agreement requires the borrowers to maintain certain financial ratios and contains customary covenants and restrictions, the most significant of which limit the ability of the borrowers to declare or pay dividends or make other distributions to the Company unless certain conditions are satisfied, and that limit the annual amount of indebtedness the borrowers may incur for capital expenditures and other purposes.

On July 14, 2006, the Board of Directors declared a special cash dividend of \$0.85 per common share payable on August 16, 2006 to shareholders of record at the close of business on July 31, 2006. Previously, the Board had declared special dividends of \$0.55, \$0.40 and \$0.25 per share following the close of AMREP's fiscal years ending April 30, 2005, 2004 and 2003, and had declared an additional special dividend of \$3.50 per share in December 2005. The Board has stated it may consider special dividends from time-to-time in the future in light of conditions then existing, including earnings, financial condition, cash position, and capital requirements and other needs. Notwithstanding such statement and the status of such future conditions, no assurance is given that there will be any such future dividends declared or that future dividend declarations, if any, will be similar in amount or frequency with past dividends.

Cash Flows From Operating Activities

Real estate inventory was \$40,148,000 at January 31, 2007 compared to \$47,533,000 at April 30, 2006. Inventory in the Company's core real estate market of Rio Rancho was \$33,408,000 at January 31, 2007 and \$40,981,000 at April 30, 2006. The balance of inventory consisted of properties in Colorado.

Real estate receivables increased from \$14,592,000 at April 30, 2006 to \$22,480,000 at January 31, 2007 resulting from the net effect of mortgage notes received by AMREP Southwest in connection with real estate sales that closed during the first nine months of 2007 offset in part by payments received on mortgage notes held by AMREP Southwest. Receivables from Media Services operations increased from \$37,140,000 at April 30, 2006 to \$53,353,000 at January 31, 2007, primarily due to (i) the timing of quarter-end billings and cash collections and (ii) the addition of Palm Coast.

Accounts payable and accrued expenses increased from \$39,382,000 at April 30, 2006 to \$73,946,000 at January 31, 2007, primarily as a result of an increase in the amounts due publishers under the distribution arrangement referred to above with a new publisher customer of the Newsstand Distribution Services business that commenced in April 2006 and, to a lesser extent, the addition of Palm Coast. Under this new distribution arrangement, the publisher bears the ultimate credit risk of non-collection of related amounts due from the customers to which the Company distributes the publisher's magazines. Accounts receivable subject

to this arrangement were netted (\$33,103,000 was netted at January 31, 2007 and \$20,368,000 at April 30, 2006) against the related accounts payable due the

Edgar Filing: AMREP CORP. - Form 10-Q

publisher on the accompanying consolidated balance sheets.

Deferred revenue relates to consideration received on certain real estate land sales which are accounted for under the percentage of completion method and which will be recognized as revenue as the Company completes land development work for which it remains obligated.

Cash Flows From Investing Activities

On January 16, 2007, the Company, through a newly-created subsidiary of Kable, acquired Palm Coast. The merger consideration totaled approximately \$92,000,000 plus an additional amount for working capital and certain other adjustments estimated at \$3,700,000. The acquisition was financed with existing cash and borrowings.

Capital expenditures amounted to \$3,910,000 and \$3,765,000 in the first nine months of 2007 and 2006 and were primarily for the acquisition of real estate investment property and computer hardware and software development expenditures related to Kable's Fulfillment Services business. The Company believes that it has adequate cash and financing capability to provide for its anticipated future capital expenditures.

The Company is obligated to make future payments under various contracts, including its debt agreements and lease agreements, and it is subject to certain other commitments and contingencies. The table below summarizes significant contractual cash obligations as of January 31, 2007 for the items indicated (in thousands):

Contractual Obligations	Total	Less than 1 year	1 - 3 years	3 - 5 years	More than 5 years
Notes payable	\$ 46,317	\$ 4,438	\$ 14,979	\$ 26,900	\$ -
Operating leases	26,422	5,743	7,762	5,327	7,590
Total	\$ 72,739	\$ 10,181	\$ 22,741	\$ 32,227	\$ 7,590

Statement of Forward-Looking Information

Certain information included herein and in other Company statements, reports and filings with the Securities and Exchange Commission is forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. Refer to Item 7 of the 2006 Form 10-K for a discussion of the assumptions and factors on which these statements are based. Any changes in the actual outcome of these assumptions and factors could produce significantly different results; accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty. AMREP Corporation disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Edgar Filing: AMREP CORP. - Form 10-Q

The Company has several credit facilities that require the Company to pay interest at a rate that may change periodically. These variable rate obligations expose the Company to the risk of increased interest expense in the event of increases in short-term interest rates. At January 31, 2007, \$42,301,000 of consolidated borrowings was subject to variable interest rates.

15

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the Company's chief financial officer and the other executive officers whose certifications accompany this quarterly report, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report. As a result of such evaluation, the chief financial officer and such other executive officers have concluded that such disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports the Company files or submits under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and (ii) accumulated and communicated to the Company's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate, to allow timely decisions regarding disclosure. The Company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Changes in Internal Control over Financial Reporting

No change in the Company's system of internal control over financial reporting occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1A. Risk Factors

As described below, a recent acquisition by the Company may involve a further risk to its business.

IF THE RECENTLY ACQUIRED PALM COAST DATA BUSINESS IS NOT EFFICIENTLY INTEGRATED WITH KABLE'S EXISTING FULFILLMENT BUSINESS, THE COMPANY MAY NOT REALIZE THE EXPECTED BENEFITS OF THE ACQUISITION; AND THE RESOURCES AND ATTENTION REQUIRED FOR SUCCESSFUL INTEGRATION MAY INTERRUPT THE BUSINESS ACTIVITIES OF PALM COAST DATA AND THE COMPANY'S EXISTING BUSINESS.

On January 16, 2007, the Company, through Kable, acquired Palm Coast Data Holdco, Inc., which, through its subsidiary is a leading United States provider of fulfillment services to the magazine publishing industry. There is a significant degree of difficulty and management involved in the process of integrating Palm Coast Data's business with the Company's existing media

Edgar Filing: AMREP CORP. - Form 10-Q

services business, while maintaining the ongoing operations of each business, coordinating geographically separate organizations and developing new customers and products. Successful integration will also depend, in part, on retaining key officers and other personnel in each of the business units. The integration process will require significant expansion of the Company's operational and financial systems, which will increase the operating complexity of the Company's information technology systems. Implementation of controls, systems and procedures may be costly and time-consuming and may not be effective.
