Stage Stores, Inc. Nonqualified Deferred Compensation Plan
Houston, Texas

We have audited the accompanying statements of financial condition of the Stage Stores, Inc. Nonqualified Deferred Compensation Plan (the "Plan") as of December 31, 2014 and 2013, and the related statements of income and changes in plan equity for each of the three years in the period ended December 31, 2014. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial condition of the Plan at December 31, 2014 and 2013, and the income and changes in plan equity for each of the three years in the period ended December 31, 2014, in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of these financial statements.

Stage Stores, Inc. Nonqualified Deferred Compensation Plan
Notes to Financial Statements

1. Plan Description

The following brief description of the Stage Stores, Inc. Nonqualified Deferred Compensation Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was established on January 1, 2002 by Stage Stores, Inc. ("Company") for the purpose of attracting and retaining highly qualified individuals for the successful conduct of the Company's business by helping to provide for the retirement of the Company's key employees selected to participate in the Plan.

Administration of the Plan

Since April 1, 2013, Fidelity Management Trust Company ("Plan Administrator") has administered all mutual funds and the Company Stock Investment Option, executed all investment transactions, served as the Plan's trustee and held the Plan assets. From July 1, 2010 until April 1, 2013, Wilmington Trust Retirement and Institutional Services Company administered all mutual funds, executed all investment transactions and held the Plan assets; UBS Financial Services, Inc. administered the Company Stock Investment Option; and Pen Cal Administrators, Inc. served as the Plan's recordkeeper.

Eligibility and Vesting

The Plan covers key employees ("Participants"), the selection of which remains at the sole discretion of the Plan Administrative Committee ("Committee") of the Company, as defined in the Plan document. Participation is voluntary and Participants can elect to contribute up to fifty percent (50%) of the Participant's compensation and up to one hundred percent (100%) of the Participant's bonus. Employer matching contributions are determined by the Committee. The Participant and employer matching contributions are vested 100% in the Plan at all times.

Participant Accounts

The Company maintains a Participant Account ("Account") for each Participant deferring compensation to the Plan. The Account is adjusted for the Participant deferral/contribution, employer match, investment gains or losses and payments or distributions attributable to that Account.

Effective June 5, 2008, the Company amended the Plan to include a stock investment option wherein Participants can elect to invest a portion of their deferrals in the Company's common stock ("Company Stock Investment Option"). Effective April 1, 2013, the Company amended and restated the Plan and the terms and conditions of the Company Stock Investment Option to provide that Participant contributions and employer matching contributions designated toward the purchase of Company stock are applied to the purchase of Company stock in the open market in "real time" as those contributions are received rather than on the last trading day of the calendar month. These shares are held in a grantor trust. Once Company stock is credited to the Participant's Account, it may not be transferred or liquidated by the Participant. Company stock will remain in the Account until such date as the Participant is no longer an employee of the Company and for a period of six months thereafter. The stock is then transferred to the Participant's personal brokerage account, as designated at that time by the Participant. Investments in Company stock cannot be settled in cash. The number of shares of common stock credited to a Participant's Account shall be adjusted, as appropriate, to reflect any stock split, any dividends or deemed dividends, any recapitalization of the Company, or any reorganization of the Company. Shares of common stock will be issued in the name of the Plan. During the period the common stock is held by the Plan, Participants will not have the right to vote those shares of common stock and Participants will not have any other incidents of ownership or rights as a shareholder with respect to those shares of common stock.

Payment of Benefits

On termination of service, a participant may generally elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 2 to 5 year period.

Plan Termination

The Company retains the unilateral power to amend or terminate the Plan at any time. No such amendment or termination shall adversely affect any Participant or their beneficiaries with respect to their right to receive the value of their vested Accounts, determined as of the later of the date that the Plan amendment or termination is adopted or by its terms to be effective, without the consent of affected Participants or their beneficiaries.

2. Significant Accounting Policies

Basis of Accounting. The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments include publicly traded mutual funds and shares of Company stock both of which are valued based on quoted market prices on the last business day of the Plan year. The change in market value of the investments is reflected in the Statements of Income and Changes in Plan Equity as appreciation /depreciation in the fair market value of investments. Refer to Note 4 for further details related to the Plan's fair value valuation methods. Realized gains and losses on investments are calculated using average cost. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Distributions. Distributions to participants are recorded when paid.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Committee to make estimates and assumptions that affect the reported amounts of assets and changes therein, and disclosure of contingent assets at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties. Investment securities, in general, are exposed to various risks, such as interest rate, liquidity risk, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such a change could materially affect the amount reported in the Statements of Financial Condition.

3. Investments

The fair values of individual investments that represent 5% or greater of the Plan's net assets are as follows:

	December 31,	
	2014	2013
Fidelity Adv New Insights Z ^(a)	\$1,967,501	\$2,555,750
Stage Stores, Inc. common stock ^(a)	1,157,519	1,371,650

4. Fair Value Measurements

In accordance with Accounting Standards Codification ("ASC") No. 820, Fair Value Measurements and Disclosures, the Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities which are required to be recorded at fair value, the Plan considers the principal or most advantageous market in which the Plan would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as inherent risk, transfer restrictions and credit risk. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Common Stocks. Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan applies the following fair value hierarchy, which prioritizes the inputs used to measure fair value into three levels, and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 - Inputs that are generally unobservable and typically reflect the Plan Administrator's estimates of assumptions that market participants would use in pricing the asset or liability.

Using the market approach, the following table presents the Plan's assets measured at fair value on a recurring basis:

	December 31, 2014			
	Balance	Quoted Prices in Active Markets for Identical Instruments (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets				
Mutual funds:				
Domestic equities	\$7,833,615	\$7,833,615	\$—	\$—
International equities	1,968,064	1,968,064	—	—
Bond	1,993,414	1,993,414	—	—
Balanced	1,118,917	1,118,917	—	—
Target date	355,337	355,337	—	—
Stage Stores, Inc. common stock	1,157,519	1,157,519	—	—
	\$14,426,866	\$14,426,866	\$—	\$—

	December 31, 2013			
	Balance	Quoted Prices in Active Markets for Identical Instruments (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets				
Mutual funds:				
Domestic equities	\$9,340,620	\$9,340,620	\$—	\$—
International equities	3,002,929	3,002,929	—	—
Bond	1,537,628	1,537,628	—	—
Balanced	1,304,671	1,304,671	—	—
Target date	188,428	188,428	—	—
Stage Stores, Inc. common stock	1,371,650	1,371,650	—	—
	\$16,745,926	\$16,745,926	\$—	\$—

For the years ended December 31, 2014 and 2013, there were no transfers between levels.

5. Administrative Expenses

All administrative expenses of the Plan are paid by the Company.

6. Income Tax Status

The Plan, being operated as a nonqualified deferred compensation plan, is not subject to Federal income tax. A nonqualified deferred compensation arrangement effectively defers compensation for individual Participants.

7. Exempt Party-in-Interest Transactions

At December 31, 2014 and 2013, the plan held \$1,157,519 and \$1,371,650, respectively, of common stock of the Company, the sponsoring employer, with a cost basis of \$943,310 and \$958,112, respectively. During the year ended December 31, 2014, 2013 and 2012 the Plan recorded dividend income of \$31,397, \$27,537 and \$24,433, respectively, on investments held in the Company's stock. In addition, certain mutual fund investments of the Plan are managed by Fidelity Management Trust Company, the Plan Administrator.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Plan Administrative Committee has duly caused this annual report to be signed on its behalf by the undersigned hereunto duly authorized.
